TITAN INTERNATIONAL, INC Notes to Consolidated Condensed Financial Statements (Unaudited)

1. ACCOUNTING POLICIES

In the opinion of Titan International, Inc. (Titan or the Company), the accompanying unaudited consolidated condensed financial statements contain all adjustments, which are normal and recurring in nature and necessary for a fair statement of the Company's financial position as of March 31, 2011, and the results of operations and cash flows for the three months ended March 31, 2011 and 2010.

Accounting policies have continued without significant change and are described in the Description of Business and Significant Accounting Policies contained in the Company's amended 2010 Annual Report on Form 10-K/A. These interim financial statements have been prepared pursuant to the Securities and Exchange Commission's rules for Form 10-Q's and, therefore, certain information and footnote disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's amended 2010 Annual Report on Form 10-K/A.

Fair value of financial instruments

The Company records all financial instruments, including cash and cash equivalents, accounts receivable, notes receivable, accounts payable, other accruals and notes payable at cost, which approximates fair value. Investments in marketable equity securities are recorded at fair value. The senior secured 7.875% notes due 2017 (senior secured notes) and convertible senior subordinated 5.625% notes due 2017 (convertible notes) are carried at cost of \$200.0 million and \$112.9 million at March 31, 2011, respectively. The fair value of these notes at March 31, 2011, as obtained through independent pricing sources, was approximately \$214.0 million for the senior secured notes and approximately \$317.8 million for the convertible notes. The increase in the fair value of the convertible notes is due primarily to the increased value of the underlying common stock.

Cash dividends

The Company declared cash dividends of \$.005 per share of common stock for each of the three months ended March 31, 2011 and 2010.

2. RESTATEMENT

In the third quarter of 2008, the Company began manufacturing the first generation (Gen 1) of its super giant tires. In the fourth quarter of 2009, the Company ceased manufacturing Gen 1 tires due to the creation of the second generation (Gen 2) of super giant tires which began production in the first quarter of 2010. During the fourth quarter of 2010, the Company recorded a \$5.1 million charge to reduce the remaining Gen 1 tire inventory to an estimated market value of \$10.6 million. In October of 2011, the Company determined that the analysis performed in the fourth quarter of 2010 that created the \$5.1 million adjustment was not reflective of all the facts and circumstances that existed at December 31, 2010. After reconsidering the facts and circumstances that existed at December 31, 2010, the Company determined that the estimated market value of the Gen 1 tires that remained as of December 31, 2010 was \$0.7 million. Accordingly, the Company is restating its consolidated financial statements as of and for the year ended December 31, 2010 to reflect an additional charge of \$9.8 million for its Gen 1 inventory.

TITAN INTERNATIONAL, INC Notes to Consolidated Condensed Financial Statements (Unaudited)
