PROXY STATEMENT

for

ANNUAL MEETING OF STOCKHOLDERS

January 23, 2007

The Board of Directors of PriceSmart, Inc., a Delaware corporation (the "Company"), is soliciting the enclosed Proxy for use at the Annual Meeting of Stockholders of the Company to be held on January 23, 2007 (the "Annual Meeting"), and at any adjournments thereof. This Proxy Statement will be first sent to stockholders on or about December 4, 2006. You can submit your Proxy by mail or you may provide voting instructions for your shares by telephone or via the Internet. Instructions for voting by telephone, by using the Internet or by mail are described on the enclosed Proxy. Unless contrary instructions are indicated on the Proxy, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted for the election of the Board of Directors' nominees for directors, or for a substitute or substitutes in the event a nominee or nominees are unable to serve or decline to do so. As to any other business which may properly come before the Annual Meeting and be submitted to a vote of the stockholders, Proxies received by the Board of Directors will be voted in accordance with the best judgment of the holders thereof.

A Proxy may be revoked by written notice to the Secretary of the Company at any time prior to the Annual Meeting, by executing a later Proxy or by attending the Annual Meeting and voting in person.

The Company will bear the cost of solicitation of Proxies. In addition to the use of mails, Proxies may be solicited by personal interview, telephone, facsimile or e-mail, by officers, directors and other employees of the Company. The Company also will request persons, firms and corporations holding shares in their names, or in the names of their nominees, which are beneficially owned by others to send or cause to be sent Proxy material to, and obtain Proxies from, such beneficial owners and will reimburse such holders for their reasonable expenses in so doing.

The Company's mailing address is 9740 Scranton Road, San Diego, California 92121.

Voting

Stockholders of record at the close of business on November 27, 2006 (the "Record Date") will be entitled to notice of and to vote at the Annual Meeting or any adjournments thereof.

As of November 27, 2006, 28,983,397 shares of the Company's common stock, \$.0001 par value per share ("Common Stock"), were outstanding, representing the only voting securities of the Company. Each share of Common Stock is entitled to one vote.

Votes cast by Proxy or in person at the Annual Meeting will be counted by the person appointed by the Company to act as Inspector of Election for the Annual Meeting. The Inspector of Election will treat shares represented by Proxies that reflect abstentions or include broker non-votes as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Because directors are elected by a plurality of the votes of the shares present in person or represented by Proxy at the Annual Meeting and entitled to vote on the election of directors, abstentions and broker non-votes do not constitute a vote for or against any nominee for the Board of Directors and thus will be disregarded in the calculation of votes cast for purposes of electing nominees to the Board of Directors. Any unmarked Proxies, including those submitted by brokers or nominees, will be voted in favor of the nominees for the Board of Directors, as indicated in the accompanying Proxy card.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors of the Company has nominated and recommends for election as directors the eight persons named herein to serve until the next Annual Meeting of Stockholders and until their respective successors shall have been duly elected and qualified. All of the nominees are presently directors of the Company, and following the Annual Meeting there will be no vacancies on the Board. Directors are elected by a plurality of the votes of the shares present in person or represented by Proxy at the Annual Meeting and entitled to vote on the election of directors. The enclosed Proxy will be voted in favor of the persons nominated unless otherwise indicated. If any of the nominees should be unable to serve or should decline to do so, the discretionary authority provided in the Proxy will be exercised by the present Board of Directors to vote for a substitute or substitutes. The Board of Directors does not believe at this time that any substitute nominee or nominees will be required. In the event that a nominee for director is proposed at the Annual Meeting, the enclosed proxy may be voted in favor of or against such nominee or any other nominee proposed by the Board of Directors.

Agreements Regarding Nomination of Directors

In June 2000, the Company acquired the 40% interest in its PSMT Caribe, Inc. subsidiary previously held by PSC, S.A. for 679,500 shares of Common Stock. The Company already owned the remaining 60% of PSMT Caribe. In connection with the Company's acquisition of the 40% minority interest in PSMT Caribe, the Company agreed to give PSC, S.A. opportunities to have representation on the boards of directors of PSMT Caribe and the Company. PSC, S.A. selected Edgar A. Zurcher as its designee to serve on the Company's Board of Directors.

In January 2002, the Company entered into a joint venture with Group Gigante, S.A. de C.V. ("Gigante") in Mexico, and Gigante purchased 15,000 shares of the Company's Series A Preferred Stock. In connection with the sale of the Series A Preferred Stock, the Company agreed to allow Gigante to nominate one director to the Company's Board of Directors so long as Gigante owns all of its shares of Series A Preferred Stock or all of the shares of Common Stock issuable upon conversion of such shares of Series A Preferred Stock. Gigante selected Angel Losada M. as its designee to serve on the Company's Board of Directors. On November 23, 2004, Gigante accepted the Company's offer to exchange shares of Common Stock valued for such purpose at \$10 per share for all outstanding shares of Series A Preferred Stock and accrued and unpaid dividends thereon. Gigante has advised the Company that it continues to own all of the shares of Common Stock it received in exchange for its Series A Preferred Stock but that it currently does not wish to have a nominee of Gigante as a member of the Company's Board.

Controlled Company

Under the Nasdaq Stock Market's listing standards, a controlled company is a company of which more than 50% of the voting power is held by an individual, a group or another company. The Board of Directors has determined that the Company is a controlled company within the meaning of the Nasdaq Stock Market's listing standards. The basis for the Board of Directors' determination that the Company is a controlled company is the beneficial ownership of approximately 52.8% of the Company's Common Stock, as of October 31, 2006, by a group comprised of Sol Price, Robert Price and their affiliates. As a controlled company, the Company is exempt from certain Nasdaq listing standards. Specifically, the Company is not required to have: 1) a board of directors comprised of a majority of independent directors; 2) a compensation committee comprised of independent directors; or 3) director nominees selected, or recommended for selection by the board of directors, by a majority of the independent directors or a nominating committee comprised of independent directors. The Company, however, is not exempt from the requirements to have an audit committee comprised of at least three independent directors and to hold regularly scheduled board meetings in which only the independent directors are present.

Nominations Process

Because the Company qualifies as a controlled company, it currently does not have a board of directors consisting of a majority of independent directors, and the slate of nominees nominated and recommended by the Board of Directors is not comprised of a majority of independent directors. Further, due to its status as a controlled company, and in part as a result of the historically low turnover of its members, the Board of Directors has not established a nominating committee comprised solely of independent directors nor has it adopted a nominating committee charter. However, the Board of Directors has adopted a resolution approving certain procedures comprising a Nominations Process, a copy of which is available on the Company's website at www.pricesmart.com. Among other things, the Nominations Process sets forth a procedure calling for director nominees to be recommended to the Board of Directors, for the Board's nomination, by a majority of the independent directors. In light of the Company's status as a controlled company and the fact that all of the nominees for director named herein are incumbent directors, the Board approved the nomination of such nominees without a prior recommendation from a majority of the independent directors.

Under the Company's Corporate Governance Guidelines, the independent directors, in recommending to the Board of Directors candidates for election, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, are required take into account many factors, including a candidate's ability to make independent analytical inquiries, general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment, experience in the Company's industry and with relevant social policy concerns, understanding of the Company's business on a technical level, other board service and educational and professional background. Each nominee must also possess fundamental qualities of intelligence, honesty, good judgment, high ethics and standards of integrity, fairness and responsibility. The independent directors and the Board of Directors evaluate each individual in the context of the Board as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend to the Board a director for re-election, the independent directors also are required to consider the director's past attendance at meetings and participation in and contributions to the activities of the Board. Notwithstanding the foregoing, there are no specific, minimum qualifications that a nominee must meet.

Under the Company's Nominations Process, the independent directors are required to give consideration to candidates recommended by any stockholder of the Company who has held the Company's Common Stock for at least one year and who holds a minimum of 1% of the Company's outstanding shares of Common Stock. The recommending stockholder must submit the following:

a detailed resume of the recommended candidate;

an explanation of the reasons why the stockholder believes the recommended candidate is qualified for service on the Company's Board;

such other information that would be required by the rules of the SEC to be included in a proxy statement;

the written consent of the recommended candidate;

a description of any arrangements or undertakings between the stockholder and the recommended candidate regarding the nomination; and

proof of the recommending stockholder's stock holdings in the Company.

Edgar Filing: PRICESMART INC - Form DEF 14A

Recommendations from stockholders received after the deadline set forth in the Company's most recent proxy statement for a stockholder proposal to be considered for inclusion in the Corporation's proxy statement for the next annual meeting likely will not be considered timely for consideration for the following year's annual meeting. Recommendations received by stockholders will be processed and subject to the same criteria as other candidates recommended to the Board.

The Nominating Committee may also consider the slate of nominees to be presented for reelection at annual meetings of stockholders. As noted above, the Company is not required to nominate directors through a nominating committee comprised solely of independent directors or by action of a majority of the independent directors on the board because it is a controlled company. Ms. Hensley satisfies the definition of independent director within the meaning of the Nasdaq Stock Market's listing standards, but Mr. Price does not.

Executive Committee. The Executive Committee, which consists of Messrs. Price and Janks, did not hold any meetings during fiscal 2006. The Executive Committee has all powers and rights necessary to exercise the full authority of the Board of Directors in the management of the business and affairs of the Company, except as provided in the Delaware General Corporation Law or the Bylaws of the Company.

Real Estate Committee. The Real Estate Committee, which consists of Messrs. McGrory and Price, was established in November 2001. During fiscal 2006, the members of the Real Estate Committee periodically held discussions to review and consider pending real estate transactions. The Real Estate Committee reviews and approves the material terms (including the proposed site plan) upon which the Company leases and purchases the real estate on which the Company constructs and operates its warehouse club facilities.

Governance Committee. The Governance Committee, which consists of Mr. Krause and Ms. Hensley, was established in November 2003 and held one meeting during fiscal 2006. Compensation of the Directors

Each non-employee director receives \$20,000 per year for serving on the Board of Directors. In addition, non-employee directors who serve on committees of the Board of Directors (in a capacity other than chairman of a committee) receive \$500 for each meeting attended. The chairmen of the committees of the Board of Directors each receive \$5,000 per year in addition to their other compensation as directors, except that effective November 2002 the chairman of the Audit Committee receives \$35,000 per year and effective November 2005 the chairman of the Real Estate Committee receives \$35,000 per year in addition to their other compensation as directors. Each director is eligible to receive stock grants and stock options pursuant to the Company's 1997 Stock Option Plan, 1998 Equity Participation Plan, 2001 Equity Participation Plan and 2002 Equity Participation Plan. Under the 1997 Stock Option Plan, the 2001 Equity Participation Plan or the 2002 Equity Participation Plan, as then in effect, non-employee directors are entitled to receive initial grants of non-qualified stock options to purchase

3,000 shares of Common Stock upon becoming directors and additional grants of options to purchase 1,000 shares of Common Stock on the date of each annual meeting of stockholders at which the director is re-elected to the Board. Non-employee directors joining the Board after July 1998 also are eligible to receive grants of non-qualified options under the 1998 Equity Participation Plan upon purchases of shares of Common Stock. For each such director who has purchased at least an aggregate of 500 shares of Common Stock on or after September 1, 1997, on the date such person purchases additional shares of Common Stock (other than upon the exercise of stock options), such person automatically will be granted a non-qualified stock option to purchase a number of shares of Common Stock equal to the difference between (1) three times the number of such shares of Common Stock actually purchased and (2) the number of shares of Common Stock subject to options previously granted to such director under the 1998 Equity Participation Plan. No director, however, may receive options under the 1998 Equity Participation Plan that are exercisable for more than 8,146 shares of Common Stock. The 1998 Equity Participation Plan further provides that each person who is initially elected to the Board after the adoption by the Board of the plan and who is an independent director at the time of such initial election automatically shall be granted on the date of such initial election the right to purchase 2,716 shares of Common Stock at a purchase price equal to the fair market value on the date the shares are purchased.

Directors also receive reimbursement for travel expenses incurred in connection with their duties as directors.

The Retirement Plan of PriceSmart, Inc.

In 1998, the Company established a retirement plan. The retirement plan is designed to be a qualified plan under applicable provisions of The Internal Code of 1986, as amended, covering all employees who have completed three months of service, as defined in the retirement plan. Each year, participants may contribute up to 15% of their pre-tax annual compensation (as defined in the retirement plan) up to the maximum allowable by The Internal Revenue Code of 1986, as amended. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a matching contribution equal to 100% of the participant's elective deferral up to an annual maximum of 4% of base compensation. Although the Company has not expressed any intent to do so, the Company has the right under the retirement plan to discontinue its contributions at any time and to terminate the retirement plan, subject to the provisions of Employee Retirement Income Security Act of 1974, as amended.

All participants in the retirement plan are fully vested in their voluntary contributions and earnings thereon. With regard to the remainder of a participant's account, sums contributed prior to August 15, 2005 are 50% vested after the completion of two years of service and 100% vested after the completion of his or her third year of service (such vesting based upon the participant's years of service with the Company, Price Enterprises, Costco, The Price Company and certain affiliated parties). All sums contributed after August 15, 2005 are immediately 100% vested. A participant becomes fully vested in his or her entire account upon retirement due to permanent disability, attainment of age 65 or death. In the event of a termination of the retirement plan by the Company, participants will become fully vested in their accounts.

1997 PriceSmart Stock Option Plan

In August 1997, the Company adopted the 1997 Stock Option Plan of PriceSmart, Inc. (the 1997 Plan). The 1997 Plan was approved by Price Enterprises as sole stockholder of the Company as of August 7, 1997. The principal purposes of the 1997 Plan are to provide incentives for officers, employees and consultants of the Company and its subsidiaries through the granting of options, thereby stimulating their personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ. In addition to options granted to officers, employees or consultants, the 1997 Plan provides for formula grants of options to the Company's independent non-employee directors.

The 1997 Plan provides for option grants covering up to 700,000 shares of Common Stock. As of October 31, 2006, 435,707 shares had been issued upon exercise of options granted under the 1997 Plan, options to purchase an aggregate of 163,930 shares of Common Stock at prices ranging from \$6.19 to \$20.00 per share (other than the annual grants to directors of the Company, which range to \$39.00 per share) remained outstanding, and 100,363 shares remained available for future grant.

1998 Equity Participation Plan

In July 1998, the Board of Directors adopted the 1998 Equity Participation Plan of PriceSmart, Inc. (the 1998 Plan). The 1998 Plan was subsequently approved by our stockholders at the 1999 Annual Meeting of Stockholders. The principal purposes of the 1998 Plan are to provide incentives for the Company's directors, officers, employees and consultants and its subsidiaries through the granting of options, restricted stock and other awards, thereby stimulating their personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ.

The 1998 Plan provides that the Compensation Committee of the Board of Directors or a subcommittee thereof may grant or issue incentive stock options, non-qualified stock options, stock purchase rights, stock appreciation rights, restricted stock, deferred stock, dividend equivalents, performance awards, stock payments and other stock related benefits, or any combination thereof. Under the stock purchase feature of the 1998 Plan, the Compensation Committee may grant to any consultant or employee the right to purchase shares of Common Stock (stock purchase rights), under the 1998 Plan from time to time, in such amounts and subject to such terms and conditions as the committee may determine, and, at the discretion of the Committee, such determinations may include determining categories of employees and the number of shares to be made available to employees in each such category. The 1998 Plan further provides that each independent director as of the date of the adoption by the Board of the 1998 Plan automatically shall be granted, on the date of such adoption, a stock purchase right to purchase a number of shares of Common Stock equal to the difference between (1) 2,716 shares of Common Stock and (2) the number of shares of Common Stock purchased by such independent director since September 1, 1997 (other than purchases pursuant to the exercise of an option granted pursuant to any stock option plan of the Company). A person who is initially elected to the Board of Directors after the adoption by the Board of Directors of the 1998 Plan and who is an independent director at the time of such initial election automatically shall be granted a stock purchase right to purchase 2,716 shares of Common Stock on the date of such initial election. The purchase price for shares of Common Stock purchased pursuant to any stock purchase right granted under the 1998 Plan shall be no less than the fair market value of such Common Stock as of the date of purchase.

Under the 1998 Plan, the Compensation Committee may in its discretion allow payment, in whole or in part, through the delivery of a full recourse, limited recourse or non-recourse (as determined by the committee) promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under The Internal Revenue Code of 1986, as amended) and payable upon such terms as may be prescribed by the Compensation Committee or the Board of Directors. The Compensation Committee may prescribe the form of such promissory note and the security to be given for such note. However, Common Stock may not be purchased pursuant to a stock purchase right by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law or by any agreement to which the Company is a

party. Notwithstanding the foregoing, the Company ceased extending new loans (or modifying existing loans) to any director or Executive Officer effective as of July 30, 2002.

The 1998 Plan provides for awards covering up to 700,000 shares of Common Stock. As of October 31, 2006, 193,190 shares had been issued upon exercise of options previously granted under the 1998 Plan, options to purchase an aggregate of 80,087 shares of Common Stock at prices ranging from \$6.19 to \$20.00 per share remained outstanding, 80,421 shares of Common Stock had been issued under the stock purchase provisions of the 1998 Plan, awards of 279,100 shares of restricted Common Stock had been granted, net of forfeitures, under the 1998 Plan, and 67,202 shares remained available for future grant.

2001 Equity Participation Plan

In November 2001, the Board of Directors adopted the 2001 Equity Participation Plan of PriceSmart, Inc. (the 2001 Plan). The 2001 Plan was subsequently approved by the Company's stockholders at the 2002 Annual Meeting of Stockholders. The principal purposes of the 2001 Plan are to provide incentives for the Company's officers, employees and consultants and its subsidiaries through the granting of awards, thereby stimulating their personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ. In addition to awards granted to officers, employees or consultants, the 2001 Plan provides for formula grants of options to the Company's independent non-employee directors.

The 2001 Plan provides that the Compensation Committee of the Board of Directors or a subcommittee thereof may grant or issue incentive stock options, non-qualified stock options, stock purchase rights, stock appreciation rights, restricted stock, deferred stock, dividend equivalents, performance awards, stock payments and other stock related benefits, or any combination thereof. Under the stock purchase feature of the 2001 Plan, the Compensation Committee may grant to any employee, independent director or consultant stock purchase rights under the 2001 Plan from time to time, in such amounts and subject to such terms and conditions as the Committee may determine, and, at the discretion of the Committee, such determinations may include determining categories of employees and the number of shares to be made available to employees in each such category. The purchase price for shares of Common Stock purchased pursuant to any stock purchase right granted under the 2001 Plan shall be no less than the fair market value of such Common Stock as of the date of purchase.

Under the 2001 Plan, the Compensation Committee may in its discretion allow payment, in whole or in part, through the delivery of a full recourse, limited recourse or nonrecourse (as determined by the Committee) promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under The Internal Revenue Code of 1986, as amended) and payable upon such terms as may be prescribed by the Compensation Committee or the Board of Directors. The Compensation Committee may prescribe the form of such promissory note and the security to be given for such note. However, Common Stock may not be purchased pursuant to a stock purchase right by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law or by any agreement to which the Company is a party. Notwithstanding the foregoing, the Company has ceased extending new loans (or modifying existing loans) to any director or executive officer effective as of July 30, 2002.

The 2001 Plan provides for awards covering up to 350,000 shares of Common Stock. As of October 31, 2006, 4,857 shares had been issued upon exercise of options previously granted under the 2001 Plan, options to purchase an aggregate of 266,018 shares of Common Stock at prices ranging from \$6.13 to \$20.00 per share (other than the annual grants to directors of the Company, which range to \$35.00 per share) remained outstanding, awards of 69,000 shares of restricted Common Stock had been granted, net of forfeitures, no shares of Common Stock had been issued under the stock purchase provisions of the 2001 Plan, and 10,125 shares remained available for future grant.

2002 Equity Participation Plan

In November 2002, the Board of Directors adopted the 2002 Equity Participation Plan of PriceSmart, Inc. (the 2002 Plan) and the 2002 Plan was approved by our stockholders at the 2003 Annual Meeting of

Stockholders. An amendment to the 2002 Plan, increasing the number of shares of common stock reserved for issuance from 250,000 to 750,000 shares, was subsequently adopted by the Board of Directors and approved by our stockholders at the 2006 Annual Meeting of Stockholders. The principal purposes of the 2002 Plan are to provide incentives for officers, employees and consultants of the Company and its subsidiaries through the granting of awards, thereby stimulating their personal and active interest in the Company's development and financial success, and inducing them to remain in the Company's employ. In addition to awards granted to officers, employees or consultants, the 2002 Plan provides for formula grants of options to the Company's independent non-employee directors.

The 2002 Plan provides that the Compensation Committee of the Board of Directors or a subcommittee thereof may grant or issue incentive stock options, non-qualified stock options, stock purchase rights, stock appreciation rights, restricted stock, deferred stock, dividend equivalents, performance awards, stock payments and other stock related benefits, or any combination thereof. Under the stock purchase feature of the 2002 Plan, the Compensation Committee may grant to any employee, independent director or consultant stock purchase rights under the 2002 Plan from time to time, in such amounts and subject to such terms and conditions as the Committee may determine, and, at the discretion of the Committee, such determinations may include determining categories of employees and the number of shares to be made available to employees in each such category. The purchase price for shares of Common Stock purchased pursuant to any stock purchase right granted under the 2002 Participation Plan shall be no less than the fair market value of such Common Stock as of the date of purchase.

Under the 2002 Plan, the Compensation Committee may in its discretion allow payment, in whole or in part, through the delivery of a full recourse, limited recourse or non-recourse (as determined by the Committee) promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under The Internal Revenue Code of 1986, as amended) and payable upon such terms as may be prescribed by the Compensation Committee or the Board of Directors. The Compensation Committee may prescribe the form of such promissory note and the security to be given for such note. However, Common Stock may not be purchased pursuant to a stock purchase right by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law or by any agreement to which the Company is a party. Notwithstanding the foregoing, the Company has ceased extending new loans (or modifying existing loans) to any director or executive officer effective as of July 30, 2002.

The 2002 Plan provides for awards covering up to 750,000 shares of Common Stock. As of October 31, 2006, 33,042 shares had been issued upon exercise of options previously granted under the 2002 Plan, options to purchase an aggregate of 188,625 shares of Common Stock at prices ranging from \$6.19 to \$20.00 per share remained outstanding, awards of 190,000 shares of restricted Common Stock had been granted, net of forfeitures, no shares of Common Stock had been issued under the stock purchase provisions of the 2002 Plan, and 338,333 shares remained available for future grant.

Compensation Committee Membership, Interlocks and Insider Participation

During fiscal year 2006, the Company's Compensation Committee consisted of Ms. Hensley and Messrs. Janks and Krause. No member of the Compensation Committee was at any time during the 2006 fiscal year or at any other time an officer or employee of the Company. None of our executive officers serve, or in the past year has served, as a member of the board of directors or compensation committee of any other entity that has one or more executive officers serving on our Compensation Committee. None of our executive officers serve, or in the past year has served, as a member of the compensation committee of any other entity that has one or more executive officers serving on our Board of Directors.

Compensation Committee Report on Executive Compensation

The Compensation Committee reviews and approves the compensation program for the Company's executive officers. The committee is authorized to determine the compensation (including annual base salaries

and bonuses) of the Chief Executive Officer, President, Chief Financial Officer and other Executive Vice Presidents of the Company (the Executive Officers). Additionally, the committee approves the Company's annual bonus program, which awards specified bonuses to designated employees of the Company, including the Company's Executive Officers, subject to the Company achieving specified performance goals. The committee also administers the Company's equity participation plans and the granting of options, restricted stock awards and any other awards thereunder.

General Compensation Philosophy

The Company's executive compensation policies are designed to meet the following objectives: (1) to attract and retain talented executives; (2) to reward individual achievement appropriately; and (3) to enhance the financial performance of the Company, and thus stockholder value, by significantly aligning the financial interests of the Company's executives with those of its stockholders. To accomplish these objectives the Company's executive compensation program for Executive Officers other than the Chief Executive Officer typically includes: (A) annual base salaries; (B) cash bonuses; and (C) grants of stock options and restricted stock awards.

Executive Officers also participate in other benefit plans available to employees generally, including the Company's Retirement Plan and a medical plan.

Annual Base Salaries and Bonuses

The committee determines compensation for Executive Officers other than the Chief Executive Officer after taking into account the recommendations of the Chief Executive Officer together with such factors as job complexity, level of responsibility, how the position relates to the Company's long-term strategic goals, and the particular individual's skills, experience, background and performance. While there are no pre-established weightings given to these factors, particular importance is placed on attracting and retaining quality individuals in order to establish and secure an effective executive team for the Company. The Company's Executive Officers are also entitled to receive bonuses in accordance with the Company's annual bonus program, as approved by the committee.

During the past fiscal year the committee approved annual base salary increases for Jose Luis Laparte, from \$360,000 to \$370,800; John Heffner, from \$220,000 to \$226,600; Robert M. Gans, from \$250,000 to \$257,500; Thomas D. Martin, from \$215,000 to \$221,500; William J. Naylor, from \$231,750 to \$239,000; John Hildebrandt, from \$200,000 to \$206,000; Brud Drachman, from \$177,000 to \$182,300; and A. Edward Oats, from \$177,000 to \$182,300.

Stock Options and Restricted Stock Awards

The long-term incentive aspect of the Company's executive compensation program is realized primarily by making stock option grants and restricted stock awards. These grants and awards are viewed as a particularly effective tool to attract experienced and talented employees and to encourage their long-term quality performance with the Company. Because the value of these grants and awards is dependent upon stock performance, the stock option and restricted stock programs directly align employee compensation with the interests of the Company's stockholders.

Edgar Filing: PRICESMART INC - Form DEF 14A

Restricted stock awards vest at the rate of 20% per year, and stock options are exercisable at the rate of 20% per year (or, for stock options issued during fiscal year 2004 at the rate of 33% per year), thereby providing an incentive for the recipients to remain with the Company. Stock options are granted at a price equal to the fair market value of a share of Common Stock as of the date of committee approval of the grant. In issuing stock options and restricted stock awards, the committee considers the recommendations of senior management, the duties and responsibilities of the employee, the anticipated future performance of the employee and that individual's ability to impact positively the achievement of the Company's objectives.

Chief Executive Officer Compensation

Robert E. Price, who as of October 31, 2006 beneficially owned 49.7% of the Company's Common Stock, has been Chief Executive Officer of the Company since April 18, 2006 and served as Interim Chief Executive Officer of the Company since April 1, 2003. Through October 2005, Mr. Price did not receive any salary or other remuneration from the Company. Effective November 2005, pursuant to Mr. Price's recommendation with which the Committee concurred, Mr. Price receives an annual salary of \$75,000 per year. In determining this salary, factors considered included Mr. Price's time commitments and expertise, as well as subjective factors. Neither the profitability of the Company nor the market value of its stock were considered in setting this salary.

Omnibus Budget Reconciliation Act Implications for Executive Compensation

It is the responsibility of the Board (or the Compensation Committee) to address the issues raised by the tax laws which limit the deductibility of executive compensation in excess of \$1,000,000 unless the compensation is performance based. In this regard, a determination must be made as to whether any actions with respect to this limit should be taken by the Company. At this time, it is not anticipated that any executive officer will receive compensation in excess of this limit. Nevertheless, the Company has sought to comply with the requirements of Section 162(m) of the Code, so that awards granted under the 1998 Plan, the 2001 Plan and the 2002 Plan qualify as incentive based compensation that will not count against the \$1,000,000 limit on deductibility. Such compliance includes seeking stockholder approval of the 1998 Plan at the 1999 Annual Meeting of Stockholders, the 2001 Plan at the 2002 Annual Meeting of Stockholders, the 2002 Plan at the 2003 Annual Meeting of Stockholders and the amendment of the 2002 Plan at the 2006 Annual Meeting of Stockholders. Additional action will be taken if it is warranted in the future.

Summary

The committee believes that the above-described cash compensation program and long-term incentives (in the form of stock option awards and stock purchase rights) provide appropriate alignment of the long-term interests of the Company's Executive Officers, the Company and its stockholders.

Our Audit Committee has established a policy that generally requires that all audit and permissible nonaudit services provided by the Company's independent auditors will be pre-approved by the Audit Committee. These services may include audit services, audit-related services, tax services and other services. From the time that the recently adopted pre-approval requirements became effective, all permissible non-audit services provided by the Company's independent auditors have been pre-approved by the Company's Audit Committee. Our Audit Committee has considered whether the provision of services under the heading "All Other Fees" is compatible with maintaining the accountants' independence and determined that it is consistent with such independence.
