Stockholders whose shares are held in a brokerage account will receive this information and voting instructions from their broker.

Whether or not you plan to attend the Annual Meeting, it is important that you vote by promptly completing, dating, signing and returning your proxy card by mail or following the voting instructions provided by your broker. At that date there were 8,216,598 shares of Common Stock and 1,000,000 shares of Series A Convertible Preferred Stock (the Series A Preferred Stock) outstanding. At the Annual Meeting, each share of Common Stock will be entitled to one vote and each share of Series A Preferred Stock will be entitled to one vote (which represents the number of shares of Common Stock into which each share of Series A Preferred Stock is currently convertible) and the holders of Common Stock and the Series A Preferred Stock vote together as a single class on all matters to be presented at the Annual Meeting, other than the Election of Preferred Director, as described below. Accordingly, holders of Common Stock and Series A Preferred Stock may cast an aggregate of 9,216,598 votes at the Annual Meeting. The holders of a majority of these 9,216,598 voting rights represented by shares of Common Stock and Series A Preferred Stock present in person or by proxy and entitled to vote, will constitute a quorum at the Annual Meeting.

Proxies marked withheld as to any director nominee or abstain or against as to a particular proposal and broker non-votes will be counted for purposes of determining the presence or absence of a quorum.

Broker non-votes are shares held by brokers or nominees which are present in person or represented by proxy, but which are not voted on a particular matter because instructions have not been received from the beneficial owner. PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Company currently has six directors, one of whom is elected solely by the holder of our Series A Preferred Stock. Accordingly, five directors will be elected by the stockholders as of the Record Date at the Annual Meeting to hold office until the 2016 annual meeting and until their successors are elected and have qualified. Unless otherwise instructed, the proxy holders named in the enclosed proxy will vote the proxies received by them for the five nominees of the Board of Directors named below.

Each nominee of the Board of Directors has indicated that he is willing and able to serve as director if elected. If any nominee of the Board of Directors becomes unavailable for any reason before the election, proxies will be voted for the election of such substitute nominee or nominees, if any, as shall be designated by the Corporate Governance and Nominating Committee of the Board of Directors. The Corporate Governance and Nominating Committee has no reason to believe that any of the nominees will be unavailable to serve.

Vote Required

The five nominees who receive the highest number of affirmative votes of the shares present in person or represented by proxy and entitled to vote, a quorum being present, shall be elected as directors. Only votes cast **FOR** a nominee will be counted, except that the accompanying proxy will be voted **FOR** all nominees in the absence of instructions to the contrary. Broker non-votes and proxies marked **withheld** as to one or more nominees will have no effect on the election since only votes **FOR** a nominee are counted in order to determine the five nominees with the highest number of votes.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE NOMINEES NAMED BELOW.

Nominees of the Board of Directors

The following five nominees have been recommended for election by the Corporate Governance and Nominating Committee and are the nominees of the Board of Directors. Election of Preferred Director

On May 2, 2012 the Company completed a private placement of Series A Preferred Stock and Common Stock Purchase Warrants to JCH Crenshaw Holdings, LLC pursuant to a Securities Purchase Agreement dated April 13, 2012. Pursuant to such agreement, the Company agreed to increase the Board by one director and the holders of the Series A Preferred Stock, voting as a separate class, are entitled to elect one director (the Preferred Director). As required by the agreement, the Board appointed Casey Crenshaw as the Preferred Director as of May 2, 2012 and he was elected as the Preferred Director by the holder of the Series A Preferred Stock as of the dates of the 2013 and 2014 Annual Meetings. The holder of the Series A Preferred Stock has advised the Company that Casey Crenshaw will be elected by written consent as the Preferred Director for a term commencing on the date of the 2015 Annual Meeting and continuing until the next annual meeting of stockholders and until his successor has been duly elected and qualified. **Proxies for the Preferred Director are not being solicited.**

Casey Crenshaw, age 40, is currently serving as President and as a member of the Board of Directors of The Modern Group, Ltd, a privately owned diversified manufacturing, parts and distribution, rental/leasing and finance business. Mr. Crenshaw has held various positions with The Modern Group since 1997, including over 10 years as CFO. Mr. Crenshaw holds a BA in Finance from Texas A&M University. The Board believes that Mr. Crenshaw brings to the Board leadership perspective on the operation, management and financing of a successful diversified manufacturing and service company.

Director Independence

The Board of Directors discussed and reviewed whether each nominee is independent within the Company's corporate governance guidelines which are consistent with the director independence standards established by the NASDAQ Stock Market. In determining independence, the Board reviews and seeks to determine whether directors have any material relationship with the Company, direct or indirect, which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board reviews business, professional, charitable and familial relationships of the independent directors in determining independence. The Board determined that Peter Menikoff, Edward L. Kuntz, J. Hoke Peacock II, Casey Crenshaw and Neal M. Dikeman are independent. In determining the independence of Mr. Peacock, the Board considered that M&I utilized Mr. Peacock's law firm for matters which generated \$50,100 in fees and expenses to such firm in 2014. Such arrangement does not reflect on Mr. Peacock's independence under NASDAQ Stock Market listing standards.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary objectives of our executive compensation program are to:

enable the Company to recruit, retain and motivate skilled and knowledgeable executives;

ensure that executive compensation is aligned with our corporate strategies and business objectives;

promote the achievement of key strategic and financial performance measures by linking incentive compensation to the achievement of measurable corporate and individual performance goals; and

align executives' incentives with the creation of stockholder value.

To achieve these objectives, we expect to maintain our executive compensation at levels which are competitive with those of other companies with which we compete for executive talent. In addition, all our named executive officers will have an annual bonus compensation program providing a cash bonus for achieving corporate and individual goals. We provide our senior executive officers with compensation in the form of equity awards that vest over time in amounts related to achieving specific corporate financial goals, which we believe will help to retain our executives and align their interests with those of our stockholders by allowing the executives to participate in the longer term success of our Company as reflected in stock price appreciation.

Elements of Our Executive Compensation Program

The following elements comprise compensation currently paid to our executive officers:

Base salary. We fix the chief executive officer's base compensation and review his recommendations regarding the base compensation of the executive officers to provide assurance that we are able to hire and retain individuals in a competitive environment and rewards satisfactory individual performance and a satisfactory level of contribution to our overall business goals. At least annually, the Compensation Committee evaluates the base salaries for our executives, together with other components of compensation, and considers adjustments based on an assessment of each executive's performance, competitive compensation trends and their review and consideration of compensation surveys and other information provided by our human resources department or from independent sources. We expect our CEO, as manager of our other senior executives, to keep the Compensation Committee advised as to how our senior executives are performing.

Executive Performance Bonus Program. The performance bonus element of the cash compensation of our executive officers is based upon achievement of Company and individual performance goals recommended by our CEO and approved by our Compensation Committee. The 2014 performance bonus compensation program for our senior executives provides for cash bonus targets ranging from approximately 15% to 50% of base salary. Our CEO is primarily responsible for recommending to the Board of Directors the Company financial objectives and individual performance goals of our senior executives. Targeted Company financial performance must be achieved at the 70% to 75% level for that component of the bonus to be earned and must be achieved at the 100% level for the full bonus related to Company financial performance to be earned. Some of each officer's individual performance goals and objectives may require a subjective evaluation and judgment with respect to achievement of these goals. Company performance targets make up approximately 75% of total bonus with individual goals encompassing the remainder. The Company financial performance element of each executive's bonus is designated in a business area where the executive contributes and may include such performance metrics as earnings of the entire Company or one or more business segments. The Compensation Committee will also recognize exceptional performance in excess of targeted goals by granting bonus awards in excess of targeted amounts.

Our CEO reviews each senior executive's performance against Company and individual performance goals set for that executive during the previous year. Based on this assessment, the CEO will then recommend to the Compensation Committee what percentage of each executive's target bonus the executive should receive. The

Compensation Committee, without the CEO's participation, evaluates the CEO's performance to determine the CEO's bonus by reviewing the CEO's success in achieving the Company and personal performance goals established by the committee in the prior year.

Equity Incentives. Our equity incentive program is the primary vehicle for offering long-term incentives to our employees, including our executive officers. Executives are eligible to receive grants of stock options, restricted stock awards, restricted stock unit awards, stock appreciation rights and other stock-based equity awards at the discretion of the Compensation Committee. Our 2007 Employee Stock Incentive Plan authorizes the issuance of up to 1,700,000 shares of our common stock. In 2013 and 2014 certain executives were awarded performance-based restricted stock units. Some of these awards were subject to achievement of performance targets in the year of grant and continued employment to become fully vested, and some of such awards required only continued employment to become fully vested. The Compensation Committee will also recognize exceptional performance in excess of targeted goals by granting equity awards in excess of targeted amounts.

We believe equity awards provide our executive officers with an incentive to focus on our long-term performance, create an ownership culture among our management team and our employees, and align the interests of our executive officers with those of our stockholders. In addition, the vesting feature of our equity awards is designed to further our objective of executive retention by providing an incentive to our executive officers to remain employed with us during the vesting period. We believe the long-term performance of our business is improved through the grant of stock-based awards so that the interests of our executive officers are aligned with the creation of value for our stockholders. In determining the size of equity grants to our executive officers, our compensation committee will consider our overall performance, the applicable executive officer's performance, the achievement of certain strategic initiatives, the amount of equity previously awarded to the executive officer, and the vesting of such awards, as well as their own business judgment and experiences. The Compensation Committee may also make the receipt of equity incentives subject to the achievement of specific objective Company financial goals and/or continued employment.

Grants of equity awards, including those to our named executive officers, are required to be approved by our Compensation Committee. We may grant equity awards to executive officers upon their initial hire and in connection with a promotion. In addition, grants of equity awards may be made from time to time in the discretion of our Compensation Committee and our Board of Directors consistent with our incentive compensation program objectives.

Other Compensation. Each of our executive officers is eligible to participate in our employee benefits programs on the same terms as non-executive employees, including our 401(k), medical, dental and vision care plans. In addition, employees, including executive officers, participate in our life and accidental death and dismemberment insurance policies, long-term and short-term disability plans, employee assistance program, and standard Company holidays.

Tax Considerations. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for compensation in excess of \$1.0 million paid to our chief executive officer and our four other most highly paid executive officers. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. We generally intend to structure the performance-based portion of our executive compensation, when feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. Our compensation committee and our board of directors may, in their judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes such payments are appropriate to attract and retain executive talent. To date we have made no compensation payments which did not comply with exemptions in Section 162(m).

Risk Considerations. The Compensation Committee considers whether the Company's compensation policies and practices for both executives and other employees encourage unnecessary or excessive risk taking.

Base salaries are not believed to encourage excessive risk taking. The Company's Executive Performance Bonus Programs does focus on achievement of annual Company and/or individual performance goals, but both the Company and individual goals are considered appropriate for achievement without unnecessary and excess risk taking.

CEO Compensation. In connection with the CEO transition plan the Company entered into an employment agreement with Charles M. Dauber for his services as President and CEO of the Company. The Compensation Committee utilized an independent compensation consultant to assist it in setting Mr. Dauber's salary. Such consultant has provided no other services to the Company or the Compensation Committee. The Compensation Committee believes the compensation package for Mr. Dauber is reasonable based upon Mr. Dauber's experience, duties and responsibilities and the contributions made and expected to be made by him to the Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the foregoing Compensation Discussion and Analysis. Based upon this review and discussion, the Compensation Committee recommended to the Board of Directors that such Compensation Discussion and Analysis be included in the Proxy Statement for the Company's 2015 Annual Meeting of Stockholders.

Employment agreements with named executive officers

With the approval of the Compensation Committee, the Company has entered into employment agreements with three of its named executive officers. These employment agreements are intended to provide each executive with job security for the term of the agreement by specifying the reasons pursuant to which their employment may be terminated by the Company and provide them with certain compensation and benefits upon termination of employment or a change in control of the Company. These employment agreements also protect the Company's interests following termination of employment by prohibiting the executives from engaging directly or indirectly in competition with the Company, from soliciting any employees, or from disclosing confidential Company information.

Charles M. Dauber has an employment agreement with the Company which provides for his employment to December 31, 2015 at an annual salary of \$325,000 for the year ending December 31, 2014 and \$350,000 for the year ending December 31, 2015, a \$1,000 per month automobile allowance and participation in the other benefit programs available to the Company's executives. Mr. Dauber is also entitled to an expected annual performance-based bonus of \$150,000 for 2014 and \$175,000 for 2015 which is dependent upon the Company meeting its annual budget and operating plan objectives and which may be greater if performance is above operating plan objectives at the discretion of the Board of Directors. The agreement provides for a grant of up to 80,000 performance-based restricted stock units in 2014 and 2015. All vested restricted stock units for 2014 and 2015 will convert to common stock over a four-year period from grant date in accordance with the Company's Employee Stock Incentive Plan. In the event Mr. Dauber's employment terminates other than for cause or resignation, his base salary and medical plan participation will continue monthly for up to twelve months or commencement of other employment, whichever occurs earlier. In the event Mr. Dauber's employment terminates after a change of control of the Company he will be entitled to payment of two year's salary and expected bonus, vesting of any unvested equity units and payment of COBRA health insurance premiums for eighteen (18) months after his employment ends.

Andrew L. Puhala entered into an employment letter agreement upon commencement of his employment in January 2013 which specifies his compensation but does not establish any fixed term of employment. It provides for an annual salary at the rate of \$200,000 with a performance based target bonus of \$60,000. Mr. Puhala is entitled to receive an annual award of 14,000 restricted stock units of which 11,200 will have performance-based vesting and 2,800 restricted stock units will have only continued employment vesting requirements. The vested restricted stock units convert into common stock on a one-to-one basis in four equal annual installments from the original grant date, subject to a continuing employment requirement. In the event Mr. Puhala's employment is terminated for other than cause or disability, or in the event there is a change of control/acquisition resulting in his termination, a substantial reduction of his responsibilities, or necessitating commuting outside of the Greater Houston area, i.e., excessive travel distance, he will receive a severance package equal to up to six (6) months of his then current base salary and reimbursement of COBRA medical insurance costs, if elected, for his family for up to six (6) months. The severance will be paid out on a monthly basis and will cease upon commencement of other employment.

William C. Miller entered into an employment letter agreement upon commencement of his employment in September 2014 which specifies his compensation but does not establish any fixed term of employment. It provides for an annual salary at the rate of \$200,000 with a performance based target bonus of \$100,000 based on achievement of individual and Company performance objectives, which is prorated in 2014 based on employment starting date. Mr. Miller is entitled to receive an annual award of 15,000 restricted stock units which will have performance-based vesting, with the 2014 award prorated based on employment start date. The vested

restricted stock units convert into common stock on a one-to-one basis in four equal annual installments from the original grant date, subject to a continuing employment requirement. In the event Mr. Miller's employment is terminated for other than cause or disability, or in the event there is a change of control/acquisition resulting in his termination, a substantial reduction of his responsibilities, or necessitating commuting outside of the Beaumont, Texas area, i.e., excessive travel distance, he will receive a severance package equal to up to six (6) months of his then current base salary and reimbursement of COBRA medical insurance costs, if elected, for his family for up to six (6) months. The severance will be paid out on a monthly basis and will cease upon commencement of other employment. Mr. Miller is entitled to receive the Company's standard employee benefits and one-time reimbursement of relocation expenses up to \$45,000.

Our other named executive officers are at will employees and are eligible to receive employee benefits generally available to all employees of the subsidiary by which they are employed and other benefits approved by the Compensation Committee.

In February 2015, the Compensation Committee of the Board of Directors established 2015 salary and target bonus applicable to our executive officers as follows:

Named Executive	2015 Base Salary(\$)	2015 Target Bonus(\$)
Charles M. Dauber	350,000	175,000
William C. Miller	200,000	100,000
Neal T. Hare	205,990	100,000
James J. Steffek	205,990	100,000
Andrew L. Puhala	205,990	60,000

Actual bonus amounts payable to each executive will be based on the achievement of 2015 Company and individual performance goals established for each executive. Targeted performance must be achieved at the 70% to 75% level for that component of the bonus to be earned and must be achieved at the 100% level for the full bonus to be earned. Some of each executive's individual goals may require a subjective evaluation and judgment with respect to achievement of these goals. Company performance targets make up approximately 75% of total bonus with individual goals encompassing the remainder.

In connection with the 2015 salary and target bonus established for our executive officers, the following were awarded restricted stock units under the 2007 Employee Stock Incentive Plan. Each restricted stock unit is issued one share of common stock upon conversion to common stock:

Named Executive	Restricted Stock Units
Charles M. Dauber	80,000
