**Item 1.01. Entry into a Material Definitive Agreement.**

On August 23, 2016, Westlake Chemical Corporation ( Westlake ) and certain of its subsidiaries entered into a credit agreement (the Credit Agreement ), by and among Westlake, the other borrowers and guarantors referred to therein, the lenders from time to time party thereto (collectively, the Lenders ), the issuing banks party thereto and JPMorgan Chase Bank, National Association, as Administrative Agent. Under the Credit Agreement, the Lenders have committed to provide an unsecured revolving credit facility in an aggregate principal amount of up to \$1 billion. The Credit Agreement replaces Westlake's existing \$400 million senior secured third amended and restated credit facility, dated as of July 17, 2014 (the Existing ABL Credit Agreement ), by and among Westlake, the financial institutions party thereto, as lenders, Bank of America, N.A., as agent, and Westlake Chemical Corporation and certain of its subsidiaries, as borrowers. The Credit Agreement became effective in accordance with its terms on August 23, 2016, and the Existing ABL Credit Agreement was terminated on August 23, 2016. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

Any borrowings under the Credit Agreement will bear interest, at Westlake's option, at either (a) LIBOR plus a spread ranging from 1.00% to 1.75% that will vary depending on the credit rating of Westlake or (b) ABR plus a spread ranging from 0.00% to 0.75% that will vary depending on the credit rating of Westlake. The Credit Agreement also requires an undrawn commitment fee ranging from 0.10% to 0.25% that will vary depending on the credit rating of Westlake. The Credit Agreement will mature on August 23, 2021.

The Credit Agreement includes a \$150 million sub-limit for letters of credit, and any outstanding letters of credit will be deducted from availability under the facility. The Credit Agreement also provides for a discretionary \$50 million commitment for swingline loans to be provided on a same-day basis. Westlake may also increase the size of the facility, in increments of at least \$25 million, up to a maximum of \$500 million, subject to certain conditions and if certain Lenders agree to commit to such an increase.

The obligations of Westlake under the Credit Agreement are guaranteed by current and future material domestic subsidiaries of Westlake, subject to customary exceptions. The Credit Agreement contains customary affirmative and negative covenants, including a quarterly total leverage ratio financial maintenance covenant. The Credit Agreement also contains customary events of default and if and for so long as an event of default has occurred and is continuing, any amounts outstanding under the Credit Agreement will accrue interest at an increased rate, the Lenders can terminate their commitments thereunder and payments of any outstanding amounts could be accelerated by the Lenders.

The Credit Agreement is filed as Exhibit 10.1 to this report and is incorporated herein by reference. The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the Credit Agreement.

**Item 1.02. Termination of a Material Definitive Agreement.**

The information set forth in Item 1.01 regarding the termination of the Existing ABL Credit Agreement is incorporated herein by reference.
