Notes to Unaudited Financial Statements

For the Three and Nine Months Ended September 30, 2008 and 2007 and the  
Period of August 6, 2007 (Inception) to September 30, 2008

Note 1 - Nature of Business

The unaudited financial statements have been prepared by the Company, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been omitted pursuant to such SEC rules and regulations; nevertheless, the Company believes that the disclosures are adequate to make the information presented not misleading. These financial statements and the notes attached hereto should be read in conjunction with the financial statements and notes included in the Company's Form SB-2 Registration Statement, which was filed with the SEC on November 21, 2007. In the opinion of the Company, all adjustments, including normal recurring adjustments necessary to present fairly the financial position of Friendly Auto Dealers, Inc., as of September 30, 2008 and the results of its operations and cash flows for the three and nine month periods then ended, have been included. The results of operations for the interim period are not necessarily indicative of the results for the full year.

Friendly Auto Dealers, Inc. ("Company") was organized August 6, 2007 under the laws of the State of Nevada for the purpose of providing promotional items with corporate logos to the automotive industry in China. The Company currently has no operations or realized revenues from its planned principle business purpose and, in accordance with Statement of Financial Accounting Standard (SFAS) No. 7, "Accounting and Reporting by Development Stage Enterprises," is considered a Development Stage Enterprise.

Note 2 - Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash

For the Statements of Cash Flows, all highly liquid investments with maturity of three months or less are considered to be cash equivalents. There were no cash equivalents as of September 30, 2008.

Income taxes

Income taxes are provided for using the liability method of accounting in accordance with SFAS No. 109 "Accounting for Income Taxes," and clarified by FIN 48, "Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109." A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax basis. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effect of changes in tax laws and rates on the date of enactment.

Note 2 - Significant Accounting Policies (continued)

Share Based Expenses

The Company follows Financial Accounting Standards Board (“FASB”) SFAS No. 123R “Share Based Payment.” This statement is a revision to SFAS 123 and supersedes Accounting Principles Board (APB) Opinion No. 25, “Accounting for Stock Issued to Employees,” and amends FASB Statement No. 95, “Statement of Cash Flows.” This statement requires a public entity to expense the cost of employee services received in exchange for an award of equity instruments. This statement also provides guidance on valuing and expensing these awards, as well as disclosure requirements of these equity arrangements. The Company adopted SFAS No. 123R upon creation of the company and expenses share based costs in the period incurred.

Going concern

The Company’s financial statements are prepared in accordance with generally accepted accounting principles applicable to a going concern. This contemplates the realization of assets and the liquidation of liabilities in the normal course of business. Currently, the Company does not have cash nor material assets, nor does it have operations or a source of revenue sufficient to cover its operation costs and allow it to continue as a going concern. The Company will be dependent upon the raising of additional capital through placement of our common stock in order to implement its business plan, or merge with an operating company. There can be no assurance that the Company will be successful in either situation in order to continue as a going concern. The officers and directors have committed to advancing certain operating costs of the Company.

Recent Accounting Pronouncements

In May 2008, FASB issued Financial Accounting Standards No. 163, “Accounting for Financial Guarantee Insurance Contracts - an interpretation of FASB Statement No. 60.” Diversity exists in practice in accounting for financial guarantee insurance contracts by insurance enterprises under FASB Statement No. 60, Accounting and Reporting by Insurance Enterprises. That diversity results in inconsistencies in the recognition and measurement of claim liabilities because of differing views about when a loss has been incurred under FASB Statement No. 5, Accounting for Contingencies.

This Statement requires that an insurance enterprise recognize a claim liability prior to an event of default (insured event) when there is evidence that credit deterioration has occurred in an insured financial obligation. This Statement also clarifies how Statement 60 applies to financial guarantee insurance contracts, including the recognition and measurement to be used to account for premium revenue and claim liabilities. Those clarifications will increase comparability in financial reporting of financial guarantee insurance contracts by insurance enterprises. This Statement requires expanded disclosures about financial guarantee insurance contracts. The accounting and disclosure requirements of the Statement will improve the quality of information provided to users of financial statements. This Statement is effective for financial statements issued for fiscal years beginning after December 15, 2008, and all interim periods within those fiscal years.

In May 2008, FASB issued Financial Accounting Standards No. 162, “The Hierarchy of Generally Accepted Accounting Principles.” This Statement identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in

conformity with generally accepted accounting principles (GAAP) in the United States (the GAAP hierarchy). This Statement is effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles. This pronouncement has no effect on this Company's financial reporting at this time.

Recent Accounting Pronouncements (continued)

In March of 2008 the Financial Accounting Standards Board (FASB) issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities—an amendment of FASB Statement No. 133, "Accounting for Derivatives and Hedging Activities." SFAS No. 161 has the same scope as Statement No. 133 but requires enhanced disclosures about (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under Statement No. 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows.

SFAS No. 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. The statement encourages, but does not require, comparative disclosures for earlier periods at initial adoption. SFAS No. 161 has no effect on the Company's financial position, statements of operations, or cash flows at this time.

In December, 2007, the FASB issued SFAS No. 160, "Non-controlling interests in Consolidated Financial Statements, an amendment of ARB No. 51." SFAS No. 160 applies to "for-profit" entities that prepare consolidated financial statements where there is an outstanding non-controlling interest in a subsidiary. The Statement requires that the non-controlling interest be reported in the equity section of the consolidated balance sheet but identified separately from the parent. The amount of consolidated net income attributed to the non-controlling interest is required to be presented, clearly labeled for the parent and the non-controlling entity, on the face of the consolidated statement of income. When a subsidiary is de-consolidated, any retained non-controlling interest is to be measured at fair value.

Gain or loss on de-consolidation is recognized rather than carried as the value of the retained investment. The Statement is effective for fiscal years and interim periods beginning on or after December 15, 2008. It cannot be adopted earlier but, once adopted, is to be applied retroactively. This pronouncement has no effect on this Company's financial reporting at this time.

In December 2007, the FASB issued SFAS No.141 (revised 2007), "Business Combinations" ("SFAS 141(R)") and SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements" ("SFAS 160"). These standards aim to improve, simplify, and converge internationally the accounting for business combinations and the reporting of noncontrolling interests in consolidated financial statements. The provisions of SFAS 141 (R) and SFAS 160 are effective for the fiscal year beginning April 1, 2009. The adoption of SFAS 141(R) and SFAS 160 has not impacted the Company's financial statements.

Note 3 - Stockholder's Equity

Common stock

The authorized common stock of the Company consists of 70,000,000 shares with par value of \$0.001. On August 7, 2007, the Company authorized the issuance of 5,000,000 shares of its \$.001 par value common stock at \$0.001 per share in consideration of \$5,000 in cash. The Company also authorized the issuance of 725,000 shares at \$0.01 per share for \$7,250 in legal and business services.

On November 11, 2007, the Company filed an SB-2 Registration Statement with the Securities and Exchange Commission to register 1,000,000 shares of common stock and offer the shares for sale to the public at \$0.10 per

share. On December 10, 2007, the Securities and Securities Commission declared the offering effective. On December 31, 2007, the Company sold 107 investors 535,000 shares for \$53,500. As of December 31, 2007, the shares were unissued and considered subscribed and were subsequently issued in January 2008.

Period of August 6, 2007 (Inception) to September 30, 2008

Note 3 - Stockholder's Equity (continued)

Common stock (continued)

On January 16, 2008, the Company sold 79 investors 435,000 shares for \$43,500. As of September 30, 2008, the shares were issued and outstanding. On February 1, 2008, the Company issued an additional 30,000 shares for \$3,000 cash which are considered to be issued and outstanding. As of September 30, 2008, the Company has 6,725,000 shares of its \$0.001 par value common stock issued and outstanding to 190 shareholders.

The authorized preferred stock of the Company consists of 5,000,000 shares with a par value of \$.001. The Company has no preferred stock issued or outstanding.

Net loss per common share

Net loss per share is calculated in accordance with SFAS No. 128, "Earnings Per Share." The weighted-average number of common shares outstanding during each period is used to compute basic loss per share. Diluted loss per share is computed using the weighted averaged number of shares and dilutive potential common shares outstanding. Dilutive potential common shares are additional common shares assumed to be exercised.

Basic net loss per common share is based on the weighted average number of shares of common stock outstanding during 2008, 2007 and since inception. As of September 30, 2008 and 2007 and since inception, the Company had no potential dilutive common shares.

Note 4 - Income Taxes

We did not provide any current or deferred U.S. federal income tax provision or benefit for any of the periods presented because we have experienced operating losses since inception. Per Statement of Accounting Standard No. 109 – Accounting for Income Tax and FASB Interpretation No. 48 - Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No.109, when it is more likely than not that a tax asset cannot be realized through future income the Company must allow for this future tax benefit. We provided a full valuation allowance on the net deferred tax asset, consisting of net operating loss carryforwards, because management has determined that it is more likely than not that we will not earn income sufficient to realize the deferred tax assets during the carryforward period.

The Company did not pay any income taxes during the three or nine months ended September 30, 2008.

The net federal operating loss carry forward will expire in 2027. This carry forward may be limited upon the consummation of a business combination under IRC Section 381.

Period of August 6, 2007 (Inception) to September 30, 2008

Note 5 - Related Party Transactions

The Company neither owns nor leases any real or personal property. An officer or resident agent of the corporation provides office services without charge. Such costs are immaterial to the financial statements and accordingly, have not been reflected therein. The officers and directors for the Company are involved in other business activities and may, in the future, become involved in other business opportunities. If a specific business opportunity becomes available, such persons may face a conflict in selecting between the Company and their other business interest. The Company has not formulated a policy for the resolution of such conflicts.

The officer of the Company has lent \$300 for organizational expenses as of September 30, 2008. Interest has not been imputed as such costs would be immaterial to the financial statements as a whole.

Note 6 - Prepaid Expenses

On December 15, 2007 the Company signed a contract with Heartland Managed Risk, LLC (Heartland) for the purposes of provided the filing and compliance services necessary to meet the Securities and Exchange Commission requirements for reporting companies. The Company agreed to pay Heartland \$20,000 annually for these services which were paid in full in February 2008. Accordingly, this amount has been reflected in the financial statements as a prepaid expense and will be recognized appropriately as services are rendered. As of September 30, 2008, the Company had \$5,000 of prepaid expenses.

Note 7 - Warrants and Options

There are no warrants or options outstanding to acquire any additional shares of common stock of the Company.

Note 8 - Subsequent Events

No events have occurred subsequent to the balance sheet date which would require disclosure therein

FORWARD LOOKING STATEMENTS

This report contains forward-looking statements that involve risk and uncertainties. We use words such as "anticipate", "believe", "plan", "expect", "future", "intend", and similar expressions to identify such forward-looking statements. Investors should be aware that all forward-looking statements contained within this filing are good faith estimates of management as of the date of this filing and actual results may differ materially from historical results or our predictions of future results.

General

Friendly Auto Dealers, Inc. (the "Company") is a development stage company that was incorporated on August 6, 2007, in the state of Nevada. The Company intends to enter the premium promotion business in mainland China and is looking at acquisition candidates on the mainland.

The Company has never declared bankruptcy, it has never been in receivership, and it has never been involved in any legal action or proceedings. Since becoming incorporated, Friendly Auto Dealers has not made any significant purchase or sale of assets, nor has it been involved in any mergers, acquisitions or consolidations and the Company owns no subsidiaries. The fiscal year end is December 31st. The Company has not had revenues from operations since its inception and/or any interim period in the current fiscal year.

Plan of Operation

As of September 30, 2008, we have \$375 of cash available. We have current liabilities of \$1,480. From the date of inception (August 6, 2007) to September 30, 2008 the Company has recorded a net loss of \$108,355 of which were expenses relating to the initial development of the Company, filing its Registration Statement on Form SB-2, and expenses relating to maintaining Reporting Company status with the SEC. In order to survive as a going concern over the Company will require additional capital investments or borrowed funds to meet cash flow projections and carry forward our business objectives. There can be no guarantee or assurance that we can raise adequate capital from outside sources to fund the proposed business. Failure to secure additional financing would result in business failure and a complete loss of any investment made into the Company.

The Company filed a registration statement on Form SB-2 on November 21, 2007, which was deemed effective on December 10, 2007. Since this time the Company has sold 1,000,000 shares of common stock to the public with total proceeds raised of \$100,000. These proceeds have been utilized by the Company to fund its initial development including administrative costs associated with maintaining its status as a Reporting Company as defined by the Securities and Exchange Commission ("SEC") under the Exchange Act of 1934 as amended. The Company plans to continue to focus efforts on selling their common shares through this offering in order to continue to fund its initial development and fund the expenses associated with maintaining a reporting company status.

In addition, on May 8, 2008 the Financial Industries Regulatory Authority (FINRA) cleared Friendly Auto Dealers to trade on the Over the Counter Bulletin Board under the symbol, FYAD. To date there has been limited trading in the securities of the Company. There can be no guarantee or assurance that a sizable public market will ever exist for the common stock. Failure to create a market for the Company's common stock could result in business failure and a complete loss of any investment made into the Company.

Product Research and Development

The Company does not anticipate any costs or expenses to be incurred for product research and development within the next twelve months.

Employees

There are no employees of the Company, excluding the current President and Director, Mr. Lam and the Company does not anticipate hiring any additional employees within the next twelve months.

## Off-Balance Sheet Arrangements

As of the date of this Quarterly Report, the Company does not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors. The term "off-balance sheet arrangement" generally means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with the Company is a party, under which the Company has (i) any obligation arising under a guarantee contract, derivative instrument or variable interest; or (ii) a retained or contingent interest in assets transferred to such entity or similar arrangement that serves as credit, liquidity or market risk support for such assets.

Item 3. Quantitative and Qualitative Disclosures about Market Risk.

Not Applicable

Item 4. Controls and Procedures

The management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting, as required by Sarbanes-Oxley (SOX) Section 404 A. The Company's internal control over financial reporting is a process designed under the supervision of the Company's Chief Executive Officer and Chief Financial Officer to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Company's financial statements for external purposes in accordance with U.S. generally accepted accounting principles.

As of September 30, 2008 management assessed the effectiveness of the Company's internal control over financial reporting based on the criteria for effective internal control over financial reporting established in SEC guidance on conducting such assessments. Based on that evaluation, they concluded that, during the period covered by this report, such internal controls and procedures were not effective to detect the inappropriate application of US GAAP rules as more fully described below. This was due to deficiencies that existed in the design or operation of our internal control over financial reporting that adversely affected our internal controls and that may be considered to be material weaknesses.

The matters involving internal controls and procedures that the Company's management considered to be material weaknesses under the standards of the Public Company Accounting Oversight Board were: (1) lack of a functioning audit committee and lack of a majority of outside directors on the Company's board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; (2) inadequate segregation of duties consistent with control objectives; (3) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of US GAAP and SEC disclosure requirements; and (4) ineffective controls over period end financial disclosure and reporting processes. The aforementioned material weaknesses were identified by the Company's Chief Financial Officer in connection with the review of our financial statements as of September 30, 2008 and communicated the matters to our management.

Management believes that the material weaknesses set forth in items (2), (3) and (4) above did not have an affect on the Company's financial results. However, management believes that the lack of a functioning audit committee and lack of a majority of outside directors on the Company's board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures can result in the Company's determination to its financial statements for the future years.

We are committed to improving our financial organization. As part of this commitment, we will create a position to segregate duties consistent with control objectives and will increase our personnel resources and technical accounting expertise within the accounting function when funds are available to the Company: i) Appointing one or more outside

directors to our board of directors who shall be appointed to the audit committee of the Company resulting in a fully functioning audit committee who will undertake the oversight in the establishment and monitoring of required internal controls and procedures; and ii) Preparing and implementing sufficient written policies and checklists which will set forth procedures for accounting and financial reporting with respect to the requirements and application of US GAAP and SEC disclosure requirements.

Management believes that the appointment of one or more outside directors, who shall be appointed to a fully functioning audit committee, will remedy the lack of a functioning audit committee and a lack of a majority of outside directors on the Company's Board. In addition, management believes that preparing and implementing sufficient written policies and checklists will remedy the following material weaknesses (i) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of US GAAP and SEC disclosure requirements; and (ii) ineffective controls over period end financial close and reporting processes. Further, management believes that the hiring of additional personnel who have the technical expertise and knowledge will result proper segregation of duties and provide more checks and balances within the department. Additional personnel will also provide the cross training needed to support the Company if personnel turn over issues within the department occur. This coupled with the appointment of additional outside directors will greatly decrease any control and procedure issues the company may encounter in the future.

We will continue to monitor and evaluate the effectiveness of our internal controls and procedures and our internal controls over financial reporting on an ongoing basis and are committed to taking further action and implementing additional enhancements or improvements, as necessary and as funds allow.

Changes in Internal Controls.

There were no significant changes in the Company's internal controls or, to the Company's knowledge, in other factors that could significantly affect these controls subsequent to the date of their evaluation.
