PROXY STATEMENT

Flanders Corporation, a North Carolina corporation (the "Company"), is soliciting this proxy on behalf of its Board of Directors for use at the 2003 Annual Meeting of shareholders to be held on Friday, December 19, 2003, at 3:00 p.m. local time, at 2399 26th Avenue North, Saint Petersburg, Florida, 33713, and at any adjournments thereof. This proxy statement, the proxy card, and the Company's 2002 Annual Report on Form 10-K will be mailed to shareholders beginning on or about November 19, 2003.

VOTING PROCEDURES

Record holders of shares of the Company's common stock, par value \$.001 per share, at the close of business on November 12, 2003, may vote at the meeting. Each shareholder has one vote for each share of common stock the shareholder owns. At the close of business on November 12, 2003, there were 26,052,073 shares of common stock outstanding and entitled to vote at the meeting.

Votes cast by proxy or in person at the annual meeting will be tabulated by the inspectors of election appointed for the meeting who will also determine whether or not a quorum is present. The Company's Bylaws provide that the holders of a majority of the issued and outstanding shares of the Company entitled to vote, represented in person or by proxy, constitute a quorum at any shareholders' meeting. Abstentions and broker non-votes are counted as present for

establishing a quorum, but as unvoted for determining the approval of any matter submitted to the shareholders for a vote. A broker non-vote occurs when a broker votes on some matters on the proxy card but not on others because he does not have the authority to do so.

You may revoke your proxy by filing a written notice of revocation with the Company. You may also revoke your proxy by either (1) filing a new proxy bearing a later date with the Company, or (2) by attending the meeting and voting in person.

If you do not specify on your proxy card how you want to vote your shares, we will vote signed returned proxies "for " the Board's nominees. The Company does not know of any other business that may be presented at the annual meeting. If a proposal other than the one listed in the Notice is presented at the annual meeting, your signed proxy card gives authority to Robert R. Employment Agreements

Messrs. Amerson and Clark have employment agreements effective as of December 15, 1995 ("Employment Agreements"). The Employment Agreements, as amended, provide for an annual base salary of \$250,000 for both Mr. Amerson and Mr. Clark and terminate in 2010. The Employment Agreements also provide that the executive shall be entitled to the following termination payments: (i) 100% of his current base salary if the employment is terminated as a result of his death or disability; (ii) up to 200% of his current base salary if the employment is terminated by the Company for any reason other than death, disability or for cause, or (iii) up to 250% of the executive's gross income during the year preceding his termination if the Employment Agreement is terminated by the executive for good reason or by the Company for any reason other than death, disability or cause and the termination occurs within two years after a change of control of the Company has occurred.

Long-Term Incentive Plan

In 1996, the Company adopted the Long-Term Incentive Plan ("LTI Plan") to assist the Company in securing and retaining key employees and consultants. The LTI Plan authorizes grants of incentive stock options, nonqualified stock options, stock appreciation rights ("SARs"), performance shares, restricted stock awards, dividend equivalents or other stock-based awards to individuals who are officers, key employees or outside consultants of the Company. There are 1,979,280 shares of common stock reserved for award under the LTI Plan.

The Plan is administered by the Compensation Committee. The Compensation Committee determines the total number and type of award granted in any year, the number and selection of employees or consultants to receive awards, the number and type of awards granted to each grantee and the other terms and provisions of the awards, subject to the limitations set forth in the LTI Plan.

Stock Option Grants. The Compensation Committee has the authority to select individuals who are to receive options under the LTI Plan and to specify the terms and conditions of each option so granted (incentive or nonqualified), the exercise price (which must be at least equal to the fair market value of the common stock on the date of grant with respect to incentive stock options), the vesting provisions and the option term. Unless otherwise provided by the Compensation Committee, any option granted under the LTI Plan expires the earlier of (1) five years from the date of grant; (2) two months after the optionee's termination of service with the Company for any reason other than death; or (3) 15 months after the optionee's death. As of November 12, 2003, there were 589,000 options outstanding under the LTI Plan.

Stock Appreciation Rights. The Compensation Committee may grant SARs separately or in tandem with a stock option award. A SAR is an incentive award that permits the holder to receive (per share covered thereby) an amount equal to the amount by which the fair market value of a share of common stock on the date of exercise exceeds the fair market value of such share on the date the SAR was granted. Under the LTI Plan, the Company may pay such amount in cash, in common stock or a combination of both. Unless otherwise provided by the Compensation Committee at the time of grant, the provisions of the LTI Plan relating to the termination of employment of a holder of a stock option will apply equally, to the extent applicable, to the holder of a SAR. A SAR granted in tandem with a related option will generally have the same terms and provisions as the related option with respect to exercisability. A SAR granted separately will have such terms as the Compensation Committee may determine, subject to the provisions of the LTI Plan. As of November 12, 2003, no SARs were outstanding under the LTI Plan.

Performance Shares. The Compensation Committee is authorized under the LTI Plan to grant performance shares to selected employees. Performance shares are rights granted to employees to receive cash, stock, or other property, the payment of which is contingent upon achieving certain performance goals established by the Compensation Committee. As of November 12, 2003, no performance shares were outstanding under the LTI Plan.

Restricted Stock Awards. The Compensation Committee is authorized under the LTI Plan to issue shares of restricted common stock to eligible participants on such terms and conditions and subject to such restrictions, if any, as the Compensation Committee may determine. As of November 12, 2003, no restricted stock awards were outstanding under the LTI Plan.

Dividend Equivalents. The Compensation Committee may also grant dividend equivalent rights to participants subject to such terms and conditions as may be selected by the Compensation Committee. Dividend equivalent rights entitle the holder to receive payments equal to dividends with respect to all or a portion of the number of shares of stock subject to an option award or SARs, as determined by the Committee. As of November 12, 2003, no dividend equivalents were outstanding under the LTI Plan.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

General

The Compensation Committee of the Board of Directors is currently composed of three independent directors, Messrs. Fredericks, Steele, and Mock , who have no interlocking relationships (as defined by the SEC) , the Board Chairman and CEO , Mr. Amerson, who recuses himself from votes and discussions on his own compensation, and Board member and CFO, Mr. Clark, who recuses himself from votes and discussions on his own compensation ..

We are engaged in highly competitive businesses and compete nationally for personnel at the executive and technical staff level. Outstanding candidates are aggressively recruited, often at premium salaries. Highly qualified employees are essential to our success. We are committed to providing competitive compensation that helps attract, retain, and motivate the highly skilled people we require. We strongly believe that a considerable portion of the compensation for the Chief Executive Officer and other top executives must be tied to the achievement of business objectives, completing acquisitions, and to business unit and overall financial performance, both current and long-term.

Executive Compensation

Our executive compensation program is administered by the Compensation Committee. The role of the Compensation Committee is to review and approve salaries and other compensation of the executive officers of the Company, to administer the Long-Term Incentive Plan, and to review and approve stock option grants to all employees including the executive officers of the Company.

General Compensation Philosophy

Our compensation philosophy is that total cash compensation should vary with the performance of the Company and any long-term incentive should be closely aligned with the interest of the stockholders. Total cash compensation for the executive officers consists of the following components:

- Base Salary.
- An executive officer bonus that is related to growth in sales and operating earnings of the Company.

Long-term incentives are realized through the granting of stock options to executives and key employees through the LTI Plan. We have also granted certain non-qualified options to our executive officers. We have no other long-term incentive plans for our officers and employees.

Base Salary and Executive Officer Bonus Target

Current base salaries for the executive officers were determined by arms length negotiations with the Board of Directors. Messrs. Clark and Amerson have employment contracts with the Company which set base salaries and allow for bonus targets and levels to be set at the sole discretion of this committee. During 2000 and 2001, none of the executive officers reached their bonus targets, hence no bonuses were awarded to executive officers in 2002, nor will bonuses be awarded in 2003 for performance in 2002 ..

Chief Executive Officer Compensation

The current base salary for the Chief Executive Officer of \$250,000 is set according to his employment contract, which also includes provision for annual bonuses at the sole discretion of this committee. No bonuses were awarded to the Chief Executive Officer in 2002 and none were accrued based upon 2002 performance.

Stock Options

Stock options are granted to aid in the retention of executive and key employees and to align the interests of executive and key employees with those of the stockholders. The level of stock options granted (i.e., the number of shares subject to each stock option grant) is based on the employee's ability to impact future corporate results. An employee's ability to impact future corporate results depends on the level and amount of job responsibility of the individual. Therefore, the level of stock options granted is proportional to the Compensation Committee's evaluation of each employee's job responsibility. For example, Robert R. Amerson, as the Chief Executive Officer, and Steven K. Clark, as Chief Operating Officer, have the highest levels of responsibility and would typically be awarded the highest level of stock options. Stock options are granted at a price not less than the fair market value on the date granted.

Respectfully submitted,

COMPENSATION COMMITTEE:

Peter Fredericks

D. Michael Steele

Robert Amerson

David Mock

Steven K. Clark

COMPARATIVE STOCK PERFORMANCE GRAPH

The following graph shows a comparison of cumulative total returns for the Company, the NASDAQ Stock Market -- U.S. Index and the NASDAQ NM Industrial Index during the period commencing December 31, 1997 and ending September 30, 2003 .. The comparison assumes \$100 was invested on December 31, 1997 in the Company's common stock with the reinvestment of all dividends, if any. Total shareholder returns for prior periods are not an indication of future returns.

REPORT OF THE AUDIT COMMITTEE

General

The Audit Committee of the Board of Directors is composed of three independent directors who have no interlocking relationships as defined by the Commission, Messrs. Mock , and Fredericks, and Steele.

The Audit Committee reviews the results and scope of the audit and other services provided by the Company's independent auditors, reviews and evaluates the Company's internal audit and control functions, and monitors transactions between the Company and its employees, officers and directors.

Audit Committee Charter

During 2000, the Audit Committee recommended the approval of a formal Charter, which expanded the Audit Committee's primary duties and responsibilities to include:

-
- Serve as an independent and objective party to monitor the Company's financial reporting processes and internal control systems
