2014 Performance and Compensation Highlights

The Management Development and Compensation Committee of our Board concluded that Kimberly-Clark's management delivered financial performance in 2014 that was above-target from an overall perspective, as reflected in the financial metrics of our annual incentive program. Note that the Committee adjusted the results below for our Halyard Health spin-off as described beginning on page 48.

Performance Measures	2014 Results	2014 Target
Adjusted Net sales	\$21.31 billion	\$21.45 billion
Adjusted EPS	\$6.09	\$6.10
Adjusted OPROS improvement	+80 bps	+50 bps

For details on how these measures are adjusted, see Compensation Discussion and Analysis Executive Compensation for 2014, 2014 Performance Goals, Performance Assessments and Payouts.

Based on this performance, the Committee approved annual cash incentives for 2014 slightly above the target amount, including an annual incentive payout for our Chief Executive Officer of 105 percent.

The chart at left shows the Total Shareholder Return for Kimberly-Clark, our Executive Compensation Peer Group (taken as a whole) and the S&P 500 for the previous five years. We believe this indicates that the execution of our global business plan and the oversight by our management and Board have been effective for the growth of Kimberly-Clark as well as for returning value to our stockholders.

Information About Our Annual Meeting

On behalf of the Board of Directors of Kimberly-Clark Corporation, we are soliciting your proxy for use at the 2015 Annual Meeting of Stockholders, to be held on April 30, 2015, at 9:00 a.m. at our World Headquarters in Irving, Texas.

How We Provide Proxy Materials

We began providing our proxy statement and form of proxy to stockholders on March 12, 2015.

As Security and Exchange Commission (SEC) rules permit, we are making our proxy statement and our annual report available to many of our stockholders via the Internet rather than by mail. This reduces printing and delivery costs and supports our sustainability efforts. You may have received in the mail a Notice of Electronic Availability explaining how to access this proxy statement and our annual report on the Internet and how to vote online. If you received this Notice but would like to receive a paper copy of the proxy materials, you should follow the instructions contained in the notice for requesting these materials.

Who May Vote

If you were a stockholder of record at the close of business on the record date of March 2, 2015, you are eligible to vote at the meeting. Each share that you own entitles you to one vote.

As of the record date, 365,200,459 shares of our common stock were outstanding.

How To Vote

You may vote in person by attending the meeting, by using the Internet or telephone, or (if you received printed proxy materials) by completing and returning a proxy form by mail. If telephone or Internet voting is available to you, see the instructions on the notice of electronic availability or the proxy form and have the notice or proxy form available when you access the Internet website or place your telephone call. To vote your proxy by mail, mark your vote on the proxy form, then follow the instructions on the card.

Please note that if you received a notice of electronic availability as described above, you cannot vote your shares by filling out and returning the notice. Instead, you should follow the instructions contained in the notice on how to vote by using the Internet or telephone.

FOR approval of the compensation of our named executive officers
AGAINST the stockholder proposal requesting stockholders be permitted to act by written consent

How To Revoke or Change Your Vote

Use the telephone voting procedures
Attend the meeting and vote in person

Votes Required

There must be a quorum to conduct business at the Annual Meeting, which is established by having a majority of the shares of our common stock present in person or represented by proxy.

Election of Directors. A director nominee will be elected if he or she receives a majority of the votes cast at the meeting in person or by proxy. If any nominee does not receive a majority of the votes cast, then that nominee will be subject to the Board's existing policy regarding resignations by directors who do not receive a majority of for votes.

Other Proposals or Matters. Approval requires the affirmative vote of a majority of shares that are present at the Annual Meeting in person or by proxy and are entitled to vote on the proposal or matter.

Information About Our Annual Meeting Costs of Solicitation

**Effect of Not
Instructing
Your Broker**

Routine Matters. If your shares are held through a broker and you do not instruct the broker on how to vote your shares, your broker may choose to leave your shares unvoted or to vote your shares on routine matters. Proposal 2. Ratification of Auditors is the only routine matter on the agenda at this year's Annual Meeting.

Non-Routine Matters. Without instructions, your broker cannot vote your shares on non-routine matters, resulting in what are known as broker non-votes. Broker non-votes will not be considered present or entitled to vote on non-routine matters and will also not be counted for the purpose of determining the number of votes cast on these proposals.

**Direct Stock
Purchase and
Dividend
Reinvestment
Plan**

If you participate in our Direct Stock Purchase and Dividend Reinvestment Plan, you will receive a proxy form that represents the number of full shares in your plan account plus any other shares registered in your name. There are no special instructions for voting shares held in the plan; simply use the normal voting methods described in this proxy statement.

**Employee
Benefit Plans**

We are also sending or otherwise making this proxy statement and voting materials available to participants who hold Kimberly-Clark stock through any of our employee benefit and stock purchase plans. The trustee of each plan will vote whole shares of stock attributable to each participant's interest in the plans in accordance with the participant's directions. If a participant gives no directions, the plan committee will direct the voting of his or her shares.

**Attending
the Annual
Meeting**

If you are eligible to vote, you or a duly appointed representative may attend the Annual Meeting in person. If you do plan to attend, we ask that you inform us electronically, by telephone, or by checking the appropriate box on your proxy form. This will assist us with meeting preparations and help to expedite your admittance.

If your shares are not registered in your own name and you would like to attend the meeting, please ask the broker, trust, bank or other nominee that holds your shares to provide you with written proof of your share ownership as of the record date. This will enable you to gain admission to the meeting.

If you need directions to the meeting, please contact Stockholder Services by telephone at (972) 281-1522 or by e-mail at stockholders@kcc.com.

**Costs of
Solicitation**

Kimberly-Clark will bear all costs of this proxy solicitation, including the cost of preparing, printing and delivering materials, the cost of the proxy solicitation and the expenses of brokers, fiduciaries and other nominees who forward proxy materials to stockholders. In addition to mail and electronic means, our employees may solicit proxies by telephone or otherwise. We have retained D. F. King & Co., Inc. to aid in the solicitation at a cost of approximately \$19,000 plus reimbursement of out-of-pocket expenses.

Table of Contents

Corporate Governance

Our governance structure and processes are based on a number of important governance documents including our Code of Conduct, Certificate of Incorporation, Corporate By-Laws, Corporate Governance Policies and our Board Committee Charters. These documents, which are available in the investors section of our website at www.kimberly-clark.com, guide the Board and our management in the execution of their responsibilities.

Kimberly-Clark believes that there is a direct connection between good corporate governance and long-term, sustained business success, and we believe it is important to uphold sound governance practices. As such, the Board reviews its governance practices and documents on an ongoing basis, considering changing regulatory requirements, governance trends, and issues raised by our stockholders. After careful evaluation, we may periodically make governance changes in view of these matters to maintain current governance practices and promote shareholder value.

We believe we are in compliance with all corporate governance requirements of the NYSE, the SEC, the Sarbanes-Oxley Act of 2002 and the provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 that have become effective as of the filing of this proxy statement.

Board Leadership Structure

The Board has established a leadership structure that allocates responsibilities between our Chairman of the Board and Chief Executive Officer (CEO) and our Lead Director. The Board believes that this allocation provides for dynamic Board leadership while maintaining strong independence and oversight.

Consistent with this leadership structure, at least once a quarter our Lead Director, who is an independent director, chairs executive sessions of our non-management directors. Members of the company's senior management team do not attend these sessions.

Chairman and Chief Executive Officer Positions

The Board's current view is that a combined Chairman and CEO position, coupled with a predominantly independent board and a proactive, independent Lead Director, promotes candid discourse and responsible corporate governance. Mr. Falk serves as Chairman of the Board and CEO. The Board believes Mr. Falk's thirty years of operational and management experience at Kimberly-Clark has demonstrated the leadership and vision necessary to lead the Board and Kimberly-Clark. Accordingly, Mr. Falk continues to serve in this combined role at the pleasure of the Board without an employment contract.

Table of Contents

Corporate Governance Director Independence

Lead Director

Mr. Jenness served as independent Lead Director in 2014. Our Corporate Governance Policies outline the significant role and responsibilities of the Lead Director, which include:

- Chairing the Executive Committee
- Chairing executive sessions at which non-management directors meet outside management's presence, and providing feedback from such sessions to the Chief Executive Officer
- Coordinating the activities of the Independent Directors
- Providing input on agendas and schedules for Board meetings
- Leading (with the Chairman of the Nominating and Corporate Governance Committee) the annual Board evaluation
- Leading (with the Chairman of the Management Development and Compensation Committee) the Board's review and discussion of the Chief Executive Officer's performance
- Providing feedback to individual directors following their periodic evaluations
- Speaking on behalf of the Board and chairing Board meetings when the Chairman of the Board is unable to do so
- Acting as a direct conduit to the Board for stockholders, employees and others according to the Board's policies

Director Independence

Since 1996, our By-Laws have provided that a majority of our directors be independent (Independent Directors). We believe our independent board helps ensure good corporate governance and strong internal controls.

Our Corporate Governance Policies, as adopted by the Board, provide independence standards consistent with the rules and regulations of the SEC and the listing standards of the New York Stock Exchange (NYSE). Our independence standards can be found in Section 17 of our Corporate Governance Policies.

The Board has determined that all directors and nominees, except for Thomas J. Falk, are Independent Directors and meet the independence standards in our Corporate Governance Policies. In making these determinations, the Board considered the following:

- We made charitable contributions of \$132,000 in each of 2012 and 2013, and \$175,000 in 2014, and paid approximately \$85,000 in 2013 for venue rental to the Fox Cities Performing Arts Center in Appleton, Wisconsin, where Mr. Bergstrom is a director. We have significant operations and a significant number of employees in the Fox Cities area of Wisconsin.
- Companies majority-owned by Mr. Bergstrom paid us approximately \$50,000 in 2012, \$55,000 in 2013 and \$57,000 in 2014 to lease excess hangar space at an airport near Appleton, Wisconsin and approximately \$185,000 in 2012, \$195,000 in 2013 and \$199,800 in 2014 for pilot services pursuant to a pilot sharing contract. In addition, these companies paid us approximately \$194,000 in 2012, \$196,000 in 2013 and \$196,600 in 2014 for scheduling and aircraft services for their airplane.
- We paid approximately \$1,000 in 2012, \$111,000 in 2013, and \$78,600 in 2014 for automobiles and related services to car dealerships in the Neenah, Wisconsin area that are majority-owned by Mr. Bergstrom.
- We made charitable contributions of \$1,000 in 2012 and \$50,000 in 2013 to the Education is Freedom Foundation, where Mr. Bru is a director.

Table of Contents

Corporate Governance Board Committees

We purchased advertising totaling \$42,500 in 2014 for advertising services from entities owned directly or indirectly by A.H. Belo Corporation, where Mr. Decherd serves as Vice Chairman of the Board.

We paid approximately \$65,000 in 2012 for cooperative product advertising and customer development and approximately \$51,000 in 2013 and \$15,547 in 2014 for the purchase of products for cooperative marketing to Colgate-Palmolive Company, where Mr. Garcia is Chief Operating Officer, Global Innovation and Growth, Europe & Hill's Pet Nutrition.

Colgate-Palmolive Company paid us approximately \$78,000 in 2013 for products.

Pfizer, Inc., for which Mr. Read serves as Chairman and Chief Executive Officer, paid us approximately \$22,000 in 2012, \$89,000 in 2013, and \$42,300 in 2014 for products.

We made charitable contributions of \$27,000 in 2012, and \$25,000 in 2013 to the United Negro College Fund, where Ms. Johnson Rice is a director.

We purchased advertising totaling \$211,000 in 2012, \$90,000 in 2013, and \$20,000 in 2014 from entities owned directly or indirectly by Johnson Publishing Company, Inc., where Ms. Johnson Rice is Chairman. These amounts constituted less than five percent of the gross revenues of Johnson Publishing Company, Inc., for 2012, 2013, and 2014, respectively.

We paid approximately \$550,000 in 2012, \$645,000 in 2013, and \$664,600 in 2014 to JPMorgan Chase & Co. (JPMC) for investment banking services. Mr. Shapiro serves as a consultant to JPMC and as non-executive Chairman of its Texas operations. We do not believe his relationship with JPMC gives him a direct or indirect material interest in our transactions with JPMC.

The NYSE listing standards and our own Corporate Governance Policies establish certain levels at which transactions are considered to have the potential to affect a director's independence. The transactions listed above all fall below these levels.

Board Meetings

The Board of Directors met six times in 2014. All of the directors attended in excess of 75 percent of the total number of meetings of the Board and the committees on which they served.

All of our directors are encouraged to attend our annual meeting of stockholders. All of our directors except Ian C. Read and Marc J. Shapiro attended the 2014 Annual Meeting.

Board Committees

The standing committees of the Board include the Audit Committee, Management Development and Compensation Committee, Nominating and Corporate Governance Committee, and Executive Committee. In compliance with applicable NYSE corporate governance listing standards, the Board has adopted charters for all Committees except the Executive Committee.

Our Committee charters are available in the Investors section of our website at www.kimberly-clark.com.

As set forth in our Corporate Governance Policies, the Audit, Management Development and Compensation, and Nominating and Corporate Governance Committees all have the authority to retain independent advisors and consultants, with all costs paid by Kimberly-Clark.

Table of Contents

Corporate Governance Board Committees

Audit Committee

Chairman: John R. Alm

Other members: John F. Bergstrom, Robert W. Decherd, Nancy J. Karch and Linda Johnson Rice

The Board has determined that Messrs. Alm, Bergstrom and Decherd are audit committee financial experts under SEC rules and regulations and that Mr. Read, who is not currently serving on the Audit Committee, also qualifies as an audit committee financial expert. In addition, all Audit Committee members satisfy the NYSE's financial literacy requirements and qualify as Independent Directors under the rules of the SEC and the NYSE, as well as under our Corporate Governance Policies. See Corporate Governance - Director Independence for additional information on Independent Directors.

No member of the Audit Committee serves on the audit committees of more than three public companies. Under our Audit Committee Charter and NYSE corporate governance listing standards, if a member were to serve on more than three such committees, the Board would then determine whether this situation impairs the member's ability to serve effectively on our Audit Committee, and we would post information about this determination on the investors section of our website at www.kimberly-clark.com.

During 2014 the Committee met ten times.

The Committee's principal functions, as specified in its charter, include:

Overseeing:

- the quality and integrity of our financial statements
- our compliance programs
- our hedging strategies and policies
- the independence, qualification and performance of our independent auditors
- the performance of our internal auditors

Selecting and engaging our independent auditors, subject to stockholder ratification

Pre-approving all audit and non-audit services that our independent auditors provide

Reviewing the scope of audits and audit findings, including any comments or recommendations of our independent auditors

Establishing policies for our internal audit programs

Overseeing the company's risk management program and receiving periodic reports from management on risk assessments, the risk management process, and issues related to the risks of managing our business

For additional information about the Audit Committee's oversight activities in 2014, see Proposal 2. Ratification of Auditors - Audit Committee Report.

Annually reviewing our compensation policies and practices for the purpose of mitigating risks arising from these policies and practices that could reasonably have a material adverse effect

Roles of the Committee and the CEO in Compensation Decisions

Each year, the Committee reviews and sets the compensation of the officers that are elected by the Board (our elected officers), including our Chief Executive Officer and our other executive officers. The Committee's charter does not permit the Committee to delegate to anyone the authority to establish any compensation policies or programs for elected officers, including our executive officers. With respect to officers that have been appointed to their position (our non-elected officers), our Chief Executive Officer has the authority to establish compensation programs and to approve equity grants. However, only the Committee may make grants to elected officers, including our executive officers.

Our Chief Executive Officer makes a recommendation to the Committee each year on the appropriate target annual compensation for each of the other executive officers. The Committee makes the final determination of the target annual compensation for each executive officer, including our Chief Executive Officer. While our Chief Executive Officer and Chief Human Resources Officer typically attend Committee meetings, none of the other executive officers is present during the portion of the Committee's meetings when compensation for executive officers is set. In addition, our Chief Executive Officer is not present during the portion of the Committee's meetings when his compensation is set.

For additional information on the Committee's processes and procedures for determining executive compensation, and for a detailed discussion of our compensation policies, see Compensation Discussion and Analysis.

Use of Compensation Consultants

The Committee's charter authorizes it to retain advisors, including compensation consultants, to assist it in its work. The Committee believes that compensation consultants can provide important market information and perspectives that can help it determine compensation programs that best meet the objectives of our compensation policies. In selecting a consultant, the Committee evaluates the independence of the firm as a whole and of the individual advisors who will be working with the Committee.

Independent Committee Consultant. In 2014, the Committee retained Semler Brossy Consulting Group as its independent executive compensation consultant. According to the Committee's written policy, the independent Committee consultant provides services solely to the Committee and not to Kimberly-Clark. Semler Brossy has no other business relationship with Kimberly-Clark and receives no payments from us other than fees for services to the Committee. Semler Brossy reports directly to the Committee, and the Committee may replace it or hire additional consultants at any time. A representative of Semler Brossy attends Committee meetings and communicates with the Chairman of the Committee between meetings from time to time.

The scope of Semler Brossy's engagement in 2014 included:

Conducting a review of the competitive market data (including base salary, annual incentive targets and long-term incentive targets) for our executive officers, including our Chief Executive Officer

Reviewing and commenting, as requested by the Committee, on recommendations by management and Mercer Human Resource Consulting (Mercer) concerning executive compensation programs, including program changes and redesign, special awards, change-of-control provisions, our executive compensation peer group, any executive contract provisions, promotions, retirement and related items

Reviewing and commenting on the Committee's report for the proxy statement

Attending Committee meetings

Periodically consulting with the Chairman of the Committee

During 2014, at the request of the Committee, a representative of Semler Brossy attended all Committee meetings.

Kimberly-Clark Consultant. To assist management and the Committee in assessing our compensation programs and determining appropriate, competitive compensation for our executive officers, Kimberly-Clark annually engages an outside compensation consultant. In 2014, it retained Mercer for this purpose. Mercer has provided consulting services to Kimberly-Clark on a wide variety of human resources and compensation matters, both at the officer and non-officer levels. During 2014, Mercer provided advice and counsel on various matters relating to executive and director remuneration, including the following services:

Assessing our executive compensation peer group and recommending changes as necessary

Assessing compensation levels within our peer group for executive officer positions and other selected positions

Reviewing historic and projected performance for peer group companies under the metrics we use in our annual and long-term incentive plans

Assisting in incentive plan design and modifications, as requested

Providing market research on various issues as requested by management

Preparing for and participating in Committee meetings, as requested

Committee Assessment of Consultant Conflicts of Interest. The Committee has reviewed whether the work provided by Semler Brossy and Mercer represents any conflict of interest. Factors considered by the Committee include: (1) other services provided to Kimberly-Clark by the consultant; (2) what percentage of the consultant's total revenue is made up of fees from Kimberly-Clark; (3) policies or procedures of the consultant that are designed to prevent a conflict of interest; (4) any business or personal relationships between individual consultants involved in the engagement and Committee members; (5) any shares of Kimberly-Clark stock owned by individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. Based on its review, the Committee does not believe that any of the compensation consultants that performed services in 2014 has a conflict of interest with respect to the work performed for Kimberly-Clark or the Committee.

Executive Committee

Other Members: John R. Alm, Abelardo E. Bru, Thomas J. Falk and Ian C. Read

The Committee met two times in 2014.

The Committee's principal function is to exercise, when necessary between board meetings, the Board's powers to direct our business and affairs.

Compensation Committee Interlocks and Insider Participation

None of the members of the Management Development and Compensation Committee is a current or former officer or employee of Kimberly-Clark. No interlocking relationship exists between the members of our Board of Directors or the Management Development and Compensation Committee and the board of directors or compensation committee of any other company.

Communicating with Directors

The Board has established a process by which stockholders and other interested parties may communicate with the Board, including the Lead Director. That process can be found in the Investors section of our website at www.kimberly-clark.com.

Other Corporate Governance Policies and Practices

Corporate Governance Policies. The Board of Directors first adopted Corporate Governance Policies in 1994, and has amended them from time to time as rules and regulations change and governance practices develop. These policies guide Kimberly-Clark and the Board on matters of corporate governance, including: director responsibilities, Board committees and their charters, director independence, director compensation, performance assessments of the Board and individual directors, director orientation and education, director access to management, Board access to outside financial, business and legal advisors, and management development and succession planning. To see these policies, go to the Investors section of our website at www.kimberly-clark.com.

Code of Conduct. Kimberly-Clark has a Code of Conduct that applies to all of our directors, executive officers and employees, including our Chief Executive Officer, Chief Financial Officer and Vice President and Controller. It is available in the Investors section of our website at www.kimberly-clark.com. Any amendments to or waivers of our Code of Conduct applicable to our Chief Executive Officer, Chief Financial Officer or Vice President and Controller will also be posted at that location.

Board and Management Roles in Risk Oversight. The Board is responsible for providing risk oversight with respect to our operations. In connection with this oversight, the Board particularly focuses on our strategic and operational risks, as well as related risk mitigation. In addition, the Board reviews and oversees management's response to key risks facing Kimberly-Clark.

Table of Contents

Corporate Governance Other Corporate Governance Policies and Practices

The Board's committees review particular risk areas to assist the Board in its overall risk oversight of Kimberly-Clark:

The Audit Committee oversees our risk management program, with a particular focus on our internal controls, compliance programs, financial statement integrity and fraud risks, and related risk mitigation. In connection with this oversight, the Audit Committee receives regular reports from management on risk assessments, the risk management process, and issues related to the risks of managing our business. The Audit Committee also receives an annual enterprise risk management update, which describes our key financial, strategic, operational and compliance risks.

The Management Development and Compensation Committee reviews the risk profile of our compensation policies and practices. This process includes a review of an assessment of our compensation programs, as described in Compensation Discussion and Analysis Analysis of Compensation-Related Risks.

The Nominating and Corporate Governance Committee monitors risks relating to governance matters and recommends appropriate actions in response to those risks. In addition, it provides oversight of our Corporate Social Responsibility programs and sustainability activities and receives regular updates on the effectiveness of these programs.

Complementing the Board's overall risk oversight, our senior executive team identifies and monitors key enterprise-wide and business unit risks, providing the basis for the Board's risk review and oversight process. We have a Global Risk Oversight Committee, consisting of management members from core business units and from our finance, treasury, global risk management, compliance and legal functions. This committee identifies significant risks for review and updates our policies for risk management in areas such as hedging, foreign currency and country risks, product liability, property and casualty risks, and supplier and customer risks. The Board believes the allocation of risk management responsibilities described above supplements the Board's leadership structure by allocating risk areas to an appropriate committee for oversight, allows for an orderly escalation of issues as necessary, and helps the Board satisfy its risk oversight responsibilities.

Whistleblower Procedures. The Audit Committee has established procedures for receiving, recording and addressing any complaints we receive regarding accounting, internal accounting controls or auditing matters, and for the confidential and anonymous submission, by our employees or others, of any concerns about our accounting or auditing practices. We also maintain a toll-free Code of Conduct telephone line and a website, each allowing our employees and others to voice their concerns anonymously.

Chief Compliance Officer. Stephen Naughton is our Vice President and Chief Compliance Officer and oversees our compliance programs. His duties include: regularly updating the Audit Committee on the effectiveness of our compliance programs, providing periodic reports to the Board, and working closely with our various compliance functions to promote coordination and sharing of best practices across these functions. Mr. Naughton is also a member of our Global Risk Oversight Committee.

Management Succession Planning. In conjunction with the Board, the Management Development and Compensation Committee is responsible for periodically reviewing the long-term management development plans and succession plans for the Chief Executive Officer and other key officers, as well as the emergency succession plan for the Chief Executive Officer and other key officers if any of these officers unexpectedly becomes unable to perform his or her duties.

Disclosure Committee. We have established a Disclosure Committee to assist in fulfilling our obligations to maintain disclosure controls and procedures and to coordinate and oversee the process of preparing our periodic securities filings with the SEC. This committee is composed of members of management and is chaired by our Vice President and Controller.

No Executive Loans. We do not extend loans to our executive officers or directors and therefore do not have any such loans outstanding.

Board Policy on Stockholder Rights Plans. We do not have a poison pill or stockholder rights plan. If we were to adopt a stockholder rights plan, the Board would seek prior stockholder approval of the plan unless, due to timing constraints or other reasons, a majority of Independent Directors of the Board determines that it would be in the best interests of stockholders to adopt a plan before obtaining stockholder approval. If a stockholder rights plan is adopted without prior stockholder approval, the plan must either be ratified by stockholders or must expire, without being renewed or replaced, within one year. The Nominating and Corporate Governance Committee reviews this policy statement periodically and reports to the Board on any recommendations it may have concerning the policy.

Simple Majority Voting Provisions. Our Certificate of Incorporation does not include supermajority voting provisions.

Special Stockholder Meetings. Our Certificate of Incorporation allows the holders of 25 percent or more of our issued and outstanding shares of capital stock to request that a special meeting of stockholders be called, subject to procedures and other requirements set forth in our By-Laws.

Charitable Contributions. The Nominating and Corporate Governance Committee has adopted guidelines for the review and approval of charitable contributions by Kimberly-Clark (or any foundation under the common control of Kimberly-Clark) to organizations or entities with which a Director or an executive officer may be affiliated. We will disclose in the Investors section of our website at www.kimberly-clark.com any contributions made by us to a tax-exempt organization under the following circumstances:

An Independent Director serves as an executive officer of the tax-exempt organization; and
If within the preceding three years, contributions in any single year from Kimberly-Clark to the organization exceeded the greater of \$1 million or 2 percent of the tax-exempt organization's consolidated gross revenues.

Proposal 1. Election of Directors

As of the date of this proxy statement, the Board of Directors consists of twelve members. Each director's term will expire at this year's Annual Meeting. All the nominees standing for election at the Annual Meeting are being nominated to serve until the 2016 Annual Meeting of Stockholders and until their successors have been duly elected and qualified. All nominees have advised us that they will serve if elected; however, should any nominee become unable to serve, proxies may be voted for another person designated by the Board.

John R. Alm has announced that he does not intend to stand for re-election to the Board of Directors when his current term expires at the Annual Meeting. Mr. Alm will continue to serve as a director until the Annual Meeting. We would like to thank Mr. Alm for his eight years of service and many contributions to the Board, Kimberly-Clark and our stockholders. The size of the Board will be reduced from twelve members to eleven, effective upon Mr. Alm's retirement from the Board.

Given the independent status of the nominees, if all nominees are elected at the Annual Meeting, ten of the eleven directors on our Board will be Independent Directors.

Process for Director Elections

Our Certificate of Incorporation provides that all of our directors must be elected annually. Our By-Laws provide that, in uncontested elections, directors must be elected by a majority of votes cast rather than by a plurality. If any incumbent director does not receive a majority of votes, he or she is required to tender his or her resignation for consideration by the Board.

Process and Criteria for Nominating Directors

The Board of Directors is responsible for approving candidates for Board membership. The Board has delegated the screening and recruitment process to the Nominating and Corporate Governance Committee, in consultation with the Chairman of the Board and Chief Executive Officer and the Lead Director. The Committee therefore recommends to the Board any new appointments and nominees for election as directors at our annual meeting of stockholders. It also recommends nominees to fill any vacancies. As provided in our Certificate of Incorporation, the Board of Directors has the authority to determine the size of the Board and to fill any vacancies that occur between annual meetings of stockholders.

The Committee may receive recommendations for Board candidates from various sources, including our directors, management and stockholders. In addition, the Nominating and Corporate Governance Committee periodically retains a search firm to assist it in identifying and recruiting director candidates meeting the criteria specified by the Committee. The Committee also has a process for considering nominations submitted by stockholders. For details on this process, see [Other Information - Stockholder Nominations for Board of Directors](#).

The Committee believes that the criteria for director nominees should foster effective corporate governance, support our strategies and businesses, take diversity into account and ensure that our directors, as a group, have an overall mix of the attributes needed for an effective Board. The criteria should also support the successful recruitment of qualified candidates.

Proposal 1. Election of Directors Director Compensation

Director Compensation

Directors who are not officers or employees of Kimberly-Clark or any of our subsidiaries, affiliates or equity companies are Outside Directors for compensation purposes and are compensated for their services under our 2011 Outside Directors Compensation Plan. All Independent Directors currently on our Board are Outside Directors and are compensated under this Plan.

Our objectives for Outside Director Compensation are:

to remain competitive with the median compensation paid to outside directors of comparable companies

to keep pace with changes in practices in director compensation

to attract qualified candidates for Board service

to reinforce our practice of encouraging stock ownership by our directors

In 2012, the Nominating and Corporate Governance Committee assessed our Outside Director compensation against the median non-management director compensation for our peers. Based on this review, the Committee recommended an increase in Outside Director compensation for 2013 and 2014, and the Board agreed with the Committee's recommendation. Prior to this adjustment, Outside Director compensation had not increased since 2009.

The table below shows how we structured Outside Director compensation in 2014:

Board Members	Cash retainer: \$90,000 annually, paid in four quarterly payments at the beginning of each quarter.
	Restricted share units: Annual grant with a value of \$155,000, awarded and valued on the first business day of the year
Committee Chairs	Additional annual grant of restricted share units with a value of \$20,000, awarded and valued on the first business day of the year
Lead Director	Additional grant of restricted share units with a value of \$30,000, awarded and valued on the first business day of the year

New Outside Directors receive the full quarterly amount of the annual retainer for the quarter in which they join the Board. Their annual grant of restricted share units is pro-rated based on the date when they joined.

We also reimburse Outside Directors for expenses incurred in attending Board or committee meetings.

Restricted share units are not shares of our common stock. Rather, restricted share units represent the right to receive a pre-determined number of shares of our common stock within 90 days following a restricted period that begins on the date of grant and expires on the date the Outside Director retires from or otherwise terminates service on the Board. In this way, they align the director's interests with the interests of our stockholders. Outside Directors may not dispose of the units or use them in a pledge or similar transaction. Outside Directors also receive additional restricted share units equivalent in value to the dividends that would have been paid to them if the restricted share units granted to them were shares of our common stock.

In connection with the Halyard Health spin-off on October 31, 2014, the Outside Directors restricted share units (and the dividend equivalents credited to these restricted units equal to cash dividends on our Common Stock as described in footnote 5 below) were credited with reinvested dividend equivalents equal to the value of the Halyard Health stock dividend distributed on our common stock (approximately \$4.69 per share) to maintain the value of the awards before and after the spin-off.

⁽⁴⁾ Reflects charitable matching gifts paid in 2014 under the Kimberly-Clark Foundation's Matching Gifts Program to a charity designated by the director. This program is available to all our employees and directors. Under this program, the Kimberly-Clark Foundation matches employees and directors' financial contributions to qualified educational and charitable organizations in the United States on a dollar-for-dollar basis, up to \$10,000 per person per calendar year. Amounts paid in 2014 in connection with matching gifts for John F. Bergstrom, Abelardo E. Bru and Nancy J. Karch reflect donations made in 2013.

⁽⁵⁾ During 2014, Outside Directors received credit for cash dividends on restricted stock held by them. These dividends are credited to interest bearing accounts maintained by us on behalf of those Outside Directors with restricted stock. Earnings on those accounts are not included in the Outside Director Compensation Table because the earnings were not above market or preferential. Also in 2014, Outside Directors received additional restricted share units with a value equal to the cash dividends paid during the year on our common stock on the restricted share units held by them. Because we factor the value of the right to receive dividends into the grant date fair value of the restricted stock and restricted share units awards, the dividends and dividend equivalents received by Outside Directors are not included in the Outside Director Compensation table. The dividends and other amounts credited on restricted stock and additional restricted share units credited in 2014 were as follows:

Other than the cash retainer, grants of restricted share units and the other compensation previously described, no Outside Director received any compensation or perquisites from Kimberly-Clark for services as a director in 2014.

Proposal 1. Election of Directors 2014 Outside Director Compensation

A director who is not an Outside Director does not receive any compensation for services as a member of the Board or any committee, but is reimbursed for expenses incurred as a result of the services.

In 2014, the Nominating and Corporate Governance Committee, with the assistance of Mercer, revisited the Corporation's Outside Director compensation to assess whether it still met our objectives for Outside Director compensation as described above. In its assessment, the Committee compared aggregate Outside Director cash and equity compensation to the median compensation of the outside directors of our peer group, as well as the structure of our compensation programs of our peer group. For information regarding our peer group, see "Compensation Discussion and Analysis" below. Based on this review, the Committee determined that the aggregate compensation for our Outside Directors would be below the median of our peer group in 2015. The Committee then recommended to the Board, and the Board approved, changes to our Outside Directors aggregate compensation to more closely align with the median aggregate compensation of our peer group.

Accordingly, beginning in 2015:

The annual cash retainer is increased from \$90,000 to \$100,000, and

The value of the annual grant of restricted share units is increased from \$155,000 to \$165,000.

There was no change to the amount of the additional annual grant of restricted share units paid to committee chairs or to the Lead Director.

Proposal 2. Ratification of Auditors

The Audit Committee of the Board of Directors is directly responsible for the appointment, compensation, retention and oversight of our independent auditors. The Audit Committee is also responsible for overseeing the negotiation of the audit fees associated with retaining our independent auditors. To assure continuing auditor independence, the Audit Committee periodically considers whether a different audit firm should perform our independent audit work. Also, in connection with the mandated rotation of the independent auditor's lead engagement partner, the Audit Committee and its chairman are directly involved in the selection of the new lead engagement partner.

For 2015, the Audit Committee has selected Deloitte & Touche LLP (along with its member firms and affiliates, Deloitte) as the independent registered public accounting firm to audit our financial statements. In engaging Deloitte for 2015, the Audit Committee utilized a review and selection process that included the following:

- a review of management's assessment of the services Deloitte provided in 2014 and a comparison of this assessment to prior years' reviews
- discussions, in executive session, with the Chief Financial Officer and the Vice President and Controller regarding their viewpoints on the selection of the 2015 independent auditors and on Deloitte's performance
- discussions, in executive session, with representatives of Deloitte about their possible engagement
- Audit Committee discussions, in executive session, about the selection of the 2015 independent auditors
- a review and approval of Deloitte's proposed estimated fees for 2015
- a review and assessment of Deloitte's independence
- the Audit Committee's consideration of the fact that Deloitte has served as our independent auditors since 1928, and its conclusion that this service does not impact Deloitte's independence

The Audit Committee and the Board believe that the continued retention of Deloitte to serve as our independent auditor is in the best interests of Kimberly-Clark and its stockholders, and they recommend that stockholders ratify this selection. If the stockholders do not ratify the selection of Deloitte, the Audit Committee will consider the selection of other independent auditors.

Representatives of Deloitte are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The Board of Directors unanimously recommends a vote **FOR** ratification of Deloitte's selection as Kimberly-Clark's auditor for 2015.

These amounts also include fees for an audit of internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002. **Audit
Committee
Approval of
Audit and
Non-Audit
Services**

Using the following procedures, the Audit Committee pre-approves all audit and non-audit services provided by Deloitte to Kimberly-Clark:

At the first face-to-face Audit Committee meeting each year, our Chief Financial Officer presents a proposal, including fees, to engage Deloitte for audit services;

Before the first face-to-face Audit Committee meeting of the year, our Vice President and Controller prepares a detailed memorandum regarding non-audit services to be provided by Deloitte during the year. This memorandum includes the services to be provided, the estimated cost of these services, reasons why it is appropriate to have Deloitte provide these services, and reasons why the requested service is not inconsistent with applicable auditor independence rules; and

Before each subsequent meeting of the Audit Committee, our Vice President and Controller prepares an additional memorandum that includes updated information regarding the approved services and highlights any new audit and non-audit services to be provided by Deloitte. All new non-audit services to be provided are described in individual requests for services.

The Audit Committee reviews the requests presented in these proposals and memoranda and approves all services it finds acceptable.

To ensure prompt handling of unexpected matters, the Audit Committee has delegated to the Chairman of the Audit Committee the authority to amend or modify the list of audit and non-audit services and fees between meetings, as long as the additional or

Edgar Filing: KIMBERLY CLARK CORP - Form DEF 14A

amended services do not affect Deloitte's independence under applicable rules. Any actions taken under this authority are reported to the Audit Committee at its next face-to-face Committee meeting.

All Deloitte services and fees in 2014 and 2013 were pre-approved by the Audit Committee or the Audit Committee Chairman.

Proposal 2. Ratification of Auditors Audit Committee Report

Audit Committee Report

In accordance with its charter adopted by the Board, the Audit Committee assists the Board in overseeing the quality and integrity of Kimberly-Clark's accounting, auditing and financial reporting practices.

In discharging its oversight responsibility for the audit process, the Audit Committee obtained from the independent registered public accounting firm (the auditors) a formal written statement describing all relationships between the auditors and Kimberly-Clark that might bear on the auditors' independence, as required by Public Company Accounting Oversight Board (PCAOB) Rule 3526, *Communication with Audit Committees Concerning Independence*, discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee also discussed with management, the internal auditors, and the auditors, the quality and adequacy of Kimberly-Clark's internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Audit Committee reviewed with both the auditors and the internal auditors their audit plans, audit scope and identification of audit risks.

The Audit Committee discussed and reviewed with the auditors all communications required by the PCAOB's auditing standards, including those required by PCAOB AS 16, *Communication with Audit Committees*. Also, with and without management present, it discussed and reviewed the results of the auditors' examination of our financial statements and our internal control over financial reporting. The Committee also discussed the results of internal audit examinations.

Management is responsible for preparing Kimberly-Clark's financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) and for establishing and maintaining Kimberly-Clark's internal control over financial reporting. The auditors have the responsibility for performing an independent audit of Kimberly-Clark's financial statements and internal control over financial reporting, and expressing opinions on the conformity of Kimberly-Clark's financial statements with GAAP and the effectiveness of internal control over financial reporting. The Audit Committee discussed and reviewed Kimberly-Clark's audited financial statements as of and for the fiscal year ending December 31, 2014, with management and the auditors. The Audit Committee also reviewed management's assessment of the effectiveness of internal controls as of December 31, 2014, and discussed the auditors' examination of the effectiveness of Kimberly-Clark's internal control over financial reporting.

Based on the above-mentioned review and discussions with management and the auditors, the Audit Committee recommended to the Board that Kimberly-Clark's audited financial statements be included in Kimberly-Clark's Annual Report on Form 10-K for the fiscal year ended December 31, 2014, for filing with the SEC. The Audit Committee also has selected and recommended to stockholders for ratification the reappointment of Deloitte as the independent registered public accounting firm for 2015.

Proposal 3. Advisory Vote to Approve Named Executive Officer Compensation

In the Compensation Discussion and Analysis that follows, we describe in detail our executive compensation program, including its objectives, policies and components. As discussed in that section, our executive compensation program seeks to align the compensation of our executives with the objectives of our Global Business Plan. To this end, the Management Development and Compensation Committee (the Committee) has adopted executive compensation policies that are designed to achieve the following objectives:

Pay-for-Performance. Support a performance-oriented environment that rewards achievement of our financial and non-financial goals.

Focus on Long-Term Success. Reward executives for long-term strategic management and stockholder value enhancement.

Stockholder Alignment. Align the financial interest of our executives with those of our stockholders.

Quality of Talent. Attract and retain executives whose abilities are considered essential to our long-term success.

For a more detailed discussion of how our executive compensation program reflects these objectives and policies, including information about the fiscal year 2014 compensation of our named executive officers, see Compensation Discussion and Analysis, below.

We are asking our stockholders to support our executive compensation as described in this proxy statement. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on our executive compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our executives and the objectives, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Corporation's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved by the Corporation's stockholders on an advisory basis.

The say-on-pay vote is advisory and is therefore not binding on Kimberly-Clark, the Committee or our Board. Nonetheless, the Committee and our Board value the opinions of our stockholders. Therefore, to the extent there is any significant vote against the executive compensation as disclosed in this proxy statement, the Committee and our Board will consider our stockholders concerns and will evaluate whether any actions are necessary to address those concerns.

Proposal 3. Advisory Vote to Approve Named Executive Officer Compensation

At our 2011 Annual Meeting, stockholders voted to adopt the recommendation of our Board to vote on the say-on-pay proposal every year at our annual meeting. As a result, we will continue to submit our say-on-pay proposal to our stockholders at each annual meeting, until stockholders next vote on the frequency for the proposal in 2017.

The Board of Directors unanimously recommends a vote **FOR** the approval of named executive officer compensation, as disclosed in this proxy statement pursuant to the SEC's compensation disclosure rules.

In addition, we provide compensation information regarding Robert E. Abernathy, our former President, Global Health Care, who left Kimberly-Clark effective October 31, 2014 to accept a position with Halyard Health, Inc., our former subsidiary that we spun-off on that date. References in the following discussion to our named executive officers do not include Mr. Abernathy unless we specify otherwise. We discuss Mr. Abernathy's compensation separately under Executive Compensation for 2014 - Compensation of Former President, Global Health Care below.

2014 Compensation Highlights

As measured under our annual incentive program, we delivered the results below in adjusted net sales, adjusted earnings per share (EPS) and adjusted operating profit return on sales (OPROS). Note that these amounts differ from our reported results and reflect adjustments by the Committee to neutralize the impact of the Halyard Health spin-off on these performance metrics. See pages 48-49 for details on the adjustments.

Compensation Discussion and Analysis 2014 Compensation Highlights

Based on our 2014 performance, the Management Development and Compensation Committee of our Board (the Committee) concluded that:

management delivered a strong overall financial performance in 2014 with significantly above target adjusted OPROS growth, as well as solid organic net sales growth, and management continues to make good progress executing strategies for our long-term success, including:

- focusing on targeted growth initiatives and product innovations,
- supporting our growth opportunities with advertising and research spending,
- generating cost savings to help fund brand investments and improve margins, and
- focusing on cash generation and allocating capital in shareholder-friendly ways.

Based on this performance, the Committee approved annual cash incentives for 2014 at slightly above the target amount, including an annual incentive payout for the Chief Executive Officer of 105 percent of his target payment amount.

Performance-Based Compensation

Pay-for-performance is a key objective of our compensation programs. Consistent with that objective, performance-based compensation constituted a significant portion of our named executive officers' direct annual compensation targets for 2014. Also, to further align the financial interests of our executives with those of our stockholders, a majority of our executives' target direct annual compensation for 2014 was equity-based.

Committee Consideration of 2014 Stockholder Advisory Vote

At our 2014 Annual Meeting, our executive compensation program received the support of approximately 95 percent of shares represented at the meeting. The Committee has considered the results of this vote and views this outcome as evidence of stockholder support of its executive compensation decisions and policies. Accordingly, the Committee has not made any substantial changes to its executive compensation policies for 2015. The Committee will continue to review the annual stockholder votes on our executive compensation program and determine whether to make any changes in light of the results.

CEO Target Direct Compensation and Realizable Direct Compensation

The following chart compares the Chief Executive Officer's target direct annual compensation and realizable direct compensation over the last three years. Realizable direct compensation reflects the actual compensation received for base salary and annual cash incentive plus the intrinsic value of the long-term equity incentives granted in that year, determined as follows:

For stock options, intrinsic value is the amount by which our 2014 year-end stock price (\$115.54) exceeds the exercise price, multiplied by the number of options granted, and
For performance-based restricted share units, intrinsic value is the number of units that were paid out based on actual performance (for the grant made in 2012) or are expected to be paid out based on projected performance (for the grants made in 2013 and 2014), multiplied by our 2014 year-end stock price.
(The stock option exercise prices and numbers of stock options throughout this Proxy Statement have been adjusted for our Halyard Health spin-off on October 31, 2014. Also, all outstanding performance-based restricted stock units received a dividend equivalent for the Halyard Health spinoff, as described on page 72 (footnote 4).)

Key factors causing realizable direct compensation to differ from target direct annual compensation over these three years are:

Improved performance that resulted in annual cash incentives to be paid out at 129 percent of target (2012), 132 percent of target (2013) and 105 percent of target (2014),
A rising stock price over the last three years that significantly impacted the intrinsic value of stock options and the dollar value of performance-based restricted share units granted in each year. Our stock prices on the dates stock options were granted to our Chief Executive Officer were \$75.22 (2012), \$98.92 (2013) and \$107.51 (2014) (as adjusted for our Halyard Health spin-off). The Committee believes that this chart demonstrates that our Chief Executive Officer's realizable direct compensation varies from his target direct annual compensation based on our performance and stock price consistent with our pay-for-performance philosophy.

Executive Compensation Objectives and Policies

The Committee is responsible for establishing and administering our policies governing the compensation of our elected officers, including our named executive officers. The Committee reviews its compensation philosophy annually, including determining whether this philosophy supports our business objectives and is consistent with the Committee’s charter.

The Committee has adopted executive compensation policies that are designed to achieve the following objectives:

Objective	Description	Related Policies
Pay for Performance	Support a performance-oriented environment that rewards achievement of our financial and non-financial goals.	The majority of our named executive officers’ pay varies with the levels at which annual and long-term performance goals are achieved. The Committee chooses performance goals that align with our strategies for sustained growth and profitability.
Focus on Long-Term Success	Reward executives for long-term strategic management and stockholder value enhancement.	The largest single component of our named executive officers’ annual target compensation is in the form of performance-based restricted share units. The number of shares actually received on payout of these units depends on our performance over a three-year period.

<p>Stockholder Alignment</p>	<p>Align the financial interest of our executives with those of our stockholders.</p>	<p>Equity-based awards make up the largest part of our named executive officers' annual target compensation. Our named executive officers also receive stock options, which vest over time and have value only if our stock value rises after the option grants are made. <p>Quality of Talent</p>	<p>Attract and retain highly skilled executives whose abilities are considered essential to our long-term success as a global company operating our personal care, consumer tissue and K-C professional brands and businesses.</p>	<p>The Committee reviews peer group data to ensure our executive compensation program remains competitive so we can continue to attract and retain this talent.</p>

These compensation objectives and policies seek to align the compensation of our elected officers, including our named executive officers, with the objectives of our Global Business Plan. Our Global Business Plan, established by our senior management and the Board, is designed to make Kimberly-Clark a stronger and more competitive company and to increase our total return to stockholders by:

- managing our business portfolio to balance growth, margin and cash flow
- investing in brands, innovation and growth initiatives
- delivering sustainable cost reduction
- providing disciplined capital management to improve return on invested capital and return cash to shareholders

Compensation Discussion and Analysis Setting Annual Compensation

Setting Annual Compensation

This section describes how the Committee thinks about annual compensation and the processes that it followed in setting 2014 target annual compensation for our named executive officers.

Focus on Direct Annual Compensation

In setting 2014 compensation for our executive officers, including our Chief Executive Officer, the Committee focused on direct annual compensation, which consists of annual cash compensation (base salary and annual cash incentive) and long-term equity incentive compensation (performance-based restricted share units and stock options). The Committee considered annual cash and long-term equity incentive compensation both separately and as a package to help ensure that our executive compensation objectives are met.

Executive Compensation Peer Group

To ensure that our executive compensation programs are reasonable and competitive in the marketplace, the Committee compares our programs to those at other companies. In setting compensation in February 2014 for our named executive officers, the Committee used a peer group consisting of the following consumer goods and health care companies:

2014 Executive Compensation Peer Group

Avon Products, Inc.		Mondelez International
	General Mills, Inc.	
Campbell Soup Company		Newell Rubbermaid Inc.
	The Hershey Company	
The Clorox Company		Novartis AG
	Johnson & Johnson

The Committee generally seeks to select companies with whom Kimberly-Clark competes for talent. We believe that we generally compete for talent with consumer goods companies with annual revenues ranging from approximately one-half to two times our annual revenues. However, the Committee concluded that it was appropriate also to include certain companies outside of this annual revenue range because we directly compete with them for talent.

In developing the peer group, the Committee does not consider individual company compensation practices, and no company has been included or excluded because it is known to pay above-average or below-average compensation. The Committee (working with compensation consultants retained separately by the Committee and the company), reviews the peer group annually to ensure that it continues to serve as an appropriate comparison for our compensation program.

Compensation Discussion and Analysis Setting Annual Compensation

For purposes of setting executive compensation for 2015, the Committee removed health care companies Merck & Co., Inc., Novartis AG and Pfizer Inc. due to the 2014 spin-off of our health care business, and added consumer goods company Nike, Inc., and three companies focused on business-to-business commerce, 3M Company, E.I. du Pont de Nemours and Company (DuPont) and Honeywell International Inc., to reflect our significant business-to-business product sales.

Process for Setting Direct Annual Compensation Targets

In setting the direct annual compensation of our executive officers, the Committee evaluates both market data provided by the compensation consultants and information on the performance of each executive officer for prior years. To remain competitive in the marketplace for executive talent, the target levels for the executive officers' compensation components, including our Chief Executive Officer, are compared to the median of the peer group.

To reinforce a pay-for-performance culture, targets for individual executive officers may be set above or below this median depending on the individual's performance in prior years and experience in the position, as well as any applicable retention concerns. The Committee believes that comparing target levels to the median, setting targets as described above, and providing incentive compensation opportunities that will enable executives to earn above-target compensation if they deliver above-target performance on their performance goals, are consistent with the objectives of our compensation policies. In particular, the Committee believes that this approach enables us to attract and retain skilled and talented executives to guide and lead our businesses and supports a pay-for-performance culture.

When setting annual compensation for our executive officers, the Committee considers each compensation component (base salary, annual cash incentive and long-term equity incentive), but its decision regarding a particular component does not necessarily impact its decision about other components.

In setting compensation for executive officers that join us from other companies, the Committee evaluates both market data for the position to be filled and the candidate's compensation history. The Committee recognizes that in order to successfully recruit a candidate to leave his or her current position and to join Kimberly-Clark, the candidate's compensation package may have to exceed his or her current compensation, resulting in a package above the median of our peer group.

CEO Direct Annual Compensation

The Committee determines Mr. Falk's direct annual compensation in the same manner as the direct annual compensation of the other named executive officers. Mr. Falk's direct annual target compensation is at or near the median of direct annual compensation of chief executive officers of companies included in the peer group.

The difference between Mr. Falk's compensation and that of the other named executive officers reflects the significant difference in their relative responsibilities. Mr. Falk's responsibilities for management and oversight of a global enterprise are significantly greater than those of the other executive officers. As a result, the market pay level for Mr. Falk is appropriately higher than the market pay for our other executive officer positions.

Table of Contents**Compensation Discussion and Analysis** Executive Compensation for 2014**Direct Annual Compensation Targets for 2014**

Consistent with its focus on direct annual compensation, the Committee approved 2014 direct annual compensation targets for each of our named executive officers. The Committee believes that these target amounts, which formed the basis for the Committee's compensation decisions for 2014, were appropriate and consistent with our executive compensation objectives:

Name	2014 Direct Annual Compensation Target(\$)
Thomas J. Falk	12,510,000
Mark A. Buthman	3,720,000
Michael D. Hsu	3,472,500
Anthony J. Palmer	2,587,500
Elane B. Stock	3,472,500

These 2014 direct annual compensation target amounts differ from the amounts set forth in the Summary Compensation Table in the following ways:

Base salaries are adjusted on April 1 of each year, while the Summary Compensation Table includes salaries for the calendar year. See "Executive Compensation for 2014 Base Salary."

Annual cash incentive compensation is included at the target level, while the Summary Compensation Table reflects the actual amount earned for 2014.

As described below under "Long-Term Equity Incentive Compensation 2014 Stock Options Awards," for compensation purposes the Committee values stock options differently than the way they are required to be reflected in the Summary Compensation Table. In setting direct annual compensation targets, the Committee does not include increases in pension or deferred compensation earnings or other compensation, while those amounts are required to be included in the Summary Compensation Table.

Executive Compensation for 2014

To help achieve the objectives discussed above, our executive compensation program for 2014 consists of fixed and performance-based components, as well as short-term and long-term components.

Base Salary

To attract and retain high caliber executives, we pay our executives an annual fixed salary that the Committee considers competitive in the marketplace.

Salary ranges and individual salaries for executive officers are reviewed annually, and salary adjustments generally are effective on April 1 of each year. In determining individual salaries, the Committee considers the salary levels for similar positions at our peer group companies, as well as the executive's performance and experience in his or her position. This performance evaluation is based on how the executive performs during the year against results-based objectives established at the beginning of the year. In general, an experienced executive who is performing at a satisfactory level will receive a base salary at or around the median of our peer group companies. However, executives may be paid above or below the median depending on their experience and performance. From time to time, if warranted, executives and other employees may receive additional salary increases because of promotions, changes in duties and responsibilities, retention concerns or market conditions.

Table of Contents**Compensation Discussion and Analysis** Executive Compensation for 2014

For purposes of setting 2014 base salaries, each executive's leadership performance was measured against the following set of behaviors viewed as characteristic of executives who are adept at leading the strategic, operational and organizational aspects of our global business:

Building Trust	Winning Consistently	Continuously Improving
Sharing the vision	Driving execution and accountability	Cultivating networks
Optimizing diversity	Thinking Customer	Leading change and improvement
Modeling openness and change	Customer focus	Building Talent
Making Decisions	Creating innovative growth	Continuously learning
Establishing strategic direction		Building organizational talent
Empowering/delegating		

The Committee approved the following base salaries for our named executive officers, effective April 1, 2014:

Name	2014 Base Salary(\$)
Thomas J. Falk	1,300,000
Mark A. Buthman	800,000
Michael D. Hsu	775,000
Anthony J. Palmer	625,000
Elane B. Stock	775,000

Annual Cash Incentive Program

Consistent with our pay-for-performance compensation objective, our executive compensation program includes an annual cash incentive program to motivate and reward executives in achieving annual performance objectives.

2014 Targets

The target payment amount for annual cash incentives is a percentage of the executive's base salary. The Committee determines this target payment amount as described above under "Setting Annual Compensation Process for Setting Direct Annual Compensation Targets." The range of possible payouts is expressed as a percentage of the target payment amount. The Committee sets this range based on competitive factors.

Table of Contents**Compensation Discussion and Analysis** Executive Compensation for 2014**TARGET PAYMENT AMOUNTS AND RANGE OF POSSIBLE PAYOUTS
FOR 2014 ANNUAL CASH INCENTIVE PROGRAM**

	Target Payment Amount	Potential Payout
Chief Executive Officer	170% of base salary	0% - 200% of target payment amount
Group President K-C International	85% of base salary*	0% - 200% of target payment amount
Other Named Executive Officers	90% of base salary	0% - 200% of target payment amount

** Upon her promotion to Group President K-C International on April 1, 2014, Ms. Stock's target payment amount was increased from 70% to 90% of base salary and her 2014 payout amount was prorated between the two target amounts such that the annualized target payout amount was 85% of base salary.*

2014 Performance Goals, Performance Assessments and Payouts

Payment amounts under the annual cash incentive program are dependent on performance measured against corporate goals and business unit or staff function goals established by the Committee at the beginning of each year. These performance goals, which are communicated to our executives at the beginning of each year, are derived from our financial and strategic goals.

As shown in the table below, the Committee established goals for three different performance elements for 2014. It then weighted the three elements for each executive (note that the business unit or staff function performance goals did not apply to our CEO because his responsibilities are company-wide). As it does each year, the Committee chose weightings that are intended to strike an appropriate balance between aligning each executive's individual objectives with our overall corporate objectives and holding the executive accountable for performance in the executive's particular area of responsibility.

Table of Contents**Compensation Discussion and Analysis** Executive Compensation for 2014**ANNUAL CASH INCENTIVE PROGRAM 2014 PERFORMANCE GOALS AND WEIGHTS**

Below we describe the three elements of performance, explain how performance was assessed for each element, and show the payouts that were determined in each case.

ELEMENT 1: CORPORATE KEY FINANCIAL GOALS

For 2014, the Committee chose the following as corporate key financial goals for the annual cash incentive program:

2014 Goal	Explanation	Reason for Use as a Performance Measure
Adjusted Net Sales	Net sales for 2014 ⁽¹⁾	A key indicator of our overall growth
Adjusted EPS	Consists of diluted net income per share that is then adjusted to eliminate the effect of items or events that the Committee determines in its discretion should be excluded for compensation purposes ⁽¹⁾⁽²⁾	A key indicator of our overall performance
Adjusted OPROS	After adjusted net sales and adjusted EPS are determined as described above, a multiplier based on adjusted OPROS is applied to the calculation result to determine the final payout percentage ⁽¹⁾⁽³⁾	A measure of margin efficiency and a helpful method of tracking our cost structure performance

⁽¹⁾For purposes of the annual incentive program, the Committee added the amounts below to the calculation of net sales, earnings per share and OPROS to neutralize the impact of the Halyard Health spin-off on October 31, 2014 on these full-year performance metrics.

<i>Adjusted Net Sales</i>	<i>\$1.59 billion</i>
<i>Adjusted EPS</i>	<i>\$0.08</i>
<i>Adjusted OPROS</i>	<i>40 bps</i>

Table of Contents**Compensation Discussion and Analysis Executive Compensation for 2014**

The adjustments represent the estimated net sales, earnings per share and OPROS that our health care business would have contributed in November and December had the spin-off not occurred. Each adjustment represents, (a) for January through October, the actual results for our health care business (which are reported as discontinued operations in our 2014 Annual Report on Form 10-K) and (b) for November and December, the difference between our actual results and pro-forma results determined by multiplying our actual year-to-date performance for January through October, expressed as a percentage of target, by the target performance level attributable to November and December.

(2) In addition to the adjustments for lost business due to the Halyard Health spin-off, in 2014 the following adjustments were made to diluted net income per share to determine adjusted EPS:

Diluted Net Income Per Share	\$4.04
Adjustment for:	
Add Charges related to exchange rate change in Venezuela	\$1.22
Add Charges related to costs of Halyard Health spin-off	\$0.37
Add Charges related to 2014 organization restructuring	\$0.25
Add Charges related to regulatory dispute in Middle East	\$0.05
Add Charges related to European strategic changes	\$0.08
Adjusted EPS	\$6.01

As described above in footnote 1, an additional \$0.08 was added to the 2014 EPS for the Halyard Health spin-off, resulting in 2014 EPS of \$6.09. See page 46 of our 2014 proxy statement for a discussion of adjustments to 2013 EPS and page 37 of our 2013 proxy statement for a discussion of adjustments to 2012 EPS.

(3) For purposes of determining annual cash incentive amounts, we calculate adjusted OPROS using our reported financial results, adjusted for the same items described above in determining adjusted EPS

Because Element 1 represents key company-wide goals, it produces the same payout percentage for each named executive officer. To determine this percentage, the Committee follows the following process.

First, it determines an initial payout percentage based on how Kimberly-Clark performed against the adjusted net sales and adjusted EPS goals established in February of each year. For 2014, the Committee set these goals and the corresponding initial payout percentages at the following levels:

Measure (each weighted 50%)	Range of Performance Levels		
	Threshold	Target	Maximum
Adjusted Net Sales (billions)	\$19.95	\$21.45	\$22.95
Adjusted EPS	\$5.65	\$6.10	\$6.55
Initial Payout Percentage	0%	100%	200%

Second, it applies a multiplier to this initial payout percentage. The multiplier is based on how Kimberly-Clark performed against the adjusted OPROS goals also established in February. Depending on the level of basis point improvement, the multiplier may either decrease or increase the initial payout percentage (but the amount of the final payout percentage cannot exceed a 200 percent cap).

For 2014, the Committee set the following ranges for this adjusted OPROS multiplier:

	Range of Performance Levels		
	Threshold	Target	Maximum
Adjusted OPROS (bps improvement)	0 bps	+50 bps	+100 bps
Adjusted OPROS Multiplier Applied to Initial Payout Percentage	0.8 x	1.0 x	1.2 x

Table of Contents**Compensation Discussion and Analysis** Executive Compensation for 2014

Actual results. For 2014, our adjusted net sales result was \$21.31 billion and our adjusted EPS result was \$6.09. Based on these results, the initial payout percentage was determined to be 94 percent. To this percentage, we then applied an adjusted OPROS multiplier of 1.12, which was based on the actual 2014 improvement of 80 bps.

The resulting 2014 payout percentage for achieving the corporate key financial goals was 105 percent of each named executive officer's target payment amount.

ELEMENT 2: ADDITIONAL CORPORATE FINANCIAL AND STRATEGIC PERFORMANCE GOALS

At the beginning of 2014, the Committee also established additional corporate financial and non-financial strategic performance goals that are intended to challenge our executives to exceed our long-term objectives. At the end of the year, it determined a payout percentage based on its assessment of the degree to which these goals are achieved.

The Committee does not use a formula to assess the performance of these goals but instead takes a holistic approach and considers performance of all the goals collectively. Although it does review each goal separately, the key consideration for the Committee is how it views Kimberly-Clark's performance for the year in all of these categories, taken as a whole.

The chart below shows the 2014 goals and how the Committee assessed Kimberly-Clark's performance against each one:

Additional Corporate Financial and Strategic Performance Goals for 2014		Final Result		
		Below Goal	At Goal	Above Goal
Quality of earnings:	Gross profit growth percentage exceeding the adjusted net sales growth rate.		X	
	Brand building spending growth percentage exceeding the adjusted net sales growth rate.	X		
	Attaining cost savings goals.		X	
	Operating profit growth percentage exceeding the adjusted net sales growth rate.			X
Brand equity and market performance:	Increasing market share in certain markets.		X	
	Improving brand equity attribute in key categories and markets.		X	
Innovation:	Attaining adjusted net sales from innovation goals (based on a rolling three-year review) in new products and line extensions in 2014.			X
	Attaining adjusted net sales from innovation goals (based on launches in 2014).	X		
Diversity and inclusion				X

Actual payout percentage. After taking into account performance on all of these goals, the Committee determined that the payout percentage for achieving these other financial and strategic goals should be 105 percent of target.

Table of Contents**Compensation Discussion and Analysis** Executive Compensation for 2014**ELEMENT 3: BUSINESS UNIT OR STAFF FUNCTION PERFORMANCE GOALS**

In addition to the performance goals established by the Committee, our CEO establishes individual business unit or staff function performance goals that are intended to challenge the executives to exceed the objectives for that unit or function. These objectives include strategic performance goals for the business units and staff functions, as well as financial goals for the business units.

Following the end of the year, the executives' performance is analyzed to determine whether performance for the goals was above target, on target or below target. Our CEO then provides the Committee with an assessment of each individual business unit's or staff function's performance against the objectives for that unit or function.

Actual payout percentages. Based on the assessed performance of the relevant business unit or staff function against its pre-established performance goals, and taking into account the CEO's recommendations, the Committee determined the following payout percentages for business unit or staff function performance for our named executive officers:

Name	2014 Business Unit/Staff Function Payout Percentage
Thomas J. Falk	N/A
Mark A. Buthman	111%
Michael D. Hsu	87%
Anthony J. Palmer	100%
Elane B. Stock	120%

Annual Cash Incentive Payouts for 2014

The following table shows the payout opportunities and the actual payouts of annual cash incentives for 2014 for each of our named executive officers. Payouts were based on the payout percentages for each element, weighted for each executive as shown on page 48.

Name	Annual Incentive Target		Annual Incentive Maximum		2014 Annual Incentive Payout	
	% of Base Salary	Amount(\$)	% of Target	Amount(\$)	% of Target	Amount(\$)
Thomas J. Falk	170%	2,210,000	200%	4,420,000	105%	2,328,677
Mark A. Buthman	90%	720,000	200%	1,440,000	107%	767,650
Michael D. Hsu	90%	697,500	200%	1,395,000	96%	671,545
Anthony J. Palmer	90%	562,500	200%	1,125,000	104%	587,070
Elane B. Stock	85%	658,750	200%	1,317,500	114%	752,650

Summary of Annual Cash Incentive Payouts: 2010 through 2014

Generally, the Committee seeks to set the minimum, target and maximum levels such that the relative difficulty of achieving the target level is consistent from year to year. From 2010 through 2014, total payout percentages (including business unit or staff function performance) for the current named executive officers ranged from 67 percent to 133 percent of each executive's target award opportunity. The Committee believes that these payouts are consistent with how Kimberly-Clark performed during these years and reflect the pay-for-performance objectives of our executive compensation.

	2014	2013	2012	2011	2010	Average

Average Total Payout Percentages (including business unit or staff function performance) for current named executive officers	105%	129%	123%	81%	74%	102%

Long-Term Equity Incentive Compensation

The Committee awards long-term equity incentive grants to executive officers as part of their overall compensation package. These awards are consistent with the Committee's objectives of aligning our senior leaders' interests with the financial interests of our stockholders, focusing on our long-term success, supporting our performance-oriented environment and offering competitive compensation packages.

Information regarding long-term equity incentive awards granted to our named executive officers can be found under Summary Compensation, Grants of Plan-Based Awards, and Discussion of Summary Compensation and Plan-Based Awards Tables.

2014 Grants

In determining the 2014 long-term equity incentive award amounts for our named executive officers, the Committee considered the following factors, among others: the specific responsibilities and performance of the executive, our business performance, retention needs, our stock price performance and other market factors. Because these awards are part of our annual compensation program that compares direct annual compensation to the median of our peer group comparison, grants from prior years were not considered when setting 2014 targets or granting awards.

To determine target values, it first compared each executive's direct annual compensation to the median of our peer group, and then considered individual performance and the other factors listed above, as applicable. Target grant values were approved in February 2014 and were divided into two types:

Performance-based restricted share units (75 percent of the target grant value). For valuation purposes, each unit is assigned the same value as one share of our common stock on the date of grant.

Stock options (25 percent of the target grant value). For valuation purposes, one option has the same value as 10 percent of the price of one share of our common stock on the date of grant of the stock option.

The Committee believes this allocation between performance-based restricted share units and stock options supports the pay-for-performance and stockholder alignment objectives of its executive compensation program.

Table of Contents**Compensation Discussion and Analysis** Executive Compensation for 2014**Performance Goals and Potential Payouts for
2014 - 2016 Performance-Based Restricted Share Units**

For the performance-based restricted share unit awards granted in 2014, the actual number of shares to be received by our named executive officers can range from zero to 200 percent of the target levels established by the Committee for each executive, depending on the degree to which the performance objectives for these awards are met over a three-year period.

The performance objectives for the 2014 awards are based on average annual adjusted net sales growth and the average adjusted return on invested capital (ROIC) for the period January 1, 2014 through December 31, 2016. Adjusted ROIC is a measure of the return we earn on the capital invested in our businesses. It is calculated using our reported financial results, adjusted for the same items that we use in determining adjusted EPS. The formula we use to calculate adjusted ROIC can be found under the Investors section of our website at www.kimberly-clark.com. For purposes of determining award payouts, the Committee anticipates making further adjustments to average adjusted net sales growth and average adjusted ROIC to neutralize the impact of the Halyard Health spin-off on these metrics.

**2014 - 2016 PERFORMANCE-BASED RESTRICTED SHARE UNITS:
POTENTIAL PAYOUTS AT VARYING PERFORMANCE LEVELS**

Goals (Each weighted 50%)	Performance Levels				
Annual adjusted net sales growth	0.30%	1.55%	2.80%	4.05%	5.30%
Adjusted ROIC	17.00%	17.50%	18.00%	18.50%	19.00%
Potential Payout (as a percentage of target)	0%	50%	100%	150%	200%

Payout of 2011 - 2013 Performance-Based Restricted Share Units

In February 2014, the Committee evaluated the results of the three-year performance period for the performance-based restricted share units that were granted in 2011. The performance objectives for these 2011 awards were based on average annual adjusted net sales growth and average adjusted ROIC for the period January 1, 2011 through December 31, 2013, each weighted equally.

Goals (Each weighted 50%)	Performance Levels					
Annual adjusted net sales growth	1.00%	2.25%	3.50%	4.75%	6.00%	2.9%
Adjusted ROIC*	14.80%	15.30%	15.80%	16.30%	16.80%	16.0%
Potential Payout (as a percentage of target)	0%	50%	100%	150%	200%	Actual

**For purposes of calculating average adjusted ROIC, the impacts of a charge related to the adoption of highly inflationary accounting in Venezuela and charges related to the European and the pulp and tissue restructurings were excluded from the ROIC calculation.*

Table of Contents**Compensation Discussion and Analysis** Executive Compensation for 2014

Based on this review, the Committee determined that we achieved our performance goal for adjusted ROIC but did not achieve our performance goal for adjusted net sales. As a result, the payout percentage for the share units was 97 percent of target. The following table includes information about the opportunities and payouts (including reinvested dividends) regarding these grants to our named executive officers:

Name	2011 - 2013 Performance-Based Restricted Share Unit Award (Paid in February 2014)					
	Share Amount	Target	Maximum	% of Target	Amount of Shares(#)	Value of Shares on Date Received(\$)
Thomas J. Falk	95,952	191,904		97%	93,073	10,260,368
Mark A. Buthman	24,308	48,616		97%	23,578	2,599,239
Michael D. Hsu						
Anthony J. Palmer	10,874	21,748		97%	10,548	1,162,812
Elane B. Stock	6,716	13,432		97%	6,515	718,214

The Committee believes that these payouts further highlight the link between pay and performance established by our compensation program, which seeks to align actual compensation paid to our named executive officers with our long-term performance.

The shares underlying these performance-based restricted share unit awards were distributed to our named executive officers in February 2014 and are included in the Option Exercises and Stock Vested in 2014 table.

Vesting Levels of Outstanding Performance-Based Restricted Share Unit Awards

As of February 17, 2015, the performance-based restricted share units granted in 2014 and 2013 were on pace to vest at the following levels: 92 percent for the 2014 award and 100 percent for the 2013 award.

The Committee has determined that the 2012 award vested at 111 percent. Payouts under these awards will be reflected in 2015 compensation.

2014 Stock Option Awards

As noted above, 25 percent of the long-term equity incentive grants to executive officers in 2014 consisted of stock options. Stock option grants vest in three annual installments of 30 percent, 30 percent and 40 percent, beginning on the first anniversary of the grant date. The Committee believes that stock options help further align our executives' interest with those of our stockholders and encourage executives to remain with the company through the multi-year vesting schedule.

For purposes of determining the number of options to be granted, stock options are valued on the basis that one option has the same value as 10 percent of the price of one share of our common stock on the date of grant. The value we use for this purpose differs from, and in April 2014 was higher than, the value of approximately 7.1 percent that we use for financial statement purposes (resulting in fewer options being granted than if the financial statement value had been used). The Committee believes that this value is an appropriate way to determine the number of options to be granted because it provides more consistent application and is not subject to the volatility inherent in the valuation method (Black-Scholes-Merton) used for financial statement purposes. Information regarding stock options granted to our named executive officers can be found under Summary Compensation, Grants of Plan-Based Awards, and Discussion of Summary Compensation and Plan-Based Awards Tables.

Compensation Discussion and Analysis Benefits and Other Compensation

Compensation of Former President, Global Health Care

Mr. Abernathy left Kimberly-Clark effective October 31, 2014 to accept a position with Halyard Health in connection with our spin-off. Prior to his departure, Mr. Abernathy received a base salary of \$780,000. He received a prorated payout for 2014 under our annual cash incentive program based upon (1) a target payment amount of 85 percent of base salary and (2) a payout percentage of 103 percent for performance on key corporate financial goals, other financial and strategic goals and business unit and staff function goals. In June 2014, Mr. Abernathy received a grant of 43,848 stock options (as adjusted for the Halyard Health spin-off) and 12,598 performance-based restricted share units; however, the performance-based restricted share units were forfeited upon his departure. Because Mr. Abernathy is over age 55, under the terms of our 2011 Equity Participation Plan (the "2011 Plan"), his unvested stock options vested on the date of his departure and will be exercisable until the earlier of five years or the remaining term of the options, and his unvested performance-based restricted share units (other than those granted in 2014, which were forfeited) will be payable in full based on attainment of the performance goal at the end of the restricted period.

Benefits and Other Compensation Retirement Benefits

Our named executive officers receive contributions from us under the Kimberly-Clark Corporation 401(k) and Profit Sharing Plan (the 401(k) Profit Sharing Plan) and the Kimberly-Clark Supplemental Retirement 401(k) and Profit Sharing Plan (the Supplemental 401(k) Plan) and participate in our frozen defined benefit pension plans. These plans are consistent with those maintained by our peer group companies and are therefore necessary to remain competitive with them for recruiting and retaining executive talent. The Committee believes that these retirement benefits are important parts of our compensation program. For more information, see Nonqualified Deferred Compensation Overview of 401(k) Profit Sharing Plan and Supplemental 401(k) Plan and Pension Benefits.

Other Compensation

A review conducted in 2012 indicated that perquisites provided to our executive officers are below the median of those provided by our peer group. In addition, the Committee has adopted a policy providing that executive officers will no longer receive tax reimbursement and a related gross-up for perquisites (including personal use of corporate aircraft), except for certain relocation benefits.

Perquisites include personal financial planning services under our Executive Financial Counseling Program, an executive health screening program where executives may receive comprehensive physical examinations from an independent health care provider, and permitted personal use of corporate aircraft consistent with our policy. The personal financial planning program is designed to provide executives with access to knowledgeable financial advisors that understand our compensation and benefit plans and can assist our executives in efficiently and effectively managing their financial and tax planning issues. Our Chief Executive Officer does not receive personal financial planning services pursuant to this program. The executive health screening program provides executives with additional services that help maintain their overall health.

The Committee has adopted a policy that limits the personal use of corporate aircraft by the Chief Executive Officer to an aggregate annual incremental cost to Kimberly-Clark of \$100,000, and generally prohibits the personal use of corporate aircraft by other executive officers unless there is no incremental cost to Kimberly-Clark for the use. Under an executive security program for our Chief Executive Officer, approved by the Board of Directors, our Chief Executive Officer is expected to use our corporate aircraft for all business and personal travel, consistent with our policy, and security services are provided for him at all times, including at his office, other company locations and his residences. Periodically, an independent security consultant conducts a security assessment, and the Board reviews the program, to ensure that security measures provided by us are appropriate.

Table of Contents**Compensation Discussion and Analysis** Executive Compensation for 2015

The Board considers these security arrangements to be appropriate and reasonable in light of the security risks identified in the independent security assessment. In addition, if a corporate aircraft is already scheduled for business purposes and can accommodate additional passengers, executive officers and their guests may, under certain circumstances, join flights for personal travel. The incremental cost to us of providing security services at Mr. Falk's residences and personal travel for Mr. Falk and his guests on our corporate aircraft is included in All Other Compensation in the Summary Compensation Table.

Post-Termination Benefits

We maintain two severance plans that cover our executive officers: the Severance Pay Plan and the Executive Severance Plan. An executive officer may not receive severance payments under more than one severance plan. Benefits under these plans are payable only if the executive's employment terminates under the conditions specified in the applicable plan. We believe that our severance plans are consistent with those maintained by our peer group companies and that they are therefore important for attracting and retaining executives who are critical to our long-term success and competitiveness. For more information about these severance plans and their terms, see Potential Payments on Termination or Change of Control Severance Benefits.

Severance Pay Plan

Our Severance Pay Plan provides severance benefits to most of our U.S. hourly and salaried employees, including our named executive officers, who are involuntarily terminated under the circumstances described in the plan. The objective of this plan is to facilitate the employee's transition to his or her next position, and it is not intended to serve as a reward for the employee's past service.

Executive Severance Plan

Our Executive Severance Plan provides severance benefits to eligible employees, including our named executive officers, in the event of a qualified termination of employment (as defined in the plan) in connection with a change of control. For an eligible employee to receive a payment under this plan, two things must occur: there must be a change of control of Kimberly-Clark, and the employee must have been involuntarily terminated without cause or have resigned for good reason (as defined in the plan) within two years of the change of control (often referred to as a "double trigger"). Each of our named executive officers has entered into an agreement under the plan that expires on December 31, 2017.

In February 2015, the Committee also established objectives for 2015 annual cash incentives, which will be payable in 2016. The target payment amounts and range of possible payouts for 2015 were as follows:

	Target Payment Amount	Possible Payout
Thomas J. Falk	170% of base salary	0% - 200% of target payment amount
Mark A. Buthman	90% of base salary	0% - 200% of target payment amount
Michael D. Hsu	90% of base salary	0% - 200% of target payment amount
Anthony J. Palmer	90% of base salary	0% - 200% of target payment amount
Elane B. Stock	90% of base salary	0% - 200% of target payment amount

As discussed in 2014 Performance Goals, Performance Assessments and Payouts above, the Committee sets the appropriate split among the different elements of performance that make up our performance goals. The following are the 2015 performance goals and relative weights for our named executive officers:

ANNUAL CASH INCENTIVE PROGRAM 2015 PERFORMANCE GOALS AND WEIGHTS

The corporate key financial goals for 2015 are designed to encourage a continued focus on executing our long-term Global Business Plan objectives and include achieving net sales, adjusted EPS and adjusted OPROS goals.

Table of Contents**Compensation Discussion and Analysis** Executive Compensation for 2015

The Committee also established other corporate financial and non-financial goals for 2015. These goals, intended to further align compensation with achieving our Global Business Plan, include:

- Focusing on gross profit growth, advertising spending growth, cost savings and operating profit growth
- Focusing on market share improvement in key markets
- Driving innovation
- Diversity and inclusion

In addition, goals have been established for each named executive officer, other than our Chief Executive Officer, relating to his or her business unit or specific staff function.

2015 Long-Term Equity Compensation Incentive Awards

In February 2015, the Committee approved long-term incentive compensation awards for the named executive officers consisting of awards of performance-based restricted share units with a value equal to 75 percent of the target grant value for long-term equity incentive compensation, with the balance of the value to be granted in stock options. The performance objectives for the performance-based restricted share unit awards granted in 2015 are based on average annual net sales growth and average adjusted ROIC improvement for the period January 1, 2015 through December 31, 2017. The actual number of shares to be received by our named executive officers will range from zero to 200 percent of the target levels established by the Committee for each executive, depending on the degree to which the performance objectives are met.

Michael D. Hsu	16,177	32,354
Anthony J. Palmer	9,437	18,874

In February 2015, the Committee also approved the dollar amount of stock options to be granted to our named executive officers in April 2015, along with our annual stock option grants to other employees. The number of options they will receive will be based on the fair market value of our stock on the date of grant.

Compensation Discussion and Analysis Additional Information about Our Compensation Practices

Additional Information about Our Compensation Practices

As a matter of sound governance, we follow certain practices with respect to our compensation program. We regularly review and evaluate our compensation practices in light of regulatory developments, market standards and other considerations.

Use of Independent Compensation Consultant

As previously discussed, the Committee engaged Semler Brossy Consulting Group as its independent consultant to assist it in determining the appropriate executive officer compensation in 2014 under our compensation policies described above. Consistent with the Committee's policy in which its independent consultant may provide services only to the Committee, Semler Brossy had no other business relationship with Kimberly-Clark and received no payments from us other than fees and expenses for services to the Committee. See Corporate Governance - Management Development and Compensation Committee for information about the use of compensation consultants.

Adjustment of Financial Measures for Annual and Long-Term Equity Incentives

Financial measures for the annual and long-term equity incentive programs are developed based on expectations about our planned activities and reasonable assumptions about the performance of our key business drivers for the applicable period. From time to time, however, discrete items or events may arise that were not contemplated by these plans or assumptions. These could include accounting and tax law changes, tax credits from items not within the ordinary course of our business operations, charges relating to currency exchange rate changes, restructuring and write-off charges, significant acquisitions or dispositions, and significant gains or losses from litigation settlements.

Under the Committee's exception guidelines regarding our annual and long-term equity incentive program measures, the Committee has adjusted in the past, and may adjust in the future, the calculation of financial measures for these incentive programs to eliminate the effect of the types of items or events described above. In making these adjustments, the Committee's policy is to seek to neutralize the impact of the unexpected or unplanned items or events, whether positive or negative, in order to provide consistent and equitable incentive payments that the Committee believes are reflective of our performance. In considering whether to make a particular adjustment under its guidelines, the Committee will review whether the item or event was one for which management was responsible and accountable, treatment of similar items in prior periods, the extent of the item's or event's impact on the financial measure, and the item's or event's characteristics relative to normal and customary business practices. Generally, the Committee will apply an adjustment to all compensation that is subject to that financial measure.

Pricing and Timing of Stock Option Grants and Timing of Performance-Based Equity Grants

Our policies and the 2011 Plan require stock options to be granted at no less than the closing price of our common stock on the date of grant. Stock option grants to our elected officers, including our executive officers, are generally made annually at a meeting of the Committee that is scheduled at least one year in advance, and the grants are effective on the date of this meeting. However, if the meeting occurs during the period beginning on the first day of the final month of a calendar quarter and ending on the date of our earnings release, the stock option grants will not be effective until the first business day following the earnings release. Our executives are not permitted to choose the grant date for their individual stock option grants.

The Chairman of the Board and Chief Executive Officer has been delegated the authority to approve equity grants, including stock options, to employees who are not elected officers of Kimberly-Clark. These grants include scheduled annual grants, which are subject to an annual limit set by the

Table of Contents

Compensation Discussion and Analysis Additional Information about Our Compensation Practices

Committee, and recruiting and special employee recognition and retention grants, which may not exceed 200,000 shares in any calendar year. The Chairman of the Board and Chief Executive Officer is not permitted to make any grants to any of our elected officers, including our executive officers.

Annual stock option grants to non-elected officers are effective on the same date as the annual stock option grants to our elected officers. Recruiting, special recognition and retention stock-based awards are made on a pre-determined date following our quarterly earnings release. In April 2014, our Chief Executive Officer authorized an aggregate of 1.68 million options, performance-based restricted share units and time-vested restricted share units to employees who are not elected officers (which number reflects an adjustment to the number of options for the Halyard Health spin-off). In 2014, our Chief Executive Officer also authorized an aggregate of 44,161 shares (as adjusted for the spin-off with respect to the number of options) underlying recruiting and retention grants, consisting of options, performance-based restricted share units and time-vested restricted share units.

Since 2009, the Committee has awarded performance-based restricted share units to executive officers at its February meeting, and it intends to continue this practice. We believe this practice is consistent with award practices at other large public companies. Our executives are not permitted to choose the grant date for their individual restricted stock or restricted share unit awards.

Policy on Incentive Compensation Clawback

As described in detail above, a significant percentage of our executive officer compensation is incentive-based. The determination of the extent to which the incentive objectives are achieved is based in part on the Committee’s discretion and in part on our published financial results. The Committee has the right to reassess its determination of the performance awards if the financial statements on which it relied are restated. The Committee has the right to direct Kimberly-Clark to seek to recover from any executive officer any amounts determined to have been inappropriately received by the individual executive officer. In addition, under the 2011 Plan, the Committee may require awards with performance goals under the 2011 Plan to be subject to any policy we may adopt relating to the recovery of that award to the extent it is determined that performance goals relating to the awards were not actually achieved. Further, the Sarbanes-Oxley Act of 2002 mandates that the chief executive officer and the chief financial officer reimburse us for any bonus or other incentive-based or equity-based compensation paid to them in a year following the issuance of financial statements that are later required to be restated as a result of misconduct. The Committee intends to review and revise the incentive compensation clawback policy once the SEC issues final regulations on clawbacks under the Dodd-Frank legislation enacted in 2010.

Stock Ownership Guidelines

We strongly believe that the financial interests of our executives should be aligned with those of our stockholders. Accordingly, the Committee has established stock ownership guidelines for our elected officers, including our named executive officers.

TARGET STOCK OWNERSHIP AMOUNTS

Position	Ownership Level
Chief Executive Officer	Six times annual base salary
Other named executive officers	Three times annual base salary

Table of Contents

Compensation Discussion and Analysis Additional Information about Our Compensation Practices

Failure to attain these targeted stock ownership levels within five years from date of hire for, or appointment to, an eligible position can result in the reduction of part or all of the executive's annual cash incentive (with a corresponding grant of time-vested restricted share units or restricted stock in that amount), or a reduction in future long-term equity incentive awards, either of which may continue until the ownership guideline is achieved. In determining whether our stock ownership guidelines have been met, any restricted stock and time-vested restricted share units held are counted as owned, but performance-based restricted share units are excluded until they vest. Executive officer stock ownership levels were reviewed in 2014 for compliance with these guidelines. Based on our stock price as of the compliance date for this review, the stock ownership levels specified by the guidelines have been met or exceeded by each of our named executive officers.

Other Policies Relating to Transactions in Kimberly-Clark Securities

We require all executive officers to pre-clear transactions involving our common stock (and other securities related to our common stock) with our Legal Department.

Although we do not have a formal policy prohibiting transactions that hedge an executive officer's economic risk of owning shares of our common stock, an executive officer must obtain clearance from our Legal Department prior to engaging in any hedging transaction to ensure compliance with applicable laws. Any shares an employee owns subject to a market put or call option are excluded for purposes of determining compliance with our stock ownership guidelines. None of our named executive officers engaged in any hedging transactions in 2014.

Committee Exercise of Discretion to Reduce Annual Cash Incentive Payment

In establishing performance goals and target levels under the annual cash incentive program, the Committee is exercising its discretion to limit the amount of the incentive payments, consistent with our pay-for-performance objective. In the absence of this exercise of discretion, each of the executive officers would be entitled to an award equal to 0.3 percent of our earnings before unusual items; however, the Committee has exercised its discretion to limit the amount of the incentive payments each year of the program, and this potential maximum award has never been paid to any of the executive officers.

Corporate Tax Deduction for Executive Compensation

The United States income tax laws generally limit the deductibility of compensation paid to the chief executive officer and each of the three highest-paid executive officers (not including the chief financial officer) to \$1,000,000 per annum. However, an exception exists for performance-based compensation that meets certain regulatory requirements. Several classes of our executive compensation, including option awards and portions of our long-term equity grants to executive officers, are designed to meet the requirements for deductibility. Other classes of our executive compensation, including portions of the long-term equity grants described above, may be subject to the \$1,000,000 deductibility limit.

Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs. In the Committee's view, meeting the compensation objectives set forth above is more important than the benefit of being able to deduct the compensation for tax purposes.

Management Development and Compensation Committee Report

In accordance with its written charter adopted by the Board, the Management Development and Compensation Committee has oversight of compensation policies designed to align elected officers' compensation with our overall business strategy, values and management initiatives. In discharging its oversight responsibility, the Committee has retained an independent compensation consultant to advise the Committee regarding market and general compensation trends.

The Committee has reviewed and discussed the Compensation Discussion and Analysis with our management, which has the responsibility for preparing the Compensation Discussion and Analysis. Based upon this review and discussion, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in our Annual Report on Form 10-K filed with the SEC for the fiscal year ended December 31, 2014.

Compensation Discussion and Analysis Analysis of Compensation-Related Risks

**Analysis of
Compensation-
Related Risks**

The Committee, with the assistance of its independent consultant and Kimberly-Clark's compensation consultant, has reviewed an assessment of our compensation programs for our employees, including our executive officers, to analyze the risks arising from our compensation systems.

Based on this assessment, the Committee believes that the design of our compensation programs, including our executive compensation program, does not encourage our executives or employees to take excessive risks and that the risks arising from these programs are not reasonably likely to have a material adverse effect on Kimberly-Clark.

Several factors contributed to the Committee's conclusion, including:

The Committee believes Kimberly-Clark maintains a values-driven, ethics-based culture supported by a strong tone at the top. The performance targets for annual cash incentive programs are selected to ensure that they are reasonably attainable in a manner consistent with our Global Business Plan without encouraging executives or employees to take inappropriate risks. An analysis by Kimberly-Clark's consultant indicated that our compensation programs are consistent with those of our peer group. In addition, the analysis noted that target levels for direct annual compensation are compared to the median of our peer group. The Committee believes the allocation among the components of direct annual compensation provides an appropriate balance between annual and long-term incentives and between fixed and performance-based compensation. Annual cash incentives and long-term performance-based restricted share unit awards under our executive compensation program are capped at 200 percent of the target award, and all other material non-executive cash incentive programs are capped at reasonable levels, which the Committee believes protects against disproportionately large incentives. The Committee believes the performance measures and the multi-year vesting features of the long-term equity incentive compensation component encourage participants to seek sustainable growth and value creation. The Committee believes inclusion of share-based compensation through the long-term equity incentive compensation component encourages appropriate decision-making that is aligned with the long-term interests of stockholders. Our stock ownership guidelines further align the interests of management and stockholders.

Stock Awards and Option Awards. The amounts in these columns reflect the dollar value of restricted share unit awards and stock options, respectively, granted under our stockholder approved 2011 Equity Participation Plan (the "2011 Plan").

The restricted share unit awards either vest over time or are based on the achievement of performance-based standards.

The amounts for each year represent the grant date fair value of the awards, computed in accordance with ASC Topic 718. See Notes 10, 9 and 9 to our audited consolidated financial statements included in our Annual Reports on Form 10-K for 2014, 2013 and 2012, respectively, for the assumptions we used in valuing and expensing these restricted share units and stock option awards in accordance with ASC Topic 718.

For awards that are subject to performance conditions, the value is based on the probable outcome of the conditions at grant date. This value, as well as the value of the awards at the grant date assuming the highest level of performance conditions will be achieved and using the grant date stock price, is set forth below:

Change In Pension Value and Nonqualified Deferred Compensation Earnings. The amounts in this column reflect the aggregate change during the year in actuarial present value of accumulated benefits under all defined benefit and actuarial plans (including supplemental pension plans). With respect to the supplemental pension plans, amounts have been calculated to reflect an approximate 30-year Treasury bond rate to determine the amount of the earlier retirement age lump sum benefit in a manner consistent with our financial statements. We describe the assumptions we used in determining the amounts and provide additional information about these plans in Pension Benefits.

Messrs. Falk and Abernathy have compensation from before 2005 that they elected to defer pursuant to a Deferred Compensation Plan then in effect. Beginning in 2010, each of our named executive officers participates in the Supplemental 401(k) Plan, a non-qualified defined contribution plan, and prior to 2010, Messrs. Buthman and Palmer participated in its predecessor plan, the supplemental Retirement Contribution Program. Earnings on each of these plans are not included in the Summary Compensation Table because the earnings were not above-market or preferential. See Nonqualified Deferred Compensation for a discussion of these plans and each named executive officer's earnings under these plans in 2014.

See *Nonqualified Deferred Compensation* for a discussion of these plans. The profit sharing contribution varies depending on our performance for the applicable year, contributing to fluctuations from year to year in the amounts in the *All Other Compensation* column.

(3) Tax Gross Ups. The amount shown for Mr. Abernathy reflects tax reimbursement for moving and related expenses incurred for a relocation in connection with his change in duties.

(4) Certain Dividends. Our named executive officers also received cash dividend equivalents in 2012 on certain of the restricted share units held by them at the same rate and on the same dates as dividends are paid to our stockholders. Because we factored the value of the right to receive dividend equivalents into the grant date fair value of the restricted share unit awards, the cash dividend equivalents received by our named executive officers were not included in the Summary Compensation Table. Dividend equivalents are no longer paid on unvested performance-based and time-vested restricted share units granted to our named executive officers beginning February 2009; instead, dividend equivalents on these units are accumulated and will be paid in additional shares after the restricted share units vest, based on the actual number of shares

that vest. See *Outstanding Equity Awards* for information on these reinvested dividend equivalents. In connection with the Halyard Health spin-off on October 31, 2014, performance-based restricted share units and time-vested restricted share units (and the dividend equivalents credited to these restricted share units equal to cash dividends on our Common Stock as described above) were credited with reinvested dividend equivalents equal to the value of the Halyard Health stock dividend distributed on our common stock to maintain the value of the awards before and after the spin-off.

Grants of Plan-Based Awards

The following table sets forth plan-based awards granted to our named executive officers during 2014 on a grant-by-grant basis. The numbers of shares subject to option awards and option exercise prices in this table and throughout this Proxy Statement reflect adjustments for the Halyard Health spin-off on October 31, 2014.

Table of Contents**Compensation Tables**

- (1) Represents the potential annual performance-based incentive cash payments each named executive officer could earn in 2014. These awards were granted under our Executive Officer Achievement Award Program, which is our annual cash incentive program for executive officers, which was approved by stockholders in 2002. Actual amounts earned in 2014 were based on the 2014 objectives established by the Management Development and Compensation Committee at its February 24, 2014 meeting. See Compensation Discussion and Analysis Executive Compensation for 2014 Annual Cash Incentive Program. At the time of the grant, the incentive payment could range from the threshold amount to the maximum amount depending on the extent to which the 2014 objectives were met. The actual amounts paid in 2015 based on the 2014 objectives are set forth in the Summary Compensation Table under the column entitled Non-Equity Incentive Plan Compensation.
- (2) Performance-based restricted share units granted under the 2011 Plan to our named executive officers on February 25, 2014, except for the grant to Mr. Abernathy, which occurred on June 19, 2014. The number of performance-based restricted share units granted in 2014 that will ultimately vest on the third anniversary of the grant date could range from the threshold number to the maximum number depending on the extent to which the average annual net sales growth and average adjusted ROIC performance objectives for those awards are met. See Compensation Discussion and Analysis Long-Term Equity Incentive Compensation 2014 Grants. Mr. Abernathy forfeited his 2014 performance-based restricted share units upon his departure in October 2014.
- (3) The grant date for each award is the same date that the Committee took action to grant the awards.
- (4) Time-vested stock options granted under the 2011 Plan to our named executive officers on April 30, 2014, except for the grant to Mr. Abernathy, which occurred on June 19, 2014.
- (5) Grant date fair value is determined in accordance with ASC Topic 718 and, for performance-based restricted share units, is the value at grant date based on the probable outcome of the performance condition and is consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date, excluding the effect of estimated forfeitures. See Notes 10, 9 and 9 to our audited consolidated financial statements included in our Annual Reports on Form 10-K for 2014, 2013 and 2012, respectively, for the assumptions used in valuing and expensing these restricted share units and stock option awards in accordance with ASC Topic 718.

Discussion of Summary Compensation and Plan-Based Awards Tables

Our executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table and the Grants of Plan-Based Awards in 2014 table was paid or awarded, are described under Compensation Discussion and Analysis.

Other than the executive severance plans described below, none of our named executive officers has an employment agreement with us. See Potential Payments on Termination or Change of Control.

Executive officers may receive long-term equity incentive awards of stock options, restricted stock or restricted share units, or a combination of stock options, restricted stock and restricted share units under the 2011 Plan, which was approved by stockholders in 2011. The 2011 Plan provides the Committee with discretion to require performance-based standards to be met before awards vest. In 2014, the Committee did not award time-vested restricted share units to our named executive officers. The Committee awarded time-vested restricted share units to Mr. Palmer in 2012 and Ms. Stock in 2012 and 2013 for retention purposes, and to Mr. Hsu in 2012 in connection with his hire, which vest on the third anniversary of the date of grant. In 2014, each named executive officer received grants of stock options and performance-based restricted share units under the 2011 Plan.

For grants of stock options, the 2011 Plan provides that the option price per share shall be no less than the closing price per share of our common stock at the grant date. The term of any option is no more than ten years from the grant date. Options granted in 2014 become exercisable in three annual installments of 30 percent, 30 percent and 40 percent, beginning on the first anniversary of the grant date; however, all of the options become exercisable for three years upon death or total and permanent disability, and for the earlier of five years or the remaining term of the options, upon retirement of the officer. In addition, options generally become exercisable upon a termination of employment following a change of control, and certain options granted to our named executive officers are subject to our Executive Severance Plan. See Potential Payments on Termination or Change of Control. The officers may transfer the options to family members or certain entities in which family members have interests. Because Mr. Abernathy is over age 55, his unvested stock options granted in 2014 vested on the date of his departure and will be exercisable for five years.

Table of Contents**Compensation Tables**

Performance-based restricted share unit awards granted in 2014 vest three years following the grant date in a range from zero to 200 percent of the target levels based on our average annual net sales growth and average adjusted ROIC performance during the three years. As of February 17, 2015, the performance-based restricted share units granted in 2014 and 2013 were on pace to vest at the following levels: 92 percent for the 2014 award and 100 percent for the 2013 award. The Committee has determined that the 2012 award vested at 111 percent.

Dividend equivalents on unvested performance-based restricted share units equal to cash dividends on our common stock are accumulated and will be paid in additional shares after the performance-based restricted share units vest, based on the actual number of shares that vest. Dividend equivalents on the time-vested restricted share units granted to Messrs. Hsu and Palmer in 2012, and to Ms. Stock in 2012 and 2013, will be accumulated and paid in additional shares when the time-vested restricted share units vest.

Outstanding Equity Awards

The following table sets forth information concerning outstanding equity awards for our named executive officers as of December 31, 2014. Option awards were granted for ten-year terms, ending on the option expiration date set forth in the table. (Note that Mr. Abernathy's options will expire on the fifth anniversary of his departure.) Stock awards were granted as indicated in the footnotes to the table. The numbers of shares subject to option awards and option exercise prices in this table and throughout this Proxy Statement reflect adjustments for the Halyard Health spin-off on October 31, 2014.

⁽¹⁾ The amounts shown reflect outstanding equity awards granted under the 2011 Plan and its predecessor, the stockholder-approved 2001 Equity Participation Plan the ("2001 Plan") (the "Equity Plans"). Under the Equity Plans, an executive officer may receive awards of stock options, restricted stock or restricted share units, or a combination of stock options, restricted stock and restricted share units. Awards listed above granted on or after April 26, 2011 were granted under the 2011 Plan; all other awards were granted under the 2001 Plan.

⁽²⁾ Stock options granted under the Equity Plans become exercisable in three annual installments of 30 percent, 30 percent and 40 percent, beginning on the first anniversary of the grant date; however, all of the options become exercisable for three years upon death or total and permanent disability and for the earlier of five years or the remaining term of the options, upon retirement of the officer. In addition, options generally become exercisable upon a termination of employment following a change of control, and certain options granted to our named executive officers are subject to our Executive Severance Plan. See Potential Payments on Termination or Change of Control. The officers may transfer the options to family members or certain entities in which family members have interests.

Table of Contents**Compensation Tables**

In connection with the Halyard Health spin-off on October 31, 2014 the numbers of stock options were increased and the exercise prices were decreased to maintain the fair value of outstanding options immediately before and after the spin-off. Specifically, for each stock option held by a Kimberly-Clark employee, officer, or director, the exercise price was divided by 1.044134 (the Adjustment Ratio) and the number of shares subject to the outstanding stock option was multiplied by the Adjustment Ratio, with fractional shares rounded down to the nearest whole share. No incremental fair value was generated as a result of the adjustments.

- (3) The Equity Plans provide that the option price per share shall be no less than the closing price per share of our common stock at grant date.
- (4) In connection with the Halyard Health spin-off on October 31, 2014, performance-based restricted share units and time-vested restricted share units (and the dividend equivalents credited to these restricted share units equal to cash dividends on our Common Stock as described in footnotes 5 and 6 below) were credited with reinvested dividend equivalents equal to the value of the Halyard Health stock dividend distributed on our common stock (approximately \$4.69 per share) to maintain the value of the awards before and after the spin-off.
- (5) The amounts shown represent awards of time-vested restricted share units. Subject to accelerated vesting as described in Potential Payments on Termination or Change of Control, time-vested restricted share unit awards vest on the third anniversary of the grant date. Dividend equivalents on these time-vested restricted share units equal to cash dividends on our Common Stock will be accumulated and paid in additional shares when the time-vested restricted share units vest. The units listed include the following amount of dividend equivalents on time-vested restricted share units granted to our named executive officers on the dates indicated:

Name	Grant Date	Dividend Equivalents
Michael D. Hsu	11/15/2012	396
Anthony J. Palmer	5/2/2012	811
Elane B. Stock	2/20/2013	156

- (6) The values shown in this column are based on the closing price of our common stock on December 31, 2014 of \$115.54 per share.
- (7) The amounts shown represent awards of performance-based restricted share units granted to our named executive officers in February 2012, 2013 and 2014. Subject to accelerated vesting as described in Potential Payments on Termination or Change of Control, performance-based restricted share unit awards granted in 2012, 2013 and 2014 vest on February 27, 2015, February 20, 2016, and February 25, 2017, respectively, in a range from zero to 200 percent of the target levels indicated based on the achievement of specific performance goals. Based on the current vesting pace of these awards, the amounts shown represent the maximum level for the 2012 and 2013 grants and the target level for the 2014 grant. See Discussion of Summary Compensation and Plan-Based Awards Tables. The units listed include the following amounts of dividend equivalents on performance-based restricted share units granted to our named executive officers equal to cash dividends on our Common Stock, based on the maximum level for the 2012 and 2013 grants and the target level for the 2014 grant.

⁽¹⁾ The dollar amount reflects the total pre-tax value realized by our named executive officers (number of shares exercised times the difference between the fair market value on the exercise date and the exercise price). It is not the grant date fair value disclosed in other locations in this proxy statement. Value from these option exercises was only realized to the extent our stock price increased relative to the stock price at grant (the exercise price).

⁽²⁾ The dollar amount reflects the total pre-tax value received by our named executive officers upon the vesting of time-vested restricted share units or performance-based restricted share units (number of shares vested times the closing price of our common stock on the vesting date), including cash paid in lieu of fractional shares. It is not the grant date fair value disclosed in other locations in this proxy statement.

Pension Benefits

The following table sets forth information as of December 31, 2014 concerning potential payments to our named executive officers under our pension plan and supplemental pension plans. Information about these plans follows the table.

⁽¹⁾ Because Messrs. Hsu and Palmer and Ms. Stock joined Kimberly-Clark after January 1, 1997, they are not eligible to participate in our defined benefit pension plans.

⁽²⁾ Mr. Falk is currently eligible for early retirement under the plans and would be eligible to receive the early retirement benefit described in the table below. At the time of Mr. Abernathy's departure in October 2014 relating to the Halyard Health spin-off, he was eligible for early retirement under the Pension Plan and he was eligible under the Supplemental Pension Plans to receive the portion of early retirement benefit accrued prior to 2005. Mr. Abernathy is eligible to receive the remaining early retirement benefit under the Supplemental Pension Plans upon his separation from Halyard Health.

Compensation Tables

⁽³⁾ Mr. Falk has 31.4 years of actual service and Mr. Abernathy had 32.7 years of actual service upon his departure in October 2014. Beginning in 2010, the number of years of credited service was frozen at the amounts set forth in the table, as a result of our ceasing to accrue compensation and benefit service under the plans. Mr. Buthman has 32.5 years of actual service. In 1997, he elected to participate in our defined contribution plans instead of accruing additional years of service under our defined benefit pension plans. This election reduces his benefits under our defined benefit pension plans, in accordance with the terms of those plans.

⁽⁴⁾ In accordance with the terms of the plans, upon his departure from Kimberly-Clark in October 2014, Mr. Abernathy (a) commenced benefits under the Pension Plan which are payable monthly at a rate of \$6,697 per month and (b) received a lump sum distribution under the Supplemental Pension Plans relating to accrued benefits prior to 2005.

Employees who joined Kimberly-Clark prior to January 1, 1997 are eligible to participate in our pension plans, which provide benefits based on years of service as of December 31, 2009 and pay (annual cash compensation), integrated with social security benefits. Our pension plans are comprised of the Kimberly-Clark Pension Plan and the Supplemental Benefit Plans. We stopped accruing compensation and benefit service for participants under our pension plans for most of our U.S. employees, including our named executive officers, for plan years after 2009. These changes do not affect benefits earned by participants prior to January 1, 2010.

The following is an overview of these plans.

	Pension Plan	Supplemental Pension Plans
Reason for Plan	Provide eligible participants with a competitive level of retirement benefits based on pay and years of service.	Provide eligible participants with benefits as are necessary to fulfill the intent of the pension plan without regard to limitations imposed by the Internal Revenue Code.
Eligible Participants	Salaried employees who joined Kimberly-Clark prior to January 1, 1997.	Salaried employees impacted by limitations imposed by the Internal Revenue Code on payments under the pension plan.
Payment Form	Normal benefit: Single-life annuity payable monthly Other optional forms of benefit are available, including a joint and survivor benefit.	Accrued benefits prior to 2005: Monthly payments or a lump sum after age 55 Accrued benefits for 2005 and after: Lump sum six months after termination of employment
Retirement Eligibility	Full unreduced benefit: Normal retirement age of 65 Age 62 with 10 years of service Age 60 with 30 years of service Disability retirement Early retirement benefit: Age 55 with five years of service. The amount of the benefit is reduced according to the number of years the participant retires before the age the participant is eligible for a full, unreduced benefit. The amount of the reduction is based on age and years of vesting service.	Same

The estimated actuarial present value of the retirement benefits accrued through December 31, 2014 appears in the 2014 Pension Benefits table. For purposes of determining the present value of accumulated benefits, we have used the potential earlier retirement ages as described above rather than the normal retirement age under the plans, which is 65. For a discussion of how we value these obligations and the assumptions we use in that valuation, see Note 11 to our audited consolidated financial statements included in our 2014 Annual Report on Form 10-K. The calculation of actuarial present value generally is consistent with the methodology and assumptions outlined in our audited consolidated financial statements, except that benefits are reflected as payable as of the date the executive is first entitled to full unreduced benefits (as opposed to the assumed retirement date) and without consideration of pre-retirement mortality. Present values for the qualified plan are based on RP2000 mortality projected with generational improvements and for the supplemental plans were calculated using the 2014 417(e) mortality table. With respect to the supplemental pension plans, the amount of the earlier retirement age lump sum benefit was determined using an approximate 30-year Treasury Bond rate of 2.60%, consistent with the methodology used for purposes of our consolidated financial statements; any actual lump sum benefit would be calculated using the 30-year Treasury Bond rate in effect as of the beginning of the month prior to termination. Present value amounts were determined based on the financial accounting discount rate for United States pension plans of 4.10% as of December 31, 2014.

The actuarial increase in 2014 of the projected retirement benefits can be found in the Summary Compensation Table under the heading "Change in Pension Value and Nonqualified Deferred Compensation Earnings" (all amounts reported under that heading represent actuarial increases in our pension plans). Other than the payments to Mr. Abernathy described above, no payments were made to our named executive officers under our pension plans during 2014.

While the supplemental pension plans remain unfunded, in 1994 the Board approved the establishment of a trust and authorized us to make contributions to this trust in order to provide a source of funds to assist us in meeting our liabilities under our supplemental defined benefit plans. Nonqualified Deferred Compensation

⁽¹⁾ Contributions consist solely of amounts accrued by Kimberly-Clark under the Supplemental 401(k) Plan, including the profit-sharing contribution in February 2015 with respect to our performance in 2014. These amounts are included in the Summary Compensation Table and represent a portion of the Defined Contribution Plan Payments included in All Other Compensation.

⁽²⁾ The amounts in this column show the changes in the aggregate account balance for our named executive officers during 2014 that are not attributable to company contributions. Aggregate earnings are not included in the Summary Compensation Table because the earnings are not above-market or preferential.

⁽³⁾ Upon his departure in connection with our Halyard Health spin-off, Mr. Abernathy transferred his aggregate balance in the Supplemental 401(k) Plan to a comparable nonqualified defined contribution plan provided by Halyard Health.

⁽⁴⁾ Balance for the Supplemental 401(k) Plan includes the profit-sharing contribution made in February 2015 with respect to our performance in 2014, as well as the following contributions by Kimberly-Clark under the Supplemental 401(k) Plan in 2013 and 2012 that are reported in the Summary Compensation Table as a portion of All Other Compensation for those years:

In addition to amounts shown in the table that reflect participation in the Supplemental 401(k) Plan, amounts shown for Messrs. Falk and Abernathy represent compensation deferred in prior years under our Deferred Compensation Plan and accumulated earnings. Effective in 2005, no further amounts may be deferred under this plan. Participants in the Deferred Compensation Plan may elect to have deferrals credited with yields equal to those earned on any of a subset of funds available in the 401(k) Profit Sharing Plan. Generally, benefits are payable under the Deferred Compensation Plan in accordance with the participant's election in a lump sum or in quarterly installments over a period between two and 20 years. If a participant ceases employment (other than as a result of a total and permanent disability or death or on or after age 55 with five or more years of service), the account balance is paid in a lump sum. In the event of a change of control or a reduction in our long-term credit rating (below investment grade), currently-employed participants have the option to elect an immediate lump-sum payment of their account balance, less a 10 percent penalty.

Purpose	To assist employees in saving for retirement, as well as to provide a discretionary profit sharing contribution in which contributions will be based on our profit performance.	To provide benefits to the extent necessary to fulfill the intent of the 401(k) Profit Sharing Plan without regard to the limitations imposed by the Internal Revenue Code on qualified defined contribution plans.

Is the plan qualified under the Internal Revenue Code?	Yes.	No.
Can employees make contributions?	Yes.	No.
Do we make contributions or match employee contributions?	We match 100% of employee contributions, to a yearly maximum of 4% of eligible compensation. In addition, we may make a discretionary profit sharing contribution of 0% to 6% of eligible compensation based on our profit performance.	We provide credit to the extent our contributions to the 401(k) Profit Sharing Plan are limited by the Internal Revenue Code.
When do account balances vest?	Account balances under these plans generally vest once the participant completes at least two years of service.	Same.
How are account balances invested?	Account balances are invested in certain designated investment options selected by the participant.	Account balances are credited with earnings and losses as if these account balances were invested in certain designated investment options selected by the participant.
When are account balances distributed?	Distributions of the participant's vested account balance are only available after termination of employment. Loans, hardship and certain other withdrawals are allowed prior to termination of employment for certain vested amounts under the 401(k) Profit Sharing Plan.	Distributions of the participant's vested account balance are payable after termination of employment.

Potential Payments on Termination or Change of Control

Our named executive officers are eligible to receive certain benefits in the event of termination of employment, including following a change of control. This section describes various termination scenarios as well as the payments and benefits payable under those scenarios.

Severance Benefits

We maintain two severance plans that cover our executive officers, depending on the circumstances that result in their termination. Those plans include the Executive Severance Plan, which is applicable when an executive officer is terminated following a change of control, and the Severance Pay Plan, which is applicable in the event of certain other involuntary terminations. An executive officer may not receive severance payments under more than one of the plans described below.

Executive Severance Plan. We have agreements under our Executive Severance Plan with each named executive officer. The agreements provide that, in the event of a Qualified Termination of Employment (as described below), the participant will receive a cash payment in an amount equal to the sum of:

- Two times the sum of annual base salary and the average annual incentive award for the three prior fiscal years,
- The value of any forfeited awards, based on the closing price of our common stock at the date of the participant's separation from service, of restricted stock and time-vested restricted share units,
- The number of performance-based restricted share units that are forfeited multiplied by the average performance-based restricted share unit payment for the prior three years,
- The value of any forfeited benefits under the 401(k) Profit Sharing Plan and Supplemental 401(k) Plan,
- The value of the employer match and assumed 3 percent profit sharing contribution the named executive officer would have received if he had remained employed an additional two years under the 401(k) Profit Sharing Plan and Supplemental 401(k) Plan, and
- Two years of COBRA premiums for medical and dental coverage.

In addition, nonqualified stock options will vest and be exercisable within the earlier of five years from the participant's termination or the remaining term of the option.

A Qualified Termination of Employment is a separation of service within two years following a change of control of Kimberly-Clark (as defined in the plan) either involuntarily without cause or by the participant with good reason. In addition, any involuntary separation of service without cause within one year before a change of control will also be determined to be a Qualified Termination of Employment if it is in connection with, or in anticipation of, a change of control.

The current agreements with our named executive officers expire on December 31, 2017, unless extended by the Committee.

These agreements reflect that the named executive officer is not entitled to a tax gross-up if the named executive officer incurs an excise tax due to the application of Section 280G of the Internal

Table of Contents

Compensation Tables

Revenue Code. Instead, payments and benefits payable to the named executive officer will be reduced to the extent doing so would result in the executive retaining a larger after-tax amount, taking into account the income, excise and other taxes imposed on the payments and benefits.

The Board has determined the eligibility criteria for participation in the plan. Each named executive officer's agreement under the Executive Severance Plan provides that the executive will retain in confidence any confidential information known to the executive concerning Kimberly-Clark and Kimberly-Clark's business so long as such information is not publicly disclosed.

Severance Pay Plan. Our Severance Pay Plan generally provides eligible employees (including our named executive officers) severance payments and benefits in the event of certain involuntary terminations. Under the Severance Pay Plan, a named executive officer (employed for at least one year) whose employment is involuntarily terminated would receive:

Two times the sum of annual base salary and the average annual incentive award for the three prior fiscal years,
If the termination occurs after March 31, the pro-rated current year annual incentive award based on actual performance,
Six months of COBRA premiums for medical coverage, and
Six months of outplacement services and three months of participation in our employee assistance program.

If the named executive officer's employment is involuntarily terminated within the first 12 months of employment, the Severance Pay Plan provides that the named executive officer would receive three months' base salary.

Severance pay under the Severance Pay Plan will not be paid to any participant who is terminated for cause (as defined under the plan), is terminated during a period in which the participant is not actively at work for more than 25 weeks (except to the extent otherwise required by law), voluntarily quits or retires, dies or is offered a comparable position (as defined under the plan).

A named executive officer must execute a full and final release of claims against us within a specified period of time following termination to receive severance benefits under our severance pay plans. Under the Severance Pay Plan, if the release has been timely executed, severance benefits are payable as a lump sum cash payment no later than 60 days following the participant's termination date. Any current year annual incentive award that is payable under the Severance Pay Plan will be paid at the same time as it was payable under the Executive Officer Achievement Award Program, but no later than 60 days following the calendar year of the separation from service.

2011 Plan. In the event of a Qualified Termination of Employment (as described below) of a participant in the 2011 Plan in connection with a change of control, all of the participant's awards not subject to performance goals would become fully vested. Any awards subject to performance goals will vest at the average performance-based restricted share unit payout for awards for the three prior fiscal years. Unless otherwise governed by another applicable plan or agreement, such as the terms of the Executive Severance Plan, options in this event would be exercisable for the lesser of three months or the remaining term of the option. If any amounts payable under the 2011 Plan result in excise tax due to the application of Section 280G of the Internal Revenue Code, the 2011 Plan provides that payments and benefits payable to the named executive officer will be reduced to the extent necessary so that no excise tax will be imposed if doing so would result in the

Compensation Tables

executive retaining a larger after-tax amount, taking into account the income, excise and other taxes imposed on the payments and benefits. A **Qualified Termination of Employment** is a termination of the participant's employment within two years following a change of control of Kimberly-Clark (as defined in the 2011 Plan), unless the termination is by reason of death or disability or unless the termination is by Kimberly-Clark for cause or by the participant without good reason.

The 2011 Plan provides that, if pending a change of control, the Committee determines that Kimberly-Clark common stock will cease to exist without an adequate replacement security that preserves the economic rights and positions of the participants in the 2011 Plan (for example, as a result of the failure of the acquiring company to assume outstanding grants), then all options and stock appreciation rights will become exercisable, in a manner deemed fair and equitable by the Committee, immediately prior to the consummation of the change of control. In addition, the restrictions on all restricted stock will lapse and all restricted share units, performance awards and other stock-based awards will vest immediately prior to the consummation of the change of control and will be settled upon the change of control in cash equal to the fair market value of the restricted share units, performance awards and other stock-based awards at the time of the change of control.

In the event of a termination of employment of a participant in the 2011 Plan, other than a **Qualified Termination of Employment**, death, total and permanent disability or retirement of the participant, the participant will forfeit all unvested restricted stock and restricted share units, and any vested stock options held by the participant will be exercisable for the lesser of three months or the remaining term of the option.

Retirement, Death and Disability

Retirement. In the event of retirement (separation from service on or after age 55), our named executive officers are entitled to receive:

Benefits payable under our pension plans for eligible participants (if the participant has at least five years of vesting service) (see **Pension Benefits** for additional information),
Their account balance, if any, under the **Deferred Compensation Plan**,
Their account balance under the **Supplemental 401(k) Plan** (if the participant has at least two years of vesting service),
Their account balance under the **401(k) Profit Sharing Plan**, including any unvested employer contributions,
Accelerated vesting of unvested stock options, and the options will be exercisable until the earlier of five years or the remaining term of the options,
For units outstanding more than six months after the date of grant, performance-based restricted share units will be payable based on attainment of the performance goal at the end of the restricted period,
Annual incentive award payment under the **Executive Officer Achievement Award Program** as determined by the Committee in its discretion,
For participants with at least fifteen years of vesting service and who joined Kimberly-Clark before January 1, 2004, retiree medical credits based on number of years of vesting service (up to a maximum of \$104,500 in credits), and
For participants with at least fifteen years of vesting service, continuing coverage under Kimberly-Clark's group life insurance plan.

Compensation Tables

Death. In the event of death while an active employee, the following benefits are payable:

50 percent of the benefits under our pension plans for eligible participants, not reduced for early payment (if the participant has at least five years of vesting service) (see Pension Benefits), payable under the terms of the plans to the participant's spouse or minor children,

Their account balance, if any, under the Deferred Compensation Plan,

Their account balance under the Supplemental 401(k) Plan,

Their account balance under the 401(k) Profit Sharing Plan, including any unvested employer contributions,

Accelerated vesting of unvested stock options, and the options will be exercisable until the earlier of three years or the remaining term of the options,

Time-vested restricted share units will be vested pro rata, based on the number of full months of employment during the restricted period prior to the participant's termination of employment, payable within 90 days following the end of the restricted period,

For units outstanding more than six months after the date of grant, performance-based restricted share units will be vested pro rata, based on attainment of the performance goal at the end of the restricted period, payable within 70 days following the end of the restricted period,

Annual incentive award payment under the Executive Officer Achievement Award Program as determined by the Committee in its discretion,

For participants who were at least age 55, had at least fifteen years of vesting service and joined Kimberly-Clark before January 1, 2004, medical credits payable to their spouse or dependent based on number of years of vesting service (up to a maximum of \$104,500 in credits), and

Payment of benefits under Kimberly-Clark's group life insurance plan (which is available to all salaried employees in the U.S.) equal to two times the participant's annual pay, up to \$2 million (plus any additional coverage of three, four, five or six times the participant's annual pay, in increments of up to \$1 million each, purchased by the participant at group rates). Benefits provided by Kimberly-Clark and employee-purchased benefits cannot exceed \$6 million.

Disability. In the event of a separation of service due to a total and permanent disability, as defined in the applicable plan, our named executive officers are entitled to receive:

Benefits payable under our pension plans for eligible participants, not reduced for early payment, if the participant has at least five years of vesting service (see Pension Benefits for additional information),

Their account balance, if any, under the Deferred Compensation Plan,

Accelerated vesting of unvested stock options, and the options will be exercisable until the earlier of three years or the remaining term of the options,

Time-vested restricted share units will be vested pro rata, based on the number of full months of employment during the restricted period prior to the participant's termination of employment, payable within 90 days following the end of the restricted period,

For units outstanding more than six months after the date of grant, performance-based restricted share units will be vested pro rata, based on attainment of the performance goal at the end of the restricted period, payable within 70 days following the end of the restricted period,

Annual incentive award payment under the Executive Officer Achievement Award Program as determined by the Committee in its discretion,

Table of Contents**Compensation Tables**

For participants of at least age 55 with at least fifteen years of vesting service and who joined Kimberly-Clark before January 1, 2004, medical credits based on number of years of vesting service (up to a maximum of \$104,500 in credits), Continuing coverage under Kimberly-Clark's group life insurance plan (available to all U.S. salaried employees), with no requirement to make monthly contributions toward coverage during disability, and Payment of benefits under Kimberly-Clark's Long-Term Disability Plan (available to all U.S. salaried employees). Long-term disability under the plan would provide income protection of monthly base pay, ranging from a minimum monthly benefit of \$50 to a maximum monthly benefit of \$20,000. Benefits are reduced by the amount of any other Kimberly-Clark or government-provided income benefits received (but will not be lower than the minimum monthly benefit).

Potential Payments on Termination or Change of Control Table

The following table presents the approximate value of (i) the severance benefits for our named executive officers under the Executive Severance Plan had a Qualified Termination of Employment under that plan occurred on December 31, 2014; (ii) the severance benefits for our named executive officers under the Severance Pay Plan if an involuntary termination had occurred on December 31, 2014; (iii) the benefits that would have been payable on the death of our named executive officers on December 31, 2014; (iv) the benefits that would have been payable on the total and permanent disability of our named executive officers on December 31, 2014; and (v) the potential payments to Messrs. Falk and Palmer if they had retired on December 31, 2014. If applicable, amounts in the table were calculated using the closing price of our common stock on December 31, 2014 of \$115.54 per share.

The termination benefits provided to our executive officers upon their voluntary termination of employment do not discriminate in scope, terms or operation in favor of our executive officers compared to the benefits offered to all salaried employees, so those benefits are not included in the table below. Because none of our named executive officers, other than Messrs. Falk and Palmer, was eligible to retire as of December 31, 2014, potential payments assuming retirement on that date are not included for the other named executive officers.

The amounts presented in the table are in addition to amounts each named executive officer earned or accrued prior to termination, such as the officer's balances under our Deferred Compensation Plan, accrued retirement benefits (including accrued pension plan benefits), previously vested benefits under our qualified and non-qualified plans, previously vested options, restricted stock and restricted share units and accrued salary and vacation. For information about these previously earned and accrued amounts, see Summary Compensation, Outstanding Equity Awards, Option Exercises and Stock Vested, Pension Benefits, and Nonqualified Deferred Compensation.

Because Mr. Abernathy resigned in October 2014, he is discussed separately below under Resignation of Mr. Abernathy.

⁽¹⁾ Assumes the Committee would approve full payment under the Executive Officer Achievement Award Program for 2014; actual amount that would be paid is determined by the Committee in its discretion.

⁽²⁾ Assumes vesting of unvested performance-based restricted share units at the maximum level for the 2012 and 2013 grants and at the target level for the 2014 grant. See *Outstanding Equity Awards*. In addition, under the terms of the 2011 Plan, if the Committee were to determine that, pending a change of control, our common stock would cease to exist without an adequate replacement security, the payment of this amount would not be contingent upon the Qualified Termination of Employment of the named executive officer. This provision also applies to grants under the 2011 Plan to employees other than our named executive officers.

⁽³⁾ Includes the value of two additional years of employer contributions under the 401(k) Profit Sharing Plan and the Supplemental 401(k) Plan, pursuant to the terms of the Executive Severance Plan.

⁽⁴⁾ Includes an amount equal to 24 months of COBRA medical and dental coverage.

⁽⁵⁾ Benefits payable under the Severance Pay Plan. For Messrs. Falk and Palmer, does not include accelerated equity vesting that occurred when they became retirement eligible at age 55. See the benefits payable for Messrs. Falk and Palmer for retirement for the amount of this accelerated equity vesting.

⁽⁶⁾ Equals six months of COBRA medical coverage and outplacement services with an estimated value of \$7,002 and \$6,000, respectively.

⁽⁷⁾ For death, includes the payment of benefits under Kimberly-Clark's group life insurance plan (which is available to all U.S. salaried employees). For death and disability, assumes the Committee would approve full payment under the Executive Officer Achievement Award Program for 2014; actual amount that would be paid is determined by the Committee in its discretion. For disability, does not include benefits payable under Kimberly-Clark's Long-Term Disability Plan (which is available to all U.S. salaried employees), the value of which would be dependent on the life span of the named executive officer and the value of any Kimberly-Clark or government-provided income benefits received.

⁽⁸⁾ Assumes pro rata vesting of unvested performance-based restricted share units at the maximum level for the 2012 and 2013 grants and at the target level for the 2014 grant. See *Outstanding Equity Awards*.

- ⁽⁹⁾ For Messrs. Falk and Buthman, the estimated actuarial present value of the pension benefits payable on death is less than the present value of the aggregate accumulated benefit set forth in the Pension Benefits table; as a result, no incremental benefit as a result of their death is included in the amount.
- ⁽¹⁰⁾ Includes the excess, if any, of the estimated actuarial present value of the retirement benefits payable on disability for the named executive officer through December 31, 2014 (assuming the named executive officer elects to receive a continuing benefit for his surviving spouse) over the present value of the aggregate accumulated benefit set forth in the Pension Benefits table.
- ⁽¹¹⁾ For Mr. Falk, includes the value of retiree medical credits assuming total and permanent disability on December 31, 2014. Our named executive officers would also be eligible for continuing coverage under Kimberly-Clark's group life insurance plan assuming total and permanent disability on December 31, 2014, which benefit does not discriminate in scope, terms or operation in favor of our named executive officers compared to the benefits offered to all U.S. salaried employees and is therefore not included in the table.
- ⁽¹²⁾ Includes the value of retiree medical credits assuming Messrs. Falk's retirement on December 31, 2014. Messrs. Falk and Palmer would also be eligible for continuing coverage under Kimberly-Clark's group life insurance plan assuming retirement on December 31, 2014, which benefit does not discriminate in scope, terms or operation in favor of our executive officers compared to the benefits offered to all U.S. salaried employees and is therefore not included in the table.

Resignation of Mr. Abernathy

Mr. Abernathy left Kimberly-Clark effective October 31, 2014 to accept a position with Halyard Health in connection with our spin-off. He received a prorated payout for 2014 under our annual cash incentive program which is shown in the Summary Compensation Table above. Because Mr. Abernathy is over age 55, under the terms of the 2011 Plan, his unvested stock options vested on the date of his departure and will be exercisable until the earlier of five years or the remaining term of the options, and his unvested performance-based restricted share units (other than those granted in 2014, which were forfeited) will be payable in full based on attainment of the performance goal at the end of the restricted period. The value of the unvested stock options and performance-based restricted share units was \$9,813,518 at the time of Mr. Abernathy's departure (assuming the 2012 and 2013 grants of performance-based restricted share units vest at the maximum level). Mr. Abernathy also commenced monthly benefits under the Pension Plan and received a lump sum distribution under the Supplemental Pension Plan relating to accrued benefits prior to 2005, which amounts are shown in the Pension Benefits Table above. Mr. Abernathy received retiree medical credits valued at \$104,500. Mr. Abernathy did not receive any additional retirement benefits or other benefits upon his resignation.

Proposal 4. Stockholder Proposal Regarding Right to Act by Written Consent

Ms. Myra K. Young, 9295 Yorkship Court, Elk Grove, CA 95758, owning 50 shares of our common stock, has given notice that she or her designee intends to present for action at the Annual Meeting the resolution set forth below. The Board of Directors opposes this stockholder proposal for the reasons set forth below the proposal.

Proxies solicited by management will be voted against the stockholder proposal below unless stockholders specify a contrary choice in their proxies.

Stockholder Proposal

In accordance with applicable rules of the SEC, we have set forth Ms. Young's proposal below:

Proposal 4 Right to Act by Written Consent

Resolved, Shareholders request that our board of directors undertake such steps as may be necessary to permit written consent by shareholders entitled to cast the minimum number of votes that would be necessary to authorize the action at a meeting at which all shareholders entitled to vote thereon were present and voting. This written consent is to be consistent with applicable law and consistent with giving shareholders the fullest power to act by written consent consistent with applicable law. This includes shareholder ability to initiate any topic for written consent consistent with applicable law.

A shareholder right to act by written consent and to call a special meeting are 2 complimentary ways to bring an important matter to the attention of both management and shareholders outside the annual meeting cycle.

A shareholder right to act by written consent is one method to equalize our limited provisions for shareholders to call a special shareholder meeting. For instance it takes 25% of Kimberly Clark shareholders to call a special shareholder meeting. On the other hand Delaware law allows 10% of shareholders to call a special shareholder meeting.

Shareholder right to act by written consent won majority shareholder support at 13 major companies in a single year. This included 67%-support at both Allstate and Sprint. Hundreds of major companies enable shareholders to act by written consent. Wet Seal (WTSLA) shareholders successfully used written consent to replace certain underperforming directors in 2012.

Please vote to enhance shareholder value:

Proposal 4. Stockholder Proposal Regarding Right to Act by Written Consent

Response of the Corporation to Stockholder Proposal

The Board of Directors unanimously recommends a vote AGAINST this proposal.

This proposal would permit stockholders to take action by written consent rather than requiring the action to be discussed and voted on at a stockholders' meeting. The Board believes that bypassing stockholder meetings limits the ability of stockholders to ask questions and discuss the action proposed.

The Board believes our current governance practices provide for Board accountability and effective engagement with stockholders. The Board has been responsive to stockholders' concerns and seeks to understand, and where appropriate, implement industry best practices for corporate governance. Significant changes that we have made in recent years include:

- Terminating our shareholder rights plan
- Adopting a majority voting standard for the election of directors
- Declassifying the Board
- Eliminating supermajority voting provisions in the Certificate of Incorporation
- Providing stockholders with the right to call special meetings, as described in the Certificate of Incorporation and By-Laws

These actions reflect our commitment to responsible corporate governance and providing our stockholders with meaningful input in the governance of the Corporation.

Consistent with these principles, the Board believes that significant corporate matters should be discussed in stockholder meetings, which allows all stockholders to participate and permits multiple points of view to be raised prior to a vote. Because stockholder action by written consent does not require advance notice nor communication to all stockholders, it could deny some stockholders the chance to offer their views, deliberate the issues and then vote on a pending matter. Accordingly, we believe that the ability stockholders have to call special meetings under our existing By-Laws provides a better opportunity to deal with matters of importance to Kimberly-Clark. Such special meetings include notice and disclosure for all shareholders, rather than enabling action by a limited group through the use of written consents.

Kimberly-Clark strongly believes in sound governance and values its relationship with all of its stockholders. To that end, we support and seek to implement policies and practices that take into account the interests of all stockholders. In light of the availability of more effective alternatives to address stockholder concerns, the Board believes that stockholder action by written consent is not in the best interests of Kimberly-Clark or its stockholders.

The Board unanimously recommends that the stockholders vote **AGAINST** the adoption of this proposal.

Section 16(a) of the Exchange Act requires our directors, executive officers and any person owning more than 10 percent of a class of our common stock to file reports with the SEC regarding their ownership of our stock and any changes in ownership. We maintain a compliance program to assist our directors and executive officers in making these filings. Other than the exceptions noted below, we believe that our executive officers and directors timely complied with their filing requirements for 2014. On April 30, 2014, each of the following officers was granted stock options: Michael T. Azbell (Vice President and Controller), Mark A. Buthman, Thomas J. Falk, Lizanne C. Gottung (Senior Vice President and Chief Human Resources Officer), Michael D. Hsu, Nancy S. Loewe (then Chief Strategy Officer), Thomas J. Mielke (Senior Vice President - General Counsel), Anthony J. Palmer, Elane B. Stock and Kimberly K. Underhill (President - K-C Professional). The Form 4 reports reflecting these grants were filed on May 5, 2014. Also, on May 27, 2014, Joanne B. Transactions With Related Persons

Policies and Procedures for Review, Approval or Ratification of Related Person Transactions. The Board has adopted procedures for reviewing any transactions between the company and certain related persons that involve amounts above certain thresholds. The SEC requires that our proxy statement disclose these related person transactions. A related person is defined under the SEC's rules and includes our directors, executive officers and five percent stockholders.

Other Information 2016 Stockholder Proposals

The Board's procedures provide that:

The Nominating and Corporate Governance Committee is best suited to review, approve and ratify related person transactions involving any director, nominee for director, any five percent stockholder, or any of their immediate family members or related firms, and

The Audit Committee is best suited to review, approve and ratify related person transactions involving executive officers (or their immediate family members or related firms), other than any executive officer that is also a Board member.

Either Committee may, in its sole discretion, refer its consideration of related person transactions to the full Board.

Each director, director nominee and executive officer is required to promptly provide written notification of any material interest that he or she (or an immediate family member) has or will have in a transaction with Kimberly-Clark. Based on a review of the transaction, a determination will be made as to whether the transaction constitutes a related person transaction under the SEC's rules. As appropriate, the Nominating and Corporate Governance Committee or the Audit Committee will then review the terms and substance of the transaction to determine whether to ratify or approve the related person transaction.

In determining whether the transaction is consistent with Kimberly-Clark's best interest, the Nominating and Corporate Governance Committee or the Audit Committee may consider any factors deemed relevant or appropriate, including:

Whether the transaction is on terms comparable to those that could be obtained in arm's-length dealings with an unrelated third party;

Whether the transaction constitutes a conflict of interest under our Code of Conduct, the nature, size or degree of any conflict, and whether mitigation of the conflict is feasible;

The impact of the transaction on a director's independence; and

Whether steps have been taken to ensure fairness to Kimberly-Clark.

2014 Related Person Transactions. We share aircraft hangar space, pilots and related services with Bergstrom Corporation, an entity that is majority-owned by Mr. Bergstrom. During 2014, Bergstrom Corporation paid us \$453,400 for its share of the costs associated with these services. We believe this arrangement is fair and reasonable, advantageous to Kimberly-Clark, and consistent with national benchmarking. Based on an analysis of the arrangement, we also believe its terms to be comparable to those that could be obtained in arm's-length dealings with an unrelated third party.
