The Offering

This prospectus supplement relates to the offer and resale of shares of our common stock held by the selling securityholders identified under the section “Selling Securityholders.” The shares of our common stock that may be offered by each such selling securityholder using this prospectus supplement represent shares of our common stock that we issued to each such selling securityholder in connection with our acquisition of OneWest Bank.

Use of Proceeds

All of the shares of our common stock being offered hereby are being sold by the selling securityholders identified in this prospectus supplement. We will not receive any proceeds from the sale of our common stock by the selling securityholders.

Selling securityholders

This prospectus supplement relates to the resale of shares of our common stock held by the selling securityholders listed in the table below. The selling securityholders acquired these shares from us in connection with our acquisition of OneWest Bank on August 3, 2015. Concurrent with our entry into the Agreement and Plan of Merger to acquire OneWest Bank, we entered into a Stockholders Agreement, dated July 21, 2014, with the IMB Holdco LLC interest holders listed on the signature pages thereto (the “Stockholders Agreement”). Pursuant to the Stockholders Agreement, we agreed to file a registration statement with the SEC covering the public resale of common stock beneficially owned by the IMB Holdco LLC interest holders and their permitted transferees.

Pursuant to the Stockholders Agreement, the selling securityholders may not sell their shares of common stock received in connection with our acquisition of OneWest Bank prior to November 1, 2015 and may not sell more than half of their shares of common stock received in connection with our acquisition of OneWest Bank prior to January 30, 2016, except in either case for transfers to permitted transferees. In addition, the selling securityholders may not transfer any shares of common stock received in connection with our acquisition of OneWest Bank to a person or group who, to the knowledge of such selling securityholder, would beneficially own 5% or more of our outstanding common stock following such transfer, subject to certain exceptions.

The table below sets forth certain information known to us with respect to the beneficial ownership of shares of our common stock held by the selling securityholders as of October 29, 2015 based on 200,968,382 shares of common stock outstanding on that date. Beneficial ownership is determined in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to such securities. In computing the number of shares of common stock beneficially owned by the selling securityholders and the percentage ownership of the selling securityholders, we deemed to be outstanding all shares of common stock subject to options or other convertible securities held by the selling securityholders that are currently exercisable or releasable or that will become exercisable or releasable within 60 days of October 29, 2015.

For purposes of the table below, we assumed that each selling securityholder will sell all its shares of common stock covered by this prospectus supplement.

Because the selling securityholders may sell, transfer, or otherwise dispose of all, some, or none of the shares of our common stock covered by this prospectus supplement, we cannot determine the number of such shares that will be sold, transferred, or otherwise disposed of by the selling securityholders, or the amount or percentage of shares of our common stock that will be held by the selling securityholders upon termination of any particular offering. See “Plan of Distribution.”

Unless otherwise described below, to our knowledge, none of the selling securityholders has held any position or office or had any other material relationship with us or our affiliates during the three years prior to the date of this

prospectus supplement.

Plan of Distribution

The selling securityholders, which as used herein includes transferees permitted pursuant to the Stockholders Agreement selling shares received after the date of this prospectus supplement from a selling securityholder, may, from time to time on or after November 1, 2015, sell, transfer, or otherwise dispose of any or all of their shares of our common stock on any stock exchange, market, or trading facility on which the shares are traded or in private transactions. Pursuant to the Stockholders Agreement, the selling securityholders may not sell their shares of common stock received in connection with our acquisition of OneWest Bank prior to November 1, 2015, and may not sell more than half of their shares of common stock received in connection with our acquisition of OneWest Bank prior to January 30, 2016, except in either case for transfers to permitted transferees. In addition, the selling securityholders may not transfer any shares of common stock received in connection with our acquisition of OneWest Bank to a person or group who, to the knowledge of such selling securityholder, would beneficially own 5% or more of our outstanding common stock following such transfer, except through a broadly distributed underwritten offering and certain other instances permitted pursuant to the Stockholders Agreement.

The selling securityholders will act independently of us in making decisions with respect to the timing, manner, and size of any such sale, transfer, or other disposition. These dispositions may be at market prices prevailing at the time of sale, at prices related to such market prices, at a fixed price or prices subject to change, or at negotiated prices.

There is no underwriter or coordinating broker acting in connection with the proposed resale of shares of our common stock by the selling securityholders. Pursuant to the Stockholders Agreement, after November 1, 2015, the selling securityholders holding a majority of the then-outstanding shares of our common stock received by the IMB Holdco LLC interest holders in the OneWest Bank acquisition may require that we cooperate in undertaking an underwritten offering by the selling securityholders of shares of our common stock. We will only be required to participate in one such underwritten offering. In addition, after November 1, 2015, the selling securityholders will be entitled to register the resale of any of their unsold shares of our common stock alongside any offering of our common stock or other equity interests that we may undertake. The selling securityholders may also sell shares of our common stock under Rule 144 under the Securities Act of 1933, as amended (the “Securities Act”), if available, rather than under this prospectus supplement. To the extent permitted by the Stockholders Agreement, the selling securityholders may transfer, devise, or gift such shares by other means not described in this prospectus supplement.

The selling securityholders are not obligated to, and there is no assurance that the selling securityholders will, sell all or any of the shares of our common stock that we are registering.

A selling securityholder who is a CIT employee or director, a member of a CIT employee’s or director’s household or an entity controlled by a CIT employee or director, is subject to the trading restrictions in our securities trading policy and may only dispose of shares of our common stock or interests therein during open trading windows. The selling securityholders may use any one or more of the following methods when disposing of shares of our common stock or interests therein:

on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;

· in the over-the-counter market;

· in transactions other than on these exchanges or systems or in the over-the-counter market;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

· ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares of common stock as agent but may position and resell a portion of the block as principal to facilitate the transaction;

S - 10

- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

- an exchange distribution in accordance with the rules of the applicable exchange;

- privately negotiated transactions;

broker-dealers may agree with a selling securityholder to sell a specified number of such shares of common stock at a stipulated price per share;

- a combination of any such methods of sale; and

- any other method permitted pursuant to applicable law and the securities trading policy, if applicable.

A selling securityholder who is not a CIT employee or director, a member of a CIT employee's or director's household, an entity controlled by a CIT employee or director or otherwise subject to our securities trading policy, may also enter into option, derivative, or hedging transactions with respect to the shares of our common stock, and any related offers or sales of shares may be made pursuant to this prospectus supplement. For example, such selling securityholder may:

enter into transactions involving short sales of the shares of common stock by broker-dealers in the course of hedging the positions they assume with selling securityholders;

sell shares short themselves and deliver the shares of common stock registered hereby to settle such short sales or to close out stock loans incurred in connection with their short positions;

write call options, put options, or other derivative instruments (including exchange-traded options or privately negotiated options) with respect to the shares of common stock, or which they settle through delivery of the shares of common stock;

enter into option transactions or other types of transactions that require the selling securityholder to deliver shares of common stock to a broker-dealer or other financial institution, who may then resell or transfer the shares of common stock under this prospectus supplement;

pledge the shares of common stock as collateral for a loan, which shares may then be sold if the selling securityholder defaults; or

- lend the shares of common stock to a broker-dealer or other financial institution, which may sell the lent shares.

These option, derivative, and hedging transactions may require the delivery to a broker-dealer or other financial institution of shares of common stock offered hereby, and such broker-dealer or other financial institution may resell such shares of common stock pursuant to this prospectus supplement.

The aggregate proceeds to the selling securityholders from the sale of shares of our common stock offered by them will be the purchase price of the common stock less discounts or commissions, if any. Each of the selling securityholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of shares of our common stock to be made directly or through agents.

Broker-dealers engaged by the selling securityholders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling securityholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling securityholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved. Any profits on the resale of shares of our common stock by a broker-dealer acting as principal

might be deemed to be underwriting discounts or commissions under the Securities Act. Discounts, concessions, commissions, and similar selling expenses, if any, attributable to the sale of shares of our common stock will be borne by a selling securityholder. The selling securityholders may agree to indemnify any agent, dealer, or broker-dealer that participates in transactions involving sales of the shares of our common stock if liabilities are imposed on that person under the Securities Act.

In addition, in some states shares of our common stock may not be offered or sold unless registered or qualified for sale, or an exemption from registration or qualification requirements is available and is complied with.

We will not receive any of the proceeds from the sale of our common stock pursuant to this offering. We are required to pay certain fees and expenses incurred by us incident to the registration and listing of the shares of our common stock, which do not include the selling securityholders’ legal fees, underwriting discounts, selling commissions, or transfer taxes. We have agreed with the selling securityholders to keep the registration statement of which this prospectus supplement forms a part effective until the resale by the selling securityholders of all the shares registered hereby. We may under certain circumstances suspend the use of this prospectus supplement by the selling securityholders for offers and resales of our common stock. We have agreed to indemnify the selling securityholders in connection with certain Securities Act and Exchange Act liabilities. We estimate our expenses associated with this prospectus supplement to be \$185,000.

We will not receive any of the proceeds from the sale of shares of common stock by any Selling Securityholder.

DESCRIPTION OF DEBT SECURITIES

This section contains a description of the general terms and provisions of the debt securities that may be offered by this prospectus. The following description of the indentures and our debt securities is only a summary of the material terms, does not purport to be complete and may be supplemented in amendments to the registration statement of which this prospectus is a part and in prospectus supplements. The material specific financial, legal and other terms as well as any material U.S. federal income tax consequences particular to each series of debt securities will be described in the prospectus supplement relating to the securities of that series. Such prospectus supplement may or may not modify the general terms found in this prospectus and will be filed with the SEC. Thus, the statements in this section may not apply to your securities. For a complete description of the terms of a particular series of debt securities, you should read this prospectus, any amendments to the registration statement of which this prospectus is a part, the prospectus supplement relating to that particular series and the provisions of the applicable indenture, as supplemented, pursuant to which the particular series of debt securities is issued.

General

In this prospectus, **debt securities** refers to both our senior debt securities and our subordinated debt securities. We may issue an unlimited aggregate principal amount of senior debt securities pursuant to the indenture, dated as of March 15, 2012 (the **Senior Indenture**), among CIT and Wilmington Trust, National Association, as trustee (the **Trustee**), and Deutsche Bank Trust Company Americas, as paying agent, security registrar and authenticating agent. The Senior Indenture may be supplemented from time to time. Unless otherwise specified in the prospectus supplement relating to the securities of any given series, the senior debt securities will not be secured by any property or assets of CIT. Thus, by owning a senior debt security, you are one of our unsecured creditors.

We may issue subordinated debt securities pursuant to a subordinated debt indenture that we may enter into between us and a bank, trust company or other financial institution as trustee and paying agent, security registrar and authenticating agent (the **Subordinated Indenture**). We will describe the Subordinated Indenture under which we issue any subordinated debt securities in the applicable prospectus supplement, and we will file that Subordinated Indenture with the SEC, either as an exhibit to an amendment to the registration statement of which this prospectus is a part or as an exhibit to a current report on Form 8-K. Such Subordinated Indenture may be supplemented from time to time.

We urge you to read the Senior Indenture and any Subordinated Indenture, including any supplements, in their entirety because the applicable indenture, and not this description, will define your rights as a beneficial holder of debt securities.

We are a Holding Company

We conduct a substantial portion of our operations primarily through our subsidiaries, and our subsidiaries hold a substantial portion of our assets. Accordingly, our cash flow and our ability to meet our obligations under the debt securities will be largely dependent on the cash flow and earnings of our subsidiaries and the distribution or other payment of these cash flows and earnings to us in the form of dividends, loans or advances and repayment to us of loans and advances made to our subsidiaries by us. Our subsidiaries are separate and distinct legal entities and have no obligation to pay the amounts that will be due on our debt securities or to make any funds available for payment of amounts that will be due on our debt securities. Because we are a holding company, our obligations under our debt securities will be effectively subordinated to all existing and future liabilities of our subsidiaries. Therefore, our rights, and the rights of our creditors, including the rights of the holders of the debt securities, to participate in any distribution of assets of any of our subsidiaries, if such subsidiary were to be liquidated or reorganized, are subject to the prior claims of such subsidiary's creditors. To the extent that we may be a creditor with recognized claims against our subsidiaries, our claims will still be effectively subordinated to any security interest in, or mortgages or other liens

on, the assets of the subsidiary that are senior to us.

Senior Debt Securities

The following summary of the material provisions of the Senior Indenture is qualified in its entirety by the provisions of the Senior Indenture, including definitions of certain terms used in the Senior Indenture.

Senior debt securities will rank equally in right of payment with our other senior indebtedness and ahead in right of payment of our subordinated debt securities. Any of our secured indebtedness will rank ahead in liquidation of the senior debt securities to the extent of the value of the assets securing such indebtedness.

Issuance in Series

We may issue the senior debt securities in one or more series with the same or various maturities, at par or a premium, or with original issue discount. The prospectus supplement relating to any series of senior debt securities being offered will include specific terms relating to the offering. These terms will include, among other terms, some or all of the following, as applicable:

- the title and series of such debt securities, which may include medium-term debt securities;
- the total principal amount of the series of debt securities and whether there shall be any limit upon the aggregate principal amount of such debt securities;

provisions specifying whether CIT will be obligated to redeem or purchase any of such debt securities pursuant to any sinking fund or analogous provision or at the option of any holder of such debt securities and, if so, the date or dates on which, the period or periods within which, the price or prices at which and the other terms and conditions upon which such debt securities will be redeemed or purchased, in whole or in part, pursuant to such obligation, and any provisions for the remarketing of such debt securities so redeemed or purchased;

if other than minimum denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof, the denominations in which any debt securities to be issued in registered form will be issuable and, if other than a denomination of \$5,000, the denominations in which any debt securities to be issued in bearer form will be issuable;

provisions specifying whether the debt securities will be convertible into other securities of CIT and/or exchangeable for securities of CIT or other issuers and, if so, the terms and conditions upon which such debt securities will be so convertible or exchangeable;

if other than the principal amount, the percentage of the principal amount (or the method by which such percentage will be determined) of such debt securities that will be payable upon declaration of acceleration of the maturity thereof;

if other than U.S. dollars, the currency of payment, including composite currencies, of the principal of, and any premium or interest on any of such debt securities;

provisions specifying whether the principal of, and any premium or interest on such debt securities will be payable, at the election of CIT or a holder of debt securities, in a currency other than that in which such debt securities are stated to be payable and the date or dates on which, the period or periods within which, and the other terms and conditions upon which, such election may be made;

any index, formula or other method used to determine the amount of payments of principal of, any premium or interest on such debt securities;

provisions specifying whether such debt securities are to be issued in the form of one or more global securities and, if so, the identity of the depositary for such global security or securities;

terms specifying whether any of such debt securities are to be issued upon the exercise of warrants, and the time, manner and place for such debt securities to be authenticated and delivered; and

any other terms of such debt securities and any other deletions from or modifications or additions to the Senior Indenture.

The prospectus supplement relating to debt securities being offered pursuant to this prospectus will be attached to the front of this prospectus.

We may from time to time, without the consent of the existing holders of the debt securities, create and issue additional debt securities of any series having the same terms and conditions as the previously issued debt securities of such series in all respects, except for the issue date, and in some cases the issue price and the first interest payment date, either of which may differ from the respective terms of the previously issued debt securities of that series; *provided* that any additional debt securities will only have the same CUSIP number as the original securities if they are fungible with the original securities for U.S. federal income tax purposes.

Certain Covenants Applicable to Senior Debt Securities

Unless otherwise specified in the applicable prospectus supplement, the following covenants will apply with respect to each series of senior debt securities issued under the Senior Indenture.

Negative Pledge Applicable to Senior Debt Securities

The Senior Indenture does not limit the amount of other securities that CIT or its subsidiaries may issue. However, the Senior Indenture contains a Negative Pledge that provides that after the date of the execution and delivery of the supplemental indenture and so long as any senior debt securities shall be outstanding, CIT will not pledge or otherwise subject to any lien (any such pledge or lien being hereinafter referred to as a Lien) any of its property or assets to secure Indebtedness for money borrowed, incurred, issued, assumed or guaranteed by CIT without thereby expressly securing the due and punctual payment of the principal of and interest on the senior debt securities equally and ratably with any and all other Indebtedness for borrowed money secured by such Lien, so long as any such other Indebtedness shall be so secured; *provided, however*, that this restriction shall not prohibit or otherwise restrict:

Liens existing on the Issue Date;

CIT from creating, incurring or suffering to exist upon any of its property or assets any Lien in favor of any of its Subsidiaries;

CIT (i) from creating, incurring or suffering to exist a purchase money Lien upon any such property, assets, Capital Stock or Indebtedness acquired by CIT prior to, at the time of, or within one year after (1) in the case of physical property or assets, the later of the acquisition, completion of construction (including any improvements on existing property) or commencement of commercial operation of such property or (2) in the case of shares of Capital Stock, Indebtedness or other property or assets, the acquisition of such shares of Capital Stock, Indebtedness, property or assets, (ii) from acquiring property or assets subject to Liens existing thereon at the date of acquisition thereof, whether or not the Indebtedness secured by any such Lien is assumed or guaranteed by CIT, or (iii) from creating, incurring or suffering to exist Liens upon any property of any Person, which Liens exist at the time any such Person is merged with or into or consolidated with CIT (or becomes a Subsidiary of CIT) or which Liens exist at the time of a sale or transfer of the properties of any such Person as an entirety or substantially as an entirety to CIT;

CIT from creating, incurring or suffering to exist upon any of its property or assets Liens in favor of the United States or any state thereof or the District of Columbia, or any agency, department or other instrumentality thereof, to secure progress, advance or other payments pursuant to any contract or provision of any statute (including maintaining self-insurance or participating in any fund in connection with worker's compensation, disability benefits, unemployment insurance, old age pensions or other types of social benefits, or joining in any other provisions or benefits available to companies participating in any such arrangements);

CIT from creating, incurring or suffering to exist upon any of its property or assets Liens securing its obligations under letters of credit, Rate Management Transactions, bids, tenders, sales contracts, purchase agreements, repurchase agreements, reverse repurchase agreements, bankers' acceptances, leases, surety and performance bonds, and other similar obligations, in each case, incurred in the ordinary course of business;

CIT from creating, incurring or suffering to exist Liens upon any real property acquired or constructed by CIT primarily for use in the conduct of its business;

CIT from entering into any arrangement with any Person providing for the leasing by CIT of any property or assets, which property or assets have been or will be sold or transferred by CIT to such Person with the intention that such property or assets will be leased back to CIT, if the obligations in respect of such lease would not be included as liabilities on its consolidated balance sheet;

CIT from creating, incurring or suffering to exist upon any of its property or assets Liens to secure non-recourse debt in connection with its engaging in any leveraged or single-investor or other lease transactions, whether (in the case of Liens on or relating to leases or groups of leases or the particular properties subject thereto) such Liens are on the particular properties subject to any leases involved in any of such transactions and/or the rental or other payments or rights under such leases or, in the case of any group of related or unrelated leases, on the properties subject to the leases comprising such group and/or on the rental or other payments or rights under such leases, or on any direct or indirect interest therein, and whether (in any case) (A) such Liens are created prior to, at the time of, or at any time after the entering into of such lease transactions and/or (B) such leases

are in existence prior to, or are entered into by CIT at the time of or at any time after, the purchase or other acquisition by CIT of the properties subject to such leases;

CIT from creating, incurring or suffering to exist (A) other consensual Liens in the ordinary course of its business that secure Indebtedness that, in accordance with generally accepted accounting principles, would not be included in total liabilities as shown on its consolidated balance sheet, or (B) Liens created by CIT in connection with any transaction intended by CIT to be a sale of its property or assets, *provided* that such Liens are upon any or all of the property or assets intended to be sold, the income from such property or assets and/or the proceeds of such property or assets;

CIT from creating, incurring or suffering to exist Liens on property or assets financed through tax-exempt municipal obligations, *provided* that such Liens are only on the property or assets so financed;

any extension, renewal, refinancing or replacement (or successive extensions, renewals, refinancings or replacements), in whole or in part, of any of the foregoing; *provided, however*, that any such extension, renewal, refinancing or replacement shall be limited to all or a part of the property or assets (or substitutions therefor) which secured the Lien so extended, renewed, refinanced or replaced (plus improvements on such property); and

CIT from creating, incurring or suffering to exist any other Liens not otherwise permitted by any of the foregoing clauses above; *provided* that the maximum amount of Indebtedness secured by Liens in reliance on this clause shall not exceed, at the time of and after giving effect to the incurrence of any Indebtedness secured by a Lien in reliance on this clause, an amount equal to the greater of \$900 million or 10% of the excess of its consolidated total assets over its consolidated liabilities, as shown on its balance sheet for the most recent fiscal quarter for which financial statements are publicly available in accordance with generally accepted accounting principles at the date of measurement.

For the purposes of this covenant described under the caption **Negative Pledge**, any contract by which title is retained as security (whether by lease, purchase, title retention agreement or otherwise) for the payment of a purchase price shall be deemed to be a purchase money Lien.

Nothing contained in this covenant described under the caption **Negative Pledge** or in the Senior Indenture shall prevent or be deemed to prohibit the creation, assumption or guaranty by CIT of any Indebtedness not secured by a Lien or the issuance by CIT of any debentures, notes or other evidences of Indebtedness not secured by a Lien, whether in the ordinary course of business or otherwise.

The entry by CIT into any contract, document, agreement or instrument (which shall include bank credit facilities, Rate Management Transactions and loan agreements), in the ordinary course of business or otherwise, which contract, document agreement or instrument may provide for or contain a right of set-off or other similar right between CIT and such other party to the contract, document agreement or instrument shall not result in, or be deemed to constitute, the creation or incurrence of a **Lien** as such term is used in the Senior Indenture.

Consolidation, Merger or Sale

CIT will not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not CIT is the surviving corporation); or (2) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of the properties or assets of CIT and its Subsidiaries, taken as a whole, in one or more related transactions, to another Person, unless:

either: (a) CIT is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than CIT) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a Person organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

the Person formed by or surviving any such consolidation or merger (if other than CIT) or the Person to which such sale, assignment, transfer, conveyance or other applicable disposition has been made assumes by contract or

operation of law all the obligations of CIT under the debt securities and the Senior Indenture pursuant to agreements reasonably satisfactory to the Trustee; and immediately after, and upon giving effect to, such transaction, no Default or Event of Default exists.

This Consolidation, Merger or Sale covenant will not apply to:

a merger of CIT with an Affiliate solely for the purpose of reincorporating CIT in another jurisdiction; or any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of assets between or among CIT and its Subsidiaries.

Events of Default

Each of the following is an Event of Default with respect to each series of senior debt securities:

default for 30 days in the payment when due of interest on the debt securities of such series;
default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, the debt securities of such series;
failure for 3 business days by CIT to comply with the provisions described under the caption Certain Covenants Consolidation, Merger or Sale ;
failure by CIT for 60 days after written notice to CIT by the Trustee or the holders of at least 25% in aggregate principal amount of the debt securities of such series outstanding voting as a single class to comply with any of the other agreements in the Senior Indenture;
default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by CIT (or the payment of which is guaranteed by CIT), whether such Indebtedness or guarantee now exists, or is created after the Issue Date, if that default: is a Payment Default; or
results in the acceleration of such Indebtedness prior to its express maturity,
and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$250 million or more;

failure by CIT to pay final and non-appealable judgments entered by a court or courts of competent jurisdiction aggregating in excess of \$250 million (net of any amounts covered by insurance), which judgments are not paid, discharged or stayed for a period of 60 days; and

(x) a court of competent jurisdiction enters an order or decree under any applicable Bankruptcy Law that: (A) is for relief against CIT in an involuntary case; (B) appoints a Bankruptcy Custodian of CIT or for all or substantially all of the property of CIT; or (C) orders the liquidation of CIT; and the order or decree remains unstayed and in effect for 60 consecutive days; or (y) the commencement by CIT of a voluntary proceeding under any applicable bankruptcy, insolvency, reorganization (other than a reorganization under a foreign law that does not relate to insolvency) or other similar law or of a voluntary proceeding seeking to be adjudicated insolvent or the consent by CIT to the entry of a decree or order for relief in an involuntary proceeding under any applicable bankruptcy, insolvency, reorganization or other similar law or to the commencement of any insolvency proceedings against it, or the filing by CIT of a petition or answer or consent seeking reorganization, arrangement, adjustment or composition of CIT under any such applicable law, or the consent by CIT to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee or similar official of CIT or any substantial part of the property of CIT or the making by CIT of an assignment for the benefit of creditors, or the taking of corporate action by CIT in furtherance of any such action or the admitting in writing by CIT of its or their inability to pay its debts generally as they become due.

In the case of an Event of Default relating to bankruptcy proceedings, all outstanding senior debt securities will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee or the holders of at least 25% in aggregate principal amount of the then outstanding senior debt securities of any series, by notice to CIT, may declare all the senior debt securities of such series to be due and payable immediately.

Subject to certain limitations, holders of a majority in aggregate principal amount of the then outstanding senior debt securities of any series may direct the Trustee in its exercise of any trust or power with respect to such series. The Trustee may withhold from holders of the senior debt securities notice of any continuing Default or Event of Default so long as the board of directors, the executive committee or a trust committee of directors and/or Responsible Officers (as defined in the Senior Indenture) of the Trustee in good faith determine that the withholding of such notice is in the best interest of the holders of senior debt securities of such series, except a Default or Event of Default relating to the payment of principal, interest or premium, if any.

Subject to the provisions of the Senior Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Senior Indenture at the request or direction of any holders of senior debt securities unless such holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest, when due, no holder of a debt security of such series may pursue any remedy with respect to the Senior Indenture or such senior debt securities unless:

- such holder has previously given the Trustee notice that an Event of Default is continuing;
- holders of at least 25% in aggregate principal amount of the then outstanding debt securities of such series have requested the Trustee to pursue the remedy;
- such holders of senior debt securities have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and
- holders of a majority in aggregate principal amount of the then outstanding debt securities of such series have not given the Trustee a direction inconsistent with such request within such 60-day period.

The holders of a majority in aggregate principal amount of the then outstanding senior debt securities of any series by notice to the Trustee may, on behalf of the holders of all of the debt securities of such series, rescind an acceleration or waive any existing Default or Event of Default and its consequences under the Senior Indenture except a continuing Default or Event of Default in the payment of interest or premium, if any, on, or the principal of, the debt securities of such series.

CIT is required to deliver to the Trustee annually a statement regarding compliance with the Senior Indenture. Within 30 days after becoming aware of any Default or Event of Default, CIT is required to deliver to the Trustee a statement specifying such Default or Event of Default.

Amendment, Supplement and Waiver

Except as provided in the succeeding paragraphs, the Senior Indenture and the senior debt securities may be amended or supplemented as they relate to any series of debt securities with the consent of the holders of at least a majority in aggregate principal amount of the debt securities of such series then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, debt securities), and any existing Default or Event of Default or compliance with any provision of the Senior Indenture or the instruments evidencing debt securities with respect to any series may be waived with the consent of the holders of a majority in aggregate principal amount of the then outstanding debt securities of such series (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, debt securities).

Without the consent of each holder of senior debt securities affected, an amendment, supplement or waiver may not (with respect to any debt securities held by a non-consenting holder):

- reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver;

reduce the principal of or change the fixed maturity of any debt securities or reduce the redemption price of any debt securities;

reduce the rate of or change the time for payment of interest, including default interest, on any debt securities; waive a Default or Event of Default in the payment of principal of, or interest or premium, if any, on, the debt securities (except a rescission of acceleration of the debt securities by the holders of at least a majority in aggregate principal amount of the then outstanding senior debt securities and a waiver of the Payment Default that resulted from such acceleration); make any debt securities payable in money other than U.S. dollars; make any change in the provisions of the Senior Indenture relating to waivers of past Defaults or the rights of holders of debt securities to receive payments of principal of, or interest or premium, if any, on, the debt securities; waive a redemption payment with respect to any debt securities; or make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any holder of debt securities, CIT and the Trustee may amend or supplement the Senior Indenture or the senior debt securities:

to cure any ambiguity, defect or inconsistency; to provide for uncertificated debt securities in addition to or in place of certificated debt securities; to provide for the assumption of CIT's obligations to holders of debt securities in the case of a merger or consolidation or sale of all or substantially all of CIT's assets; to make any change that would provide any additional rights or benefits to the holders of such debt securities, increase the interest rate applicable to any series of the debt securities or that does not adversely affect the legal rights under the Senior Indenture of any such holder; to comply with requirements of the SEC in order to effect or maintain the qualification of the Senior Indenture under the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"); to conform the text of the Senior Indenture or the senior debt securities to any provision of this "Description of Debt Securities" or "Description of Notes" in a prospectus supplement applicable to any series of senior debt securities; and to provide for the issuance of additional senior debt securities in accordance with the limitations set forth in the Senior Indenture as of the date of the Senior Indenture.

The consent of the holders of senior debt securities is not necessary under the Senior Indenture to approve the particular form of any proposed amendment or waiver. It is sufficient if such consent approves the substance of the proposed amendment or waiver.

Legal Defeasance and Covenant Defeasance

CIT may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding senior debt securities of any series ("Legal Defeasance") except for:

the rights of holders of outstanding debt securities of such series to receive payments in respect of the principal of, or interest or premium, if any, on, such debt securities when such payments are due from the trust referred to below;

CIT's obligations with respect to the debt securities of such series concerning issuing temporary certificates for the debt securities, registration of debt securities, mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payment and money for security payments held in trust;

the rights, powers, trusts, duties and immunities of the Trustee, and CIT's obligations in connection therewith; and the Legal Defeasance and Covenant Defeasance provisions of the Senior Indenture.

In addition, CIT may, at its option and at any time, elect to have its obligations released with respect to certain covenants that are described in the Senior Indenture with respect to the senior debt securities of any series ("Covenant Defeasance") and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the debt securities of such series. In the event

Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default will no longer constitute an Event of Default with respect to the debt securities of such series.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the senior debt securities of any series:

CIT must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the debt securities of such series, Cash in U.S. dollars, non-callable government obligations, or a combination of Cash in U.S. dollars and non-callable government obligations, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest, premium, if any, on, the then outstanding debt securities of such series on the stated date for payment thereof or on the applicable redemption date, as the case may be, and CIT must specify whether such debt securities are being defeased to such stated date for payment or to a particular redemption date;

in the case of Legal Defeasance, CIT must deliver to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that (a) CIT has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

in the case of Covenant Defeasance, CIT must deliver to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that the holders of the then outstanding debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowing);

such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the Senior Indenture) to which CIT is a party or by which CIT is bound;

CIT must deliver to the Trustee an officer's certificate stating that the deposit was not made by CIT with the intent of preferring the holders of the debt securities of such series over the other creditors of CIT with the intent of defeating, hindering, delaying or defrauding any creditors of CIT or others; and

CIT must deliver to the Trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Satisfaction and Discharge

The Senior Indenture will be discharged and will cease to be of further effect as to all senior debt securities of any series issued thereunder, when:

(1) either:

(i) all debt securities of such series that have been authenticated, except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money has been deposited in trust and thereafter repaid to us, have been delivered to the Trustee for cancellation; or

(ii) all debt securities of such series that have not been delivered to the Trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and CIT has irrevocably deposited or caused to be deposited

with the Trustee as trust funds in trust solely for the benefit of the holders of the debt securities of such series, Cash in U.S. dollars, non-callable government obligations, or a combination of Cash in U.S. dollars and non-callable government obligations, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the debt securities of such series not delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest, to the date of maturity or redemption;

(2) with respect to such series of debt securities, no Default or Event of Default has occurred and is continuing on the date of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowing) and the deposit will not result in a breach or violation of, or constitute a default under, any other material agreement or instrument to which CIT is a party or by which CIT is bound;

(3) CIT paid or caused to be paid all sums payable by it under the Senior Indenture with respect to the debt securities of such series; and

(4) CIT has delivered irrevocable instructions to the Trustee under the Senior Indenture to apply the deposited money toward the payment of the debt securities of such series at maturity or on the redemption date, as the case may be.

In addition, CIT must deliver an officers' certificate and an opinion of counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee Under the Senior Indenture

Wilmington Trust, National Association will act as Trustee under the Senior Indenture, as permitted by the terms thereof. At all times, the Trustee must be organized and doing business under the laws of the United States, any state thereof or the District of Columbia, and must comply with all applicable requirements under the Trust Indenture Act.

The Trustee may resign at any time by giving us written notice or may be removed as Trustee with respect to any series of outstanding senior debt securities:

by act of the holders of a majority in principal amount of such series of outstanding debt securities; or if it (i) fails to comply with the obligations imposed upon it under the Trust Indenture Act; (ii) is not organized and doing business under the laws of the United States, any state thereof or the District of Columbia; (iii) becomes incapable of acting as Trustee; or (iv) a court takes certain actions with respect to such Trustee relating to bankruptcy, insolvency or reorganization.

If the Trustee resigns, is removed or becomes incapable of acting, or if a vacancy occurs in the office of the Trustee for any cause, CIT, by or pursuant to a board resolution, will promptly appoint a successor Trustee or Trustees with respect to the debt securities of such series. CIT will give written notice to holders of the relevant series of debt securities, of each resignation and each removal of the Trustee with respect to the debt securities of such series and each appointment of a successor Trustee. Upon the appointment of any successor Trustee, CIT, the retiring Trustee and such successor Trustee, will execute and deliver a supplemental indenture in which each successor Trustee will accept such appointment and which will contain such provisions as necessary or desirable to transfer to such successor Trustee all the rights, powers, trusts and duties of the retiring Trustee with respect to the relevant series of debt securities.

The Trustee may be contacted at the following address: 166 Mercer Street, Suite 2R, New York, NY 10012.

Wilmington Trust, National Association and certain of its affiliates have in the past and may in the future provide banking, investment and other services to CIT. A trustee under the Senior Indenture may act as trustee under any of

CIT's other indentures, including the Subordinated Indenture.

New York Law to Govern

For purposes of this definition, *control*, as used with respect to any Person, means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such Person, whether through the ownership of voting securities, by agreement or otherwise. For purposes of this definition, the terms *controlling*, *controlled by* and *under common control with* have correlative meanings. For purposes of the Senior Indenture, Indebtedness shall not include (A) any indebtedness of such Person to the extent (I) such indebtedness does not appear on the financial statement of such Person, (II) such indebtedness is recourse only to certain assets of such Person, and (III) the assets to which such indebtedness is recourse only appear on the financial statements of such Person net of such indebtedness, or (B) any indebtedness or other obligations issued by any Person (or by a trust or other entity established by such Person or any of its affiliates) to the extent (I) primarily

serviced by the cash flows of a discrete pool of receivables, leases or other financial or operating assets which have been sold or transferred by CIT or any Subsidiary in securitization or secured financing transactions and (II) such sale or transfer of receivables, leases or other financial or operating assets is treated as a true sale for legal purposes (irrespective of whether such sale or transfer is accounted for as a sale under generally accepted accounting principles or for tax purposes). It is understood and agreed that (1) the amount of any Indebtedness described in clause (iii) for which recourse is limited to certain property of such Person shall be the lower of (x) the amount of the obligation and (y) the fair market value of the property of such Person securing such obligation, and (2) the amount of any obligation described in clause (vi) shall be the lower of (x) the stated or determinable amount of the primary obligation in respect of which such contingent obligation is

DESCRIPTION OF CAPITAL STOCK

A brief summary of some of the provisions of our amended and restated certificate of incorporation, amended and restated by-laws and relevant sections of the Delaware General Corporation Law (DGCL) is set forth below. The description is qualified in its entirety by reference to our amended and restated certificate of incorporation and our amended and restated by-laws that are filed as exhibits or incorporated by reference to the registration statement of which this prospectus is a part. The following description of our capital stock and provisions of our amended and restated certificate of incorporation and our amended and restated by-laws is only a summary of such provisions and instruments, does not purport to be complete and may be supplemented in prospectus supplements. We urge you to read our amended and restated certificate of incorporation and our amended and restated by-laws in their entirety because they, and not this description, will define your rights as a beneficial holder of our capital stock.

Authorized Capital Stock

Our authorized capital stock consists of 700,000,000 shares, including: (i) 600,000,000 shares of our common stock, \$0.01 par value per share, and (ii) 100,000,000 shares of preferred stock, \$0.01 par value per share. The number of authorized shares of capital stock may be increased or decreased (but not below the number of shares then outstanding) by the affirmative vote of a majority of stockholders entitled to vote voting together as a single class. As of December 31, 2014, we had outstanding 180,982,194 shares of our common stock, held of record by 10 stockholders, including Cede & Co., the nominee of The Depository Trust Company, through which shares held in street name are held, and no shares of preferred stock outstanding.

Common Stock

Holders of our common stock are entitled to one vote per share on all matters submitted to a vote of stockholders, including the election of directors. Our common stockholders are not entitled to cumulative voting in the election of directors; consequently, the holders of a majority of the shares of common stock outstanding have the power to elect all of the directors then standing for election. Except as otherwise required by law or provided in any resolution adopted by our Board of Directors with respect to any series of preferred stock, the holders of our common stock will possess all voting power. Generally, all matters to be voted on by the stockholders must be approved by a majority, or, in the case of the election of directors, by a plurality, of the votes cast, subject to state law and any voting rights granted to any of the holders of preferred stock. Notwithstanding the foregoing, approval of the following three matters requires the vote of holders of two-thirds of our outstanding capital stock entitled to vote in the election of directors: (i) amending, repealing or adopting of by-laws by the stockholders; (ii) removing directors (which is permitted for cause only); and (iii) amending, repealing or adopting any provision that is inconsistent with certain provisions of our certificate of incorporation. The holders of our common stock do not have any preemptive rights. There are no subscription, redemption, conversion or sinking fund provisions with respect to our common stock.

Subject to preferences that may be applicable to any outstanding shares of preferred stock that our Board of Directors may create, from time to time, holders of our common stock are entitled to receive ratably such dividends, if any, as may be declared by our Board of Directors out of funds legally available therefor if our Board of Directors, in its discretion, determines to issue dividends and only then at the times and in the amounts that our Board of Directors may determine. Upon the liquidation, dissolution or winding-up of our Company, the holders of our common stock are entitled to receive their ratable share of the net assets of our Company available after payment of all debts and other liabilities, subject to the prior preferential rights and payment of liquidation preferences, if any, of any outstanding shares of preferred stock. The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate in the future.

Preferred Stock

Our Board of Directors has the authority, subject to the limitations imposed by Delaware law, without any further vote or action by our stockholders, to issue preferred stock in one or more series and to fix the designations, powers, preferences, limitations and rights of the shares of each series, including:

the number of
shares
constituting
each series;
the voting
powers;
terms of
redemption
provisions,
including any
restrictions
on
redemption
while
dividends are
in arrears;
terms of, and
conditions
upon,
dividends
payable to
holders;
rights and
preferences
upon
liquidation,
dissolution or
winding-up;
and
conversion
and exchange
rights.

Satisfaction of any dividend preferences of outstanding shares of preferred stock would reduce the amount of funds available for the payment of dividends on shares of our common stock. Holders of shares of preferred stock may be entitled to receive a preference payment in the event of our liquidation, dissolution or winding-up before any payment is made to the holders of shares of our common stock.

Our Board of Directors may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock. The issuance of preferred stock, while providing flexibility in connection with possible acquisitions and other corporate purposes, could, among other things, have the effect of delaying, deferring or preventing a change in control of our company and may adversely affect the market price of our common stock and the voting and other rights of the holders of our common stock.

Certain Anti-Takeover Provisions of Our Amended and Restated Certificate of Incorporation and Applicable Law

Certain provisions of our amended and restated certificate of incorporation and Delaware law applicable to our business may discourage or make more difficult a takeover attempt that a stockholder might consider in his or her best interest. These provisions may also adversely affect prevailing market prices for our common stock. We believe that

the benefits of increased protection give us the potential ability to negotiate with the proponent of an unsolicited proposal to acquire or restructure us and outweigh the disadvantage of discouraging those proposals because negotiation of the proposals could result in an improvement of their terms.

For example, our amended and restated certificate of incorporation prohibits stockholders from taking action by written consent. Also, to the extent that our stockholders seek to amend our amended and restated by-laws, our amended and restated certificate of incorporation requires the affirmative vote of not less than two-thirds of the outstanding shares entitled to vote on the matter.

Section 203 of the Delaware General Corporation Law

As a Delaware corporation, we are subject to Section 203 of the DGCL. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a three-year period following the time that this stockholder becomes an interested stockholder, unless the business combination is approved in a prescribed manner. A business combination includes, among other things, a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who together with affiliates and associates (i) owns 15% or more of a corporation's voting stock or (ii) is an affiliate or associate of a corporation and was owner of 15% or more of the corporation's voting stock within three years prior to the determination of interested stockholder status. Under Section 203, a business combination between a corporation and an interested stockholder is prohibited unless it satisfies one of the following conditions:

before the stockholder became interested, the board of directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding, (a) shares owned by persons who are directors and officers, and (b) shares owned by employee stock plans in which employee participants do not have the right to determine

confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or at or after the time the stockholder became interested, the business combination was approved by the board of directors of the corporation and authorized at an annual or special meeting of the stockholders by the affirmative vote of at least two-thirds of the outstanding voting stock which is not owned by the interested stockholder.

A Delaware corporation may opt out of Section 203 with an express provision in its original certificate of incorporation or an express provision in its certificate of incorporation or amended and restated by-laws resulting from amendments approved by holders of at least a majority of the corporation's outstanding voting shares. An amendment to the certificate of incorporation or by-laws of a corporation in order to opt out of Section 203 will not be effective until 12 months after adoption of such amendment. The opt out of Section 203 will not apply to any business combination between such corporation and any person who became an interested stockholder of such corporation on or prior to the adoption of such amendment. A by-law amendment adopted in order to opt out of Section 203 may not be further amended by the board of directors. We have not elected to opt out of Section 203.

Exclusive Forum

Our amended and restated by-laws provide that, unless we consent in writing to the selection of an alternative forum, the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the Company, (ii) any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers or other employees to us or our stockholders, (iii) any action asserting a claim against us or any of our directors or officers or other employees arising pursuant to any provision of the DGCL or our amended and restated certificate of incorporation or amended and restated by-laws, or (iv) any action asserting a claim governed by the internal affairs doctrine shall be a state court located within the State of Delaware (or, if no state court located within the State of Delaware has jurisdiction, the federal district court for the District of Delaware).

Limitation of Liability and Indemnification of Directors and Officers

Our amended and restated certificate of incorporation includes provisions that limit the personal liability of our directors for monetary damages for breach of their fiduciary duties as directors to the fullest extent permitted by the DGCL. Such limitation shall not apply, except to the extent permitted by the DGCL, (i) for liability under Section 174 of the DGCL, (ii) for any breach of the director's duty of loyalty to us or our stockholders, (iii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law or (iv) for any transaction from which such director derived an improper personal benefit. These provisions will have no effect on the availability of equitable remedies such as an injunction or rescission based on a director's breach of his or her duty of care unless permitted under the DGCL.

Our amended and restated certificate of incorporation and our amended and restated by-laws provide for indemnification, to the fullest extent permitted by the DGCL, of any person made or threatened to be made a party to any threatened, pending or completed action, suit or proceeding by reason of the fact that such person is or was a director, officer, employee or agent of the Company, or, at the request of the Company, serves or served as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or any other enterprise, against all expenses, including attorney's fees, judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with the defense or settlement of such action, suit or proceeding.

In addition, we have entered into indemnification agreements with each of our directors and officers pursuant to which we will agree to indemnify each such executive officer and director to the fullest extent permitted by the DGCL.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the Securities Act) may be permitted to directors, officers or persons controlling the Company pursuant to the foregoing provisions, the Company has been informed that in the opinion of the SEC such indemnification is against public policy as expressed

in the Securities Act and is therefore unenforceable.

Stockholders Agreement

Concurrent with our entry into the Agreement and Plan of Merger to acquire OneWest, we entered into a Stockholders Agreement with OneWest Holders, who collectively own over 90% of OneWest's common interests. Pursuant to the Stockholders Agreement, the OneWest Holders agreed not to, directly or indirectly, without the Company's written consent, (i) form a group with other OneWest Holders with respect to any of our voting securities, (ii) otherwise act with other OneWest Holders to seek to control or influence our Board of Directors or management or policies, (iii) publicly disclose any intention or plan prohibited by or inconsistent with (i) and (ii), (iv) transfer any shares of our common stock received in the merger for 90 days following the closing of the merger, subject to certain exceptions, (v) transfer more than half of each OneWest Holder's shares of our common stock received in the merger for 180 days following the closing of the merger, subject to certain exceptions, or (vi) transfer any shares of our common stock received in the merger to a person or group who, to the knowledge of such OneWest Holder, would beneficially own 5% or more of the outstanding common stock following such transfer, subject to certain exceptions. The restrictions on each OneWest Holder remain in effect until such OneWest Holder owns 20% or less of the shares of our common stock received by such OneWest Holder in the merger.

Pursuant to the Stockholders Agreement, within 90 days following the closing of the merger, we are required to file one or more registration statements with the SEC covering the public resale of common stock beneficially owned by the OneWest Holders (the "registrable securities"). Following such 90th day after the closing of the merger, the OneWest Holders holding a majority of the then outstanding registrable securities may request that we effect an underwritten offering of the registrable securities (a "takedown request"). We will not be obligated to effect more than one takedown request. If we are no longer eligible to use an automatic shelf registration statement as defined in Rule 405 under the Securities Act following such 90th day after the closing of the merger, the OneWest Holders holding a majority of the then outstanding registrable securities may request that we file a registration statement and effect an underwritten offering of the registrable securities (a "demand registration"). We will not be obligated to effect more than one demand registration. In addition, following such 90th day after the closing of the merger, the OneWest Holders will have certain "piggyback" registration rights, pursuant to which they will be entitled to register the resale of its registrable securities alongside any offering of our common stock or other equity interests that we may undertake. The amount of securities we may offer may be subject to "cutback" in certain such registered offerings. These registration rights may be transferred by the OneWest Holders to any person or group to which transfer is permitted under the Stockholders Agreement. We will be responsible for the expenses associated with any sale under the agreement by the OneWest Holders, except for their legal fees and underwriting discounts, selling commissions and transfer taxes applicable to such sale. We agreed to indemnify the OneWest Holders in connection with certain Securities Act and Exchange Act liabilities. The Stockholders Agreement will terminate at such time as no registrable securities remain outstanding.

Our common stock is listed on the New York Stock Exchange (the "NYSE") under the symbol "CIT".

DESCRIPTION OF WARRANTS

General

We may issue warrants to purchase our debt securities, common stock or preferred stock. The warrants may be issued independently or together with any underlying securities and may be attached or separate from those underlying securities. We will issue each series of warrants under one or more warrant agreements to be entered into between us and a warrant agent to be named in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The prospectus supplement relating to any warrants that we may offer will contain the specific terms of the warrants. These terms may include, but are not limited to, the following:

- the title of the warrants;
- the total number of warrants;
- the price or prices at which the warrants will be issued;
- the designation, amount and terms of the underlying securities purchasable upon exercise of the warrants;
- the price or prices at which the underlying securities purchasable upon exercise of the warrants may be purchased;
- the terms of any mandatory or optional redemption provisions relating to the warrants;
- the terms of any right we have to accelerate the exercise of the warrants upon the occurrence of certain events;
- the date on which the right to exercise the warrants will commence and the date on which the right will expire;
- if applicable, the date on and after which the warrants and the underlying securities purchasable upon exercise of the warrants will be separately transferable;
- if applicable, the minimum or maximum amount of warrants that may be exercised at any one time;
- if applicable, a discussion of any material U.S. federal income tax considerations applicable to the exercise of the warrants;
- information with respect to book-entry procedures, if any; and
- any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Each warrant will entitle the holder to purchase for cash an amount of securities at an exercise price that will be stated in, or that will be determinable as described in, the applicable prospectus supplement. Warrants may be exercised at any time up to the close of business on the expiration date shown in the applicable prospectus supplement, unless otherwise specified in such prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Warrants may be exercised as set forth in the applicable prospectus supplement. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the securities purchasable upon such exercise. If less than all of the warrants represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

The description in the applicable prospectus supplement of any warrants we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable warrant agreement and warrant certificate, which will be filed with the SEC if we offer warrants. We urge you to read the applicable warrant certificate, the applicable warrant agreement and any applicable prospectus supplement in their entirety.

UNITED STATES TAXATION

This section describes the material United States federal income tax consequences of owning the senior debt securities, subordinated debt securities, common stock and preferred stock (together, the Securities) that we may offer. It is the opinion of Sullivan & Cromwell, LLP, counsel to the Company. It applies to you only if you acquire Securities in an initial offering and you hold your Securities as capital assets for tax purposes. This section does not apply to you if you are a member of a class of holders subject to special rules, such as:

- a dealer in securities,
- a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings,
- a bank,
- a life insurance company,
- a tax-exempt organization,
- a person that owns Securities that are a hedge or that are hedged against interest rate risks,
- a person that owns Securities as part of a straddle or conversion transaction for tax purposes,
- a person that purchases or sells Securities as part of a wash sale for tax purposes, or
- a United States holder (as defined below) whose functional currency for tax purposes is not the U.S. dollar.

This section is based on the Internal Revenue Code of 1986, as amended (the Code), its legislative history, existing and proposed regulations under the Code, published rulings and court decisions, all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

You are a United States holder if, for United States federal income tax purposes, you are a beneficial owner of a Security and you are:

- a citizen or resident of the United States,
- a domestic corporation,
- an estate whose income is subject to United States federal income tax regardless of its source, or
- a trust if a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust or a trust that has made a qualified election to be treated as a United States person.

You are a non-United States holder if, for U.S. federal income tax purposes, you are the beneficial owner of a Security and you are:

- a nonresident alien individual,
- a foreign corporation, or
- an estate or trust that in either case is not subject to United States federal income tax on a net income basis on income or gain from a debt security.

If an entity treated as partnership for United States federal income tax purposes holds the Securities, the United States federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding the Securities should consult its tax advisor with regard to the United States federal income tax treatment of an investment in the Securities.

Please consult your own tax advisor concerning the consequences of owning these Securities in your particular circumstances under the Code and the laws of any other taxing jurisdiction.

Taxation of Debt Securities

This subsection deals only with fixed rate debt securities denominated in U.S. dollars, that are due to mature more than one year but 30 years or less from the date on which they are issued and are not

contingent payment debt instruments for United States federal income tax purposes. The United States federal income tax consequences of owning any other debt securities will be discussed in an applicable prospectus supplement.

This subsection does not deal with (i) debt securities that are convertible into other securities of the Company and/or exchangeable for securities of the Company or other issuers; (ii) debt securities with respect to which less than the principal amount of the debt securities will be payable upon declaration of acceleration of the maturity of the debt securities; (iii) debt securities that are issued upon the exercise of warrants; (iv) debt securities with respect to which any event of default is deleted, modified or added; and (v) Bearer Securities. The United States federal income tax consequences of owning such debt securities will be discussed in the applicable prospectus supplement.

If you purchase debt securities at a price other than the offering price, the amortizable bond premium or market discount rules may also apply to you. You should consult your tax advisor regarding this possibility.

You should consult a tax advisor regarding the United States federal tax consequences of acquiring, holding and disposing of the debt securities in your particular circumstances, as well as any tax consequences that may arise under the laws of any state, local or foreign taxing jurisdiction.

United States Holders

This subsection describes certain U.S. federal income tax consequences to a United States holder (as defined above). If you are a non-United States holder, this subsection does not apply to you and you should refer to Non-United States Holders below.

Payments of Interest

Except as described below in the case of interest on a discount note that is not qualified stated interest, each as defined below under Original Issue Discount General, you will be taxed on any interest on your note as ordinary income at the time you receive the interest or when it accrues, depending on your method of accounting for United States federal income tax purposes.

Original Issue Discount

General. A note is treated as being issued at an original issue discount if the amount by which the note's stated redemption price at maturity exceeds its issue price is more than a de minimis amount. Generally, a note's issue price will be the first price at which a substantial amount of notes included in the issue of which the note is a part is sold to persons other than bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents, or wholesalers. A note's stated redemption price at maturity is the total of all payments provided by the note that are not payments of qualified stated interest. Generally, an interest payment on a note is qualified stated interest if it is one of a series of stated interest payments on a note that are unconditionally payable at least annually at a single fixed rate, with certain exceptions for lower rates paid during some periods, applied to the outstanding principal amount of the note.

In general, your note is not a discount note if the amount by which its stated redemption price at maturity exceeds its issue price is less than the de minimis amount of $\frac{1}{4}$ of 1 percent of its stated redemption price at maturity multiplied by the number of complete years to its maturity. Your note would have de minimis original issue discount if the amount of the excess is less than the de minimis amount. If your note has de minimis original issue discount, you would include the de minimis amount in income as stated principal payments are made on the note, unless you make the election described below under Election to Treat All Interest as Original Issue Discount. You can determine the includible amount with respect to each such payment by multiplying the total amount of your note's de minimis

original issue discount by a fraction equal to:

the
amount
of the
principal
payment
made
divided by:

27

the stated
principal
amount
of the
note.

Generally, if your discount note matures more than one year from its date of issue, you would include original issue discount, or OID, in income before you receive cash attributable to that income. The amount of OID that you would include in income is calculated using a constant-yield method, and generally you would include increasingly greater amounts of OID in income over the life of your note. More specifically, you can calculate the amount of OID that you would include in income by adding the daily portions of OID with respect to your discount note for each day during the taxable year or portion of the taxable year that you hold your discount note. You can determine the daily portion by allocating to each day in any accrual period a pro rata portion of the OID allocable to that accrual period. You may select an accrual period of any length with respect to your discount note and you may vary the length of each accrual period over the term of your discount note. However, no accrual period may be longer than one year and each scheduled payment of interest or principal on the discount note must occur on either the first or final day of an accrual period.

You can determine the amount of OID allocable to an accrual period by:

multiplying your discount note's adjusted issue price at the beginning of the accrual period by your note's yield to maturity, and then

subtracting from this figure the sum of the payments of qualified stated interest on your note allocable to the accrual period.

You must determine the discount note's yield to maturity on the basis of compounding at the close of each accrual period and adjusting for the length of each accrual period. Further, you determine your discount note's adjusted issue price at the beginning of any accrual period by:

adding your discount note's issue price and any accrued OID for each prior accrual period, and then

subtracting any payments previously made on your discount note that were not qualified stated interest payments.

If an interval between payments of qualified stated interest on your discount note contains more than one accrual period, then, when you determine the amount of OID allocable to an accrual period, you would allocate the amount of qualified stated interest payable at the end of the interval, including any qualified stated interest that is payable on the first day of the accrual period immediately following the interval, pro rata to each accrual period in the interval based on their relative lengths. In addition, you would increase the adjusted issue price at the beginning of each accrual period in the interval by the amount of any qualified stated interest that has accrued prior to the first day of the accrual period but that is not payable until the end of the interval. You may compute the amount of OID allocable to an initial short accrual period by using any reasonable method if all other accrual periods, other than a final short accrual period, are of equal length.

The amount of OID allocable to the final accrual period is equal to the difference between:

the amount payable at the maturity of your note, other than any payment of qualified stated interest, and
your note's adjusted issue price as of the beginning of the final accrual period.

Acquisition Premium. If you purchase your note for an amount that is less than or equal to the sum of all amounts, other than qualified stated interest, payable on your note after the purchase date but is greater than the amount of your note's adjusted issue price, as determined above under **General**, the excess is acquisition premium. If you do not make the election described below under **Election to Treat All Interest as Original Issue Discount**, then you would reduce the daily portions of OID by a fraction equal to:

the excess of your adjusted basis in the note immediately after purchase over the adjusted issue price of the note divided by:

the excess of the sum of all amounts payable, other than qualified stated interest, on the note after the purchase date over the note's adjusted issue price.

28

Election to Treat All Interest as Original Issue Discount. You may elect to include in gross income all interest that accrues on your note using the constant-yield method described above under **General**, with the modifications described below. For purposes of this election, interest will include stated interest, OID, de minimis original issue discount or acquisition premium.

If you make this election for your note, then, when you apply the constant-yield method:

- the issue price of your note would equal your cost,
- the issue date of your note would be the date you acquired it, and
- no payments on your note would be treated as payments of qualified stated interest.

You should consult your tax advisor regarding the consequences of making this election.

Purchase, Sale, Retirement and Other Disposition of Debt Securities

You will generally recognize gain or loss on the sale or retirement of your debt security equal to the difference between the amount you realize on the sale or retirement, excluding any amounts attributable to accrued but unpaid stated interest (which will be treated as interest payments), and your adjusted tax basis in your debt security. Your tax basis in your debt security is generally the cost you paid for the debt security, increased by any OID (net of any acquisition premium) included in your income. Such gain or loss will be capital gain or loss. Capital gain of a noncorporate United States holder is generally taxed at preferential rates where the property is held for more than one year.

Medicare Tax

A United States holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax on the lesser of (1) the United States holder's net investment income (or undistributed net investment income in the case of an estate or trust) for the relevant taxable year and (2) the excess of the United States holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between \$125,000 and \$250,000, depending on the individual's circumstances). A holder's net investment income generally includes its interest income (including any accrued OID) and its net gains from the disposition of debt securities, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a United States holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the debt securities.

Non-United States Holders

This subsection describes certain U.S. federal income and estate tax consequences to a non-United States holder (as defined above). If you are a United States holder, this subsection does not apply to you and you should refer to **United States Holders** above.

Under United States federal income tax law, and subject to the discussions of FATCA withholding and backup withholding below, if you are a non-United States holder of a debt security:

we and other U.S. payors generally would not be required to deduct United States withholding tax from payments of principal, premium, if any, and interest (including any OID) to you if, in the case of payments of interest:

1. you do not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote,
2. you are not a controlled foreign corporation that is related to the Company through stock ownership,

3. you are not a bank whose receipt of interest on the debt securities is described in Section 881(c)(3)(A) of the Code, and

4. the U.S. payor does not have actual knowledge or reason to know that you are a United States person and:
 - a. you have furnished to the U.S. payor an Internal Revenue Service (IRS) Form W-8BEN or W-8BEN-E or an acceptable substitute form upon which you certify, under penalties of perjury, that you are a non-United States person,
 - b. in the case of payments made outside the United States to you at an offshore account (generally, an account maintained by you at a bank or other financial institution at any location outside the United States), you have furnished to the U.S. payor documentation that establishes your identity and your status as the beneficial owner of the payment for United States federal income tax purposes and as a non-United States person,
 - c. the U.S. payor has received a withholding certificate (furnished on an appropriate IRS Form W-8 or an acceptable substitute form) from a person claiming to be:
 - i. a withholding foreign partnership (generally a foreign partnership that has entered into an agreement with the IRS to assume primary withholding responsibility with respect to distributions and guaranteed payments it makes to its partners),
 - ii. a qualified intermediary (generally a non-United States financial institution or clearing organization or a non-United States branch or office of a United States financial institution or clearing organization that is a party to a withholding agreement with the IRS), or
 - iii. a U.S. branch of a non-United States bank or of a non-United States insurance company,
 and the withholding foreign partnership, qualified intermediary or U.S. branch has received documentation upon which it may rely to treat the payment as made to a non-United States person that is, for United States federal income tax purposes, the beneficial owner of the payment on the debt securities in accordance with U.S. Treasury regulations (or, in the case of a qualified intermediary, in accordance with its agreement with the IRS),
 - d. the U.S. payor receives a statement from a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business,
 - i. certifying to the U.S. payor under penalties of perjury that an IRS Form W-8BEN or W-8BEN-E or an acceptable substitute form has been received from you by it or by a similar financial institution between it and you, and
 - ii. to which is attached a copy of the IRS Form W-8BEN or W-8BEN-E or acceptable substitute form, or
 - e. the U.S. payor otherwise possesses documentation upon which it may rely to treat the payment as made to a non-United States person that is, for United States federal income tax purposes, the beneficial owner of the payments on the debt securities in accordance with U.S. Treasury regulations; and

in the case of payments of interest, if you cannot meet any of the requirements listed above, such interest payments will generally be subject to withholding of United States federal income tax at a rate of 30%, unless you provide us or our paying agent with a properly executed IRS Form W-8BEN or W-8BEN-E claiming an exemption from (or reduction in) withholding under an applicable income tax treaty or a properly executed IRS Form W-8ECI claiming that the interest is effectively connected with your conduct of a United States trade or business. Such effectively connected interest will be taxed as described below.

any gain that you realize on the sale or exchange of your debt security generally is not subject to U.S. federal income tax unless (i) you are an individual and are present in the United States for 183 or more days in the taxable year of the sale or exchange and certain other conditions exist, in which case any such gain (net of certain U.S. source losses) will be subject to U.S. federal income tax at a rate of 30% (or at a reduced rate under an applicable income tax treaty) or (ii) such gain is effectively connected with your conduct of a United States trade or business (which will be taxed as described below).

with respect to any interest or gain that is effectively connected with your conduct of a United States trade or business, you will be subject to United States federal income tax generally in the same manner as if you were a United States holder unless an applicable income tax treaty provides otherwise. In addition, if you are a foreign corporation that is engaged in a trade or business in the United States, you may be subject to a branch profits tax at a rate of 30% (or at a reduced rate under an applicable income tax treaty).

Federal Estate Taxes

A debt security held by an individual who at death is not a citizen or resident of the United States (as specifically defined for United States federal estate tax purposes) would not be includible in the individual's gross estate for United States federal estate tax purposes if:

- the decedent did not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote at the time of death and
- the income on the debt security would not have been effectively connected with a United States trade or business of the decedent at the same time.

FATCA Withholding

A 30% withholding tax (FATCA withholding) may be imposed on certain payments to you or to certain foreign financial institutions, investment funds and other non-U.S. persons receiving payments on your behalf if you or such persons fail to comply with certain information reporting requirements. Such payments will include U.S.-source interest and the gross proceeds from the sale or other disposition of debt securities that can produce U.S.-source interest. Payments of interest that you receive in respect of the debt securities if you are, or hold your debt securities through, a foreign financial institution or non-financial foreign entity generally will be subject to FATCA withholding unless (1) if you are, or hold your debt securities through, a foreign financial institution, such foreign financial institution (i) has entered into an agreement with the U.S. government to collect and provide to the U.S. tax authorities information about its accountholders (including certain investors in such institution), (ii) qualifies for an exception from the requirement to enter into such an agreement or (iii) complies with the terms of an applicable intergovernmental agreement between the U.S. government and the jurisdiction in which such foreign financial institution operates and, (2) if you are, or hold your debt securities through, a non-financial foreign entity, such entity has provided certain information regarding its direct and indirect U.S. owners. Payments of gross proceeds from a sale or other disposition of debt securities could also be subject to FATCA withholding unless such disposition occurs before January 1, 2017. Certain countries have entered into, and other countries are expected to enter into, agreements with the United States to facilitate the type of information reporting required under FATCA. Such intergovernmental agreements may provide different rules with respect to non-U.S. financial institutions. You should consult your own tax advisors regarding the relevant U.S. law, intergovernmental agreements and other official guidance on FATCA withholding.

Backup Withholding and Information Reporting

In general, if you are a noncorporate United States holder, we and other payors are required to report to the IRS all payments of principal, any premium and interest (including accrual of any OID) on your debt security. In addition, we and other payors are required to report to the IRS any payment of proceeds of the sale of your debt security before maturity within the United States. Additionally, backup withholding would apply to any payments if you fail to provide an accurate taxpayer identification number, or you are notified by the IRS that you have failed to report all interest and dividends required to be shown on your federal income tax returns.

In general, if you are a non-United States holder, we and other payors are required to report payments of interest (including any OID) on your debt securities on IRS Form 1042-S. Payments of principal, premium or interest made by us and other payors to you would otherwise not be subject to information reporting and backup withholding, *provided*

that the certification requirements described above under Non-United States Holders are satisfied or you otherwise establish an exemption. In addition, payment of the proceeds from the sale (including a retirement or redemption) of debt securities effected at a United

States office of a broker will not be subject to backup withholding and information reporting if (i) the payor or broker does not have actual knowledge or reason to know that you are a United States person and (ii) you have furnished to the payor or broker an appropriate IRS Form W-8, an acceptable substitute form or other documentation upon which it may rely to treat the payment as made to a non-United States person.

In general, payment of the proceeds from the sale of debt securities effected at a foreign office of a broker will not be subject to information reporting or backup withholding. However, a sale (including a retirement or redemption) effected at a foreign office of a broker could be subject to information reporting in the same manner as a sale within the United States (and in certain cases may be subject to backup withholding as well) if (i) the broker has certain connections to the United States, (ii) the proceeds or confirmation are sent to the United States or (iii) the sale has certain other specified connections with the United States.

You generally may obtain a refund of any amounts withheld under the backup withholding rules that exceed your income tax liability by timely filing a refund claim with the IRS.

Taxation of Common Stock and Preferred Stock

This subsection summarizes certain United States federal income and estate tax consequences of the ownership and disposition of common stock and preferred stock (together, **Stock**).

This subsection does not address preferred stock that is convertible into, or exchangeable for, common stock of the Company, nor does it address preferred stock that can be redeemed for an amount in excess of the issue price of the preferred stock. The United States federal income tax consequences of owning such Stock will be discussed in the applicable prospectus supplement.

You should consult a tax advisor regarding the United States federal tax consequences of acquiring, holding and disposing of Stock in your particular circumstances, as well as any tax consequences that may arise under the laws of any state, local or foreign taxing jurisdiction.

United States Holders

This subsection describes the tax consequences to a United States holder (as defined above). If you are non-United States holder, this subsection does not apply to you and you should refer to **Non-United States Holders** below.

Distributions Made with Respect to Stock

In general, if distributions are made with respect to Stock, the distributions will be treated as dividends to the extent of our current and accumulated earnings and profits, as determined for U.S. federal income tax purposes. Any portion of a distribution in excess of our current and accumulated earnings and profits will be treated first as a nontaxable return of capital reducing your tax basis in your Stock, and thereafter as capital gain, the tax treatment of which is discussed below under **United States Holders** **Sale or Redemptions of Stock**. For purposes of the remainder of the discussion in this subsection, it is assumed that dividends paid on Stock will constitute dividends for United States federal income tax purposes.

If you are a corporation, subject to the discussion below under **Limitations on Dividends-Received Deduction**, dividends that you receive on your Stock will generally be eligible for a 70% dividends-received deduction under the Code, if you will have held such shares, within the meaning of the second subsequent paragraph, for at least 46 days during the 91-day period beginning on the date which is 45 days before the date on which such shares became ex-dividend with respect to such dividend.

Under current law, if you are an individual, dividends that you receive on your Stock will generally be subject to reduced rates of taxation, if (i) you do not elect treat the dividends as investment income, which may be offset by investment expense and (ii) you will have held such Stock, within the meaning of the next paragraph, for at least 61 days during the 121-day period beginning on the date which is 60 days before the date on which such Stock become ex-dividend with respect to such dividend or, if the dividend is attributable to a period or periods aggregating over 366 days, you will have held such Stock, within the

meaning of the next paragraph, for at least 91 days during the 181-day period beginning 90 days before the ex-dividend date.

In general, for purposes of meeting the holding period requirements for both the dividends-received deduction and the reduced tax rates on dividends described above, you may not count towards your holding period any period in which you (a) have the option to sell, are under a contractual obligation to sell, or have made (and not closed) a short sale of your Stock or substantially identical stock or securities, (b) are the grantor of an option to buy such Stock or substantially identical stock or securities or (c) otherwise have diminished your risk of loss by holding one or more other positions with respect to substantially similar or related property. In general, a taxpayer has diminished its risk of loss on stock by holding a position in substantially similar or related property if the taxpayer is the beneficiary of a guarantee, surety agreement, or similar arrangement that provides for payments that will substantially offset decreases in the fair market value of the stock. In addition, the dividends-received deduction, as well as the reduced maximum tax rate on dividends, are disallowed if the recipient of a dividend is obligated to make related payments with respect to positions in substantially similar or related property. This disallowance applies even if the minimum holding period has been met. You are advised to consult your own tax advisor regarding the implications of these rules in light of your particular circumstances.

Limitations on Dividends-Received Deduction

If you are a corporation, you may not be entitled to take the 70% dividends-received deduction in all circumstances and, even if you are so entitled, you may be subject to special rules in respect of your ownership of Stock. Prospective corporate investors in Stock should consider the effect of:

Section 246A of the Code, which reduces the dividends-received deduction allowed to a corporate shareholder that has incurred indebtedness that is directly attributable to an investment in portfolio stock such as the Stock; and Section 1059 of the Code, which, under certain circumstances, reduces the basis of stock for purposes of calculating gain or loss in a subsequent disposition by the portion of any extraordinary dividend that is eligible for the dividends-received deduction.

Sale, Exchange, or Redemption of Stock

A sale, exchange or other disposition of your Stock will generally result in gain or loss equal to the difference between the amount realized upon the disposition and your adjusted tax basis in the Stock, which will generally equal your purchase price of the Stock, subject to reduction (if applicable) as described under the caption *Distributions Made with Respect to Stock* above. Such gain or loss will be capital gain or loss and will be long-term capital gain or loss if your holding period for Stock exceeds one year. Long-term capital gain recognized by a non-corporate U.S. holder is generally eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

A redemption of the Stock for cash will be treated as a sale or exchange, taxable as described in the preceding paragraph, if (i) the redemption is not essentially equivalent to a dividend, (ii) substantially disproportionate with respect to you, (iii) in complete redemption of your interest in the Stock, or, (iv) in the case of non-corporate United States holders, in partial liquidation of the Company, each of the above within the meaning of Section 302(b) of the Code. In determining whether any of these tests has been met, shares of stock considered to be owned by you by reason of certain constructive ownership rules set forth in Section 318 of the Code, as well as shares actually owned, must be taken into account. If none of the above standards is satisfied, then a payment in redemption of Stock will be treated as a distribution subject to the tax treatment described above under *Distributions Made with Respect to Stock*.

You are strongly encouraged to consult your own tax advisor regarding the characterization of a redemption payment under the rules described in this subsection and the consequences of such characterization to you.

Medicare Tax

A United States holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax on the lesser of (1) the United States holder's net investment income (or undistributed net investment income in the case of an estate or trust) for the relevant taxable year and (2) the excess of the United States holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between \$125,000 and \$250,000, depending on the individual's circumstances). A United States holder's net investment income generally includes its dividend income and its net gains from the disposition of shares, unless such dividend income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a United States holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the Stock.

Non-United States Holders

This subsection describes the tax consequences to a non-United States holder (as defined above). If you are a United States holder, this subsection does not apply to you and you should refer to **United States Holders** above.

Distributions Made with Respect to Stock

Except as described below, if you are a non-United States holder of Stock, distributions made to you are subject to withholding of United States federal income tax at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate. Even if you are eligible for a lower treaty rate, we and other payors will generally be required to withhold at a 30% rate (rather than the lower treaty rate) on distributions to you, unless you have furnished to us or another payor:

a valid IRS Form W-8 or an acceptable substitute form upon which you certify, under penalties of perjury, your status as a non-United States person and your entitlement to the lower treaty rate with respect to such payments, or in the case of payments made outside the United States to an offshore account (generally, an account maintained by you at an office or branch of a bank or other financial institution at any location outside the United States), other documentary evidence establishing your entitlement to the lower treaty rate in accordance with U.S. Treasury regulations.

If you are eligible for a reduced rate of United States withholding tax under an applicable income tax treaty, you may obtain a refund of any amounts withheld in excess of that rate by filing a refund claim with the IRS.

If distributions made to you are effectively connected with your conduct of a trade or business within the United States, and, if required by an applicable income tax treaty, the dividends are attributable to a permanent establishment that you maintain in the United States, we and other payors generally are not required to withhold tax from such distributions, *provided* that you have furnished us or another payor a valid IRS Form W-8ECI or an acceptable substitute form upon which you represent, under penalties of perjury, that:

you are a non-United States person, and
the dividends are effectively connected with your conduct of a trade or business within the United States and are includible in your gross income.

Effectively connected distributions are taxed at rates applicable to United States citizens, resident aliens and domestic United States corporations.

If you are a corporate non-United States holder, effectively connected distributions that you receive may, under certain circumstances, be subject to an additional branch profits tax at a 30% rate or at a lower rate if you are eligible for the

benefits of an applicable income tax treaty that provides for a lower rate.

Sale, Exchange, or Redemption of Stock

If you are a non-United States holder, you generally will not be subject to United States federal income tax on gain that you recognize on a sale or exchange of your Stock unless:

the gain is effectively connected with your conduct of a trade or business in the United States, and the gain is attributable to a permanent establishment that you maintain in the United States, if required by an applicable income tax treaty as a condition for subjecting you to United States taxation on a net income basis, in which case such gain will be taxed as described below,

you are an individual, you hold your Stock as a capital asset, you are present in the United States for 183 or more days in the taxable year of the sale and certain other conditions exist (in which case any such gain (net of certain U.S. source losses) will be subject to U.S. federal income tax at a rate of 30% (or at a reduced rate under an applicable income tax treaty)), or

we are or have been a United States real property holding corporation for federal income tax purposes and you held, directly or indirectly, at any time during the five-year period ending on the date of disposition, more than 5% of the class of Stock that you are selling or exchanging (assuming such Stock is treated as regularly traded on an established securities market for federal income tax purposes) and you are not eligible for any treaty exemption.

If you are a corporate non-United States holder, effectively connected gains that you recognize you will be subject to United States federal income tax generally in the same manner as if you were a United States holder unless an applicable income tax treaty provides otherwise. Such gain may also, under certain circumstances, be subject to an additional branch profits tax at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate.

We have not been, are not and do not anticipate becoming a United States real property holding corporation for United States federal income tax purposes.

Federal Estate Taxes

Stock held by an individual who is not a citizen or resident of the United States (as specifically defined for United States federal estate tax purposes) at the time of death will be included in the holder's gross estate for United States federal estate tax purposes, unless an applicable estate tax treaty provides otherwise.

FATCA Withholding

A 30% withholding tax (FATCA withholding) may be imposed on certain payments to you or to certain foreign financial institutions, investment funds and other non-U.S. persons receiving payments on your behalf if you or such persons fail to comply with certain information reporting requirements. Such payments will include U.S.-source dividends and the gross proceeds from the sale or other disposition of stock that can produce U.S.-source dividends. Payments of dividends that you receive in respect of the Stock if you are, or hold your stock through, a foreign financial institution or non-financial foreign entity generally will be subject to FATCA withholding unless (1) if you are, or hold your stock through, a foreign financial institution, such foreign financial institution (i) has entered into an agreement with the U.S. government to collect and provide to the U.S. tax authorities information about its accountholders (including certain investors in such institution), (ii) qualifies for an exception from the requirement to enter into such an agreement or (iii) complies with the terms of an applicable intergovernmental agreement between the U.S. government and the jurisdiction in which such foreign financial institution operates and, (2) if you are, or hold your stock through, a non-financial foreign entity, such entity has provided certain information regarding its direct and indirect U.S. owners. Payments of gross proceeds from a sale or other disposition of the Stock could also be subject to FATCA withholding unless such disposition occurs before January 1, 2017. Certain countries have entered into, and other countries are expected to enter into, agreements with the United States to facilitate the type of

information reporting required under FATCA. Such intergovernmental agreements may provide different rules with respect to non-U.S. financial institutions. You should consult your own tax advisors regarding the relevant U.S. law, the intergovernmental agreements and other official guidance on FATCA withholding.

Backup Withholding and Information Reporting

If you are a non-corporate United States holder, information reporting requirements, on IRS Form 1099, generally will apply to dividend payments or other taxable distributions made to you within the United States, and the payment of proceeds to you from the sale of the Stock effected at a United States office of a broker. Additionally, backup withholding may apply to such payments if you are a non-corporate United States holder that fails to provide an accurate taxpayer identification number, is notified by the IRS that it has failed to report all interest and dividends required to be shown on its federal income tax returns, or, in certain circumstances, fails to comply with applicable certification requirements.

In general, if you are a non-United States holder, we and other payors are required to report payments of dividends on your Stock on IRS Form 1042-S. In addition, payment of the proceeds from the sale of the Stock effected at a United States office of a broker will not be subject to backup withholding and information reporting if (i) the payor or broker does not have actual knowledge or reason to know that you are a United States person and (ii) you have furnished to the payor or broker an appropriate IRS Form W-8, an acceptable substitute form or other documentation upon which it may rely to treat the payment as made to a non- United States person.

In general, payment of the proceeds from the sale of the Stock effected at a foreign office of a broker will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker could be subject to information reporting in the same manner as a sale within the United States (and in certain cases may be subject to backup withholding as well) if (i) the broker has certain connections to the United States, (ii) the proceeds or confirmation are sent to the United States or (iii) the sale has certain other specified connections with the United States.

You generally may obtain a refund of any amounts withheld under the backup withholding rules that exceed your income tax liability by timely filing a refund claim with the IRS.

PLAN OF DISTRIBUTION

We may offer and sell the securities covered by this prospectus and certain Selling Securityholders may sell common stock, in any of the following three ways (or in any combination) from time to time in one or more transactions:

- through underwriters, dealers, whether individually or through an underwriting syndicate led by one or more managing underwriters, or remarketing firms;
- directly to one or more purchasers, including to a limited number of institutional purchasers; or
- through agents.

Any such dealer or agent, in addition to any underwriter, may be deemed to be an underwriter within the meaning of the Securities Act. Any discounts or commissions received by an underwriter, dealer, remarketing firm or agent on the sale or resale of securities may be considered by the SEC to be underwriting discounts and commissions under the Securities Act.

In addition, we may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with such a transaction, the third parties may, pursuant to this prospectus and the applicable prospectus supplement, sell securities covered by this prospectus and the applicable prospectus supplement. If so, the third party may use securities borrowed from us or others to settle such sales and may use securities received from us to close out any related short positions. We may also loan or pledge securities covered by this prospectus and the applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement.

The terms of the offering of the securities with respect to which this prospectus is being delivered will be set forth in the applicable prospectus supplement or pricing supplement and will include, among other things:

- the type of and terms of the securities offered;
- the price of the securities;
- the net proceeds to be received by us or by any Selling Securityholders from the sale of the securities;
- the names of the securities exchanges, if any, on which the securities are listed;
- the names of any underwriters, dealers, remarketing firms or agents and the amount of securities underwritten or purchased by each of them;
- any over-allotment options under which underwriters may purchase additional securities from us;
- any underwriting discounts, agency fees or other compensation to underwriters or agents; and
- any discounts or concessions which may be allowed or reallocated or paid to dealers.

If underwriters are used in the sale of securities, such securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by one or more underwriters acting alone. Unless otherwise set forth in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities described in the applicable prospectus supplement will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all such securities if any are purchased by them. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

Pursuant to a requirement by the Financial Industry Regulatory Authority (FINRA), the aggregate maximum commission, discount or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker/dealer may not be greater than eight percent of the gross proceeds received by us for the sale of any securities being registered pursuant to Rule 415 under the Securities Act.

If dealers acting as principals are used in the sale of any securities, such securities will be acquired by the dealers, as principals, and may be resold from time to time in one or more transactions at varying prices to be determined by the dealer at the time of resale. The name of any dealer and the terms of the transaction will be set forth in the applicable prospectus supplement or pricing supplement with respect to the securities being offered.

Securities may also be offered and sold, if so indicated in the applicable prospectus supplement or pricing supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more firms, which we refer to herein as the remarketing firms, acting as principals for their own accounts or as agents for us or the Selling Securityholders, as applicable. Any remarketing firm will be identified and the terms of its agreement, if any, with us or the Selling Securityholders and its compensation will be described in the applicable prospectus supplement or pricing supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act in connection with the securities remarketed thereby.

The securities may be sold directly by us or the Selling Securityholders or through agents designated by us or the Selling Securityholders from time to time. In the case of securities sold directly by us or the Selling Securityholders, no underwriters or agents would be involved. Any agents involved in the offer or sale of the securities in respect of which this prospectus is being delivered, and any commissions payable by us or the Selling Securityholders to such agents, will be set forth in the applicable prospectus supplement or pricing supplement. Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

We and certain Selling Securityholders may authorize agents, underwriters or dealers to solicit offers by certain specified institutions to purchase the securities to which this prospectus and the applicable prospectus supplement relates from us or the Selling Securityholders at the public offering price set forth in the applicable prospectus supplement or pricing supplement, plus, if applicable, accrued interest, pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such delayed delivery contracts will be subject only to those conditions set forth in the applicable prospectus supplement or pricing supplement, and the applicable prospectus supplement or pricing supplement will set forth the commission payable for solicitation of these delayed delivery contracts.

Agents, dealers, underwriters and remarketing firms may be entitled, under agreements entered into by us and the Selling Securityholders, to indemnification by us and the Selling Securityholders against certain civil liabilities, including liabilities under the Securities Act, or to contribution to payments they may be required to make in respect thereof. Agents, dealers, underwriters and remarketing firms may be customers of, engage in transactions with, or perform services for us or our subsidiaries in the ordinary course of business.

Unless otherwise indicated in the applicable prospectus supplement, all securities offered by this prospectus will be new issues with no established trading market, other than our common stock. Any common stock sold pursuant to a prospectus supplement will be listed on the NYSE, subject to official notice of issuance. We may elect to list any of the securities on one or more exchanges, but, unless otherwise specified in the applicable prospectus supplement, we shall not be obligated to do so. In addition, underwriters will not be obligated to make a market in any securities. No assurance can be given regarding the activity of trading in, or liquidity of, any securities.

Underwriters, dealers and agents may engage in transactions with, or perform services for, us or our subsidiaries in the ordinary course of their businesses.

Any underwriter may engage in over-allotment, stabilizing transactions, short covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as

the stabilizing bids do not exceed a specified maximum. Short covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions. These transactions may be effected on an exchange or automated quotation system, if the securities are listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise. These activities may cause the price of the securities to be higher

than it would otherwise be. The imposition of a penalty bid might also have an effect on the price of a security to the extent that it were to discourage resales of the security before the distribution is completed.

We make no representations or predictions as to the direction or magnitude of any effect that the transactions described above might have on the price of the securities. In addition, we make no representations that the underwriters will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice.

A Selling Securityholder, if any, may use this prospectus in connection with resales of shares of our common stock. The applicable prospectus supplement will identify the Selling Securityholder, the terms of the securities being offered and sold, and any other necessary information. Any Selling Securityholder may be deemed to be an underwriter in connection with the securities they resell and any profits on such sales may be deemed to be underwriting discounts and commissions under the Securities Act. A Selling Securityholder will receive all the proceeds from the sale of the securities being sold by them pursuant to this prospectus. We will not receive any proceeds from any sales by a Selling Securityholder.

BOOK-ENTRY PROCEDURES FOR DEBT SECURITIES

In this section we describe special considerations that will apply to registered debt securities issued in global, that is book-entry, form.

Global Securities

CIT may issue the global securities in either registered or bearer form, in either temporary or permanent form. Unless the prospectus supplement specifies otherwise, debt securities, when issued, will be represented by a permanent global security or securities, and each permanent global security will be deposited with, or on behalf of, The Depository Trust Company, which we refer to as the Depository, and registered in the name of a nominee of the Depository. Investors may elect to hold interests in the global securities through either the Depository (in the United States), or Clearstream or Euroclear (outside of the United States), if they are participants of those systems, or indirectly through organizations that are participants in those systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositaries (in those capacities, the U.S. Depositaries), which in turn will hold the interests in customers' securities accounts in the depositaries' names on the books of the Depository. Except under the limited circumstances described below, permanent global securities will not be exchangeable for securities in definitive form and will not otherwise be issuable in definitive form.

Ownership of beneficial interests in a permanent global security will be limited to institutions that have accounts with the Depository or its nominee (each a participant) or persons who may hold interests through participants. In addition, ownership of beneficial interests by participants in such permanent global security will be evidenced only by, and the transfer of that ownership interest will be effected only through, records maintained by the Depository or its nominee for that permanent global security. Ownership of beneficial interests in such permanent global security by persons who hold through participants will be evidenced only by, and the transfer of that ownership interest within the participant will be effected only through, records maintained by that participant. The Depository has no knowledge of the actual beneficial owners of securities. Beneficial owners will not receive written confirmation from the Depository of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the participants through which the beneficial owners entered the transaction. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of securities in definitive form. These laws may impair your ability to transfer your beneficial interests in that permanent global security.

CIT has been advised by the Depository that upon the issuance of a permanent global security and the deposit of that permanent global security with the Depository, the Depository will immediately credit on its book-entry registration and transfer system the respective principal amounts represented by that permanent global security to the accounts of participants.

The paying agent will make all payments on securities represented by a permanent global security registered in the name of or held by the Depository or its nominee to the Depository or its nominee, as the case may be, as the registered owner and holder of the permanent global security representing the securities. The Depository has advised CIT that upon receipt of any payment of principal of, or premium, if any, or interest, if any, on a permanent global security, the Depository will immediately credit, on its book-entry registration and transfer system, accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of that permanent global security as shown in the records of the Depository or its nominee. We expect that payments by participants to owners of beneficial interests in a permanent global security held through those participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in street name (i.e., the name of a securities broker or dealer), and will be the

sole responsibility of those participants, subject to any statutory or regulatory requirements as may be in effect from time to time.

None of CIT, any Trustee, any agent of CIT, or any agent of a Trustee will be responsible or liable for any aspect of the records relating to or payments made on account of beneficial interests in a permanent global security or for maintaining, supervising, or reviewing any of the records relating to such beneficial interests.

A permanent global security is exchangeable for definitive securities registered in the name of, and a transfer of a permanent global security may be registered to, any person other than the Depositary or its nominee only if:

the Depositary notifies us that it is unwilling or unable to continue as Depositary for that permanent global security or if at any time the Depositary ceases to be a clearing agency registered under the Exchange Act, and CIT does not appoint a successor Depositary within 90 days;

CIT, in its discretion, determines that the permanent global security will be exchangeable for definitive securities in registered form; or

an event of default under the indenture shall have occurred and be continuing, as described in the prospectus, and CIT, the Trustee, or the applicable registrar and paying agent notifies the Depositary that the permanent global security will be exchangeable for definitive securities in registered form.

Any permanent global security which is exchangeable will be exchangeable in whole for definitive securities in registered form, of like tenor and of an equal aggregate principal amount as the permanent global security, in denominations of \$1,000 and integral multiples thereof. Those definitive securities will be registered in the name or names of such person or persons as the Depositary shall instruct such trustee. CIT expects that those instructions may be based upon directions received by the Depositary from its participants with respect to ownership of beneficial interests in the permanent global security.

In the event definitive securities are issued, you may transfer the definitive securities by presenting them for registration to the registrar at its New York office. If you transfer less than all of your definitive securities, you will receive a definitive security or securities representing the retained amount from the registrar at its New York office within 30 days of presentation for transfer. Definitive securities presented for registration must be duly endorsed by the holder or his attorney duly authorized in writing, or accompanied by a written instrument or instruments of transfer in form satisfactory to CIT or the Trustee for the securities, duly executed by the holder or his attorney duly authorized in writing. You can obtain a form of written instrument of transfer from the registrar for the securities at its New York office. CIT may require you to pay a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any exchange or registration of transfer of definitive securities, but otherwise transfers will be without charge. If CIT issues definitive securities,

principal of and interest on the securities will be payable in the manner described below;

the transfer of the securities will be registrable; and

the securities will be exchangeable for securities bearing identical terms and provisions.

If CIT issues definitive securities, CIT will do so at the office of the paying agent, including any successor paying agent and registrar for the securities.

CIT may pay interest on definitive securities, other than interest at maturity or upon redemption, by mailing a check to the address of the person entitled to the interest as it appears on the security register at the close of business on the regular record date corresponding to the relevant interest payment date. The term "record date," as used in this prospectus, means the close of business on the fifteenth day preceding any interest payment date.

Notwithstanding the foregoing, the Depositary, as holder of the securities, or a holder of more than \$1 million in aggregate principal amount of securities in definitive form, may require a paying agent to make payments of interest, other than interest due at maturity or upon redemption, by wire transfer of immediately available funds into an account maintained by the holder in the United States, by sending appropriate wire transfer instructions. Such paying agent must receive these instructions not less than ten days prior to the applicable interest payment date.

A paying agent will pay the principal and interest payable at maturity or upon redemption by wire transfer of immediately available funds received from CIT against presentation of the related security at the office of the paying agent.

Except as provided above, owners of beneficial interests in a permanent global security will not be entitled to receive physical delivery of securities in definitive form and will not be considered the holders of the securities for any purpose under the indenture, and no permanent global security will be exchangeable, except for another permanent global security of like denomination and tenor to be registered

in the name of the Depositary or its nominee. As a result, each person owning a beneficial interest in a permanent global security must rely on the procedures of the Depositary and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the indenture.

CIT understands that, under existing industry practices, in the event that CIT requests any action of holders, or an owner of a beneficial interest in a permanent global security desires to give or take any action which a holder is entitled to give or take under the indenture, the Depositary would authorize the participants holding the relevant beneficial interests to give or take this action, and the participants would authorize beneficial owners owning through participants to give or take this action or would otherwise act upon the instructions of beneficial owners owning through them.

Where any debt securities of any series are issued in bearer form, the restrictions and considerations applicable to such debt securities and with respect to the payment, transfer and exchange of such debt securities will be described in the related prospectus supplement.

The Depositary Trust Company. The Depositary has advised us that it is a limited-purpose trust company organized under the laws of the State of New York, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered under the Exchange Act. The Depositary facilitates the post-trade settlement among its participants (Direct Participants) of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. The Depositary is a wholly-owned subsidiary of The Depositary Trust & Clearing Corporation (DTCC). DTCC is the holding company for the Depositary, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the Depositary system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly. The rules applicable to the Depositary and its Participants are on file with the SEC.

CIT believes that the sources from which the information in this section and elsewhere in this prospectus concerning the Depositary and the Depositary's system has been obtained are reliable, but CIT takes no responsibility for the accuracy of the information.

Clearstream. Clearstream advises that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations (Clearstream Participants) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance, and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Monetary Institute. Clearstream Participants are recognized financial institutions around the world, including agents, securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations and may include any agents. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers, and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to debt securities held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depositary for Clearstream.

CIT believes that the sources from which the information in this section and elsewhere in this prospectus concerning Clearstream and Clearstream's system has been obtained are reliable, but CIT takes no responsibility for the accuracy of the information.

Euroclear. Euroclear advises that it was created in 1968 to hold securities for participants of Euroclear (Euroclear Participants) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by the Euroclear S.A./N.V. (the Euroclear Operator), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the Cooperative). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers, and other professional financial intermediaries and may include any agents. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear, the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to debt securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

CIT believes that the sources from which the information in this section and elsewhere in this prospectus concerning Euroclear, the Euroclear Operator, the Cooperative and Euroclear's system has been obtained are reliable, but CIT takes no responsibility for the accuracy of the information.

Global Clearance and Settlement Procedures

Initial settlement for the securities will be made in immediately available funds. Secondary market trading between participants in the Depository will occur in the ordinary way in accordance with the Depository's rules and will be settled in immediately available funds using the Depository's Same-Day Funds Settlement System. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through the Depository, on the one hand, and directly or indirectly through Clearstream or Euroclear Participants, on the other hand, will be effected in the Depository in accordance with the Depository rules on behalf of the relevant European international clearing system by its U.S. Depository. However, these cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). If the transaction meets the settlement requirements, the relevant European international clearing system will deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving securities in the Depository and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to the Depository. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of securities received in Clearstream or Euroclear as a result of a transaction with a participant in the Depositary will be made during subsequent securities settlement processing and dated the business day following the Depositary settlement date. Credits or any transactions in securities settled during this processing will be reported to the relevant Euroclear or Clearstream

Participants on that following business day. Cash received in Clearstream or Euroclear as a result of sales of debt securities by or through a Clearstream Participant or a Euroclear Participant to a participant in the Depositary will be received with value on the Depositary settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in the Depositary.

Although the Depositary, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of securities among participants of the Depositary, Clearstream and Euroclear, they are under no obligation to perform or continue to perform these procedures and these procedures may be discontinued at any time.
