Dear Fellow HEI Shareholder:

Our records indicate you have yet to cast your vote on our merger with NextEra Energy.

**Please vote FOR the merger today to secure superior value for your
shares and help position Hawaii for a more affordable clean energy future.**

I strongly believe, as does the entire HEI Board of Directors, that our merger with NextEra Energy – the leading clean energy company in the U.S. – is a unique opportunity for HEI shareholders and an essential part of assuring a more affordable clean energy future for Hawaii.

Of those shares voted at HEI's Special Meeting of Shareholders on May 12, about 90% voted in favor of (FOR) the merger. That said, because a number of shareholders failed to vote, those FOR votes represented only about 70% of our outstanding shares and we need 75% to approve the merger.

**It is important to note that if you do not vote or if you select abstain,
your vote will have the same effect as a vote against the merger.**

Votes may be submitted by phone, online or by mail. We urge you to vote without delay, but in any event, your vote must be received before June 10th. The enclosed form explains how to submit your vote. **Please vote today.**

Even if you no longer hold HEI shares, please exercise your right to vote. All HEI shareholders of record as of the close of business on March 23, 2015 are entitled to vote.

Edgar Filing: HAWAIIAN ELECTRIC INDUSTRIES INC - Form DEFA14A

If you need any information to help you make a voting decision, please contact HEI

Shareholder Services at 808.532.5841 (toll-free 866.672.5841) or invest@hei.com.

If the merger and spin-off are completed which can **only** happen if you and your fellow HEI shareholders approve the merger you will receive, for each HEI share you own: (i) 0.2413 shares of NextEra Energy common stock, (ii) 1/3 of a share of American Savings Bank's parent company common stock and (iii) a cash dividend of \$0.50. As of May 14, 2015 we estimate the total value of this package to be approximately \$32.89 (based on analyst estimates of our bank's value). Except for the special cash dividend, the value shareholders receive is expected to be tax-free. Compare this to the average closing price of HEI common stock in the 30 trading days prior to the December 3, 2014 announcement of \$27.72.

Thank you for your continued support of our companies. We're confident that merging with NextEra Energy will unlock the value of two strong, local companies, American Savings Bank and Hawaiian Electric, and deliver significant benefits to our shareholders, our customers, our employees and the communities we so proudly serve.

Mahalo,

/s/ Jeffrey N. Watanabe

Forward Looking Statements

This document contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995.

Forward-looking statements are typically identified by words or phrases such as may, will, anticipate, estimate, expect, project, intend, believe, predict, and target and other words and terms of similar meaning. Forward-looking statements involve estimates, expectations, projections, goals, forecasts, assumptions, risks and uncertainties. NEE and HEI caution readers that any forward-looking statement is not a guarantee of future performance and that actual results could differ materially from those contained in any forward-looking statement. Such forward-looking statements include, but are not limited to, statements about the anticipated benefits of the proposed merger involving NEE and HEI, including future financial or operating results of NEE or HEI, NEE's or HEI's plans, objectives, expectations or intentions, the expected timing of completion of the transaction, the value, as of the completion of the merger or spin-off of HEI's bank subsidiary or as of any other date in the future, of any consideration to be received in the merger or the spin-off in the form of stock or any other security, and other statements that are not historical facts. Important factors that could cause actual results to differ materially from those indicated by any such forward-looking statements include risks and uncertainties relating to: the risk that HEI may be unable to obtain shareholder approval for the merger or that NEE or HEI may be unable to obtain governmental and regulatory approvals required for the merger or the spin-off, or required governmental and regulatory approvals may delay the merger or the spin-off or result in the imposition of conditions that could cause the parties to abandon the transaction; the risk that a condition to closing of the merger or the completion of the spin-off may not be satisfied; the timing to consummate the proposed merger and the expected timing of the completion of the spin-off; the risk that the businesses will not be integrated successfully; the risk that the cost savings and any other synergies from the transaction, including the value of a potential tax basis step up, may not be fully realized or may take longer to realize than expected; disruption from the transaction making it more difficult to maintain relationships with customers, employees or suppliers; the diversion of management time and attention on merger and spin-off-related issues; general worldwide economic conditions and related uncertainties; the effect and timing of changes in laws or in governmental regulations (including environmental); fluctuations in trading prices of securities and in the financial results of NEE, HEI or any of their subsidiaries; the timing and extent of changes in interest rates, commodity prices and demand and market prices for electricity; and other factors discussed or referred to in the Risk Factors section of HEI's or NEE's most recent Annual Reports on Form 10-K filed with the Securities and Exchange Commission (the SEC). These risks, as well as other risks associated with the merger, are more fully discussed in the definitive proxy statement/prospectus that is included in the Registration Statement on Form S-4 that NEE has filed with the SEC in connection with the merger. Additional risks and uncertainties are identified and discussed in NEE's and HEI's reports filed with the SEC and available at the SEC's website at www.sec.gov. Each forward-looking statement speaks only as of the date of the particular statement and neither NEE nor HEI undertakes any obligation to update or revise its forward-looking statements, whether as a result of new information, future events or otherwise.
