### INDEPENDENT AUDITORS' REPORT

#### Bunge North America, Inc. Savings Plan

We have audited the accompanying financial statements of the Bunge North America, Inc. Savings Plan (the "Plan") as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material

respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. Such supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2002 AND 2001

### 1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The Bunge North America, Inc. Savings Plan (the "Plan") was established as of April 1, 1996. Significant accounting policies followed by the Plan are as follows.

BASIS OF ACCOUNTING--The financial statements of the Plan have been prepared in conformity with the accrual basis of accounting.

INVESTMENTS--Investments in Bunge Limited common shares, and mutual funds are stated at fair value. Investment transactions are accounted for on the trade date. Investment income includes interest and dividends. Interest and dividend income is recorded when earned. Earnings on investments are allocated to participants based on account balances.

USE OF ESTIMATES--The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and during the reported period. Actual results could differ from those estimates.

The Plan invests in various securities including common stock and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

### 2. PLAN DESCRIPTION

The Plan is a defined contribution plan and is administered by the Savings Plan Committee (the "Committee") appointed by the Board of Directors of Bunge North America, Inc. (the "Company"). The Company's Board of Directors have appointed certain employees to serve as trustees of the Plan. The Plan is designed to qualify under Section 401(k) of the Internal Revenue Code. The following descriptions of Plan terms provide only general information. Participants should refer to the Plan agreement for more complete descriptions of the Plan's provisions. All regular, hourly employees whose terms and conditions of employment are not subject to a collective bargaining agreement (unless or until participation in the Plan is agreed to in writing by the employer and the collective bargaining agent), are immediately eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

### 3. CONTRIBUTIONS AND WITHDRAWALS

## Edgar Filing: BUNGE LTD - Form 11-K

Effective January 1, 2002, participants may contribute up to 50% of their base pay on a pre-tax basis. The total amount which a participant could elect to contribute to the Plan on a pre-tax basis in 2002 could not exceed \$11,000. If a participant reached age 50 by December 31, 2002, they were able to contribute an additional \$1,000 "catch up" contribution to the Plan on a pre-tax basis.

From April 1, 2001 to December 31, 2001, some participants (all non-union hourly participants and those union participants whose collective bargaining agreements have been so amended) could contribute an amount from 1 to 15% of their base pay on a pre-tax basis. Participants also had the option to contribute on a post-tax basis up to 4% of their base pay. Prior to April 1, 2001, all participants were allowed to contribute an amount from 1 to 6% of their base pay on a pre-tax basis. The post-tax contribution options have not changed. The contribution amounts and allocation between pre-tax and post-tax basis of participants are subject to Internal Revenue Service discrimination tests.

The employer matches non-union hourly participants and union employees, where negotiated in writing, an amount equal to 25% of each such participant's pretax contributions, not to exceed 6% of the participant's compensation for each pay period the participant makes pretax contributions, not to exceed \$520 for the plan years ended December 31, 2002 and 2001.

Although such matching contributions are credited to individual participants' accounts, they will not be fully vested until a participant is credited with five or more years of continuous service and will be forfeited if participants leave the Company (with less than five years of continuous service) for any reason other than normal retirement, permanent disability, death or the termination of the Plan. Any such forfeited amounts are redistributed to continuing participants in the manner specified in the Plan.

Upon entry into the Plan, participants have investment alternatives for the investment of their contributions. Employer matching contributions are initially allocated to participants based upon the current contribution allocation among investment alternatives elected by the participants. Thereafter, employer contributions may be allocated by the participant among all investment alternatives.

Participants may not withdraw pre-tax contributions except as provided for hardship withdrawals or age 59 1/2 withdrawals permitted by the Plan.

Following normal retirement, participants must withdraw their entire account balances by lump sum or any other form of payment which is allowed by the Plan.

Effective April 1, 2001, the Plan was amended to allow participants the option of making qualified, as defined by the Plan document and the Internal Revenue Code ("IRC"), rollover contributions into the plan.

#### 4. PLAN TERMINATION

The Company expects and intends to continue the Plan indefinitely but reserves the right to discontinue its contributions at any time or to terminate the Plan at any time subject to the provisions of ERISA. Should the Plan be terminated, participants will become 100 percent vested in their employer contributions.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Plan administrator by a letter, dated January 22, 1999, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended subsequent to the applicable date of that letter. The Company filed an application for determination with the IRS on February 13, 2002 and the application is still pending. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been recorded in the financial statements.

6. RELATED PARTY TRANSACTIONS

Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan. Expenses incurred in connection with administrative fees are paid by the Company.
