EXPLANATORY STATEMENT

A total of 4,160,000,000 shares of common stock (as adjusted for stock splits) of Microsoft Corporation (Microsoft) were registered in connection with the Microsoft Corporation 1991 Stock Option Plan, as amended (the 1991 Stock Plan) by three separate registration statements on Form S-8 as follows: (a) 960,000,000 shares (as adjusted for stock splits) were registered by a registration statement on Form S-8, File No. 033-44302, filed on November 27, 1991 (the 1991 Form S-8); (b) 1,600,000,000 shares (as adjusted for stock splits) were registered by a registration statement on Form S-8, File No. 033-51583, filed on December 20, 1993 (the 1993 Form S-8); and (c) 1,600,000,000 shares (as adjusted for stock splits) were registered by a registration statement on Form S-8, File No. 333-06298, filed on November 22, 1996 (the 1996 Form S-8).

On November 9, 2000, the stockholders of Microsoft Corporation approved the Microsoft Corporation 2001 Stock Plan, which replaces the 1991 Stock Plan. On December 28, 2000, Microsoft carried forward 1,360,000,000 shares (as adjusted for stock splits) of Microsoft common stock registered on the 1993 Form S-8 to the registration statement on Form S-8, File No. 333-52852, filed on December 28, 2000 in connection with the Microsoft Corporation 2001 Stock Plan.

Microsoft is filing this post-effective amendment to deregister 77,719,856 shares of Microsoft common stock that were registered under the 1996 Form S-8. On December 11, 2003, 317,719,856 options to purchase shares of Microsoft common stock that were originally granted pursuant to the 1991 Stock Plan were amended and transferred to JP Morgan Chase Bank in connection with a stock option transfer program. Microsoft is deregistering a number of shares equal to the number of transferred options because the transferred options no longer have or represent any rights under the 1991 Stock Plan, including the right to receive shares of common stock registered for issuance in connection with the 1991 Stock Plan, and the shares subject to such options will not be available for regrant under the 1991 Stock Plan regardless of whether the transferred options are exercised or expire without exercise. Of the 317,719,856 shares of Microsoft common stock under the 1991 Stock Plan that Microsoft is deregistering as a result of the stock option transfer program, 77,719,856 shares are being deregistered from the 1996 Form S-8 and the remaining 240,000,000 shares are being deregistered from the 1993 Form S-8.
