The following brief description of the Plan is provided for general information purposes only. Participants should refer to the plan document and Summary Plan Description for more complete information.

General

The Westinghouse Air Brake Technologies Corporation Savings Plan for Hourly Employees (the Plan), effective May 1, 1999, is a contributory plan intended to comply with the provisions of Sections 401(a), 401(k), and 401(m) of the Internal Revenue Code (IRC).

Plan Merger

Effective August 2, 2004, the Westinghouse Air Brake Technologies Corporation Savings Plan for Hourly Employees was merged into the Westinghouse Air Brake Technologies Corporation Savings Plan. On this date, all assets were appropriately transferred from the Plan to the Westinghouse Air Brake Technologies Corporation Savings Plan and participants of the Plan became participants in the Westinghouse Air Brake Technologies Corporation Savings Plan.

Contributions

Participants may contribute, through payroll deductions, employee elective contributions from 1% to 20% of their compensation, limited to \$13,000 in 2004. In addition, participants may contribute employee after-tax contributions from 1% to 20% of their compensation in 2004. Participants who were 50 years or older during the calendar year 2004 were allowed to contribute up to \$3,000 in catch-up contributions in addition to the 20% maximum.

Participant total annual contributions may not exceed the contribution limits under Section 415(c) of the IRC. In addition, the combination of an employee's elective contribution and after-tax contribution could not exceed 20% of his/her compensation in 2004 and 2003.

Participants may make the following types of withdrawals:

In-Service Withdrawals A participant may withdraw any portion of his/her employee after-tax account and rollover accounts once in any six-month period. Once a participant has reached age 59-1/2, he/she can withdraw any portion of his/her employee elective account, provided that the participant simultaneously withdraws (or has previously withdrawn) the entire amount of his/her employee after-tax account and rollover accounts, if applicable.

Hardship Withdrawals In the case of hardship, as defined in the plan document, the participant can receive 100% of his/her employee elective account. Hardship withdrawals are limited to once every plan year.

Loans

Participants may receive loans from the Plan. At no time shall the loans of the participant exceed the lesser of 50% of the value of the participant's vested balance of his/her account, reduced by any outstanding loan balance, or \$50,000. The loans bear interest based on prevailing commercial rates as determined quarterly by the plan administrator.

Vesting

Employee contributions are at all times 100% vested and nonforfeitable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments are valued at their market values based on published quotations.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.
