3. by toll-free telephone at (866) 540-5760; or

How Proxies Work

The Company's Board of Directors is asking for your proxy. By giving us your proxy, you authorize the proxy holders (Edward J. Pettinella, the Company's Chief Executive Officer and Ann M. McCormick, the Company's Secretary), or any one or both of them, to vote your shares at the Annual Meeting in the manner you direct.

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

If you vote by any of the above methods but do not specify how you wish to vote your shares, your shares will be voted for all the enumerated matters specified in the Notice of Meeting. Proxy holders will also vote shares according to their discretion on any other matter properly brought before the meeting.

In order for you to vote those shares, you must provide instructions to the record holder as provided in their instructions to you. Even though you have not provided instructions to your record holder, they may vote your shares for the election of the nominees and for the ratification of the independent registered public accounting firm, but they may not vote your shares with respect to the other matters unless you have provided instructions to them.

Quorum

In order to carry out the business of the Annual Meeting, we must have a quorum. This means that at least a majority of the outstanding shares eligible to vote must be represented at the meeting, either by proxy or in person.

Votes Needed

The affirmative vote of a plurality of the votes cast at the Annual Meeting is required for the election of directors. The approval of the Company's Amended and Restated 2003 Stock Benefit Plan and the Company's Second Amended and Restated Director Deferred Compensation Plan require the favorable vote of a majority of the votes entitled to be cast. The ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2005 and any other matter properly brought before the meeting requires the favorable vote of a majority of the votes cast. Under Maryland law, if a stockholder abstains on a vote, the abstention does not constitute a vote for or against a matter. Thus, abstentions are disregarded in determining the votes cast.

Changing Your Vote

You may revoke your proxy before it is voted at the meeting by entering a new vote by internet or telephone, by submitting a new proxy with a later date, by voting in person at the Annual Meeting or by notifying the Company's Secretary in writing prior to the Annual Meeting as follows: Ann M. Small served as directors of the Company until the 2004 Annual Meeting of Stockholders when they both retired. Josh E. Fidler and Thomas S. Summer, both of whom are standing for re-election to the Board of Directors, were first elected in August 2004 by a vote of the Board of Directors. Mr. Fidler was proposed to the Corporate Governance/Nominating Committee for consideration of his election to the Board by certain of the employee directors and officers of the Company, who had become acquainted with Mr. Fidler during various business transactions. Mr. Summer was proposed for consideration by Board member, Paul Smith, who also serves as the Chair of the audit committee of Constellation Brands, Inc., where Thomas Summer is the Chief Financial Officer.

Board Meetings

The Board holds regular meetings on a quarterly basis. Pursuant to the Company's By-Laws, the Board Chair, President or a majority of the Board of Directors may call for a special meeting of the Board. During 2004, the Board of Directors met eight times, including regular and special meetings. Each director attended at least 75% of the Board meetings that occurred during the period that he or she served as a director.

Board Independence

Nine of the Board members are not employed by the Company. The Board of Directors has determined that eight of the non-employee directors are independent within the meaning of the Securities and Exchange Commission (SEC) and the New York Stock Exchange director independence standards as currently in effect. The independent directors are: William Balderston, Josh Fidler, Alan Gosule, Leonard Helbig, Roger Kober, Clifford Smith, Paul Smith and Thomas Summer. This represents more than a majority of the members of the Board of Directors. Board Evaluation

In 2004, each Board member who had served on the Board for more than one year participated in a self-evaluation of their performance as a Board member as well as an evaluation of the Board as a whole. William Balderston chairs this Committee. The Corporate Governance/Nominating Committee identifies individuals qualified to become Board members consistent with criteria approved by the Board, evaluates the size, composition and organization of the Board, monitors implementation of specific corporate governance initiatives, reviews all stockholder proposals submitted to the Company and oversees the evaluation of the Board and management.

The charter for this Committee requires that it consists of at least three directors, at least a majority of whom shall be non-employee directors. The purpose of this Committee is to review potential acquisitions and dispositions and to approve, or to recommend to the full Board for approval, acceptable transactions pursuant to the authorization parameters established by the Board.

The Real Estate Investment Committee operates under a written charter approved by the Committee and the Board. A copy of the charter is available on the Company's website at www.homeproperties.com under the heading Investment Information/Investor Overview. In 2004, the Real Estate Investment Committee conducted a self-evaluation.

The Real Estate Investment Committee met five times in 2004. Each of the members of the Committee attended all of the Committee's meetings that occurred during the period that they served as a Committee member.

Board Compensation

In 2004, the Company paid its non-employee directors an annual stipend of \$20,000. An additional annual stipend in the amount of \$7,000 was paid to the Chair of each of the Committees. Non-employee directors were also paid \$1,000 per day for attendance (in person or by telephone) at Board and Committee meetings provided the Committee meetings were held on a different day from the Board meetings. In addition, in 2004, each of the non-employee directors was issued 400 shares of restricted stock and 7,000 options pursuant to the Company's 2003 Stock Benefit Plan. The options were issued at an exercise price of \$37.91 per share, which was the closing price of a share of the Company's common stock on the date of the 2004 Annual Meeting.

For 2005, the annual stipend will remain at \$20,000, the additional stipend paid to the Committee Chairs will increase to \$9,000 and the meeting fees will increase to \$1,200 per day. While the 2003 Stock Benefit Plan provides for the issuance of up to 1,000 shares of restricted stock to each of the non-employee directors in 2005, the Board authorized a grant of 875 shares to each non-employee director, awarded in February, 2005. The 2003 Stock Benefit Plan also provides for the issuance of up to 10,000 options to each of the non-employee directors in 2005. The Board has approved the issuance of 4,000 options to each of the non-employee directors immediately following the 2005 Annual Meeting. The Board determined the 2005 compensation level for non-employee directors based on an analysis of the amount and type of consideration paid to the boards of the Company's peer group.

Under the Director Deferred Compensation Plan, the non-employee directors can defer up to 100% of their total annual cash compensation (including meeting fees) for three, five or ten years and their compensation in the form of restricted stock for five or ten years. The Company matches 10% of the deferred cash amount, which amount vests after three years. A phantom stock account is established for each of the director and the Company contribution amounts. Each deferral and the Company contribution is reflected by crediting those accounts with the phantom equivalent of the number of shares of the Company's Common Stock that could be purchased with the amounts deferred and contributed at the Common Stock's fair market value as of the day when the compensation would otherwise have been paid, or with the number of shares of restricted stock deferred. Participants' accounts are also credited with the number of shares of the Company's Common Stock that could be purchased with hypothetical dividends that would be paid with respect to shares previously allocated to the accounts on the same date and at the same price that shares are purchased for participants in the dividend reinvestment feature of the Company's Dividend Reinvestment and Direct Stock Purchase Plan (the DRIP). Payments out of the deferred accounts, upon vesting or otherwise, are made by issuance of Common Stock, except in the event of payment by reason of a change in control in which event payment may be made in cash or by issuance of Common Stock at the election of the Compensation Committee. The Director Deferred Compensation Plan is designed to provide substantially the same benefits to the non-employee directors as are provided to eligible employees under the Company's Deferred Bonus Plan. Under the Director Deferred Compensation Plan, five of the nine non-employee directors elected to defer some or all of the compensation earned by them in 2005.

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

When the Director Deferred Compensation Plan was initially adopted in 1999, the Plan provided for the issuance of 50,000 shares under the Plan. As of December 31, 2004, 39,747 shares have been issued or reserved for issuance under the Plan. The stockholders are being asked to approve an amendment to the Director Deferred Compensation Plan to increase the number of shares to be available for issuance thereunder to 100,000 shares. This Plan has not previously been submitted to the stockholders for approval.

Directors of the Company who are employees of the Company do not receive any compensation for their services as directors. All directors are reimbursed for their expenses incurred in attending directors' meetings.

Director Qualifications

The Board has established certain minimum qualifications for prospective Board members. These include a present or past (retired) successful professional career as well as the potential to contribute to the effectiveness of the Board as a whole. Specific qualifications or skills that a prospective Board member must possess include candor, trustworthiness, high ethical standards, dedication and a desire to work hard. Specific expertise must include one of the following: successful financial, legal, academic, mergers and acquisitions, technology utilization or business operating experience.

Identifying and Evaluating Nominees for Directors

The Corporate Governance/Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Committee develops and updates a list of potential Board candidates that meet the Board qualifications. Candidates may come to the attention of the Committee through current Board members, stockholders, management or other persons. To date, the Committee has not utilized the services of a professional service firm to identify potential candidates but it may do so in the future. If a vacancy on the Board occurs or is anticipated, the Committee selects candidates to have personal meetings with members of the Committee, the Co-Chairs of the Board and the Chief Executive Officer. Selected candidates would then be invited to interact with other Board members and management. A candidate, if acceptable, would then be elected by the Board (in the event of a mid-term vacancy) or be nominated to stand for election at the next annual stockholders meeting.

Stockholder Nominees

The Corporate Governance/Nominating Committee will consider director candidates proposed by stockholders on the same basis as it considers other potential candidates for Board membership. Stockholders may submit nominations, which should include the name and address of the proposed candidate as well as biographical information evidencing that the proposed candidate meets the minimum qualifications and possesses the skills and expertise as required by the Board and as described above under Director Qualifications. The submission must also include the candidate's written consent to the nomination and to serve if elected. To be considered for nomination for election at the 2006 Annual Meeting, stockholder submissions for nomination must be received at the office of the Company in care of Secretary, Home Properties, Inc., 850 Clinton Square, Rochester, New York 14604, on or prior to January 6, 2006.

Director Communications

Stockholders may communicate with the Board of Directors by sending written materials to the Board or any of the directors in care of Secretary, Home Properties, Inc., 850 Clinton Square, Rochester, New York 14604. Stockholders may also communicate confidentially or anonymously through use of the Company's hotline at 1-877-888-0002. The Company's Secretary will relay all written communications to the Board of Directors, or individual members designated by the stockholder.

CORPORATE GOVERNANCE

Code of Ethics

A very significant part of the Company's culture is the focus on doing the right thing. The Company has adopted a Code of Business Conduct and Ethics (Code of Ethics) to embody the Company's commitment to continue to conduct business in accordance with the highest

ethical standards. The Code of Ethics applies to all employees and directors of the Company. The Code of Ethics covers such topics as conflicts of interest, proper use of Company property, complete and accurate reporting and disclosure of its business and financial results and compliance with laws. Each employee and each member of the Board of Directors is required on an annual basis to acknowledge that they have received a copy of and reviewed the Code of Ethics.

The Company has also adopted a Code of Ethics for Senior Financial Officers (Senior Financial Officer Code of Ethics) that applies to the Chief Executive Officer, Chief Financial Officer, Treasurer and Controller. These individuals are also required to comply with the Code of Ethics.

The Code of Ethics and Senior Financial Officer Code of Ethics meet the definition of Code of Ethics under the rules and regulations of the SEC and the listing standards of the New York Stock Exchange. Both Codes are available on the Company's website at www.homeproperties.com under the heading Investment Information/Investor Overview. Amendments to the Code of Ethics and Senior Financial Officer Code of Ethics and any waivers granted under the Senior Financial Officer Code of Ethics, will also be posted on the Company's website under that heading. The Audit Committee of the Board of Directors monitors the implementation and enforcement of both Codes.

Corporate Governance Guidelines

The Board of Directors has adopted a set of corporate governance guidelines (the Guidelines) which meet the requirements of the listing standards of the New York Stock Exchange and cover such topics as director qualifications and responsibilities, director access to management, and director orientation and continuing education. Some specific policies included in the Guidelines follow.

Retirement Age. The retirement age for directors is 75, subject to exceptions if a determination is made by the other directors after confidential discussion that the over age 75 director is expected to make a significant contribution to the Company during the following year. No exceptions are permitted after age 80.

Change of Employment. Any director who changes jobs or employers or otherwise experiences a significant change in job responsibilities is to submit a letter to the Board offering to resign as a Board member.

Other Boards. Directors may not serve on the boards of more than two additional public companies.

Stock Ownership. Within five years of becoming a director of the Company, directors are required to have equity in the Company having a then current value of not less than \$100,000.

Meeting Attendance. Directors are expected to attend each annual stockholders meeting, all Board meetings and meetings of the Committees on which they serve. All of the directors attended the 2004 Annual Meeting of Stockholders except for Josh Fidler and Thomas Summer who were not directors at that time.

Executive Sessions. The non-management directors are to meet at least quarterly in executive sessions and, at least once per year, without any directors who are not independent directors. The Chair of the Corporate Governance/ Nominating Committee presides at the executive sessions unless the Board determines otherwise.

A copy of the Guidelines is available on the Company's website at www.homeproperties.com under the heading Investment Information/Investor Overview.

Stock Option Restrictions

The 2003 Stock Benefit Plan approved by the Company's stockholders at the 2003 Annual Meeting includes some features that are designed to closely align the interests of management with those of the stockholders. Options may not be repriced. Options do not vest automatically upon retirement but continue to vest as scheduled. Directors and the executive officers of the Company must hold an equivalent number of shares as were issued on an option exercise for a one year period and are not permitted to receive cash on an option exercise other than the amount necessary to pay the exercise price and withholding taxes.

The Company's 1994 Stock Benefit Plan was adopted by the Company at the time of its initial public offering. As of March 11, 2005, options to purchase 1,542,381 shares have been granted to employees and options to purchase 153,654 shares have been granted to non-employee directors under the 1994 Stock Benefit Plan. Of the options granted under the 1994 Stock Benefit Plan, 105,119 issued to employees and 13,500 issued to non-employee directors were outstanding on March 11, 2005. The Board of Directors has determined that no additional awards will be made under this Plan.

At the annual stockholders meeting held in 2000, the stockholders approved the Company's 2000 Stock Benefit Plan. As of March 11, 2005, options to purchase 2,101,220 shares have been granted to employees and options to purchase 163,760 shares have been granted to non-employee directors under the 2000 Stock Benefit Plan. In addition, as of March 11, 2005, 350,202 shares of restricted stock have been issued under the 2000 Stock Benefit Plan to the executive officers and other key employees and 2,700 shares of restricted stock had been issued to the non-employee directors under the 2000 Stock Benefit Plan. Of the awards made under the 2000 Stock Benefit Plan 1,026,954 options and 294,196 shares of restricted stock issued to employees and 121,600 options and 2,700 shares of restricted stock issued to the non-employee directors were outstanding on March 11, 2005. The Board of Directors has determined that no additional awards will be made to the non-employee directors under this Plan. If the Amended and Restated 2003 Stock Benefit Plan is approved by the stockholders (Proposal #2), no additional awards will be made to employees under this plan.

At the annual stockholders meeting held in 2003, the stockholders approved the Company's 2003 Stock Benefit Plan. The 2003 Stock Benefit Plan provides up to 1,250,000 shares for issuance of stock options to employees (including the executive officers), 175,000 shares for issuance of stock options to non-employee directors and 25,000 shares for issuance of shares of restricted stock to non-employee directors. As of March 11, 2005, options to purchase 1,173,530 shares have been granted to employees, options to purchase 112,000 shares have been issued to non-employee directors and 11,475 shares of restricted stock have been granted to non-employee directors under the 2003 Stock Benefit Plan. Of the options granted under the 2003 Stock Benefit Plan, 999,600 issued to employees and 112,000 issued to non-employee directors were issued and outstanding as of March 11, 2005. All 11,475 shares of restricted stock granted to non-employee directors under the 2003 Stock Benefit Plan also remain issued and outstanding as of March 11, 2005.

Options and restricted stock that have been issued and that are subsequently terminated, cancelled or surrendered without being exercised are available for future grant under the 2000 and 2003 Stock Benefit Plans. Taking those shares in account, as of March 11, 2005, 627,431 shares are available for issuance of all types of awards to employees 231,330 are available only for issuance of incentive and non-statutory stock options to employees, and 130,271 shares are available only for issuance of non-statutory stock options to employees. As of March 11, 2005 and with respect to all three of the Company's Stock Benefit Plans, the aggregate of the shares of Common Stock subject to outstanding option grants, the shares of restricted stock outstanding and the shares still available for issuance of awards equals 7.8% of the aggregate of the Company's outstanding Common Stock and other equity that is convertible into Common Stock on an as-converted basis (the Outstanding Equity).

The Board of Directors is recommending that the stockholders approve the Amended and Restated 2003 Stock Benefit Plan to provide for up to 2,500,000 (an increase of 1,250,000 shares) and 110,000 (an increase of 110,000 shares) shares for issuance of stock options and restricted stock, respectively, to employees (including the executive officers) and up to 220,000 (an increase of 45,000 shares) and 29,475 (an increase of 4,475 shares) shares for issuance of stock options and restricted stock, respectively, to non-employee directors. If the Amended and Restated Stock Benefit Plan is approved by the stockholders, the aggregate of the shares of Common Stock subject to outstanding options, shares of restricted stock outstanding and shares available for issuance of awards would equal 9.1% of the Outstanding Equity.

Employment Agreements

Edward Pettinella entered into an employment agreement with the Company for a term that commenced on January 1, 2004 and terminates on December 31, 2006. The agreement provides for the employment of Mr. Pettinella during that term as the President and Chief Executive Officer of the Company. Pursuant to the agreement, his base salary for 2004 was \$475,000 and the factor to be applied to his salary for purposes of determining his bonus pool under the Company's Incentive Compensation Plan was 12%. The agreement also provides that the base salary to be paid to Mr. Pettinella for 2005 and 2006 is to be determined in the discretion of the Compensation Committee, but shall not be less than \$475,000. Similarly, the agreement does not provide for any set incentive compensation payment in any year, but provides that so long as the structure of the Incentive Compensation Plan does not change significantly, the bonus factor applied to Mr. Pettinella's salary to determine his bonus shall not be less than 12%. Options and restricted stock awards to be made to Mr. Pettinella during the term of the agreement are not specified but are rather to be made in the discretion of the Compensation Committee.

The employment agreement also provides that, if employment is terminated by the Company without cause or by Mr. Pettinella for good reason, Mr. Pettinella is entitled to receive an amount equal to two times his base salary and incentive compensation for the year preceding the termination plus, in the year following termination, the amount of incentive compensation that he would have earned if he had been an employee on December 31 of the year of termination. In such event, Mr. Pettinella would also be paid an amount to compensate him for the loss of future awards of stock options and restricted stock. In addition, all options previously granted to him would vest and the restrictions would lapse on all restricted stock held by Mr. Pettinella. Pursuant to the employment agreement, Mr. Pettinella is subject to a covenant not to compete until January 1, 2007 unless he is terminated by the Company for cause or if he resigns without good reason, in which event the covenant applies for two years after termination.

In the event of a change of control, Mr. Pettinella is entitled to receive the benefits provided under the Executive Retention Plan (described on page 18 of this Proxy Statement) except he would receive three times his base salary and bonus instead of two times as provided to other beneficiaries of that plan.

In October, 2003, Nelson and Norman Leenhouts entered into employment agreements with the Company providing for a three-year term expiring on December 31, 2006. Under the employment agreements, the Leenhouts agree to serve as Senior Advisors as well as Co-Chairs of the Board (provided they continue to be elected by the stockholders as directors of the Company). These employment agreements reflect the gradual reduction of the Leenhouts' obligations to act as Senior Advisors to the Company with the portion of their business time to be spent on those obligations reducing from a maximum of two-thirds in 2004, to one-half in 2005, to one-third in 2006. Their base salary is also proportionately reduced under the employment agreements from \$300,000 in 2004, to \$225,000 in 2005 to \$150,000 in 2006. They remain entitled to receive incentive compensation at their pre-retirement bonus level factor of 12% but since the Company's Incentive Bonus Plan provides that the bonus paid is calculated based on base salary, if the total bonus payout remained the same, the bonus to be paid to the Leenhouts will be proportionately reduced as well.

Pursuant to their employment agreements, each of the Leenhouts was granted 64,935 shares of restricted stock in October 2003 in consideration for both past and future services to the Company. The restrictions on those shares lapse in equal amounts over the five years following the execution of the employment agreements. The agreements also provide for minimum option and restricted stock grants to the Leenhouts. The minimum amount of options to be granted to each of the Leenhouts is 33,330 in 2004, 25,000 in 2005 and 16,665 in 2006. The minimum number of shares of restricted stock to be granted to each is 6,666 in 2004, 5,000 in 2005 and 3,333 in 2006.

The employment agreements also provide that if employment is terminated by the Company without cause, or by the Leenhouts for good reason at any time, each of the Leenhouts is entitled to receive an amount equal to twice his base salary and incentive compensation for the year preceding termination plus, in the year following termination, the amount of incentive compensation that he would have earned if he had been an employee on December 31 of the year of termination. In such event, the Leenhouts would also receive the minimum number of restricted shares yet to be issued under the employment agreements as well as the value of the options not yet granted. In addition, all options previously granted to them would vest and the restrictions would lapse on all restricted stock held by them. Pursuant to their employment agreements, each of Norman and Nelson Leenhouts are subject to a covenant not to compete with the Company during the term of the agreements and, if either is terminated by the Company for cause or resigns without good reason, for two years thereafter.

Incentive Compensation Plan

Under the Company's Incentive Compensation Plan as in effect for 2004, eligible officers and key employees could earn a cash bonus based on the Company's Funds from Operations (FFO) per share/unit (computed on a diluted basis). The number of bonus units to be awarded was based on the Company's FFO performance for a calendar year period as compared to the performance of its peer group for that same period. For 2004, 7.61 bonus units were awarded.

For 2005, the Committee recommended and the full Board approved a change in the metrics used to calculate the number of the bonus units to be awarded. The calculation will be based on two metrics: (1) year over year growth in the Company's FFO per share/unit (computed on a diluted basis); and (2) percentage of growth in the Company's same store net operating income (NOI) from the prior year as compared to its peer group performance for the same period. Certain no-recurring items will be removed from published FFO results for purposes of making the bonus calculation. In calculating the bonus units for 2005, the FFO component will receive 75% weighting and the NOI component will receive 25% weighting.

In the event the Company experiences financial performance in either of the metrics below the established floor or above the established ceiling, the Compensation Committee has complete discretion in determining bonus unit award levels that it will recommend for the Board's approval.

To calculate the actual bonus amount payable to each participant, the number of bonus units is multiplied by a factor that is assigned to each participant. That product is then multiplied by each participant's salary to calculate the bonus payable to them. In 2004, the factors assigned to participants ranged from 1% to 12%, with the factor assigned to Edward Pettinella and Nelson and Norman Leenhouts set at 12% and the factor applied to the other Named Executives ranging from 6% to 8%. For 2005, the factor assigned to Mr. Pettinella has been increased to 13% and the factor assigned to the Named Executives will be either 7% or 8%, except that the bonus factor applied to the Leenhouts remains at 12% pursuant to their employment agreements.

The entire amount of the bonus otherwise payable to the Chief Executive Officer is payable in the discretion of the Compensation Committee and 50% of the bonus otherwise payable to other participants is payable in the discretion of senior management.

Incentive Plan participants in the 1% and 2% bonus categories are limited to bonuses equal to 10% and 20%, respectively, of their salaries. There is no limit for participants in the 3% bonus category and above, except there is a deferral component if the number of bonus units awarded exceeds eight bonus units. Prior to 2004, the ceiling for the deferral component was five bonus units. In 2005, the Board of Directors elected to increase the ceiling to eight bonus units, retroactive to 2004. This change was made in recognition of the higher level of scrutiny placed on financial results and reporting as a result of the Sarbanes-Oxley Act of 2002. Beginning in 2005, the deferred amount plus interest at 6% will be paid out in the following year, provided the Company pays a bonus under the Incentive Compensation Plan in that year. Prior to 2005, the

deferred amount was paid out at the rate of 50% in each of the following two years.

Director, Officer and Employee Stock Purchase and Loan Program

The Company made various loans to its officers and directors pursuant to its Director, Officer and Employee Stock Purchase and Loan Program, which the Board approved in 1996 (the "Stock Purchase Program"). The loans were used by the recipients to purchase the Company's Common Stock. The Stock Purchase Program, which was approved by the stockholders at the 1998 annual meeting, provided that the Company could loan approximately 50% of the purchase price to the non-employee directors and arrange for loans from a commercial bank for the balance. The Company could loan other participating employee directors and officers 100% of the purchase price. All dividends from the shares issued under the Stock Purchase Program were applied toward interest and principal payments on the Company or commercial bank loans. The loans were fully recourse to the participants and there was no provision for debt forgiveness. Seven of the non-employee directors and thirty of the Company's current or former officers, including the employee directors, previously participated in some or all of the various phases of the Stock Purchase Program. In total, 690,864 shares of the Company's Common Stock were purchased by participants in the Stock Purchase Program and a total of \$11,734,837 was loaned by the Company to participants. Interest rates on the loans range from 6.7% to 7.13%.

In August 2002, the Board of Directors adopted a policy that no new loans and no material modifications to existing loans could be made under the Stock Purchase Program. In 2004, the last remaining loan was paid off.

Deferred Bonus Plan

Eligible employees can elect to defer up to 100% of their bonus under the Incentive Compensation Plan for three, five or ten years. The Company matches 10% of the amount deferred, which amount vests after three years. A phantom stock account is established for both amounts. Each deferral and Company contribution is reflected by crediting those accounts with the number of shares of the Company's Common Stock that could be purchased with the amounts deferred and contributed at the Common Stock's fair market value as of the day when the bonus would otherwise have been paid. The equivalent of dividends on those shares is also credited to the accounts at the time dividends are paid on the Company's Common Stock. Shares that could be purchased with the hypothetical dividends are credited to accounts at the same price that shares are purchased for participants under the dividend reinvestment feature of the Company's DRIP. Payments out of deferred accounts, upon vesting or otherwise, are made by issuance of Common Stock, except in the event of payment by reason of a change in control in which event payment may be made in cash or by issuance of Common Stock at the election of the Compensation Committee.

This plan was adopted in 1998 and has not been submitted to the stockholders for approval. It provides for the issuance of 100,000 shares. As of December 31, 2004, 49,688 shares have been issued or reserved for issuance under this plan.

Under the Deferred Bonus Plan, the Named Officers collectively deferred approximately \$700,000 of their 2004 bonuses.

Executive Retention Plan

The Company's Executive Retention Plan provides for severance benefits and other compensation to be received by certain employees, including the executive officers, in the event of a change of control of the Company and a subsequent termination of their employment by the employer without cause or by the employee for good reason at any time following the change of control and for any reason for a thirty day window following the one year anniversary of the change of control. Under this Plan, the executive officers, in the event of a termination covered by the Plan, would receive a lump sum payment equal to two times their current base salary, two times their last paid bonus under the Incentive Compensation Plan plus a gross-up amount necessary to pay any excise tax due on the payment. In addition, all accrued or deferred bonuses under the Incentive Compensation Plan would be paid, all stock options granted under the 1994 Stock Benefit Plan and the 2000 Stock Benefit Plan would vest and the restrictions on all restricted stock granted under the 2000 Stock Benefit Plan would lapse automatically. By its terms, the 2003 Stock Benefit Plan provides that stock options vest and restrictions on restricted stock lapse upon a change of control.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

During the fiscal year 2004, the Compensation Committee was comprised of William Balderston, III, Roger Kober and Clifford W. Smith, Jr. Burton S. August, Sr. was also a member of this Committee until May, 2004, when he retired from the Board of Directors. None of the above individuals has ever been an officer of the Company or any of its subsidiaries.

Compensation Committee Report on Executive Compensation

The Compensation Committee administers the Company's executive compensation program, as well as broad based compensation plans for the Company's other officers and employees. In this regard, the role of the Committee is to oversee all compensation plans and policies and to administer the Company's stock option plans (including reviewing and approving stock option grants and other awards to executive officers). On an ongoing basis, the Committee also reviews and approves the Company's goals and objectives relevant to compensation of the executive officers and considers the structure of the Company's compensation program as it applies to all employees. When appropriate, the Committee recommends to the full Board changes to the executive and the general compensation plans. In addition, on an annual basis, the Committee also makes specific annual compensation recommendations to the Board relating to the Company's Chief Executive Officer and approves the setting of the compensation levels for the other executive officers.

The Compensation Committee consists solely of independent directors. The Committee meets on at least a quarterly basis and more often as appropriate. The Committee Chair reports on Committee actions and recommendations at Board meetings. The Committee's Charter reflects the various responsibilities of the Committee and the Board periodically reviews and revises the Committee's Charter.

The Company's human resources team supports the Committee and its work and, in some cases, acts pursuant to delegated authority to fulfill various functions in administering the Company's compensation programs. In addition, the Committee has the authority to engage the services of outside advisors and experts to assist the Committee.

Compensation Philosophy. The Company's compensation philosophy is designed to support its key objective of creating long-term value for its stockholders. The Committee continues to believe that the success of the Company in achieving that objective is, in large part, attributable to the performance and dedication of its employees and, in particular, to the leadership efforts of its executive officers. The Committee also continues to believe that it is important that the interests of its executives and other employees are aligned closely with the interests of the Company's stockholders. Within this overall philosophy, the Committee's goals for the Company's compensation program continue to be to: (i) attract and retain highly capable employees; (ii) link compensation to the operating and financial performance of the Company; and (iii) provide appropriate incentives to motivate employees to maximize the long-term going-concern value of the Company.

Components of Compensation. The Company's executive compensation program consists of three components: base salary, annual incentive compensation in the form of a bonus under the Incentive Compensation Plan, and awards of restricted stock and stock options under the Company's stock benefit plans. It is the Committee's practice to provide a balanced mix of cash and equity based compensation that the Committee believes appropriate to align the short and long-term interests of the Company's executives with that of its stockholders and to encourage executives to act as equity owners of the Company. When the Committee considers any component of the Chief Executive Officer's and the other executive officers' compensation, the aggregate amounts and mix of all components, including accumulated option and restricted stock gains, are taken into consideration.

As part of its consideration as to the appropriateness of the executive officers' compensation, the Committee reviews market data for executives in comparably sized companies in the services industry. The primary benchmark used by the Committee is, however, its fifteen member peer group in the apartment REIT industry. This is the same peer group that is used to calculate the bonus payable pursuant to the Company's Incentive Compensation Plan. Compensation data from the peer group is taken from their most recently available proxy statements. These proxy statements typically contain compensation information that is over one year old. The Committee takes the age of this information into consideration when setting compensation levels.

Base Salary. The Committee evaluates cash compensation in a two-step process. At the last Committee meeting of each year, the Chief Executive Officer proposes compensation for his management team for the next year. This proposal is then reviewed and analyzed in the context of all of the components of the compensation. Members of the Committee then have time between meetings to ask for additional information and to raise and discuss further questions. The discussion with respect to appropriate levels of cash compensation continues at the first Committee meeting held in the following year, typically in February. An adjustment level for the executive officers as a group, other than the Chief Executive Officer, is approved by the Committee. At an executive session of the Committee, a vote is then taken on the Chief Executive Officer's compensation and a recommendation is made to the full Board for approval.

The Committee's philosophy with respect to setting base salary is generally to compensate executive officers with reasonable current income on a competitive basis. The base salaries of all of the executive officers were increased in 2004 in recognition of their increased responsibilities due the retirement of the Company's co-founders, Norman and Nelson Leenhouts. Mr. Pettinella's promotional increase to \$475,000 represented a 19% increase. The other executive officers received increases for 2004 averaging 13%. The Leenhouts were each paid \$300,000 in 2004 pursuant to their employment agreements. Also, pursuant to their employment agreements, the Leenhouts' time commitment and compensation further reduced in 2005 to 50% of their pre-retirement levels. As a result, their base salary for 2005 was set under the agreements at \$225,000. The Committee reviewed peer market data for 2005 for the Chief Executive Officer and the other executives. That review suggested that more of Mr. Pettinella's total compensation should be in the form of incentive compensation. The Committee therefore recommended and the Board agreed to increase Mr. Pettinella's base salary by 5.3% to \$500,000 and to increase his potential incentive compensation as described later in this report. The other executive officers received increases averaging 7.4%, effective January 1, 2005.

Incentive Compensation. The Incentive Compensation Plan is designed to motivate employees to maximize the Company's annual operating and financial performance. The Incentive Compensation Plan is described in more detail on pages 16 and 17 of this Proxy Statement. In 2004, the Committee decided to review the Incentive Compensation Plan to affirm that it was providing the appropriate level and type of motivation. The Committee selected and engaged an independent consultant to assist it with this project. The resulting changes recommended by the Committee and approved by the Board are described on pages 16 and 17 of this Proxy Statement. The Committee believes that the new bonus formula, which is predicated on two metrics rather than one, will produce more consistent, predictable payouts that will enhance motivation. In addition, a review of the peer group plans suggested that most of them use at least two metrics in their bonus calculations. The revised plan continues to place emphasis on FFO because the Committee believes FFO to be the metric that best captures the performance of the Company. The peer group FFO comparison in the prior formula was eliminated because it resulted in excessive volatility in the bonus calculation. Same store NOI was selected as a metric because it is considered by the Committee to be an important driver of real estate property values and thus stockholder value. The Company's same store NOI metric will be compared against our industry peers. The deferral ceiling was increased from five to eight units and the deferral payback was accelerated from two years to one year because it was the Committee's determination that the enhanced scrutiny caused by the Sarbanes-Oxley Act of 2002 made any financial manipulation by management in order to increase the bonus very unlikely. The Committee also noted that their original concerns about financial manipulation had not materialized even before the implementation of Sarbanes-Oxley.

It is the Committee's philosophy that the proportion of an individual's total compensation that varies with individual and Company performance should increase as the individual's business responsibilities increase. While most participants in the Incentive Compensation Plan have factors of 3% or less assigned to them, for 2004 Mr. Pettinella's bonus factor was 12% and the bonus factor for the other executive officers ranged from 5% to 8%. As noted earlier in this report, a review of the peer group data suggested that the incentive component of Mr. Pettinella's total compensation was low. For 2005, his bonus factor was therefore increased to 13%. The bonus factor applied to the other executive officers in 2005 will continue to range from 5% to 8%.

The Committee also determines and recommends to the Board what portion of the bonus otherwise earned should be paid to the Chief Executive Officer. In making its determination as to what portion of the 2004 bonus (payable in 2005) should be paid to Mr. Pettinella, the Committee considered the Company's performance during Mr. Pettinella's first year as Chief Executive Officer. That performance included the Company being the apartment REIT leader in same store NOI growth, the share price hitting a record high of \$43.86 per share and a total return to stockholder of 12.6%. In addition, the Committee considered the successful completion of certain of Mr. Pettinella's initiatives, including the sale of the Company's affordable portfolio and the implementation of several initiatives to optimize the Company's operating performance. The Committee recommended and the Board approved payment to Mr. Pettinella of 100% of his 2004 bonus. The Chief Executive Officer, with input from other members of senior management, determines what portion of their bonus should be paid to the other executive officers (50% is discretionary). Consideration is given to the achievement of individual initiatives as well as to the overall performance of the Company. Each of the executive officers received 100% of their 2004 bonus.

Stock Compensation. The purpose of equity compensation grants is to provide employees an incentive to maximize their efforts to promote the Company's long-term going concern value and thereby advance the interests of the Company's stockholders. To encourage employees to seek long-term appreciation in the value of the Company's common stock, stock options granted to employees have not been immediately exercisable, but vest over five years. In addition, with respect to options issued in 2002 and later, executive officers of the Company may not receive cash upon an option exercise and must retain for a period of not less than one year ownership of no less than the same number of shares as the officer received in an option exercise.

In 2004, the Compensation Committee again reviewed the stock compensation of the Chief Executive Officer and the other executive officers in light of the other elements of their compensation, their overall equity interest in the Company's business and the comparison to the peer group. This review caused the Committee to conclude that existing grants to executives and other key employees of the Company were lower than the grants at peer companies. The Committee also considered that restricted stock grants provide the motivational advantages of stock appreciation and, since recipients of restricted stock begin receiving dividends immediately, they are also motivated to work toward further dividend increases.

As a result, in February 2004, the Committee recommended and the Board of Directors approved the issuance of approximately 48,000 shares of restricted stock to executive officers and key employees under the 2000 Stock Benefit Plan. This number does not include the shares of restricted stock that the Company was contractually obligated to issue to Nelson and Norman Leenhouts pursuant to their employment agreement. Mr. Pettinella received 13,200 shares of restricted stock in 2004. Nelson and Norman Leenhouts each received 3,500 shares of restricted stock, in addition to the 6,666 shares already provided for under their employment agreements. The executive officers received various numbers of shares of restricted stock ranging from 1,000 to 6,000 shares. The Committee's 2004 review also demonstrated that it was more typical for restrictions to lapse over four years rather than at the end of five years as had been the case with restricted stock previously issued. The restricted stock issued in 2004 therefore provides for restrictions to lapse over four years.

In addition, in August 2004, the Compensation Committee recommended and the Board of Directors approved the issuance of up to 628,000 additional options to purchase Common Stock to certain officers and employees of the Company at an option price equal to the closing price on the New York Stock Exchange for a share of the Company's Common Stock on the date of the grant. Edward Pettinella received 55,000 additional options. Each of Nelson and Norman Leenhouts received 33,330 additional options pursuant to the provisions of their employment

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

agreements. The other executive officers received options granted ranging from 5,000 to 15,000 shares. These options vest 20% per year and expire in ten years.

Following its annual review of updated peer group data in February 2005, the Committee recommended and the Board of Directors approved the issuance of 39,000 shares of restricted stock to executive officers and key employees under the 2000 Stock Benefit Plan. This does not include the shares of stock that the Company is contractually obligated to issue to Nelson and Norman Leenhouts pursuant to their employment agreements. In February 2005, Mr. Pettinella was granted 10,000 shares of restricted stock and the executive officers received grants ranging from 1,200 to 5,500 shares. This reduced level of grants for 2004 reflected the Committee's comfort that the prior levels of granting had brought the restricted stock component of the executives' total compensation and the executives' equity stake in the Company to a level where somewhat reduced grants are now appropriate.

Later in 2005, the Committee expects to recommend for Board approval the issuance of options to purchase common stock to certain officers, including the Chief Executive Officer and the other executive officers, and employees of the Company. The Committee has traditionally made this recommendation at the Board's quarterly meeting held in August of each year. For 2005, the Committee plans to review and recommend stock option issuances at its May meeting. It also expects for 2006 and beyond to make its recommendation with respect to both restricted stock and option grants at the May Board meetings. This will enable the Committee to review more recent peer group data for this component of compensation because the peer group proxy statements for the prior year will be available.

Chief Executive Officer Compensation. The Committee considers and develops recommendations to the full Board on matters pertaining to the compensation of Edward J. Pettinella substantially in conformity with the policies described above for all other executive officers of the Company. For 2004, Mr. Pettinella's base salary and bonus factor were set by the terms of his employment agreement, which was entered into in May, 2004 and expires on December 31, 2006. The Board meets in executive session to approve compensation levels for the Chief Executive Officer in the context of a review of his performance and the performance of the Company. For 2005, the performance review included consideration of a written evaluation of Mr. Pettinella's performance completed by each member of the Board of Directors, as well as each of the executive officers.

Section 162(m). As a real estate investment trust, the Company does not pay tax at the corporate level and thus the limit on deductibility under Section 162(m) of the Internal Revenue Code and related regulations does not impact the Company. Nevertheless, it is the Committee's present intention to use the requirements of Section 162(m) as a guide in its compensation related decisions, except where the best interests of the Company and its stockholders dictate otherwise.

Performance Graph

The following graph compares the cumulative return on the Company's Common Stock during the five year period ended December 31, 2004 to the cumulative return of the NAREIT All Equity REIT Index and the Standard and Poor's 500 Index for the same period. The total return assumes that dividends were reinvested quarterly at the same discounted price as provided under the Company's DRIP and is based on a \$100 investment on December 31, 1999. Stockholders should note that past performance does not predict future results.

Committee operates under a written charter adopted by the Committee and the Board. A copy of the charter is available on the Company's website at www.homeproperties.com under the heading Investment Information/Investor Overview.

As described more fully in its Charter, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. Among other matters, the Audit Committee is responsible for the selection of the Company's independent registered public accounting firm.

The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The independent registered public accounting firm is responsible for performing an integrated audit on the Company's consolidated financial statements as well as on Management's Report on Internal Control over Financial Reporting in accordance with generally accepted auditing standards and for issuing a report thereon. The Committee, in carrying out its role, relies on the Company's senior management and its independent public accountants.

During 2004, the Committee met nine times. The Committee's meetings include, no less frequently than quarterly, executive sessions with the Company's independent registered public accounting firm without the presence of the Company's management and executive sessions with the Company's management without the presence of the Company's independent registered public accounting firm. The Committee also meets with the director of the Company's internal audit department without the presence of the Company's management.

As part of its oversight responsibility, the Audit Committee reviewed and discussed with both management and the Company's independent registered public accounting firm, all annual and quarterly financial statements prior to their issuance. Management advised the Committee that each set of the Company's financial statements were prepared in accordance with generally accepted accounting principles and reviewed significant accounting and disclosure issues with the Committee. In addition, the Committee continued to monitor the scope and adequacy of the Company's internal audit program.

The Committee also discussed with the Company's independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees). In addition, the Company's independent registered public accounting firm provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussion With Audit Committees). The Committee discussed with the independent registered public accounting firm their independence from management and the Company.

All audit and non-audit services provided by PricewaterhouseCoopers LLP and the fees paid by the Company with respect to such services have been reviewed and pre-approved by the Audit Committee, which has also considered whether the provision of any non-audit services is compatible with maintaining the independent registered public accounting firm's independence.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission.

Principal Accounting Fees and Services

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the Company's independent registered public accounting firm. The Committee pre-approves on an annual basis the provision of certain audit, audit related and tax services specifically described to the Committee. Any additional engagements require separate pre-approval. As permitted by the SEC's rules, the Audit Committee has authorized its Chair, Paul Smith, to approve any additional non-audit services to be provided by the independent registered public accounting firm, provided that such service is permitted under applicable regulations and reported to the full Audit Committee at its next meeting.

All of the services described below for 2004 were pre-approved by the Audit Committee. The Audit Committee considered whether the provision of non-audit services by PricewaterhouseCoopers LLP was compatible with maintenance of the firm's independence in the conduct of its audit function and determined that such service was compatible with the maintenance of independence.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. Officers, directors and greater than 10% stockholders are required to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2004, all Section 16(a) filing requirements applicable to its executive officers, directors and greater than 10% beneficial owners were satisfied, except that the following events were not reported on a timely filed Form 4, but were subsequently reported on Form 4 and are reflected in this Proxy Statement: (i) the issuance under the Company's Deferred Bonus Plan of 54 shares to Johanna Falk at the end of the deferral period; (ii) the issuance of 4 gift shares to Janine Schue from the Company; (iii) the issuance of 704 shares to Amy Tait's spouse pursuant to the DRIP as a result of some of her spouse's stock being inadvertently enrolled in dividend reinvestment; (iv) the transfer of 6,036 shares from a custodial account controlled by Norman Leenhouts to a custodial account controlled by Amy Tait; (v) the gift of 1,300 shares from Norman Leenhouts to Amy Tait; and (vi) the deposit of 96 shares into John Smith's 401-K account through dividend reinvestment.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Directors and executive officers of the Company received loans from the Company for some portion of the purchase price of shares of Common Stock purchased by them in connection with the Stock Purchase Program described on page 17 of this Proxy Statement. These loans were made prior to the adoption of the Sarbanes-Oxley Act of 2002. In August 2002, the Board of Directors adopted a policy that no new loans and no material modifications to existing loans could be made under the Stock Benefit Program. As of March 11, 2005, no loans to directors and executive officers were outstanding pursuant to the Stock Purchase Program. The largest aggregate amount of indebtedness outstanding under the Stock Purchase Program at any time during 2004 for the executive officers was \$73,021 to John Smith, who repaid his loan in 2004. The Company's directors had no amounts outstanding in 2004 under this Program.

The Company's corporate headquarters are located in a building that is owned by an entity in which Norman and Nelson Leenhouts indirectly have a 75% interest. The Operating Partnership and the building owner have entered into various leases for approximately 75,000 square feet. The base rent payable by the Operating Partnership under the leases for 2004 was approximately \$870,000, which will increase to approximately \$884,000 for 2005. The lease also requires the Operating Partnership to pay its pro-rata portion (approximately 25% of total) of property improvements, real estate taxes and common area maintenance.

Effective January 1, 2004, the Operating Partnership sublet 2,776 square feet of its corporate headquarters to Home Leasing, LLC a company owned by Home Leasing Corporation, which is owned by Nelson and Norman Leenhouts. The sublease is at the same rent and on the same terms as the Company's lease.

Home Leasing Corporation, in consideration for a portion of the Units and cash received by it in 1994 in connection with the formation of the Company, assigned to HP Management certain management contracts between it and certain entities of which Home Leasing Corporation is a general partner. On January 1, 2004, the Operating Partnership sold these and certain other management contracts to Home Leasing, LLC for consideration of \$67,500 plus an ongoing payment equal to 24% of the management fees collected by Home Leasing, LLC pursuant to one of the management contracts. In addition, Home Leasing, LLC paid the Operating Partnership \$26,136 for certain personal property associated with the commercial management business. The sale was completed in order to avoid conflicts of interest and to focus the Company solely on the direct ownership and management of market rate apartment communities. The contribution from the managed properties to the Company's 2003 earnings was less than one-half of one percent.

HP Management and Tait Realty entered into a Property Management Agreement on November 26, 2001 with Midtown Rochester Properties, LLC whereby HP Management and Tait Realty agreed to provide certain management services with respect to a certain commercial property and related parking facilities located in Rochester, New York. Amy L. Tait, a director of the Company, is the principal of Tait Realty. The agreement has a one year term that automatically renews for one year periods unless terminated as provided therein. Pursuant to the Property Management Agreement, the monthly management fee was to be paid 80% to HP Management and 20% to Tait Realty. The monthly management fee is equal to the greater of 4% of gross revenues or \$20,000. The right to manage this property has been assigned to Home Leasing, LLC together with certain other management agreements as described in the preceding paragraph.

Albert H. Small was a director of the Company until his retirement from the Board in May, 2004. He is also a Vice President, director and 20% stockholder of Community Realty Company (CRC), which owns 160,360 Units in the Operating Partnership. The Units were issued in 1999 in connection with the acquisition by the Operating Partnership of multi-family communities in its Mid-Atlantic region that were previously owned by entities that CRC served as general partner.

Mr. Small is also a general partner and 6% owner of a partnership that owns the office building in which the Company formerly had its Mid-Atlantic regional offices. The Operating Partnership and the building owner entered into a lease for 6,250 square feet, which expires in 2006. The Operating Partnership has sublet a portion of this space to a third party. The base rent payable by the Operating Partnership under the lease for 2004 was approximately \$41,000. In addition, the lease also requires the Operating Partnership to pay its pro-rata portion of increases in operating expenses and taxes.

Josh E. Fidler is a principal in a diversified real estate development business known as The Macks Group. In 1999, the Company acquired 3,297 apartment units from affiliates of The Macks Group. In connection with that transaction, Mr. Fidler and members of his family acquired approximately 800,000 Units in the Operating Partnership. In addition, in 2004, the Company acquired a 240 unit apartment community for \$29,496,000 in cash from an entity owned by Mr. Fidler and members of his family.

On March 7, 2005, the Company, the Operating Partnership and Home Leasing Corporation entered into a settlement agreement with Genesee Valley Medical Center, L.P. and certain of its limited partners (GVMC), which had commenced a legal action in 2000 against the Company, the Operating Partnership and Home Leasing Corporation. The law suit related to the exclusion of a commercial property from the Company's initial public offering in 1994. Pursuant to the settlement agreement, GVMC was paid \$3.5 million. The Board of Directors of the Company authorized the Company to pay the full settlement and to reimburse Home Leasing for approximately \$200,000 of legal fees that it incurred in defending this action. This was in recognition of the fact that the matters alleged in the law suit against Home Leasing Corporation related directly and solely to the promotion and creation of the Company.

PROPOSAL 2

APPROVAL OF THE COMPANY'S AMENDED AND RESTATED 2003 STOCK BENEFIT PLAN

The Board of Directors believes that the availability of stock options and other stock-based incentives under the Company's 2003 Stock Benefit Plan (the "Stock Plan") is important to the Company's ability to attract and retain experienced employees and non-employees directors and to provide an incentive for them to exert their best efforts on behalf of the Company. As of March 11, 2005, out of a total of 1,450,000 shares of Common Stock reserved for issuance under the Stock Plan, 307,855 shares remained available for grant. Of those available shares, 231,330 are available for stock option awards to employees, 63,000 are available for stock option awards to non-employee directors and 13,525 are available for restricted stock awards for non-employee directors. The Stock Plan does not currently provide for restricted stock awards to employees.

The Board of Directors believes additional shares will be needed under the Stock Plan to provide appropriate incentives to key employees and non-employee directors. Accordingly, on February 16, 2005, the Board of Directors approved an Amended and Restated 2003 Stock Benefit Plan (the "Amended Stock Plan") subject to stockholder approval, to increase the shares reserved for issuance thereunder as follows:

Restricted Stock for Employees	From 0 shares increased to 110,000
Stock Options for Employees	From 1,250,000 shares increased to
Restricted Stock for Non-Employee Directors	From 25,000 shares increased to 29,
Stock Options for Non-Employee Directors	From 175,000 shares increased to 22

It is expected that the increase in shares reserved for issuance under the Amended Stock Plan should be sufficient to provide shares for two years of grants.

The stockholders approved the Stock Plan at their 2003 Stockholders Meeting. The Stock Plan as originally adopted provided that 1,250,000 shares were to be available for stock option grants to employees. During 2003 and 2004, the Company granted stock options to employees for a total 615,370 shares and 558,160 shares, respectively, while option cancellations due to expirations and employee terminations totaled 19,020 shares and 110,520 shares, respectively.

The Stock Plan does not provide for the issuance of restricted stock to employees. Since 2001, the Company has been issuing restricted stock to its employees under its 2000 Stock Benefit Plan. During 2003 and 2004, the Company issued 195,720 shares (including 129,870 issued to Nelson and Norman Leenhouts on their retirement) and 62,332 shares, respectively, of restricted stock, while restricted stock cancellations due to employee terminations totaled 3,000 shares and 6,200 shares, respectively. If the stockholders approve the Amended Stock Plan, no further awards will be made under the 2000 Stock Benefit Plan.

The Stock Plan originally provided that 175,000 shares were to be available for the issuance of stock options to non-employee directors, who were to be granted options to purchase 7,000 shares in 2003 and up to 10,000 shares in 2004. Non-employee directors were actually granted options to purchase 7,000 shares in each of 2003 and 2004 for a total of 112,000 options, none of which have been cancelled. The Amended Stock Plan provides that non-employee directors are to be granted options to purchase 4,000 shares in 2005 and up to 4,000 shares in each of 2006 and 2007.

The Stock Plan also originally provided that 25,000 shares were to be available for issuance of restricted stock to non-employee directors, who were to be awarded up to 1,000 shares of restricted stock in each of 2004 and 2005. In 2004 and 2005, non-employee directors were actually awarded 400 and 875 shares, respectively, of restricted stock for a total of 11,475 shares, none of which have been terminated. The Amended Stock Plan provides for an award of up to 1,000 shares of restricted stock to each non-employee director in each of 2006 and 2007.

Assuming the approval of the Amended Stock Plan by the stockholders, as of March 11, 2005 the aggregate of Common Stock subject to outstanding option grants, shares of restricted stock outstanding and shares that will be available for issuance of awards equals 9.1% of the aggregate of the Company's Outstanding Equity and 8.6% of the sum of the Outstanding Equity plus the shares proposed for issuance under the Amended Stock Plan.

If the stockholders do not approve the Amended Stock Plan, the Board expects to continue to approve the issuance of stock options and restricted stock from the 2000 Stock Benefit Plan and the shares remaining available under the 2003 Stock Benefit Plan.

The complete text of the Amended and Restated 2003 Stock Benefit Plan, marked to show the changes from the Stock Plan as approved by the stockholders in 2003, is attached to this Proxy Statement as [Exhibit A](#). The only changes from the Stock Plan as originally approved relate to the increase in shares reserved for issuance thereunder as described above and the change in the name of the Compensation Committee. The following description of the Amended Stock Plan is a summary of certain provisions and is qualified in its entirety by reference to [Exhibit A](#).

Description of the Amended Stock Plan

Eligibility. All employees (including officers) of the Company and non-employee directors are eligible to be selected for awards under the Amended Stock Plan. The number of persons who currently hold awards granted under the Stock Plan is approximately 500.

Administration. The Amended Stock Plan is administered by the Compensation Committee of the Board of Directors (the Committee). The Committee has full authority to administer the Amended Stock Plan, including authority to interpret and construe any provision of the Amended Stock Plan and to adopt such rules and regulations for administering the Amended Stock Plan as it may deem necessary. The Committee determines the individuals to whom awards are made under the Amended Stock Plan, the amount of the awards, and the other terms and conditions of the awards.

Term of the Plan. The Amended Stock Plan will continue until the later of: (a) last expiration date of any option awarded under the Amended Stock Plan; and (b) the last vesting date of any restricted stock awarded under the Amended Stock Plan.

Limitation. A participant under the Amended Stock Plan may not receive more than 200,000 shares underlying options in any calendar year. In addition, the aggregate fair market value of Common Stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year may not exceed \$100,000.

Terms and Conditions of Awards. The Committee may grant awards subject to vesting schedules or restrictions and contingencies acceptable to the Committee provided that: (i) the vesting schedule for stock options issued to employees shall not be any shorter than 33.34% per year; (ii) the vesting schedule for options to be issued to non-employee directors shall be 20% per year; and (iii) the restrictions on restricted stock granted to non-employee directors shall not lapse fewer than three years after the date of grant. Awards may be subject to acceleration such that they become fully vested, exercisable and released from any restrictions or contingencies upon the occurrence of a change of control (as defined in the Amended Stock Plan), death and total disability. Upon retirement, however, options held by any participant continue according to their original vesting schedule.

Each option granted under the Amended Stock Plan will be designated as either an incentive stock option or a non-statutory stock option. No option right may be granted with a term of more than ten years from the date of grant.

Additional Restrictions on Executive Officers and Directors. The executive officers and the non-employee directors are subject to additional restrictions under the Amended Stock Plan. Executive officers may only sell that number of shares in connection with a stock option exercise as is necessary to pay the exercise price and related commissions as well as to satisfy tax withholding requirements. They must also retain the equivalent number of shares received in an option exercise for no less than one year following the exercise. Non-employee directors may only sell that number of shares in connection with a stock option exercise as is necessary to pay the exercise price and any related income tax but not to exceed 35% of the gain. Non-employee directors are subject to the same one year holding requirement as the executive officers.

Exercise Price. The Amended Stock Plan authorizes the Committee to grant options at an exercise price of not less than 100% of the fair market value of the shares on the date of grant. The exercise price is generally payable in cash, check, surrender of pre-owned shares of common stock that have been held for more than six months, broker-dealer exercise and sale, or by such other means determined by the Committee.

Option Repricing Prohibited. The exercise price for any outstanding option may not be decreased after the date of grant, nor may any outstanding option be surrendered as consideration for the grant of a new option with a lower exercise price.

Transferability of Awards. An option shall be exercisable during the participant's lifetime only by the participant, his or her guardian or legal representative or by such other means as the Committee may approve subject to applicable securities laws. Generally, awards may not be transferred other than by will or the laws of descent and distribution.

Adjustments Upon Changes in Capitalization. The number and types of shares covered by outstanding awards, the number of shares authorized for issuance under the Amended Stock Plan, the exercise price of each outstanding award, the maximum number and types of shares that may be granted to any participant in a fiscal year, and the like may be adjusted by the Committee in the event of any stock dividend, stock split, merger, consolidation, reorganization, recapitalization, spin-off or similar transaction, or any other change in corporate structure affecting shares.

Change of Control. In the event of a change of control as defined in the Amended Stock Plan, outstanding awards will be subject to accelerated vesting and exercise ability.

Amendment or Termination. The Board of Directors may amend or terminate the Amended Stock Plan at any time, subject to stockholder approval in certain circumstances described in the Amended Stock Plan. Generally, material amendments to the Amended Stock Plan require stockholder approval. No amendment or termination of the Amended Stock Plan may adversely affect outstanding awards unless consented to by

the participant in writing.

Certain Federal Tax Consequence. The grant of stock options under the Amended Stock Plan normally will not result in any federal income tax consequences to the grantee or to the Company.

Upon exercise of a non-statutory stock option the grantee recognizes ordinary compensation income on the difference between the option exercise price and the fair market value of the shares on the date of exercise. Any gain or loss on the grantee's subsequent disposition of the shares will receive capital gain or loss treatment.

In the case of an incentive option, the grantee recognizes no federal taxable income upon exercising the option (subject to the alternative minimum tax rules discussed below), except that if the incentive option, if exercisable, is exercised more than three months (one year in the case of death or disability) after termination of employment, the tax treatment described above for non-statutory options will apply. In the event of a disposition of stock acquired upon exercise of an incentive option, the tax consequences depend upon how long the grantee has held the shares. If the grantee does not dispose of the shares within two years after the incentive option was granted, or within one year after exercise, the grantee will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. Failure to satisfy either of the above holding periods results in ordinary compensation income in the year of disposition (a disqualifying disposition) equal to the lesser of: (i) the difference between the amount realized on the disposition and the exercise price; or (ii) the difference between the fair market value of the stock on the exercise date and the exercise price. Any gain to the grantee in excess of the amount taxed as ordinary income will be treated as capital gain. The difference between the fair market value of the shares at exercise and the exercise price is classified as an item of adjustment in the year of exercise of an incentive option for purposes of the grantee's alternative minimum tax. This treatment will not apply if there is a disqualifying disposition in the same calendar year in which the incentive stock options are exercised.

Grantees of restricted stock will recognize no income at the time of grant. On the date that the restrictions lapse, the recipient will recognize ordinary compensation income on the difference between the amount paid for such stock (normally zero) and the fair market value of these shares on that date. Any gain or loss on the recipient's later disposition of the shares will receive capital gain or loss treatment.

Recipients of restricted stock may, within 30 days after issuance, make a Section 83(b) election to recognize as ordinary compensation income in the year that restricted stock is received the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If that election is made, the recipient recognizes no further compensation income upon the lapse of restrictions and any subsequent disposition will give rise to capital gain or loss based on the difference between the compensation income recognized under the election and the sale proceeds.

Compensation income recognized by an employee in the various situations discussed above may be subject to withholding for federal income and employment tax purposes.

Capital gain or loss is treated as long-term or short-term depending on whether the shares are held for more than one year following exercise (one year following lapse of the restrictions in the case of restricted stock). Capital gain income is not subject to tax withholding.

The foregoing is only a summary of the federal income tax consequences of Amended and Restated 2003 Stock Benefit Plan transactions and is based upon federal income tax laws in effect on the date of this Proxy Statement. Reference should be made to the applicable provisions of the Internal Revenue Code. This summary does not purport to be complete, and does not discuss the tax laws of any municipality, state or foreign country to which the grantee may be subject.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE APPROVAL OF THE AMENDED AND RESTATED 2003 STOCK BENEFIT PLAN.

PROPOSAL 3 APPROVAL OF THE COMPANY'S SECOND AMENDED AND RESTATED DIRECTOR DEFERRED COMPENSATION PLAN

Management and the Board of Directors believes that the Company's Amended and Restated Director Deferred Compensation Plan assists the Company in remaining competitive in attracting and retaining its non-employee directors because that plan assists those directors with their individual tax and financial planning. The Company also believes that it is important for the non-employee directors to hold a significant stake in the Company so that their interests are closely aligned with those of the stockholders. The Amended and Restated Director Deferred Compensation Plan is one method whereby the non-employee directors can easily acquire more of the Company's Common Stock. The Company contributes 10% of the cash amount each participant defers in order to encourage directors to use this method.

The Director Deferred Compensation Plan as originally adopted in 1999 provided for the issuance of up to 50,000 shares. Since then, 45,901 shares of the Company's Common Stock have been issued or reserved for issuance under the plan and, as of March 11, 2005, only 4,098 shares remain available for issuance. Of the shares issued or reserved for issuance only approximately 4,000 shares relate to the 10% of the deferred amounts contributed by the Company and the dividends reinvested on those shares.

The stockholders are being asked to approve an amendment to the Director Deferred Compensation Plan to increase the total number of shares of Common Stock to be available for issuance thereunder to 100,000 shares and to conform certain provisions to new requirements in the Internal Revenue Code. If the stockholders do not approve the increase in the number of shares of Common Stock available for issuance under the plan to 100,000, the Board of Directors may independently decide to do so. In that case, the 10% Company contribution would need to be eliminated as it is the only feature of the plan that constitutes an equity compensation plan requiring stockholder approval.

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

The complete text of the Second Amended and Restated Director Deferred Compensation Plan, marked to show changes from the existing Amended and Restated Director Deferred Compensation Plan is attached as Exhibit B. The following description of the Second Amended and Restated Director Deferred Compensation Plan is a summary of certain provisions and is qualified entirely by reference to Exhibit B.

Description of the Second Amended and Restated Director Deferred Compensation Plan

Eligibility. All non-employee directors are eligible to participate in the Second Amended and Restated Director Deferred Compensation Plan. There are currently nine non-employee directors.

Administration. The Second Amended and Restated Director Deferred Compensation Plan is administered by the Compensation Committee of the Board (the Committee). The Committee has full authority to administer this plan and to adopt rules and regulations for carrying out this plan and to interpret, construe and implement its provisions.

Contributions. Non-employee directors can elect to defer up to 100% of their total annual cash compensation for three, five or ten years and their compensation in the form of restricted stock for five or ten years. The Company matches 10% of the deferred cash amount, which amount vests after three years.

Accounts. A phantom stock account is established for each of the director and Company contribution amounts. Each deferral and the Company contribution is reflected by crediting those accounts with the phantom equivalent of the number of shares of the Company's Common stock that could be purchased with the amounts deferred and contributed at the Common Stock's fair market value as of the day when the compensation would otherwise have been paid, or with the number of shares of restricted stock recognition of income on which has been deferred. Participants' accounts are also credited with the number of shares of the Company's Common Stock that could be purchased with hypothetical dividends that would be paid with respect to shares previously allocated to the accounts on the same date and at the same price that shares are purchased for participants in the dividend reinvestment feature of the Company's DRIP.

Payment of Deferred Amounts. Payment of vested amounts from a participant's accounts is to be made in a lump sum payment within 60 days of a participant's retirement or other termination as a director of the Company. Payments out of the deferred accounts, upon vesting or otherwise, are made by issuance of Common Stock, except in the event of payment by reason of a change in control in which event payment may be made in cash or by issuance of Common Stock at the election of the Compensation Committee.

Transferability of Award. The rights of a participant under the Second Amended and Restated Director Deferred Compensation Plan are not transferable other than by will or the laws of descent and distribution and may be exercised during the participant's lifetime only by the participant or by his or her guardian or legal representative.

Adjustments Upon Change in Capitalization. The number of kind of shares which are available for stock payments under the Second Amended and Restated Director Deferred Compensation Plan may be adjusted by the Committee in the event of any stock dividend, recapitalization, reorganization, merger, consolidation, split-up, combination, exchange of shares or similar transactions.

Change of Control. In the event of a change of control as defined in the Second Amended and Restated Director Deferred Compensation Plan, all account balances become fully and immediately vested and are paid in cash or Common Stock at the discretion of the Committee.

Amendment or Termination. The Board of Directors may amend or terminate the Second Amended and Restated Director Deferred Compensation Plan at any time provided that no such action may accelerate the time or schedule of payment of any amount under the plan, except as permitted by the Internal Revenue Code. No amendment or termination may adversely affect a participant's account under this plan, without his or her consent.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE APPROVAL OF THE SECOND AMENDED AND RESTATED DIRECTOR DEFERRED COMPENSATION PLAN.

This Plan may be amended only with the approval of the holders of a majority of the shares of Common Stock eligible to vote. Notwithstanding the prior sentence, the Board of Directors may from time to time make amendments to the Plan without shareholder consent if such amendments are made to: (i) reflect a change that is of an immaterial nature or to cure any ambiguity; (ii) comply with Section 422 of the Code with respect to Incentive Stock Options, Rule 16b-3 and the rules of the New York Stock Exchange or any successor or replacement provisions and any regulations issued thereunder; and (iii) to satisfy any requests, conditions or guidelines contained in any order, direction, opinion, ruling or regulation of a federal or state agency or contained in federal or state law.

Except as otherwise provided herein, termination or amendment of the Plan shall not, without the consent of a Participant, affect such Participant's rights under any Award previously granted to such Participant.

Subject to the restrictions contained in Section 3.2 of this Plan, the Committee may also amend or modify the grant of any outstanding Award in any manner to the extent that the Committee would have had the authority to make such Award as so modified or amended.

2.7 Participants and Grants

Awards, other than Director's Options, may be granted by the Committee to those employees of the Company who the Committee determines have the capacity to make a substantial contribution to the success of the Company with the intention that Awards will be granted to a broad base of the Company's employees. The Committee may grant Stock Options, other than Director's Options, to purchase such number of shares of Common Stock (subject to the limitations of Section 2.5) as the Committee may, in its sole discretion, determine. In granting Stock Options, other than Director's Options, under the Plan, the Committee, on an individual basis, may vary the number of Incentive Stock Options or

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

Non-Qualified Stock Options as between Participants and may grant Incentive Stock Options and/or Non-Qualified Stock Options to a Participant in such amounts as the Committee may determine in its sole discretion. Notwithstanding the foregoing, the maximum number of shares of Common Stock covered by all Awards granted in any calendar year to any Participant may not exceed 200,000 shares.

3. STOCK OPTIONS

3.1 General

All Stock Options granted under the Plan shall be evidenced by written agreements executed by the Company and the Participant to whom granted, which agreement shall state the number of shares of Common Stock which may be purchased upon the exercise thereof and shall contain such investment representations and other terms and conditions as the Committee may from time to time determine, or, in the case of Incentive Stock Options, as may be required by Section 422 of the Code, or any other applicable law.

3.2 Price

Subject to the provisions of Sections 3.6(d) and 6.1, the exercise price per share of Common Stock subject to a Stock Option shall, in no case, be less than one hundred percent (100%) of the Fair Market Value of a share of Common Stock on the date the Stock Option is granted. Notwithstanding anything to the contrary herein, the exercise price per share of Common Stock subject to a Stock Option may not be reduced after the Stock Option is granted. No outstanding Stock Option may be surrendered as consideration for the grant of a new Stock Option with a lower exercise price.

3.3 Period

Subject to the provisions of Section 3.6(d) the duration or term of each Stock Option granted under the Plan shall be for such period as the Committee shall determine but in no event more than ten (10) years from the date of grant thereof.

3.4 Exercise

Stock Options shall be exercisable at such time or times as the Committee shall specify when granting the Stock Option, except that the vesting schedule for any Stock Options shall not be any shorter than 33.34 percent of such Stock Option on each of the first three (3) anniversaries of the date of grant. Once exercisable, a Stock Option shall be exercisable, in whole or in part, until the expiration or termination of its terms by giving a written notice of exercise, signed by the Person exercising the Stock Option, to the Secretary of the Company at the principal office of the Company or to such other Person and address as specified by the corporate Secretary specifying the number of shares of Common Stock as to which the Stock Option is then being exercised together with payment of the full exercise price for the number of shares being purchased. The date both such notice and payment are received by the office of the corporate Secretary of the Company or the corporate Secretary's designee shall be the date of exercise of the Stock Option as to such number of shares. Notwithstanding any provision to the contrary, no Stock Option may at any time be exercised with respect to a fractional share.

3.5 Payment of Exercise Price

The exercise price for shares of Common Stock as to which a Stock Option other than a Director's Option has been exercised and any amount required to be withheld, as contemplated by Section 6.3, may be paid:

(a) in cash, or by check, bank draft or money order payable in United States dollars to the order of the Company; or

(b) by the delivery by the Participant to the Company of whole shares of Common Stock already owned by the Participant for at least six months having an aggregate Fair Market Value on the Business Day prior to the Exercise Date equal to the aggregate of the exercise price of Common Stock as to which the Stock Option is then being exercised; or

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

(c) so long as not prohibited by law, by delivery by the Participant of a properly executed exercise notice to the Company, together with a copy of irrevocable instructions to a broker to deliver promptly to the Company the amount necessary to pay the exercise price, and, if requested, any applicable withholding taxes and commissions; or

(d) by any combination of (a), (b) or (c) above.

The Committee may, in its discretion, impose limitations, conditions and prohibitions on the use by a Participant of shares of Common Stock to pay the exercise price payable by such Participant upon the exercise of a Stock Option.

To facilitate the payment alternative described in paragraph (c) above, the Company may enter into agreements for coordinated procedures with one or more brokerage firms. In all events, no shares of Common Stock shall be delivered by the Company until full payment therefore has been made.

3.6 Special Rules for Incentive Stock Options

Notwithstanding any other provision of the Plan, the following provisions shall apply to Incentive Stock Options granted under the Plan:

(a) Incentive Stock Options shall only be granted to Participants who are employees of the Company or its Subsidiaries.

(b) To the extent that the aggregate Fair Market Value of Common Stock, with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year under this Plan and any other Plan of the Company or a Subsidiary, exceeds \$100,000 (determined by using the Fair Market Value as of the grant date), such Stock Options shall be treated as Non-Qualified Stock Options.

(c) ; Any Participant who disposes of shares of Common Stock acquired upon the exercise of an Incentive Stock Option by sale or exchange either within two (2) years after the date of the grant of the Incentive Stock Option under which the shares were acquired or within one (1) year of the acquisition of such shares, shall promptly notify the Secretary of the Company at the principal office of the Company of such disposition, the amount realized, the exercise price per share paid upon exercise and the date of disposition.

(d) No Incentive Stock Option shall be granted to a Participant who, at the time of the grant, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock either of the Company or any parent or Subsidiary of the Company, unless the purchase price of the shares of Common Stock purchasable upon exercise of such Incentive Stock Option is at least one hundred ten percent (110%) of the Fair Market Value (at the time the Incentive Stock Option is granted) of the Common Stock and the Incentive Stock Option is not exercisable more than five (5) years from the date it is granted.

3.7 Termination of Employment

(a) In the event a Participant's employment by, or relationship with, the Company shall terminate for any reason other than those reasons specified in Sections 3.7(b), (c),(d) or (e) hereof while such Participant holds Stock Options granted under the Plan, then all rights of any kind under any outstanding Stock Option held by such Participant which shall not have previously lapsed or terminated shall expire immediately. If a Participant's employment by the Company shall terminate but the Participant remains or becomes an Eligible Director then the Participant's relationship with the Company shall be deemed to have continued and notwithstanding anything to the contrary contained herein, all rights under any outstanding Stock Option held by such Participant which shall not have previously lapsed or terminated shall continue in full force and effect as granted except as required by the Code.

(b) If a Participant's employment by, or relationship with, the Company or its Subsidiaries shall terminate as a result of such Participant's Total Disability, each Stock Option held by such Participant (which has not previously lapsed or terminated) shall immediately become fully exercisable as to the total number of shares of Common Stock subject thereto (whether or not exercisable to that extent at the time of such termination) and shall remain so exercisable by such Participant for a period of one (1) year after termination unless such Stock Option expires earlier by its terms.

(c) In the event of the death of a Participant, each Stock Option held by such Participant (which has not previously lapsed or terminated) shall immediately become fully exercisable as to the total number of shares of Common Stock subject

thereto (whether or not exercisable to that extent at the time of death) by the executor or administrator of the Participant's estate or by the person or persons to whom the deceased Participant's rights thereunder shall have passed by will or by the laws of descent or distribution, and shall remain so exercisable for a period of one (1) year after such Participant's death unless such Stock Option expires earlier by its terms.

(d) If a Participant's employment by the Company shall terminate by reason of such Participant's Retirement, each Stock Option held by such Participant at the date of termination (which has not previously lapsed or terminated) shall immediately become fully exercisable as to the total number of shares of Common Stock subject thereto (whether or not exercisable to that extent at the time of such termination) and shall remain so exercisable by such Participant for a period of one (1) year after termination, unless the Stock Option expires earlier by its terms. Notwithstanding the above, if a Participant as described in the preceding sentence is an Executive Officer of the Company at the time of his or her retirement, then each Stock Option held by such Participant at the date of termination (which has not previously lapsed or terminated) shall continue to be exercisable at such time or times as the Committee shall have specified when granting the Stock Option, except as required by the Code.

(e) In the event the Company terminates the employment of a Participant for any reason except good cause (hereafter defined) and except upon such Participant's death, Total Disability or Retirement, each Stock Option, which has been held by such Participant for more than six (6) months prior to such termination, shall immediately become fully exercisable as to the total number of shares of Common Stock subject thereto (whether or not exercisable as to that extent at the time of such termination) and shall remain exercisable for a period of one (1) year after such termination unless such Stock Option expires earlier by its terms.

3.8 Effect of Leaves of Absence

It shall not be considered a termination of employment when a Participant is on military or sick leave or such other type of leave of absence which is considered by the Committee as a continuing of the employment relationship of the Participant with the Company or any of its Subsidiaries.

3.9 Additional Restrictions on Executive Officers

By accepting a grant of a Stock Option issued pursuant to this Plan, each Executive Officer shall be deemed to have agreed that not notwithstanding anything to the contrary in this Plan: (a) such Executive Officer will not exercise such Stock Option or any part thereof in such a manner that such Executive Officer will realize an immediate cash payment in connection with such exercise except that such Executive Officer may direct that the number of shares of Common Stock as to which the Stock Option is then being exercised may be sold to pay the exercise price and any related withholding taxes to the Company as well as to pay a related commission to a third party on such Executive Officer's behalf; and (b) such Executive Officer shall retain for a period of no less than one calendar year following the exercise of the Stock Option or any part thereof beneficial ownership of no less than the same number of shares of the Company's Common Stock as was received by such Executive Officer upon the exercise of that Stock Option or any part thereof. The Committee may waive the requirements of this Section 3.9 with respect to any Executive Officer if they determine such waiver to be appropriate in their sole discretion.

4. DIRECTOR'S OPTIONS

4.1 General

Each agreement shall be signed on behalf of the Company by an officer or officers delegated such authority by the Committee using manual signature. Each agreement shall comply with and be subject to the terms and conditions of the Plan. For the years 2006 and 2007, the Committee shall determine the number of Director's Options to be granted to each of the Eligible Directors (not to exceed 4,000 shares for each year) based on an analysis of the amount and type of compensation paid to the members of the boards of directors of the Company's peer group, as well as other factors as may reasonably be considered by the Committee.

4.3 Director's Option Exercise Price

The exercise price per share for a Director's Option shall be the Fair Market Value on the date of grant. Notwithstanding anything to the contrary herein, the exercise price per share of Common Stock subject to a Director's Option may not be reduced after the Director's Option is granted. No outstanding Director's Option may be surrendered as consideration for the grant of a new Director's Option with a lower exercise price.

4.4 Exercise

Director's Options shall be exercisable twenty (20) percent per year on each of the first five (5) anniversaries of the grant date. Once exercisable, a Director's Option shall be exercisable in whole or in part, until the expiration or termination of its term in accordance with Section 4.6 by giving written notice of exercise, signed by the Person exercising the Director's Option, to the Secretary of the Company at the principal office of the Company or to such other Person or entity as specified by the corporate Secretary specifying the number of shares of Common Stock as to which the Director's Option is then being exercised together with payment of the full exercise price for the number of shares of Common Stock to be purchased. - (b) by the delivery by the Director to the Company of whole shares of Common Stock already owned by the Eligible Director for at least six months having an aggregate Fair Market Value on the Business Day prior to the Exercise Date equal to the aggregate exercise price of the Common Stock as to which the Stock Option is then being exercised; or

To facilitate the payment alternative described in paragraph (c) above, the Company may enter into an agreement for coordinated procedures with one or more brokerage firms. In all events, no shares of Common Stock shall be delivered by the Company until full payment therefore has been made.

4.6 Term of Director's Options

Each Director's Option shall expire ten (10) years from its date of grant, but shall be subject to earlier termination as follows:

(a) In the event of the termination of a Director's Option holder's service as a member of the Board of Directors, by reason of his or her removal as a member of the Board of Directors (by the shareholders, the Board of Directors or otherwise), the then-outstanding Director's Options of such holder (whether or not then exercisable) shall automatically expire on (and may not be exercised on) the effective date of such termination.

(b) In the event of the termination of a Director's Option holder's service as a member of the Board of Directors by reason of Total Disability, the then-outstanding Director's Options of such holder shall become exercisable, to the full extent of the number of shares of Common Stock remaining covered by such Director's Options, regardless of whether such Director's Options were previously exercisable, and each such Director's Option shall expire one (1) year after the date of such termination or on the stated expiration date, whichever is earlier.

(c) In the event of the death of a Director's Option holder while such holder is a member of the Board of Directors, the then-outstanding Director's Options of such holder shall become exercisable, to the full extent of the number of shares of Common Stock remaining covered by such Director's Options, regardless of whether such Director's Options were previously exercisable, and each such Director's Option shall expire one (1) year after the date of death of such optionee or on the stated grant expiration date, whichever is earlier.

Exercise of a deceased holder's Director's Options that are still exercisable shall be by the estate of such holder or by the person or persons to whom the holder's rights have passed by will or the laws of descent and distribution.

(d) In the event of the termination of a Director's Option holder's services as a member of the Board of Directors by reason of Retirement, the then outstanding Directors Options of such holder (which shall not have previously lapsed or terminated) shall continue to be exercisable at such time or times as shall have been specified when the Director's Option was granted.

(e) In the event of the termination of a Director's Option holder's service as a member of the Board of Directors for any reason other than as described in Sections 4.6(a)-(d), including without limitation, expiration of the director's term in office (without renomination or reelection) or by resignation, the then outstanding Director's Options of such holder shall become exercisable, to the full extent of the number of shares of Common Stock remaining covered by such Director's Options, regardless of whether such Director's Options were previously exercisable, and each such Director's Option shall expire one (1) year after the effective date of such termination.

4.7 Limitation of Rights

Neither the recipient of a Director's Option under the Plan nor the recipient's successor or successors in interest shall have any rights as a shareholder of the Company with respect to any shares of Common Stock subject to a Director's Option granted to such person until the date of issuance of a stock certificate for such shares of Common Stock.

4.8 Limitation as to Directorship

Neither the Plan, nor the granting of a Director's Option, nor any other action taken pursuant to the Plan shall constitute or be evidence of any agreement or understanding, express or implied, that an Eligible Director has a right to continue as a member of the Board of Directors for any period of time or at any particular rate of compensation.

4.9 Limit on Awards to Eligible Directors

Notwithstanding any provision to the contrary, an Eligible Director shall not be entitled to receive or participate in any Award under the Plan other than: (a) Director's Options which are granted to such Eligible Director pursuant to Section 4.2 and meet all of the requirements of Section 4 applicable thereto; and (b) Restricted Stock Awards granted to such Eligible Director pursuant to Section 5.1 and meet all the requirements of Section 5 applicable thereto.

4.10 Termination of Director's Options

Notwithstanding any provision to the contrary, no Director's Option shall be granted pursuant to Section 4.2 on a date when the number of shares of Common Stock authorized for issuance pursuant to the Plan and then available for issuance pursuant to new Director's Options is less than the aggregate number of such shares which would be issuable pursuant to Director's Options otherwise required to be granted on such date.

4.11 Conflicting Provisions

In the event of any conflict between a provision of this Section 4 and a provision in any other paragraph of the Plan with respect to Director's Options, such provision of this Section 4 shall be deemed to control. Except in the case of conflict, however, provisions in other sections are applicable.

4.12 Additional Restrictions on Directors

By accepting a grant of a Director's Option issued pursuant to this Plan, each Eligible Director shall be deemed to have agreed that notwithstanding anything to the contrary in this Plan: (a) such Eligible Director will not exercise such Director's Option or any part thereof in such a manner that such Eligible Director will receive an immediate cash payment in connection with such exercise except that: (i) such Eligible Director may direct that the number of shares of Common Stock as to which the Director's Option is then being exercised may be sold to pay the exercise price to the Company as well as to pay a related commission to a third party on such Eligible Director's behalf; and (ii) an Eligible Director may receive cash to be used to pay applicable taxes due with respect to any taxable gain realized on the exercise of that Director's Option or any part thereof provided that the cash received shall not exceed 35% (thirty-five percent) of that gain; and (b) such Eligible Director shall retain for a period of no less than one calendar year following the exercise of the Director's Option or any part thereof beneficial ownership of no less than the same number of shares of the Company's Common Stock as was received by such Eligible Director upon exercise of that Director's Option or any part thereof. The Committee may waive the requirements of this Section 4.12 with respect to any Eligible Director if they determine such waiver to be appropriate in their sole discretion.

5. RESTRICTED STOCK AWARDS

5.1 Grants to Eligible Directors

Each of the Eligible Directors will be issued up to 1,000 shares of Restricted Stock in each of 2006 and 2007, such Restricted Stock to be issued on the first dividend payment date with respect to the Common Stock to occur in each of 2006 and 2007.

The Committee shall determine the number of shares of Restricted Stock to be issued to each of the Eligible Directors (not to exceed 1,000 shares for each of 2006 and 2007) based on an analysis of the amount and type of compensation paid to the members of the boards of directors of the Company's peer group, as well as other factors as may reasonably be considered by the Committee. Each grant of Restricted Stock shall be evidenced by a Restricted Stock Award document, which shall specify the number of shares of Common Stock to be issued to the Eligible Director, the date of such issuance, the consideration for such shares, if any, by the Eligible Director, the restrictions imposed on such shares, and the conditions of release or lapse of such restrictions. Notwithstanding the above, the restrictions imposed on any grant of Restricted Stock Awards shall not lapse and the shares shall not vest fewer than three (3) years after the date of grant. Stock certificates evidencing shares of Restricted Stock subject to restrictions shall be held by the Company until the restrictions on such shares shall have lapsed and the shares shall have vested in accordance with the provisions of the Award. Promptly after the lapse of restrictions, a certificate or certificates evidencing the number of shares of Common Stock as to which the restrictions have lapsed shall be delivered to the Eligible Director unless the Eligible Director shall have elected to defer receipt of those shares for an additional period pursuant to the Company's Director Deferred Compensation Plan. The Eligible Director shall deliver to the Corporation such further assurance and documents as the Committee may require.

5.2 Grants to Employees

The Committee may, in its discretion, grant one or more Restricted Stock Awards to any eligible employee. Each grant of Restricted Stock shall be evidenced by a Restricted Stock Award document, which shall specify the number of shares of Common Stock to be issued to the employee, the date of such issuance, the consideration for such shares, and the conditions of release or lapse of such restrictions. Stock certificates evidencing shares of Restricted Stock subject to restrictions shall be held by the Company until the restrictions on such shares shall have lapsed and the shares shall have vested in accordance with the provisions of the Award. Promptly after the lapse of restrictions, a certificate or certificates evidencing the number of shares of Common Stock as to which the restrictions have lapsed shall be delivered to the employee. The employee shall deliver to the Corporation such further assurance and documents as the Committee may require.

5.3 Restrictions

(a) Pre-Vesting Restraints. Shares of Common Stock comprising any Restricted Stock Award may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered, either voluntarily or involuntarily, until the restrictions have lapsed.

(b) Dividend and Voting Rights. Unless otherwise provided in the applicable Award Document, a Participant receiving a Restricted Stock Award shall be entitled to cash dividend and voting rights for all shares of Common Stock issued even though they are not vested, provided that such rights shall terminate immediately as to any Restricted Stock that ceases to be eligible for vesting.

(c) Accelerated Vesting. Unless otherwise provided by the Committee, the restrictions on Restricted Stock shall lapse upon the Participant's termination of service as an employee or a Director of the Company, as applicable, by reason of Total Disability or death. In the event of the Retirement of a Participant the restrictions on the Restricted Stock held by them shall not lapse but shall continue as specified when the Restricted Stock was awarded.

(d) Forfeiture. Unless otherwise specified by the Committee or as provided in the last sentence of Section 5.2(c), Restricted Stock as to which the restrictions have not lapsed in accordance with the provisions of the Award or pursuant to Section 5.2(c) shall be forfeited upon a Participant's termination of service as an employee or as a member of the Company's Board of Directors. Upon the occurrence of any forfeiture of shares of Restricted Stock, such forfeited shares shall be automatically transferred to the Company without payment of any consideration by the Company and without any action by the Participant and shall be available for future grants of Restricted Stock under the Plan.

6. MISCELLANEOUS PROVISIONS

6.1 Adjustments Upon Changes in Capitalization

In the event of changes to the outstanding shares of Common Stock of the Company through a Business Combination, recapitalization, reclassification, stock split-up, stock dividend, stock consolidation or otherwise, an appropriate and proportionate adjustment shall be made in the number and kind of shares as to which Awards or Director's Options may be granted. A corresponding adjustment changing the number or kind of shares and/or the purchase price per share of unexercised Stock Options or portions thereof which shall have been granted prior to any such change shall likewise be made. Adjustments or changes under this Section shall be made by the Committee, whose determination as to what adjustments or changes shall be made, and the extent thereof, shall be final, binding and conclusive.

6.2 Change of Control

Notwithstanding any other provision of this Plan to the contrary, unless the Committee shall determine otherwise at the time of grant with respect to a particular Award, in the event of a Change of Control:

(a) Any Stock Options outstanding as of the date such Change of Control occurs, and which are not then exercisable and vested, shall become fully exercisable and vested; and

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

(b) Any restrictions applicable to any Restricted Stock outstanding as of the date such Change of Control occurs shall lapse and such Restricted Stock shall become free of all restrictions and limitations and become fully vested and transferable.

6.3 Non-Transferability

No Award or Director's Option shall be transferable except by will or the laws of descent and distribution, nor shall any Award or Director's Option be exercisable during the Participant's lifetime by any person other than the Participant or his guardian or legal representative. Any purported transfer contrary to this provision will be null and void and without effect.

6.4 Withholding

The Company's obligations under this Plan shall be subject to applicable federal, state and local tax withholding requirements. Federal, state and local withholding tax due at the time of a grant or upon the exercise of any Award may, in the discretion of the Committee, be paid in shares of Common Stock already owned by the Participant or through the withholding of shares otherwise issuable to such Participant, upon such terms and conditions as the Committee shall determine. If the Participant shall fail to pay, or make arrangements satisfactory to the Committee for the payment, to the Company of all such federal, state and local taxes required to be withheld by the Company, then the Company shall, to the extent permitted by law, have the right to deduct from any payment of any kind otherwise due to such Participant an amount equal to any federal, state or local taxes of any kind required to be withheld by the Company.

6.5 Compliance with Law and Approval of Regulatory Bodies

No Award shall be exercisable and no shares will be delivered under the Plan except in compliance with all applicable federal and state laws and regulations including, without limitation, compliance with all federal and state securities laws and withholding tax requirements and with the rules of all domestic stock exchanges on which the Common Stock may be listed. Any share certificate issued to evidence shares for which an Award or Director's Option is exercised may bear legends and statements the Committee shall deem advisable to assure compliance with federal and state laws and regulations. No Stock Option shall be exercisable and no shares will be delivered under the Plan, until the Company has obtained consent or approval from regulatory bodies, federal or state, having jurisdiction over such matters as the Committee may deem advisable. In the case of the exercise of a Stock Option by a person or estate acquiring the right to exercise the Stock Option as a result of the death of the Participant, the Committee may require reasonable evidence as to the ownership of the Stock Option and may require consents and releases of taxing authorities that it may deem advisable.

6.6 No Right to Employment

Neither the adoption of the Plan nor its operation, nor any document describing or referring to the Plan, or any part thereof, nor the granting of any Award hereunder, shall confer upon any Participant under the Plan any right to continue in the employ of the Company or any Subsidiary, or shall in any way affect the right and power of the Company or any Subsidiary to terminate the employment of any Participant at any time with or without assigning a reason therefore, to the same extent as might have been done if the Plan had not been adopted.

6.7 Exclusion from Pension Computations

By acceptance of any Award under the Plan, the recipient shall be deemed to agree that any income realized upon the receipt or exercise thereof or upon the disposition of the shares received upon exercise will not be taken into account as base remuneration, wages, salary or compensation in determining the amount of any contribution to or payment or other benefit under any pension, retirement, incentive, profit-sharing or deferred compensation plan of the Company or any Subsidiary.

6.8 Abandonment of Options

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

A Participant may at any time abandon a Stock Option prior to its expiration date. The abandonment shall be evidenced in writing, in such form as the Committee may from time to time prescribe. A Participant shall have no further rights with respect to any Stock Option so abandoned.

6.9 Severability

If any of the terms of provisions of the Plan conflict with the requirements of Rule 16b-3, then such terms or provisions shall be deemed inoperative as to directors and officers to the extent they so conflict with the requirements of Rule 16b-3.

6.10 Interpretation of the Plan

Headings are given to the Sections of the Plan solely as a convenience to facilitate reference; such headings, numbering and paragraphing shall not in any case be deemed in any way material or relevant to the construction of the Plan or any provision hereof. The use of the masculine gender shall also include within its meaning the feminine. The use of the singular shall also include within its meaning the plural and vice versa.

6.11 Use of Proceeds

Funds received by the Company upon the exercise of Stock Options shall be used for the general corporate purposes of the Company.

6.12 Construction of Plan

The place of administration of this Plan shall be in the State of New York, and the validity, construction, interpretation, administration and effect of this Plan and of its rules and regulations, and rights relating to this Plan, shall be determined solely in accordance with the laws of the State of New York.

HOME PROPERTIES, INC.

SECOND AMENDED AND RESTATED

DIRECTOR DEFERRED COMPENSATION PLAN

1. Purpose

Home Properties, Inc. (the Company) adopted its Home Properties, Inc. Director Deferred Compensation Plan effective January 1, 1999 (the Plan) to assist its independent directors with their individual tax and financial planning and to permit the Company to remain competitive in attracting and retaining its independent directors. The Plan permits eligible directors to defer the receipt of annual compensation which they may be entitled to receive from the Company and, with respect to cash compensation, the Company to contribute matching contributions on their behalf. The Company has elected to amend and restate the Plan in order to make the following changes: (i) to increase the number of shares of Company Common Stock available and (ii) to conform certain provisions to the requirements of Internal Revenue Code Section 409(A).

2. Eligibility

Any member of the Board of Directors of the Company who is not otherwise an employee of the Company or any subsidiary is eligible to participate in this Plan.

3. Contributions

- (a) Participant Contributions.

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

- (1) Amount of Deferral. A participant may elect to defer receipt of any whole percent (100 percent maximum) of his or her annual compensation otherwise payable or, in the case of restricted stock, granted to the participant by the Company during a calendar year.
- (2) Time for Electing Deferral. An initial election to make a deferral shall be made within 30 days of the time the participant first becomes eligible to participate. All other deferral elections shall be made prior to the beginning of the year in which services to which any of the compensation to be deferred are performed. Any election to defer shall be made in accordance with subsection 3 below.
- (3) Manner of Electing Deferral. A participant shall elect a deferral by giving written notice to the Company in a form prescribed by the Committee established pursuant to Section 9 (the "Committee"). The notice shall include (1) the year to which the deferral relates; (2) the percentage and type of compensation to be deferred; (3) the period with respect to which the deferral relates; and (4) the length of the deferral period. A participant may designate a deferral period of three, five or ten years for cash deferrals and a deferral period of five or ten years for restricted stock deferrals. Payment of cash deferrals and issuance of stock for restricted stock deferrals will be made on the first dividend payment date with respect to the Company's Common Stock Dividend Payment Date occurring after the applicable anniversary date of the latest date any compensation is deferred in any applicable year. For example, a participant may elect in December 2005 to defer for three years compensation payable in 2006 with respect to 2006 services. If a portion of the compensation is otherwise payable in cash in May 2006, it will be deferred and actually paid in 2009 on the first Dividend Payment Date occurring after the anniversary date of the latest compensation deferred in 2006. Notwithstanding the foregoing in the event the participant retires or otherwise ceases to be a member of the Board of Directors, vested benefits payments shall be paid within 60 days of retirement or such cessation notwithstanding any later date specified in the participant's election form.

(b) Company Matching Contributions.

The Company shall contribute 10 percent of the cash amount each participant defers. The Company's contribution shall be made as of the same date as the participant's deferral to which it relates and shall be deferred to the same payment date as the related participant deferral. The Company shall not contribute any additional amounts with respect to any participant's election to defer the recognition of income on restricted stock. In the event that the stockholders do not approve this Second Amended and Restated Plan, the Committee may elect to eliminate the Company's matching contribution, which is the only feature of the Plan that constitutes an equity compensation plan requiring stockholder approval.

4. Participant Accounts

For each participant there shall be established a participant account (the "Account"). A participant's Account shall be valued as of each day there occurs a transaction affecting the Account. Each cash deferral or Company contribution shall be reflected by crediting the Account with the number of shares of Company Common Stock that could be purchased at the Common Stock's then fair market value with the amounts deferred by the participant, or contributed by the Company on behalf of a participant. With respect to the deferral of the recognition of income on restricted stock, a participant's Account shall be credited with the same number of shares of the Company Common Stock as the number of shares of restricted stock the recognition of income on which has been deferred. For purposes of making these credits: (a) the participant's quarterly compensation and meeting fees will be deemed to have been made on the Dividend Payment Date occurring during the quarter for which the quarterly payment is made and during which the meeting date(s) occurred; and (b) restricted stock will be deemed to have been granted on the first Dividend Payment Date of each calendar year. In addition, each Account will be credited with the number of shares of Company Common Stock that could be purchased with hypothetical dividends that would be paid with respect to all shares previously allocated to the Account on the same date and at the same price that shares are purchased for participants in the dividend reinvestment feature of the Company's Dividend Reinvestment and Direct Stock Purchase Plan. Distributions from, or forfeiture of, the Account shall be recorded as of the day of such distributions or forfeitures. The Account shall also be adjusted as of the date of any transaction requiring additions to or distributions from the Account to reflect any gains (or losses) in the fair market value of Company Common Stock held in the Account. Three subaccounts shall be established within the Account to track separately participant cash contributions, Company cash contributions and participant restricted stock contributions and the earnings and distributions on each. The Common Stock's fair market value shall be the closing price for a share of the Company's Common Stock as listed on the New York Stock Exchange on the date before the transaction occurs.

All amounts credited to participant cash contribution subaccounts shall be fully vested at all times. Except for the possible claims of the Company's general creditors, they shall not be subject to forfeiture on account of any action by a participant or by the Company, including termination of the participant's directorship. Amounts credited to a participant's Company cash contribution subaccount shall become fully vested on the first Dividend Payment Date occurring after the third anniversary of the date first credited to the subaccount if the participant has continuously been a director of the Company through the third anniversary of the contribution date, or if the participant ceases to be a director on account of disability, death or retirement or upon a change in control as hereinafter provided. For this purpose, "disability" shall mean the

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

participant is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than 12 months. A participant's restricted stock subaccount shall become vested in accordance with the vesting provisions of the restricted stock grant. Amounts payable under this Plan shall be paid only to the participant provided that in the event of his or her death payments shall be made to his or her estate.

If a participant's Company subaccount becomes forfeitable, he or she shall forfeit both Company contributions and the earnings thereon.

The maintenance of individual participant Accounts is for bookkeeping purposes only. The Company is not obligated to make actual contributions to fund this Plan or to acquire or set aside any particular assets for the discharge of its obligations, nor is any participant to have any property rights in any particular assets held by the Company, whether or not held for the purpose of funding the Company's obligations hereunder.

5. Payment of Deferred Amounts

No withdrawal may be made from an Account except as provided in this section 5. Payments of vested amounts from an Account shall normally be made in a lump sum amount on the first Dividend Payment Date following the applicable anniversary date of the latest date any compensation is deferred in any applicable year and within 60 days of the participant's retirement or other termination as a director of the Company. In the case of unforeseeable emergency, the Committee, shall distribute all or a portion of the vested portion of an Account before an elected anniversary date or termination as a director but the amount of the distribution shall not exceed the amount needed to relieve the unforeseeable emergency. For this purpose, the term unforeseeable emergency means a severe financial hardship to the participant resulting from an illness or accident of the participant, the participant's spouse, or a dependent (as defined in Code Section 152(a) of the Internal Revenue Code) of the participant, loss of the participant's property due to casualty, or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the participant.

Payments for any reason other than a change in control shall be made only in stock provided that any fractional shares from an Account shall be paid in cash. In the event of a change in control, all account balances shall become fully and immediately vested and shall be paid, in cash or stock as the Committee in its sole discretion may determine, within five days of the change in control. For this purpose, the term change in control means a change that is both (1) a change in the ownership, a change in the effective control or a change in the ownership of a substantial portion of the assets of the Company, all as defined in Internal Revenue Service regulations under Code Section 409A, and (2) a change of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A or to Item 5.01 of Form 8-K promulgated under the Securities Exchange Act of 1934, as amended, provided that, without limitation, a change in control shall be deemed to have occurred if (i) any person (as such term is used in Sections 13(d) and 14(d)(2) of such Act) is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 30% or more of the combined voting power of the Company's then outstanding securities; or (ii) during any period of twenty-four (24) consecutive months, individuals who at the beginning of such period constitute the Board of Directors of the Company cease for any reason to constitute at least a majority thereof unless the election, or the nomination for election by the Company's shareholders, of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period.

An aggregate of 100,000 shares of Company Common Stock (subject to substitution or adjustment as provided below) shall be available for stock payments under this Plan. Such shares may be authorized and unissued shares or may be treasury shares. In the event of any change in the Common Stock of the Company by reason of any stock dividend, recapitalization, reorganization, merger, consolidation, split-up, combination, or exchange of shares, or rights offering to purchase Common Stock at a price substantially below fair market value, or of any similar change affecting the Common Stock, the number and kind of shares which thereafter are available for stock payments under the Plan shall be appropriately adjusted consistent with such change in such manner as the Committee may deem equitable to prevent substantial dilution or enlargement of the rights granted to, or available for, participants in the Plan.

6. Participant's Rights Unsecured

The right of any participant or, if applicable, the participant's estate, to receive benefits under the provisions of this Plan shall be an unsecured claim against the general assets of the Company. Any amounts held in an Account, including amounts that may be set aside by the Company for the purpose of meeting its obligations under this Plan, are a part of the Company's general assets and shall be reachable by the general creditors of the Company.

7. Statement of Account

Statements will be sent to participants no less frequently than annually setting forth the value of their Accounts.

8. Transferability

Edgar Filing: HOME PROPERTIES INC - Form DEF 14A

The rights of a participant under this Plan shall not be transferable other than by will or by the laws of descent and distribution and are exercisable during the participant's lifetime only by the participant or by his guardian or legal representative.

9. Plan Administrator

The administrator of this Plan shall be a Committee of the Board of Directors of the Company from time to time designated by the Board. The Committee's members shall not be employees of the Company. The Committee shall have the authority to adopt rules and regulations for carrying out the Plan and to interpret, construe and implement the provisions of the Plan. The Committee may delegate some or all of its functions to another person as it may deem appropriate. The Board of Directors has designated the Compensation Committee of the Board of Directors as administrator of the Plan until further notice.

10. Amendment

This Plan may at any time or from time to time be amended, modified or terminated by the Company's Board of Directors, provided that no such action shall accelerate the time or schedule of payment of any Plan benefit except as may be permitted under Internal Revenue Code Section 409A and regulations thereunder. No amendment, modification or termination shall, without the consent of a participant, adversely affect such participant's accruals in his or her Account.

11. Dividend Payment Date

In the event that the Company does not pay a dividend on the Common Stock in any calendar quarter, the Dividend Payment Date in that quarter for purposes of this Plan shall be deemed to be the last day of February, May, August or November in the relevant quarter, or if such date is not a business day, the next succeeding business day.

12. Governing Law

This Plan and any participant elections hereunder shall be interpreted and enforced in accordance with the laws of the State of New York.

13. Effective Date

The effective date of this Amended and Restated Plan is May 6, 2005 provided that the effective date of provisions governed by Internal Revenue Code Section 409A concerning the time of deferral elections and the time and schedule of payments, along with related definitions, is January 1, 2005, for deferrals which are made or which vest on and after this date.
