Proxy Statement for
The Annual Meeting of Stockholders
To Be Held on Tuesday, June 18, 2013

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors (the “Board of Directors,” or the “Board”) of Anika Therapeutics, Inc. (“Anika Therapeutics,” the “Company,” “we,” “us,” or “our”), a Massachusetts corporation, for use at the 2013 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at the Company’s corporate headquarters, 32 Wiggins Avenue, Bedford, Massachusetts 01730 on Tuesday, June 18, 2013, at 11:30 a.m. local time and at any adjournment or postponement thereof. At the Annual Meeting, the stockholders will be asked to consider and vote upon the following matters:

1. To elect two (2) Class II directors nominated by the Board of Directors, each to serve until the 2016 Annual Meeting of Stockholders and until their respective successors are duly elected and qualified;
2. To consider and approve an amendment to the Anika Therapeutics, Inc. Second Amended and Restated 2003 Stock Option and Incentive Plan;
3. To ratify the appointment of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm for the 2013 fiscal year;
4. To consider and approve an advisory vote regarding the compensation of the Company’s Named Executive Officers; and
5. To consider and act upon any other matters that may properly come before the Annual Meeting or any adjournment or postponement thereof.

Proposal 1 relates solely to the election of two (2) Class II directors nominated by the Board of Directors and does not include any other matter relating to the election of directors, including without limitation, the election of directors nominated by any stockholder of the Company.

This proxy statement, the accompanying notice of Annual Meeting, the form of proxy and Anika Therapeutics’ Annual Report are first being made available to stockholders on or about April 23, 2013. Our Annual Report, however, is not a part of the proxy solicitation materials. The Board of Directors has fixed the close of business on April 19, 2013 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. Only stockholders of record of our common stock, par value \$.01 per share, at the close of business on the record date will be entitled to notice of and to vote at the Annual Meeting. As of the record date, there were 13,996,250 shares of common stock outstanding and entitled to vote at the Annual Meeting. Holders of common stock as of the close of business on the record date will be entitled to one vote per share.

This year, pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we have again elected to provide access to our proxy materials over the Internet. Accordingly, we have sent a Notice Regarding the Availability of Proxy Materials (the “Notice”) to certain of our stockholders (excluding those stockholders who previously have requested that they receive electronic or paper copies of our proxy materials). Stockholders have the ability to access our proxy materials on the website referred to in the Notice or to request a printed set of our proxy materials at no charge. Instructions on how to access our proxy materials over the Internet and to request a printed copy of our proxy

materials may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We believe this process should expedite your receipt of our proxy materials and reduce the environmental impact of our Annual Meeting.

You may vote via the Internet at www.proxyvote.com by following the instructions in the Notice you received in the mail and which are also provided on that website; or, if you have requested a proxy card by mail, by signing, voting and returning your proxy card. You may also vote via telephone by visiting www.proxyvote.com and following the instructions on the website or, if you have requested the proxy materials by mail, by following the instructions on the proxy card. If you attend the Annual Meeting, you may vote in person even if you have previously voted by telephone or via the Internet or returned a proxy card by mail. If you hold your shares in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares voted.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by: (a) filing with the Secretary of the Company, before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy; (b) properly casting a new vote via the Internet or by telephone at any time before the closure of the Internet or telephone voting facilities; (c) duly completing a later-dated proxy relating to the same shares and delivering it to the Secretary of the Company before the taking of the vote at the Annual Meeting; or (d) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be sent so as to be delivered to Anika Therapeutics, Inc., 32 Wiggins Avenue, Bedford, Massachusetts 01730, Attention: Secretary, before the taking of the vote at the Annual Meeting.

All properly authorized proxies received and not revoked prior to or at the Annual Meeting will be voted in accordance with the stockholders' instructions by the persons named as proxies. If no voting instructions are specified, properly executed proxies will be voted (i) "for" the election of the nominees for director listed in this proxy statement, (ii) "for" the amendment to the Anika Therapeutics, Inc. Second Amended and Restated 2003 Stock Option and Incentive Plan, (iii) "for" the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the 2013 fiscal year and (iv) "for" approval of the resolution regarding compensation of the Company's Named Executive Officers. If other matters are validly presented, proxies will be voted in accordance with the discretion of the persons named as proxies.

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of common stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares held of record by stockholders or their nominees who do not return a signed and dated proxy or attend the Annual Meeting in person will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. Proxies withholding authority or marked as abstaining from a particular matter will be treated as present for purposes of determining whether a quorum is present for the Annual Meeting, but will not be counted as voting on any proposal for which authority is withheld or an abstention is indicated. If your common stock is held by a broker, bank or other nominee (i.e., in "street name") and you fail to give instructions as to how you want your shares voted (a "non-vote"), the broker, bank or other nominee may in certain circumstances, but is not required to, vote the shares in their own discretion; however, in certain circumstances a broker will not be permitted to vote such shares in its own discretion. Proxies returned by brokers as "non-votes" on behalf of shares held in street name will be counted only for the purpose of determining the presence or absence of a quorum for the transaction of business. Any shares not voted (whether by abstention, broker non-vote or otherwise) will have no impact on the proposal to approve the election of directors, except to the extent that the failure to vote for an individual in the election of directors results in another individual receiving a larger percentage of votes. For each other matter before the Annual Meeting, any shares not voted (whether by abstention, broker non-vote or otherwise) will have no impact on such proposals.

Proposal 1 (election of directors) requires the affirmative vote of a plurality of votes cast by the holders of Common Stock entitled to vote at the election. In a plurality election, votes may only be cast "for" or "withheld;" votes that are "withheld" from the nominees will not be voted in favor of the election of such nominees. For each of Proposal 2 (approve the amendment to the Anika Therapeutics, Inc. Second Amended and Restated 2003 Stock Option and Incentive Plan), Proposal 3 (the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accountants for the 2013 fiscal year) and Proposal 4 (advisory vote regarding the compensation of the Company's Named Executive Officers), the affirmative vote of the holders of a majority of shares of Common Stock present or represented at the Annual Meeting and voting on the matter is required. With respect to each of Proposal 2, Proposal 3, and Proposal 4, stockholders may vote "for," "against" or "abstain."

Important Notice Regarding the Availability of Proxy Materials for the 2013 Annual Meeting of Stockholders to be held on June 18, 2013: This proxy statement, a form of proxy, and our Annual Report to Stockholders are available at

<http://www.anikatherapeutics.com/proxy2013>. In addition, directions to the 2013 Annual Meeting of Stockholders are also available at <http://www.anikatherapeutics.com/proxy2013>.

**PROPOSAL 1:
ELECTION OF DIRECTORS**

Our Board of Directors is currently comprised of six directors and is divided into three classes: Class I, Class II and Class III. Each class of directors serves for a three-year term with one class of directors being elected by our stockholders at each annual meeting. Dr. Bower and Mr. Thompson serve as Class I Directors with a term of office expiring at the 2015 Annual Meeting. Messrs. Land and Moran serve as Class II Directors with a term of office expiring at the 2013 Annual Meeting. Mr. Wheeler and Dr. Sherwood serve as Class III Directors with a term of office expiring at the 2014 Annual Meeting.

Messrs. Land and Moran are our Board of Directors' nominees for election to the Board of Directors at the Annual Meeting. The Class II Directors will be elected to hold office until the 2016 Annual Meeting and until their successors are duly elected and qualified. Unless otherwise instructed, the persons named in the accompanying proxy will vote, as permitted by the Amended and Restated By-laws of Anika Therapeutics, to elect Messrs. Land and Moran as Class II Directors. If any of the Class II Directors becomes unavailable or declines to serve, the persons acting under the accompanying proxy may vote the proxy for the election of a substitute in their discretion. The Board of Directors has no reason to believe that either of the nominees will be unable or unwilling to serve if elected. There are no arrangements or understandings between any nominee and any other person pursuant to which such nominee was selected.

Vote Required

The election of a director requires the affirmative vote of a plurality of votes cast by the holders of common stock entitled to vote at the election. In a plurality election, votes may only be cast "for" or "withheld;" votes that are "withheld" from the nominees will not be voted in favor of the election of such nominees. This means that the two persons receiving the highest number of "for" votes will be elected as directors.

Board Recommendation

THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF THE NOMINEES OF THE BOARD AS DIRECTORS OF THE COMPANY.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH DIRECTOR NOMINEE.

The Board's Role in Risk Oversight

The role of our Board of Directors in our Company's risk oversight process includes receiving reports from management on areas of material risk to our Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate "risk owner" within the Company so that it can understand risk identification, risk management and risk mitigation strategies. When a committee receives a report from management, the Chairman of said committee reports on its review to the full Board. This enables the Board and its committees to coordinate the risk oversight role. Our Board of Directors also administers its risk oversight function through the required approval by the Board (or a committee of the Board) of significant transactions and other material decisions, and regular periodic reports from our Company's independent registered

public accounting firm and other outside consultants regarding various areas of potential risk, including, among others, those relating to our internal controls and financial reporting. As part of its charter, the Audit Committee discusses with management and our independent registered public accounting firm significant risks and exposures and the steps management has taken to minimize those risks.

Board Leadership Structure

Dr. Bower serves as the Lead Director of the Company. Separating the Lead Director role and the Chief Executive Officer role allows our Chief Executive Officer to focus on strategic management of the day-to-day business of the Company, while allowing the Lead Director to focus on leading our Board in its fundamental role of providing advice to and independent oversight of management. Our Board recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment required to serve as our Lead Director, particularly as the Board's oversight responsibilities continue to grow. Our Board believes that having separate positions, with an independent, non-executive director serving as the Lead Director, is the appropriate leadership structure for our Company at this time and allows the Board to fulfill its role with appropriate independence.

Corporate Governance, Board Matters and Committees

The Board of Directors has determined that each of its incumbent members, except for Dr. Sherwood, is "independent" within the meaning of director independence standards of the NASDAQ Stock Market, Inc. ("NASDAQ") and the SEC. The Board of Directors based these determinations primarily on a review of the responses of each director to questions regarding employment and compensation history, affiliations and family and other relationships and on other relevant discussions with the directors.

Independent directors meet periodically in executive sessions without management participation. The executive sessions generally occur in connection with regularly scheduled meetings of the Board of Directors, committees of the Board of Directors and at other times the independent directors deem appropriate. The executive sessions are chaired either by the Lead Director or by the chair of the Board committee having jurisdiction over the particular subject matter to be discussed at the particular meeting or portion of a meeting.

Anika Therapeutics' Board of Directors met five (5) times during 2012. No director attended less than 80% of the aggregate of: (1) the total number of Board meetings, and (2) the total number of meetings held by all committees on which such director served. Our Annual Meeting of Stockholders is generally held to coincide with one of the Board's regularly scheduled meetings. Directors are strongly encouraged to attend the Annual Meeting. Each of the then current directors attended the 2012 Annual Meeting of Stockholders.

The Board of Directors currently has three standing committees:

Audit Committee;

Compensation Committee; and

Governance and Nominating Committee.

The Board of Directors has adopted a written charter for each of the Audit Committee, the Compensation Committee, and the Governance and Nominating Committee. The Audit Committee has adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors. You can find links to these materials in the corporate governance section of our website at <http://www.anikatherapeutics.com>. Please note that the information contained on the website is not incorporated by reference in, or considered to be a part of, this proxy statement.

Audit Committee. The current members of the Audit Committee are Mr. Land, as Chairperson, Dr. Bower, and Mr. Moran. Messrs. Land and Moran and Dr. Bower served on the Audit Committee throughout 2012. The Board of Directors has determined that each member of the Audit Committee meets the independence requirements

promulgated by NASDAQ and the SEC, including Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In addition, the Board of Directors has determined that each member of the Audit Committee is financially literate and has the requisite financial sophistication. In addition, the Board of Directors has determined that Mr. Land qualifies as an “audit committee financial expert” under the rules of the SEC. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Land’s experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Mr. Land any duties, obligations or liability that are greater than those that are generally imposed on him as a member of the Audit Committee and the Board of Directors, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board of Directors.

The purposes of the Audit Committee are, among other things, to (1) oversee the accounting and financial reporting processes of Anika Therapeutics and the audits of its financial statements, (2) take or recommend that the Board of Directors take appropriate action to oversee the qualifications, independence and performance of Anika Therapeutics’ independent registered public accounting firm, and (3) prepare an Audit Committee report as required by the SEC to be included in Anika Therapeutics’ annual proxy statement. The Audit Committee has direct authority to appoint, retain, oversee and, when appropriate, terminate Anika Therapeutics’ independent registered public accounting firm. The Audit Committee also has the responsibility to confer with the independent registered public accounting firm regarding the scope, method and result of the audit of our books and records and to report the same to the Board of Directors and to establish and monitor a policy relative to non-audit services provided by the independent registered public accounting firm in order to ensure their independence.

The Audit Committee operates under a written charter adopted by the Board of Directors, a current copy of which may be viewed in the corporate governance section of Anika Therapeutics' website at <http://www.anikatherapeutics.com>. Please note that the information contained on the website is not incorporated by reference in, or considered to be a part of, this proxy statement. The Audit Committee holds separate sessions of its meetings, outside the presence of management, with Anika Therapeutics' independent auditors in conjunction with each regularly scheduled Audit Committee meeting that the independent auditors participate in. The Audit Committee met nine (9) times during 2012.

Compensation Committee. The current members of the Compensation Committee are Dr. Bower, as Chairperson, Mr. Thompson, and Mr. Wheeler, each of whom is independent for purposes of NASDAQ listing standards and the SEC. In addition, the Governance and Nominating Committee will take into consideration such other factors as it deems appropriate, including any direct experience in the biotechnology, pharmaceutical and/or life sciences industries or in the markets in which Anika Therapeutics operates. The Company has adopted a retirement policy providing that directors will not be nominated for election to the Board of Directors after their 75th birthday. While the Company does not have a formal diversity policy, the Governance and Nominating Committee may consider whether the candidate, if elected, assists in achieving a mix of Board members that represents a diversity of background and experience. The

Governance and Nominating Committee may also consider, among other things, the skills of the candidate, his or her availability, depth and breadth of experience or other background characteristics, and his or her independence. Depending upon the current needs of the Board, these and other factors may be weighed more or less heavily by the Governance and Nominating Committee.

The Governance and Nominating Committee will consider written recommendations from stockholders of Anika Therapeutics regarding potential candidates for election as directors. The Governance and Nominating Committee will review and evaluate the qualifications of director nominee candidates who have been recommended by stockholders in compliance with procedures established from time to time by the Governance and Nominating Committee and conduct such inquiries as it deems appropriate. The Governance and Nominating Committee will consider for nomination any proposed director candidate who is deemed qualified by the Governance and Nominating Committee in light of the minimum qualifications and other criteria for Board membership described above or otherwise approved by the Board from time to time.

COMPENSATION DISCUSSION AND ANALYSIS

This section describes and analyzes the material elements of the 2012 compensation for the Anika Therapeutics executive officers identified in the Summary Compensation Table hereunder. We refer to these individuals as the named executive officers, or “NEOs.” The Compensation Committee of the Board of Directors oversees all decisions regarding the compensation of the NEOs, including base salary, annual bonuses, equity incentives, perquisites, and other agreements and arrangements.

Philosophy and Process

The overall objective of Anika Therapeutics’ executive compensation policy is to attract and retain highly qualified executive officers and motivate them to provide a high level of performance for the benefit of Anika Therapeutics and its stockholders. The Compensation Committee approves Anika Therapeutics’ compensation policies and oversees Anika Therapeutics’ overall compensation program. The Compensation Committee believes that to accomplish these objectives the compensation packages should provide executive officers with market competitive base salaries and the opportunity to earn additional compensation based upon Anika Therapeutics’ business progress, financial performance, and the performance of Anika Therapeutics’ common stock.

In considering compensation for Anika Therapeutics’ executive officers, the Compensation Committee relies primarily on the Company’s financial performance, an assessment of the individual’s performance and contribution to Anika Therapeutics development and achievements, in addition to quantitative factors such as general compensation trends. In this regard, the Compensation Committee periodically reviews surveys of executive compensation and information concerning compensation at similarly situated companies. In completing its analysis, the Compensation Committee reviewed competitive data compiled from a peer group comprised of 8 companies of similar size and related businesses, consisting of Exactech Inc., Harvard Bioscience, Inc., Immunogen Inc., Kensey Nash Corporation, OBAGI Medical Products, Inc., Quidel Corporation, Xoma Corporation, and RTI Biologics, Inc. The Company also reviewed market data from the 2011 Radford U.S. Global Life Sciences Executive Survey (the “Radford Survey”) covering over 500 companies. While the Compensation Committee does not determine compensation based on formulaic criteria, it does seek to achieve an overall compensation level approximating the industry median. In December 2012, the Compensation Committee utilized the services of Aon Consulting and approved a new peer group of 17 companies. This new peer group was focused on commercial companies, comprising biopharmaceuticals and medical device companies. The following is the composition of the peer group.

Biopharmaceutical companies: AMAG Pharmaceuticals, Inc., Astex Pharmaceuticals, Inc., Cornerstone Therapeutics, Inc., Dyax Corp., Immunomedics, Inc., OBAGI Medical Products, Inc., POZEN, Inc., Sucampo Pharmaceuticals, Inc., Vical Incorporated, and Zogenix, Inc.

Medical device companies: AtriCure, Inc., CryoLife Inc., Cynosure, Inc., Exactech Inc., Harvard Bioscience Inc., Palomar Medical Technologies, Inc., and RTI Biologics, Inc.

With respect to financial performance, the Company began 2012 with a budget based on its core business, including the business of Anika S.r.l., with the knowledge that there were events that could impact the achievement of the budgeted goals. These events included the continued efforts to gain U.S. approval of MONOVISC, the completion of our Bedford, MA manufacturing facility’s full approval, transfer of Anika S.r.l.’s gel-based production from Italy to Bedford, MA, and the ongoing development of the Anika S.r.l. business, among others. The Compensation Committee agreed it would review actual developments and determine executive compensation based on actual performance and achievements.

Components of Compensation

The principal components of Anika Therapeutics' compensation policy for its executive officers are base salary, cash bonuses, and equity based grants. Decisions regarding each component are made independent of any other component.

Base Salary. The primary component of compensation for Anika Therapeutics' executive officers is base salary. Base salary levels for Anika Therapeutics' executive officers are determined based upon an evaluation of a number of factors, including the individual's level of responsibility, experience, performance and competitive market practices as determined by Anika Therapeutics' analysis of management compensation surveys, and a review of other published data relating to executive compensation, including peer group data, and taking into account any contractual obligations. Salaries are reviewed on an annual basis.

Cash Bonus. The second principal component of Anika Therapeutics' compensation policy for executive officers consists of discretionary cash bonuses. The Compensation Committee considers the achievement of financial results, organizational development, business and technical development, and contribution to increasing shareholder value in its discretion to determine the amounts and timing of the bonuses. Historically, cash bonuses for the most recently completed year are awarded contemporaneously with annual compensation reviews for the subsequent year. Bonuses are prorated in the year of hire. The Compensation Committee also grants cash bonuses for executive retention purposes, taking into account, among other things, general industry practices, as well as special performance bonuses in exceptional circumstances, and any contractual obligations. Bonuses are not determined based on a formula, but rather by taking into account both Company and individual performance as a whole.

After the completion of the year (2012), the Compensation Committee, with the assistance of the Chief Executive Officer, reviewed the Company's performance, as well as the individual performance of each NEO. Accomplishments that factored into the bonus and equity awards for 2012 included the full approval of our Bedford, MA manufacturing facility by the FDA and other pertinent regulatory authorities; the completion of the transfer of Anika S.r.l. gel-based production from Italy to Bedford, MA, the restructuring of Anika S.r.l.'s tissue engineering business which we expect will provide future savings and allow us to focus on products and technologies with strong commercial potentials; exceeding 2012's budget for consolidated net income; delivering double-digit percentage growth for top and bottom line from 2011; and extending the JNJ Agreement with Depuy Mitek for our ORTHOVISC product through December 2018, among other factors. In the Compensation Committee's opinion, these accomplishments more than offset the areas in which the Company made less progress than originally anticipated in its budget from the beginning of 2012, including delays in the FDA's approval of MONOVISC (collectively, the "2012 Results"). For 2012, the Compensation Committee determined that the Company made excellent overall progress.

Equity Based Grants. The third principal component of Anika Therapeutics' compensation policy for executive officers consists of grants under the Second Amended and Restated 2003 Stock Option and Incentive Plan (the "Second Amended 2003 Plan"). Under this plan, executive officers may be granted stock options or other forms of equity securities such as stock appreciation rights ("SARs") and performance-based restricted stock. The equity component of Anika Therapeutics' compensation policy provides the opportunity for Anika Therapeutics' executive officers to be compensated based upon increases in the market price of Anika Therapeutics' common stock. The Compensation Committee has delegated to the Company's Chief Executive Officer the ability to make grants to non-officer employees under the Second Amended 2003 Plan. Effective April 11, 2013, the Chief Executive Officer can grant up to an annual maximum of 30,000 shares per individual and 150,000 shares per year in the aggregate, provided any such grants comply with all existing plan and statutory requirements.

Compensation of Chief Executive Officer. In 2012, Dr. Sherwood's annual salary was \$505,447. In determining the compensation for Dr. Sherwood in 2012, the Compensation Committee evaluated corporate, individual and organizational accomplishments by Anika Therapeutics in 2011. In addition, the Compensation Committee took into account information regarding the compensation paid to other Chief Executive Officers in comparably sized, publicly traded companies in the pharmaceutical and medical devices industry and the relative performance of such companies, and data from the Radford Survey.

In recognition of the corporate, individual and organizational accomplishments of Anika Therapeutics for 2012 including his leadership and contributions to the 2012 Results, in February 2013, the Compensation Committee awarded Dr. Sherwood a cash bonus of \$303,438 (approximately 100% of his target bonus).

The Compensation Committee also factored into its evaluation the aggregate value of all compensation received by the Chief Executive Officer, including the total beneficial ownership of Anika Therapeutics represented by the Chief Executive Officer's "in-the-money" stock options as compared to the holdings of other comparably situated Chief Executive Officers, based on data from the Radford Survey.

Compensation of Chief Financial Officer. In 2012, Mr. Quinlan's annual salary was \$288,753. In determining the compensation for Mr. Quinlan in 2012, the Compensation Committee evaluated corporate, individual and organizational accomplishments by Anika Therapeutics in 2011. In addition, the Compensation Committee took into account information regarding the compensation paid to other Chief Financial Officers in comparably sized, publicly traded companies in the pharmaceutical and medical devices industry and the relative performance of such companies, and data from the Radford Survey.

In recognition of the corporate, individual and organizational achievements of Anika Therapeutics for 2012, including his contributions to the 2012 Results, in February 2013, the Compensation Committee awarded Mr. Quinlan a cash bonus of \$115,566 (approximately 100% of his target bonus).

Compensation of Chief Operating Officer. In 2012, Mr. Luppino's annual salary was \$326,327. In determining the compensation for Mr. Luppino in 2012, the Compensation Committee evaluated corporate, individual and organizational accomplishments by Anika Therapeutics in 2011. In addition, the Compensation Committee took into account information regarding the compensation paid to other Chief Operating Officers in comparably sized, publicly traded companies in the pharmaceutical and medical devices industry and the relative performance of such companies, and data from the Radford Survey.

In recognition of the corporate, individual and organizational achievements of Anika Therapeutics for 2012, including his contributions to the 2012 Results, in February 2013, the Compensation Committee awarded Mr. Luppino a cash bonus of \$102,851 (approximately 70% of his target bonus).

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), limits the federal income tax deductibility of compensation paid to Anika Therapeutics’ Chief Executive Officer and to each of the other two most highly compensated executive officers, to the extent such compensation exceeds \$1 million per person. There is an exemption from the \$1 million limit for performance-based compensation that meets certain requirements. For this purpose, certain awards made under the Second Amended 2003 Plan qualify as performance-based compensation. While our Board intends to design certain components of executive compensation to preserve deductibility under Section 162(m) of the Code, it believes that stockholder interests are best served by not restricting our Board’s or the Compensation Committee’s discretion and flexibility in crafting compensation programs, even though such programs may result in certain non-deductible compensation expenses. Accordingly, our Board and the Compensation Committee have from time to time approved, and our Board or the Compensation Committee may in the future approve, compensation arrangements for certain officers, including the grant of equity-based awards, that may not be fully deductible for federal corporate income tax purposes. Considering Anika Therapeutics’ current compensation plans and policies, Anika Therapeutics and the Compensation Committee believe that, for the near future, there is little risk that Anika Therapeutics will lose any significant tax deduction relating to executive compensation. The Compensation Committee may approve compensation or changes to plans, programs or awards that may cause the compensation or awards to exceed the limitation under section 162(m) if it determines that such action is appropriate and in our best interests.

Agreements with Named Executive Officers

On October 17, 2008, the Company entered into Employment Agreements (individually, the “Employment Agreement” and collectively, the “Employment Agreements”) with each of Dr. Charles H. Sherwood, Ph.D., President and Chief Executive Officer of the Company, and Kevin Quinlan, Chief Financial Officer of the Company. On September 10, 2009, the Company entered into an Employment Agreement with Mr. Frank Luppino, Chief Operating Officer of the Company. (collectively, the “Senior Executives”) Base salaries for the Senior Executives are subject to annual review by either the Board of Directors or the Compensation Committee, and did not change as a result of the Employment Agreements. In addition, the Senior Executives are subject to confidentiality, non-disclosure, non-competition, non-solicitation, assignment, and arbitration provisions. Effective December 8, 2010, the Company entered into amendments to the Employment Agreements with the above Senior Executives to include certain technical amendments to bring such agreements into compliance with Section 409A of the Code and the regulations thereunder.

Historically, the Company has entered into employment agreements providing severance benefits with senior executives to be competitive with its peer group, for retention purposes, and to attract well qualified and talented executives. In exchange for such severance protection, our senior executives have agreed to be bound by certain restrictive covenants, including non-competition and non-solicitation provisions. We believe that these agreements are fair to the executives and to our stockholders because these agreements provide relatively modest severance in exchange for the negative covenants which protect us.

Contract of Chief Executive Officer

In addition to his base salary in existence at the time of the agreement, Dr. Sherwood is eligible to receive cash incentive compensation, with a target bonus equal to 60% of his annual base salary. Pursuant to the terms of the Employment Agreement, upon any termination, whether due to death, disability, or for any reason by Dr. Sherwood, or the Company, Dr. Sherwood would be entitled to any accrued benefits, including any earned but unpaid base salary and incentive compensation, unpaid expense reimbursements, accrued but unused vacations, and any vested benefits under the Company’s employee benefit plans.

Subject to certain conditions, upon an involuntary termination by the Company of Dr. Sherwood’s employment without “cause” (as defined in his Employment Agreement) or a voluntary termination of employment by him for “good reason” (as defined in his Employment Agreement), Dr. Sherwood would be entitled to receive a severance amount equal to 1.5 times the sum of his current base salary and target annual bonus for the then current fiscal year and would be eligible to continue to participate in the Company’s group health, dental and vision program for 18 months. If Dr. Sherwood’s termination of employment occurs within 3 months prior to or within 12 months after a “change in control” (as defined in his Employment Agreement) and such termination is made by him for “good reason” or by the Company without “cause,” (i) Dr. Sherwood would be entitled to receive, in lieu of the severance amount described above, a severance amount equal to two times the sum of his current base salary and target annual bonus for the then current fiscal year, (ii) all of Dr. Sherwood’s stock options and stock-based awards would immediately accelerate and become fully exercisable or non-forfeitable as of the effective date of such change in control, and (iii) Dr. Sherwood would be eligible to continue to participate in the Company’s group health, dental and vision program for 24 months, subject to certain conditions.

Under the terms of his Employment Agreement with the Company, Dr. Sherwood would receive a gross-up payment that, on an after-tax basis, is equal to the taxes imposed on the severance payments under his Employment Agreement in the event any payment or benefit to the executive is considered an “excess parachute payment” and subject to an excise tax under the Code. Notwithstanding the foregoing, the amount of gross-up payment that Dr. Sherwood would be entitled to receive is limited to \$500,000.

Contract of Chief Financial Officer

In addition to his base salary in existence at the time of the agreement, Mr. Quinlan is eligible to receive cash incentive compensation, with a target bonus equal to 40% of his annual base salary. Pursuant to the terms of the Employment Agreement, upon any termination, whether due to death, disability, or for any reason by Mr. Quinlan, or the Company, Mr. Quinlan would be entitled to any accrued benefits, including any earned but unpaid base salary and incentive compensation, unpaid expense reimbursements, accrued but unused vacations, and any vested benefits under the Company's employee benefit plans.

Subject to certain conditions, upon an involuntary termination by the Company of Mr. Quinlan's employment without "cause" (as defined in the Employment Agreement) or a voluntary termination of employment by him for "good reason" (as defined in the Employment Agreement), Mr. Quinlan would be entitled to receive a severance amount equal to his current base salary for the then current fiscal year and would be eligible to continue to participate in the Company's group health, dental and vision program for 12 months. If Mr. Quinlan's termination of employment occurs within 3 months prior to or within 12 months after a "change in control" (as defined in the Employment Agreement) and such termination is either by him for "good reason" or by the Company without "cause," (i) Mr. Quinlan would be entitled to receive, in lieu of the severance amount described above, a severance amount equal to 1.5 times the sum of his current base salary and target annual bonus for the then current fiscal year, (ii) all of Mr. Quinlan's stock options and stock-based awards would immediately accelerate and become fully exercisable or non-forfeitable as of the effective date of such change in control, and (iii) Mr. Quinlan would be eligible to continue to participate in the Company's group health, dental and vision program for 18 months, subject to certain conditions.

Under the terms of his Employment Agreement, Mr. Quinlan would be subject to a modified economic cutback in the event any payment or benefit to him is considered an "excess parachute payment" and subject to an excise tax under the Code.

On January 22, 2013, Anika announced that Mr. Quinlan would be leaving the Company effective March 31, 2013 to pursue other professional responsibilities. On February 22, 2013, Anika Therapeutics, Inc. and Mr. Quinlan entered into a separation agreement (the "Separation Agreement") in connection with his departure as the Company's Chief Financial Officer. Pursuant to the Separation Agreement, among other items, Mr. Quinlan will receive his base salary for twelve months following the Termination Date on the Company's regular payroll schedule, subject to applicable tax withholdings. The Company will continue providing medical and dental coverage for Mr. Quinlan until the earliest of (i) March 31, 2014, or (ii) the date Mr. Quinlan becomes eligible for group medical care coverage through other employment. Mr. Quinlan will be eligible for COBRA continuation coverage after March 31, 2014 to the extent eligibility conditions are met. Mr. Quinlan will receive an extended exercise period for 88,750 shares of vested equity awards through December 31, 2013.

Contract of Chief Operating Officer

Pursuant to the terms of the Employment Agreement, upon any termination, whether due to death, disability, or for any reason by Mr. Luppino, or the Company, Mr. Luppino would be entitled to any accrued benefits, including any earned but unpaid base salary and incentive compensation, unpaid expense reimbursements, accrued but unused vacations, and any vested benefits under the Company's employee benefit plans.

Subject to certain conditions, upon an involuntary termination by the Company of Mr. Luppino's employment without "cause" (as defined in the Employment Agreement) or a voluntary termination of employment by him for "good reason" (as defined in the Employment Agreement), Mr. Luppino would be entitled to receive a severance amount equal to his current base salary for the then current fiscal year and would be eligible to continue to participate in the Company's group health, dental and vision program for 12 months. If Mr. Luppino's termination of employment occurs within 3 months prior to or within 12 months after a "change in control" (as defined in the Employment Agreement) and such termination is either by him for "good reason" or by the Company without "cause," (i) Mr. Luppino would be entitled to receive, in lieu of the severance amount described above, a severance amount equal to 1.5 times the sum of his current base salary and target annual bonus for the then current fiscal year, and (ii) Mr. Luppino would be eligible to continue to participate in the Company's group health, dental and vision program for 18 months, subject to certain conditions.

Under the terms of his Employment Agreement, Mr. Luppino would be subject to a modified economic cutback in the event any payment or benefit to him is considered an "excess parachute payment" and subject to an excise tax under the Code.

Second Amended and Restated 2003 Stock Option and Incentive Plan

In 2003, Anika Therapeutics adopted the 2003 Stock Option and Incentive Plan to provide incentives to officers, employees, non-employee directors and other key persons. In 2009, the Board of Directors, upon recommendation of the Compensation Committee, adopted the Amended 2003 Plan which was approved by the stockholders on June 5, 2009. The Second Amended 2003 Plan provides that in the event of a "change of control", as defined in the Second Amended 2003 Plan, generally all stock options and stock appreciation rights will automatically become fully exercisable and that the restrictions and conditions on all awards of restricted stock, deferred stock awards and performance share awards will automatically be deemed waived. THE FOREGOING REPORT SHOULD NOT BE DEEMED INCORPORATED BY REFERENCE INTO ANY FILING UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED, BY ANY GENERAL STATEMENT INCORPORATING BY REFERENCE THIS PROXY STATEMENT, EXCEPT TO THE EXTENT THAT ANIKA THERAPEUTICS SPECIFICALLY INCORPORATES THIS INFORMATION BY REFERENCE, AND SHALL NOT OTHERWISE BE DEEMED FILED UNDER SUCH ACTS.

PROPOSAL 2:

APPROVAL OF AN AMENDMENT TO THE SECOND AMENDED AND RESTATED 2003 STOCK OPTION AND INCENTIVE PLAN

The Board of Directors, upon recommendation of the Compensation Committee, has adopted an amendment to the Company's Second Amended and Restated 2003 Stock Option and Incentive Plan (as amended, the "Amended Plan") for officers, employees, non-employee directors and other key persons of Anika Therapeutics and its subsidiaries, subject to the approval of the Amended Plan by our stockholders. The Amended Plan, if approved by our stockholders, will amend the Company's Second Amended and Restated 2003 Stock Option and Incentive Plan (the "Second Amended 2003 Plan").

The Amended Plan provides flexibility to the Compensation Committee to use various equity-based incentive awards as compensation tools to motivate the Company's workforce. A copy of the Amended Plan is attached as Appendix A to this proxy statement and is incorporated herein by reference.

Summary of the Material Features of the Amendment

The material features of the Amended Plan as proposed to be amended are:

Increase in shares available. At present we are authorized to grant equity-based awards under the Second Amended 2003 Plan for up to 3,150,000 shares of common stock. As of March 31, 2013, we had options with respect to 1,243,482 shares outstanding, stock appreciation rights with respect to 750,960 shares outstanding, and restricted stock with respect to 42,339 shares outstanding, and 420,228 shares available for future grants under the Second Amended 2003 Plan.

Based on our current compensation policies, the Compensation Committee believes that in the near future there will not be a sufficient number of shares of common stock available for future awards under the Second Amended 2003 Plan in order to enable us to continue to achieve our objectives. Therefore, as contemplated in the Amended Plan, the maximum number of shares of common stock for which we may grant awards under the Amended Plan will be increased by 650,000 shares from 3,150,000 to 3,800,000 shares. The additional shares constitute approximately 5% of the 13,977,876 shares of common stock that were outstanding on March 31, 2013. The additional 650,000 shares, together with the existing 420,228 shares available as of March 31, 2013, are expected to provide us with a sufficient number of available shares of common stock to make awards under the Amended Plan for the foreseeable future.

Determining Number of Shares Available; Full Value Shares. The Amended Plan provides that for the purposes of determining the number of shares available for issuance under the Amended Plan, the grant of any full value award (i.e., an award other than an option or a stock appreciation right) after June 18, 2013 shall be deemed an award of one and one half (1.5) shares for each share subject to such full value award.

The Amended Plan will continue to be administered by the Compensation Committee of the Board of Directors. The Compensation Committee, in its discretion, may grant stock-based awards (including incentive stock options, non-qualified stock options, stock appreciation rights, deferred stock, restricted stock, unrestricted stock, performance shares and dividend equivalent rights) to officers, employees, non-employee directors and other key persons under the Amended Plan. Subject to adjustment for stock splits, stock dividends and similar events, the total number of shares of our common stock that can be issued under the Amended Plan would be 3,800,000 shares. Based solely on the closing price of the Company's common stock as reported by the NASDAQ on March 31, 2013 and the 1,070,228 shares that would have been available for award as of that date (assuming that the Amended Plan was effective as of such date),

the aggregate market value of the common stock that could potentially be issued under the Amended Plan is approximately \$15.5 million. The shares issued by Anika Therapeutics under the Amended Plan may be authorized but unissued shares, or shares reacquired by Anika Therapeutics. To the extent that awards under the Amended Plan do not vest or otherwise revert to Anika Therapeutics, the shares of common stock represented by such awards may be the subject of subsequent awards.

Qualified Performance-Based Compensation under Code Section 162(m)

To ensure that certain awards granted under the Amended Plan to a "Covered Employee" (as defined in the Internal Revenue Code of 1986 (the "Code")) qualify as "performance-based compensation" under Section 162(m) of the Code, the Amended Plan provides that the Compensation Committee may require that the vesting of such awards be conditioned on the satisfaction of performance criteria that may include any or all of the following: earnings before interest, taxes, depreciation and amortization, net income (loss) (either before or after interest, taxes, depreciation and/or amortization), changes in the market price of the stock, economic value-added, funds from operations or similar measure, sales or revenue, acquisitions or strategic transactions, operating income (loss), cash flow (including, but not limited to, operating cash flow and free cash flow), return on capital, return on assets, return on equity, or return on investment, stockholder returns, return on sales, gross or net profit levels, productivity, expense, margins, operating efficiency, customer satisfaction, working capital, earnings (loss) per share of Stock, sales or market shares and number of customers, any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group, and with respect to any Award that is not intended to be a Performance-Based Award, such criteria as may be determined by the Administrator. The Administrator will select the particular performance criteria within 90 days following the commencement of a performance cycle. Subject to adjustments for stock splits and similar events, the maximum award granted to any one individual that is intended to qualify as "performance-based compensation" under Section 162(m) of the Code will not exceed 400,000 shares for any performance cycle and options or stock appreciation rights with respect to no more than 400,000 shares of common stock may be granted to any one individual during any calendar year period. If a performance-based award is payable in cash, it cannot exceed \$1,000,000 for any performance cycle.

Summary of the Second Amended and Restated 2003 Stock Option and Incentive Plan, as Amended

The following description of certain features of the Amended Plan, if approved by our stockholders, is intended to be a summary only. The summary is qualified in its entirety by the full text of the Amended Plan that is attached hereto as Appendix A.

Amended Plan Administration. The Amended Plan provides for administration by a committee of not fewer than two non-employee directors (the "Administrator"), as appointed by the Board of Directors from time to time. The Administrator has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the Amended Plan. In addition, the Administrator may not re-price outstanding options or cancel stock options or stock appreciation rights for cash without prior stockholder approval, other than to appropriately reflect changes in the capital structure of Anika Therapeutics. The Administrator may delegate to our Chief Executive Officer the authority to grant stock options and other awards to employees who are not subject to the reporting and other provisions of Section 16 of the Exchange Act and not subject to Section 162(m) of the Code, subject to certain limitations and guidelines.

Eligibility. All full-time and part-time officers, employees, non-employee directors and other key persons of Anika Therapeutics and its subsidiaries are eligible to participate in the Amended Plan, subject to the discretion of the Administrator. The number of individuals potentially eligible to participate in the Amended Plan is currently approximately 120 persons. The Administrator will use its discretion to select individuals to participate in the Amended Plan who are responsible for, or contribute to, the management, growth or profitability of the Company.

Plan Limits. The maximum award of stock options or stock appreciation rights granted to any one individual will not exceed 400,000 shares of common stock (subject to adjustment for stock splits and similar events) for any calendar year period. If any award of restricted stock, deferred stock or performance shares granted to an individual is intended to qualify as "performance based compensation" under Section 162(m) of the Code, then the maximum award shall

not exceed 400,000 shares of common stock (subject to adjustment for stock splits and similar events) to any one such individual in any performance cycle. If any cash-based award is intended to qualify as "performance-based compensation" under Section 162(m) of the Code, then the maximum award to be paid in cash in any performance cycle may not exceed \$1,000,000. In addition, no more than 3,800,000 shares will be issued in the form of incentive stock options.

Effect of Awards. For purposes of determining the number of shares available for issuance under the Amended Plan, the grant of any "full value award" (i.e., a restricted stock award, deferred stock award, unrestricted stock award or performance share) after June 18, 2013 shall be deemed an award of one and one half (1.5) shares for each share subject to such full value award. For purposes of determining the number of shares available for issuance under the Amended Plan, the grant of any option or stock appreciation right shall be deemed an award of one (1) share for each share subject to such option or stock appreciation award.

Stock Options. Options granted under the Amended Plan may be either incentive stock options ("Incentive Options") (within the meaning of Section 422 of the Code) or non-qualified stock options ("Non-Qualified Options"). Incentive Options may be granted only to employees of Anika Therapeutics or any subsidiary. Options granted under the Amended Plan will be Non-Qualified Options if they (1) fail to qualify as Incentive Options, (2) are granted to a person not eligible to receive Incentive Options under the Code, or (3) otherwise so provide. Non-Qualified Options may be granted to persons eligible to receive Incentive Options and to non-employee directors and other key persons. No more than 3,800,000 shares of common stock may be issued in the form of Incentive Options.

Other Option Terms. The Administrator has authority to determine the terms of options granted under the Amended Plan. The option exercise price of each option will be determined by the Administrator but may not be less than 100% of the fair market value of the shares of common stock on the date of the option grant. Fair market value for this purpose shall be determined by the Administrator by reference to market quotations on the date of grant.

The term of each option will be fixed by the Administrator and may not exceed ten years from the date of grant. The Administrator will determine at what time or times each option may be exercised and, subject to the provisions of the Amended Plan, the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. Options may be made exercisable in installments, and the exercisability of options may be accelerated by the Administrator. In general, unless otherwise permitted by the Administrator, no option granted under the Amended Plan is transferable by the optionee other than by will or by the laws of descent and distribution, and options may be exercised during the optionee's lifetime only by the optionee, or by the optionee's legal representative or guardian in the case of the optionee's incapacity.

Options granted under the Amended Plan may be exercised for cash or, if permitted by the Administrator, by transfer to Anika Therapeutics (either actually or by attestation) of shares of common stock that are not then subject to restrictions under any Anika Therapeutics stock plan, and that have been held by the optionee for at least six months or were purchased on the open market, and that have a fair market value equivalent to the option exercise price of the shares being purchased, or, subject to applicable law, by compliance with certain provisions pursuant to which a securities broker delivers the purchase price for the shares to Anika Therapeutics. In addition, the Administrator may permit non-qualified options to be exercised using a net exercise feature which reduces the number of shares issued to the optionee by the number of shares with a fair market value equal to the exercise price.

To qualify as Incentive Options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to Incentive Options which first become exercisable by any individual in any one calendar year, and a shorter term and higher minimum exercise price in the case of certain large stockholders.

The number of options to be received under the Amended Plan by the Company's named executive officers; current executive officers as a group; current directors who are not executive officers as a group; nominees elected as directors; associates of any such directors; executive officers or nominees; any person who could receive 5% of such options; and all employees, including current officers who are not executive officers, as a group is not determinable because grants of options under the Amended Plan is within the discretion of the Administrator.

Stock Appreciation Rights. The Administrator may award stock appreciation rights. Upon exercise of the stock appreciation right, the holder will be entitled to receive an amount equal to the excess of the fair market value on the date of exercise of one share of common stock over the exercise price per share specified in such right times the number of shares of common stock with respect to which the stock appreciation right is exercised. This amount may be paid in cash, common stock, or a combination thereof, as determined by the Administrator. The exercise price is the fair market value of the common stock on the date of grant.

Restricted Stock Awards. The Administrator may grant shares, at a purchase price determined by the Administrator, of common stock to any participant subject to such conditions and restrictions as the Administrator may determine. These conditions and restrictions may include achievement of pre-established performance goals and/or continued employment with Anika Therapeutics through a specified vesting period. The vesting period shall be determined by the Administrator. If the applicable performance goals and other restrictions are not attained, the participant will forfeit his or her award of restricted stock.

Unrestricted Stock Awards. The Administrator may also grant shares of common stock that are free from any restrictions under the Amended Plan. Unrestricted stock may be granted to any participant in recognition of past services or other valid consideration, and may be issued in lieu of cash compensation due to such participant.

Deferred Stock Awards. The Administrator also may award phantom stock units as deferred stock awards to participants. The deferred stock awards are ultimately payable in the form of shares of common stock and may be subject to such conditions and restrictions as the Administrator may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with Anika Therapeutics through a specified vesting period. During the deferral period, subject to terms and conditions imposed by the Administrator, the deferred stock awards may be credited with dividend equivalent rights (discussed below). Subject to the consent of the Administrator, in its sole discretion, a participant may make an advance election to receive a portion of his or her compensation or restricted stock award otherwise due in the form of a deferred stock award, subject to the participant's compliance with the procedures established by the Administrator and requirements of Section 409A of the Code.

Cash-Based Awards. The Administrator may grant cash bonuses under the Amended Plan. The cash bonuses may be subject to achievement of certain performance goals (as summarized above).

Performance Share Awards. The Administrator may grant performance share awards to any participant that entitle the recipient to receive shares of common stock upon the achievement of specified performance goals and such other conditions as the Administrator shall determine. The Administrator will select the particular performance criteria within 90 days following the commencement of a performance cycle. The period during which performance is to be measured for such awards shall not be less than one year.

Dividend Equivalent Rights. The Administrator may grant dividend equivalent rights that entitle the recipient to receive credits for dividends that would be paid if the recipient had held specified shares of common stock. Dividend equivalent rights may be granted as a component of another award or as a freestanding award. Dividend equivalent rights credited under the Amended Plan may be paid currently or be deemed to be reinvested in additional shares of common stock, that may thereafter accrue additional dividend equivalent rights at fair market value at the time of deemed reinvestment or on the terms then governing the reinvestment of dividends under our dividend reinvestment plan, if any. Dividend equivalent rights may be settled in cash, shares of common stock or a combination thereof, in a single installment or installments, as specified in the award.

Tax Withholding. Participants under the Amended Plan are responsible for the payment of any federal, state or local taxes that we are required by law to withhold upon any option exercise or vesting of other awards. Subject to approval by the Administrator, participants may elect to have the minimum tax withholding obligations satisfied either by authorizing us to withhold shares of common stock to be issued pursuant to an option exercise or other award, or by transferring to us shares of common stock having a value equal to the amount of such taxes.

Change of Control Provisions. The Amended Plan provides that upon the effectiveness of a “sale event” as defined in the Amended Plan, all outstanding awards will be assumed or continued by the successor entity, with appropriate adjustment in the awards to reflect the transaction. If there is a sale event in which the successor entity refuses to assume or continue outstanding awards, then subject to the consummation of the sale event, all awards with time-based vesting conditions will become fully vested and exercisable at the effective time of the sale event and all awards with performance-based vesting conditions may become vested and exercisable in the discretion of the Administrator. If awards are not assumed or continued after a sale event, then all such awards will terminate at the time of the sale event. In the event of the termination of stock options or stock appreciation rights in connection with a sale event, the Administrator may either make or provide for a cash payment to the holders of such awards equal to the difference between the per share transaction consideration and the exercise price of such awards or permit each holder to have period of time to exercise such awards prior to their termination.

Adjustments for Stock Dividends, Mergers, etc. The Amended Plan authorizes the Administrator to make appropriate adjustments to the number of shares of common stock that are subject to the Amended Plan and to any outstanding stock options to reflect stock dividends, stock splits and similar events. In the event of certain transactions, such as a merger, consolidation, dissolution or liquidation of Anika Therapeutics, all stock options and stock appreciation rights will automatically become fully exercisable and the restrictions and conditions on all other stock based awards will automatically be deemed waived. In addition, the Amended Plan and all awards will terminate unless the parties to the transaction, in their discretion, provide for appropriate substitutions or adjustments of outstanding stock options or other awards.

Amendments and Termination. The Board of Directors may at any time amend or discontinue the Amended Plan and the Administrator may at any time amend or cancel any outstanding award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect the rights under any outstanding awards without the holder's consent. No outstanding stock option or stock appreciation right under the Amended Plan may be re-priced, by amendment or cancellation and re-grant, without the prior approval of the Company’s stockholders. To the extent required under the rules of NASDAQ, or other applicable laws, rules or requirements, any amendments that materially change the terms of the Amended Plan (such as amendments to increase the cost of the Amended Plan by increasing the number of shares reserved for issuance under the Amended Plan) will be subject to approval by our stockholders. To the extent required by the Code to ensure that options granted under the Amended Plan qualify as Incentive Options or that compensation earned under stock options granted under the Amended Plan qualify as performance-based compensation under the Code, Amended Plan amendments shall be subject to approval by our stockholders.

Effective Date of Amended Plan. The Board adopted the Amended Plan on April 11, 2013, and the Amended Plan becomes effective on the date it is approved by stockholders. Awards of incentive options may be granted under the Amended Plan until April 5, 2021. No other awards may be granted under the Amended Plan after the date that is 10 years from the date of stockholder approval. If the Amended Plan is not approved by stockholders, the Second Amended 2003 Plan will continue in effect until it expires, and awards may be granted thereunder, in accordance with its terms.

New Plan Benefits

Because the grant of awards under the Amended Plan is within the discretion of the Compensation Committee, Anika Therapeutics cannot determine the dollar value or number of shares of common stock that will in the future be received by or allocated to any participant in the Amended Plan. Accordingly, in lieu of providing information regarding benefits that will be received under the Amended Plan, the following table provides information concerning the benefits that were received by the following persons and groups during 2012 under the Second Amended 2003

Edgar Filing: ANIKA THERAPEUTICS INC - Form DEF 14A

Tax Aspects under the U.S. Internal Revenue Code

The following is a summary of the principal federal income tax consequences of transactions under the Amended Plan. It does not describe all federal tax consequences under the Amended Plan, nor does it describe state or local tax consequences.

The advice set forth below was not intended or written to be used, and it cannot be used, by any taxpayer for the purpose of avoiding United States federal tax penalties that may be imposed on the taxpayer. The advice was written to support the promotion or marketing of the transaction(s) or matter(s) addressed herein. Each taxpayer should seek advice based upon the taxpayer's particular circumstances from an independent tax advisor. The foregoing language is intended to satisfy the requirements under the regulations in Section 10.35 of Circular 230.

Incentive Options. No taxable income is generally realized by the optionee upon the grant or exercise of an Incentive Option. If shares of common stock issued to an optionee pursuant to the exercise of an Incentive Option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then (1) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (2) there will be no deduction for Anika Therapeutics for federal income tax purposes. The exercise of an Incentive Option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee. An optionee will not have any additional FICA (Social Security) taxes upon exercise of an Incentive Option.

If shares of common stock acquired upon the exercise of an Incentive Option are disposed of prior to the expiration of the two-year and one-year holding periods described above (a "disqualifying disposition"), generally (1) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares of common stock at exercise (or, if less, the amount realized on a sale of such shares of common stock) over the option price thereof, and (2) Anika Therapeutics will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the Incentive Option is paid by tendering shares of common stock.

If an Incentive Option is exercised at a time when it no longer qualifies for the tax treatment described above, the option is treated as a Non-Qualified Option. Generally, an Incentive Option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reason of disability). In the case of termination of employment by reason of death, the three-month rule does not apply.

Non-Qualified Options. With respect to Non-Qualified Options under the Amended Plan, no income is realized by the optionee at the time the option is granted. Generally (1) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares of common stock on the date of exercise, and Anika Therapeutics receives a tax deduction for the same amount, and (2) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares of common stock have been held. Special rules will apply where all or a portion of the exercise price of the Non-Qualified Option is paid by tendering shares of common stock. Upon exercise, the optionee will also be subject to FICA taxes on the excess of the fair market value over the exercise price of the option.

Other Awards. Anika Therapeutics generally will be entitled to a tax deduction in connection with an award under the Amended Plan in an amount equal to the ordinary income realized by the participant at the time the participant recognizes such income. Participants typically are subject to income tax and recognize such tax at the time that an award is exercised, vests or becomes non-forfeitable, unless the award provides for a further deferral.

Parachute Payments. The vesting of any portion of any option or other award that is accelerated due to the occurrence of a change of control may cause a portion of the payments with respect to such accelerated awards to be treated as "parachute payments" as defined in the Code. Any such parachute payments may be non-deductible to Anika Therapeutics, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

Limitation on Anika Therapeutics' Deductions. As a result of Section 162(m) of the Code, Anika Therapeutics deduction for certain awards under the Amended Plan may be limited to the extent that the Chief Executive Officer or other executive officer whose compensation is required to be reported in the summary compensation table receives compensation in excess of \$1,000,000 in such taxable year (other than performance-based compensation that otherwise meets the requirements of Section 162(m) of the Code). The Amended Plan is structured to allow certain awards to qualify as performance-based compensation.

Vote Required

The affirmative vote of the holders of a majority of shares of Common Stock present or represented at the Annual Meeting and voting on the matter is required to approve the amendment to the Anika Therapeutics, Inc. Second Amended and Restated 2003 Stock Option and Incentive Plan.

Board Recommendation

The Board of Directors believes that stock based awards can play an important role in the success of Anika Therapeutics by encouraging and enabling the officers and employees, non-employee directors and other key employees upon whose judgment, initiative and efforts Anika Therapeutics depends for the successful conduct of its business to acquire a proprietary interest in it. The Board of Directors anticipates that providing such persons with a direct stake in Anika Therapeutics' welfare will assure a closer identification of the interests of participants in the Amended Plan with those of Anika Therapeutics, thereby stimulating their efforts on its behalf and strengthening their desire to remain with it.

The Board of Directors believes that the proposed Amended Plan will help Anika Therapeutics achieve its goals by keeping its incentive compensation program dynamic and competitive with those of other companies. Accordingly, the Board of Directors believes that the Amended Plan is in the best interests of Anika Therapeutics and its stockholders and recommends that the stockholders approve the amendment to the Second Amended and Restated 2003 Stock Option and Incentive Plan.

THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS THAT THE AMENDMENT TO THE SECOND AMENDED AND RESTATED 2003 STOCK OPTION AND INCENTIVE PLAN BE APPROVED, AND THEREFORE RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

PROPOSAL 3:

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013. PricewaterhouseCoopers LLP has served as the Company's independent registered public accounting firm since 2002. The Audit Committee is responsible for the appointment, retention, termination, compensation and oversight of the work of the Company's independent registered public accounting firm for the purpose of preparing or issuing an audit report or related work. Although ratification of the appointment of our independent registered public accounting firm is not required by our Bylaws or otherwise, the Board is submitting the appointment of PricewaterhouseCoopers LLP to the Company's stockholders for ratification because the Company values the views of its stockholders. In the event that stockholders fail to ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee will reconsider the appointment of PricewaterhouseCoopers LLP. Even if the appointment is ratified, the ratification is not binding and the Audit Committee may in its discretion select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and the Company's stockholders.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting. He or she will have an opportunity to make a statement, if he or she desires to do so, and will be available to respond to appropriate questions.

Vote Required

The affirmative vote of the holders of a majority of the shares of Common Stock present or represented at the Annual Meeting and voting on the matter is required for the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013.

Board Recommendation

THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The accounting firm of PricewaterhouseCoopers LLP ("PwC") has served as Anika Therapeutics' principal independent auditor since 2002. A representative of PwC is expected to be present at the Annual Meeting of Stockholders and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from stockholders.

Fees Paid to Anika Therapeutics' Principal Independent Auditor

The following table summarizes the fees that Anika Therapeutics paid or accrued for audit and other services provided by its principal independent auditor for each of the last two years:

Fee Category	2012	2011
Audit fees	\$ 622,500	\$ 598,500
Audit-related fees	-	-

Tax fees	28,825	44,900
All other fees	-	-
Total fees	\$ 651,325	\$ 643,400

For purposes of the preceding table:

Audit fees consist of fees for the audit of our consolidated financial statements, the review of the interim financial statements included in our quarterly reports of Form 10-Q, and other professional services provided in connection with statutory and regulatory filings or engagements for those years. Audit fees also include the audit of the effectiveness of internal control over financial reporting, as required under Section 404 of the Sarbanes-Oxley Act of 2002. Tax fees consist of fees for tax compliance, tax advice and tax planning services for those years. Tax compliance services relate to review of original and amended tax returns, claims for refunds and tax payment-planning services. Tax studies, tax advice and tax planning services relate to miscellaneous items.

In considering the nature of the services provided by the principal independent auditor, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with the independent auditor and Anika Therapeutics' management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Under its charter, the Audit Committee must pre-approve all audit and permitted non-audit services to be provided by our principal independent auditor unless an exception to such pre-approval exists under the Exchange Act or the rules of the SEC. Each year, the Audit Committee approves the retention of the independent auditor to audit our financial statements, including the associated fee. The Audit Committee evaluates other known potential engagements of the independent auditor, including the scope of audit-related services, tax services and other services proposed to be performed and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent auditor's independence from management. All such services were approved by the Audit Committee pursuant to Rule 2-01 of Regulation S-X under the Exchange Act to the extent that rule was applicable. Since May 2003, each new engagement of PwC has been approved in advance by the Audit Committee.

**PROPOSAL 4:
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

In accordance with Section 14A of the Exchange Act, we are providing Anika Therapeutics' stockholders with the opportunity to vote on a non-binding, advisory resolution to approve the compensation of our Named Executive Officers, which is described in the section titled "Compensation Discussion and Analysis" in this Proxy Statement. Accordingly, the following resolution is submitted for a stockholder vote at the 2013 Annual Meeting:

"RESOLVED, that the stockholders of Anika Therapeutics, Inc. (the "Company") approve, on an advisory basis, the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth in the Proxy Statement for this Annual Meeting."

As described in the section titled "Compensation Discussion and Analysis," our executive compensation program is designed to attract and retain highly qualified executive officers and motivate them to provide a high level of performance for the benefit of Anika Therapeutics and its stockholders. Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which more thoroughly discusses how our compensation policies and procedures implement our compensation philosophy and objectives. The Compensation Committee and the Board of Directors believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its objectives.

This vote is only advisory and will not be binding upon Anika Therapeutics or the Board of Directors. However, the Board of Directors values constructive dialogue on executive compensation and other important governance topics with Anika Therapeutics' stockholders, and encourages all stockholders to vote their shares on this matter.

Vote Required

The affirmative vote of the holders of a majority of the shares of common stock present or represented at the Annual Meeting and voting on the matter is required to approve this resolution. While this vote is required by law, it will neither be binding on Anika Therapeutics or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, Anika Therapeutics or the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE TO APPROVE THE OVERALL COMPENSATION OF ANIKA THERAPEUTICS' NAMED EXECUTIVE OFFICERS BY VOTING "FOR" THIS RESOLUTION.

OTHER MATTERS

The Board of Directors does not know of any other matters which may come before the Annual Meeting. However, if any other matters are properly presented at the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

SOLICITATION EXPENSES

All costs of solicitation of proxies will be borne by Anika Therapeutics. In addition to solicitations by mail, our directors, officers and employees, without additional remuneration, may solicit proxies in person or by telephone, e-mail, telegraph and facsimile. Anika Therapeutics may retain a proxy solicitation firm to assist in the solicitation of proxies for a fee plus reimbursement of expenses.

STOCKHOLDER PROPOSALS

Stockholder proposals intended to be presented at the next Annual Meeting of Stockholders must be received by Anika Therapeutics on or before December 24, 2013 in order to be considered for inclusion in our proxy statement. AMENDMENT TO
ANIKA THERAPEUTICS, INC.
SECOND AMENDED AND RESTATED 2003 STOCK OPTION AND INCENTIVE PLAN

WHEREAS, Anika Therapeutics, Inc. (the “Company”) desires to amend the Company’s Second Amended and Restated 2003 Stock Option and Incentive Plan (the “Plan”) to increase the aggregate number of shares authorized for issuance under the Plan by 650,000 shares of common stock, par value \$0.01 per share (the “Common Stock”), of the Company and reduce the fungible share ratio (the “Plan Amendment”); and

WHEREAS, on April 11, 2013, subject to stockholder approval, the Board of Directors of the Company approved the Plan Amendment.

NOW THEREFORE, in accordance with Section 18 of the Plan, the Plan is hereby amended as follows:

1. Section 3(a) of the Plan is hereby amended and restated in its entirety to read as follows:

“Stock Issuable. The maximum number of shares of Stock reserved and available for issuance under the Plan shall be 3,800,000 shares, subject to adjustment as provided in Section 3(b). For purposes of this limitation, the shares of Stock underlying any Awards that are forfeited, canceled, held back upon exercise of an Option or settlement of an Award to cover the exercise price or tax withholding, reacquired by the Company prior to vesting, satisfied without the issuance of Stock or otherwise terminated (other than by exercise) shall be added back to the shares of Stock available for issuance under the Plan. In the event the Company repurchases shares of Stock on the open market, such shares shall not be added to the shares of Stock available for issuance under the Plan. Subject to such overall limitations, shares of Stock may be issued up to such maximum number pursuant to any type or types of Award; provided, however, that Stock Options or Stock Appreciation Rights with respect to no more than 400,000 shares of Stock may be granted to any one individual grantee during any one calendar year period and no more than 3,800,000 shares of the Stock may be issued in the form of Incentive Stock Options. The shares available for issuance under the Plan may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company.

The grant of any full value Award (i.e., an Award other than an Option or a Stock Appreciation Right) shall be deemed, for purposes of determining the number of shares of Stock available for issuance under this Section 3(a), as an Award of (i) one and nine-tenths (1.9) shares of Stock, with respect to full value Awards granted on or prior to June 18, 2013, or (ii) one and five-tenths (1.5) shares of Stock, with respect to full value Awards granted after June 18, 2013, for each such share of Stock actually subject to the Award. The grant of an Option or a Stock Appreciation Right shall be deemed, for purposes of determining the number of shares of Stock available for issuance under this Section 3(a), as an Award for one (1) share of Stock for each such share of Stock actually subject to the Award. Any forfeitures, cancellations or other terminations (other than by exercise) of such Awards shall be returned to the reserved pool of shares of Stock under the Plan in the same manner.”

2. The Plan Amendment shall be effective upon approval of the stockholders of the Company at the June 18, 2013 Annual Meeting of Stockholders. If the Plan Amendment is not so approved at such meeting, then the amendment to the Plan set forth herein shall be void ab initio.
3. Except herein above provided, the Plan is hereby ratified, confirmed and approved in all respects.
