This total includes 11,626 restricted stock units that represent a contingent right to receive one share of the registrant's common stock per unit. The units vest incrementally over four years from their grant dates, with 25% of the total becoming vested on each of the first through fourth anniversaries of the grant dates. This total also includes 17,214 performance units. Each performance unit represents a

Vesting will occur subsequent to the attainment of certain performance criteria approved by the Compensation Committee of the registrant's Board of Directors for designated three-year performance periods. If the performance criteria are exceeded, vesting may occur in an amount up to 200% of the reported number of shares; likewise, if the performance criteria are not attained, less than 100% of the reported number of shares may be vested.
- (2) These shares are held under the Company's 401(k) Retirement Savings Plan, 20% of which have vested.
- (3) These stock options will vest incrementally over four years, with 25% vesting on the first anniversary of the grant and 25% each 12 months thereafter until 100% vested. Option term is 10 years from date of grant.
