NOTICE OF 2011 ANNUAL MEETING AND PROXY STATEMENT

2010 ANNUAL REPORT ON FORM 10-K

TO OUR STOCKHOLDERS:

2010 ended with a transformative event for the company as we completed the acquisition of Clinical Data's molecular laboratory business. This acquisition brings us \$13.0 million in new reference laboratory business, proprietary assays for a variety of life-threatening inherited cardiac disorders and a state-of-the-art CLIA lab facility. We also gain a very experienced and successful group of new employees and managed care contracts covering 280 million lives. We are enhancing our reference laboratory cost structure by consolidating our current laboratory and improving our test offerings through the new tools and resources available to us from this combination. The acquisition also brings us validated biomarkers with a significant potential for new product introductions. One of these proprietary biomarkers aids in the determination of whether cancer patients will respond to the newest of inhibitor drugs. A second should allow doctors to determine which cardiac patients should be given clopidogrel, commonly known as Plavix, the second most prescribed drug in the U.S. We will work to commercialize these new assays early in 2011. A key goal for this year is to drive further growth in our existing testing and services businesses as well as initiate a focused commercial presence in the rapidly growing market for early cancer detection and treatment selection.

A second key component of our oncology market participation has been the refinement and expansion of our Cold-PCR assay portfolio in our Pharmacogenomics laboratory. We completed the licensing of COLD-PCR from the world-renowned Dana-Farber Cancer Institute with the specific goal of developing and commercializing the most sensitive DNA mutation detecting technology available in the market. We think we have realized that goal and have a rapidly expanding base of pharmaceutical company partners who are engaging us to apply these new assays to detecting, in patients' blood rather than tumors, the presence of gene mutations that may be indicative of cancer. We believe that this will provide a significant improvement in the method of and ability to detect developing cancers sooner as well as enhance accurate drug selection to treat such cancers. To further expand this market, we also plan to make available to potential customers throughout the world the ability to use our recent discovery that enhances DNA mutation detection using standard DNA sequencing instruments. Combining these two technologies will offer pharmaceutical company researchers, clinicians and patients the possibility of finding and identifying cancers earlier and detecting recurrence of the disease sooner and more accurately with no significant increase in cost.

We are very excited by the potential for growth that resides at Transgenomic, and I thank you for your continued support.

PROPOSAL TO ELECT CLASS II COMMON STOCK DIRECTOR

Board of Directors and Committees

Our Board of Directors consists of five directors. The Board of Directors is divided into three classes with directors in each class serving for a term of three years. The terms of office of the current Class I, Class II and Class III directors will expire in 2013, 2011 and 2012, respectively. The holders of Preferred Stock are entitled, as a separate voting group, to elect two (2) of the five directors (Preferred Stock Directors). The Common Stockholders are entitled, as a separate voting group, to elect the three (3) remaining directors (Common Stock Directors). There is one Common Stock Director in each class of directors. There is one Preferred Stock Director in each of Class I and Class II, but not a Preferred Stock Director in Class III.

Robert M. Patzig is the current Preferred Stock Director in the Class I directors and Doit L. Koppler II is the current Preferred Stock Director in the Class II directors. We expect the Preferred Stockholders to reelect Mr. Koppler as a Class II director at the Annual Meeting or by written consent prior to such meeting.

The Board of Directors has nominated Anthony P. Schuh for election by the Common Stockholders as the Class II Common Stock Director to serve a three-year term expiring in 2014. Mr. Schuh is the current Class II Common Stock Director and he has expressed an intention to continue to serve on the Board of Directors if he is elected. There are no arrangements or understandings between Mr. Schuh and any other person pursuant to which he was selected as a nominee.

A majority of the votes cast by the Common Stockholders is required to elect Mr. Schuh as the Class II Common Stock Director. This means that votes withheld and broker nonvotes with respect to the election of the Class II Common Stock Director will have no effect on the election of such director. If Mr. Schuh is unable to serve as a director, the Board of Directors may nominate a substitute nominee. In that case, the Board of Directors will vote all valid proxies that voted in favor of Mr. Schuh for the election of the substitute nominee.

The Board of Directors recommends that the Common Stockholders vote FOR the election of Mr. Schuh as the Class II Common Stock Director.

The Board believes that the Class II Common Stock Director nominee possesses the qualities and experience that nominees should possess. Mr. Schuh's valuable biotech experience and extensive executive management experience in the biotech industry makes him a valuable member of the Board. The Board seeks out, and the Board is comprised of, individuals whose background and experience complement those of other Board members.

The following table sets forth information about our directors, including the Class II Common Stock Director nominee who is to be voted on by the Common Stockholders at the Annual Meeting. The Board of Directors has determined that Messrs. Koppler, Patzig, Markin and Schuh are independent directors of the Company under the listing standards adopted by the SEC.

There are no family relationships among directors or executive officers of the Company. Other than as indicated in this Proxy Statement, there are no arrangements or understandings between any of our directors and any other person pursuant to which such person was or is to be selected as a director, director nominee or executive officer, nor are there any transactions to which the Company is or was a participant in which any of our directors has a material interest subject to disclosure under Item 404(a) of Regulation S-K.

Information regarding our other executive officers is found in our Form 10-K that is part of the Annual Report to Stockholders that accompanies this Proxy Statement. The Board of Directors has adopted a code of ethical conduct that applies to our principal executive officers and senior financial officers as required by Section 406 of the Sarbanes Oxley Act of 2002. This code of ethical conduct is embodied within our Business Ethics Policy, which applies to all persons associated with the Company, including our directors, officers, and employees. The Business Ethics Policy is available on our website at www.transgenomic.com.

The Board of Directors is comprised of four independent directors and one employee director, Mr. Tuttle, who is the Chief Executive Officer of the Company. Dr. Markin is the Chairman of the Board. The Board believes that its structure with four independent directors (one of whom is Chairman of the Board) and its Chief Executive Officer as its remaining director, achieves independent oversight of management and open communications with management.

The Board of Directors conducts its business through meetings of the Board and actions taken by written consent in lieu of meetings and by the actions of its committees. During the year ended December 31, 2010, the Board of Directors held six meetings and acted by written consent in lieu of a meeting eight times. All directors attended at least 75% of the meetings of the Board of Directors and of the committees of the Board of Directors on which they served during 2010 with the exception of Dr. Markin. Dr. Markin attended 67% of the Board of Directors meetings and 100% of the Audit Committee meetings.

None of our directors, director nominees or executive officers have been subject to legal or regulatory proceedings during the past ten years which are material to an evaluation of the ability or integrity of such person to serve the Company.

The Board of Directors has established and assigned certain responsibilities to an Audit Committee and a Compensation Committee. We do not have a standing nominating committee. The Board determined that due to the relatively small size of the Board, and due to the policy on director nominations, which is described below, it was not necessary to form a separate committee to evaluate director nominations. Under the director nomination policy, director candidates are identified primarily through suggestions made by directors, management and stockholders of the Company. We have implemented no material changes to the procedures by which stockholders may recommend nominees for the Board of Directors. The Board of Directors will consider director nominees recommended by stockholders that are submitted in writing to the Secretary or Chief Executive Officer of the Company in a timely manner and which provide necessary biographical and business experience information regarding the nominee. All candidates for director will be evaluated based on their independence, character, judgment, diversity of experience, financial or business acumen, ability to represent and act on behalf of all stockholders, and the needs of the Board. The Board also values diversity as a factor in selecting nominees to serve on the Board. Although the Board does not have a specific policy on diversity, the Board considers the criteria noted above in selecting nominees for directors, including members from diverse backgrounds who combine a broad spectrum of experience and expertise. Absent other factors which may be material to its evaluation of a candidate, the Board expects to nominate incumbent directors who express an interest in continuing to serve on the Board. The independent directors of the Company review and consider all candidates to serve as a director of the Company who are properly suggested by directors, management and stockholders of

the Company, and the Board of Directors selects its nominees to serve as a director of the Company from among those candidates who are recommended to the Board of Directors by a majority of the independent directors of the Company.

Audit Committee. The Audit Committee's primary duties and responsibilities include monitoring the integrity of our financial statements, monitoring the independence and performance of our external auditors, and monitoring our compliance with applicable legal and regulatory requirements. The functions of the Audit Committee also include reviewing periodically with independent auditors the performance of the services for which they are engaged, including reviewing the scope of the annual audit and its results, reviewing with management and the auditors the adequacy of our internal accounting controls, reviewing with management and the auditors the financial results prior to the filing of quarterly and annual reports, reviewing fees charged by our independent auditors and reviewing any transactions between the Company and related parties. Our independent auditors report directly and are accountable solely to the Audit Committee. The Audit Committee has the sole authority to hire and fire the independent auditors and is responsible for the oversight of the performance of their duties, including ensuring the independence of the independent auditors. The Audit Committee also approves in advance the retention of, and all fees to be paid to, the independent auditors. The rendering of any auditing services and all non-auditing services by the independent auditors is subject to the approval in advance of the Audit Committee. The Audit Committee operates under a written charter which is available on our website at www.transgenomic.com. The Audit Committee is required to be composed of directors who are independent of the Company under the rules of the SEC. The current members of the Audit Committee are directors Koppler, Markin and Patzig. The Board of Directors has determined that Mr. Koppler qualifies as an audit committee financial expert under the rules adopted by the SEC and the Sarbanes Oxley Act of 2002. The Audit Committee met four times during 2010.

Oversight of Risk Management. Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including economic risks, financial risks, legal and regulatory risks, and others, such as the impact of competition. Management is responsible for the day-to-day management of the risks that we face, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board is responsible for satisfying itself that the risk management processes designed and implemented by management are adequate and functioning as designed. The Board assesses major risks facing the Company and options for their mitigation in order to promote its stockholders' interests in the long-term health and the overall success of the Company and its financial strength.

While the Board is ultimately responsible for risk oversight, the Board has delegated to the Audit Committee the primary responsibility for the oversight of risks facing the Company. The Audit Committee's charter provides that it will discuss our major financial risk exposures and the steps we have taken to monitor and control such exposures.

Compensation Committee. The Compensation Committee reviews and approves our compensation policy, changes in salary levels and bonus payments to our executive officers and other management and determines the timing and terms of awards made pursuant to our 2006 Equity Incentive Plan. The Compensation Committee operates under a written charter which is available on our website at www.transgenomic.com. The Compensation Committee currently consists of directors Schuh, Markin and Patzig each of whom has been determined by the Board of Directors to be independent under the rules adopted by the SEC. The Compensation Committee did not meet during 2010, but acted by written consent in lieu of a meeting two times.

Section 16(a) Beneficial Ownership Reporting Compliance. Item 405 of Regulation S-K requires disclosure of any known late filing or failure by an insider to file a report required by Section 16 of the Securities Exchange Act of 1934. We believe all Section 16 reports were filed in a timely manner during 2010.

⁽²⁾ These former directors resigned from the Board of Directors effective December 29, 2010.

Directors who are also employees of the Company are not separately compensated for serving on the Board of Directors other than reimbursement for out-of-pocket expenses related to attendance at board and committee meetings. Independent directors are paid an annual retainer of \$20,000 and they receive reimbursement for out-of-pocket expenses related to attendance at board and committee meetings. Independent directors serving on any committee of the Board of Directors are paid an additional annual retainer of \$2,500 unless they are also a chairman of a committee. The Chairman of the Audit Committee receives an additional annual retainer of \$8,000 and the chairman of any other committee receives an additional annual retainer of \$4,000. All directors' fees paid annually or quarterly were pro rated for partial periods. In addition, any independent director who attends more than four meetings per quarter, which includes committee meetings, receives \$500 for each meeting attended over the four.

Our practice during 2010 was to grant each new non-employee director an option to purchase 15,000 shares of common stock under our 2006 Equity Incentive Plan at the next Compensation Committee meeting following a director's initial appointment to the Board. The options granted to a non-employee director upon initial appointment to the Board vested at the rate of 33 1/3% per year of service on the Board. Beginning in 2011, our practice changed to grant each new non-employee director an option to purchase 40,000 shares of common stock under our 2006 Equity Incentive Plan at the next Compensation Committee meeting following a director's initial appointment to the Board, which option vests after one (1) year.

Our practice during 2010 was to grant annually to each continuing non-employee director an option to purchase 5,000 shares of common stock, which option vested after three (3) years. Our practice changed in 2011 to grant annually to each continuing non-employee director an option to purchase 25,000 shares of common stock, which option vests after one (1) year. Additional annual grants of options will be made each year by the Compensation Committee in its sole discretion. All options granted to non-employee directors have exercise prices that represented the fair market value of our stock on the grant date. Exercise prices on outstanding options granted to our non-employee directors range from \$0.45 per share to \$0.74 per share.

Equity Incentive Plan and Other Compensation Plans

2006 Equity Incentive Plan. The Company's 2006 Equity Incentive Plan (the "Plan") allows the Company to make awards of various types of equity-based compensation, including stock options, dividend equivalent rights ("DERs"), stock appreciation rights ("SARs"), restricted stock, restricted stock units, performance units, performance shares and other awards, to employees and directors of the Company. The Plan provides that the total number of shares of common stock that the Company may issue is 10,000,000 shares under the Plan; provided, that no more than 5,000,000 of such shares may be used for grants of restricted stock, restricted stock units, performance units, performance shares and other awards. Outstanding options exercisable for a total of 2,519,667 shares of our common stock are outstanding at the Record Date, of which 2,233,000 may be exercised at this time. Outstanding options have exercise prices ranging from \$0.39 to \$10.00 per share.

The Plan is administered by the Compensation Committee of the Board of Directors (the "Committee") which has the authority to set the number, exercise price, term and vesting provisions of the awards granted under the Plan, subject to the terms thereof. Either incentive or non-qualified stock options may be granted to employees of the Company, but only non-qualified stock options may be granted to non-employee directors and advisors. However, in either case, the Plan requires that stock options must be granted at exercise prices not less than the fair market value of the common stock on the date of the grant. Options issued under the plan vest over periods as determined by the Compensation Committee and expire ten years after the date the option was granted. Compensation expense is based on the calculated fair value of the awards as measured at the grant date and is expensed ratably over the service period of the awards (generally the vesting period). If the option holder ceases to be employed by or affiliated with the Company, the Company will have the right to terminate any outstanding but unexercised options.

Employee Savings Plan. The Company maintains an employee savings plan that is intended to qualify as a tax-qualified plan under Section 401(k) of the Internal Revenue Code. This plan allows for voluntary contributions up to statutory maximums by eligible employees. We match a specific proportion of these contributions, subject to limitations imposed by law. We may make additional contributions to the savings plan on behalf of our employees if our Board of Directors decides to do so. For the years ended December 31, 2010 and 2009, Company contributions to the 401(k) plan were \$105,131 and \$73,933, respectively. For the year ended December 31, 2009 we discontinued matching 401(k) contributions for the third and fourth quarters due to our expense reduction initiatives. We reinstated matching 401(k) contributions for the first three quarters of 2010. Effective October 1, 2010 we discontinued matching 401(k) contributions.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Agreements with Named Executive Officers

During 2010 the Company's employment agreement with Craig J. Tuttle, our President and Chief Executive Officer, was renewed for an additional year ending on July 12, 2011. The employment agreement provides that Mr. Tuttle will be entitled to receive severance payments from the Company if his employment is terminated involuntarily except if such termination is based on "just cause", as that term is defined in the employment agreement. The severance payment payable in such circumstances is equal to his annual base salary at the time of termination and will be paid to him over a twelve-month period. The employment agreement provides that the severance payment provisions will be honored if the Company is acquired by, or merged into, another company and his position is eliminated as a result of such acquisition or merger. This severance payment is designed to provide him with an amount of cash sufficient to provide for living expenses and other needs which would normally be paid from his monthly base salary payments in situations where the executive officer's employment was not terminated voluntarily or for just cause. In addition, the payments are designed so as to not exceed the maximum amount which may be paid without imposition of the excise tax imposed by Section 4999 of the Internal Revenue Code or resulting in a loss of the Company's income tax deduction for any portion of these payments under Section 280G of the Internal Revenue Code if such payments are made after, or in contemplation of, a change of control transaction.

Mr. Richards does not have an employment agreement with the Company.

Effective June 30, 2010, we entered into a letter agreement with CFO Systems, LLC and Brett L. Frevert. Under the letter agreement CFO Systems will provide financial and consulting services to us at rates of \$75 to \$150 per hour depending on the level of expertise involved. The services will include providing Chief Financial Officer duties and other financial and accounting expertise on a time share basis. CFO Systems, LLC or the Company may terminate the agreement upon thirty days written notification. In connection with the letter agreement, Mr. Frevert agreed to serve as our Chief Financial Officer. We were charged \$126,459 for the services provided by CFO Systems, LLC during 2010.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of Doit L. Koppler II, Rodney S. Markin, M.D., Ph.D., and Robert M. Patzig, each of whom is an independent director of the Company under the rules adopted by the SEC.

The Company's management is responsible for the preparation of the Company's financial statements and for maintaining an adequate system of internal controls and processes for that purpose. McGladrey & Pullen LLP ("McGladrey") acts as the Company's independent auditors and they are responsible for conducting an independent audit of the Company's annual financial statements in accordance with auditing standards generally accepted in the United States of America and issuing a report on the results of their audit. The Audit Committee is responsible for providing independent, objective oversight of both of these processes.

The Audit Committee has reviewed and discussed the Company's audited financial statements for the year ended December 31, 2010 with management of the Company and with representatives of McGladrey. Our discussions with McGladrey also included the matters required by Statement on Auditing Standard No. 114. In addition, we received written disclosures and a letter from McGladrey regarding its independence as required by Independent Standards Board Standard No. 1 and this information was discussed with McGladrey.

Based on the foregoing, the Audit Committee has recommended that the audited financial statements of the Company for the year ended December 31, 2010, be included in the Company's Annual Report on Form 10-K to be filed with the SEC.

Audit-Related Fees. McGladrey & Pullen LLP billed us a total of \$127,200 and \$7,500 in 2010 and 2009, respectively, for audit-related services. Audit-related services generally include fees for the audits of our employee benefit plans and fees incurred in connection with services associated with SEC registration statements, periodic reports and other documents filed with the SEC. The Audit Committee approved all services provided by McGladrey during fiscal year 2010 and has determined that the provision of these services did not adversely affect McGladrey's independence. It is currently the policy of the Audit Committee to review and pre-approve all services provided by the independent auditor to the Company in order to assure that the provision of such services does not impair the auditor's independence. Unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific preapproval by the Audit Committee. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period.

We will reimburse brokerage firms, banks and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of our common stock. In addition to solicitation by mail, we will supply banks, brokers, dealers and other custodian nominees and fiduciaries with proxy materials to enable them to send a copy of such materials by mail to each beneficial owner of our common stock that they hold of record and will, upon request, reimburse them for their reasonable expenses in so doing.

Stockholders may communicate with any director, including the Chairman of the Board and the chairman of any committee of the Board, by sending a letter to the attention of the appropriate person (which may be marked as confidential) addressed to our corporate Secretary at our home office.
