Item 8.01 Other Events.

On March 12, 2007, the Company announced a Voluntary Separation Plan (VSP). The Company notified eligible employees of this decision on March 12, 2007. The decision to take this action resulted from a thorough analysis which revealed that a reduction in the number of employees at the Company's DeVry University subsidiary was warranted to address the Company's cost structure and real estate utilization. The VSP will be offered at 22 of the Company's DeVry University campuses with 285 employees being eligible to participate, and separation of employment is expected to be effective on June 30, 2007.

The Company anticipates that the pre-tax expenses associated with this VSP will be approximately \$3-4 million, which consists primarily of severance and extended healthcare benefits coverage. The Company anticipates that these expenses will be recognized primarily over the third and fourth quarters of fiscal year 2007.

Forward Looking Statements

This Form 8-K and the related press release contain forward-looking statements within the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. All statements other than those that are purely historical are forward-looking statements. Words such as "expect," "anticipate," "believe," "estimate," "intend," "plan," and similar expressions also identify forward-looking statements. Forward-looking statements include, without limitation, statements regarding the anticipated timing, number of impacted employees, savings, and pre-tax expenses associated with the reduction in full time faculty members and staff employees at the Company's DeVry University subsidiary.

Because these forward-looking statements involve risks and uncertainties, there are important factors that could cause the Company's actual results to differ materially from those in the forward-looking statements including, without limitation, the risk that subsequent unanticipated events, including unanticipated costs, may occur in connection with the reduction in full time faculty members and staff employees. Additional information regarding factors that could cause results to differ can be found in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2006. Readers should also consult the Company's Quarterly Report on Form 10-Q for the fiscal quarter ended December 31, 2006.

These forward-looking statements are based on information as of March 12, 2007, and the Company assumes no obligation to publicly update or revise its forward-looking statements even if experience or future changes make it clear that any projected results expressed or implied therein will not be realized.
