Director Compensation. During 2004, the Company provided a cash retainer to each director of the Company who was not an employee of the Company (a Non-Employee Director) for his service on the board of directors, and each Non-Employee Director participated in the ISCO International, Inc. 2003 Equity Incentive Plan (the 2003 Plan). The 2003 Plan does not require automatic grants to directors. However, the Board has established a compensation policy to provide that each Non-Employee Director who is re-elected or continues to serve as a director because his or her term had not expired shall be granted an option to purchase 50,000 shares of common stock at the reported closing price of the common stock on the date of each annual meeting of the stockholders of the Company, provided that no such automatic grant shall be made to a Non-Employee Director who was first elected to the Board at the first such meeting or was first elected to the Board within three months prior to such annual meeting. Such options vest monthly over a one-year period from the date of grant and expire ten years from the date of grant.

In addition, the current policy provides for the annual grant of non-qualified stock options (NQSOs) to directors for service on Board committees. Under this policy each Non-Employee Director who is appointed or continues to serve on the Audit Committee of the Board receives a grant of NQSOs to purchase 25,000 shares of common stock and the Chairman of the Audit Committee receives a grant of NQSOs to purchase 50,000 shares of common stock. Each Non-Employee Director who is appointed or continues to serve on either of the Compensation or Governance Committees of the Board receives a grant of NQSOs to purchase 10,000 shares of common stock and the Chairmen of the Compensation and Governance Committees each receives a grant of NQSOs to purchase 25,000 shares of common stock. The Chairman of the Board receives a grant of NQSOs to purchase 50,000 shares of common stock. These options are granted in consideration of such director's service on a committee or as Chairman of a committee. Each of the options are granted at the reported closing price of the common stock on the date of each annual meeting of the stockholders of the Company or on the date such director joins a committee or is named Chairman of such Committee, provided that annual grants are not made to a Non-Employee Director who was first appointed to the committee or as chairman within three months prior to such annual meeting. These stock options vest monthly over a one-year period from the date of grant and expire ten years from the date of grant.

Pursuant to the 2003 Plan, for their service on the Board, Messrs. Van Wagenen, Powers, Fenger, Fuentes, Pini and Dr. Calhoun were each granted an option to purchase 50,000 shares of common stock on December 14, 2004 at a per share exercise price of \$0.39. On that same date, and pursuant to the compensation program above, for their service on committees of the Board, Mr. Van Wagenen was granted an option to purchase 160,000 shares of common stock, Mr. Powers was granted an option for 40,000 shares of common stock, Mr. Fenger was granted an option to purchase 10,000 shares of common stock, Mr. Fuentes was granted an option to purchase 35,000 shares of common stock, and Mr. Pini was granted an option to purchase 10,000 shares of common stock, all at an exercise price of \$0.39 per share. Finally, pursuant to their joining the Board during 2004 and consistent with the policies detailed above, Mr. Fenger was granted an option to purchase 50,000 shares of common stock on April 28, 2004, with an exercise price of \$0.58 per share and Mr. Pini was granted an option to purchase 50,000 shares of common stock on August 10, 2004, with an exercise price of \$0.22 per share.

In addition to option grants, the Company began providing cash compensation to its directors for their service on the Board during 2003. Each Director receives an annual retention fee of \$12,000 payable on a monthly basis during each fiscal year. In addition, the Chairman of the Board and the Chairman of the Audit Committee each receive an additional \$5,000 retention fee and the Chairman of the Compensation Committee and the Chairman of the Governance Committee each receives a \$2,000 retention fee.

All Non-Employee Directors are reimbursed for their reasonable out-of-pocket expenses incurred in attending board and committee meetings.

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

Meetings. During the year ended December 31, 2004, the Board held 10 meetings. Except for Dr. Calhoun, who attended 70% of the number of board meetings, each director attended at least 75% of the aggregate of the number of board meetings (during the period of his service as a director) and the total number of meetings of committees on which he

served that were held (during the period of his service as a member of such committee) during 2004. The Company does not have a formal policy regarding director attendance at Annual Meetings of Stockholders. However, the Company does ask directors to use their best efforts to be available for, and attend, the Annual Meeting of Stockholders. All seven directors (at the time of the meeting) attended the 2004 Annual Meeting of Stockholders.

Independent Directors. The Board has determined that Messrs. Van Wagenen, Fenger, Fuentes, Pini and Powers, and Dr. Calhoun, are each independent pursuant to Section 121A of the American Stock Exchange (AMEX) rules.

Committees of the Board. The Board has established an Audit Committee, a Compensation Committee, and a Corporate Governance Committee each of which is comprised entirely of independent directors as that term is defined under Securities and Exchange Commission (SEC) and AMEX rules.

The Audit Committee consists of Mr. Van Wagenen (Chairman), Mr. Powers and Mr. Fuentes. The Board has determined that Mr. Van Wagenen is a financial expert under AMEX rules. The Audit Committee generally has responsibility for selecting the Company's independent auditors, reviewing the plan and scope of the audit, approving any non-audit services provided by the Company's independent auditors, reviewing the Company's audit and control functions, oversight of the Company's insider trading policy and reporting to the full Board regarding all of the foregoing. The Audit Committee held six meetings in 2004. See Report of the Audit Committee.

The Compensation Committee consists of Mr. Powers (Chairman), Mr. Van Wagenen and Mr. Fuentes. The Compensation Committee generally has responsibility for recommending to the Board guidelines and standards relating to the determination of executive compensation, reviewing the Company's executive compensation policies and reporting to the full Board regarding the foregoing. The Compensation Committee also has responsibility for administering the 2003 Plan, determining the number of options to be granted to the Company's executive officers and employees pursuant to the 2003 Plan and reporting to the full Board regarding the foregoing functions. The Compensation Committee held 12 meetings in 2004. See Report of the Compensation Committee .

The Corporate Governance Committee was formed during 2004 and consists of Mr. Van Wagenen (Chairman), Mr. Fenger and Mr. Pini. The Corporate Governance Committee acts as both the board's corporate governance committee and nominating committee. The Corporate Governance Committee reviews and makes recommendations to the Board regarding Board organization, membership (including the identification and recommendation of potential candidates for election to the board), function and effectiveness, and committee structure, membership, function and effectiveness. The Corporate Governance Committee evaluates the performance of the board as a whole, the Committees and the individual directors. The Corporate Governance Committee held one meeting in 2004.

Director Nominations

The Corporate Governance Committee currently serves as our nominating committee. The Corporate Governance Committee seeks director candidates based upon a number of qualifications, including their independence, knowledge, judgment, character, leadership skills, education and experience. The Corporate Governance Committee particularly emphasizes significant experience in the wireless telecommunications industry. The Corporate Governance Committee operates through a charter which was attached to the Company's 2004 Proxy Statement as Appendix A.

As part of the process of selecting board candidates, the Corporate Governance Committee reviews the appropriate skills and characteristics required of board members. The Corporate Governance Committee does not generally rely upon third-party search firms to identify board

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

candidates. Instead, it relies on recommendations from a wide variety of its business contacts, including current executive officers, directors and stockholders, as a source for potential board candidates. The Corporate Governance Committee evaluates the above criteria as well as the current composition of the Board and the need for audit committee expertise. The Corporate Governance Committee then recommends to the Board for nomination the candidates which it believes best suit the needs of the company. The Corporate Governance Committee has recommended to the Board for nomination Messrs. Fenger, Fuentes, Pini, Powers, Thode and Van Wagenen and Drs. Abdelmonem and Calhoun to serve as directors for 2006 and until their respective successors are duly elected and qualified.

In accordance with the provisions of our By-Laws, a stockholder entitled to vote at such meeting may nominate candidates for election to the board of directors.

A stockholder who wishes to nominate a director candidate must timely deliver a notice to the Secretary of the Company delivered to, or mailed and received by, the Secretary of the Company at the principal executive offices of the Company at 1001 Cambridge Drive, Elk Grove Village, IL 60007. To be timely, the notice must be delivered not less than 60 days nor more than 90 days prior to the meeting; provided, however, that if the Company has not publicly disclosed (in the manner provided in the By-Laws) the date of the meeting at least 70 days prior to the meeting date, the notice must be received not later than the close of business on the tenth day following the day on which the Company publicly discloses the meeting date.

To be in proper written form, a stockholder's notice to the Secretary must set forth (a) as to each person whom the stockholder proposes to nominate for election as a director all information relating to the person that would be required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act), including such person's written consent to being named in the proxy statement as a nominee and to serving as director if elected; and the rules and regulations promulgated thereunder; and (b) as to the stockholder giving the notice (i) the name and record address of such stockholder as they appear on the Company's books and (ii) the number of shares of the Company which are beneficially owned by such stockholder, by class and series.

Stockholders' nominees that comply with these procedures will receive the same consideration at the Annual Meeting of Stockholders that other nominees receive.

Summaries and copies of the nominations are circulated to the Chairman of the Corporate Governance Committee.

Retention of Shareholder Communications. Any stockholder communications which are not circulated to the Chairman of the Corporate Governance Committee because they do not meet the applicable requirements or criteria described above will be retained by the Secretary's office for at least ninety calendar days from the date on which they are received, so that these communications may be reviewed by the non-management directors to whom they were addressed should any of the non-management directors elect to do so.

Distribution of Shareholder Communications. Except as otherwise required by law or upon the request of a non-management director, the Chairman of the Corporate Governance Committee will determine when and whether a stockholder communication should be circulated among one or more members of the board and/or Company management.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers (as defined under Section 16(a) of the Securities Exchange Act), directors and persons who own greater than 10% of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely on a review of the forms it has received and on written representations from certain reporting persons that no such forms were required for them, the Company believes that during 2004, except for an option grant to Mr. Pini subsequently reported on Form 4 by Mr. Pini., all of the Section 16(a) filing requirements applicable to its officers, directors and 10% beneficial owners were complied with by such persons.

Employment Agreements.

The Company has an employment agreement with John Thode to be President and Chief Executive Officer dated as of January 6, 2005. Under the agreement, Mr. Thode's annual base salary will be \$225,000. Mr. Thode's employment may be terminated at any time. If Mr. Thode is terminated by the Company Without Cause, as defined in the agreement, Mr. Thode will receive six months of his annual base salary and six months' continuation of his group health benefits. If Mr. Thode is terminated by the Company for cause, he will be entitled only to the payment of accrued and unpaid salary through the date of such termination. Mr. Thode's agreement also contains customary restrictive covenants, including a covenant not to compete with the Company for a period of twelve months following any cessation of his employment.

Mr. Thode was also granted non-qualified options to purchase up to 1,550,000 shares of the Company's common stock. The options were issued outside of the Company's 2003 Equity Incentive Plan, but were nonetheless subject to terms substantially identical to the 2003 Equity Incentive Plan. The option will vest with respect to 62,500 shares on the last day of each of the 12 calendar months ending after the grant date (or, if sooner, upon a change in control of the Company), provided that Mr. Thode is still employed by the Company through the applicable vesting date. The option will vest with respect to 400,000 of the remaining 800,000 shares if the Company achieves certain quarterly and annual revenue objectives and 400,000 of the remaining 800,000 shares if the Company achieves certain quarterly and annual cash flow objectives during the 2005 fiscal year and Mr. Thode remains employed by the Company through the applicable vesting date. The option will have an exercise price equal to \$0.43 per share, which was the closing price of the Company's common stock on the date of grant, which was January 11, 2005. The option expires ten years from the date of grant, unless earlier terminated.

If Mr. Thode's employment is terminated: (1) by Mr. Thode's death or disability, Mr. Thode or his estate or personal representative will be entitled to exercise the option, the extent vested at the time of his termination, for up to a year after his death or termination due to disability; (2) by the Company for cause, any portion of the option not already exercised will be immediately and automatically forfeited; or (3) for any other reason, the option may be exercised, to the extent vested at the time of his termination, for up to 90 days following his termination.

The Company has an employment agreement with Amr Abdelmonem dated as of January 1, 2001 to be Chief Technology Officer of the Company. Dr. Abdelmonem subsequently became the Chief Executive Officer of the Company from June 2002 through January 2005. The initial term of the agreement was for three years, with one-year renewal options. Dr. Abdelmonem is paid an annual salary of \$200,000 and is paid a severance of one year's salary if (i) the Company terminates his employment Without Cause, as defined in the agreement, or (ii) Dr. Abdelmonem terminates his employment for Good Reason, as defined in the agreement, which such severance is offset by any income received by Dr. Abdelmonem during the severance period. His severance is increased to two years salary in the case of a Change in Control, as defined in the agreement, of the Company and a termination as described previously. Dr. Abdelmonem also receives a severance of six months salary if his employment contract expires without renewal. Dr. Abdelmonem's agreement includes a provision for a bonus to be paid at the discretion of the Board and certain non-competition, non-solicitation, assignment of invention and confidentiality provisions.

Certain Relationships and Related Transactions

During October 2002, the Company entered into an uncommitted line of credit with its two largest shareholders, an affiliate of Elliott Associates, L.P. (Manchester Securities Corporation) and Alexander Finance, L.P. This line is uncommitted, such that each new borrowing under the facility would be subject to the approval of the lenders. Borrowings on this line are collateralized by all the assets of the Company. Outstanding loans under this agreement would be required to be repaid on a priority basis should the Company receive new funding from other sources.

During July 2004, the Company and its lenders agreed to increase the aggregate loan commitments under the credit line from \$6,000,000 to \$6,500,000. Simultaneously, the Company drew the remaining \$1,500,000 of the financing.

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

During November 2004, the Company and its lenders agreed to increase the line of credit to up to an additional \$2 million to an aggregate loan commitment of \$8,500,000, \$1 million of which was drawn immediately by the Company with the remaining \$1 million available to be drawn upon the Company's request and subject to the approval of the lenders.

During February 2005, the consolidated credit line was extended until April 1, 2006. Interest during the extension period is to be charged at 9%.

On August 2, 2005, the Company and its lenders agreed to extend the due date from April 2006 until August 1, 2007. This transaction was a part of a financing transaction in which the lenders (including their affiliates) purchased an aggregate of 20 million shares of the Company's common stock for \$4.4 million and agreed to waive their right to receive the financing proceeds under the terms of the line of credit, allowing the Company to use the funds for product development or general working capital purposes.

Subsequently, pursuant to the provisions of Section 16 of the Securities Exchange Act of 1934, these entities also remitted approximately \$0.6 million in profits from sales of Company common stock during the six months preceding this financing.

THE FOLLOWING REPORT OF THE COMPENSATION COMMITTEE AND THE PERFORMANCE GRAPH ON PAGE 15 WILL NOT BE DEEMED INCORPORATED BY REFERENCE BY ANY GENERAL STATEMENT INCORPORATING BY REFERENCE THIS PROXY STATEMENT INTO ANY FILING UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED, EXCEPT TO THE EXTENT THAT THE COMPANY SPECIFICALLY INCORPORATES THIS INFORMATION BY REFERENCE. THE FOLLOWING REPORT SHALL NOT OTHERWISE BE DEEMED FILED UNDER SUCH ACTS.

Report of the Compensation Committee

The objectives of the Compensation Committee in determining the levels and components of executive compensation are (i) providing executives with both cash and equity incentives to further the interests of the Company and its stockholders, (ii) compensating them at appropriate levels with a recognition of compensation levels of executive officers at other high technology companies at a comparable stage of development, and (iii) attracting, rewarding and retaining outstanding executive officers to the Company. Generally, the compensation of all executive officers is composed of a base salary plus a discretionary bonus based upon achievement of specified goals. In addition, the Company grants stock options, from time to time in its discretion, to base potential compensation on stockholder return and to provide for compensation based upon the common stock performance over time. The Compensation Committee also recommends stock option grants to non-executive employees of the Company so as to encourage a team approach towards the success of the Company to the benefit of the stockholders.

The Compensation Committee recommended to the Board the extension of the employment agreement with Dr. Abdelmonem by allowing Dr. Abdelmonem's agreement to automatically renew in accordance with its terms after engaging in a contract negotiation process with Dr. Abdelmonem. In determining the base salaries of the executive officers, the Compensation Committee considered the performance of each executive, the nature of the executive's responsibilities, the salary levels of executives at high technology companies at a comparable stage of development, including other publicly held companies that are developing competitive products, and the Company's general compensation practices. The Board did not award a bonus to Dr. Abdelmonem, nor to any other officer, for 2004. Furthermore, no raises in salary were approved for Executive Officers in 2004.

The Compensation Committee was involved in the contract negotiations with Mr. John Thode. It also reviewed non-employee director compensation for reasonability based, in part, on industry trends and comparables. The non-employee director compensation program is described previously in this document.

The Compensation Committee typically recommends the grant of stock options to executive officers and other employees with the purpose of aligning the executive officers and other employees with the interests of stockholders and encouraging a long-term focus in managing the Company. From time to time, the Compensation Committee evaluates this policy in light of the market and competitive factors. The exercise price of these stock options is generally the fair market value of the common stock on the dates of grant. Vesting periods are used to retain key employees and to emphasize the long-term aspect of contribution and performance. In recommending stock option grants to executives under the Plan, the Compensation Committee considers a number of factors, including the performance of the executive, achievement of goals, the responsibilities of the executive, review of compensation of executives in high technology companies at a comparable stage of development, and a review of the number and exercise prices of stock options each executive currently possesses. Stock options were granted by the Board to each of Dr. Abdelmonem and Mr. Cesario in January 2004.

Compensation of Chief Executive Officer.

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

Dr. Abdelmonem was appointed Chief Executive Officer in July 2002, and served in this capacity until January 2005. Dr. Abdelmonem has been the Company's Chief Technology Officer since 2000, and remains in this capacity currently. His compensation package as Chief Executive Officer of salary, stock options and bonus potential was not changed from the compensation he received as the Company's Chief Technology Officer. A base salary of \$200,000 was therefore continued for Dr. Abdelmonem for the remainder of 2002 and continued through 2004 without a raise. In addition, grants of options to purchase 1,800,000 shares of common stock was made to him on January 21, 2004. These grants were designed to provide Dr. Abdelmonem with a continuing incentive to remain with the Company and contribute to corporate success.

-12-

In January 2005, the Company entered into a letter agreement in connection with Mr. Thode's employment as Chief Executive Officer. Under the agreement, Mr. Thode's annual base salary will be \$225,000. Mr. Thode was also granted non-qualified options to purchase up to 1,550,000 shares of the Company's common stock. The options were issued outside of the Company's 2003 Equity Incentive Plan, but were nonetheless subject to terms substantially identical to the 2003 Equity Incentive Plan. The option will vest with respect to 62,500 shares on the last day of each of the 12 calendar months ending after the grant date (or, if sooner, upon a change in control of the Company), provided that Mr. Thode is still employed by the Company through the applicable vesting date. The option will vest with respect to 400,000 of the remaining 800,000 shares if the Company achieves certain quarterly and annual revenue objectives and 400,000 of the remaining 800,000 shares if the Company achieves certain quarterly and annual cash flow objectives during the 2005 fiscal year and Mr. Thode remains employed by the Company through the applicable vesting date. The option will have an exercise price equal to \$0.43 per share, which was the closing price of the Company's common stock on the date of grant, which was January 11, 2005. These grants were designed to provide Mr. Thode with a continuing incentive to remain with the Company and contribute to corporate success.

Compliance with Section 162(m). The Compensation Committee generally intends for compensation paid to the executive officers to be tax deductible to the Company pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)). Section 162(m) provides that compensation paid to the executive officers in excess of \$1,000,000 cannot be deducted by the Company for Federal income tax purposes. However, this limitation does not apply to performance-based compensation, provided that certain conditions are satisfied. Although the Company's policy is generally to preserve the federal income tax deductibility of compensation paid, the Compensation Committee retains the authority to approve payments that may not be deductible if it believes that such payments are in the best overall interests of the Company and its stockholders.

THE FOLLOWING REPORT OF THE AUDIT COMMITTEE WILL NOT BE DEEMED INCORPORATED BY REFERENCE BY ANY GENERAL STATEMENT INCORPORATING BY REFERENCE THIS PROXY STATEMENT INTO ANY FILING UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED, EXCEPT TO THE EXTENT THAT WE SPECIFICALLY INCORPORATE THIS INFORMATION BY REFERENCE. THE FOLLOWING REPORT SHALL NOT OTHERWISE BE DEEMED FILED UNDER SUCH ACTS.

Report of the

Audit Committee

The Audit Committee of the Board is composed of three non-employee directors. The role of the Audit Committee is to assist the Board in its oversight of the Company's financial reporting process. The board of directors, in its business judgment, has determined that each member of the audit committee is independent as defined in Rule 121A of the listing standards of The American Stock Exchange. The Committee operates pursuant to a charter that was last amended and restated by the Board on November 5, 2003, a copy of which is attached as Appendix B to the Proxy Statement for the 2003 Annual Meeting of Stockholders. As set forth in the charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Committee has reviewed and discussed the audited financial statements with management and its independent auditors. The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. Finally, the Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, and has considered whether the provision of non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the company's auditors are in fact independent.

Based upon the review, reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the charter, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K/A, for the year ended December 31, 2004 as filed with the Securities and Exchange Commission.

Performance Graph

Set forth in this section is a line graph comparing the cumulative total stockholder return on the Company's common stock against the cumulative total return of the Nasdaq Market Index, the American Stock Exchange (AMEX) Index, and the Nasdaq Telecommunications Index for the fiscal period of five years commencing December 31, 1999 and ending December 31, 2004. The graph and table assume that \$100 was invested on December 31, 1998 in the Company's common stock, the Nasdaq Market Index, the AMEX index, and the Nasdaq Telecommunications Index, and that all dividends were reinvested. The AMEX index is included because on June 7, 2002, the Company's common stock began trading on The American Stock Exchange (AMEX) under the symbol ISO. Prior to this date, the Company's common stock was traded on the OTC Bulletin Board under the symbol ISCO.

The Indices have been selected because the Company has been unable to identify a peer group of companies for comparison. No single public or private company has a comparable mix of technologies under development or products which serve the same markets as the Company.

PROPOSAL 2

APPROVAL OF THE AMENDMENTS TO THE ISCO INTERNATIONAL 2003 EQUITY INCENTIVE PLAN

During 2003, the Board of Directors adopted, and the shareholders approved, the 2003 Plan. The purpose of the 2003 Plan is to enable the Company to recruit and retain highly qualified employees, directors and consultants and to provide those employees, directors and consultants with an incentive for productivity and an opportunity to share in the growth and value of the Company. The 2003 Plan provides for the award of restricted shares, incentive stock options, non-qualified stock options and stock appreciation rights with respect to shares of common stock, to our employees directors, consultants and other individuals who perform services for us.

The 2003 Plan replaced the 1993 Stock Option Plan (the 1993 Plan) which terminated in August 2003. At the time the 1993 Plan terminated, awards had not been granted with respect to 5,038,994 of the 14,011,468 shares authorized for issuance under that plan and option awards remained outstanding with respect to 6,961,542 shares (the Remaining 1993 Plan Shares). As of the date of this Proxy Statement, there are less than 1,000,000 shares available for issuance under the 2003 Plan, subject to the addition of shares due to the forfeiture, expiration or cancellation of outstanding awards granted under the 2003 Plan.

During October 2005, our Board approved amendments to Section 3(a) of the 2003 Plan, subject to approval by our shareholders, that would: (i) increase by 12,000,000 the number of shares of common stock available for grant under the 2003 Plan and (ii) make shares allocated to the 1993 Plan but ultimately unused available for use under the 2003 Plan up to a maximum of 5,000,000 shares.

Increase by 12,000,000 the number of shares of common stock available for grant under the 2003 Plan.

The Company believes that its growth and long-term success depend in large part upon attracting, retaining and motivating key personnel, and that such retention and motivation can be achieved in part through the grant of stock-based awards. The Company also believes that stock-based awards will play an important role in our success by encouraging and enabling the directors, officers and other employees of the Company upon whose judgment, initiative and efforts the Company depends to acquire a proprietary interest in the Company's long-term performance. The Company anticipates that providing these persons with a direct stake in the Company will ensure a closer identification of the interests of the participants in the 2003 Plan with those of the Company, thereby stimulating the efforts of these participants to promote our future success and strengthen their desire to remain with the Company. The Company believes that the proposed amendment of the 2003 Plan will help the Company accomplish these goals and will keep the Company's equity incentive compensation in line with that of other companies comparable to the Company.

The Company has experienced a growth trajectory in revenue, products, and, though somewhat moderated by its outsourcing model, in personnel. The Company expects that its growth may continue. In order to sustain that growth, the Company and its Board of Directors believe that it will need to have an effective Equity Incentive Plan to attract and retain qualified personnel, and that will require an adequate amount of common stock to support the Plan. As of the date of this Proxy Statement, there are less than 1,000,000 shares available for issuance under the 2003 Plan, subject to the addition of shares due to the forfeiture, expiration or cancellation of outstanding awards granted under the 2003 Plan.

In October 2005 the Board of Directors approved the addition of 12,000,000 shares of common stock to support the 2003 Plan. These share amounts were determined by reviewing industry standards and benchmarking the equity plans of other entities. Factors involved in deciding upon the appropriate grant included the length of time between shareholder requests (4.5 years the most recent request occurred during 2001) as well as the preference not to go back for shareholder approval on an annual or otherwise frequent basis.

Make shares allocated to the 1993 Plan but ultimately unused available for use under the 2003 Plan up to a maximum of 5,000,000 shares.

The Amendment also clarified the Board's intention from 2003 to make available for issuance under the 2003 Plan any share related to an option award under the 1993 Plan that ultimately expires, is forfeited, or is cancelled, up to a maximum of 5,000,000 shares. Unissued shares were already expressly allocated by the Board to the 2003 Plan. This clarification does not increase the total number of shares authorized under the Company's equity incentive programs or otherwise affect the number of shares allocated to such programs.

The amendment explicitly authorizes the Company to make available for issuance under the 2003 Plan that number of Remaining 1993 Plan Shares not ultimately issued due to a forfeiture, cancellation or expiration of options granted under the 1993 Plan. Based on actual performance, this number cannot exceed 5,000,000 shares, and thus, for the purposes of this amendment, this number will not exceed 5,000,000 shares.

As of October 15, 2005, the Company had approximately 29 employees, all of whom are eligible to be considered for awards under the 2003 Plan. As of such date, an aggregate of 7,421,644 shares of common stock were issuable pursuant to outstanding awards granted under the 2003 Plan and the 1993 Plan. This represents approximately 4% of our outstanding common stock based upon the 183,252,018 shares outstanding on October 15, 2005. The Company believes this percentage to be very competitive with other companies in our industry. Further, by way of comparison, on December 15, 2003, the date the 2003 Plan was adopted by our shareholders, there were 6,961,542 stock options outstanding, which represented approximately 5% of our outstanding common stock on that date.

If these amendments are approved by our shareholders at the Annual Meeting, up to an aggregate of 22,038,944 shares of our common stock may be issuable under the 2003 Plan out of an aggregate of 26,011,468 shares that may be issuable and/or issued under both the 1993 Plan and the 2003 Plan. The total number of shares in the two plans would equal approximately 14% of the common stock outstanding, a figure the Company believes matches a benchmark analysis in the industry and one that would allow for equity compensation grants without having to regularly request additional shares from its shareholders.

The closing price of the Company's common stock on the American Stock Exchange on October 19, 2005 was \$0.32. Any proceeds received by the Company upon exercise by participants in the 2003 Plan will be used for general corporate purposes.

Vote Required. The affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter is required to approve the adoption of the amendments to the 2003 Plan.

Recommendation of the Board. **The Board recommends that the stockholders vote FOR the amendments to the ISCO International 2003 Equity Incentive Plan as described herein.**

The following is a summary of the material terms and conditions of the 2003 Plan, as proposed to be amended, and is qualified in its entirety by the provisions contained in the 2003 Plan, as amended, a copy of which is attached to this Proxy Statement as Appendix A. The essential features of the 2003 Plan are outlined below:

The maximum number of shares of common stock with respect to which awards may be made under the 2003 Plan is 22,038,944. No Participant will receive an award of stock options or stock appreciation rights under the 2003 Plan with respect to more than 2,000,000 shares of common stock in any calendar year. In the event of any stock split, reverse stock split, stock dividend, recapitalization, reclassification or other similar event, adjustments may be made in the Board's discretion to the number of shares reserved for issuance under the 2003 Plan, to the limit on the number of shares that may be subject to stock options or stock appreciation rights granted to a single person in any calendar year and to the number, kind and price of shares covered by outstanding awards. Shares subject to forfeited, cancelled or expired awards granted under the 2003 Plan will again become available for issuance under the 2003 Plan. In addition, shares surrendered in payment of any exercise price or in satisfaction of any withholding obligation arising in connection with an award granted under the 2003 Plan will again become available for issuance under the 2003 Plan.

The Board, or currently through the Compensation Committee as appointed by the Board, administers the 2003 Plan. The committee must consist of two or more non-employee directors. The Board or the appointed committee interprets the 2003 Plan, selects award recipients,

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

determines the number of shares subject to each award and establishes the price, vesting and other terms of each award. While there are no predetermined performance formulas or measures or other specific criteria used to determine recipients of awards under the 2003 Plan, awards are based generally upon consideration of the grantee's position and responsibilities, the nature of services provided, the value of the services to us, the present and potential contribution of the grantee to our success, the anticipated number of years of service remaining and other factors which the Board or the appointed committee deems relevant.

The 2003 Plan has no specified term, although incentive stock options will not be granted more than 10 years after the adoption of the 2003 Plan.

Stock Options. The 2003 Plan permits the grant of incentive stock options to our employees and the employees of our subsidiaries. The 2003 Plan also provides for the grant of non-qualified stock options to our employees, directors, and consultants and other individuals who perform services for us (as well as to employees, directors, consultants and service providers of our subsidiaries). The exercise price of any incentive stock options granted under the 2003 Plan may not be less than 100% of the fair market value of our common stock on the date of grant. Options granted under the 2003 Plan may be exercised by payment in cash or through an exchange for shares of common stock owned by the option holder for more than six months that have a fair market value on the date of exercise equal to the option exercise price.

Under the 2003 Plan, each option is exercisable at such time and to such extent as specified in the pertinent option agreement between the Company and the option recipient. However, no option shall be exercisable with respect to any shares of common stock more than ten years after the date of grant of such award. Unless otherwise specified by the Board or the appointed committee with respect to a particular option, all options are non-transferable, except upon death.

Upon or in anticipation of a change of control of the Company, the Board or the appointed committee, may: (i) cause outstanding options to become immediately exercisable, (ii) provide for the cancellation of options in exchange for comparable options to purchase shares in a successor corporation, and/or (iii) provide for the cancellation of options in exchange for a cash and/or other substitute consideration.

Stock Appreciation Rights. The 2003 Plan also provides for the grant of stock appreciation rights, either alone or in tandem with stock options. A stock appreciation right entitles its holder to a cash payment of the excess of the fair market value of our common stock on the date of exercise, over the fair market value of our common stock on the date of grant. A stock appreciation right issued in tandem with a stock option will have the same term as the stock option. The term of a stock appreciation right granted alone, without an option, will be established by the Board or the appointed committee, in the award agreement governing the stock appreciation right.

Upon or in anticipation of a change of control of the Company, the Board or the appointed committee, may: (i) cause outstanding stock appreciation rights to become immediately exercisable, and/or (ii) provide for the cancellation of stock appreciation rights in exchange for a cash and/or other substitute consideration.

Restricted Shares. The 2003 Plan also provides for the grant of restricted shares. Restricted shares are shares of our common stock issued to an individual that will be forfeited if certain vesting conditions established by the Board or the appointed committee at the time of grant (such as a specified period of continued employment or the fulfillment of specified individual or corporate performance goals) are not met. Restricted shares may be sold under the 2003 Plan (at their full value or at a discount), or may be granted solely in consideration for services.

Upon or in anticipation of an event of a change of control of the Company, the Board or the appointed committee may: (i) cause restrictions on restricted shares to lapse, (ii) cancel restricted shares in exchange for restricted shares of a successor corporation, and/or (iii) redeem restricted shares for cash or other substitute consideration.

Effect of Federal Income Taxation. Stock options granted under the 2003 Plan may be either incentive stock options intended to qualify under Section 422 of the Code (ISOs) or non-qualifying stock options (NQSOs). The following summary of tax consequences with respect to stock options, stock appreciation rights and restricted shares that may be granted under the 2003 Plan is not comprehensive and is based upon laws and regulations in effect on the date of this proxy. Such laws and regulations are subject to change.

There are generally no federal income tax consequences either to the option holder or to the Company upon the grant of a stock option. On exercise of an ISO, the option holder will not recognize any income, and the Company will not be entitled to a deduction for tax purposes,

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

although such exercise may give rise to liability for the option holder under the alternative minimum tax provisions of the Internal Revenue Code. Generally, if the option holder disposes of shares acquired upon exercise of an ISO within two years of the date of grant or one year of the date of exercise, the option holder will recognize ordinary income and the Company will then be entitled to a tax deduction equal to the excess of the fair market value of the shares on the date of exercise over the option exercise price (or the gain on sale, if less). Otherwise, the Company will not be entitled to any deduction for tax purposes upon disposition of such shares, and the entire gain for the option holder will be treated as a capital gain.

On exercise of a NQSO, the amount by which the fair market value of the shares on the date of exercise exceeds the option exercise price will generally be taxable to the option holder as ordinary income and will generally be deductible

by the Company. The dispositions of shares acquired upon exercise of a NQSO will generally result in a capital gain or loss for the option holder, but will have no tax consequence for the Company.

Under federal tax law, there are generally no federal income tax consequences to an employee of the Company due to the grant of stock appreciation rights. The employee will generally recognize ordinary income upon exercise of a stock appreciation right in an amount equal to the amount of cash, or the fair market value of the shares (determined at the time of exercise), the employee receives upon exercise.

Under federal tax law, in the absence of an election made under section 83(b) of the Internal Revenue Code, there are generally no federal income tax consequences to an employee of the Company due to the grant of restricted shares. The employee will generally recognize ordinary income upon the date on which the shares are no longer subject to a substantial risk of forfeiture. The amount of income recognized by the employee will be equal to the excess of the fair market value of the shares on the date on which they are first free from the substantial risk of forfeiture over the amount, if any, the employee paid for the shares. The Company will be entitled to a deduction in the same amount at that time. The employee will have a basis in the shares equal to the amount, if any, he or she paid for the shares plus the amount of income he or she recognized in respect of the shares. The later disposition of restricted shares will generally result in a capital gain or loss for the employee. Such a disposition will have no tax consequences for the Company.

The tax treatment of restricted shares is different if the employee makes an election under section 83(b) of the Internal Revenue Code with respect to the restricted shares. If an employee makes such an election, he will recognize compensation income, and the Company will be entitled to a deduction, at the time the employee receives the restricted shares, even though the shares remain subject to a substantial risk of forfeiture. The amount of income to be recognized by the employee, and deducted by the Company, will be the excess of the fair market value of the restricted shares determined at the time of the employee's receipt of the shares, (without regard to the restrictions to which the shares are subject), over the amount, if any, the employee paid for the shares. The employee will have a basis in the shares equal to the sum of the amount of income recognized in respect of the shares plus the amount, if any, the employee paid for the shares. The later disposition of restricted shares will generally result in a capital gain or loss for the employee. Such a disposition will have no tax consequences for the Company. An election under section 83(b) must be made by the employee no later than 30 days after the employee first receives the restricted shares.

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1,000,000 paid to the chief executive officer of the Company or to one of the next-four highest paid executive officers of the Company, unless the excess compensation is considered to be performance-based. Among other requirements contained in Section 162(m), the material terms of a compensation plan in which such officers participate, including the number of shares available for grant and the number of shares that may be issued to one person, must be approved by stockholders for awards or compensation provided under the plan to be considered performance-based. The Company intends that its deductions for amounts paid pursuant to ISOs, NQSOs and stock appreciation rights granted under the 2003 Plan will not be limited by Section 162(m) because such awards qualify as performance-based compensation. However, restricted shares awarded under the 2003 Plan may not qualify as performance-based compensation for purposes of 162(m) and therefore, may be subject to the limits of Section 162(m).

If a disqualified individual (i.e., an officer, stockholder or highly compensated individual) receives any payments or rights which are contingent upon a change in control, such payments may constitute excess parachute payments under Section 280G of the Internal Revenue Code. A disqualified individual will be subject to an excise tax (in addition to ordinary income tax liability) on the amount of such excess parachute payments and the Company will not be allowed to deduct such excess parachute payments. A portion of the payments under the 2003 Plan will be considered contingent on a change in control to the extent that the change in control accelerates the vesting of options, stock appreciation rights or restricted shares.

PROPOSAL 3**RATIFICATION OF APPOINTMENT OF AUDITORS**

The board of directors, upon the recommendation of the Audit Committee, has appointed Grant Thornton LLP (Grant Thornton), independent certified public accountants, as auditors of the Company's financial statements for 2005. Grant Thornton has acted as auditors for the Company since December 2000.

The Board has determined to afford stockholders the opportunity to express their opinions on the matter of auditors, and, accordingly, is submitting to the stockholders at the Annual Meeting a proposal to ratify the board of directors' appointment of Grant Thornton. If a majority of the shares voted at the Annual Meeting, in person or by proxy, are not voted in favor of the ratification of the appointment of Grant Thornton, the Board will interpret this as an instruction to seek other auditors.

Grant Thornton has examined the financial statements of the Company for the year December 31, 2004. The Company expects representatives of Grant Thornton to be present at the Annual Meeting and to be available to respond to appropriate questions from stockholders. The representatives of Grant Thornton will have the opportunity to make a statement at the meeting if they desire to do so.

During the fiscal years ended December 31, 2004 and 2003, fees in connection with services rendered by Grant Thornton LLP, the Company's independent auditors, were as set forth below:

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

| Fee Category | Fiscal 2004 | Fiscal 2003 |
|--------------------|-------------------|-------------------|
| Audit fees | \$ 111,566 | \$ 114,683 |
| Audit-Related Fees | | |
| Tax Fees | 31,171 | 34,739 |
| All Other Fees | | |
| TOTAL | \$ 142,737 | \$ 149,422 |

Audit fees consisted of fees for the audit of the Company's annual financial statements and review of quarterly financial statements as well as services normally provided in connection with statutory and regulatory filings or engagements, consents and assistance with and review of the Company's documents filed with the SEC.

Tax fees consisted primarily of fees for tax compliance, tax advice and tax planning services.

The Company made no other payments to Grant Thornton LLP during either 2004 or 2003 which constituted other fees.

Policy for Pre-Approval of Audit and Non-Audit Services

The Audit Committee's policy is to pre-approve all audit services and all non-audit services that the Company's independent auditor is permitted to perform for us under applicable federal securities regulations. As permitted by the applicable regulations, the Committee's policy utilizes a combination of specific pre-approval on a case-by-case basis of

individual engagements of the independent auditor and pre-approval of certain engagements up to predetermined dollar thresholds that are reviewed annually by the Committee. Specific pre-approval is mandatory for the annual financial statement audit engagement, among others.

All engagements of the independent auditor to perform any audit services and non-audit services have been pre-approved by the Committee in accordance with the pre-approval policy. The policy has not been waived in any instance.

The Audit Committee may delegate pre-approval authority to the Chairman of the Audit Committee. The Chairman of the Audit Committee must report any decisions to the Audit Committee at the next scheduled meeting.

Recommendation of the Board. The Board recommends that the stockholders vote FOR the ratification of the appointment of Grant Thornton LLP as independent auditors of the Company s financial statements for the fiscal year ending December 31, 2005.

(a) Shares Subject to the Plan. The Shares to be subject to or related to Awards under the Plan will be authorized and unissued Shares of the Company, whether or not previously issued and subsequently acquired by the Company. The maximum number of Shares that may be subject to Options or Restricted Shares under the Plan is 17,038,994, plus an additional number of Shares not to exceed 5,000,000, which additional number will be equal to the number of Shares subject to options granted under the ISCO International, Inc. Amended and Restated 1993 Stock Option Plan that expire, are forfeited, or are cancelled after the date of the Company's 2005 Annual Meeting. The Company shall reserve for purposes of the Plan out of its authorized and unissued Shares that total number of Shares.

(b) Effect of the Expiration or Termination of Awards. If and to the extent that an Option expires, terminates or is canceled or forfeited for any reason without having been exercised in full, the Shares associated with that Option will again become available for grant under the Plan. Similarly, if and to the extent any Restricted Share is canceled, forfeited or repurchased for any reason, or if any Share is withheld pursuant to Section 11(d) in settlement of a tax withholding obligation associated with an Award, that Share will again become available for grant under the Plan. Finally, if any Share is received in satisfaction of the exercise price payable upon exercise of an Option, that Share will become available for grant under the Plan.

(c) **Other Adjustment.** In the event of any recapitalization, stock split or combination, stock dividend or other similar event or transaction affecting the Shares, equitable substitutions or adjustments may be made by the Board, in its sole and absolute discretion, to the aggregate number, type and issuer of the securities reserved for issuance under the Plan, to the number, type and issuer of Shares subject to outstanding Options or SARs, to the exercise price of outstanding Options or SARs, and to the number, type and issuer of Restricted Shares.

(d) **Change in Control.** Notwithstanding anything to the contrary set forth in the Plan, upon or in anticipation of any Change in Control of the Company or any of its Affiliates, the Board may, in its sole and absolute discretion and without the need for the consent of any Participant, take one or more of the following actions contingent upon the occurrence of that Change in Control: (i) cause any or all outstanding Options and SARs held by Participants affected by the Change in Control to become vested and immediately exercisable, in whole or in part; (ii) cause any or all outstanding Restricted Shares held by Participants affected by the Change in Control to become non-forfeitable, in whole or in part; (iii) cancel any Option held by a Participant affected by the Change in Control in exchange for an option to purchase common stock of any successor corporation, which new option satisfies the requirements of Treas. Reg. § 1.425-1(a)(4)(i) (notwithstanding the fact that the original Option may never have been intended to satisfy the requirements for treatment as an Incentive Stock Option), (iv) cancel any Restricted Shares held by a Participant affected by the Change in Control in exchange for restricted shares of the common stock of any successor corporation, (v) redeem any Restricted Shares held by a Participant affected by the Change in Control for cash and/or other substitute consideration with a value equal to the Fair Market Value of an unrestricted Share on the date of the Change in Control; or (vi) cancel any Option or SAR held by a Participant affected by the Change in Control in exchange for cash and/or other substitute consideration with a value equal to (A) the number of Shares subject to that Option or SAR, multiplied by (B) the difference, if any, between the Fair Market Value per Share on the date of the Change in Control and the exercise price of that Option or SAR; *provided*, that if the Fair Market Value per Share on the date of the Change in Control does not exceed the exercise price of any such Option, the Board may cancel that Option without any payment of consideration therefor.

SECTION 4. Eligibility. Employees, Directors, consultants, and other individuals who provide services to the Company or its Affiliates are eligible to be granted Awards under the Plan. Persons who are not employees of the Company or a Subsidiary are not eligible to be granted Incentive Stock Options but are eligible to be granted other types of Awards.

SECTION 5. Options. Options granted under the Plan may be of two types: (i) Incentive Stock Options or (ii) Non-Qualified Stock Options. Any Option granted under the Plan will be in such form as the Board may at the time of such grant approve.

The Award Agreement evidencing any Option will incorporate the following terms and conditions and will contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Board deems appropriate in its sole and absolute discretion:

(a) **Option Price.** The exercise price per Share purchasable under a Non-Qualified Stock Option will be determined by the Board. The exercise price per Share

purchasable under an Incentive Stock Option will be not less than 100% of the Fair Market Value of the Share on the date of the grant. However, any Incentive Stock Option granted to any Participant who, at the time the Option is granted, owns more than 10% of the voting power of all classes of shares of the Company or of a Subsidiary will have an exercise price per Share of not less than 110% of Fair Market Value per Share on the date of the grant.

(b) Option Term. The term of each Option will be fixed by the Board, but no Incentive Stock Option will be exercisable more than 10 years after the date the Option is granted. However, any Incentive Stock Option granted to any Participant who, at the time such Option is granted, owns more than 10% of the voting power of all classes of shares of the Company or of a Subsidiary may not have a term of more than five years. No Option may be exercised by any person after expiration of the term of the Option.

(c) Exercisability. Options will vest and be exercisable at such time or times and subject to such terms and conditions as determined by the Board at the time of grant. If the Board provides, in its discretion, that any Option is exercisable only in installments, the Board may waive such installment exercise provisions at any time at or after grant, in whole or in part, based on such factors as the Board determines, in its sole and absolute discretion.

(d) Method of Exercise. Subject to the exercisability provisions of Section 5(c), the termination provisions set forth in Section 7 and the applicable Award Agreement, Options may be exercised in whole or in part at any time and from time to time during the term of the Option, by the delivery of written notice of exercise by the Participant to the Company specifying the number of Shares to be purchased. Such notice will be accompanied by payment in full of the purchase price, either by certified or bank check, or such other means as the Board may accept. As determined by the Board, in its sole discretion, at or after grant, payment in full or in part of the exercise price of an Option may be made in the form of previously acquired Shares based on the Fair Market Value of the Shares on the date the Option is exercised; *provided, however*, that, in the case of an Incentive Stock Option, the right to make a payment in the form of previously acquired Shares may be authorized only at the time the Option is granted.

No Shares will be issued upon exercise of an Option until full payment therefor has been made. A Participant will not have the right to distributions or dividends or any other rights of a stockholder with respect to Shares subject to the Option until the Participant has given written notice of exercise, has paid in full for such Shares, and, if requested, has given the representation described in Section 11(a) hereof.

(e) Incentive Stock Option Limitations. In the case of an Incentive Stock Option, the aggregate Fair Market Value (determined as of the time of grant) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year under the Plan and/or any other plan of the Company or any Subsidiary will not exceed \$100,000. For purposes of applying the foregoing limitation, Incentive Stock Options will be taken into account in the order granted. To the extent any Option does not meet such limitation, that Option will be treated for all purposes as a Non-Qualified Stock Option.

(f) Termination of Employment. Unless otherwise specified in the applicable Award Agreement, Options will be subject to the terms of Section 7 with respect to exercise upon or following termination of employment.

(g) Transferability of Options. Except as may otherwise be specifically determined by the Board with respect to a particular Option, no Option will be transferable by the Participant other than by will or by the laws of descent and distribution, and all Options will be exercisable, during the Participant's lifetime, only by the Participant or, in the event of his Disability, by his personal representative.

SECTION 6. Stock Appreciation Rights.

(a) Grant. The grant of an SAR provides the holder the right to receive the appreciation in value of Shares between the date of grant and the date of exercise. SARs may be granted alone (Stand-Alone SARs) or in conjunction with all or part of any Option (Tandem SARs). In the case of a Non-Qualified Stock Option, a Tandem SAR may be granted either at or after the time of the grant of such Option. In the case of an Incentive Stock Option, a Tandem SAR may be granted only at the time of the grant of such Option.

(b) Exercise.

(i) Tandem SARs. A Tandem SAR or applicable portion thereof will terminate and will no longer be exercisable upon the termination or exercise of the related Option or portion thereof, except that, unless otherwise determined by the Board, in its sole discretion at the time of grant, a Tandem SAR granted with respect to less than the full number of Shares covered by a related Option will be reduced only after such related Option is exercised or otherwise terminated with respect to the number of Shares not covered by the Tandem SAR.

A Tandem SAR may be exercised by a Participant by surrendering the applicable portion of the related Option, only at such time or times and to the extent that the Option to which such Tandem SAR relates will be exercisable in accordance with the provisions of Section 5 and this Section 6. Options which have been so surrendered, in whole or in part, will no longer be exercisable to the extent the related Tandem SARs have been exercised.

Upon the exercise of a Tandem SAR, a Participant will be entitled to receive, upon surrender to the Company of all (or a portion) of an Option in exchange for cash and/or Shares, an amount equal to the excess of (A) the Fair Market Value, as of the date such Option (or such portion thereof) is surrendered, of the Shares covered by such Option (or such portion thereof) over (B) the aggregate exercise price of such Option (or such portion thereof).

Upon the exercise of a Tandem SAR, the Option or part thereof to which such Tandem SAR is related, will be deemed to have been exercised for the purpose of the limitation set forth in Section 3 of the Plan on the number of Shares to be issued under the Plan, but only to the extent of the number of Shares issued under the Tandem SAR at the time of exercise based on the value of the Tandem SAR at such time.

A Tandem SAR may be exercised only if and when the Fair Market Value of the Shares subject to the Option exceeds the exercise price of such Option.

(ii) Stand-Alone SARs. A Stand-Alone SAR may be exercised by a Participant giving notice of intent to exercise to the Company, provided that all or a portion of such Stand-Alone SAR will have become vested and exercisable as of the date of exercise.

Upon the exercise of a Stand-Alone SAR, a Participant will be entitled to receive, in either cash and/or Shares, an amount equal to the excess, if any, of (A) the Fair Market Value, as of the date such SAR (or portion of such SAR) is exercised, of the Shares covered by such SAR (or portion of such SAR) over (B) the Fair Market Value of the Shares covered by such SAR (or a portion of such SAR) as of the date such SAR (or a portion of such SAR) was granted.

(c) Terms and Conditions. The Award Agreement evidencing any SAR will incorporate the following terms and conditions and will contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Board deems appropriate in its sole and absolute discretion:

(i) Term of SAR. Unless otherwise specified in the Award Agreement, the term of a Tandem SAR will be identical to the term of the associated Option, and the term of a Stand-Alone SAR will be ten years.

(ii) Exercisability. SARs will vest and become exercisable at such time or times and subject to such terms and conditions as will be determined by the Board at the time of grant; provided that, unless otherwise specified in the Award Agreement, a Tandem SAR will vest and become exercisable in the same manner and at the same time as the associated Option.

(iii) Termination of Employment. Unless otherwise specified in the Award Agreement, SARs will be subject to the terms of Section 7 with respect to exercise upon termination of employment.

SECTION 7. Termination of Service. Unless otherwise specified with respect to a particular Award, Options or SARs granted hereunder will remain exercisable after termination of employment only to the extent specified in this Section 7.

(a) Termination by Reason of Death. If a Participant's service with the Company or any Affiliate terminates by reason of death, any Option or SAR held by such Participant may thereafter be exercised, to the extent then exercisable or on such accelerated basis as the Board may determine, at or after grant, by the legal representative of the estate or by the legatee of the Participant under the will of the Participant, for a period expiring (i) at such time as may be specified by the Board at or after the time of grant, or (ii) if not specified by the Board, then 12 months from the date of death, or (iii) if sooner than the applicable period specified under (i) or (ii) above, then upon the expiration of the stated term of such Option.

(b) Termination by Reason of Disability. If a Participant's service with the Company or any Affiliate terminates by reason of Disability, any Option or SAR held by such Participant may thereafter be exercised by the Participant or his personal representative, to the extent it was exercisable at the time of termination, or on such accelerated basis as the Board may determine at or after grant, for a period expiring (i) at such time as may be specified by the Board at or after the time of grant, or (ii) if not specified by the Board, then 12 months from the date of termination of service, or (iii) if sooner than the applicable period specified under (i) or (ii) above, then upon the expiration of the stated term of such Option or SAR.

(c) Cause. If a Participant's service with the Company or any Affiliate is terminated for Cause: (i) any Option or SAR not already exercised will be immediately and automatically forfeited as of the date of such termination, and (ii) any Shares for which the Company has not yet delivered share certificates will be immediately and automatically forfeited and the Company will refund to the Participant the Option exercise price paid for such Shares, if any.

(d) Other Termination. If a Participant's service with the Company or any Affiliate terminates for any reason other than death, Disability or Cause, any Option or SAR held by such Participant may thereafter be exercised by the Participant, to the extent it was exercisable at the time of such termination, or on such accelerated basis as the Board may determine at or after grant, for a period expiring (i) at such time as may be specified by the Board at or after the time of grant, or (ii) if not specified by the Board, then 60 days from the date of termination of service, or (iii) if sooner than the applicable period specified under (i) or (ii) above, then upon the expiration of the stated term of such Option or SAR.

SECTION 8. Restricted Shares.

(a) Issuance. Restricted Shares may be issued either alone or in conjunction with other Awards. The Board will determine the time or times within which Restricted Shares may be subject to forfeiture, and all other conditions of such Awards.

(b) Awards and Certificates. The Award Agreement evidencing the grant of any Restricted Shares will contain such terms and conditions, not inconsistent with the terms of the Plan, as the Board deems appropriate in its sole and absolute discretion. The prospective recipient of an Award of Restricted Shares will not have any rights with respect to such Award, unless and until such recipient has executed an Award Agreement and has delivered a fully executed copy thereof to the Company, and has otherwise complied with the applicable terms and conditions of such Award. The purchase price for Restricted Shares may, but need not, be zero.

A share certificate will be issued in connection with each Award of Restricted Shares. Such certificate will be registered in the name of the Participant receiving the Award, and will bear the following legend and/or any other legend required by this Plan, the Award Agreement, the Company's stockholders' agreement, if any, or by applicable law:

THE TRANSFERABILITY OF THIS CERTIFICATE AND THE SHARES REPRESENTED HEREBY ARE SUBJECT

TO THE TERMS AND CONDITIONS OF THE ISCO INTERNATIONAL, INC. 2003 EQUITY INCENTIVE PLAN AND AN AGREEMENT ENTERED INTO BETWEEN [THE PARTICIPANT] AND ISCO INTERNATIONAL, INC. (WHICH TERMS AND CONDITIONS MAY INCLUDE, WITHOUT LIMITATION, CERTAIN TRANSFER RESTRICTIONS, REPURCHASE RIGHTS AND FORFEITURE CONDITIONS). COPIES OF THAT PLAN AND AGREEMENT ARE ON FILE IN THE PRINCIPAL OFFICES OF ISCO INTERNATIONAL, INC. AND WILL BE MADE AVAILABLE TO THE HOLDER OF THIS CERTIFICATE WITHOUT CHARGE UPON REQUEST TO THE SECRETARY OF THE COMPANY.

Share certificates evidencing Restricted Shares will be held in custody by the Company or in escrow by an escrow agent until the restrictions thereon have lapsed. As a condition to any Restricted Shares award, the Participant may be required to deliver to the Company a share power, endorsed in blank, relating to the Shares covered by such Award.

(c) Restrictions and Conditions. The Restricted Shares awarded pursuant to this Section 8 will be subject to the following restrictions and conditions:

(i) During a period commencing with the date of an Award of Restricted Shares and ending at such time or times as specified by the Board (the Restriction Period), the Participant will not be permitted to sell, transfer, pledge, assign or otherwise encumber Restricted Shares awarded under the Plan. The Board may condition the lapse of restrictions on Restricted Shares upon the continued employment or service of the recipient, the attainment of specified individual or corporate performance goals, or such other factors as the Board may determine, in its sole and absolute discretion.

(ii) Except as provided in this Paragraph (ii) or Section 8(c)(i), once the Participant has been issued a certificate or certificates for Restricted Shares, the Participant will have, with respect to the Restricted Shares, all of the rights of a stockholder of the Company, including the right to vote the Shares, and the right to receive any cash distributions or dividends. The Board, in its sole discretion, as determined at the time of award, may permit or require the payment of cash distributions or dividends to be deferred and, if the Board so determines, reinvested in additional Restricted Shares to the extent Shares are available under Section 3 of the Plan. Any distributions or dividends paid in the form of securities with respect to Restricted Shares will be subject to the same terms and conditions as the Restricted Shares with respect to which they were paid, including, without limitation, the same Restriction Period.

(iii) Subject to the applicable provisions of the Award Agreement, if a Participant's service with the Company terminates prior to the expiration of the Restriction Period, all of that Participant's Restricted Shares which then remain subject to forfeiture will then be forfeited automatically.

(iv) If and when the Restriction Period expires without a prior forfeiture of the Restricted Shares subject to such Restriction Period (or if and when the restrictions applicable to Restricted Shares lapse pursuant to Sections 3(d)), the certificates for such Shares will be replaced with new certificates, without the restrictive legends described in Section 8(b) applicable to such lapsed restrictions, and such new certificates will be promptly delivered to the Participant, the Participant's representative (if the Participant has suffered a Disability), or the Participant's estate or heir (if the Participant has died).

SECTION 9. Amendments and Termination. The Board may amend, alter or discontinue the Plan at any time, but, except as otherwise provided in Section 3(d) of the Plan, no amendment, alteration or discontinuation will be made which would impair the rights of a Participant with respect to an Award, without that Participant's consent, or which, without the approval of such amendment within one year (365 days) of its adoption by the Board, by a majority of the votes cast at a duly held stockholder meeting at which a quorum representing a majority of the Company's outstanding voting shares is present (either in person or by proxy), would: (i) increase the total number of Shares reserved for the purposes of the Plan (except as otherwise provided in Section 3(c)), or (ii) change the persons or class of persons eligible to receive Awards.

SECTION 10. Unfunded Status of Plan. The Plan is intended to be unfunded. With respect to any payments not yet made to a Participant by the Company, nothing contained herein will give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Board may authorize the creation of grantor trusts or other arrangements to meet the obligations created under the Plan to deliver Shares or payments in lieu of Shares or with respect to Awards.

SECTION 11. General Provisions.

(a) The Board may require each Participant to represent to and agree with the Company in writing that the Participant is acquiring securities of the Company for investment purposes and without a view to distribution thereof and as to such other matters as the Board believes are appropriate. The certificate evidencing any Award and any securities issued pursuant thereto may include any legend which the Board deems appropriate to reflect any restrictions on transfer and compliance with securities laws.

All certificates for Shares or other securities delivered under the Plan will be subject to such share-transfer orders and other restrictions as the Board may deem advisable under the rules, regulations, and other requirements of the Securities Act of 1933, as amended, the Exchange Act, any stock exchange upon which the Shares are then listed, and any other applicable federal or state securities laws, and the Board may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(b) Nothing contained in the Plan will prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

(c) Neither the adoption of the Plan nor the execution of any document in connection with the Plan will (i) confer upon any person any right to continued employment or engagement with the Company or such Affiliate, or (ii) interfere in any way with the right of the Company or such Affiliate to terminate the employment of any of its employees at any time.

(d) No later than the date as of which an amount first becomes includible in the gross income of the Participant for federal income tax purposes with respect to any Award under the Plan, the Participant will pay to the Company, or make arrangements satisfactory to the Board regarding the payment of any federal, state or local taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Board, the minimum required withholding obligations may be settled with Shares, including Shares that are part of the Award that gives rise to the withholding requirement. The obligations of the Company under the Plan will be conditioned on such payment or arrangements and the Company will, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Participant.

SECTION 12. Effective Date of Plan. The Plan will become effective on the date that it is adopted by the Board; *provided, however*, that all Options intended to be Incentive Stock Options will automatically be converted into Non-Qualified Stock Options if the Plan is not approved by the Company's stockholders within one year (365 days) of its adoption by the Board in a manner consistent with Treas. Reg. § 1.422-5.

SECTION 13. Term of Plan. The Plan will continue in effect until terminated in accordance with Section 9; *provided, however*, that no Incentive Stock Option will be granted hereunder on or after the 10th anniversary of the date of stockholder approval of the Plan (or, if the stockholders approve an amendment that increases the number of shares subject to the Plan, the 10th anniversary of the date of such approval); *but provided further*, that Incentive Stock Options granted prior to such 10th anniversary may extend beyond that date.

SECTION 14. Invalid Provisions. In the event that any provision of this Plan is found to be invalid or otherwise unenforceable under any applicable law, such invalidity or unenforceability will not be construed as rendering any other provisions contained herein as invalid or unenforceable, and all such other provisions will be given full force and effect to the same extent as though the invalid or unenforceable provision was not contained herein.

SECTION 15. Governing Law. The Plan and all Awards granted hereunder will be governed by and construed in accordance with the laws and judicial decisions of the State of Delaware, without regard to the application of the principles of conflicts of laws.

SECTION 16. Board Action. Notwithstanding anything to the contrary set forth in the Plan, any and all actions of the Board or Committee, as the case may be, taken under or in connection with the Plan and any agreements, instruments, documents, certificates or other writings entered into, executed, granted, issued and/or delivered pursuant to the terms hereof, will be subject to and limited by any and all votes, consents, approvals, waivers or other actions of all or certain stockholders of the Company or other persons required by:

(a) the Company's Certificate of Incorporation (as the same may be amended and/or restated from time to time);

(b) the Company's Bylaws (as the same may be amended and/or restated from time to time); and

(c) any other agreement, instrument, document or writing now or hereafter existing, between or among the Company and its stockholders or other persons (as the same may be amended from time to time).

SECTION 17. Notices. Any notice to be given to the Company pursuant to the provisions of the Plan will be addressed to the Company in care of its Secretary (or such other person as the Company may designate from time to time) at its principal executive office, and any notice to be given to a Participant will be delivered personally or addressed to him or her at the address given beneath his or her signature on his or her Award Agreement, or at such other address as such Participant may hereafter designate in writing to the Company. Any such notice will be deemed duly given on the date and at the time delivered via personal, courier or recognized overnight delivery service or, if sent via telecopier, on the date and at the time telecopied with confirmation of delivery or, if mailed, on the date five (5) days after the date of the mailing (which will be by regular, registered or certified mail). Delivery of a notice by telecopy (with confirmation) will be permitted and will be considered delivery of a notice notwithstanding that it is not an original that is received.
