Section 7.- Regulation FD Disclosure

Item 7.01 Regulation FD Disclosure

As reported in a press release on March 8, 2013, Don Southwell, CEO of Kemper Corporation ("Kemper" or the "Company"), was a presenter at the 17th Annual Insurance Conference sponsored by the New York Society of Securities Analysts (NYSSA), which was intended to be webcast live on March 18, 2013. However, due to technical difficulties of which the Company was not contemporaneously aware, Mr. Southwell's remarks were not broadcast as planned. Pursuant to SEC Regulation FD, the Company believes that it is important for investors to be aware of several matters mentioned during Mr. Southwell's presentation. He indicated that he considers shares of Kemper stock to be attractively priced at current levels, as evidenced by recent trades below their tangible book value. Mr. Southwell also indicated that the Company is actively repurchasing its shares within its internal guidelines and has repurchased approximately \$6 million worth of its stock in the last several weeks. In addition, Mr. Southwell indicated that although Kemper plans to hold excess capital for potential acquisitions, its focus in 2013 will be on improving the profitability of its property and casualty businesses.

The Company expects that a full audio replay of Mr. Southwell's presentation will be available on its website, kemper.com, within approximately the next 24 hours.
