**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 21, 2004**

GENERAL INFORMATION

This Proxy Statement is being furnished in connection with the solicitation of proxies on behalf of the Board of Directors (the "Board") of Safety Insurance Group, Inc. (the "Company") for the 2004 Annual Meeting of Stockholders to be held on May 21, 2004 at 10:00 a.m. at the Company's headquarters located at 20 Custom House Street, Boston, Massachusetts 02110 (the "2004 Annual Meeting").

The record date for determining stockholders entitled to vote at the 2004 Annual Meeting has been fixed at the close of business on April 5, 2004 (the "Record Date"). As of the Record Date, 15,334,690 shares of the Company's common stock, par value \$0.01 per share (the "Common Stock"), were outstanding and entitled to be voted. Every stockholder will be entitled to one vote for each share of Common Stock recorded in his or her name on the Company's books as of the Record Date. The Company mailed this Proxy Statement and the related form of proxy (the "Proxy") on or about April 14, 2004.

The shares of Common Stock represented by the enclosed Proxy will be voted as directed by the stockholder or, in the absence of such direction, in favor of the election of the nominees for director designated herein. The enclosed Proxy confers discretionary authority with respect to any other proposals that may properly be brought before the 2004 Annual Meeting. As of the date hereof, management is not aware of any other matters to be presented for action at the 2004 Annual Meeting. If any other matters properly come before the 2004 Annual Meeting, however, the Proxies solicited hereby will be voted in accordance with the recommendation of the Board.

So long as a quorum (a majority of issued and outstanding shares of Common Stock entitled to vote at the 2004 Annual Meeting) is present at the 2004 Annual Meeting either in person or by proxy, a plurality of the votes properly cast is required to elect the directors. Votes withheld from a director nominee, abstentions and broker non-votes (when a registered broker holding a customer's shares in the name of the broker has not received voting instructions on a matter from the customer and is barred from exercising discretionary authority to vote on the matter, which the broker indicates on the Proxy Card) will be treated as present at the 2004 Annual Meeting for the purpose of determining a quorum but will not be counted as votes cast.

Any stockholder giving a Proxy may revoke it at any time before it is exercised by delivering written notice thereof to the Secretary. Any stockholder attending the 2004 Annual Meeting may vote in person whether or not the stockholder has previously filed a Proxy. Presence at the 2004 Annual Meeting by a stockholder who has signed a Proxy, however, does not in itself revoke the Proxy.

The enclosed Proxy is being solicited by the Board. The cost of soliciting Proxies will be borne by the Company, and will consist primarily of preparing and mailing the Proxies and Proxy Statements. The Company will also request persons, firms and corporations holding shares of Common Stock in their names, or in the names of their nominees, which shares are beneficially owned by others, to send this Proxy material to and obtain Proxies from such beneficial owners and will reimburse such holders for their reasonable expenses in so doing.

The Company's Annual Report to Stockholders for the fiscal year ended December 31, 2003, including financial statements and the report of the Company's independent accountants PricewaterhouseCoopers LLP thereon, accompanies this Proxy Statement. The Annual Report to Stockholders is neither a part of this Proxy Statement nor incorporated herein by reference.

The Audit, Compensation and Nominating and Governance Committees are solely comprised of these three independent directors.

The Audit Committee is comprised of Peter J. Manning (Chairman), Bruce R. Berkowitz and David K. McKown (the "Audit Committee"). The Board has determined that Peter J. Manning is an Audit Committee financial expert, as established by the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC"). The Investment Committee reviews and evaluates, as may be appropriate, information relating to the Company's invested assets, its investment policies, strategies, objectives and activities.

Board Compensation

Edgar Filing: SAFETY INSURANCE GROUP INC - Form DEF 14A

The Company's Bylaws provide that at the discretion of the Board, the directors may be paid their expenses, if any, at each meeting of the Board and may be paid a fixed sum for attendance at each meeting of the Board or a stated salary as a director. Since the Company completed its initial public offering of Common Stock on November 27, 2002 ("IPO"), directors who are employees of the Company will not receive any compensation for serving as directors and those directors who are not employees of the Company will receive an annual retainer of \$20,000 per year and the Chairman of the Audit Committee will receive an additional \$10,000 per year, paid in quarterly installments. In addition, in consideration for serving as a director, Mr. Manning and Mr. McKown received a grant of options to purchase 10,000 shares of Common Stock.

Nominating and Governance Committee Policies

Pursuant to the Charter of the Nominating and Governance Committee, adopted by the Board in March of 2004, the Nominating and Governance Committee has developed the following policies and procedures relating to the nomination process for directors of the Company and the means by which stockholders may communicate with the Board:

Stockholder Recommendations for Director-Nominees

The Nominating and Governance Committee will consider recommendations from stockholders as to candidates to be nominated for election to the Board. A stockholder wishing to submit such a recommendation should send a letter to the Secretary of the Company at Safety Insurance Group, Inc., 20 Custom House Street, Boston, Massachusetts 02110, who will forward such recommendations to the Chairman of the Nominating and Governance Committee. Recommendations must be in writing and should include the candidate's name and qualifications for Board membership. This policy is not intended to replace the provisions in the Company's Bylaws related to stockholder nominations for director, but rather addresses the Nominating and Governance Committee's position on recommendations from stockholders for potential director-nominees. Stockholders wishing to nominate persons for director must comply with Company's Bylaws and any applicable rules of the SEC.

4

Director Nominee Evaluation Process

The Nominating and Governance Committee intends to utilize a variety of methods for identifying and evaluating nominees for director. The Nominating and Governance Committee will regularly assess the appropriate size of the Board, and whether any vacancies are expected due to retirement or otherwise. In the event that vacancies arise, the Nominating and Governance Committee will consider various potential candidates for director. Candidates may come to the attention of the Nominating and Governance Committee through current Board members, professional search firms, stockholders or other persons. In evaluating candidates, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board.

Stockholder Communications to the Board

Stockholders may communicate directly with any member of the Board or the entire Board by sending correspondence to the Office of Investor Relations, Safety Insurance Group, Inc., 20 Custom House Street, Boston Massachusetts 02110, or emailing InvestorRelations@SafetyInsurance.com. Any such correspondence must contain a clear notation indicating that it is a "Stockholder-Director Communication," and must indicate whether the intended recipients are all members of the Board or certain specified individual directors. The Office of Investor Relations will make copies of all such correspondence and circulate them to the appropriate director or directors.

Director Attendance at Annual Meetings

Directors are encouraged but not required to attend the Company's Annual Meetings. One director attended last year's Annual Meeting.

Minimum Qualifications for Directors

In addition to the preceding policies and procedures adopted by the Nominating and Governance Committee at the direction of the Board, the Board and Nominating and Governance Committee continue to evaluate their position on establishing minimum qualifications for directors. The Board seeks members with diverse business and professional backgrounds and outstanding integrity, judgment and such other skills and experiences as will enhance the Board's ability to best serve the interest of the Company. The Board has not approved any criteria for nominees for director and believes that establishing such criteria is best left to an evaluation of the needs of the Company at the time the nomination is to be considered. Similarly, the Nominating and Governance Committee has not identified specific, minimum qualifications for director nominees or any specific qualities or skills that it believes are necessary for one or more of the Company's directors to possess.

REPORT OF THE AUDIT COMMITTEE

The primary purpose of the Audit Committee is to assist the Board in its general oversight of the Company's financial reporting process, and is more fully described in its charter which the Board and the Audit Committee have adopted and is included as Appendix A to this Proxy Statement.

Each member of the Audit Committee satisfies the definition of an "independent director" as established by Rule 4200 of the Marketplace Rules promulgated by the National Association of Securities Dealers, Inc.

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors, PricewaterhouseCoopers LLP, are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an opinion thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with the audit of the Company's consolidated financial statements for the year ended December 31, 2003, the Audit Committee has:

reviewed and discussed the audited consolidated financial statements with management;

discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended; and

received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as amended, and has discussed with the independent auditors their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 and be filed with the SEC.

REPORT OF THE COMPENSATION COMMITTEE

The primary purpose of the Compensation Committee is to establish and review the Company's compensation practices and policies, make recommendations concerning salaries and incentive compensation for the Company's employees and administer the Company's stock plans, and is more fully described in its charter which the Board and the Compensation Committee have adopted and is included as Appendix B to this Proxy Statement.

Each member of the Compensation Committee satisfies the definition of an "independent director" as established by Rule 4200 of the Marketplace Rules promulgated by the National Association of Securities Dealers, Inc.

The Company's compensation program objective is to attract and retain individuals key to the future success of the Company, to motivate and reward employees in achieving the Company's business goals and to align the long-term interests of employees with those of stockholders.

Edgar Filing: SAFETY INSURANCE GROUP INC - Form DEF 14A

The principal components of the Company's compensation program are base salary, performance-based annual incentive compensation and long-term incentive compensation. Annual base salaries of the Company's CEO and four most highly compensated executive officers (the "Named Executive Officers") and other key executives are set at levels considered to be competitive with amounts paid to executive officers with comparable qualifications, experience and responsibilities at competing companies, based on published surveys, proxy and other information. The 2003 base salaries for the Named Executive Officers, including the Company's CEO, increased approximately 4.0% from their 2002 base salaries. The Company maintains an annual executive incentive compensation plan providing bonuses to key employees who contribute materially to the success of the Company. During 2003, annual incentive compensation under this plan was tied to the achievement of significant individual performance goals. Long-term incentive compensation is provided under the Company's 2002 Management Omnibus Incentive Plan (the "Incentive Plan"), which provides for a variety of stock-based compensation awards including nonqualified stock options, incentive stock options, stock appreciation rights ("SARs") and restricted stock awards intended to attract, retain and motivate selected officers, key employees, directors and consultants to provide superior performance over a longer period of time as well as encourage stock ownership of the Company. A factor considered in determining the grant of awards under the Incentive Plan is the contribution of each employee to the long-term performance of the Company.

In approving the 2003 compensation package for the Company's CEO, Mr. Brussard, the Compensation Committee compared Mr. Brussard's compensation against the comparative base salaries, annual and long-term incentives and other compensation of chief executives of a peer group of property and casualty insurance companies of similar size. This review also included, but was not limited to, an assessment of the performance of the Company and its subsidiaries in terms of profitability and growth, an evaluation of its capital position and the implementation of significant cost controls and other initiatives. Mr. Brussard's base salary and potential for incentive compensation as a percentage of base salary were within the median market range. To further align Mr. Brussard's interests with those of the Company's stockholders, and as an incentive for future performance goals, the Compensation Committee approved the grant of 124,525 stock options to Mr. Brussard on March 31, 2003 pursuant to the Incentive Plan.

The Compensation Committee will continue during 2004 to carefully consider employee compensation, and the components thereof, in relation to the Company's performance compared to that of industry performance levels for comparable companies and the performance history of the Company itself.

12

Executive Incentive Compensation Plan

The Company established its Executive Incentive Compensation Plan so that it and related companies may provide executive and management employees selected by the Board, including the Named Executive Officers, with an opportunity to build additional financial security, thereby attracting and retaining key employees. All of the Named Executive Officers are eligible for this plan. Under this plan, an annual allocation amount is made to a bonus pool as of the last day of each calendar year, beginning with calendar year 2002 and ending with the calendar year before the calendar year in which a change of control occurs. The annual allocation amount for each year is based on a percentage of the combined statutory net income of the Insurance Subsidiaries.

At the end of each calendar year, the Board reviews the performance of eligible individuals, and in its sole discretion, allocates the entire amount in the bonus pool among such eligible individuals. The portion of the bonus pool allocated to an eligible individual is credited to an account established for the individual. Amounts credited to individual accounts do not accrue interest or earn income of any kind. The balance of an individual's account is distributed in a lump sum as soon as practicable after the first day on which the individual is no longer employed by the Company or any related company, regardless of the reason for termination of employment. The plan may be amended or terminated by the Board at any time, provided that no amendment or termination may materially adversely affect the rights of any participant with respect to the calendar years ended prior to the date on which such amendment or termination is adopted by the Board.

The Named Executive Officers earned the second annual bonus in 2003 under the Executive Incentive Compensation Plan in an aggregate amount of \$447,832, consisting of Messrs. Brussard, Begley, Crimmins, Loranger and Patrick who earned \$203,807, \$47,108, \$53,346, \$74,706 and \$68,865, respectively.

On August 21, 2003, our Board approved an amendment to the Executive Incentive Compensation Plan to provide a deferred compensation benefit with a supplemental matching provision that mirrors the Company's current 401(k) retirement plan. In accordance with this amendment, the Company made a matching contribution in an amount equal to 75% of the first 8% the Named Executive Officer contributed over such Named Executive Officer's applicable 401(k) limit during 2003. As such, the Company paid employer matching contributions for 2003 to the Company's Executive Incentive Compensation Plan on behalf of three of the Named Executive Officers (Mr. Brussard \$21,500, Mr. Loranger \$4,606 and Mr. Patrick \$3,935).

2002 Management Omnibus Incentive Plan

Edgar Filing: SAFETY INSURANCE GROUP INC - Form DEF 14A

Our Board has adopted the Incentive Plan to attract, retain and motivate selected officers, key employees, directors and consultants of the Company through the granting of stock-based compensation awards. The Incentive Plan provides for a variety of awards, including nonqualified stock options, incentive stock options (within the meaning of Section 422 of the Internal Revenue Code), SARs and restricted stock awards. The maximum number of shares of Common Stock with respect to which awards may be granted under the Incentive Plan is 1,250,000 after adjustment for the stock dividend declared in connection with the IPO. This share limitation and the per-share price of such shares are subject to adjustment to reflect stock splits, stock dividends and changes in the Company's capital structure. Shares of stock covered by an award under the Incentive Plan that are forfeited will again be available for issuance in connection with future grants of awards under the plan.

The Compensation Committee of the Board will have broad authority to administer the Incentive Plan, including the authority to select plan participants, determine when awards will be made, determine the type and amount of awards, determine the exercise price of options and SARs, determine any limitations, restrictions or conditions applicable to each award, determine the terms of any instrument that evidences an award, determine the manner in which awards may be exercised and

13

interpret the Incentive Plan's provisions. Awards under the Incentive Plan are generally granted for a ten-year term, but may terminate earlier if the participant's employment terminates before the end of such term. The exercise price for each option granted under the Incentive Plan will be the fair market value of a share of Common Stock on the date of grant. The exercise price of options granted under the Incentive Plan may be paid (i) in cash, (ii) by delivery of previously-acquired shares of Common Stock, (iii) by any combination of (i) and (ii), (iv) pursuant to a cashless exercise program through an independent broker (as permitted by applicable law), or (v) by any other means the committee approves, in its discretion.

If, while any award granted under the Incentive Plan remains outstanding, a change of control of the Company occurs, then all stock options and SARs outstanding at the time of the change of control will become exercisable in full immediately prior to the change of control and all restrictions with respect to restricted stock awards settled by a payment in cash or shares (at the Compensation Committee's discretion) to each holder.

The Incentive Plan may be suspended, amended or terminated at any time by the Board, including amending any form of award agreement or instrument to be executed pursuant to the Incentive Plan. However, no amendment or termination of the Incentive Plan may, without the affected individual's consent, alter or impair any rights or obligations under any award previously granted under the Incentive Plan.

The Compensation Committee administers the stock plans and determines the terms of awards granted, including the exercise price, the number of shares subject to individual awards and the vesting period of awards. In the case of options intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Internal Revenue Code granted under the Incentive Plan, the Compensation Committee will consist of two or more "outside directors" within the meaning of Section 162(m). In addition, before such performance-based compensation is paid, the material terms of the Company's stock plans will be presented to and approved by a majority vote of the Company's stockholders.

On February 20, 2003, the Compensation Committee approved the grant of options to purchase 99,000 shares of Common Stock at the \$13.30 per share closing price of the stock on the grant date to a 49 member group of the Company's employees. These grants were effective on the February 20, 2003 grant date, have a ten year term and vest in five equal annual installments beginning on the first anniversary date of these grants.

On March 12, 2003, the Compensation Committee approved the grant of options to purchase 292,000 shares of Common Stock at the \$13.03 per share closing price of the stock on the grant date to each of the Company's seven member executive management team, comprised of the five Named Executive Officers, Robert J. Kerton and David E. Krupa (the "Management Team"). These option grants were made to each of the Named Executive Officers, to purchase the following number of shares of Common Stock: of 124,525 to Mr. Brussard, 30,450 to Mr. Begley, 41,860 to Mr. Crimmins, 58,175 to Mr. Loranger and 30,450 to Mr. Patrick. These grants were effective on the March 31, 2003 grant date, have a ten year term and vest in three annual installments of 30%, 30% and 40% beginning on the first anniversary date of these grants.

On August 21, 2003, the Compensation Committee approved the grant of options to purchase 10,000 shares of Common Stock at the \$15.89 per share closing price of the stock on the grant date to one of the Company's directors. This grant was effective on August 21, 2003, has a ten year term and vests in five equal annual installments beginning on the first anniversary date of this grant.

- (1) This information pertains to grants made under our 2002 Management Omnibus Incentive Plan. This plan was approved by our security holders and our Board and was effective prior to the November 27, 2002 date of our IPO. For more detailed information on this plan, see the narrative information above the table and refer to Note 6, Employee Benefit Plans Management Omnibus Incentive Plan in our December 31, 2003 audited financial statements filed in our Form 10-K with the SEC on March 15, 2004.

Safety Insurance 401(k) Retirement Plan

In 1995, upon the inception of the employer stock ownership plan ("ESOP"), management discontinued all employer and employee contributions to its then existing qualified defined contribution profit-sharing/retirement plan (the "Retirement Plan"). As a result, the rights of each participant to his /her account on the date of the discontinuance of contributions, to the extent of the fair market value under the general investment fund, became fully vested and nonforfeitable.

With the termination of the ESOP, the Company re-established the previously frozen Retirement Plan, effective January 1, 2002. The Retirement Plan is a defined contribution plan which is available to all eligible employees of the Company. An employee must be 21 years of age to be eligible to participate in the Retirement Plan, and was allowed to contribute on a pre-tax basis up to the maximum allowed under federal law. The Retirement Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Under the Retirement Plan, the Company shall make a matching contribution in an amount equal to 75% of the first 8% the participant contributed during the Retirement Plan year to those participants who during the Retirement Plan year have contributed from their pay to their Retirement Plan account, who started working for the Company by July 1, who worked 1,000 hours and who were employed on the last day of the Retirement Plan year.

Section 162(m)

Section 162(m) of the Internal Revenue Code limits publicly-held companies to an annual deduction for federal income tax purposes of \$1.0 million for compensation paid to the Company's Named Executive Officers determined at the end of each year. Under a special rule that applies to corporations that become public through an IPO, this limitation in Section 162(m) generally will not apply to compensation that is paid under the Company's Executive Incentive Compensation Plan, 2001 Restricted Stock Plan and Incentive Plan before the first meeting of the Company's stockholders in 2006 at which directors will be elected.

Performance-based compensation that meets certain requirements, including stockholder approval, is excluded from this limitation under Section 162(m). In general, compensation qualifies as

performance-based compensation under Section 162(m) if (1) it is conditioned on the achievement of one or more pre-established, objective performance goals, (2) such goal or goals are established by a committee of the Board consisting solely of two or more outside directors and (3) material terms of the performance goals under which the compensation is payable are disclosed to, and subsequently approved by, the corporation's stockholders prior to payment. Although awards granted under the Incentive Plan are temporarily exempt from the limitations of Section 162(m), the plan is designed to permit the Compensation Committee to grant awards that qualify as performance-based compensation for purposes of satisfying the conditions of Section 162(m) once the exemption expires. The Compensation Committee consists of two or more "outside directors" within the meaning of Section 162(m) and before such performance-based compensation is paid, the material terms of the Company's stock plans will be presented to and approved by a majority vote of the Company's stockholders.

Compensation Committee Interlocks and Insider Participation

The Company's Compensation Committee consists of David K. McKown (Chairman), Bruce R. Berkowitz and Peter J. Manning, who are three independent non-employee directors who have no "interlocking" relationships as defined by the SEC, or other relationships with the Company that would call into question their independence as a member of the Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company's Management Team and a group of investors organized by The Jordan Company (the "Investors") consummated the Acquisition of Thomas Black Corporation, the holding company for Safety Insurance Company, on October 16, 2001. The following discussion summarizes material agreements the Company entered into in connection with the Acquisition. Also see "Executive Compensation and Other Transactions."

Each member of the Management Team issued a recourse promissory note to, and entered into a pledge agreement with the Company. Pursuant to the notes, the Company loaned these officers an aggregate of \$695,000 on October 16, 2001 in order for them to purchase our common stock in connection with the Acquisition, as follows: \$244,875 to Mr. Brussard, \$45,125 to Mr. Begley, \$66,500 to Mr. Crimmins, \$64,125 to Mr. Kerton, \$57,000 to Mr. Krupa, \$122,375 to Mr. Loranger and \$95,000 to Mr. Patrick. Pursuant to the pledge agreements, the Management Team pledged the Common Stock to the Company as security for the loans made under the notes. Each note bears interest at a rate of 5% annually and is due and payable on the earlier of December 31, 2011 or 90 days after the Management Team member ceases to be the Company's employee. Each employee may prepay his note at any time without penalty. The largest aggregate amount of indebtedness, including interest, outstanding at any time since the inception of these loans is as follows for each officer as of April 14, 2004: \$261,396 for Mr. Brussard, \$48,400 for Mr. Begley, \$71,325 for Mr. Crimmins, \$68,807 for Mr. Kerton, \$61,127 for Mr. Krupa, \$130,970 for Mr. Loranger and \$100,285 for Mr. Patrick. During 2003 Mr. Brussard, Mr. Crimmins, Mr. Krupa, Mr. Loranger and Mr. Patrick paid their loans off in full. During 2004, Mr. Begley and Mr. Kerton paid their loans off in full.

Also at the Acquisition, each member of the Management Team entered into an agreement under which he agreed not to receive certain bonuses to which he would have been entitled following the closing. These bonuses, which would have been payable over the three years following the closing assuming the members of the Management Team remained employed by the Company or left employment for good reason, would have totaled \$16.0 million in the aggregate.

At the closing of the Acquisition, the Company entered into a stockholders agreement with the Management Team and the other Investors. Upon the IPO, all of the provisions of the stockholders agreement terminated, except for the provisions that entitle the parties to rights to register their Common Stock in specified circumstances.
