OUR COMPANY

Rockwood is a global developer, manufacturer and marketer of high value added specialty chemicals and advanced materials used for industrial and commercial purposes. Rockwood is focused on lithium and lithium compounds, surface treatment chemicals, advanced ceramics, titanium dioxide pigments, iron-oxide pigments, timber treatment chemicals and clay-based additives.

Our products consist primarily of inorganic chemicals and solutions and engineered materials. They are often customized to meet the complex needs of our customers and to enhance the value of their end products by improving performance, providing essential product attributes, lowering costs and/or making them more environmentally friendly. We generally compete in niche markets in a wide range of end-use markets, including metal treatment and general industry, chemicals and plastics, automotive, life sciences (including pharmaceutical and medical markets), construction, specialty coatings, electronics and telecommunications. No single end-use market accounted for more than 17% of our 2011 net sales.

We have a number of growth product lines, such as lithium compounds for advanced batteries in our Lithium business, aerospace applications in our Surface Treatment business and ceramic medical device components in our Advanced Ceramics business, which are complemented by a diverse portfolio of businesses that historically have generated stable revenues. Our high margins, diverse customer and end-use market base, capital discipline and ongoing productivity improvements provide us with a platform to capitalize on market growth opportunities.

We operate globally, manufacturing our products in 81 facilities in 23 countries and selling our products and providing our services to more than 60,000 customers, including some of the world's preeminent companies. We believe our products are generally critical to our customers' products' performance, but account for a small percentage of the total cost of their products. No single customer accounted for more than 2% of our 2011 net sales.

We currently operate our business through the following five business segments: (1) Lithium; (2) Surface Treatment; (3) Performance Additives, which consists of Color Pigments and Services, Timber Treatment Chemicals and Clay-based Additives; (4) Titanium Dioxide Pigments; and (5) Advanced Ceramics. For financial information about each segment, see Note 3, "Segment Information," in the consolidated financial statements in the Parent Guarantor's quarterly report on Form 10-Q for the quarterly period ended June 30, 2012, which is incorporated by reference herein.

Our principal executive offices are located at 100 Overlook Center, Princeton, New Jersey 08540. Our telephone number is (609) 514-0300. Our website address is www.rocksp.com. Information contained on our website is not a part of this prospectus.

DESCRIPTION OF DEBT SECURITIES AND GUARANTEES

The Issuer may issue debt securities from time to time in one or more series. Any series of debt securities offered by the Issuer will be offered together with the guarantees of the Parent Guarantor. Any such series of debt securities may also be guaranteed by each of the Issuer's existing and future domestic subsidiaries that is a guarantor or other obligor under the Issuer's credit facility. Any guarantee of debt securities will, unless otherwise provided in the applicable prospectus supplement, be full and unconditional.

One or more series of the debt securities of the Issuer will be issued under a single indenture. The terms applicable to each series of debt securities will be stated in the indenture and may be modified by the resolution(s) authorizing that series of debt securities adopted by the board of directors, or an officer or committee of officers authorized by the board of directors, of the Issuer, the Parent Guarantor and any of the Issuer's directly or indirectly owned subsidiaries that may guarantee the debt securities. We refer in this prospectus to the resolution(s) authorizing a series of debt securities as an authorizing resolution. The indenture under which any debt securities are issued, including the applicable authorizing resolution(s), is referred to in this prospectus as the "indenture," and collectively with any other indentures, as the "indentures." Each supplemental indenture will be entered into among the Issuer, the Parent Guarantor and/or any of the Issuer's directly or indirectly owned subsidiaries that are guarantors of the debt securities, as the issuer(s) of the related guarantees, and the institution named in the prospectus supplement, as trustee.

The following is a summary of the general terms of the debt securities. We will file a prospectus supplement that may contain additional terms when the Issuer issues debt securities. The terms presented here, together with the terms in the applicable prospectus supplement, will be a description of the material terms of the debt securities. You should also read the indenture between the Issuer, the Parent Guarantor and Wells Fargo Bank, National Association, as trustee under which the debt securities will be issued. We have filed the form of base indenture governing debt securities with the SEC as an exhibit to the registration statement of which this prospectus is a part. All capitalized terms have the meanings specified in the indenture.

The Issuer may issue, from time to time, debt securities, in one or more series, that will consist of either the Issuer's senior debt, senior subordinated debt or subordinated debt. The Issuer shall refer to the subordinated debt securities and the senior subordinated debt securities together as the subordinated securities. Debt securities, whether senior, senior subordinated or subordinated, may be issued as convertible debt securities or exchangeable debt securities. The following is a summary of the material provisions of the form of indenture filed as an exhibit to the registration statement of which this prospectus is a part. For each series of debt securities, the applicable prospectus supplement for the series may change and supplement the summary below.

General

The indenture does not limit the amount of debt securities that the Issuer may issue. It provides that the Issuer may issue debt securities up to the principal amount that the Issuer may authorize and may be in any currency or currency unit that the Issuer may designate. Except for the limitations on consolidation, merger and sale of all or substantially all of the Issuer's assets contained in the indenture, the terms of the indenture do not contain any covenants or other provisions designed to give holders of any debt securities protection against changes in the Issuer's operations, financial condition or transactions involving the Issuer.

The Issuer may issue the debt securities issued under the indenture as "discount securities," which means they may be sold at a discount below their stated principal amount. These debt securities, as well as other debt securities that are not issued at a discount, may be issued with "original issue discount", or OID, for U.S. federal income tax purposes because of interest payment and other

The terms of any guarantees of any debt securities will be described in an applicable prospectus supplement.

Edgar Filing: ROCKWOOD SPECIALTIES GROUP INC - Form S-3ASR

The assets of the Parent Guarantor consist principally of the stock of its subsidiaries. Therefore, the rights of the Parent Guarantor and the rights of its creditors, including the holders of debt securities fully and unconditionally guaranteed by the Parent Guarantor and any of the Issuer's existing and future domestic subsidiaries, to participate in the assets of any subsidiary other than the Issuer upon liquidation, recapitalization or otherwise will be subject to the prior claims of that subsidiary's creditors except to the extent that claims of the Parent Guarantor, and any other subsidiary of the Issuer that may be a guarantor of the debt securities, itself as a creditor of the subsidiary may be recognized.

Table of Contents

Conversion or Exchange Rights

Debt securities may be convertible into or exchangeable for other securities, including, for example, shares of the Parent Guarantor's equity securities. The terms and conditions of conversion or exchange will be stated in the applicable prospectus supplement. The terms will include, among others, the following:

the conversion or exchange rate and conversion or exchange price;

the conversion or exchange period;

provisions regarding the ability of the Issuer or the holder to convert or exchange the debt securities;

events requiring adjustment to the conversion or exchange rate; and

provisions affecting conversion or exchange in the event of the Issuer's redemption of the debt securities.

Consolidation, Merger or Sale

The Issuer cannot consolidate or merge with or into, or sell, lease, transfer or otherwise dispose of all or substantially all of the Issuer's assets to, any person, and the Issuer cannot permit any other person to consolidate with or merge into the Issuer, unless (1) the Issuer will be the continuing entity or (2) the successor person to which the Issuer's assets are transferred is a corporation, trust, limited liability company, partnership or other entity organized under the laws of any domestic or foreign jurisdiction and it expressly assumes the Issuer's obligations under the debt securities and the indenture. In addition, the Issuer cannot complete such transaction unless immediately after completing the transaction, no Event of Default (as defined below) under the indenture, and no event which, after notice or lapse of time or both, would become an Event of Default under the indenture, shall have occurred and be continuing. When the person to whom the Issuer's assets are transferred has assumed the Issuer's obligations under the debt securities and the indenture, the Issuer shall be discharged from all of the Issuer's obligations under the debt securities and the indenture except in limited circumstances.

This covenant would not apply to any recapitalization transaction, a change of control of the Issuer or a highly leveraged transaction, unless the transaction or change of control were structured to include a merger or consolidation or sale, lease or transfer or other disposition of all or substantially all of the Issuer's assets.

The applicable prospectus supplement will describe any modifications of this covenant.

Events of Default

The term "Event of Default," when used in the indenture with respect to any series of debt securities, unless otherwise indicated in the applicable prospectus supplement, means any of the following:

failure to pay interest for 30 days after the date payment is due and payable;

failure to pay principal or premium, if any, on any debt security when due, either at maturity, upon any redemption, upon any repurchase, by declaration or otherwise;

failure to make sinking fund payments, if any, when due in respect of that series;

Edgar Filing: ROCKWOOD SPECIALTIES GROUP INC - Form S-3ASR

failure to perform other covenants (other than a covenant that has been included in the indenture solely for the benefit of a series of debt securities other than that series) for 60 days after notice that performance was required;

Table of Contents

certain events in bankruptcy, insolvency or reorganization relating to the Issuer; or

any other Event of Default provided in the applicable officers' certificate, resolution of the Issuer's board of directors or the supplemental indenture under which the Issuer issues a series of debt securities.

An Event of Default for a particular series of debt securities does not necessarily constitute an Event of Default for any other series of debt securities issued under the indenture.

If an Event of Default with respect to any series of debt securities occurs and is continuing, then either the trustee for such series or the holders of a majority in aggregate principal amount of the outstanding debt securities of such series, by notice in writing, may declare the principal amount (or, if the debt securities are discount securities, that portion of the principal amount as may be specified in the terms of that series) of and interest on all of the debt securities of such series to be due and payable immediately. The Issuer refers you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of such discount securities upon the occurrence of an Event of Default.

The holders of not less than a majority in aggregate principal amount of the debt securities of each affected series may, after satisfying certain conditions, rescind and annul any of the above-described declarations and consequences involving such series.

If an Event of Default relating to certain events in the Issuer's bankruptcy, insolvency or reorganization occurs and is continuing, then the principal amount (or, if the debt securities are discount securities, that portion of the principal amount as may be specified in the terms of that series) of all of the debt securities outstanding, and any accrued interest, will automatically become due and payable immediately, without any declaration or other act by the trustee or any holder.

The indenture imposes limitations on suits brought by holders of debt securities against the Issuer. Except for actions for payment of overdue principal or interest, no holder of debt securities of any series may institute any action against the Issuer under the indenture unless:

the holder has previously given to the trustee written notice of default and continuance of such default;

the holders of not less than a majority in principal amount of the outstanding debt securities of that series have requested that the trustee institute the action;

the requesting holders have offered the trustee indemnity for expenses and liabilities that may be incurred by bringing the action satisfactory to the trustee;

the trustee has not instituted the action within 60 days of the request; and

the trustee has not received inconsistent direction by the holders of a majority in principal amount of that series of debt securities.

The Issuer will be required to file annually with the trustee a certificate, signed by one of the Issuer's officers, stating whether or not the officer knows of any default by the Issuer in the performance, observance or fulfillment of any condition or covenant of the indenture. In addition, the Issuer will be required to notify the trustee in writing upon the occurrence of any such default.

Transfer and Exchange

Unless otherwise stated in the applicable prospectus supplement, each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company, as depositary, or a nominee (we will refer to any debt security represented by a global debt security as a "book-entry debt security"), or a certificate issued in definitive registered form (we will

Table of Contents

refer to any debt security represented by a certificated security as a "certificated debt security") as set forth in the applicable prospectus supplement. Except as set forth under the subheading " Global Debt Securities and Book-Entry System" below, book-entry debt securities will not be issuable in certificated form.

Certificated Debt Securities. You may transfer or exchange certificated debt securities at any office the Issuer maintains for this purpose in accordance with the terms of the indenture. No service charge will be made for any transfer or exchange of certificated debt securities, but the Issuer may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

You may effect the transfer of certificated debt securities and the right to receive the principal of, premium, if any, and interest, if any, on certificated debt securities only by surrendering the certificate representing those certificated debt securities and either reissuance by the Issuer or the trustee of the certificate to the new holder or the issuance by the Issuer or the trustee of a new certificate to the new holder.

Global Debt Securities and Book-Entry System. Each global debt security representing book-entry debt securities will be deposited with, or on behalf of, the depository, and registered in the name of the depository or a nominee of the depository.

The Issuer anticipates that the depository will follow the following procedures with respect to book-entry debt securities.

Ownership of beneficial interests in book-entry debt securities will be limited to persons that have accounts with the depository for the related global debt security, which we refer to as participants, or persons that may hold interests through participants. Upon the issuance of a global debt security, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal amounts of the book-entry debt securities represented by such global debt security beneficially owned by such participants. The accounts to be credited will be designated by any dealers, underwriters or agents participating in the distribution of the book-entry debt securities. Ownership of book-entry debt securities will be shown on, and the transfer of such ownership interests will be effected only through, records maintained by the depository for the related global debt security (with respect to interests of participants) and on the records of participants (with respect to interests of persons holding through participants). The laws of some states may require that certain purchasers of securities take physical delivery of such securities in definitive form. These laws may impair the ability to own, transfer or pledge beneficial interests in book-entry debt securities.

So long as the depository for a global debt security, or its nominee, is the registered owner of that global debt security, the depository or its nominee, as the case may be, will be considered the sole owner or holder of the book-entry debt securities represented by such global debt security for all purposes under the indenture. Except as described below, beneficial owners of book-entry debt securities will not be entitled to have securities registered in their names, will not receive or be entitled to receive physical delivery of a certificate in definitive form representing securities and will not be considered the owners or holders of those securities under the indenture. Accordingly, each person beneficially owning book-entry debt securities must rely on the procedures of the depository for the related global debt security and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the indenture.

The Issuer understands, however, that under existing industry practice, the depository will authorize the persons on whose behalf it holds a global debt security to exercise certain rights of holders of debt securities, and the indenture provides that the Issuer, the trustee and the Issuer's respective agents will treat as the holder of a debt security the persons specified in a written statement

Table of Contents

of the depositary with respect to that global debt security for purposes of obtaining any consents or directions required to be given by holders of the debt securities pursuant to the indenture.

The Issuer will make payments of principal of, premium, if any, and interest, if any, on book-entry debt securities to the depositary or its nominee, as the case may be, as the registered holder of the related global debt security. The Issuer, the trustee and any other agent of the Issuer or agent of the trustee will not have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global debt security or for maintaining, supervising or reviewing any records relating to beneficial ownership interests.

The Issuer expects that the depositary, upon receipt of any payment of principal of, premium, if any, or interest, if any, on a global debt security, will immediately credit participants' accounts with payments in amounts proportionate to the respective amounts of book-entry debt securities held by each participant as shown on the records of such depositary. The Issuer also expects that payments by participants to owners of beneficial interests in book-entry debt securities held through those participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

The Issuer will issue certificated debt securities in exchange for each global debt security if the depositary is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Exchange Act, and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by us within 90 days. In addition, the Issuer may at any time and in the Issuer's sole discretion determine not to have the book-entry debt securities of any series represented by one or more global debt securities and, in that event, will issue certificated debt securities in exchange for the global debt securities of that series. Global debt securities will also be exchangeable by the holders for certificated debt securities if an Event of Default with respect to the book-entry debt securities represented by those global debt securities has occurred and is continuing. Any certificated debt securities issued in exchange for a global debt security will be registered in such name or names as the depositary shall instruct the trustee. The Issuer expects that such instructions will be based upon directions received by the depositary from participants with respect to ownership of book-entry debt securities relating to such global debt security.

The Issuer has obtained the foregoing information concerning the depositary and the depositary's book-entry system from sources the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy of this information.

Discharge, Defeasance and Covenant Defeasance

Legal Defeasance. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, which will be described in the applicable prospectus supplement, the Issuer may be discharged from any and all obligations in respect of the debt securities of any series (except for certain obligations to register the transfer or exchange of debt securities of such series, to replace stolen, lost or mutilated debt securities of such series, and to maintain paying agencies and certain provisions relating to the treatment of funds held by paying agents). The Issuer will be so discharged upon the deposit with the trustee, in trust, of money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants to pay and discharge each installment of principal, premium, if any, and interest, if any, on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities.

Table of Contents

This discharge may occur only if, among other things, the Issuer has delivered to the trustee an opinion of counsel stating that the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling or, since the date of execution of the indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred.

Defeasance of Certain Covenants. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, which will be described in the applicable prospectus supplement, upon compliance with certain conditions:

the Issuer may omit to comply with the covenant described under the heading "Consolidation, Merger or Sale" and certain other covenants set forth in the indenture, as well as any additional covenants which may be set forth in the applicable prospectus supplement; and

any omission to comply with those covenants will not constitute a default or an Event of Default with respect to the debt securities of that series, or covenant defeasance.

the conditions include:

depositing with the trustee money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants to pay and discharge each installment of principal of, premium, if any, and interest, if any, on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities; and

delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred.

Covenant Defeasance and Events of Default. In the event the Issuer exercises the Issuer's option to effect covenant defeasance with respect to any series of debt securities and the debt securities of that series are declared due and payable because of the occurrence of any Event of Default, the amount of money and/or U.S. government obligations or foreign government obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the Event of Default. However, the Issuer shall remain liable for those payments.

Modification of the Indenture

The indenture provides that the Issuer and the trustee may enter into supplemental indentures without the consent of the holders of debt securities to:

secure any debt securities and provide the terms and conditions for the release or substitution of the security;

evidence the assumption by a successor person of the Issuer's obligations;

make any change that would provide any additional rights or benefits to the holders of the debt securities or to surrender any right or power conferred upon the Issuer under the indenture;

provide for addition of collateral or guarantees for the benefit of debt securities of any series or add an additional guarantor or obligor under the indenture;

add any additional Events of Default;

make any change that does not adversely affect the holders' rights thereunder in any material respect;

cure any ambiguity or correct any inconsistency or defect in the indenture;

add to, change or eliminate any of the provisions of the indenture in a manner that will become effective only when there is no outstanding debt security which is entitled to the benefit of the provision as to which the modification would apply;

provide for uncertificated securities in addition to or in place of certificated securities;

comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act");

provide for the issuance of and establish the form and terms and conditions of securities of any series as permitted;

eliminate any conflict between the terms of the indenture and the Trust Indenture Act;

evidence and provide for the acceptance of appointment by a successor trustee and add to or change any of the provisions of the indenture as is necessary for the administration of the trusts by more than one trustee; and

conform any provision of the indenture, the securities of any series or any related guarantees or security documents to the description of such securities contained in the applicable prospectus, prospectus supplement, offering memorandum or similar document with respect to the offering of the securities of such series to the extent that such description was intended to be a verbatim recitation of a provision in the indenture, such securities or any related guarantees or security documents.

Edgar Filing: ROCKWOOD SPECIALTIES GROUP INC - Form S-3ASR

The indenture also provides that the Issuer and the trustee may, with the consent of the holders of not less than a majority in aggregate principal amount of debt securities of each series then outstanding and affected add any provisions to, or change in any manner, eliminate or modify in any way the provisions of, the indenture or modify in any manner the rights of the holders of the debt securities. The Issuer and the trustee may not, however, without the consent of the holder of each outstanding debt security affected thereby:

reduce the amount of debt securities whose holders must consent to an amendment, supplement or waiver;

reduce the rate of or extend the time for payment of interest (including default interest) on any debt security;

Table of Contents

reduce the principal of or premium, if any, on or change the fixed maturity of any debt security or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation with respect to any series of debt securities;

reduce the principal amount of discount securities payable upon acceleration of maturity;

waive a default in the payment of the principal of, premium, if any, or interest, if any, on any debt security (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration);

make the principal of or premium, if any, or interest, if any, on any debt security payable in currency other than that stated in the debt security;

make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal of, premium, if any, and interest, if any, on those debt securities and to institute suit for the enforcement of any such payment and to waivers or amendments; or

waive a redemption payment with respect to any debt security or change any of the provisions with respect to the redemption of any debt securities.

Except for certain specified provisions, the holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive the Issuer's compliance with provisions of the indenture. The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all the debt securities of such series waive any past default under the indenture with respect to that series and its consequences, except a default in the payment of the principal of, premium, if any, or any interest, if any, on any debt security of that series or in respect of a covenant or provision which cannot be modified or amended without the consent of the holder of each outstanding debt security of the series affected; provided, however, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration.

No Individual Liability of Incorporators, Stockholders, Officers or Directors

The indenture provides that no incorporator and no past, present or future stockholder, officer or director of the Issuer or any successor corporation in their capacity as such shall have any individual liability for any of the Issuer's obligations, covenants or agreements under the debt securities or the indenture.

Governing Law

The indenture, the debt securities and the guarantees will be governed by, and construed in accordance with, the laws of the State of New York.

Concerning the Issuer's Relationship with the Trustee

From time to time, the Issuer and its subsidiaries may maintain ordinary banking and credit relationships with Wells Fargo Bank, National Association.

PLAN OF DISTRIBUTION

We may offer and sell the securities to which this prospectus relates in any one or more of the following ways:

directly to purchasers;

to or through underwriters;

to or through dealers; or to or through agents.

Each time we sell securities, we will provide a prospectus supplement that will name any underwriter, dealer or agent involved in the offer and sale of the securities. The prospectus supplement will also set forth the terms of the offering, including the purchase price of the securities and the proceeds to the issuer(s) from the sale of the securities, any underwriting discounts and other items constituting underwriters' compensation, any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers and any securities exchanges on which the securities may be listed.

The securities may be distributed from time to time in one or more transactions:

at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to prevailing market prices; or

at negotiated prices.

Each time we sell securities, we will describe the method of distribution of the securities in the prospectus supplement relating to the transaction.

If underwriters are used in the offer and sale of the securities being offered by this prospectus, the name of each managing underwriter, if any, and any other underwriters and the terms of the transaction, including any underwriting discounts and other items constituting compensation of the underwriters and dealers, if any, will be included in the prospectus supplement relating to the offering. The securities will be acquired by the underwriters for their own accounts and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If a dealer is used in the sale of the securities being offered by this prospectus, the issuer(s) of the securities will sell those securities to the dealer, as principal. The dealer may then resell those securities to the public at varying prices to be determined by the dealer at the time of resale. The name of the dealer and the terms of the transaction will be identified in the prospectus supplement.

If an agent is used in an offering of securities being offered by this prospectus, the agent will be named and the terms of the agency will be described in the prospectus supplement relating to the offering. Unless otherwise indicated in the prospectus supplement, an agent will act on a best efforts basis for the period of its appointment.

Offers to purchase the securities offered by this prospectus may be solicited, and sales of the securities may be made, by the issuer(s) of those securities directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act of 1933 with respect to any resales of the securities. The terms of any offer made in this manner will be included in the prospectus supplement relating to the offer.

Edgar Filing: ROCKWOOD SPECIALTIES GROUP INC - Form S-3ASR

If indicated in the prospectus supplement, the issuer(s) of the securities to which the prospectus supplement relates will authorize underwriters or their other agents to solicit offers by certain

Table of Contents

institutional investors to purchase securities from the issuer(s) pursuant to contracts providing for payment and delivery at a future date. Institutional investors with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. In all cases, these purchasers must be approved by the issuer(s) of the securities. The obligations of any purchaser under any of these contracts will not be subject to any conditions except that (a) the purchase of the securities must not at the time of delivery be prohibited under the laws of any jurisdiction to which that purchaser is subject and (b) if the securities are also being sold to underwriters, the issuer(s) must have sold to these underwriters the securities not subject to delayed delivery. Underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

In addition, the securities offered by this prospectus and an accompanying prospectus supplement may be offered and sold by the holders of the securities in one or more of the transactions described above, which transactions may be effected at any time and from time to time. Upon a sale of securities made in this manner, the respective holders of the securities and any participating broker, dealer or underwriter may be deemed to be underwriters within the meaning of Section 2(11) of the Securities Act of 1933, and any commissions, discounts or concessions upon the sale, or any profit on the resale of the securities, received in connection with the sale may be deemed to be underwriting commissions or discounts under the Securities Act of 1933. The compensation, including commissions, discounts, concessions and other profits, received by any broker, dealer or underwriter in connection with the sale of any of the securities, may be less than or in excess of customary commissions.

Some of the underwriters, dealers or agents we may use in any offering of securities under this prospectus may be customers of, including borrowers from, engage in transactions with, and perform services for our affiliates in the ordinary course of business. Underwriters, dealers, agents and other persons may be entitled, under agreements which may be entered into with us to indemnification against and contribution toward certain civil liabilities, including liabilities under the Securities Act, and to be reimbursed by us for certain expenses.

Until the distribution of the securities offered by this prospectus is completed, rules of the SEC may limit the ability of the underwriters and certain selling group members, if any, to bid for and purchase the securities. As an exception to these rules, the representatives of the underwriters, if any, are permitted to engage in certain transactions that stabilize the price of the securities. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities.

If underwriters create a short position in the securities in connection with the offering of the securities (i.e., if they sell more securities than are included on the cover page of the prospectus supplement), the representatives of the underwriters may reduce that short position by purchasing securities in the open market. The representatives of the underwriters also may elect to reduce any short position by exercising all or part of the over-allotment option, if any, described in the prospectus supplement.

The representatives of the underwriters also may impose a penalty bid on certain underwriters and selling group members. This means that if the representatives purchase securities in the open market to reduce the underwriters' short position or to stabilize the price of the securities, they may reclaim the amount of the selling concession from the underwriters and selling group members who sold those securities as part of the offering of the securities.

In general, purchases of a security for the purpose of stabilization or to reduce a syndicate short position could cause the price of the security to be higher than it might otherwise be in the absence of these types of purchases. The imposition of a penalty bid might have an effect on the price of a security to the extent that it were to discourage resales of the security by purchasers in the offering.

Table of Contents

Neither we nor any of the underwriters, if any, makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the securities. In addition, neither we nor any of the underwriters, if any, makes any representation that the representatives of the underwriters, if any, will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

The anticipated date of delivery of the securities offered by this prospectus will be described in the prospectus supplement relating to the offering. The securities offered by this prospectus may or may not be listed on a national securities exchange (including the NYSE (where Rockwood Holdings, Inc.'s common stock is listed)), or a foreign securities exchange. We cannot give any assurances that there will be a market for any of the securities offered by this prospectus and any prospectus supplement.

Because an indeterminate amount of securities are covered by this Registration Statement and the number of offerings are indeterminable, the expenses in connection with the issuance and distribution of the securities are not currently determinable.

Item 15. Indemnification of Directors and Officers

Delaware Registrants

Section 145 of the Delaware General Corporation Law (the "DGCL") grants each corporation organized thereunder the power to indemnify any person who is or was a director, officer, employee or agent of a corporation, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the corporation, by reason of being or having been in any such capacity, if such person acted in good faith in a manner reasonably believed to be in, or not opposed to, the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful.

Under Section 55-8-51 a corporation may not indemnify a director in connection with a proceeding by or in the right of the corporation in which the director was adjudged liable to the corporation or in connection with a proceeding charging improper personal benefit to him, whether or not involving action in his official capacity, in which he was adjudged liable on the basis that personal benefit was improperly received by him. Sections 55-8-52 and 55-8-56 of the NCBCA require a corporation to indemnify a director or officer in the defense of any proceeding to which he was a party because of his capacity as a director or officer against reasonable expenses when he is wholly successful, on the merits or otherwise, in his defense, unless the articles of incorporation provide otherwise. Sections 55-8-53 and 55-8-56 of the NCBCA permit a corporation to advance expenses to a director or officer in defending a proceeding in advance of the final disposition of such proceeding upon receipt of an undertaking to repay such amount if ultimately not entitled to indemnification against such expenses. Upon application, a court may order indemnification for a director or officer if the court determines that he is entitled to mandatory indemnification under Section 55-8-52 or if he is adjudged fairly and reasonably so entitled in view of all relevant circumstances. Section 55-8-56 allows a corporation to indemnify and advance expenses to an officer, employee or agent who is not a director to the extent, consistent with public policy, provided in the corporation's articles of incorporation or bylaws or as authorized by the board of directors or by contract. Section 55-8-57 of the NCBCA permits a corporation to provide for indemnification of directors and officers in its articles of incorporation or bylaws or by contract or resolution, against liability in various proceedings, except that the corporation may not indemnify a person against liability or expenses incurred on account of activities which were at the time taken known or believed by him to be clearly in conflict with the best interest of the corporation, and permits a corporation to purchase and maintain insurance policies on behalf of these individuals.

In accordance with the NCBCA, Article V of the By-Laws of Chemical Specialties, Inc. states Chemical Specialties, Inc. shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of Chemical Specialties, Inc.) by reason of the fact that he is or was or has agreed to become a director, officer, employee or agent of Chemical Specialties, Inc. or is or was serving or has agreed to serve at the request of Chemical Specialties, Inc. in such capacity of another entity against costs charges, expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by him or on his behalf in connection with such action and any appeal therefrom, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of Chemical Specialties, Inc., and, with respect to a criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action by judgment, order, settlement, conviction or plea of *nolo contendere*, shall not, of itself, create a presumption that the person does not meet the above standards.

The By-Laws also provide that Chemical Specialties, Inc. shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of Chemical Specialties, Inc. to procure a judgment in its favor by reason of the fact that he or she is or was or has agreed to become a director, officer, employee or agent of Chemical Specialties, Inc. or is or was serving or has agreed to serve at the request of Chemical Specialties, Inc. in such capacity of another entity, or by reason of any action alleged to have been taken or omitted in such capacity, against costs, charges and expenses actually and reasonably incurred by him or on his behalf in connection with the defense or settlement of such action or suit and any appeal therefrom, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of Chemical Specialties, Inc., except no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for gross negligence or misconduct in the performance of his duty to Chemical Specialties, Inc. unless and only to the extent

that any North Carolina Court or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of such liability but in view of all circumstances of the case, such person is fairly and reasonably and reasonably entitled to indemnity for such costs, charges and expenses which the North Carolina Court or such other court shall deem proper.

Notwithstanding other provisions within Article V of the By-laws, to the extent a director, officer, employee or agent of Chemical Specialties, Inc. has been successful on the merits or otherwise, in defense of an action referred to above, he shall be indemnified against all costs, charges, and expenses actually and reasonably incurred by him or on his behalf.

Under the By-Laws, costs, charges and expenses incurred in defending actions referred to above shall be paid by Chemical Specialties, Inc. in advance of the final disposition, provided, however, the payment of costs, charges and expenses incurred by the director or officer in his capacity as director or officer shall be made only upon receipt of an undertaking by or on behalf of the director or officer to repay all amounts so advanced in the event that it shall ultimately be determined such director or officer is not entitled to be indemnified by Chemical Specialties, Inc. under the By-Laws.

The By-Laws further provide that Chemical Specialties, Inc. shall purchase and maintain insurance on behalf of any person who is or was or has agreed to become a director, officer, employee or agent of Chemical Specialties, Inc. or any other corporation, partnership or other enterprise which such person served at the request of Chemical Specialties, Inc. against liability asserted against such person in such capacity whether or not he has the right to indemnification under the By-Laws. The indemnification rights provided in the By-Laws are not exclusive of other rights to indemnification under applicable law or otherwise.

Texas Registrant

Southern Clay Products, Inc. is a Texas corporation. Section 8.101 of the Texas Business Organizations Code (TBOC) authorizes a corporation to indemnify a director or former director who was or is a party, or is threatened to be made a party, to a proceeding against judgment and such expenses as are reasonable and actually incurred by the person in connection with the proceeding, if it is determined, in accordance with Section 8.103 of the TBOC, that the person (1) acted in good faith, (2) reasonably believed, in the case of conduct in the person's official capacity, that his or her conduct was in the corporation's best interest and, in any other case, that his or her conduct was not opposed to the corporation's best interest and (3) in the case of criminal proceeding, did not have reasonable cause to believe that his or her conduct was unlawful. Furthermore, pursuant to Section 8.101, before indemnification may be paid, it must also be determined, in accordance with Section 8.103, that (1) the amount of expenses for which reimbursement is sought, other than the amount of any judgment, is reasonable and (2) that indemnification should be paid. Section 8.102 of the TBOC stipulates that if the person seeking indemnification is found liable to the corporation or is found liable because he or she received a personal benefit, then indemnification will be limited to reasonable expenses actually incurred by the person in connection with the proceeding and will not include indemnification for any judgment, penalty, fine or excise or similar tax. Section 8.102 also provides that indemnification will not be paid in connection with any proceeding in which the person seeking indemnification has been found liable for:

willful or intentional misconduct in the performance of the person's duty to the corporation;

breach of the person's duty of loyalty owed to the corporation; or

an act or omission not committed in good faith that constitutes a breach of a duty owed by the person to the corporation.

Pursuant to Section 8.103, each of the determinations required by Section 8.101 must be made by either:

a majority vote of the corporation's independent and disinterested directors;

a majority vote of a special committee of the corporation's board of directors, provided that such committee is designated by a majority vote of the corporation's independent and disinterested directors and composed solely of one or more independent and disinterested directors;

special legal counsel selected by the board of directors or a special committee of the board of directors, as described above, provided that such special legal counsel may make all determinations required by Section 8.101 except the determination as to whether indemnification should be paid;

by vote of the shareholders of the corporation, excluding those shares held by each director who is not independent and disinterested; or

by unanimous vote of the shareholders of the corporation.

Section 8.104 of the TBOC provides that a corporation may pay or reimburse reasonable expenses incurred by a then-serving director who was or is a party, or is threatened to be made a party, to a proceeding in advance of the final disposition of the proceeding without making the determinations required under Section 8.101 if the corporation receives:

a written affirmation by the person of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification under the TBOC; and

a written undertaking by or on behalf of the person to repay the amounts paid or reimbursed if it is determined that he or she has not met that standard or that indemnification is prohibited by Section 8.102.

Section 8.106 of the TBOC also provides that a corporation may pay or reimburse the reasonable expenses incurred by a director, officer, employee, agent, delegate or other representative of the corporation in connection with that person's appearance as a witness or other participant in a proceeding at a time when such person is not a defendant or respondent in the proceeding.

Section 8.151 of the TBOC further authorizes a corporation to purchase and maintain insurance for, or enter into another arrangement to indemnify or hold harmless, a director, former director, officer, employee, agent or delegate of the corporation against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would otherwise have the power to indemnify him under the TBOC.

Article XI of the By-Laws of Southern Clay Products, Inc. states that Southern Clay Products, Inc. shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of Southern Clay Products, Inc.) by reason of the fact that he is or was or has agreed to become a director, officer, employee or agent of Southern Clay Products, Inc. or is or was serving or has agreed to serve at the request of Southern Clay Products, Inc. in such capacity or another related party to Southern Clay Products, Inc., or by reason of any action alleged to have been taken or omitted in such capacity, against costs, charges, expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or on his behalf in connection with such action and any appeal therefrom, if he acted in good faith and in a manner he reasonably believed to be in or not to opposed the best interests of Southern Clay Products, Inc., and, with respect to a criminal action or proceeding, had no reasonable cause to believe

his conduct was unlawful. The termination of any action, settlement, or other such action shall not, of itself, create a presumption that the person does not meet the above standards.

Further, Southern Clay Products, Inc. shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of Southern Clay Products, Inc. to procure a judgment in its favor by reason of the fact that he or she is or was or has agreed to become a director, officer, employee or agent of Southern Clay Products, Inc. or is or was serving or has agreed to serve at the request of Southern Clay Products, Inc. in such capacity or another related party of Southern Clay Products, Inc., or by reason of any action alleged to have been taken or omitted in such capacity, against costs, charges and expenses (including attorneys' fees) actually and reasonably incurred by him or on his behalf in connection with the defense or settlement of such action or suit and any appeal therefrom, if he acted in good faith and in a manner he reasonably believed not opposed to the best interests of Southern Clay Products, Inc., except no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for gross negligence or misconduct in the performance of his duty to Southern Clay Products, Inc. unless and only to the extent that any Texas court or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of such liability but in view of all circumstances of the case, such person is fairly and reasonably and reasonably entitled to indemnity for such costs, charges and expenses which any Texas court or such other court shall deem proper.

Notwithstanding other provisions within Article XI, to the extent a director, officer, employees or agent of Southern Clay Products, Inc. has been successful on the merits or otherwise in defense of an action referred to above, he shall be indemnified against all costs, charges, and expenses (including attorneys' fees) actually and reasonably incurred by him or on his behalf.

Costs, charges and expenses incurred in defending actions referred to above shall be paid by Southern Clay Products, Inc. in advance of the final disposition, provided, however, the payment of costs, charges and expenses incurred by the director or officer shall be made only upon receipt of an undertaking by or on behalf of the director or officer to repay all amounts so advanced in the event that it shall ultimately be determined such director or officer is not entitled to be indemnified by Southern Clay Products, Inc..

Southern Clay Products, Inc. shall purchase and maintain insurance on behalf of any person who is or was or has agreed to become a director, officer, employee or agent of Southern Clay Products, Inc. is serving at the request of Southern Clay Products, Inc. as a director, officer, employee or agent of another corporation or other enterprise against any liability asserted against him and incurred by him or on his behalf in any such capacity, or arising out of his status as such, whether or not Southern Clay Products, Inc. would have the power to indemnify him against such liability under the provisions of Article IX, provided that such insurance is available on acceptable terms as determined by a vote of the majority of the entire board of directors.

The indemnification and insurance provisions of Southern Clay Products, Inc.'s By-Laws are subject to all valid and applicable laws, including Sections 8.101 et seq. of the TBOC.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment of this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information relating to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the registration statement is on Form S-3 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

(2) That, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of this registration statement as of the date the filed prospectus was deemed part of and included in this registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of this registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in this registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of this registration statement relating to the securities in this registration statement to which that prospectus relates, and the

offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of this registration statement or made in a document incorporated or deemed incorporated by reference into this registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in this registration statement or prospectus that was part of this registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described under Item 15 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.
