**1. ORGANIZATION AND BASIS OF PRESENTATION**

***Organization***

NuStar GP Holdings, LLC (NuStar GP Holdings) (NYSE: NSH) is a publicly held Delaware limited liability company. Unless otherwise indicated, the terms NuStar GP Holdings, we, our and us are used in this report to refer to NuStar GP Holdings, LLC, to one or more of our consolidated subsidiaries or to all of them taken as a whole.

We have no operations or sources of income or cash flows other than our investment in NuStar Energy L.P. (NuStar Energy) (NYSE: NS). As of June 30, 2009, we owned approximately 20.4% of NuStar Energy, consisting of the following:

the 2% general partner interest;

100% of the incentive distribution rights (IDR) issued by NuStar Energy, which entitle us to receive increasing percentages of the cash distributed by NuStar Energy, currently at the maximum percentage of 23%; and

10,238,371 common units of NuStar Energy representing an 18.4% limited partner interest.

NuStar Energy is a publicly held Delaware limited partnership engaged in the terminalling and storage of petroleum products, the transportation of petroleum products and anhydrous ammonia, and asphalt and fuels marketing. NuStar Energy has terminal facilities in the United States, the Netherlands Antilles, Canada, Mexico, the Netherlands and the United Kingdom.

***Basis of Presentation***

These unaudited consolidated financial statements include the accounts of NuStar GP Holdings and subsidiaries in which it has a controlling interest. Intercompany balances and transactions have been eliminated in consolidation.

We account for our ownership interest in NuStar Energy using the equity method. Therefore, our financial results reflect a portion of NuStar Energy's net income based on our ownership interest in NuStar Energy. We have no separate operating activities apart from those conducted by NuStar Energy and therefore generate no revenues from operations.

These unaudited consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles (GAAP) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X of the Securities Exchange Act of 1934. Accordingly, they do not include all of the information and notes required by GAAP for complete consolidated financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. All such adjustments are of a normal recurring nature unless otherwise indicated. Financial information for the three and six months ended June 30, 2009 and 2008 included in these Condensed Notes to Consolidated Financial Statements is derived from our unaudited consolidated financial statements. Operating results for the three and six months ended June 30, 2009 are not necessarily indicative of the results that may be expected for the year ending December 31, 2009.

We have reviewed and disclosed, as necessary, subsequent events that occurred after June 30, 2009 through August 7, 2009, the date of issuance of these unaudited financial statements. The consolidated balance sheet as of December 31, 2008 has been derived from the audited consolidated financial statements as of that date. You should read these consolidated financial statements in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2008.

**2. NEW ACCOUNTING PRONOUNCEMENTS**

***FASB Statement No. 167***

In June 2009, the Financial Accounting Standards Board (FASB) issued Statement No. 167, *Amendment to FASB Interpretation No. 46(R)* (Statement No. 167). Statement No. 167 was issued to amend certain requirements of FASB Interpretation No. 46 (revised December 2003),

*Consolidation of Variable Interest Entities*. Statement No. 167 shall be effective as of the beginning of a company's first annual reporting period that begins after November 15, 2009 and for interim periods within that first annual reporting period. Accordingly, we will not adopt the provisions of Statement No. 167 until January 1, 2010, and are currently evaluating its effect.

***FASB Statement No. 165***

In May 2009, the FASB issued Statement No. 165, *Subsequent Events* (Statement No. 165). Statement No. 165 was issued to establish principles and requirements for events or transactions that occur after the balance sheet date but before financial statements are issued or are available to be issued. Statement No. 165 requires disclosure of the date through which subsequent events have been evaluated, and the basis for determining that date. Statement No. 165 applies prospectively, and shall be effective for interim or annual periods ending after June 15, 2009. Accordingly, we adopted the provisions of Statement No. 165 effective April 1, 2009.

***FASB Staff Position FAS 107-1 and APB 28-1***

In April 2009, the FASB issued Staff Position FAS 107-1 and APB 28-1, *Interim Disclosures about Fair Value of Financial Instruments* (FSP FAS 107-1). FSP FAS 107-1 amends FASB Statement No. 107, *Disclosures about Fair Value of Financial Instruments* and APB Opinion No. 28, *Interim Financial Reporting* to require disclosures of the fair value of financial instruments in annual and interim financial statements. The fair value of all financial instruments, whether or not recognized at fair value in the balance sheet, should be disclosed, along with the related carrying value and methods and significant assumptions used to estimate the fair value. Retrospective application for comparative periods presented is not required. FSP FAS 107-1 is effective for interim periods ending after June 15, 2009. Accordingly, we adopted the provisions of FSP FAS 107-1 effective April 1, 2009. Our only financial instrument is our three-year revolving credit facility, which bears interest at a variable rate that floats with market rates, and thus the fair value of any outstanding borrowings would approximate its carrying amount. As of June 30, 2009, there were no outstanding borrowings under our three-year revolving credit facility.

***GP Services Agreement***

NuStar Energy and NuStar GP, LLC entered into a services agreement, effective as of January 1, 2008 (the GP Services Agreement). The GP Services Agreement provides that NuStar GP, LLC will furnish administrative and certain operating services necessary to conduct the business of NuStar Energy. All employees providing services to both NuStar GP Holdings and NuStar Energy are employed by NuStar GP, LLC; therefore, NuStar Energy reimburses NuStar GP, LLC for all employee costs, other than the expenses allocated to NuStar GP Holdings (the Holdco Administrative Services Expense).

The Holdco Administrative Services Expense equals \$1.1 million and \$0.8 million for the fiscal years 2009 and 2008, respectively, plus 1.0% of NuStar GP, LLC's domestic bonus and unit compensation expense subject to certain other adjustments. The GP Services Agreement will terminate on December 31, 2012, with automatic two-year renewals unless terminated by either party upon six months' prior written notice. The aggregate amounts we incurred related to the GP Services Agreement were \$0.4 million and \$0.3 million for the three months ended June 30, 2009 and 2008, respectively, and \$0.7 million and \$0.4 million for the six months ended June 30, 2009 and 2008, respectively.

**5. DISTRIBUTIONS FROM NUSTAR ENERGY**

NuStar Energy's partnership agreement, as amended, determines the amount and priority of cash distributions that NuStar Energy's common unitholders and general partner may receive. We, as NuStar Energy's general partner, are entitled to incentive distributions if the amount NuStar Energy distributes with respect to any quarter exceeds \$0.60 per unit, with the maximum percentage of 23% of the amount of any quarterly distribution in excess of \$0.66 per unit. We also receive a 2% distribution with respect to our general partner interest.

**Table of Contents****NUSTAR GP HOLDINGS, LLC****CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The following table reflects the allocation of NuStar Energy's cash distributions earned for the periods indicated among its general and limited partners:

Cash distributions per unit applicable to limited partners	\$ 1.0575	\$ 0.985	\$ 2.115	\$ 1.970

In April 2009, NuStar Energy declared a quarterly cash distribution of \$1.0575, which was paid on May 15, 2009 to unitholders of record on May 8, 2009. This distribution related to the first quarter of 2009 and totaled \$65.8 million. In July 2009, NuStar Energy declared a quarterly cash distribution of \$1.0575 per unit related to the second quarter of 2009. This distribution will be paid on August 13, 2009 to unitholders of record on August 6, 2009 and will total \$65.8 million.

**6. FAIR VALUE MEASUREMENTS**

In September 2006, the FASB issued Statement No. 157, "Fair Value Measurements" (Statement No. 157). Statement No. 157, as amended, defines fair value, establishes a framework for measuring fair value under GAAP, and expands disclosures about fair value measures. The FASB deferred the effective date of Statement No. 157 for one year for all nonfinancial assets and liabilities, except for those items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). We have applied the recognition and disclosure provisions of Statement No. 157 for financial assets and liabilities and for nonfinancial assets and liabilities that are re-measured at least annually as of January 1, 2008.

We adopted the recognition and disclosure provisions of Statement No. 157 for nonfinancial assets and liabilities that are not recognized or disclosed at fair value on a recurring basis on January 1, 2009. The adoption of these provisions did not affect our financial position or results of operations.

Statement No. 157 establishes a fair value hierarchy, which segregates the inputs used in measuring fair value into three levels: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists.

**Table of Contents****NUSTAR GP HOLDINGS, LLC****CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The following liabilities are measured at fair value on a recurring basis:

	Level 1	June 30, 2009 Level 2      Level 3 (Thousands of Dollars)		Total
Accrued compensation expense:				
NuStar Energy restricted units	\$ 8,142	\$	\$	\$ 8,142
NuStar Energy unit options		4,905		4,905
Total	\$ 8,142	\$ 4,905	\$	\$ 13,047

	Level 1	December 31, 2008 Level 2      Level 3 (Thousands of Dollars)		Total
Accrued compensation expense:

NuStar Energy unit options		1,556		1,556
Total	\$ 4,486	\$ 1,556	\$	\$ 6,042

The fair value of our liability for NuStar Energy restricted units is determined using the NuStar Energy unit price at the reporting date. The fair value of our liability for NuStar Energy unit option grants is determined using the Black-Scholes option-pricing model on the reporting date based on the expected life of options granted, expected volatility, expected dividend yield and the risk-free interest rate.

#### **CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

### **8. CREDIT FACILITY**

As of June 30, 2009, we had no borrowings outstanding under our three-year revolving credit facility (2006 Credit Facility), which matured on July 19, 2009. On July 17, 2009, we entered into an amended and restated revolving credit facility (2009 Credit Facility) that matures on July 16, 2010 with a borrowing capacity of up to \$19.5 million, of which, up to \$10 million may be available for letters of credit. Interest on the 2009 Credit Facility is based upon, at our option, either an alternative base rate plus 3.5% or a LIBOR based rate plus 4.5%. These interest rates are 3.5% to 4.0% higher than the rates that were in effect under the 2006 Credit Facility.

The terms of the 2009 Credit Facility, which are substantially equivalent to those under the 2006 Credit Facility, require NuStar Energy to maintain a total debt-to-EBITDA ratio of less than 5.0-to-1.0 for any four consecutive quarters, subject to adjustment following certain acquisitions. We are also required to receive cash distributions of at least \$25.0 million in respect to our ownership interests in NuStar Energy for the preceding four fiscal quarters ending on the last day of each fiscal quarter. Our management believes that we are in compliance with the covenants as of June 30, 2009.

### **9. COMMITMENTS AND CONTINGENCIES**

#### ***Litigation and Environmental Matters***

We are not currently a party to any material legal proceedings. However, NuStar Energy is subject to certain loss contingencies, the outcome of which could have an effect on NuStar Energy's results of operations and ability to pay distributions, which would impact our results of operations and ability to pay distributions. NuStar Energy's material contingent liabilities resulting from various litigation, claims and commitments are discussed below.

*Grace Energy Corporation Matter.* In 1997, Grace Energy Corporation (Grace Energy) sued subsidiaries of Kaneb Pipe Line Partners, L.P. (KPP) and Kaneb Services LLC (KSL and, collectively with KPP and their respective subsidiaries, Kaneb) in Texas state court. The complaint sought recovery of the cost of remediation of fuel leaks in the 1970s from a pipeline that had once connected a former Grace Energy terminal with Otis Air Force Base in Massachusetts (Otis AFB). Grace Energy alleges the Otis AFB pipeline and related environmental liabilities had been transferred in 1978 to an entity that was part of Kaneb's acquisition of Support Terminal Services, Inc. and its subsidiaries from Grace Energy in 1993. Kaneb contends that it did not acquire the Otis AFB pipeline and never assumed any responsibility for any associated environmental damage.

In 2000, the court entered final judgment that: (i) Grace Energy could not recover its own remediation costs of \$3.5 million, (ii) Kaneb owned the Otis AFB pipeline and its related environmental liabilities and (iii) Grace Energy was awarded \$1.8 million in attorney costs. Both Kaneb and Grace Energy appealed the final judgment of the trial court to the Texas Court of Appeals in Dallas. In 2001, Grace Energy filed a petition in bankruptcy, which created an automatic stay of actions against Grace Energy. In September 2008, Grace Energy filed its Joint Plan of Reorganization and Disclosure Statement.

The Otis AFB is a part of a Superfund Site pursuant to the Comprehensive Environmental Response Compensation and Liability Act (CERCLA). The site contains a number of groundwater contamination plumes, two of which are allegedly associated with the Otis AFB pipeline. Relying on the final judgment of the Texas state court assigning ownership of the Otis AFB pipeline to Kaneb, the U.S. Department of Justice (the DOJ) advised Kaneb in 2001 that it intends to seek reimbursement from Kaneb for the remediation costs associated with the two plumes. In November 2008, the DOJ forwarded information to NuStar Energy indicating that the past and estimated future remediation expenses associated with one plume are \$71.9 million. The DOJ has indicated that they will not seek recovery of remediation costs for the second plume. The DOJ has not filed a lawsuit against NuStar Energy related to this matter and NuStar Energy has not made any payments toward costs incurred by the DOJ.

*Eres Matter.* In August 2008, Eres N.V. (Eres) forwarded a demand for arbitration to CITGO Asphalt Refining Company (CARCO), CITGO Petroleum Corporation (CITGO), NuStar Asphalt Refining, LLC (NuStar Asphalt) and NuStar Marketing LLC (NuStar Marketing, and together with CARCO, CITGO and NuStar Asphalt, the Defendants) contending that the Defendants are in breach of a tanker voyage charter party agreement, dated November 2004, between Eres and CARCO (the Charter Agreement). The Charter Agreement provides for CARCO's use of

Agreement when NuStar Asphalt purchased the CARCO assets, and that the Defendants have failed to perform under the Charter Agreement since January 1, 2008. CARCO has demanded that NuStar Asphalt and NuStar Marketing defend and indemnify it against Eres' claims and has filed a lawsuit in the Harris County District Court, Harris County, Texas, seeking to recover on its indemnity claim. This lawsuit has been removed and is currently pending in the U.S. District Court for the Southern District of Texas. In connection with the demand for arbitration, Eres filed a complaint in the U.S. District Court for the Southern District of New York (SDNY) seeking to require the Defendants to arbitrate the dispute and seeking to attach the banking funds of the Defendants (including cash, escrow funds, credits, debts, wire transfers, electronic funds transfers, accounts, letters of credit, freights and charter hire) within the SDNY in amounts of approximately \$78.1 million, pending resolution of arbitration between Eres and the Defendants. This lawsuit has also been removed to and is currently pending in the U.S. District Court for the Southern District of Texas. To date, no funds of the Defendants have been attached. NuStar Energy intends to vigorously defend against these claims.

*Department of Justice Matter.* In February 2008, the DOJ advised NuStar Energy that the U.S. Environmental Protection Agency (the EPA) has requested that the DOJ initiate a lawsuit against NuStar Pipeline Operating Partnership L.P. for (a) failing to prepare adequate Facility Response Plans, as required by Section 311(j)(5) of the Clean Water Act, 33 U.S.C. §1321(j), for certain of its pipeline terminals located in Region VII, by August 30, 1994, and (b) maintaining Spill Prevention, Control and Countermeasure (SPCC) Plans at the terminal that deviate from the SPCC regulations, 40 C.F.R. §112.3. A Facility Response Plan is a plan for responding to a worst case discharge, and to a substantial threat of such a discharge, of oil or hazardous substances. The SPCC rule requires specific facilities to prepare, amend and implement plans to prevent, prepare and respond to oil discharges to navigable waters and adjoining shorelines. NuStar Energy is currently in settlement negotiations with the DOJ to resolve these matters.

*EPA Investigation.* In November 2006, the EPA commenced an investigation at one of the terminals owned by Shore Terminals LLC (Shore). The investigation concerned allegations that Shore failed to comply with certain of its obligations under the Clean Air Act. Shore cooperated fully with the government in its investigation. At the conclusion of the investigation, Shore agreed to plead guilty to four counts of making a false statement under Title 18 United States Code 1001. Shore also agreed to pay a monetary fine of \$1.75 million, contribute \$750,000 to community environmental projects, serve two years of probation and participate in an environmental compliance program. On July 14, 2009, the United States District Court for the Northern District of California accepted the plea agreement.

**Other**

NuStar Energy is also a party to additional claims and legal proceedings arising in the ordinary course of its business. Due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on NuStar Energy's results of operations, financial position or liquidity. It is possible that if one or more of the matters described above were decided against NuStar Energy, the effects could be material to its results of operations in the period in which it would be required to record or adjust the related liability and could also be material to its cash flows in the periods it would be required to pay such liability.

For the three and six months ended June 30, 2009 and 2008, the difference between our net income and our comprehensive income resulted mainly from our proportionate share of NuStar Energy's other comprehensive income. Our total comprehensive income was as follows:

	<b>Three Months Ended June 30,</b>		<b>Six Months Ended June 30,</b>	
	<b>2009</b>	<b>2008</b>	<b>2009</b>	<b>2008</b>

***Net Income Per Unit***

In June 2008, the FASB issued Staff Position No. EITF 03-6-1, "Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities" (EITF 03-6-1). According to EITF 03-6-1, participating securities include unvested share-based payment awards, if they contain nonforfeitable rights to dividends or dividend equivalents. We adopted EITF 03-6-1 effective January 1, 2009 as restricted units granted under the NuStar GP Holdings 2006 Long-Term Incentive Plan meet the requirements of participating securities. Additionally, we retroactively applied the provisions of EITF 03-6-1 by including participating securities in the earnings allocation in computing net income per unit pursuant to the two-class method, and the effect is not material.

The computation of diluted net income per unit for the three and six months ended June 30, 2009 and 2008 excludes 324,100 outstanding options to purchase NuStar GP Holdings units, as the exercise price is currently above the market price and their effect would be anti-dilutive.

***Cash Distributions***

In April 2009, our board of directors declared a quarterly cash distribution of \$0.43 per unit related to the first quarter of 2009. This distribution was paid on May 20, 2009 to unitholders of record on May 8, 2009 and totaled \$18.3 million. In July 2009, our board of directors declared a quarterly cash distribution of \$0.43 per unit related to the second quarter of 2009. This distribution will be paid on August 18, 2009 to unitholders of record on August 6, 2009 and will total \$18.3 million.

#### **Overview**

NuStar GP Holdings, LLC (NuStar GP Holdings) (NYSE: NSH) is a publicly held Delaware limited liability company. Unless otherwise indicated, the terms NuStar GP Holdings, we, our and us are used in this report to refer to NuStar GP Holdings, LLC, to one or more of our consolidated subsidiaries or to all of them taken as a whole.

Our only cash generating assets are our ownership interests in NuStar Energy L.P. (NuStar Energy), a publicly held Delaware limited partnership (NYSE: NS). As of June 30, 2009, our aggregate ownership interests in NuStar Energy consisted of the following:

the 2% general partner interest;

100% of the incentive distribution rights (IDR) issued by NuStar Energy, which entitle us to receive increasing percentages of the cash distributed by NuStar Energy, currently at the maximum percentage of 23%; and

10,238,371 common units of NuStar Energy representing an 18.4% limited partner interest.

We account for our ownership interest in NuStar Energy using the equity method. Therefore, our financial results reflect a portion of NuStar Energy's net income based on our ownership interest. We have no separate operating activities apart from those conducted by NuStar Energy and therefore generate no revenues from operations.

NuStar Energy is engaged in the terminalling and storage of petroleum products, the transportation of petroleum products and anhydrous ammonia, and asphalt and fuels marketing. NuStar Energy has terminal facilities in the United States, the Netherlands Antilles, Canada, Mexico, the Netherlands and the United Kingdom.

NuStar Energy is required by its partnership agreement to distribute all of its available cash at the end of each quarter, less reserves established by its general partner, in its sole discretion, to provide for the proper conduct of NuStar Energy's business or to provide funds for future distributions. Similarly, we are required by our limited liability company agreement to distribute all of our available cash at the end of each quarter, less reserves established by our board of directors.

NuStar Energy's net income increased \$69.6 million for the three months ended June 30, 2009, compared to the three months ended June 30, 2008, primarily due to increases in segment operating income and other income. NuStar Energy's segment operating income increased \$50.3 million during the three months ended June 30, 2009, compared to the three months ended June 30, 2008, primarily due to a \$48.5 million increase in operating income for the asphalt and fuels marketing segment, mainly resulting from a hedging loss in the second quarter of 2008 of approximately \$61.0 million related to certain inventory purchased with the acquisition of the East Coast Asphalt Operations. NuStar Energy's other income increased \$18.6 million during the three months ended June 30, 2009, compared to the three months ended June 30, 2008, primarily due to the June 2009 sale of the Ardmore-Wynnewood and Trans-Texas pipelines.

The following table summarizes our equity in earnings of NuStar Energy:

<b>NuStar GP Holdings' equity in earnings of NuStar Energy</b>	<b>\$ 21,896</b>	<b>\$ 6,704</b>	<b>\$ 15,192</b>

Our equity in earnings related to our general and limited partner interests in NuStar Energy increased for the three months ended June 30, 2009, compared to the three months ended June 30, 2008, due to an increase in NuStar Energy's net income.

NuStar Energy's per unit distributions for the three months ended June 30, 2009, increased compared to the three months ended June 30, 2008, to \$1.0575 from \$0.9850. That increase resulted in NuStar Energy increasing its total cash distributions. Since our IDR in NuStar Energy entitle us to an increasing amount of NuStar Energy's cash distributions, our equity in earnings of NuStar Energy related to our IDR increased for that period.

<b>NuStar GP Holdings equity in earnings of NuStar Energy</b>	<b>\$ 34,729</b>	<b>\$ 22,458</b>	<b>\$ 12,271</b>

(a) For the first quarter of 2008, NuStar Energy's net income allocation to general and limited partners reflected total cash distributions based on the partnership interests outstanding as of March 31, 2008. NuStar Energy issued approximately 5.1 million common units in April 2008. Actual distribution payments are made within 45 days after the end of each quarter as of a record date that is set after the end of each quarter. As such, our portion of the actual distributions made with respect to the six months ended June 30, 2008, including the IDR, exceeded the net income allocation to us.

Our equity in earnings related to our general and limited partner interests in NuStar Energy increased for the six months ended June 30, 2009, compared to the six months ended June 30, 2008, due to an increase in NuStar Energy's net income.

NuStar Energy's per unit distributions for the six months ended June 30, 2009, increased compared to the six months ended June 30, 2008, to \$2.115 from \$1.970. That increase resulted in NuStar Energy increasing its total cash distributions. Since our IDR in NuStar Energy entitle us to an increasing amount of NuStar Energy's cash distributions, our equity in earnings of NuStar Energy related to our IDR increased for that period.

## Outlook

### *NuStar Energy's Transportation Segment*

NuStar Energy expects throughputs for 2009 to decline from 2008 due to the impact of refinery maintenance occurring throughout 2009 and reduced refinery utilization rates caused by lower refining margins. However, effective July 1, 2009, NuStar Energy's tariffs increased on most of its pipelines by 7.6%, which will positively affect its revenues. In addition, NuStar Energy completed a pipeline expansion project at the end of the second quarter and expects to see a contribution to earnings beginning in the third quarter of 2009. The tariff increases, the completion of the pipeline expansion project and lower operating expenses should offset the expected revenue decline associated with the lower throughputs.

### *NuStar Energy's Storage Segment*

Earnings for NuStar Energy's storage segment should improve in 2009 compared to 2008, despite lower throughputs, as this segment should benefit primarily from key terminal expansion projects mainly completed in the second half of 2008 and rate increases on its storage contracts. Most of NuStar Energy's revenues relate to long-term storage lease contracts, which are not throughput dependent. In addition, NuStar Energy's multi-year customer storage contracts include annual index increases to storage fee rates, which should also increase its storage lease revenue.

**Table of Contents***NuStar Energy's Asphalt and Fuels Marketing Segment*

For the second half of 2009, NuStar Energy expects its asphalt and fuels marketing segment to perform well compared to the first half of the year, primarily due to its asphalt operations. Specifically, NuStar Energy expects its asphalt operations to benefit from solid margins and higher sales volumes due to continued low supply levels and higher demand. A number of factors have contributed to the lower levels of asphalt supply, including reduced asphalt production from complex refiners that have reduced overall production due to weak refining margins. Smaller heavy crude oil discounts have reduced the benefit to complex refiners of processing heavy crudes, which results in less asphalt production from the complex refiners. Additionally, imports continue to remain significantly below last year and historic levels. Absent a change in these factors, NuStar Energy expects asphalt supplies for the remainder of the year to remain relatively low. NuStar Energy expects its asphalt sales volumes to increase in the third quarter, as the second quarter suffered from reduced demand due to wet weather that effectively delayed asphalt paving projects until the third quarter. NuStar Energy's asphalt sales volumes should also increase somewhat in the second half of 2009 due to the impact of the American Recovery and Reinvestment Act and other federal highway and public transportation programs, which provide for transportation infrastructure projects, although the majority of the benefit from those programs will occur in 2010 and beyond. Compared to the second half of last year, NuStar Energy expects earnings from its asphalt operations to be more evenly distributed between the third and fourth quarters of 2009 reflective of a less volatile crude oil market.

We expect our equity in earnings of NuStar Energy to increase or decrease consistent with NuStar Energy's earnings.

**LIQUIDITY AND CAPITAL RESOURCES***General*

Our cash flows consist of distributions from NuStar Energy on our partnership interests, including all of the IDR that we own. Due to our ownership of NuStar Energy's IDR, our portion of NuStar Energy's total distributions may exceed our 20.4% ownership interest in NuStar Energy. Our primary cash requirements are for distributions to members, capital contributions to maintain our 2% general partner interest in NuStar Energy in the event NuStar Energy issues additional units, debt service requirements, if any, benefit plan funding and general and administrative expenses. In addition, because NuStar GP, LLC elected to be treated as a taxable entity in August 2006, we may be required to pay income taxes, depending upon the taxable income of NuStar GP, LLC. These tax payments may exceed the amount of tax expense recorded in the Consolidated Financial Statements. We expect to fund our cash requirements primarily with the quarterly cash distributions we receive from NuStar Energy and borrowings under our revolving credit facility, if necessary. Additionally, NuStar Energy reimburses us for all costs incurred on their behalf, primarily employee-related costs.

*Cash Distributions from NuStar Energy*

NuStar Energy pays quarterly distributions within 45 days following the end of each quarter based on the partnership interests outstanding as of a record date that is set after the end of each quarter. The table set forth below shows the cash distributions earned for the periods shown with respect to our ownership interests in NuStar Energy and IDR:

### Cash Flows for the Six Months Ended June 30, 2009 and 2008

Cash distributions received from NuStar Energy for the six months ended June 30, 2009 were \$38.2 million, which we used principally to fund distributions to our unitholders totaling \$36.6 million. Employee benefit plan liabilities and accrued compensation expense increased \$4.7 million and \$7.2 million, respectively, for the six months ended June 30, 2009, due to timing of payments for these liabilities versus reimbursement of employee-related expenses from NuStar Energy. We paid off \$6.5 million of long-term debt during the six months ended June 30, 2009 from available cash on hand, due to the impending maturity of our three-year revolving credit facility.

Cash distributions received from NuStar Energy for the six months ended June 30, 2008 were \$33.4 million, which we used principally to fund distributions to our unitholders totaling \$30.6 million. We borrowed \$5.0 million for the six months ended June 30, 2008, which we used to fund our \$5.0 million contribution to NuStar Energy to maintain our 2% general partner interest following NuStar Energy's issuance of common units in April 2008.

### Cash Distributions to Unitholders

Our limited liability company agreement requires that, within 50 days after the end of each quarter, we distribute all of our available cash to the holders of record of our units on the applicable record date. The table set forth below shows our cash distributions to be paid related to the periods shown:

	Three Months Ended June 30, 2009		Six Months Ended June 30, 2009		Three Months Ended June 30, 2008		Six Months Ended June 30, 2008

Total cash distributions	\$	18,277	\$	15,300	\$	36,554	\$	30,600

### Contractual Obligations

#### Credit Facility

As of June 30, 2009, we had no borrowings outstanding under our three-year revolving credit facility (2006 Credit Facility), which matured on July 19, 2009. On July 17, 2009, we entered into an amended and restated revolving credit facility (2009 Credit Facility) that matures on July 16, 2010 with a borrowing capacity of up to \$19.5 million, of which, up to \$10 million may be available for letters of credit. Interest on the 2009 Credit Facility is based upon, at our option, either an alternative base rate plus 3.5% or a LIBOR based rate plus 4.5%. These interest rates are 3.5% to 4.0% higher than the rates that were in effect under the 2006 Credit Facility.

The terms of the 2009 Credit Facility, which are substantially equivalent to those under the 2006 Credit Facility, require NuStar Energy to maintain a total debt-to-EBITDA ratio of less than 5.0-to-1.0 for any four consecutive quarters, subject to adjustment following certain acquisitions. We are also required to receive cash distributions of at least \$25.0 million in respect to our ownership interests in NuStar Energy for the preceding four fiscal quarters ending on the last day of each fiscal quarter. Our management believes that we are in compliance with the covenants as of June 30, 2009.

We will use our 2009 Credit Facility to fund capital contributions to NuStar Energy to maintain our 2% general partner interest in the event NuStar Energy issues additional units and to meet other liquidity and capital resource requirements.

### Related Party Transactions

NuStar Energy reimburses us for its share of costs incurred by us related to employee-related benefit plans and unit-based compensation. Please refer to Note 4 of Condensed Notes to Consolidated Financial Statements for total related party transactions charged to NuStar Energy, and amounts due from NuStar Energy related to these and other transactions.

### *GP Services Agreement*

NuStar Energy and NuStar GP, LLC entered into a services agreement, effective as of January 1, 2008 (the GP Services Agreement). The GP Services Agreement provides that NuStar GP, LLC will furnish administrative and certain operating services necessary to conduct the business of NuStar Energy. All employees providing services to both NuStar GP Holdings and NuStar Energy are employed by NuStar GP, LLC; therefore, NuStar Energy reimburses NuStar GP, LLC for all employee costs, other than the expenses allocated to NuStar GP Holdings (the Holdco Administrative Services Expense).

The Holdco Administrative Services Expense equals \$1.1 million and \$0.8 million for the fiscal years 2009 and 2008, respectively, plus 1.0% of NuStar GP, LLC's domestic bonus and unit compensation expense subject to certain other adjustments. The GP Services Agreement will terminate on December 31, 2012, with automatic two-year renewals unless terminated by either party upon six months' prior written notice. The aggregate amounts we incurred related to the GP Services Agreement were \$0.4 million and \$0.3 million for the three months ended June 30, 2009 and 2008, respectively, and \$0.7 million and \$0.4 million for the six months ended June 30, 2009 and 2008, respectively.

### *Contingencies*

As previously discussed, our only cash-generating assets are our indirect ownership interests in NuStar Energy. NuStar Energy is subject to certain loss contingencies, the outcomes of which could have a material effect on NuStar Energy's results of operations and cash flows. Please refer to Note 9 of Condensed Notes to Consolidated Financial Statements for a more detailed discussion of contingencies.

## **CRITICAL ACCOUNTING POLICIES**

The preparation of financial statements in accordance with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates. Our critical accounting policies are disclosed in our Annual Report on Form 10-K for the year ended December 31, 2008.

**Item 4. Controls and Procedures**

- (a) *Evaluation of disclosure controls and procedures.* Our management has evaluated, with the participation of our principal executive officer and principal financial officer, the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this report, and has concluded that our disclosure controls and procedures were effective as of June 30, 2009.
- (b) *Changes in internal control over financial reporting.* There has been no change in our internal control over financial reporting that occurred during our last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

**Table of Contents****PART II - OTHER INFORMATION****Item 1. Legal Proceedings**

The information below describes new proceedings or material developments in proceedings that we previously reported in our annual report on Form 10-K for the year ended December 31, 2008, as well as our subsequent quarterly reports on Form 10-Q.

*EPA Investigation.* In November 2006, the U.S. Environmental Protection Agency (the EPA) commenced an investigation at one of the terminals owned by Shore Terminals LLC (Shore). The investigation concerned allegations that Shore failed to comply with certain of its obligations under the Clean Air Act. Shore cooperated fully with the government in its investigation. At the conclusion of the investigation, Shore agreed to plead guilty to four counts of making a false statement under Title 18 United States Code 1001. Shore also agreed to pay a monetary fine of \$1.75 million, contribute \$750,000 to community environmental projects, serve two years of probation and participate in an environmental compliance program. On July 14, 2009, the United States District Court for the Northern District of California accepted the plea agreement.

**Item 4. Submission of Matters to a Vote of Security Holders**

Our annual meeting of unitholders was held April 30, 2009. Matters voted on at the meeting and the results thereof were as follows:
