Item 1.01 Entry into a Material Definitive Agreement.

On December 15, 2006, IDEXX Laboratories, Inc. and its subsidiary IDEXX Sciences, Inc. (together, the Company or IDEXX) entered into a Purchase and Sale Agreement (the Purchase and Sale Agreement) with Osmetech plc, Osmetech Technology Inc., Osmetech Inc. and Osmetech GmbH (collectively, Osmetech) pursuant to which IDEXX will acquire Osmetech s Critical Care Division, which develops, manufactures and sells electrolyte and blood gas analyzers and related consumable products (the Acquisition). The Acquisition is structured as a purchase of assets for an aggregate purchase price of \$44.9 million in cash and the assumption of certain liabilities by IDEXX. The purchase price is subject to a post-closing adjustment based on the Critical Care Division s net asset value as of the closing date of the Acquisition.

IDEXX has made customary representations and warranties and covenants in the Purchase and Sale Agreement, which also contains mutual indemnification obligations. The closing of the Acquisition is contingent upon approval by the shareholders of Osmetech plc and is subject to applicable foreign regulatory filing requirements and approvals and the satisfaction of other customary closing conditions. The Acquisition is expected to close on or around January 31, 2007.

The foregoing description of the terms and conditions of the Purchase and Sale Agreement and the Acquisition is not complete and is qualified in its entirety by reference to the Purchase and Sale Agreement, which is filed as Exhibit 2.1 hereto and is incorporated herein by reference. The Purchase and Sale Agreement has been included to provide information regarding its terms. It is not intended to provide any other factual information about IDEXX or Osmetech. Such information regarding IDEXX can be found in the other public filings IDEXX makes with the U.S. Securities and Exchange Commission (the SEC), which are available without charge through the web site maintained by the SEC at www.sec.gov.

Apart from the Acquisition, IDEXX currently purchases all of its VetStat® electrolyte and blood gas analyzers and consumables from Osmetech Inc., a wholly owned subsidiary of Osmetech plc, and has also engaged Osmetech Inc. for the development and supply of next-generation analyzer and consumables technologies.

Cautionary Note Regarding Forward-Looking Statements.

Statements in this document regarding the Acquisition, the expected effects, timing and completion of the proposed transaction and any other statements about IDEXX s future expectations, beliefs, goals, plans or prospects constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Any statements that are not statements of historical fact (including statements containing the words believes, plans, anticipates, expects, estimates and similar expressions) should also be considered to be forward-looking statements. There are a number of important factors that could cause actual results or events to differ materially from those indicated by such forward-looking statements, including: the ability to consummate the proposed transaction due to the failure to satisfy conditions to the closing of the proposed transaction such as approval of the shareholders of Osmetech plc, the ability to recognize the anticipated benefits of the transaction, intense competition in IDEXX s industry, changes in government regulation, failure to successfully integrate the assets, operations and employees of the acquired business and other factors described in IDEXX s Annual Report on Form 10-K for the year ended December 31, 2005 and its most recent quarterly report filed with the SEC. In addition, any forward-looking statements represent IDEXX s estimates only as of today and should not be relied upon as representing IDEXX s estimates as of any subsequent date. IDEXX disclaims any intention or obligation to update any forward-looking statements as a result of developments occurring after the date of this Current Report on Form 8-K.
