Forward-Looking Statements

This prospectus supplement, the accompanying prospectus and the information and documents incorporated by reference into this prospectus supplement contain or will contain forward-looking statements which relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as "may", "should", "expect", "plan", "anticipate", "believe", "estimate", "predict", "potential" or "continue" or the negative of these terms or other comparable terminology. Forward-looking statements are based on material factors and assumptions made by our company in light of management's experience and perception of historical trends, current conditions and expected future developments, as well as other factors that we believe are appropriate in the circumstances, including but not limited to, general economic conditions, product pricing levels and competitive intensity, supply constraints, the timing and success of new product introductions, our expectations regarding our business, strategy, opportunities and prospects, including our ability to implement meaningful changes to address business challenges, and our expectations regarding the cash flow from operations. These statements are only predictions and involve known and unknown risks, uncertainties and other factors, including the risks in the section entitled "Risk Factors", uncertainties and other factors, that may cause our company's or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements.

While these forward-looking statements, and any assumptions upon which they are based, are made in good faith and reflect our current judgment regarding the direction of our business, actual results will almost always vary, sometimes materially, from any estimates, predictions, projections, assumptions or other future performance suggested herein. We caution you not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Except as required by applicable law, including the securities laws of the United States and Canada, we disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events.

S-21

Use of Proceeds

We estimate that the proceeds from this offering, after deducting estimated offering expenses payable by us and underwriting discounts and commissions, will be approximately \$<> million (or \$<> million if the underwriters' option to purchase additional shares is exercised in full). We intend to use the net proceeds from this offering for general corporate purposes, which may include reducing any outstanding indebtedness, increasing our working capital or capital expenditures. Pending such use, we may temporarily invest the proceeds. We have not determined the amounts we plan to spend on the areas listed above or the timing of these expenditures. As a result, our management will have broad discretion to allocate the net proceeds from this offering.

S-22

Dilution

If you invest in the shares of our common stock in this offering, your interest will be diluted immediately to the extent of the difference between the public offering price per share of our common stock and the pro forma net tangible book value per share of our common stock after this offering. As of December 31, 2018, our net tangible book value was \$<>, or less than \$<> per share of our common stock. Our net tangible book value per share is equal to total assets less intangible assets and total liabilities, divided by the number of shares of our outstanding common stock.

Net tangible book value dilution per share represents the difference between the amount per share of common stock paid by the new investors who purchase shares of our common stock in this offering and the pro forma net tangible book value per share in our common stock immediately after completion of this offering. After giving effect to our sale of <> shares of our common stock at a public offering price of \$<> per share, excluding the exercise of the underwriters' option to purchase additional shares, and after deducting underwriting discounts, commissions and estimated offering expenses payable by us, our pro forma net tangible book value as of December 31, 2018 would have been \$<>, or \$<> per share. This represents an immediate increase of net tangible book value of \$<> per share to our existing stockholders and an immediate dilution in net tangible book value of \$<> per share to purchasers of shares of our common stock in this offering. The following table illustrates this per share dilution:

Public offering price per share	\$<>
Net tangible book value per share as of December 31, 2018	\$(<>)
Increase in net tangible book value per share attributable to this offering	\$ <>
Pro forma net tangible book value per share after this offering	\$<>
Dilution per share to investors in this offering	\$<>

The above calculation is based on 34,093,011 shares of our common stock outstanding as of December 31, 2018 and excludes as of that date:

- 2,272,900 shares of our common stock issuable upon exercise of stock options outstanding as of December 31, 2018, at a weighted average exercise price of \$0.84 per share;
- 6,902,785 shares of our common stock issuable upon exercise of warrants outstanding as of December 31, 2018, at a weighted average exercise price of \$1.02 per share;
- 1,500,000 shares of our common stock issuable upon conversion of shares of our Series C Preferred Stock as of December 31, 2018 and
- 3,800,000 shares of our common stock issuable upon conversion of shares of our Series D Preferred Stock as of December 31, 2018.

In addition, the amounts in the table above assume no exercise by the underwriters of their option to purchase additional shares. If the underwriters exercise their option to purchase shares of our common stock in full, the pro forma net tangible book value per share after this offering would be approximately \$<> per share, representing an increase in net tangible book value per share attributable to this offering of approximately \$<> and dilution in net tangible book value per share to investors in this offering of approximately \$<>.

S-23

The above illustration of per share dilution to investors participating in this offering assumes no exercise of outstanding options or warrants to purchase shares of our common stock and no conversion of our preferred stock. The exercise of outstanding options and warrants having an exercise price less than the offering price or the conversion of preferred stock for no additional consideration will increase dilution to new investors. In addition, we may choose to raise additional capital depending on market conditions, our capital requirements and strategic considerations, even if we believe we have sufficient funds for our current or future operating plans. To the extent that we raise additional capital through the sale of equity or convertible debt securities, the issuance of these securities could result in further dilution to our stockholders.

S-24

Underwriting

We are offering the shares of common stock described in this prospectus supplement through underwriters. Subject to the terms and conditions set forth in the underwriting agreement between us and Canaccord Genuity LLC, as representative of the underwriters, we have agreed to sell to the underwriters, and each underwriter has severally agreed to purchase from us, at the public offering price of \$<> per share less the underwriting discount of \$<> per share, the number of shares of common stock listed next to its name in the following table:

Name	Number of shares
Canaccord Genuity LLC	

Total

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the shares sold under the underwriting agreement if any of these shares are purchased, other than the shares covered by the option described below unless and until this option is exercised.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933 and to contribute to payments the underwriters may be required to make for certain liabilities.

The underwriters are offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The underwriters have advised us that they propose to offer the shares of common stock directly to the public at the public offering price set forth on the cover page of this prospectus supplement, and to dealers at the public offering price less a selling concession not in excess of \$<> per share. The underwriters also may allow, and dealers may reallow, a concession not in excess of \$<> per share to brokers and dealers. After the public offering of the shares, the underwriters may change the offering price and other selling terms.

The underwriting fee is equal to the public offering price per share of common stock less the amount paid by the underwriters to us per share of common stock. The underwriting fee is \$<> per share. The following table shows the per share and total underwriting discounts to be paid to the underwriters assuming both no exercise and full exercise of the underwriters' option to purchase additional shares.

	Per Share	Total Without Exercise of Option to Purchase Additional Shares	Total With Exercise of Option to Purchase Additional Shares
Public offering price	\$	\$	\$
Underwriting discounts and commissions paid by us			
Net Proceeds, before expenses, to us			

The expenses of the offering payable by us in connection with the offering, other than the underwriting discounts and commissions and the expense reimbursement referred to below, are estimated to be approximately \$<>. We are responsible for all of our expenses related to the offering, whether or not it is completed.

Explanation of Responses:

Edgar Filing: REYELTS PAUL C - Form 5

In addition to the underwriting discounts and commissions to be paid by us, we have agreed to reimburse the underwriters for (i) up to \$200,000 of certain of their expenses incurred in connection with the offering, and (ii) the fees and disbursements of counsel to the underwriters in connection with the review by, and clearance of the offering with, FINRA of the terms of the sale of the shares of common stock in an amount not to exceed \$15,000. In accordance with FINRA Rule 5110, these reimbursed amounts are deemed underwriting compensation for this offering.

S-25

Option to Purchase Additional Shares

We have granted an option to the underwriters to purchase up to an aggregate of <> additional shares of our common stock at the public offering price less the underwriting discount. If any shares are purchased with this option to purchase additional shares, the underwriters will purchase shares in approximately the same proportion as shown in the table above. If any additional shares of common stock are purchased, the underwriters will offer the additional shares on the same terms as those on which the shares are being offered

Lock-Up Agreements

We have agreed that during a period of 90 days from the date of this prospectus supplement, we will not, subject to certain exceptions and without the prior written consent of Canaccord Genuity LLC, (i) directly or indirectly, offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase or otherwise transfer or dispose of any shares of our common stock or any securities convertible into or exercisable or exchangeable for shares of our common stock or file any registration statement under the Securities Act of 1933 with respect to any of the foregoing or (ii) enter into any swap or any other agreement or any transaction that transfers, in whole or in part, directly or indirectly, the economic consequence of ownership of shares of our common stock, whether any such swap or transaction described in clause (i) or (ii) above is to be settled by delivery of shares of common stock or such other securities, in cash or otherwise, subject to certain exceptions.

All of our executive officers and directors have agreed that they will not, without the prior written consent of Canaccord Genuity LLC, offer, sell, contract to sell, pledge or otherwise transfer or dispose of (or enter into any transaction which is designed to, or might reasonably be expected to, result in the disposition of (whether by actual disposition or effective economic disposition due to cash settlement or otherwise) by them or any of their affiliates or any person in privity with them or any of their affiliates), directly or indirectly, including the filing (or participation in the filing) of a registration statement with the SEC in respect of, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Securities Exchange Act of 1934, and the rules and regulations of the SEC promulgated thereunder with respect to, any shares of our common stock or any securities convertible into, or exercisable or exchangeable for our common stock, or publicly announce an intention to effect any such transaction, for a period from the date of this prospectus supplement until, and including the date that is, 90 days after the date of this prospectus supplement. Each of the lock-up agreements contains certain exceptions, including the establishment of a Rule 10b5-1 trading plan, provided that (i) such plan does not provide for the transfer of shares of common stock during the 90-day period and (ii) no public announcement or filing under the Securities Exchange Act of 1934 is required or voluntarily made regarding the establishment of such plan. This lock-up provision applies to shares of our common stock owned now or acquired later by the person executing the agreement or for which the person executing the agreement later acquires the power of disposition. Certain of our executive offices and directors may enter into Rule 10b5-1 trading plans.

Canaccord Genuity LLC may, in its discretion, release any of the securities subject to these lock-up agreements at any time without notice.

Price Stabilization, Short Positions and Penalty Bids

In connection with the offering, the underwriters may purchase and sell our common stock in the open market. These transactions may include over-allotment and stabilizing transactions, passive market making and purchases to cover syndicate short positions created in connection with the offering. Until distribution of the shares of our common stock is completed, SEC rules may limit the underwriters from bidding for and purchasing shares of our common stock. However, the underwriters may engage in transactions that stabilize the price of the shares of our common stock, such

as bids or purchases to peg, fix or maintain that price. A "stabilizing transaction" is a bid for or the purchase of common stock on behalf of an underwriter in the open market for the purpose of fixing or maintaining the price of the shares of common stock. Stabilizing transactions may cause the price of shares of our common stock to be higher than the price that might otherwise prevail in the open market.

S-26

If an underwriter creates a short position in our common stock in connection with the offering (i.e., if it sells more shares of our common stock than are listed on the cover page of this prospectus supplement), the underwriter may reduce that short position by purchasing shares of our common stock in the open market. A "covering transaction" is the bid for or purchase of common stock on behalf of an underwriter to reduce a short position incurred by the underwriter in connection with the offering. The underwriters may also elect to reduce any short position by exercising all or part of the option to purchase additional shares described above. A short position is more likely to be created if an underwriter is concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase shares in this offering. Similar to other purchase transactions, an underwriter's purchases to cover the short sales may have the effect of raising or maintaining the market price of our shares or preventing or retarding a decline in the market price of our shares. As a result, the price of our shares may be higher than the price that might otherwise prevail in the open market.

An underwriter also may impose a penalty bid, whereby the underwriter may reclaim selling concessions allowed to syndicate members or other broker-dealers in respect of the common stock sold in the offering for their account if the underwriter repurchases the shares in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the common stock, which may be higher than the price that might otherwise prevail in the open market. The imposition of a penalty bid may also affect the price of the shares of our common stock in that it discourages resales of those shares of our common stock.

In connection with the offering, the underwriters may also engage in passive market making transactions in our common stock on The Nasdaq Capital Market in accordance with Rule 103 of Regulation M during a period before the commencement of offers or sales of shares of our common stock in this offering and extending through the completion of distribution. A passive market maker must display its bid at a price not in excess of the highest independent bid of that security. However, if all independent bids are lowered below the passive market maker's bid, that bid must then be lowered when specified purchase limits are exceeded.

The underwriters have advised us that these transactions may be effected on The Nasdaq Capital Market or otherwise. Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of shares of our common stock. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Electronic Distribution

This prospectus supplement and the accompanying prospectus may be made available in electronic format on websites or through other online services maintained by the underwriters of the offering, or by their affiliates. Other than this prospectus supplement and the accompanying prospectus in electronic format, the information on such websites and any information contained in any other website maintained by the underwriters or any of their affiliates is not part of this prospectus supplement, the accompanying prospectus or the registration statement of which this prospectus supplement and the accompanying prospectus form a part, has not been approved or endorsed by us or the underwriters in their capacities as underwriters and should not be relied upon by investors.

Explanation of Responses:

- have only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of Financial Services and Markets Act 2000 (as amended) ("FSMA")) to persons who have professional experience in matters relating to investments falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 or in circumstances in which section 21 of FSMA does not apply to us; and have complied with and will comply with all applicable provisions of FSMA with respect to anything done by it in relation to the securities in, from or otherwise involving the United Kingdom.

S-27

Switzerland

The securities will not be offered, directly or indirectly, to the public in Switzerland and this prospectus does not constitute a public offering prospectus as that term is understood pursuant to article 652a or 1156 of the Swiss Federal Code of Obligations.

European Economic Area

In relation to each Member State of the European Economic Area (the "EEA") which has implemented the Prospectus Directive (each, a "Relevant Member State"), an offer of our shares may not be made to the public in a Relevant Member State other than:

- to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant dealer or dealers nominated by us for any such offer, or;
- in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of our shares shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this description, the expression an "offer of our shares to the public" in relation to any of our shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe for the shares, as the expression may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that member state, and the expression "Prospectus Directive" means European Union Directive 2003/71/EC (as amended by Directive 2010/73/EU and includes any relevant implementing measure in each Relevant Member State.

Neither this prospectus supplement nor the accompanying prospectus is a prospectus for the purposes of the Prospectus Directive. This prospectus supplement and the accompanying prospectus have been prepared on the basis that any offer of our shares in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of shares. We have not authorized and do not authorize the making of any offer of securities through any financial intermediary on our behalf, other than offers made by the underwriters and their respective affiliates, with a view to the final placement of the securities as contemplated in this document. Accordingly, no purchaser of the shares, other than the underwriters, is authorized to make any further offer of shares on our behalf or on behalf of the underwriters.

Relationship with The Alkaline Water Company Inc.

In the ordinary course of business, the underwriters and their affiliates have provided, and in the future may provide, various investment banking, financial advisory and other services to us for which they have received, and may receive, customary compensation. In the course of their business, the underwriters and their affiliates may actively trade our securities for their own account or for the accounts of customers, and, accordingly the underwriters and their affiliates may at any time hold long or short positions in such securities.

About This Prospectus

This prospectus is a part of a registration statement that we filed with the United States Securities and Exchange Commission or SEC using a "shelf" registration process. Under this shelf registration process, we may, from time to time, offer and sell any of the securities or any combination of the securities described in this prospectus in one or more offerings up to a total dollar amount of \$50,000,000.

This prospectus provides you with a general description of the securities that we may offer. Each time we offer securities, we will provide a prospectus supplement containing specific information about the terms of that offering and the securities being offered. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with the documents incorporated by reference into this prospectus under the heading "Incorporation of Certain Information by Reference" and the additional information described under the heading "Where You Can Find More Information".

Unless we otherwise indicate or unless the context requires otherwise, all references in this prospectus to:

- the terms "we", "us", "our", "Company" and "Alkaline" refer to The Alkaline Water Company Inc., a Nevada corporation, and its wholly-owned subsidiaries, Alkaline 88, LLC (formerly Alkaline 84, LLC) and A88 Infused Beverage Division, Inc., unless otherwise specified;
- the term "securities" means the common stock, preferred stock, debt securities, warrants, subscription receipts and units described in this prospectus; and
- all reference to "dollars", "\$", "USD" or "US\$" are to U.S. dollars and all reference to "CDN\$" are to Canadian dollars.

The information contained in this prospectus is not complete and may be changed. You should rely only on the information provided in or incorporated by reference in this prospectus or any prospectus supplement. We have not authorized any dealer, salesman or other person to provide you with different or additional information. About The Alkaline Water Company Inc.

Our company offers retail consumers bottled alkaline water in 500-milliliter, 700-milliliter, 1-liter, 1.5-liter, 3-liter and 1-gallon sizes under the trade name Alkaline88®. Our product is produced through an electrolysis process that uses specialized electronic cells coated with a variety of rare earth minerals to produce our 8.8 pH drinking water without the use of any chemicals. Our product also incorporates 84 trace minerals from Himalayan salt. Our product is designed to have a clean smooth taste using only purified water and the Himalayan salt. Consumers drink our water because of the taste profile and the perceived health benefits. We are now one of the largest (by sales volume) alkaline water companies in the United States.

Our product is presently available in all 50 states and the District of Columbia at an estimated 47,500 retail locations, although over 50% of our current sales are concentrated in the Southwest and Texas. We distribute our product through several channels. We sell through large national distributors (UNFI, KeHe, C&S, and Core-Mark). We also sell our product directly to retail clients, including convenience stores, natural food products stores, large ethnic markets and national retailers. Some examples of retail clients are: Walmart, Food Lion, Albertson's, Safeway,

Kroger, Schnucks, Smart& Final, Jewel-Osco, Sprouts, Bashas', Stater Bros. Markets, Unified Grocers, Bristol Farms, Vallarta, Superior Foods, Ingles, HEB and Brookshire's. Currently, we sell our product to our retailers through brokers and distributors. Our larger retail clients bring the water in through their own warehouse distribution network.

We have not yet established an ongoing source of revenues sufficient to cover our operating costs and to allow us to continue as a going concern. As of December 31, 2018, we had an accumulated deficit of \$35,858,604. Our ability to continue as a going concern is dependent on our company obtaining adequate capital to fund operating losses until we become profitable. If we are unable to obtain adequate capital, we could be forced to significantly curtail or cease operations. In its report on our financial statements for the year ended March 31, 2018, our independent registered public accounting firm included an explanatory paragraph regarding substantial doubt about our ability to continue as a going concern. Our financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The principal offices of our company are located at 14646 N. Kierland Blvd., Suite 255, Scottsdale, AZ 85254. Our telephone number is (480) 656-2423. Our corporate website address is www.thealkalinewaterco.com. The information contained on, or that may be accessed through, our corporate website is not part of, and is not incorporated into, this prospectus.

Risk Factors

An investment in our common stock involves a number of very significant risks. You should carefully consider the following risks and uncertainties in addition to other information contained in or incorporated by reference in this prospectus in evaluating our company and our business before making an investment decision about our company. Our business, operating results and financial condition could be seriously harmed as a result of the occurrence of any of the following risks. You could lose all or part of your investment due to any of these risks.

Risks Related to Our Business

Because we have a limited operating history, our ability to fully and successfully develop our business is unknown.

We were incorporated in June 6, 2011, and we have only begun producing and distributing alkaline bottled water in 2013, and we have a limited operating history from which investors can evaluate our business. Our ability to successfully develop our products, and to realize consistent, meaningful revenues and profit has not been established and cannot be assured. For us to achieve success, our products must receive broad market acceptance by consumers. Without this market acceptance, we will not be able to generate sufficient revenue to continue our business operation. If our products are not widely accepted by the market, our business may fail.

Our ability to achieve and maintain profitability and positive cash flow is dependent upon our ability to generate revenues, manage development costs and expenses, and compete successfully with our direct and indirect competitors. We anticipate operating losses in upcoming future periods. This will occur because there are expenses associated with the development, production, marketing, and sales of our products.

Our independent registered public accounting firm has expressed substantial doubt about our ability to continue as a going concern.

Our financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. We have not yet established an ongoing source of revenues sufficient to cover our operating costs and to allow us to continue as a going concern. As of December 31, 2018, we had an accumulated deficit of \$35,858,604. Our ability to continue as a going concern is dependent on our company obtaining adequate capital to fund operating losses until we become profitable. If we are unable to obtain adequate capital, we could be forced to significantly curtail or cease operations.

In its report on our financial statements for the year ended March 31, 2018, our independent registered public accounting firm included an explanatory paragraph regarding substantial doubt about our ability to continue as a going concern. Our financial statements do not include any adjustments that might result from the outcome of this uncertainty.

We will need additional funds to produce, market, and distribute our products.

We will have to spend additional funds to produce, market and distribute our products. If we cannot raise sufficient capital, we may have to cease operations and you could lose your investment. We will need additional funds to produce our products for distribution to our target market. Even after we have produced our products, we will have to spend substantial funds on distribution, marketing and sales efforts before we will know if we have commercially viable and marketable/sellable products.

There is no guarantee that sufficient sale levels will be achieved.

There is no guarantee that the expenditure of money on distribution and marketing efforts will translate into sufficient sales to cover our expenses and result in profits. Consequently, there is a risk that you may lose all of your investment.

Our development, marketing, and sales activities are limited by our size.

Because we are small and do not have much capital, we must limit our product development, marketing, and sales activities. As such we may not be able to complete our production and business development program in a manner that is as thorough as we would like. We may not ever generate sufficient revenues to cover our operating and expansion costs and you may, therefore, lose your entire investment.

Changes in the non-alcoholic beverage business environment and retail landscape could adversely impact our financial results.

The non-alcoholic beverage business environment is rapidly evolving as a result of, among other things, changes in consumer preferences, including changes based on health and nutrition considerations and obesity concerns; shifting consumer tastes and needs; changes in consumer lifestyles; and competitive product and pricing pressures. In addition, the non-alcoholic beverage retail landscape is very dynamic and constantly evolving, not only in emerging and developing markets, where modern trade is growing at a faster pace than traditional trade outlets, but also in developed markets, where discounters and value stores, as well as the volume of transactions through e-commerce, are growing at a rapid pace. If we are unable to successfully adapt to the rapidly changing environment and retail landscape, our share of sales, volume growth and overall financial results could be negatively affected.

Intense competition and increasing competition in the commercial beverage market could hurt our business.

The commercial retail beverage industry, and in particular its non-alcoholic beverage segment, is highly competitive. Market participants are of various sizes, with various market shares and geographical reach, some of whom have access to substantially more sources of capital.

We compete generally with all liquid refreshments, including bottled water and numerous specialty beverages, such as: Core Hydration, SoBe; Snapple; Arizona Ice Tea; Vitamin Water; Gatorade; and Powerade.

We compete indirectly with major international beverage companies including but not limited to: the Coca-Cola Company; PepsiCo, Inc.; Nestlé; Dr Pepper Snapple Group; Groupe Danone; Kraft Foods Group, Inc.; and Unilever. These companies have established market presence in the United States, and offer a variety of beverages that are substitutes to our products. We face potential direct competition from such companies, because they have the financial resources, and access to manufacturing and distribution channels to rapidly enter the alkaline water market. We compete directly with other alkaline water producers and brands focused on the emerging alkaline beverage market including: Eternal; Essentia; Core, Icelandic; Real Water; Aqua Hydrate; Mountain Valley; Qure; Penta; and Alka Power. These companies could bolster their position in the alkaline water market through additional expenditure and

promotion.

As a result of both direct and indirect competition, our ability to successfully distribute, market and sell our products, and to gain sufficient market share in the United States to realize profits may be limited, greatly diminished, or totally diminished, which may lead to partial or total loss of your investments in our company.

- 6 -

Alternative non-commercial beverages or processes could hurt our business.

The availability of non-commercial beverages, such as tap water, and machines capable of producing alkaline water at the consumer's home or at store-fronts could hurt our business, market share, and profitability.

Expansion of the alkaline beverage market or sufficiency of consumer demand in that market for operations to be profitable are not guaranteed.

The alkaline water market is an emerging market and there is no guarantee that this market will expand or that consumer demand will be sufficiently high to allow our company to successfully market, distribute and sell our products, or to successfully compete with current or future competition, all of which may result in total loss of your investment.

A failure to introduce new products or product extensions into new marketplaces successfully could prevent us from achieving long-term profitability.

We compete in an industry characterized by rapid changes in consumer preferences, so our ability to continue developing new products to satisfy our consumers' changing preferences will determine our long-term success. A failure to introduce new products or product extensions into new marketplaces successfully could prevent us from achieving long-term profitability. In addition, customer preferences are also affected by factors other than taste, such as the publicity. If we do not adjust to respond to these and other changes in customer preferences, our sales may be adversely affected. In addition, a failure to obtain any required regulatory approvals for our proposed products could have a material adverse effect on our business, operating results and financial condition.

Our growth and profitability depends on the performance of third-parties and our relationship with them.

Our distribution network and its success depend on the performance of third parties. Any non-performance or deficient performance by such parties may undermine our operations, profitability, and result in total loss to your investment. To distribute our products, we use a broker-distributor-retailer network whereby brokers represent our products to distributors and retailers who will in turn sell our products to consumers. The success of this network will depend on the performance of the brokers, distributors and retailers of this network. There is a risk that a broker, distributor, or retailer may refuse to or cease to market or carry our products. There is a risk that the mentioned entities may not adequately perform their functions within the network by, without limitation, failing to distribute to sufficient retailers or positioning our products in localities that may not be receptive to our products. Furthermore, such third-parties' financial position or market share may deteriorate, which could adversely affect our distribution, marketing and sale activities. We also need to maintain good commercial relationships with third-party brokers, distributors and retailers so that they will promote and carry our products. Any adverse consequences resulting from the performance of third-parties or our relationship with them could undermine our operations, profitability and may result in total loss of your investment.

The loss of one or more of our major customers or a decline in demand from one or more of these customers could harm our business.

We have 2 major customers that together account for 46% (30% and 16%, respectively) of accounts receivable at December 31, 2018, and 2 customers that together account for 43% (24% and 19 %, respectively) of the total revenues earned for the three months ended December 31, 2018. There can be no assurance that such customers will continue to order our products in the same level or at all. A reduction or delay in orders from such customers, including reductions or delays due to market, economic or competitive conditions, could have a material adverse effect on our business, operating results and financial condition.

Explanation of Responses:

Our dependence on a limited number of vendors leaves us vulnerable to having an inadequate supply of required products, price increases, late deliveries, and poor product quality.

We have three vendors that accounted for 59% (36%, 12% and 11% respectively) of purchases for the three months ended December 31, 2018. Like other companies in our industry, we occasionally experience shortages and are unable to purchase our desired volume of products. Increasingly, our vendors are combining and merging together, leaving us with fewer alternative sources. If we are unable to maintain an adequate supply of products, our revenue and gross profit could suffer considerably. Finally, we cannot provide any assurance that our products will be available in quantities sufficient to meet customer demand. Any limits to product access could materially and adversely affect our business and results of operations.

- 7 -

Our business is sensitive to public perception. If any product proves to be harmful to consumers or if scientific studies provide unfavorable findings regarding their safety or effectiveness, then our image in the marketplace would be negatively impacted.

Our results of operations may be significantly affected by the public's perception of our company and similar companies. Our business could be adversely affected if any of our products or similar products distributed by other companies proves to be harmful to consumers or if scientific studies provide unfavorable findings regarding the safety or effectiveness of our products or any similar products. If our products suffer from negative consumer perception, it is likely to adversely affect our business and results of operations.

Health benefits of alkaline water is not guaranteed or proven, rather it is perceived by consumers.

Health benefits of alkaline water are not guaranteed and have not been proven. There is a consumer perception that drinking alkaline water has beneficial health effects. Consequently, negative changes in consumers' perception of the benefits of alkaline water or negative publicity surrounding alkaline water may result in loss of market share or potential market share and hence loss of your investment.

Water scarcity and poor quality could negatively impact our production costs and capacity.

Water is the main ingredient in our products. It is also a limited resource, facing unprecedented challenges from overexploitation, increasing pollution, poor management, and climate change. As demand for water continues to increase, as water becomes scarcer, and as the quality of available water deteriorates, we may incur increasing production costs or face capacity constraints that could adversely affect our profitability or net operating revenues in the long run.

Increase in the cost, disruption of supply or shortage of ingredients, other raw materials or packaging materials could harm our business.

We and our bottlers will use water, 84 trace minerals from Himalayan salts, packaging materials for bottles such as plastic and paper products. The prices for these ingredients, other raw materials and packaging materials fluctuate depending on market conditions. Substantial increases in the prices of our or our bottlers' ingredients, other raw materials and packaging materials, to the extent they cannot be recouped through increases in the prices of finished beverage products, would increase our operating costs and could reduce our profitability. Increases in the prices of our finished products resulting from a higher cost of ingredients, other raw materials and packaging materials could affect the affordability of our products and reduce sales.

An increase in the cost, a sustained interruption in the supply, or a shortage of some of these ingredients, other raw materials, or packaging materials and containers that may be caused by a deterioration of our or our bottlers' relationships with suppliers; by supplier quality and reliability issues; or by events such as natural disasters, power outages, labor strikes, political uncertainties or governmental instability, or the like, could negatively impact our net revenues and profits.

Changes in laws and regulations relating to beverage containers and packaging could increase our costs and reduce demand for our products.

We and our bottlers intend to offer our products in non-refillable, recyclable containers in the United States. Legal requirements have been enacted in various jurisdictions in the United States requiring that deposits or certain ecotaxes or fees be charged for the sale, marketing and use of certain non-refillable beverage containers. Other proposals relating to beverage container deposits, recycling, ecotax and/or product stewardship have been introduced in various

jurisdictions in the United States and overseas, and we anticipate that similar legislation or regulations may be proposed in the future at local, state and federal levels in the United States. Consumers' increased concerns and changing attitudes about solid waste streams and environmental responsibility and the related publicity could result in the adoption of such legislation or regulations. If these types of requirements are adopted and implemented on a large scale in the geographical regions in which we operate or intend to operate, they could affect our costs or require changes in our distribution model, which could reduce our net operating revenues or profitability.

Significant additional labeling or warning requirements or limitations on the availability of our products may inhibit sales of affected products.

Various jurisdictions may seek to adopt significant additional product labeling or warning requirements or limitations on the availability of our products relating to the content or perceived adverse health consequences of our products. If these types of requirements become applicable to our products under current or future environmental or health laws or regulations, they may inhibit sales of our products.

Unfavorable general economic conditions in the United States could negatively impact our financial performance.

Unfavorable general economic conditions, such as a recession or economic slowdown, in the United States could negatively affect the affordability of, and consumer demand for, our products in the United States. Under difficult economic conditions, consumers may seek to reduce discretionary spending by forgoing purchases of our products or by shifting away from our beverages to lower-priced products offered by other companies, including non-alkaline water. Consumers may also cease purchasing bottled water and consume tap water. Lower consumer demand for our products in the United States could reduce our profitability.

Adverse weather conditions could reduce the demand for our products.

The sales of our products are influenced to some extent by weather conditions in the markets in which we operate. Unusually cold or rainy weather during the summer months may have a temporary effect on the demand for our products and contribute to lower sales, which could have an adverse effect on our results of operations for such periods.

Changes in, or failure to comply with, the laws and regulations applicable to our products or our business operations could increase our costs or reduce our net operating revenues.

The advertising, distribution, labeling, production, safety, sale, and transportation in the United States of our products will be subject to: the Federal Food, Drug, and Cosmetic Act; the Federal Trade Commission Act; the Lanham Act; state consumer protection laws; competition laws; federal, state, and local workplace health and safety laws, such as the Occupational Safety and Health Act; various federal, state and local environmental protection laws; and various other federal, state, and local statutes and regulations. Legal requirements also apply in many jurisdictions in the United States requiring that deposits or certain ecotaxes or fees be charged for the sale, marketing, and use of certain non-refillable beverage containers. The precise requirements imposed by these measures vary. Other types of statutes and regulations relating to beverage container deposits, recycling, ecotaxes and/or product stewardship also apply in various jurisdictions in the United States. We anticipate that additional, similar legal requirements may be proposed or enacted in the future at the local, state and federal levels in the United States. Changes to such laws and regulations could increase our costs or reduce our net operating revenues.

In addition, failure to comply with environmental, health or safety requirements and other applicable laws or regulations could result in the assessment of damages, the imposition of penalties, suspension of production, changes to equipment or processes, or a cessation of operations at our or our bottlers' facilities, as well as damage to our image and reputation, all of which could harm our profitability.

- 9 -

Our products are considered premium and healthy beverages and are being sold at premium prices compared to our competitors; we cannot provide any assurances as to consumers' continued market acceptance of our current and future products.

We will compete directly with other alkaline water producers and brands focused on the emerging alkaline beverage market including Eternal, Essentia, Core, Icelandic, Real Water, Aqua Hydrate, Mountain Valley, Qure, Penta, and Alka Power. Products offered by our direct competitors are sold in various volumes and prices with prices ranging from approximately \$0.99 for a half-liter bottle to \$4.99 for a one-gallon bottle, and volumes ranging from half-liter bottles to one-gallon bottles. We currently offer our product in a one-gallon bottle for an SRP of \$4.99, three-liter bottle for an SRP of \$3.99, 1.5 liter at an SRP of \$2.49, 1 liter at an SRP of \$1.99, 700 milliliter single serving at an SRP of \$1.19, and a 500 milliliter at an SRP of \$0.99. Our competitors may introduce larger sizes and offer them at an SRP that is lower than our products. We can provide no assurances that consumers will continue to purchase our products or that they will not prefer to purchase a competitive product.

If the water or flavors we sell became contaminated, our business could be seriously harmed.

We have adopted various quality, environmental, health and safety standards. However, our products may still not meet these standards or could otherwise become contaminated. A failure to meet these standards or contamination could occur in our operations or those of our bottlers, distributors or suppliers. Such a failure or contamination could result in expensive production interruptions, recalls and liability claims. Moreover, negative publicity could be generated even from false, unfounded or nominal liability claims or limited recalls. Any of these failures or occurrences could negatively affect our business and financial performance.

We are subject to periodic claims and litigation that could result in unexpected expenses and could ultimately be resolved against us.

From time to time, we are involved in litigation and other proceedings, including matters related to product liability claims, stockholder class action and derivative claims, commercial disputes and intellectual property, as well as trade, regulatory, employment, and other claims related to our business. Any of these proceedings could result in significant settlement amounts, damages, fines or other penalties, divert financial and management resources, and result in significant legal fees. An unfavorable outcome of any particular proceeding could exceed the limits of our insurance policies or the carriers may decline to fund such final settlements and/or judgments and could have an adverse impact on our business, financial condition, and results of operations. In addition, any proceeding could negatively impact our reputation among our guests and our brand image.

Our inability to protect our trademarks and trade secrets may prevent us from successfully marketing our products and competing effectively.

Failure to protect our intellectual property could harm our brand and our reputation, and adversely affect our ability to compete effectively. Further, enforcing or defending our intellectual property rights, including our trademarks, copyrights, licenses and trade secrets, could result in the expenditure of significant financial and managerial resources. We regard our intellectual property, particularly our trademarks to be of considerable value and importance to our business and our success. We rely on a combination of trademark laws, confidentiality procedures and contractual provisions to protect our intellectual property rights. There can be no assurance that the steps taken by us to protect these proprietary rights will be adequate or that third parties will not infringe or misappropriate our trademarks, trade secrets or similar proprietary rights. In addition, there can be no assurance that other parties will not assert infringement claims against us, and we may have to pursue litigation against other parties to assert our rights. Any such claim or litigation could be costly. In addition, any event that would jeopardize our proprietary rights or any claims of infringement by third parties could have a material adverse effect on our ability to market or sell our

products.

- 10 -

We regularly evaluate potential expansion into international markets, and any expansion into such international operations could subject us to risks and expenses that could adversely impact our business, financial condition and results of operations.

To date, we have not undertaken substantial commercial activities outside of the United States. We have evaluated, and continue to evaluate, potential expansion into certain other international markets. If and when we seek to expand internationally in the future, our sales and operations would be subject to a variety of risks, including fluctuations in currency exchange rates, tariffs, import restrictions and other trade barriers, unexpected changes in legal and regulatory requirements, longer accounts receivable payment cycles, potentially adverse tax consequences, and difficulty in complying with foreign laws and regulations, as well as U.S. laws and regulations that govern foreign activities. Economic uncertainty in some of the geographic regions in which we might operate could result in the disruption of commerce and negatively impact our operations in those areas. Also, if we choose to pursue international expansion efforts, it may be necessary or desirable to contract with third parties, and we may not be able to enter into such agreements on commercially acceptable terms or at all. Further, such arrangements may not perform to our expectations, and we may be exposed to various risks as a result of the activities of our partners.

We rely on key executive officers, and their knowledge of our business would be difficult to replace.

We are highly dependent on our two executive officers, Richard A. Wright and David A. Guarino. We do not have "key person" life insurance policies for any of our officers. The loss of management and industry expertise of any of our key executive officers could result in delays in product development, loss of any future customers and sales and diversion of management resources, which could adversely affect our operating results.

Risk Related to Our Stock

Because we can issue additional shares of common stock, our stockholders may experience dilution in the future.

We are authorized to issue up to 200,000,000 shares of common stock and 100,000,000 shares of preferred stock, of which 34,656,829 shares of common stock are issued and outstanding, 1,500,000 shares of Series C Preferred Stock are issued and outstanding, and 3,800,000 shares of Series D Preferred Stock are issued and outstanding as of February 15, 2019. Our board of directors has the authority to cause us to issue additional shares of common stock and preferred stock, and to determine the rights, preferences and privileges of shares of our preferred stock, without consent of our stockholders. Consequently, the stockholders may experience more dilution in their ownership of our stock in the future.

Trading on the Nasdaq Capital Market or TSX Venture Exchange may be volatile, which could depress the market price of our common stock and make it difficult for our stockholders to resell their shares.

Our common stock is listed on the Nasdaq Capital Market and the TSX Venture Exchange. Trading of our common stock may experience wide fluctuations in trading prices, due to many factors that may have little to do with our operations or business prospects. This volatility could depress the market price of our common stock for reasons unrelated to operating performance.

A decline in the price of our common stock could affect our ability to raise further working capital, it may adversely impact our ability to continue operations and we may go out of business.

A prolonged decline in the price of our common stock could result in a reduction in the liquidity of our common stock and a reduction in our ability to raise capital. Because we plan to acquire a significant portion of the funds we need in order to conduct our planned operations through the sale of equity securities, a decline in the price of our common

stock could be detrimental to our liquidity and our operations because the decline may cause investors not to choose to invest in our stock. If we are unable to raise the funds we require for all our planned operations, we may be forced to reallocate funds from other planned uses and may suffer a significant negative effect on our business plan and operations, including our ability to develop new products and continue our current operations. As a result, our business may suffer, and not be successful and we may go out of business. We also might not be able to meet our financial obligations if we cannot raise enough funds through the sale of our equity securities and we may be forced to go out of business.

Because we do not intend to pay any cash dividends on our shares of common stock in the near future, our stockholders will not be able to receive a return on their shares unless they sell them.

We intend to retain any future earnings to finance the development and expansion of our business. We do not anticipate paying any cash dividends on our common stock in the near future. The declaration, payment and amount of any future dividends will be made at the discretion of the board of directors, and will depend upon, among other things, the results of operations, cash flows and financial condition, operating and capital requirements, and other factors as the board of directors considers relevant. There is no assurance that future dividends will be paid, and if dividends are paid, there is no assurance with respect to the amount of any such dividend. Unless we pay dividends, our stockholders will not be able to receive a return on their shares unless they sell them.

An adverse rating of our debt securities may cause their trading price to fall.

If a rating agency rates our debt securities, if any, it may assign them a low rating. Rating agencies also may lower ratings on our debt securities, if any, in the future. If rating agencies assign a lower-than-expected rating or reduce, or indicate that they may reduce, their ratings in the future, the trading price of our debt securities, if any, could significantly decline.

We cannot assure you that an active trading market will develop for the securities.

There is currently no public market for any of our securities other than our common stock. We do not know if an active market will develop for our other securities, or if developed, whether such a market will continue. If an active market is not developed or maintained, the market price and the liquidity of our other securities may be adversely affected.

Forward-Looking Statements

This prospectus, any prospectus supplement and the information and documents incorporated by reference into this prospectus contain or will contain forward-looking statements which relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as "may", "should", "expect", "plan", "anticipate", "believe", "estimate", "predict", "potential" or "continue" or the negative of these terms or other comparable terminology. Forward-looking statements are based on material factors and assumptions made by our company in light of management's experience and perception of historical trends, current conditions and expected future developments, as well as other factors that we believe are appropriate in the circumstances, including but not limited to, general economic conditions, product pricing levels and competitive intensity, supply constraints, the timing and success of new product introductions, our expectations regarding our business, strategy, opportunities and prospects, including our ability to implement meaningful changes to address business challenges, and our expectations regarding the cash flow from operations. These statements are only predictions and involve known and unknown risks, uncertainties and other factors, including the risks in the section entitled "Risk Factors", uncertainties and other factors, that may cause our company's or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements.

While these forward-looking statements, and any assumptions upon which they are based, are made in good faith and reflect our current judgment regarding the direction of our business, actual results will almost always vary, sometimes materially, from any estimates, predictions, projections, assumptions or other future performance suggested herein. We caution you not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Except as required by applicable law, including the securities laws of the United States and Canada, we disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after

the date of such statements or to reflect the occurrence of anticipated or unanticipated events.

Use of Proceeds

Unless we specify otherwise in a prospectus supplement, we intend to use the net proceeds from sales of securities by us for general corporate purposes, which may include reducing any outstanding indebtedness, increasing our working capital or financing acquisitions and capital expenditures. Pending such use, we may temporarily invest the proceeds.

Description of Capital Stock

The aggregate number of shares that we have the authority to issue is 300,000,000, of which 200,000,000 shares are common stock, with a par value of \$0.001 per share, and 100,000,000 shares are preferred stock, with a par value of \$0.001 per share. 3,000,000 shares of our authorized preferred stock are designated as "Series C Preferred Stock" and have conversion rights. 5,000,000 shares of our authorized preferred stock are designated as "Series D Preferred Stock" and have conversion rights.

As of February 15, 2019, there were 34,656,829 shares of our common stock issued and outstanding, 1,500,000 shares of Series C Preferred Stock issued and outstanding and 3,800,000 shares of Series D Preferred Stock issued and outstanding.

Common Stock

Our common stock is entitled to one vote per share on all matters submitted to a vote of our stockholders, including the election of directors. Except as otherwise provided by law or as provided in any resolution adopted by our board of directors providing for the issuance of any series of preferred stock, the holders of our common stock possess all voting power. There is no cumulative voting in the election of directors. Stockholders holding at least 33 % of the stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, will constitute a quorum at all meetings of the stockholders for the transaction of business except as otherwise provided by statute or by the articles of incorporation. When a quorum is present or represented at any meeting, the vote of the stockholders of a majority of the stock having voting power present in person or represented by proxy will be sufficient to elect members of our board of directors or to decide any question brought before such meeting, unless the question is one upon which by express provision of statute or of the articles of incorporation, a different vote is required in which case such express provision will govern and control the decision of such question. Except as otherwise required by law, any action required to be taken at a meeting of our stockholders, or any other action which may be taken at a meeting of our stockholders, may be taken without a meeting, without prior notice and without a vote if written consents are signed by our stockholders representing a majority of the shares entitled to vote at such a meeting.

Our board of directors has the power to amend our bylaws. As a result, our board of directors can change the quorum and voting requirements at a meeting of our stockholders, subject to the applicable laws.

Subject to any preferential rights of any outstanding series of preferred stock created by our board of directors from time to time, the holders of our common stock are entitled to receive, when, as and if declared by our board of directors, out of funds legally available therefore, dividends payable in cash, stock or otherwise. Our board of directors is not obligated to declare a dividend. Any future dividends will be subject to the discretion of our board of directors and will depend upon, among other things, future earnings, the operating and financial condition of our company, its capital requirements, general business conditions and other pertinent factors. It is not anticipated that dividends will be paid in the foreseeable future.

Upon any liquidation of our company, and after holders of any outstanding series of preferred stock have been paid in full the amounts to which they respectively are entitled or a sum sufficient for such payment in full has been set aside, the remaining net assets of our company are to be distributed pro rata to the holders of our common stock, to the

exclusion of holders of our preferred stock.

Our common stock is not convertible or redeemable and has no preemptive, subscription or conversion rights. There are no conversions, redemption, sinking fund or similar provisions regarding our common stock.

Preferred Stock

Our preferred stock may be divided into and issued in series. Our board of directors is authorized to divide the authorized shares of preferred stock into one or more series, each of which will be so designated as to distinguish the shares thereof from the shares of all other series and classes. Our board of directors is authorized to fix and determine the designations, rights, qualifications, preferences, limitations and terms of the shares of any series of preferred stock including but not limited to the following.

- The rate of dividend, the time of payment of dividends, whether dividends are cumulative, and the date from which any dividends will accrue;
- Whether shares may be redeemed, and, if so, the redemption price and the terms and conditions of redemption;
- The amount payable upon shares in the event of voluntary or involuntary liquidation;
- Sinking fund or other provisions, if any, for the redemption or purchase of shares;
- The terms and conditions on which shares may be converted, if the shares of any series are issued with the privilege of conversion;
- Voting powers, if any, provided that if any of the preferred stock or series thereof will have voting rights, such preferred stock or series will vote only on a share for share basis with the common stock on any matter, including but not limited to the election of directors, for which such preferred stock or series has such rights; and
- Subject to the foregoing, such other terms, qualifications, privileges, limitations, options, restrictions, and special or relative rights and preferences, if any, of shares or such series as our board of directors may, at the time so acting, lawfully fix and determine under the laws of the State of Nevada.

We must not declare, pay or set apart for payment any dividend or other distribution (unless payable solely in shares of common stock or other class of stock junior to the preferred stock as to dividends or upon liquidation) in respect of common stock, or other class of stock junior to the preferred stock, nor must we redeem, purchase or otherwise acquire for consideration shares of any of the foregoing, unless dividends, if any, payable to holders of preferred stock for the current period (and in the case of cumulative dividends, if any, payable to holders of preferred stock for the current period and in the case of cumulative dividends, if any, for all past periods) have been paid, are being paid or have been set aside for payment, in accordance with the terms of the preferred stock, as fixed by our board of directors.

In the event of the liquidation of our company, holders of preferred stock are entitled to receive, before any payment or distribution on the common stock or any other class of stock junior to the preferred stock upon liquidation, a distribution per share in the amount of the liquidation preference, if any, fixed or determined in accordance with the terms of such preferred stock plus, if so provided in such terms, an amount per share equal to accumulated and unpaid dividends in respect of such preferred stock (whether or not earned or declared) to the date of such distribution. Neither the sale, lease or exchange of all or substantially all of the property and assets of our company, nor any consolidation or merger of our company, will be deemed to be a liquidation for this purpose.

Series C Preferred Stock

3,000,000 shares of our authorized preferred stock are designated as "Series C Preferred Stock."

Series D Preferred Stock

5,000,000 shares of our authorized preferred stock are designated as "Series D Preferred Stock."

Anti-Takeover Provisions

Some features of the Nevada Revised Statutes, which are further described below, may have the effect of deterring third parties from making takeover bids for control of our company or may be used to hinder or delay a takeover bid. This would decrease the chance that our stockholders would realize a premium over market price for their shares of common stock as a result of a takeover bid.

Combination with Interested Stockholder

The Nevada Revised Statutes contain provisions governing combination of a Nevada corporation that has 200 or more stockholders of record with an interested stockholder. As of February 15, 2019, we had approximately 53 stockholders of record. Therefore, we believe that these provisions governing combination of a Nevada corporation do not apply to us and will not until such time as these requirements have been met. At such time as they may apply to us, these provisions may also have effect of delaying or making it more difficult to effect a change in control of our company.

A corporation affected by these provisions may not engage in a combination within three years after the interested stockholder acquires his, her or its shares unless the combination or purchase is approved by the board of directors before the interested stockholder acquired such shares. Generally, if approval is not obtained, then after the expiration of the three-year period, the business combination may be consummated with the approval of the board of directors before the person became an interested stockholder or a majority of the voting power held by disinterested stockholders, or if the consideration to be received per share by disinterested stockholders is at least equal to the highest of:

- the highest price per share paid by the interested stockholder within the three years immediately preceding the date of the announcement of the combination or within three years immediately before, or in, the transaction in which he, she or it became an interested stockholder, whichever is higher;
- the market value per share on the date of announcement of the combination or the date the person became an interested stockholder, whichever is higher; or
- if higher for the holders of preferred stock, the highest liquidation value of the preferred stock, if any.

Generally, these provisions define an interested stockholder as a person who is the beneficial owner, directly or indirectly of 10% or more of the voting power of the outstanding voting shares of a corporation. Generally, these provisions define combination to include any merger or consolidation with an interested stockholder, or any sale, lease, exchange, mortgage, pledge, transfer or other disposition, in one transaction or a series of transactions with an interested stockholder of assets of the corporation having:

- an aggregate market value equal to 5% or more of the aggregate market value of the assets of the corporation;
- an aggregate market value equal to 5% or more of the aggregate market value of all outstanding shares of the corporation; or
- representing 10% or more of the earning power or net income of the corporation.

Articles of Incorporation and Bylaws

There are no provisions in our articles of incorporation or our bylaws that would delay, defer or prevent a change in control of our company and that would operate only with respect to an extraordinary corporate transaction involving our company, such as merger, reorganization, tender offer, sale or transfer of substantially all of its assets, or liquidation.

Description of Debt Securities

The following describes the general terms and provisions of the debt securities we may offer. When we offer to sell particular debt securities, we will describe the specific terms of any debt securities offered from time to time in a supplement to this prospectus, which may supplement or change the terms outlined below.

We may issue secured or unsecured and senior or subordinated debt securities. Particular debt securities may have different terms. The senior debt securities will be issued under one or more senior indentures, dated as of a date prior

to such issuance, between us and a trustee to be named in a prospectus supplement, as amended or supplemented from time to time. Any subordinated debt securities will be issued under one or more subordinated indentures, dated as of a date prior to such issuance, between us and a trustee to be named in a prospectus supplement, as amended or supplemented from time to time. The indentures will be subject to and governed by the United States Trust Indenture Act of 1939.

- 15 -

Before we issue any debt securities, the form of indentures will be filed with the SEC and incorporated by reference as an exhibit to the registration statement of which this prospectus is a part or as an exhibit to a current report on Form 8-K. For the complete terms of the debt securities, you should refer to the applicable prospectus supplement and the form of indentures for those particular debt securities. We encourage you to read the applicable prospectus supplement and the form of indenture for those particular debt securities before you purchase any of our debt securities.

If we offer debt securities, we will describe the specific terms of the debt securities in a prospectus supplement, including:

- the title of the debt securities;
- the aggregate principal amount of the debt securities, the percentage of the principal amount at which the debt securities will be issued and the date or dates when the principal of the debt securities will be payable or how those dates will be determined;
- whether the amount of payments of principal of, or premium, if any, or interest on, the debt securities will be determined with reference to an index, formula or other method, which could be based on one or more commodities, equity indices or other indices, and how these amounts will be determined;
- provisions with respect to the subordination of the rights of holders of the debt securities to other security holders or creditors;
- whether such debt securities will be convertible into or exchangeable for any other securities and, if so, the terms and conditions upon which such debt securities will be so convertible or exchangeable and any applicable limitations on ownership or transferability of such other securities received on conversion;
- the person to whom any interest in a debt security will be payable, if other than the registered holder at the close of business on the regular record date;
- the interest rate or rates, which may be fixed or variable, that the debt securities will bear, if any, and how the rate or rates will be determined;
- the date or dates from which any interest will accrue or how the date or dates will be determined, the date or dates on which any interest will be payable, any regular record dates for these payments or how these dates will be determined and the basis on which any interest will be calculated, if other than on the basis of a 360-day year of twelve 30-day months;
- the place or places of payment, transfer, conversion and exchange of the debt securities and where notices or demands to or upon us in respect of the debt securities may be served;
- any provisions granting special rights to the holders of the debt securities upon the occurrence of specified events, including but not limited to any make-whole amount, which is the amount in addition to principal and interest that is required to be paid to the holder of a debt security as a result of any optional redemption or accelerated payments of such debt security, or the method for determining the make-whole amount;
- any optional redemption provisions;
- provisions relating to subsidiary guarantees, if any;
- any sinking fund or other provisions that would obligate us to repurchase or redeem the debt securities;
- any changes or additions to the events of default under the applicable indenture or our covenants, including additions of any restrictive covenants, with respect to the debt securities;
- any changes or additions to the provisions concerning defeasance and covenant defeasance contained in the indentures that will be applicable to the debt securities;
- if other than the trustee, the name of any paying agent, security registrar and transfer agent for the debt securities;
- if the debt securities are not to be issued in book-entry form only and held by The Depository Trust Company, or DTC, as depository, the form of such debt securities, including whether such debt securities are to be issuable in permanent or temporary global form, as registered securities, bearer securities or both, any restrictions on the offer, sale or delivery of bearer securities and the terms, if any, upon which bearer securities may be exchanged for registered securities and vice versa, if permitted by applicable law and

regulations;

- 16 -

- the currency or currencies of such debt securities;
- the denomination or denominations that the debt securities will be issued, if other than denominations of \$1,000 or any integral multiples in the case of the registered securities and \$5,000 or any integral multiples in the case of the bearer securities;
- whether and under what circumstances we will pay additional amounts to holders in respect of any tax assessment or government charge, and, if so, whether we will have the option to redeem the debt securities rather than pay such additional amounts; and
- the name of the trustee and the nature of any material relationship with us or any of our affiliates, and the percentage of debt securities of the class necessary to require the trustee to take action.

Description of Warrants

The following describes the general terms and provisions of the warrants that we may offer. When we offer to sell particular warrants, we will describe the specific terms of any warrants offered from time to time in a supplement to this prospectus, which may supplement or change the terms outlined below.

We may issue warrants for the purchase of common stock, preferred stock, debt securities, additional warrants, units or any combination thereof. We may issue warrants independently or together with common stock, preferred stock, debt securities or units and the warrants may be attached to or separate from these securities. We will evidence warrants by warrant certificates that we may issue under a separate agreement. We may enter into the warrant agreement with a warrant agent. We will indicate the name and address of any such warrant agent in the applicable prospectus supplement relating to particular warrants.

Before we issue any warrants, the forms of warrant agreement, if any, and warrant certificates will be filed with the SEC and incorporated by reference as exhibits to the registration statement of which this prospectus is a part or as exhibits to a current report on Form 8-K. For the complete terms of the warrants, you should refer to the applicable prospectus supplement and the forms of warrant agreement, if any, and warrant certificate for those particular warrants. We encourage you to read the applicable prospectus supplement and the forms of warrant agreement, if any, and warrant certificate for those particular warrants before you purchase any of our warrants.

If we offer warrants, we will describe the specific terms of the warrants in a prospectus supplement, including:

- the offering price and aggregate number of warrants offered;
- the currency for which the warrants may be purchased;
- if applicable, the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;
- if applicable, the date on and after which the warrants and the related securities will be separately transferable;
- in the case of warrants to purchase debt securities, the principal amount of debt securities purchasable upon exercise of one warrant and the price at, and currency, in which, this principal amount of debt securities may be purchased upon such exercise;
- in the case of warrants to purchase common stock, preferred stock, units or additional warrants, the number of shares of common stock, shares of preferred stock, units or additional warrants purchasable upon the exercise of one warrant and the price at which these securities may be purchased upon such exercise;
- the effect of any merger, consolidation, sale or other disposition of our business on the warrants;
- the terms of any rights to redeem or call the warrants;
- any provisions for changes to or adjustments in the exercise price or number of securities issuable upon exercise of the warrants;

Explanation of Responses:

Edgar Filing: REYELTS PAUL C - Form 5

- the dates on which the right to exercise the warrants will commence and expire;
 - the manner in which the warrant agreement, if any, and warrants may be modified;
 - the terms of the securities issuable upon exercise of the warrants; and
 - any other specific terms, preferences, rights or limitations of or restrictions on the warrants.

Description of Subscription Receipts

The following describes the general terms and provisions of the subscription receipts that we may offer. When we offer to sell particular subscription receipts, we will describe the specific terms of any subscription receipts offered from time to time in a supplement to this prospectus, which may supplement or change the terms outlined below.

We may issue subscription receipts, which will entitle holders to receive upon satisfaction of certain release conditions and for no additional consideration, common stock, preferred stock, warrants, debt securities or units or any combination thereof. We may issue subscription receipts independently or together with common stock, preferred stock, warrants, debt securities or units. We will evidence subscription receipts by subscription receipt certificates that we may issue under a separate agreement. We may enter into the subscription receipt agreement with a subscription receipt agent. We will indicate the name and address of any such subscription receipt agent in the applicable prospectus supplement relating to particular subscription receipts.

Before we issue any subscription receipts, the forms of subscription receipt agreement, if any, and subscription receipt certificates will be filed with the SEC and incorporated by reference as exhibits to the registration statement of which this prospectus is a part or as exhibits to a current report on Form 8-K. For the complete terms of the subscription receipts, you should refer to the applicable prospectus supplement and the forms of subscription receipt agreement, if any, and subscription receipt certificate for those particular subscription receipts. We encourage you to read the applicable prospectus supplement and the forms of subscription receipt agreement, if any, and subscription receipt certificate for those particular subscription receipts before you purchase any of our subscription receipts.

If we offer subscription receipts, we will describe the specific terms of the subscription receipts in a prospectus supplement, including:

- the offering price and aggregate number of subscription receipts offered;
- the currency for which the subscription receipts may be purchased;
- the designation and terms of the securities into which the subscription receipts are convertible;
- if applicable, the date on and after which the subscription receipts and the related securities will be separately transferable;
- in the case of subscription receipts to acquire debt securities, the principal amount of debt securities convertible upon conversion of one subscription receipt;
- in the case of subscription receipts to acquire common stock, preferred stock, warrants or units, the number of shares of common stock, shares of preferred stock, warrants, units or any combination thereof acquirable upon the conversion of one subscription receipt;
- the conditions that must be met in order for holders of subscription receipts to receive for no additional consideration common stock, preferred stock, debt securities, warrants or units, the number of shares of common stock, preferred stock, warrants or units or the amount of debt securities or any combination thereof;
- the effect of any merger, consolidation, sale or other disposition of our business on the subscription receipts;
- the terms of any rights to redeem or call the subscription receipts;
- any provisions for changes to or adjustments in the number of securities issuable upon conversion of the subscription receipts;
- the dates on which the right to convert the subscription receipts will commence and expire;
- the manner in which the subscription receipt agreement, if any, and subscription receipts may be modified;
- the terms of the securities issuable upon conversion of the subscription receipts; and
- any other specific terms, preferences, rights or limitations of or restrictions on the subscription receipts.

Description of Units

We may issue units consisting of one or more warrants, subscription receipts, debt securities, shares of common stock, shares of preferred stock, or any combination of such securities. When we offer to sell particular units, we will describe the specific terms of any units offered from time to time in a supplement to this prospectus, which may supplement or change the terms outlined below.

Before we issue any units, the form of agreement relating to units will be filed with the SEC and incorporated by reference as an exhibit to the registration statement of which this prospectus is a part or as an exhibit to a current report on Form 8-K. For the complete terms of the units, you should refer to the applicable prospectus supplement and the form of units for those particular units. We encourage you to read the applicable prospectus supplement and the form of units for those particular units before you purchase any of our units.

If we offer units, we will describe the specific terms of the units in a prospectus supplement, including:

- the terms of the units and of the warrants, subscription receipts, debt securities, common stock and preferred stock comprising the units, including whether and under what circumstances the securities comprising the units may be traded separately;
- a description of the terms of any agreement governing the units; and
- a description of the provisions for the payment, settlement, transfer or exchange of the units.

Plan of Distribution

General

We may offer and sell the securities described in this prospectus through underwriters, dealers or agents, or directly to one or more purchasers or through a combination of these methods. The applicable prospectus supplement will describe the terms of the offering of the securities, including, without limitation:

- the name or names of any underwriters, dealers or agents, if any;
- the purchase price of the securities and the proceeds we will receive from the sale;
- any underwriting discounts and other items constituting underwriters' compensation;
- any compensation to underwriters, dealers or agents in connection with the offering; and
- any securities exchange or market on which the securities may be listed.

We may distribute the securities from time to time in one or more transactions at:

- a fixed price or prices, which may be changed;
- market prices prevailing at the time of sale;
- varying prices determined at the time of sale related to such prevailing market prices; or
- other negotiated prices.

Underwriters, dealers or agents, if any, may be customers of, engage in transactions with, or perform services for, us in the ordinary course of business. If material, we will describe in the prospectus supplement the nature of any such relationship and the name of the parties involved.

Only underwriters named in the prospectus supplement will be underwriters of the securities offered by the prospectus supplement.

By Underwriters

If we use underwriters in the sale of the securities, they may acquire the securities for their own account and may resell the securities from time to time in one or more transactions at a fixed public offering price or at varying prices determined at the time of sale. We may offer the securities to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. We may agree to pay the underwriters a fee or commission for various services relating to the offering of the securities.

By Dealers

If we use a dealer in the sale of the securities, we may sell the securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale. Any public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may change from time to time.

- 19 -

By Agents

We may sell the securities directly or through agents we designate from time to time.

Direct Sales

We may sell the securities directly at such prices and upon such terms as agreed to by us and the purchaser. In this case, no underwriters, dealers or agents would be involved in the offering.

Compensation of Underwriters, Dealers or Agents

In connection with the sale of the securities, underwriters, dealers or agents may receive compensation from us or from purchasers of the securities for whom they act as agents in the form of discounts, concessions or commissions. Underwriters may sell the securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of the securities, and any institutional investors or others that purchase securities directly and then resell the securities, may be deemed to be underwriters, and any discounts or commissions received by them from us and any profit on the resale of the securities by them may be deemed to be underwriting discounts and commissions under the United States Securities Act of 1933.

Delayed Delivery Contracts

We may authorize agents or underwriters to solicit offers by institutional investors to purchase securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. We will describe the conditions to these contracts and the commissions we must pay for solicitation of these contracts in the prospectus supplement.

Stabilization and Other Transactions

To facilitate the offering of securities, certain persons participating in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of the securities. This may include over-allotments or short sales of the securities, which involve the sale by persons participating in the offering of more securities that we sell to them. In these circumstances, these persons would cover such over-allotments or short positions by exercising their over-allotment option, if any, or making purchases in the open market. In addition, these persons may stabilize or maintain the price of the securities by bidding for or purchasing securities in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if securities sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

Derivative Transactions and Hedging

We, the underwriters or other agents may engage in derivative transactions involving the securities. These derivatives may consist of short sale transactions and other hedging activities. The underwriters or agents may acquire a long or short position in the securities, hold or resell the securities acquired and purchase options or futures on the securities and other derivative instruments with returns linked to or related to changes in the price of the securities. In order to facilitate these derivative transactions, we may enter into security lending or repurchase agreements with the underwriters or agents. The underwriters or agents may effect the derivative transactions through sales of the securities to the public, including short sales, or by lending the securities in order to facilitate short sale transactions

by others. The underwriters or agents may also use the securities purchased or borrowed from us or others (or, in the case of derivatives, securities received from us in settlement of those derivatives) to directly or indirectly settle sales of the securities or close out any related open borrowings of the securities.

Indemnification

Underwriters, dealers or agents who participate in the distribution of securities may be entitled under agreements to be entered into with us to indemnification by us against certain liabilities, including liabilities under Canadian and United States securities laws, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof.

Experts and Counsel

Our consolidated financial statements for the years ended March 31, 2018 and 2017 have been incorporated by reference in this prospectus from our annual report on Form 10-K for the year ended March 31, 2018 filed with the Securities and Exchange Commission on June 29, 2018 in reliance on the report of AMC Auditing, LLC, an independent registered public accounting firm, which has also been incorporated by reference in this prospectus, given on the authority of said firm as experts in auditing and accounting.

The validity of the securities offered will be passed upon for us by Clark Wilson LLP. If the securities are being distributed through any underwriters, dealers or agents, certain legal matters may be passed upon for them by counsel identified in the applicable prospectus supplement.

Interest of Named Experts and Counsel

No expert named in the registration statement of which this prospectus forms a part as having prepared or certified any part thereof (or is named as having prepared or certified a report or valuation for use in connection with such registration statement) or counsel named in this prospectus as having given an opinion upon the validity of the securities being offered pursuant to this prospectus or upon other legal matters in connection with the registration or offering such securities was employed for such purpose on a contingency basis. Also at the time of such preparation, certification or opinion or at any time thereafter, through the date of effectiveness of such registration statement or that part of such registration statement to which such preparation, certification or opinion relates, no such person had, or is to receive, in connection with the offering, a substantial interest, direct or indirect, in our company or any of its parents or subsidiaries. Nor was any such person connected with our company or any of its parents or subsidiaries as a promoter, managing or principal underwriter, voting trustee, director, officer or employee.

Incorporation of Certain Information by Reference

The following documents filed by our company with the Securities and Exchange Commission are incorporated into this prospectus by reference:

1. our annual report on Form 10-K filed on June 29, 2018;
2. our quarterly reports on Form 10-Q filed on August 14, 2018, November 13, 2018 and February 14, 2019;
3. our current reports on Form 8-K filed on April 25, 2018, May 31, 2018, June 20, 2018, September 20, 2018, October 3, 2018, October 15, 2018, November 21, 2018 and January 29, 2019 (except, with respect to each of the foregoing, for the portions of such reports which were deemed to be furnished and not filed); and
4. the description of our common stock contained in our Form 8-A filed on December 4, 2018, which refers to the description of our securities contained in the post-effective amendment no. 2 to our registration statement on Form S-1 (File No. 333-209124) filed on November 24, 2017, including any amendments or reports filed for the purpose of updating such description.

In addition to the foregoing, we incorporate by reference all documents that we file with the Securities and Exchange Commission under Section 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 (other than any

documents or information furnished and not filed with the Securities and Exchange Commission) until we file a post-effective amendment that indicates the termination of the offering of the securities covered by this prospectus and such documents will become a part of this prospectus from the date that such documents are filed with the Securities and Exchange Commission. Information in such future filings updates and supplements the information provided in this prospectus. Any statements in any such future filings will automatically be deemed to modify and supersede any information in any document we previously filed with the Securities and Exchange Commission that is incorporated or deemed to be incorporated herein by reference to the extent that statements in the later filed document modify or replace such earlier statements.

- 21 -

We will provide to each person, including any beneficial owner, to whom this prospectus is delivered, at no cost, upon written or oral request, a copy of any or all of the information that has been incorporated by reference in this prospectus but not delivered with this prospectus. Requests for documents should be directed to The Alkaline Water Company Inc., 14646 N. Kierland Blvd., Suite 255, Scottsdale, Arizona 85254, Attention: President, telephone number (480) 656-2423.
