## Morgan Group Holding Co. Notes to Condensed Financial Statements

### Note 1. Basis of Presentation

Morgan Group Holding Co. ( Holding or the Company ) was incorporated in November 2001 as a wholly-owned subsidiary of LICT Corporation ( LICT ) to serve, among other business purposes, as a holding company for LICT's controlling interest in The Morgan Group, Inc. ( Morgan ). On January 24, 2002, LICT spun off 2,820,051 shares of Holding common stock through a pro rata distribution ( Spin-Off ) to its stockholders and retained 235,294 shares.

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2017 are not necessarily indicative of the results that may be expected for the year ending December 31, 2017. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

### Note 2. Significant Accounting Policies

All highly liquid investments with maturity of three months or less when purchased are considered to be cash equivalents. The carrying value of a cash equivalent approximates its fair value based on its nature.

At June 30, 2017, December 31, 2016 and June 30, 2016, all cash and cash equivalents were invested in a United States Treasury money market fund, of which an affiliate of the Company serves as the investment manager.

The Company may from time to time invest in marketable securities that are bought and held principally for the purpose of selling them in the near term and are classified as trading securities. Trading securities are recorded at fair value on the balance sheet in current assets, with the change in fair value during the period included in earnings.

Basic earnings per share is based on the weighted-average number of common shares outstanding during each period. Diluted earnings per share is based on basic shares plus the incremental shares that would be issued upon the assumed exercise of in-the-money stock options and unvested restricted stock using the treasury stock method and, if dilutive.

### Note 3. Income Taxes

The Company is a C corporation for Federal tax purposes, and has provided for deferred income taxes for temporary differences between the financial statement and tax bases of its assets and liabilities. The Company has recorded a full valuation allowance against its deferred tax asset of approximately \$260,630 arising from its temporary basis differences and tax loss carryforward, as its realization is dependent upon the generation of future taxable income during the period when such losses would be deductible.

Pursuant to Sections 382 and 383 of the Internal Revenue Code, annual use of any of the Company's net operating loss carry forwards may be limited if cumulative changes in ownership of more than 50% occur during any three year period.

### Note 4. Commitments and Contingencies

From time to time the Company may be subject to certain asserted and unasserted claims. It is the Company's belief that the resolution of these matters will not have a material adverse effect on its financial position.

The Company has not guaranteed any of the obligations of Morgan and believes it currently has no commitment or obligation to fund any creditors.

Note 5. Shareholders' Equity and Stock Options and Warrants

At the Company's Annual Meeting of Stockholders on May 8, 2014, its stockholders voted to amend the Company's Certificate of Incorporation (the Charter Amendment) to increase the number of authorized shares of common stock, par value \$0.01 per share, from 10,000,000 to 100,000,000. In order to economize costs until necessary, the Company has not yet filed the Amended Certificate of Incorporation with its state of incorporation, Delaware, to effectuate the authorization.

On December 21, 2012, the Company issued a warrant to purchase up to 1,000,000 shares of the Company's Common Stock at \$1.00 per share to Jonathan P. Evans in exchange for \$10,000, which was received in 2013. In addition on that date, the Company issued a warrant to purchase up to 200,000 shares of the Company's Common Stock to Robert E. Dolan, Chief Financial Officer of the Company, in exchange for \$2,000. Both warrants are exercisable currently through December 21, 2017.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

**Overview**

The Company currently has no operating businesses and is seeking acquisitions as part of its strategic alternatives. Its only costs are the expenses required to make the regulatory filings needed to maintain its public status and to find and evaluate potential acquisitions. These costs are estimated at amount \$50,000 per year.

**Results of Operations**

**Three Months Ended June 30, 2017 and 2016**

For the three months ended June 30, 2017, the Company incurred \$10,059 of administrative expenses, a decrease of \$1,898 from the \$11,957 of administrative expenses for the three months ended June 30, 2016. The decrease was essentially due to acquisition expenses in 2016, that did not reoccur in 2017.

During the second quarter of 2017, the Company earned \$67 from its investment in a United States Treasury money market fund as compared to \$47 in the second quarter of 2016.

**Six Months Ended June 30, 2017 and 2016**

For the six months ended June 30, 2017, the Company incurred \$33,547 of administrative expenses, a decrease of \$2,644 from the \$36,191 of administrative expenses for the six months ended June 30, 2016. The decrease was essentially due to acquisition expenses in 2016, that did not reoccur in 2017.

During the first half of 2017, the Company earned \$103 from its investment in a United States Treasury money market fund as compared to \$100 in the first half of 2016.

**Liquidity and Capital Resources**

As of June 30, 2017, the Company's principal assets consisted of cash and cash equivalents of \$26,739.

The Company has adopted a growth strategy to acquire US-based businesses of an appropriate type and size. The execution of such a strategy will require the Company to obtain significantly more financial resources than it currently possesses. Those resources could take the form of a debt and/or equity offering, or potentially a hybrid instrument. There is no assurance that the Company can obtain such financial resources to successfully implement this strategy.

At the Company's Annual Meeting of Stockholders on May 8, 2014, its stockholders voted to amend the Company's Certificate of Incorporation (the Charter Amendment) to increase the number of authorized shares of common stock, par value \$0.01 per share, from 10,000,000 to 100,000,000. This Charter Amendment gives the Company greater flexibility in considering and planning for future corporate needs, including, but not limited to, possible future capital raising activities, potential strategic transactions, including mergers, acquisitions, and business combinations, as well as other general corporate transactions. Such transactions may be undertaken with affiliates of the Company or unaffiliated third parties. The Board believes that additional authorized shares of common stock will enable the Company to take timely advantage of market conditions and favorable financing and acquisition opportunities that become available.

## Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-Q

The Company has no current plan, commitment, arrangement, understanding or agreement regarding the issuance of the additional shares of common stock that will result from the Company's adoption of this Charter Amendment.

The Company has not yet filed the Amended Certificate of Incorporation with its state of incorporation, Delaware.

### Off Balance Sheet Arrangements

None.

### Item 3. Quantitative and Qualitative Analysis of Market Risk

The Company is a smaller reporting company as defined in Item 10(f)(1) of Regulation S-K and thus is not required to report the Quantitative and Qualitative Analysis of Market Risk specified in Item 305 of Regulation S-K.

### Item 4. Controls and Procedures

#### (a) Evaluation of Disclosure Controls and Procedures

Our Acting Chief Executive Officer/Chief Financial Officer have evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 (the "Act")) as of the end of the period covered by this report. Based on that evaluation, the Acting Chief Executive Officer/Chief Financial Officer have concluded that the Company's disclosure controls and procedures as of the end of the period covered by this report were designed and were functioning effectively to provide reasonable assurance that the information required to be disclosed by the Company in reports filed under the Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission. The Company believes that a controls system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the controls system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

#### (b) Changes in Internal Controls

During the period covered by this report, there have been no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our financial statements.

#### Forward Looking Discussion

This report contains a number of forward-looking statements, including but not limited to statements regarding the prospective adequacy of the Company's liquidity and capital resources in the near term. From time to time, the Company may make other oral or written forward-looking statements regarding its anticipated operating revenues, costs and expenses, earnings and other matters affecting its operations and condition. Such forward-looking statements are subject to a number of material factors, which could cause the statements or projections contained therein to be materially inaccurate. Such factors include the estimated administrative expenses of the Company on a going-forward basis.
