PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held on Thursday, May 20, 2004

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Plug Power Inc. (the "Company") for use at the 2004 Annual Meeting of Stockholders of the Company to be held on Thursday, May 20, 2004, at 10:00 a.m., local time, at the Albany Marriott, 189 Wolf Road, Albany, New York, and any adjournments or postponements thereof (the "Annual Meeting").

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of three Class II Directors, each to hold office until the Company's 2007 annual meeting of stockholders and until such director's successor is duly elected and qualified; and
2. Such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about April 14, 2004 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors has fixed the close of business on March 26, 2004 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date"). Only holders of record of the Company's common stock, par value \$.01 per share ("Common Stock"), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 72,993,163 shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately 2,600 stockholders of record. However, management believes that a significant number of shares are held by brokers under a nominee name and that the number of beneficial shareholders of our Common Stock exceeds 80,000. Each holder of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum being present, the affirmative vote of a plurality of the

Edgar Filing: PLUG POWER INC - Form DEF 14A

votes is necessary to elect a nominee as a director of the Company.

Shares that reflect abstentions or broker non-votes (i.e., shares represented at the Annual Meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting. With respect to the election of directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect on the vote. Broker non-votes will also have no effect on the outcome of the election of directors.

Stockholders of the Company are requested to complete, date, sign and return the accompanying Proxy Card in the enclosed envelope. Stockholders who hold shares indirectly as the beneficial owner of shares held for them

by a broker or other nominee (i.e., in street name) may direct their vote without attending the Annual Meeting by submitting voting instructions to their broker or nominee. Common Stock represented by properly executed proxies received by the Company and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. If instructions are not given therein, properly executed proxies will be voted FOR the election of the three nominees of the Board of Directors as Class II Directors of the Company as listed in this Proxy Statement. It is not anticipated that any matters other than those set forth in this Proxy Statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by (1) giving written notice of such revocation to the Corporate Secretary of the Company, (2) signing and duly delivering a proxy bearing a later date (or submitting new voting instructions with respect to shares held in street name), or (3) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report of the Company is being mailed to stockholders of the Company concurrently with this Proxy Statement.

PROPOSAL 1**ELECTION OF DIRECTORS**

The number of directors of the Company is fixed at ten and the Board of Directors currently consists of ten members. The Board of Directors is divided into three classes, with four directors in Class I, three directors in Class II and three directors in Class III. Directors serve for three-year terms with one class of directors being elected by the Company's stockholders at each annual meeting of stockholders.

At the Annual Meeting, three Class II Directors will be elected to serve until the annual meeting of stockholders in 2007 and until such directors successors are duly elected and qualified. The Board of Directors has nominated George C. McNamee, Douglas T. Hickey and J. Douglas Grant for re-election as Class II Directors. Shares represented by each properly executed proxy will be voted for the re-election of George C. McNamee, Douglas T. Hickey and J. Douglas Grant as directors, unless contrary instructions are set forth on enclosed proxy card. The nominees have agreed to stand for re-election and to serve, if elected, as directors. However, if any nominee fails to stand for re-election or is unable to accept election, the proxies will be voted for the election of such other person or persons as the Board of Directors may recommend.

Vote Required For Approval

A quorum being present, the affirmative vote of a plurality of the votes cast is necessary to elect a nominee as a director of the Company.

THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS A VOTE *FOR* THE ELECTION OF EACH NOMINEE OF THE BOARD OF DIRECTORS AS A DIRECTOR OF THE COMPANY.

Audit Committee

The Audit Committee consists of Messrs. Garberding (Chairman), Shalikashvili and Grant. The Audit Committee held four (4) meetings during Fiscal 2003 and each member attended all of the meetings during the period in which such person served on the committee.

Audit Committee Report

The Audit Committee of the Board of Directors of the Company is currently composed of three non-employee directors. The Board has made a determination that the members of the Audit Committee are independent as defined in Rule 4200 (a) (15) under the Marketplace Rules of the National Association of Securities Dealers, Inc. and the applicable rules of the Securities and Exchange Commission (SEC). In addition, the Board has made a determination that Mr. Garberding qualifies as an audit committee financial expert as defined in Section 407 of the Sarbanes-Oxley Act of 2002. Mr. Garberding's designation by the Board as an audit committee financial expert is not intended to be a representation that he is an expert for any purpose as a result of such designation, nor is it intended to impose on him any duties, obligations, or liability greater than the duties, obligations or liability imposed on him as a member of the Audit Committee and the Board in the absence of such designation.

The responsibilities of the Audit Committee are set forth in the Charter of the Audit Committee, which was amended by the Board of Directors of the Company on February 12, 2004 and is attached as Appendix A hereto. Under the Committee's charter, management has the primary responsibility for the financial statements and the financial reporting process, including the system of internal control over financial reporting. The Company's independent auditors, KPMG, report directly to the Committee and are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. The Committee, among other matters, is responsible for appointing the Company's independent auditors, evaluating such independent auditors' qualifications, independence and performance, determining the compensation for such independent auditor, and pre-approval of all audit and non-audit services. Additionally, the Committee is responsible for oversight of the Company's accounting and financial reporting processes and audits of the Company's financial statements including the work of the independent auditor. The Committee reports to the Board of Directors with regard to:

the scope of the annual audit;

fees to be paid to the auditors;

the performance of our independent auditors;

Edgar Filing: PLUG POWER INC - Form DEF 14A

compliance with accounting and financial policies and financial statement presentation; and

our procedures and policies relative to the adequacy of internal accounting controls.

The Committee reviewed and discussed with management of the Company and KPMG, the Company's 2003 quarterly consolidated financial statements and 2003 annual consolidated financial statements. Management has represented to the Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

Additionally, the Committee has discussed with KPMG any matters required to be discussed under Statement on Auditing Standards No. 61 (Communication with Audit Committees), which include, among other items, matters related to the conduct of the audit of the Company's annual consolidated financial statements. The Committee has also discussed the critical accounting policies used in the preparation of the Company's annual consolidated financial statements, alternative treatments of financial information within generally accepted accounting principles that KPMG discussed with management, the ramifications of using such alternative treatments and other written communications between KPMG and management.

KPMG has provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with KPMG that firm's independence. The Committee has also considered whether the performance of non-audit services, if any, by KPMG is compatible with maintaining the auditors' independence.

The Committee also discussed with KPMG their overall scope and plans for their audit and has met with KPMG, with and without management present, to discuss the results of their audit, the evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting. The Committee also discussed with KPMG whether there were any audit problems or difficulties, and management's response.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003. The Committee has also appointed KPMG as the Company's independent auditors for the fiscal year ending December 31, 2004.

The Committee believes that individual candidates should also demonstrate proven success in business environments, high levels of commitment, adequate availability to actively participate in the Board's affairs, and high levels of integrity and sensitivity to current business and corporate governance trends. Before recommending a candidate to the full Board, all members of the Committee will participate in meetings with the candidate, and the Committee also seeks to arrange meetings between the candidate and other Board members.

The Committee's charter is available on the Company's website at www.plugpower.com, under the link for Investor Relations.

Director Compensation

Edgar Filing: PLUG POWER INC - Form DEF 14A

The Compensation Committee periodically reviews the Company's Non-Employee Director Compensation Plan (" Plan ") to ensure that the compensation aligns the directors' interests with the long-term interests of our stockholders; and that the structure of the compensation is simple, transparent and easy for stockholders to understand. The Committee also considers whether the Plan fairly compensates our directors when considering

the work required in a company of our size and scope. Employee directors do not receive additional compensation for their services as directors. Following is a summary of the Plan:

Under the Plan, upon initial election or appointment to the Board of Directors, new non-employee directors receive non-qualified stock options to purchase 15,000 shares (50,000 shares for any new non-employee Chairman) of Common Stock with an exercise price equal to fair market value on the date of grant and that are fully vested upon grant. Each year of a non-employee director's tenure, the director will receive non-qualified options to purchase 10,000 shares (15,000 shares for any non-employee Chairman), plus non-qualified options to purchase an additional 5,000 shares for serving as chairman of the Audit Committee and non-qualified options to purchase an additional 2,000 shares for serving as chairman of any other committee, including the Compensation Committee. These annual options, with an exercise price equal to fair market value on the date of grant, fully vest on the first anniversary of the date of grant.

In addition, each non-employee director is paid an annual retainer of \$20,000 (\$25,000 for any non-employee Chairman) for their services. Committee members receive additional annual retainers in accordance with the following:

	Non- Employee Chairman	Non- Employee Director
<u>Committee</u>		
Audit Committee	\$ 15,000	\$ 10,000
Compensation Committee	10,000	5,000
Corporate Governance and Nominating Committee	10,000	5,000

These additional payments for service on a committee are due to the workload and broad-based responsibilities of the committees.

The total amount of the annual retainers are paid in a combination of fifty (50%) percent cash and fifty (50%) percent Common Stock with an option to receive up to one hundred (100%) percent Common Stock, at the election of the non-employee director. All such stock shall be fully vested at the time of issuance. Non-employee directors are also reimbursed for their direct expenses associated with their attendance at board meetings.

Dr. Saillant's employment may be terminated by the Company for cause, as defined in the agreement, or by Dr. Saillant for good reason, as defined in the agreement, or without good reason upon sixty days' prior notice to the Company. If Dr. Saillant's employment is terminated by the Company for any reason other than cause, death or disability, or in the event that Dr. Saillant terminates his employment with the Company and is able to establish good reason, the Company is obligated to pay Dr. Saillant the sum of the following amounts: (i) his expected bonus through the date of termination; plus (ii) either, two years' annual base salary and two years' expected bonus if the date of termination occurs within one year after a change in control of the Company, or one year's annual salary and expected bonus if the termination occurs either in the absence of a change in control or more than one year after a change in control. Report on Offer to Exchange Stock Options for Restricted Common Stock

Effective June 20, 2003, we offered non-director employees, including non-director executive officers, of Plug Power the opportunity to exchange outstanding stock options granted to them, with an exercise price greater than \$8.53 per share, under Plug Power's 1997 Membership Option Plan or 1999 Stock Option and Incentive Plan, for shares of Restricted Common Stock.

For each option exchanged, the holder received a number of shares of Restricted Common Stock of Plug Power equal to one third of the number of shares of Plug Power common stock underlying the exchanged option (rounded down to the nearest whole share of restricted stock); provided, that each option holder who exchanged all of his or her options received a minimum of 500 shares of Restricted Common Stock. Additionally, each option holder was required to exchange the full number of shares of Plug Power common stock subject to an individual option award. Newly issued shares of Restricted Common Stock will vest in three equal installments on March 20, 2005, June 20, 2005 and September 20, 2005.

For those who elected to participate in the offer, the options they elected to exchange were cancelled and are no longer valid as of June 20, 2003. Any options that an option holder chooses not to exchange pursuant to the offer will remain outstanding and will retain their current exercise price and other terms.

Since many of our outstanding options were at exercise prices significantly higher than our then current stock price, and therefore no longer provided the intended performance incentives for our employees which the board of directors of Plug Power considered to be important factors with respect to maximizing shareholder value, we made this offer to create better performance incentives for our employees. The following table describes participation in the exchange offer by the named executive officers. There have not been any repricings of stock options or any other exchange of stock options, held by our executive officers, prior to this exchange offer. The offer to exchange stock options for Restricted Common Stock was approved by our Board of Directors and our stockholders.

Report of the Compensation Committee of the Board of Directors on Executive Compensation

The Compensation Committee reviews and evaluates individual executive officers and determines the compensation for each executive officer. In general, compensation is designed to attract, retain and motivate a superior executive team, reward individual performance, relate compensation to Company goals and objectives and align the interests of the executive officers with those of the Company's stockholders.

Compensation for the named executive officers during Fiscal 2003 included salary, bonus and incentive awards. Base salary was determined by reviewing the previous levels of base salary, base salaries paid by comparable companies to executives with similar responsibilities, perceived level of individual performance and the overall performance of the Company. No specific weight was given to any of these factors in the evaluation of base salaries because each of these factors was considered significant and the relevance of each varies depending on an officer's responsibilities.

For Fiscal 2003, bonus amounts were based on the named executive officers' specific contributions made during the year toward the Company's goals established at the beginning of the year. Bonus amounts were paid in the first quarter of Fiscal 2004. Stock options are also granted to executive officers based upon their specific responsibilities and are granted by the Compensation Committee. The Compensation Committee did not issue stock options to any of the named executive officers in Fiscal 2003. The Compensation Committee believes that the current salary and bonus structure along with existing stock options, which generally vest equally over three or four years, will serve to properly motivate the executive team to achieve the short- and long-term goals of the Company. Additionally during Fiscal 2003, Messrs. Silvestri, Sperry, Elter and Neumann participated in our stock option exchange as detailed in the Summary Compensation Table under the caption "Executive Compensation".

Chief Executive Officer's Fiscal 2003 Compensation: The Compensation Committee determined Dr. Saillant's annual base salary and incentives (as described under the caption "Employment Agreements") in accordance with the principles and methods applied to other executive officers at similar companies. As President and Chief Executive Officer of the Company, Dr. Saillant was eligible to participate in the same executive

compensation programs available to the Company's other Executive Officers.

Compliance with Internal Revenue Code Section 162(m): The Budget Reconciliation Act of 1993 amended the Internal Revenue Code to add Section 162(m), which bars a deduction to any publicly held corporation for compensation paid to a covered employee in excess of \$1 million per year. The Compensation Committee does not believe that this law will impact the Company because the current level of compensation for each of the Company's executive officers is well below the \$1 million salary limitation. The Compensation Committee will continue to evaluate the impact of such provisions and take such actions as it deems appropriate.
