**EXPLANTORY NOTE**

We are filing this Amendment No. 1 to our annual report on Form 10-K for the year ended December 31, 2003 as filed with the Securities and Exchange Commission on March 11, 2004. This amendment corrects a typographical error relating to the Summary Compensation Table incorporated by reference from our 2004 Proxy Statement of certain information in Item 11 of Part III. The amount originally reported in the Summary Compensation Table for restricted share awards to Mr. Kenneth W. Lowe, the President and Chief Executive Officer of Scripps, represented the number of shares awarded rather than the fair value of the shares on the date of the award. This amendment does not change our previously reported financial statements and other financial disclosures.

**REPORT ON THE COMPANY'S PENSION PLAN**

The Company's executive officers and substantially all other non-union employees of the Company are participants in a non-contributory defined benefit pension plan maintained by the Company (the "Pension Plan"). Contributions to the Pension Plan are based on separate actuarial computations for each business unit and are made by the business unit compensating the particular individual.

The above table shows the annual normal retirement benefits which, absent the maximum benefit limitations (the "Benefit Limitations") imposed by Section 415(b) of the Internal Revenue Code of 1986, as amended (the "Code"), would be payable pursuant to the Pension Plan upon retirement at age 65 (based upon the 2003 social security integration level under the Pension Plan), pursuant to a straight life annuity option, for employees in the compensation ranges specified and under various assumptions with respect to average final annual compensation and years of credited services.

In general, the Benefit Limitations limit the annual retirement benefits that may be paid pursuant to the Pension Plan to \$160,000 (subject to further cost-of-living increases promulgated by the United States Secretary of the Treasury). The Company supplements payments under the Pension Plan with direct pension payments equal to the amount, if any, by which the benefits that otherwise would be payable under the Pension Plan exceed the benefits that are permitted to be paid under the Benefit Limitations. Annual normal retirement benefits are computed at the rate of 1% of average final annual compensation up to the applicable social security integration level plus 1.25% of average final annual compensation in excess of the social security integration level, multiplied by the employee's years of credited service. An employee's benefits are actuarially adjusted if paid in a form other than a life annuity.

An employee's average final compensation is the average annual amount of his pensionable compensation (generally salary and bonus, excluding the Scripps Retirement & Investment Plan and any other annual or long-term compensation reflected in the Summary Compensation Table) for service during the five consecutive years within the last ten years of his employment for which his total compensation was greatest. The employee's years of credited service equal the number of years of his employment with the Company (subject to certain limitations). As of December 31, 2003, the years of credited service of the individuals named in the cash compensation table were as follows: Mr. Lowe 24; Mr. Gardner 19; Mr. Horton 33; Mr. Boehne 18; Mr. NeCastro 2.

In May 1996, the board of directors of the Company adopted a Selected Officer Retirement Program, the purpose of which is to provide supplemental retirement benefits to certain key employees of the Company who meet the eligibility requirements. Participants in the program must be specifically designated as participants by the compensation committee. As of December 31, 2003, the Program has three retired employee participants. No active employee has been designated for participation in such plan. A participant begins to receive benefits under the

## Edgar Filing: SCRIPPS E W CO /DE - Form 10-K/A

plan upon retirement. The amount of the benefit is a percentage of the participant's highest three-year average earnings subject to certain offsets and maximums.

In December 1998, the compensation committee of the board of directors of the Company authorized adoption of an executive savings restoration plan designed to enable executives of the Company to restore savings benefits that may be lost due to tax law limitations. This plan is designed to complement the Company's 401(k) savings and retirement plan by enabling participants to enhance savings for retirement on a pre-tax basis.

## REPORT ON THE COMPENSATION OF DIRECTORS

Directors who are not employees of the Company received an annual fee of \$35,000 and an additional \$2,000 for each meeting they attended of the board of directors or a committee thereof on which they served. Additionally, each director who was a committee chairman in 2003 received an annual fee of \$3,000. In 2004, the annual fee for the chairman of the audit committee and the chairman of the compensation committee was increased to \$9,000 and \$6,000, respectively. Directors who are employees of the Company do not receive any compensation for services as directors or committee members. In his capacity as chairman of the board of directors, Mr. Burleigh receives an annual fee in the amount of \$100,000.

Upon his election as a director of the Company on August 29, 2003, Mr. Sagansky received under the Company's Long-Term Incentive Plan a nonqualified stock option to purchase 2,500 of the Company's Class A Common Shares. The award will be exercisable on August 29, 2004 and will remain exercisable until 2013. The exercise price is \$86.12.

Consistent with past practice, in April 2004 the non-employee directors each will receive a nonqualified stock option to purchase 5,000 of the Company's Class A Common Shares. The option will be exercisable beginning on the first anniversary of the grant date and will remain exercisable until 2014. The exercise price will be the Fair Market Value of a Class A Common Share, as defined in the Plan, on April 15, 2004, the effective date of the award.

During 2003, the Company executive named in the following table had an outstanding loan, in excess of \$60,000, made to him by the Company pursuant to the Employee Stock Purchase Loan Program. This program was designed to assist key employees in exercising stock options and was discontinued in 2002. In accordance with the then terms of the loan program, executives agreed to repay their loans within ten years of the effective date of their agreement. Mr. Kenneth W. Lowe entered into an employment agreement with the Company on June 16, 2003, pursuant to which he serves as President and Chief Executive Officer and as a member of the board of directors. The agreement continues through December 31, 2006, and thereafter renews for successive one-year terms unless terminated. During the term, Mr. Lowe is entitled to an annual salary, to be set by the Compensation Committee of the Company, that is not less than that paid to him for the immediately preceding year. Under the agreement, Mr. Lowe participates in the Company's annual bonus plan for senior executives with an annual target bonus opportunity equal to no less than 80% of his salary. A description of Mr. Lowe's compensation for 2003, including awards granted pursuant to his employment agreement, is included in the Compensation Committee's report under Compensation of the Chief Executive Officer.

*Deferred Stock Units.* In recognition of the value Mr. Lowe created in the Company's national television networks and to provide him with an incentive to enhance the profitability of the Company in the future, Mr. Lowe received a grant of 96,038 deferred stock units in 1999 under his previous employment agreement. As of the date of the new employment agreement, 80% of these deferred stock units had matured and 76,831 Class A Common Shares of the Company had been issued in exchange for such units. On January 15, 2004, under the new employment agreement, the remaining deferred stock units matured and were exchanged for 19,207 Class A Common Shares, and Mr. Lowe received \$50,706, which equals the amount of the cash dividends that would have been paid on such shares had they been outstanding between July 20, 1999 and January 15, 2004.

*Restricted Stock.* In connection with the new employment agreement, the Company granted Mr. Lowe 155,319 restricted Class A Common Shares under the Company's Incentive Plan, vesting in equal annual installments from 2004 through 2007. As of the date of this proxy statement, 38,830 such shares have vested. Furthermore, under the new agreement, 100,873 restricted Class A Common Shares granted in connection with the previous employment agreement will continue to vest in accordance with their original vesting schedules. As of the date of this proxy statement, 28,357 of such shares have vested. All restricted shares that have not vested shall be forfeited if Mr. Lowe elects Early Retirement (as defined in the Agreement) before January 1, 2007, or if the Company terminates his employment as a result of criminal conviction. If Mr. Lowe's employment is terminated for any other reason (including a Change in Control), all restricted shares shall vest immediately.

*Termination.* If the Company terminates the employment agreement for Cause (as defined in the agreement) or if Mr. Lowe terminates the agreement for any reason other than Good Reason (as defined in the agreement), or if Mr. Lowe dies, elects Normal Retirement (as defined in the agreement) or Early Retirement, or suffers Permanent Disability (as defined in the agreement), Mr. Lowe will not be entitled to any further compensation or other benefits and, except in certain circumstances, will forfeit all outstanding equity awards. If Mr. Lowe dies or suffers Permanent Disability, the Company must continue to pay Mr. Lowe (or his estate) his salary and provide him (and his family) with medical benefits for two years. If the Company terminates the agreement without Cause (as defined in the agreement) or Mr. Lowe terminates it for Good Reason (other than within two years following a Change in Control), the Company must continue to pay Mr. Lowe his salary for the greater of three years or the balance of the term remaining at the time of such termination. Also, in such event, Mr. Lowe will be entitled to receive an amount equal to the target bonus then in effect times the greater of two or the number of years remaining under the term of the agreement, and he will be entitled to all benefits for the greater of two years or the balance of the term of the agreement, subject to certain offsets.

*Change in Control.* If the Company terminates the employment agreement without Cause within two years after a Change in Control or Mr. Lowe terminates it for Good Reason within such two-year period, the Company must pay him an amount equal to three times the greater of his then current salary or his salary at the highest annualized rate paid in the three calendar years prior to the date of termination and in addition an amount equal to three times the greater of 100% of his target bonus for the year of such termination or the highest annual bonus he received for the three calendar years prior to termination. Until the earliest of the third anniversary of the Change in Control termination or Mr. Lowe's death or his securing of full-time employment which provides substantially equivalent benefits, the Company will provide Mr. Lowe and his eligible dependents with benefits substantially equivalent to those which were received immediately prior to the date of termination or a Change in Control. The Company shall also provide Mr. Lowe with reasonable outplacement services for a period of eighteen months and will reimburse him for his reasonable legal expenses in an amount not to exceed \$75,000 should he have to institute legal proceedings to enforce the Change in Control provisions of the agreement. All outstanding equity awards will vest upon a Change in Control.

*Indemnification.* Under the agreement, the Company is required to indemnify Mr. Lowe to the full extent permitted under Ohio law and must maintain directors and officers liability insurance covering him at a level and on terms and conditions no less favorable than the coverage the Company currently provides its directors and senior level officers.

*Legal Fees.* The Company reimbursed Mr. Lowe \$100,000 of the legal fees he incurred in the negotiation of the employment agreement.

The Company employed Mr. B. Jeff Craig as its vice president and chief technology officer effective February 19, 2001. Under the terms of his employment agreement, which expired in 2003, the Company loaned Mr. Craig \$300,000, to be repaid, with interest at 6% per year, by January

Edgar Filing: SCRIPPS E W CO /DE - Form 10-K/A

2004. Mr. Craig paid the first installment of his loan obligation, \$134,905, in January 2003 and paid the balance of such loan in January 2004.

The Company employed Mr. Joseph G. NeCastro as its senior vice president and chief financial officer effective May 3, 2002. To assist Mr. NeCastro in satisfying an obligation with his previous employer, the Company paid him a \$661,626 signing bonus (including the gross-up for withholding taxes) and loaned him \$356,905. If Mr. NeCastro voluntarily resigns within three years of his date of hire, he will be required to pay the Company \$350,000 of the signing bonus. If he voluntarily resigns between three and five years of his date of hire, he will be required to pay the Company \$175,000 of the signing bonus. Mr. NeCastro must repay the loan, with interest at 4.75% per year, by July 26, 2007. A portion of Mr. NeCastro's annual performance bonus, if any, will be used to repay interest and principal on the loan. Simultaneously with such payment, the Company has agreed to pay Mr. NeCastro an additional bonus, the net amount of which will equal withholding taxes applicable to the portion of the bonus used for the loan payment. In March 2003, Mr. NeCastro repaid \$80,000 of his loan balance. If his employment with the Company is terminated for any reason, all outstanding principal and accrued interest must be paid within thirty (30) days of the date of such termination. The Company has agreed to pay Mr. NeCastro two times his base salary if he is terminated before May 3, 2005 without cause or involuntarily within one year after a change in control.

These surveys provide competitive compensation information that is the foundation for determining appropriate compensation levels.

### ***Base Salary***

Salary levels for executive officers of the Company are targeted to be at the median of the market in comparison to their respective industry and professional peers. Salary adjustments are a function of multiple factors including: competitive market levels for comparable positions; an executive's position responsibilities; an executive's job performance and contributions; and the Company's performance. The performance factors are not assigned specific weights. Rather, the Committee applies its own judgment in evaluating the aggregate impact of these factors and in making base salary determinations.

In considering salary increases for persons other than the chief executive officer, the Committee also takes into consideration recommendations made by the chief executive officer. Actual base salaries and corresponding adjustments for the named executives during calendar year 2003 were consistent with the previously referenced philosophy. Of the named executives, only Mr. Lowe, the chief executive officer, has an employment contract with the Company.

### ***Annual Bonus***

The purpose of the annual bonus program is to support the Company's objective of enhancing shareholder value by directly linking incentive pay to selected financial goals. The annual bonus opportunity reflects competitive market practices and, combined with base salary, represents the total cash element of the Company's compensation program. Two key financial performance measures—operating cash flow and earnings per share—were used in 2003. These measures represented 60% and 40%, respectively, of each named executive's bonus opportunity. The operating cash flow targets for Messrs. Horton and Gardner were based on the performance of their respective divisions. The cash flow target for Messrs. Lowe, Boehne, and NeCastro was based on consolidated performance.

## Edgar Filing: SCRIPPS E W CO /DE - Form 10-K/A

The Company's 2003 bonus plans for Messrs. Gardner, NeCastro and Horton provided for a target bonus opportunity of 50% of base salary. The target bonus opportunity for Mr. Boehne was 60% of base salary. It was possible for an actual bonus award to exceed or be less than the assigned target opportunity, but in no case could an executive earn greater than 150% of his target bonus amount. The operating cash flow for the Company as a whole exceeded 2003 targets. The Company also exceeded its 2003 earnings per share target.

The bonus award typically is payable in the first quarter of the calendar year following the actual plan year, although executives may elect to defer payment of the bonus until retirement or another predetermined date.

### ***Long-Term Incentive***

The Committee continues to endorse the position that stock ownership by management and stock-based performance compensation arrangements are beneficial in aligning the collective interests of management and shareholders. In 1987, the Company adopted its first Long-Term Incentive Plan. Upon expiration of that Plan in 1997, the Company adopted the 1997 Long-Term Incentive Plan.

Eligible participants in the Plan include executive officers, senior corporate and operating managers, and other key corporate and operating employees. The Plan allows for several different types of stock-based awards, but only two types of awards have been granted to date: nonqualified stock options and restricted stock awards. Stock options represent a right to purchase the Company's Class A Common Shares at the fair market value per share as of the date the option is granted. Restricted stock awards represent Class A Common Shares of the Company which are subject to forfeiture under certain circumstances. The recipient cannot sell or otherwise dispose of such shares until the applicable restriction period lapses.

*Stock Options.* Annually, the Company considers whether or not to make stock option awards. Individual award amounts are predicated on an executive's past personal achievements, his or her contributions to the business, market competitiveness associated with respective job responsibilities and his or her potential to materially build future shareholder value.

Stock options are granted at not less than fair market value of the Company's Class A Common Shares on the date of the grant. Stock options have value only if the share price appreciates following the date of the grant, thereby providing the incentive for participating executives to focus on the long-term financial performance of the Company.

Each of the named executives received a nonqualified stock option award in 2003. These awards are exercisable in three equal annual installments beginning in 2004.

*Restricted Stock.* Executives may be granted restricted stock awards in conjunction with, among other things, promotions or the assignment of additional responsibilities. Mr. Lowe is the only named executive to have received a restricted stock award in 2003.

### **Compensation of the Chief Executive Officer**

The chief executive officer's 2003 compensation package consisted of a base salary of \$925,000 and a target cash bonus opportunity of 80% of such salary (\$740,000). Mr. Lowe's bonus plan for 2003 was based on the criteria outlined above under "Annual Bonus."

The Company entered into a new employment contract with Mr. Lowe on June 16, 2003, for his services as President and Chief Executive Officer. This contract superceded the prior contract entered into in July of 1999. Details pertaining to Mr. Lowe's new contract are included under "Other Transactions."

Mr. Lowe was awarded an option on February 26, 2003 to purchase 125,000 of the Company's Class A Common shares in recognition of his performance in the previous calendar year.

Pursuant to his new employment contract Mr. Lowe was issued 155,319 shares of restricted stock that vest in four (4) equal installments beginning on January 2, 2004. This award of restricted stock was granted in lieu of restricted shares that Mr. Lowe had not yet earned, but was eligible to earn under his previous employment contract.

**Response to Omnibus Budget Reconciliation Act of 1993**

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation of more than \$1 million paid in any one year to a company's chief executive officer and each of its four other most highly compensated executives. Performance-based compensation, if approved by shareholders, is exempt from Section 162(m). The Company's executive compensation plans adhere to the exemption provisions set forth by Section 162(m).

The compensation tables that follow are intended to better enable our shareholders to understand the compensation practices of the Company. Shareholder comments may be sent to the attention of the Company's secretary.
