Item 1.01. Entry into a Material Definitive Agreement.

On March 5, 2015, Comstock Mining Inc. (the “Company”) and its wholly-owned subsidiary, Comstock Mining LLC (the “Subsidiary”) reached an agreement to draw on a restated \$5 million credit facility (the “Credit Facility”) with Auramet International, LLC (“Auramet”), pursuant to which the Company may borrow up to \$5 million. The economic terms and collateral for the Credit Facility are substantially the same as the Company’s credit facility entered into with Auramet on February 11, 2014 and described in the Company’s Current Report on Form 8-K filed on February 14, 2014 , which is incorporated herein by reference. The proceeds from the Credit Facility will primarily be used for an accelerated construction schedule for rerouting State Route 342, located in the Company’s Lucerne Resource Area, the first phase of which is scheduled for completion in early June 2015, and the second phase before 2015 year end.

The Credit Facility will be repaid through 25 semimonthly cash payments of \$200,000 beginning April 30, 2015, and ending April 30, 2016, with total principal and interest obligations not exceeding \$5 million. Borrowings under the Credit Facility bear interest at 9.5% per annum payable in advance upon funding.

The foregoing description of the loan documents does not purport to be complete and is qualified in its entirety by reference to the text of such documents, which will be filed with the SEC with the Company’s first quarter 10-Q.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information disclosed in Item 1.01 of this Form 8-K relating to the Loan Documents is incorporated into this Item 2.03.
