NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

NOTE 1 - Basis of Presentation

Basis of Presentation

The accompanying condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary in order to make the financial statements not misleading have been included. Results for the three months ended March 31, 2002 are not necessarily indicative of the results that may be expected for the year ending December 31, 2002. For further information, refer to the financial statements and footnotes thereto included in the International Wireless, Inc. ("the Company") annual report on Form 10-KSB for the year ended December 31, 2001.

NOTE 2 - Description of Business, Going Concern Uncertainty and Management's
Plans

The Company and Nature of Business

International Wireless, Inc. (the "Company") was incorporated on September 27, 2000 in the State of Delaware. The Company intends to acquire software companies involved in wireless technology. During the period September 27, 2000 (Incorporation) through December 31, 2000 the Company did not have any activity. Since January 2001, the Company's efforts have been devoted to raising capital and seeking out companies to acquire. Accordingly, through the date of these financial statements, the Company is considered to be in the development stage and the accompanying financial statements represent those of a development stage enterprise.

Reverse Merger

On December 27, 2001, Origin Investment Group, Inc. ("Origin") acquired all of the Company's outstanding common stock by the issuance of 9,495,014 shares of \$.009 par value common stock (the "Merger"). Simultaneously, Origin changed its name to International Wireless, Inc. and effected a

Edgar Filing: INTERNATIONAL WIRELESS INC - Form 10QSB

one-for-nine reverse stock split, which reduced Origin's outstanding shares of common stock from 10,985,565 to 1,220,890. In connection with the Merger, the Company became a wholly owned subsidiary of Origin and the Company's officers and directors replaced Origin's officers and directors. Prior to the Merger, Origin was a non-operating "shell" corporation. Pursuant to Securities and Exchange Commission rules, the Merger of a private operating company (International Wireless, Inc.) into a non-operating public shell corporation with nominal net assets (Origin) is considered a capital transaction. Accordingly, for accounting purposes, the Merger has been treated as an acquisition of Origin by the Company and a recapitalization of the Company. The historical financial statements prior to December 27, 2001 are those of the Company.
