Securities registered or to be registered pursuant to Section 12(b) of the Act: None.

Securities registered pursuant to Section 12(g) of the Act:

COMMON STOCK, PAR VALUE \$.003

Securities for which there is a reporting obligation pursuant to Section 15(d) of the Act: None.

Indicate the number of outstanding shares of each of the issuer's classes of capital or common stock as of the close of the period covered by the annual report.

5,577,639 shares of common stock, \$0.003 par value, at March 31, 2016 (including 423,208 shares that are held in treasury)

---

Indicate by check mark if the Registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act of 1933.

Yes ☐ No ☒

If the report is an annual or transition report, indicate by check mark if the Registrant is not required to file reports pursuant to Section 13 or 15D of the Securities Exchange Act of 1934.

Yes ☐ No ☒

Indicate by check mark whether the Registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes ☐ No ☒

Indicate by check mark whether the Registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer.

Large Accelerated Filer ☐ Accelerated Filer ☐ Non-accelerated filer ☒

Indicate by check mark which basis of accounting the Registrant has used to prepare the financial statements included in this filing:

U.S. GAAP ☒ International Financial Reporting Standards as issued by the International Accounting Standards Board ☐ Other ☐

If "Other" has been checked in response to the previous question, indicate by check mark which financial statement item the Registrant has elected to follow:

Item 17 ☐ Item 18 ☐

If this is an annual report, indicate by check mark whether the Registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act.)

Yes ☐ No ☒

#### EXPLANATORY NOTE

This Amendment No. 1 to the Annual Report on Form 20-F of Bonso Electronics International Inc. (the "Company," "Bonso," or the "Registrant," and together with its subsidiaries may also be referred to as "we," "us" or "our") amends the Company's Annual Report on Form 20-F for the fiscal year ended March 31, 2016 that was originally filed with the Securities and Exchange Commission (the "SEC") on August 15, 2016 (the "Original Form 20-F").

This Amendment No. 1 is being filed to include: (i) management's conclusion regarding its assessment of the effectiveness of internal control over financial reporting, and (ii) management's conclusion regarding its assessment of the effectiveness of disclosure controls and procedures. These conclusions are required to be specifically stated under Item 15 of Form 20-F and were previously omitted from the Original Form 20-F due to an unintentional failure to notice that the report contained in Item 15. of the Form 20-F did not clearly state these conclusions, in spite of the fact that clear disclosure of management's assessment of the weaknesses was included in the Original Form 20-F.

This Amendment No. 1 should be read in conjunction with the Original Form 20-F and the Company's other filings with the SEC. This Amendment No. 1 consists solely of (i) the preceding cover page, (ii) this explanatory note, (iii) amendments to Item 3 – "Key Information - Risk Factors relating to Our Business," (iv) amendments to Item 15 – "Controls and Procedures," (v) the signature page, and (vi) the certifications required to be filed as exhibits to this Amendment No. 1.

#### Item 3. Key Information

##### Risk Factors Relating to Our Business

We have identified material weaknesses in our internal control over financial reporting which could, if not remediated, result in material misstatements in our financial statements. We are responsible for establishing and maintaining adequate internal control over our financial reporting, as required by Rule 13a-15 under the Securities Exchange Act of 1934. As disclosed in Item 15 – "Controls and Procedures," we have identified, in conjunction with our independent auditors, certain material weaknesses in our internal control over financial reporting related to our financial closing process, the lack of trained accounting personnel, the failure to enter certain transactions into the accounting records on a timely basis and the failure to properly record stock based compensation in our interim financial statements.

A material weakness is defined as a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis. As a result of these material weaknesses, our management concluded that our internal control over financial reporting was not effective as of March 31, 2016, based on criteria set forth by the 2013 Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. During the fiscal year ended March 31, 2016, the Company undertook some remediation measures (as discussed in Item 15) to address certain deficiencies noted in our Form 20-F for the fiscal year ended March 31, 2015; however, management believes that additional remediation work must be undertaken in order to properly address the material weaknesses in our internal control identified above.

As discussed in Item 15, we are developing and intend to implement additional remediation plans designed to address these material weaknesses; however, the material weaknesses will not be remediated until the necessary controls have been implemented and are determined to be operating effectively. We do not know the specific time frame needed to fully remediate the material weaknesses identified. We cannot assure you that our efforts to fully remediate these internal control weaknesses will be successful or that similar material weaknesses will not recur. If our remedial measures are insufficient to address the material weaknesses, or if additional material weaknesses or significant deficiencies in our internal control are discovered or occur in the future, our consolidated financial statements may contain material misstatements and we could be required to restate our financial results.

Notwithstanding the identified material weaknesses, management believes the consolidated financial statements included in this Annual Report on Form 20-F fairly present in all material respects our financial condition, results of operations and cash flows at and for the periods presented in accordance with U.S. GAAP.

Due To Inherent Limitations, There Can Be No Assurance That Our System Of Disclosure And Internal Controls And Procedures Will Be Successful In Preventing All Errors Or Fraud Or In Informing Management Of All Material Information In A Timely Manner. Our disclosure controls and internal controls and procedures may not prevent all errors and all fraud. A control system, no matter how well-conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system reflects that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been or will be detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur simply because of error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people or by circumvention of the internal control procedures. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, a control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and may not be detected. Management has concluded that the Company's disclosure controls and procedures for the fiscal year ended March 31, 2016, were ineffective.

#### Item 15. Controls and Procedures

The Company's management, with the participation of Andrew So, its Chief Operating Officer, and Albert So, its Chief Financial Officer, conducted an evaluation of our disclosure controls and procedures, as defined in paragraph (e) of Rule 13a-15 or 15d-15 under the Exchange Act, as of March 31, 2016. As a result of that evaluation and other assessments and observations, management concluded that both our internal controls over financial reporting and disclosure controls and procedures for the fiscal year ended March 31, 2016, were ineffective. Our Company's internal control over financial reporting is a process designed under the supervision of the Chief Executive Officer, the Chief Operating Officer and the Chief Financial Officer to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Our internal control over financial reporting includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of our assets;  
provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial
2. statements in accordance with generally accepted accounting principles, and that receipts and expenditures of our Company are being made only in accordance with authorizations of our management and directors; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of assets that could have a material effect on the financial statements.

There are inherent limitations in the effectiveness of any internal control, including the possibility of human error and the circumvention or overriding of controls. Accordingly, even effective internal controls can provide only reasonable assurances with respect to financial statement preparation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In making this assessment, management used the criteria established in 2013 Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Based on the assessment, the Company's management, including its Chief Operating Officer and Chief Financial Officer, have concluded that, as of March 31, 2016, there were certain material weaknesses in our internal controls over financial reporting related to our financial closing process, the lack of trained accounting personnel and the failure to enter certain transactions into the accounting records on a timely basis, and the failure to properly record stock based compensation in our interim financial statements. Three of these weaknesses were identified in the Form 20-F that we filed during the previous year, and the fourth arose during the fiscal year ended March 31, 2016.

We have not maintained effective internal control over the financial closing process to provide reasonable assurance that the financial statements (including our interim financial statements) are prepared in accordance with Generally Accepted Accounting Principles (GAAP).

We did not have:

- a sufficient number of experienced personnel in our accounting and finance departments to provide reasonable assurance that transactions were being recorded, and adequate supervisory reviews and monitoring activities over financial reporting matters and controls performed, as necessary to permit the preparation of the financial statements (including our interim financial statements) in accordance with GAAP;
- timely and accurate preparation and review of period-end account analyses and timely disposition of any required adjustments; and
- adequate training of and communication to employees regarding their duties and control responsibilities within the accounting and finance organization to ensure that processes and control activities were being carried out appropriately.

These material weaknesses resulted in material post-closing adjustments reflected in the financial statements for the year ended March 31, 2015. These adjustments resulted in changes to assets, liabilities, stockholders' equity, income and expenses.

During the fiscal year ended March 31, 2014, we identified additional material weaknesses, relating to the conduct of our year-end inventory count, and the approval of loans to an officer and director in violation of Section 13(k) adopted under the Exchange Act as more particularly described below. We have taken certain remedial actions to address these matters and management does not believe that these material weaknesses exist as of March 31, 2016.

Notwithstanding the identified material weaknesses, management believes the consolidated financial statements included in this Annual Report on Form 20-F fairly present in all material respects our financial condition, results of operations and cash flows at and for the periods presented in accordance with U.S. GAAP.

#### Remediation Efforts

In response to the material weaknesses described above, management intends to do the following:

- Provide further training and communication to its accounting staff with regard to the recording of transactions in the accounting records, and closing procedures and practices.
- Increase supervisory review and monitoring activities over financial reporting matters and controls.
- Consider hiring either an additional experienced accountant with U.S. GAAP experience or outside consultants to work with the Company and its accounting staff.

If the remedial measures described above are insufficient to address any of the identified material weaknesses or are not implemented effectively, or additional deficiencies arise in the future, material misstatements in our interim or annual financial statements may occur in the future. We are currently working to implement enhanced controls, as discussed above, to address the material weaknesses in our internal control over financial reporting and to remedy the ineffectiveness of our disclosure controls and procedures. A key element of our remediation effort is the ability to recruit and retain qualified individuals to support our remediation efforts. While our Audit Committee and Board of Directors have been supportive of our efforts by supporting the hiring of various individuals in finance, as well as funding efforts to improve our financial reporting system, improvement in internal control will be hampered if we cannot recruit and retain more qualified professionals. Among other things, any unremediated material weaknesses could result in material post-closing adjustments in future financial statements. Furthermore, any such unremediated material weaknesses could have the effects described above in the Risk Factor captioned "We have identified material weaknesses in our internal control over financial reporting which could, if not remediated, result in material misstatements in our financial statements." Management believes that the remediation items listed above, if executed, will ensure that data and reports can be relied upon for the purpose of accurately and timely recording transactions in accordance with GAAP.

#### Changes in Internal Controls

There were no changes in the Company's internal controls during the period covered by this Report that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

CERTIFICATION PURSUANT TO  
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Anthony So certify that:

1. I have reviewed this annual report on Form 20-F of Bonso Electronics International Inc. (the "Company");
2. Based on my knowledge, this annual report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this annual report;
3. Based on my knowledge, the financial statements, and other financial information included in this annual report, fairly present in all material respects the financial condition, results of operations and cash flows of the Company as of, and for, the periods presented in this annual report;
4. The Company's other certifying officer and myself are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Company and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Company, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the Company's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures as of the end of the period covered by this report based on such evaluations; and
  - d. Disclosed in this report any change in the Company's internal control over financial reporting that occurred during the period covered by the annual report that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
5. The Company's other certifying officer and I have disclosed, based on our most recent evaluation of internal controls over financial reporting, to the Company's auditors and the audit committee of Company's Board of Directors (or persons performing the equivalent function):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting which are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls over financial reporting.
