2006 PROXY STATEMENT OF DTE ENERGY COMPANY

INFORMATION CONCERNING VOTING AND PROXY SOLICITATION

QUESTIONS AND ANSWERS

Q: What is a proxy?

A: A proxy is a document, also referred to as a proxy card, on which you authorize someone else to vote for you in the way that you want to vote. You may also choose to abstain from voting. **The Board of Directors (the Board) is soliciting proxies to be voted at the 2006 Annual Meeting of Shareholders and any adjournment or postponement.**

Q: What is a Proxy Statement?

A: A Proxy Statement is this document, required by the Securities and Exchange Commission (the SEC), which is furnished in connection with the solicitation of proxies and, among other things, explains the items on which you are asked to vote on the proxy.

Q: What are the purposes of this annual meeting?

A: At the meeting, our shareholders will be asked to:

1. Elect five directors. The nominees are Alfred R. Glancy III, John E. Lobbia, Eugene A. Miller, Charles W. Pryor, Jr. and Joe W. Laymon. (See Proposal No. 1. Election of Directors on page 18);
2. Approve the DTE Energy Company 2006 Long-Term Incentive Plan (LTIP). (See Proposal No. 2. Approval of the DTE Energy Company Long-Term Incentive Plan on page 22);
3. Ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year 2006. (See Proposal No. 3. Ratification of Appointment of Independent Registered Public Accounting Firm on page 26); and
4. Consider any other business that may properly come before the meeting or any adjournments of the meeting. (See Consideration of Any Other Business That May Come Before the Meeting on page 28).

Q: Who is entitled to vote?

A: Only our shareholders of record at the close of business on February 27, 2006 (the Record Date) are entitled to vote at the annual meeting. Each share of common stock has one vote with respect to each director position and each other matter coming before the meeting. Information on cumulative voting in the election of directors is shown on page 4 under How does the voting work?

Q: What is the difference between a shareholder of record and a street name holder?

A: If your shares are registered directly in your name with The Bank of New York, our stock transfer agent, you are considered the shareholder of record for those shares.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares, and your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the brokerage firm, bank or other nominee how to vote their shares using the method described under How do I vote? below.

Q: How do I vote?

A:

Edgar Filing: DTE ENERGY CO - Form DEF 14A

If you hold your shares in your own name as shareholder of record, you may vote by telephone, through the Internet, by mail or by casting a ballot in person at the annual meeting.

To vote by mail, sign and date each proxy card that you receive and return it in the enclosed prepaid envelope. Proxies will be voted as you specify on each proxy card.

To vote by telephone or through the Internet, follow the instructions attached to your proxy card.

Table of Contents

By completing, signing and returning the proxy card or voting by telephone or through the Internet, your shares will be voted as you direct. Please refer to the proxy card for instructions. If you sign and return your proxy card, but do not specify how you wish to vote, your shares will be voted as the Board recommends. Your shares will also be voted as recommended by the Board, in its discretion, on any other business that is properly presented for a vote at the meeting. (See Consideration of Any Other Business That May Come Before the Meeting on page 28).

If your shares are registered in street name, you must vote your shares in the manner prescribed by your brokerage firm, bank or other nominee. Your brokerage firm, bank or other nominee should have enclosed, or should provide, a voting instruction form for you to use in directing it how to vote your shares.

Q: Can I change my vote after I have voted?

A: If you hold your shares in your own name as shareholder of record, any subsequent vote by any means will change your prior vote. For example, if you voted by telephone, a subsequent Internet vote will change your vote. If you wish to change your vote by mail, you may do so by requesting, in writing, a new proxy card from the tabulator, The Bank of New York, Shareholder Relations, P.O. Box 11258, Church Street Station, New York, NY 10286, or you can request a new proxy card by telephone at 1-866-388-8558. The last vote received prior to the meeting will be the one counted. You may also change your vote by voting in person at the annual meeting.

Q: Can I revoke a proxy?

A: Yes, if you are the shareholder of record as of the Record Date, you may revoke a proxy by submitting a letter addressed to the tabulator, The Bank of New York, Shareholder Relations, P.O. Box 11258, Church Street Station, New York, NY 10286 prior to the meeting.

Q: Is my vote confidential?

A: Yes, your vote is confidential. The tabulator and inspectors of election will not be employees of the Company nor will they be affiliated with the Company in any way. Your vote will not be disclosed except as required by law or in other limited circumstances.

Q: What shares are included on my proxy card?

A: The shares on your proxy card represent shares that you hold as shareholder of record rather than in street name and also any shares you may have in our Dividend Reinvestment and Stock Purchase Plan (DRIP). DTE common stock owned by employees and retirees of DTE and its affiliates in their respective 401(k) plans (401(k) plans) are voted on separate voting instruction forms sent on behalf of the 401(k) plan trustee. Separate voting instructions will also be provided by your brokerage firm, bank or other nominee for shares you hold in street name.

Q: What does it mean if I get more than one proxy card?

A: It indicates that your shares are registered differently and are in more than one account. Sign and return all proxy cards, or vote each account by telephone or on the Internet, to ensure that all your shares are voted. We encourage you to register all your accounts in the same name and address. To do this, contact The Bank of New York, Shareholder Relations at 1-866-388-8558.

Q: What is householding and how am I affected?

A: The SEC permits us to deliver a single copy of the annual report and proxy statement to shareholders who have the same address and last name. Each shareholder will continue to receive a separate proxy card. This procedure, called householding, will reduce the volume of duplicate information you receive and reduce our printing and postage costs. If you received one set of these documents at your household and you wish to receive separate copies, you may contact The Bank of New York, Shareholder Relations, P.O. Box 11258, Church Street Station, New York, NY 10286 or by telephone at 1-866-388-8558 and these documents will be promptly delivered to you. If you do not

Table of Contents

wish to participate in householding and prefer to receive separate copies of our annual reports and proxy statements, now or in the future, please submit a written request to The Bank of New York at the address listed above. Similarly, if you currently receive multiple copies of this document, you can request the elimination of the duplicate documents by contacting The Bank of New York.

Beneficial owners can request information about householding by contacting their bank, brokerage firm or other nominee of record.

Q: Can I elect to receive or view DTE's annual report and proxy statement electronically?

A: Yes. If you are a shareholder of record, you may elect to receive the Company's annual report and proxy materials via the Internet rather than in print. If you wish to provide your consent and enroll in this service, log on to <https://www.giveconsent.com/dte>. Once our annual meeting materials are available, you will receive e-mail notification that will direct you to a Web site that will contain voting instructions for the Internet, telephone and mail and a link to the Company's Web site to access the annual report and proxy statement.

By consenting to electronic delivery, you are stating that you currently have, and expect to have in the future, access to the Internet. If you do not currently have, or expect to have in the future, access to the Internet, please do not elect to have documents delivered electronically, as we may rely on your consent and not deliver paper copies of future annual reports and proxy materials.

If you do not consent to electronic delivery, we will continue to mail you printed copies of the materials. However, we also post these materials on our Web site at www.dteenergy.com, in the Investors' Financial Reports section as soon as they are available so you may view them.

Q: What constitutes a quorum?

A: There were 177,772,514 shares of our common stock outstanding on the Record Date. Each share is entitled to one vote with respect to each director position and each other matter coming before the annual meeting. A majority of these outstanding shares present or represented by proxy at the meeting constitutes a quorum. A quorum is necessary to conduct an annual meeting.

Q: What are abstentions and broker non-votes and how do they affect voting?

A: *Abstentions* If you specify on your proxy card that you wish to abstain from voting on an item, your shares will not be voted on that particular item. Abstentions are counted toward establishing a quorum but not to determine the outcome of the proposal to which the abstention applies.

Broker Non-Votes Under the New York Stock Exchange (NYSE) listing standards, if your broker, bank or other nominee holds your shares in its name and does not receive voting instructions from you, your broker, bank or nominee has discretion to vote these shares on certain routine matters, including the election of directors and the ratification of the appointment of the independent registered public accounting firm. However, on non-routine matters, such as the approval of equity compensation plans, your broker, bank or other nominee must receive voting instructions from you, as they do not have discretionary voting power for that particular item. These broker non-votes on both routine and non-routine matters are counted toward establishing a quorum. On routine matters, broker non-votes are counted toward determining the outcome of that routine matter.

Q: How does the voting work?

A: For each item, voting works as follows:

Proposal No. 1: Election of directors The election of each director requires approval from a plurality of the votes cast. You may withhold votes from one or more directors by writing their names in the space provided for that purpose on your proxy card. Withheld votes have the same effect as abstentions. If you vote by telephone or the Internet, follow the instructions attached to the proxy card. Your broker is entitled to vote your shares on this matter if no instructions are received from you.

Table of Contents

Without prior notice to us, you may also cumulate votes for directors by multiplying the number of your shares by the number of directors to be elected and by casting all such votes either (a) for one candidate or (b) by distributing them among two or more candidates. You cannot vote for more than five directors.

Proposal No. 2: Approval of the LTIP Approving the LTIP requires approval from a majority of the votes cast. Abstentions and broker non-votes are not considered votes cast and will not be counted either for or against this matter. However, abstentions and broker non-votes will be counted toward a quorum on this proposal.

Proposal No. 3: Ratification of the appointment of Deloitte & Touche LLP Ratification of the appointment of an independent registered public accounting firm requires approval from a majority of the votes cast. Abstentions are not considered votes cast and will not be counted either for or against this matter. Broker non-votes are considered votes and your broker is entitled to vote your shares on this matter if no instructions are received from you.

Q: Who may attend the annual meeting?

A: Any shareholder of record as of the Record Date may attend. You will be asked to register upon arrival to the meeting and be required to present government-issued photo identification, such as your driver's license, state identification card or passport. If your shares are registered in the name of a bank, brokerage firm or other nominee and you plan to attend the meeting, bring your most recent statement of account for evidence of ownership. However, as noted above, you will not be able to vote those shares at the annual meeting unless you have made arrangements with your bank, brokerage firm or other nominee of record. Seating and parking are limited, and admission is on a first-come basis.

Q: How will the annual meeting be conducted?

A: The Chairman of the Board (Chairman), or such other director as designated by the Board, will call the annual meeting to order, preside at the meeting and determine the order of business. The only business that will be conducted or considered at this meeting is business discussed in this Proxy Statement, as no shareholder complied with the procedures disclosed in last year's proxy statement for proposing other business at this meeting.

Q: How does a shareholder recommend a person for election to the Board for the 2007 annual meeting?

A: Recommendations for nominations by shareholders should be in writing and addressed to our Corporate Secretary at our principal business address. See the 2007 Annual Meeting of Shareholders Shareholder Proposals and Nominations of Directors section of this Proxy Statement for further information on submitting nominations. Once the Corporate Secretary properly receives a recommendation for nomination, the recommendation is sent to the Corporate Governance Committee for consideration. Candidates for director nominated by shareholders will be given the same consideration as candidates nominated by other sources.

CORPORATE GOVERNANCE

Governance Guidelines

At DTE, we are committed to operating in an ethical, legal, environmentally sensitive and socially responsible manner, while creating long-term value for our shareholders. The foundation of our governance practices begins at the top, with the DTE Energy Company Board of Directors Mission and Guidelines (Governance Guidelines). The Governance Guidelines set forth the practices the Board follows with respect to Board composition and selection, Board meetings, the DTE Chief Executive Officer s (CEO) performance evaluation and succession planning, Board committees and Board compensation. The Governance Guidelines are also intended to align the interests of directors and management with those of our shareholders. The following is a summary of the Governance Guidelines, along with other governance practices at DTE.

Election of Directors and Vacancies

Our Bylaws provide that the Board be divided into three classes, each class being as nearly equal in number as possible. One class of directors is elected each year for a three-year term. Under the Governance Guidelines, the Corporate Governance Committee periodically assesses the skills, characteristics and composition of the Board along with the need for expertise and other relevant factors as it deems appropriate. In light of these assessments, and in light of the standards set forth in the Governance Guidelines, the Corporate Governance Committee may seek candidates with specific qualifications and may seek candidates who satisfy other requirements set by the Board. The Corporate Governance Committee considers candidates who have been properly nominated by shareholders, as well as candidates who have been identified by Board members and Company personnel. In addition, the Corporate Governance Committee may use a search firm to assist in the search for candidates and nominees and to evaluate the nominees skills against the Board s criteria. Based on its review of all nominations, the Corporate Governance Committee recommends a slate of director nominees for election at the annual meeting of shareholders. The slate of nominees may include both incumbent and new nominees.

Potential candidates are reviewed and evaluated by the Corporate Governance Committee, and certain candidates are interviewed by one or more Corporate Governance Committee members. An invitation to join the Board will be extended by the Board itself, through the Chairman and the Chair of the Corporate Governance Committee. If a Board vacancy occurs between annual shareholder meetings, the vacancy may be filled by a majority vote of the directors then in office, and such person will be subject to election by a vote of the shareholders at the next annual shareholder meeting.

During 2005, the Corporate Governance Committee retained a third-party search firm to assist in identifying, evaluating and recruiting potential director candidates. The Corporate Governance Committee screened the candidates and recommended Joe W. Laymon. Mr. Laymon was subsequently elected to the Board on June 23, 2005. See Proposal No. 1. Election of Directors on page 18.

Composition of the Board and Categorical Standards

Our Governance Guidelines state that the exact size of the Board will be determined by the Board from time to time. Currently, our Governance Guidelines set the size of the Board at no less than 10 and no more than 18 directors. As a matter of policy in accordance with NYSE listing standards, we believe that the Board should consist of a majority of independent directors. The Board must affirmatively determine that a director has no material relationship with the Company, either directly or indirectly, or as a partner, shareholder or officer of an organization that has a relationship with the Company. The Board has established the following categorical standards for director independence:

A director, for whom any of the following are true, will not be considered independent:

A director who is currently, or has been at any time in the past, an employee of the Company or a subsidiary.

Table of Contents

A director whose immediate family member is or has been within the last three years an executive officer of the Company.

A director who receives, or whose immediate family member receives, more than \$100,000 in direct compensation from the Company during any twelve-month period within the last three years, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

A director or a director with an immediate family member who is a current partner of a firm that is the Company's internal or external auditor; the director is a current employee of such a firm; the immediate family member is a current employee of such a firm and participates in the firm's audit, assurance or tax compliance, but not tax planning, practice; or the director or immediate family member was within the last three years, but is no longer, a partner or employee of such a firm and personally worked on the Company's audit within that time.

A director who is employed, or whose immediate family member is employed or has been employed within the last three years, as an executive officer of another company where any of the Company's present executives at the same time serves or served on that company's compensation committee.

A director who is a current employee, or whose immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues, is not independent until three years after falling below such threshold.

Contributions to a tax exempt organization will not be considered to be a material relationship that would impair a director's independence if a director serves as an executive officer of a tax exempt organization and, within the preceding three years, contributions in any single fiscal year were less than \$1 million or 2% (whichever is greater) of such tax exempt organization's consolidated gross revenues.

Applying these standards, the Board has affirmatively determined that a majority of our directors qualify as independent and have no material relationship with the Company. The independent directors are Lillian Bauder, Allan D. Gilmour, Frank M. Hennessey, Joe W. Laymon, Gail J. McGovern, Eugene A. Miller, Charles W. Pryor, Jr., General Josue Robles, Jr. and Howard F. Sims (the Independent Directors). The Board has also determined that Anthony F. Earley, Jr., Alfred R. Glancy III and John E. Lobbia are not Independent Directors and may be deemed to be affiliates of the Company under the categorical standards due, in Mr. Earley's case, to his current employment as CEO; in Mr. Lobbia's case, to his prior employment as CEO; and, in Mr. Glancy's case, to his prior employment as Chairman and Chief Executive Officer of MCN Energy Group, Inc. (MCN). (For more information about our relationship with Mr. Glancy, see Certain Relationships and Related Transactions on page 17.)

Board Committees

The Board has standing committees for Audit, Corporate Governance, Finance, Nuclear Review, Organization and Compensation and Public Responsibility. The Board committees act in an advisory capacity to the full Board, except that the Organization and Compensation Committee has direct responsibility for the CEO's goals, performance and compensation along with compensation of other executives and the Audit Committee has direct responsibility for the independent registered public accounting firm. Each committee has adopted a charter that clearly establishes the committee's respective roles and responsibilities. In addition, each committee has authority to retain independent outside professional advisors or experts as it deems advisable or necessary, including the sole authority to retain and terminate any such advisors, to carry out its duties. The Board has determined that each member of the Audit, Corporate Governance, and Organization and Compensation Committees is independent under our categorical standards and that each member is free of any relationship that would interfere with his or her individual exercise of independent judgment. The Board has also determined that each member of the

Table of Contents

Audit Committee meets the independence requirements under the SEC rules applicable to Audit Committee members.

Selection of the Chairman and the CEO; Presiding Director

Our Bylaws currently provide that the Chairman may simultaneously serve as the CEO of the Company and shall preside at all meetings of the Board. In addition, if the Chairman and CEO positions are held by the same individual, the Board may elect another director as Presiding Director who would serve until the next annual meeting. The Presiding Director's duties include presiding at executive sessions. On April 28, 2005, the Board unanimously elected Mr. Gilmour as the Presiding Director.

Board Meetings and Attendance

The Board met six times in 2005. A portion of each Board meeting is spent with the Chairman and CEO and no other management members. The non-management directors met in executive sessions (sessions without the CEO or any representatives of management present) at each of the meetings. All of the directors attended at least 83% of the Board meetings and the meetings of the committees on which they served. It is our policy that directors attend annual meetings of shareholders. All of the 12 directors then in office attended last year's annual meeting.

Term of Office

The Board has not established term limits other than the current three-year terms of office. However, our Governance Guidelines provide that a director is prohibited from being elected after attaining the age of 70, unless the Board waives this provision when circumstances exist which make it prudent to continue the service of a particular director. Mr. Sims reached DTE's mandatory retirement age of 70 during his last term. However, the Board determined that circumstances existed which made it prudent to continue the service of Mr. Sims for another term.

Executive Sessions

It is the Board's practice that non-management directors meet in executive sessions at every Board meeting and meet in executive session at other times whenever they believe it would be appropriate. At least once per year, the non-management directors will meet in executive session to review the Organization and Compensation Committee's performance review of the CEO. The Presiding Director chairs the executive sessions of non-management directors.

Assessment of Board and Committee Performance

The Board evaluates its performance annually. In addition, each Board committee performs an annual self-assessment to determine its effectiveness. The results of these self-assessments are discussed with each committee and the Board.

Board Compensation and Stock Ownership

The Company has established a Board compensation structure intended to provide compensation of approximately one-half cash and one-half equity. The Board has stock ownership guidelines that set specific Company stock ownership requirements based on the director's years of service on the Board. (See Board of Directors Compensation on page 13.)

Officer Stock Ownership

In order to more closely link senior management's interests with those of our shareholders, members of our senior management are expected to own, within five years of their appointment to such position, shares of DTE stock having a value equal to a multiple of their annual base salary. Common stock, time-based restricted stock, phantom stock and performance shares (assuming achievement of target levels of

Table of Contents

performance) are counted toward the senior management's fulfillment of this ownership requirement. The following are the requirements for the Named Executive Officers (as defined in the Security Ownership of Directors and Officers section beginning on page 15): (i) for Mr. Earley and Mr. Anderson, five times their respective base salary; (ii) for Messrs. Buckler and Ewing, four times their respective base salary, and (iii) for Mr. Meador, three times his base salary. Other executive officers must hold from one to three times their base salaries as determined by their compensation level within the Company. As of January 2, 2006, 100% of the senior management team members who were in their positions for at least five years met the stock ownership guidelines.

Codes of Business Conduct and Ethics

The DTE Energy Board of Directors Code of Business Conduct and Ethics, the Officer Code of Business Conduct and Ethics and The DTE Energy Way are the standards of behavior for Company directors, officers and employees. Table of Contents**BOARD OF DIRECTORS RISK MANAGEMENT FUNCTIONS**

As a part of its oversight function, the Board monitors how management operates the Company. When granting authority to management, approving strategies and receiving management reports, the Board must understand and consider, among other things, the risks and vulnerabilities we face. The Committees facilitate this oversight function. The Audit Committee considers risk issues associated with our overall financial reporting and disclosure process. To achieve that goal, the Audit Committee meets with the Chief Financial Officer, the General Auditor, the Chief Risk Officer and the independent registered public accounting firm in executive sessions at least quarterly, and with the General Counsel as determined from time to time by the Audit Committee. The Audit Committee also reviews policies on risk assessment and accounting risk exposure. The Finance Committee oversees insurance and business risk. The Nuclear Review Committee reviews risk relating to the operation of our nuclear power facilities. Other Committees, such as the Public Responsibility Committee, deal with other matters of risk associated with our electric and gas operations, including environmental risk. We also have an internal risk management committee, chaired by the CEO and comprised of senior officers, that, among other things, directs the development and maintenance of comprehensive trading policies and procedures, reviews and approves counter-party credit and establishes risk limits, market risk, and trading volumes.

BOARD OF DIRECTORS COMPENSATION

Employee directors receive no payment for service as directors. The goal of our compensation policies for non-employee directors is to tie their compensation to your interests as shareholders. Accordingly, approximately 50% of a director's annual compensation is in the form of equity-based compensation, including phantom shares of our common stock. The compensation programs for 2005 and 2006 are described below.

| | <u>2005</u> | <u>2006</u> |
|----------------------------------|--|--|
| Cash Compensation | | |
| Cash retainer | \$50,000 annually | \$50,000 annually |
| Committee chair retainer | \$10,000 annually Audit Committee chair \$5,000 annually all other Committee chairs | \$10,000 annually Audit Committee chair \$5,000 annually all other Committee chairs |
| Committee meeting fee | \$1,000 per meeting | \$1,000 per meeting |
| Board meeting fee | \$2,000 per meeting | \$2,000 per meeting |
| Equity Compensation | | |
| Upon first election to the Board | 1,000 shares of restricted common stock | 1,000 shares of restricted common stock |
| Annual stock compensation | 1,250 phantom shares of DTE common stock* | 1,750 phantom shares of DTE common stock* |

* Phantom shares of DTE common stock are credited to each non-employee director's account in January of each year. Phantom share accounts are also credited with dividend equivalents which are reinvested into additional phantom shares. Payment of the cash value of the phantom shares is made three years after the date of grant. Payment of the cash value of phantom shares granted before 2005 occurs only after the date a director terminates his or her service on the Board.

Payment of Non-Employee Director Fees and Expenses

We maintain an unfunded deferred compensation plan that permits non-employee directors to defer receipt of up to 100% of their annual retainer and meeting fees. Retainers and all meeting fees for non-employee

Table of Contents

directors are either (i) payable in cash or, (ii) at the election of the Director deferred into an account pursuant to the DTE Energy Company Plan for Deferring the Payment of Directors Fees. Deferred fees may accrue for future payment with interest accrued monthly at the 5-year U.S. Treasury Bond rate as of the last business day of each month or, at the election of the director, they may be invested in phantom shares of our common stock with all imputed dividends reinvested.

In addition to the retainers and fees, non-employee directors are reimbursed for their travel expenses incurred in attending Board and committee meetings, along with reimbursement for fees and expenses incurred when attending director education seminars.

Directors Retirement Plan

Benefits under the DTE Energy Company Retirement Plan for Non-Employee Directors were frozen as of December 31, 1998, and all non-employee directors were deemed vested on that date. No further benefits will accrue. Messrs. Gilmour and Miller and Dr. Bauder are the only current directors covered by this plan.

Director Life Insurance

The Company provides each non-employee director with group-term life insurance in the amount of \$20,000 and travel accident insurance in the amount of \$100,000.

Director Stock Ownership

We have established stock ownership guidelines for directors to more closely tie their interests to those of shareholders. Under these guidelines, the Board requires that each director own shares of the Company's common stock beginning no later than 30 days after election to the Board. In addition, directors are required to own, within five years after initial election to the Board, shares of Company stock having a value equal to two times their annual cash and phantom stock retainer. Common stock, time-based restricted stock and phantom shares held by a director are counted toward fulfillment of this ownership requirement. As of January 2, 2006, all directors met the initial common stock ownership requirement and those directors who have served as a director for at least five years after their initial election have fulfilled the five-year requirement. Company officers serving on the Board must also comply with our officer stock ownership guidelines. See Officer Stock Ownership in the Corporate Governance section of this Proxy Statement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires our directors, officers and 10% shareholders (if any) to file reports of ownership and changes in ownership with respect to our securities with the SEC and to furnish copies of these reports to us. Based on a review of these reports and written representations from our directors and officers (to our knowledge, we do not have any 10% shareholders) regarding the necessity of filing reports, we believe that during 2005 all applicable Section 16(a) filing requirements were complied with, except that due to an administrative oversight, a Form 4 was filed late with the SEC covering the sale of common stock for Mr. Stephen E. Ewing and a Form 5 was filed correcting an inadvertent omission of common stock from Mr. Ewing's Form 3. In addition, a Form 5 was filed correcting an inadvertent omission of phantom stock acquired by Mr. Hennessey for director fees.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. Glancy was the Chairman and Chief Executive Officer of MCN at the time of the DTE/ MCN merger in 2001. In connection with the merger, we entered into an agreement with Mr. Glancy which, among other things, states that (a) we agreed to nominate Mr. Glancy to the Board in accordance with our normal procedures until he reaches the mandatory retirement age for Board members; (b) Mr. Glancy will receive personal secretarial services for three days a week until he attains the age of 70; (c) for as long as Mr. Glancy remains a member of our Board, we will provide him with a home security system; (d) in the event that the Internal Revenue Service determines or claims that any payments or benefits provided to Mr. Glancy constitute excess parachute payments, we will make a tax reimbursement payment to him in accordance with the agreement; and (e) we will indemnify Mr. Glancy from any actions, suits or proceedings in connection with the agreement. Mr. Glancy pays taxes on the imputed income relating to the secretarial services and home security system.

In addition, Mr. Hennessey and Mr. Sims were directors of MCN at the time of the merger. The shares each director owned under the MCN Deferred Compensation Plan were converted to cash at the time of the merger and placed in cash balance accounts for each director. The cash balance accounts are managed by the Company, with interest accumulating at a 10 year Treasury rate, with a 10 year payout beginning in 2001. During 2005, Mr. Hennessey received \$74,200 and Mr. Sims received \$65,600.

The Company has entered into indemnification agreements with each of its directors and executive officers. These agreements require the Company to indemnify such individuals for certain liabilities to which they may become subject as a result of their affiliation with the Company.

PROPOSAL NO. 2

APPROVAL OF THE DTE ENERGY COMPANY 2006 LONG-TERM INCENTIVE PLAN

On February 9, 2006, the Board adopted, subject to approval of the Company's shareholders at the 2006 annual meeting, the LTIP. The LTIP is a plan that permits DTE to offer employees and non-employee directors the opportunity to participate in DTE's growth through the grant of stock-based awards. DTE has historically used stock incentive awards to motivate and reward its employees. In 2005, over 1,200 employees received long-term awards under the DTE Energy Company 2001 Stock Incentive Plan (Stock Incentive Plan), the Company's current incentive plan that was approved by the shareholders in 2001. The LTIP is intended to continue to benefit a significant number of employees. If the LTIP is approved by the shareholders, no further grants will be made under the Stock Incentive Plan. Adoption of the LTIP will result in a dilution level of less than 9%.

Shares of DTE common stock may be issued under the LTIP from DTE's authorized but unissued common stock, or outstanding common stock may be acquired in a participant's name by or on behalf of DTE (or a combination thereof). The LTIP affords the Board the ability to design compensatory awards that are responsive to the Company's needs and to help ensure the long-term success of the Company by encouraging stock ownership among the directors, officers and employees. With the LTIP in place, the Company will continue to be able to attract, motivate and retain experienced and highly qualified employees who will contribute to the Company's success.

The affirmative vote of a majority of the shares voting on this proposal is required for approval of the LTIP. The key features of the plan and the material terms are summarized below. The complete text of the LTIP is attached to this document as Annex A.

Key Features of the LTIP

Limit on Shares Authorized: 9,000,000 shares of common stock are authorized for grant under the LTIP.

Plan Limits: The LTIP limits in a single calendar year the granting to any one participant of: (1) options for more than 500,000 shares of common stock; (2) stock awards for more than 150,000 shares of common stock; (3) performance share awards for more than 300,000 shares of common stock (based on the maximum payout under the award); or (4) more than 1,000,000 performance units, which have a face amount of \$1.00 each.

Types of Awards: Participants may receive stock options, stock awards, performance shares, performance units, or a combination of these awards.

No Discount on Stock Options: The LTIP prohibits the grant of a stock option with an exercise price less than the fair market value of the Company's stock on the date of the grant.

Prohibition on Repricing: The LTIP prohibits the repricing of stock options either by amendment of an award agreement or by substitution of a new option award at a lower price.

Limitation on Recycling: Any common stock surrendered to pay the exercise price of stock options or to satisfy required tax withholding cannot be reallocated or otherwise made available to be issued under the LTIP.

Vesting Periods: Stock awards vest over not less than three years. Performance share awards and performance units generally vest over a period of not less than one year.

Material Amendments: No material amendment may become effective until shareholder approval is obtained.

Life of the Plan: No option, stock award, performance share, or performance unit may be granted more than 10 years after the adoption of the LTIP by the Board.

Table of Contents

Independent Committee Administration: The LTIP will generally be administered by the Organization and Compensation Committee of the Board for awards made to employees.

Material Terms of the LTIP

Participants: Any employee of DTE or an entity in which DTE has a direct or indirect ownership or other equity interest (Subsidiary) and any member of the Board, whether or not employed by DTE or a Subsidiary, is eligible to participate if the plan administrator determines that the employee or director has contributed significantly, or may be expected to contribute significantly to the profits or growth of DTE or a Subsidiary. An eligible employee or director becomes a participant if he or she is selected to receive a LTIP award by the plan administrator.

Plan Administration: The Board administers the LTIP with respect to awards made to members of the Board who are not employees of DTE or a Subsidiary. The Organization and Compensation Committee administers the LTIP with respect to awards made to employees of DTE or a Subsidiary. The Committee may delegate to the CEO all or part of its authority and duties as to awards made to individuals not subject to Section 16 of the Exchange Act. References in this summary to the plan administrator include references to the Organization and Compensation Committee, any other committee appointed in its place, the CEO of DTE, or the Board, as the context requires.

The plan administrator has the authority to determine the persons to whom awards will be made; to select the type, size and timing of each award; to set the terms and provisions of each award, consistent with the provisions of the LTIP; and to establish rules and policies for the plan. The plan administrator may not, however, grant to any participant in a single calendar year: (1) options for more than 500,000 shares of common stock; (2) stock awards for more than 150,000 shares of common stock; (3) performance share awards for more than 300,000 shares of common stock (based on the maximum payout under the award); or (4) more than 1,000,000 performance units, which have a face amount of \$1.00 each.

Aggregate Number of Plan Shares: The maximum aggregate number of shares of DTE common stock that may be issued or acquired and delivered under the LTIP pursuant to the exercise of options, the grant of stock awards and the settlement of performance shares and performance units is 9,000,000, subject to adjustment in the event of certain changes in capitalization or other corporate transactions. In addition, the number of shares of common stock that may be subject to stock awards, performance shares granted and common stock equal to the value of performance units under the LTIP shall not exceed 50% of the total number of shares authorized for issuance or delivery under the LTIP. It is anticipated that the plan would have sufficient shares to satisfy the needs of the plan through the end of 2009. If (i) an option is terminated, in whole or part, for any reason other than its exercise for shares of common stock; or (ii) a stock award is forfeited, in whole or in part; or (iii) an award of performance shares or performance units is terminated, in whole or in part for any reason other than its settlement in shares of common stock or cash, the number of shares subject to the terminated or forfeited portion of the award may be reallocated to other options, performance shares, performance units and stock awards, subject to the limits described above.

Stock Option Awards: Each stock option granted pursuant to the LTIP is evidenced by a written stock option agreement between the Company and the optionee. The option price will be fixed by the plan administrator but cannot be less than the fair market value of DTE common stock on the date of grant of the option. The option price may be paid in cash, cash equivalent acceptable to the plan administrator, or with unrestricted shares of DTE common stock. The maximum period in which an option may be exercised will be fixed by the plan administrator on the date of grant, but cannot exceed ten years from the date of grant. The plan administrator also establishes, on the date of grant, the terms on which the option may be exercised and the consequences of termination of employment. Options granted under the LTIP may be either non-qualified options or incentive stock options. The plan administrator may not permit the exercise of any option earlier than one year after the date of the grant.

Table of Contents

Generally, one-third of the options covered by a single grant are exercisable one, two and three years after the date of the grant.

The Federal income tax consequences of the two types of options differ, as described below. No Federal income tax is recognized by a participant at the time an option is granted. If the option is an incentive stock option, no income will be recognized upon the participant's exercise of the option. Income is recognized by a participant when he or she disposes of shares acquired under an incentive stock option. The exercise of a non-qualified stock option is a taxable event that requires the participant to recognize, as ordinary income, the difference between the shares' fair market value and the option price. The employer (either DTE or a Subsidiary) will be entitled to claim a Federal income tax deduction on account of the exercise of a non-qualified option equal to the amount of ordinary income recognized by the participant. The employer will not be entitled to a Federal income tax deduction on account of the grant or exercise of an incentive stock option, but may claim a Federal income tax deduction on account of certain dispositions of DTE common stock acquired on exercise of an incentive stock option. The LTIP prohibits the reduction of the option price, and an option cannot be cancelled and replaced with new awards having a lower option price (where the economic effect would be the same as reducing the option price), without prior shareholder approval.

Stock Awards: Awards of Company stock may be granted, and may be forfeitable or subject to certain restrictions on transfer, or both, unless conditions prescribed by the plan administrator on the date of grant are satisfied. The conditions may include a requirement that the participant continue employment with DTE or that stated performance objectives be achieved. Rights to stock awards cannot become non-forfeitable or unrestricted earlier than three years after the date of the award, except in limited special circumstances, including awards to new hires and participants expected to retire within three years, when stock awards can become non-forfeitable or unrestricted as early as one year after the date of the award. The participant generally is entitled to vote and receive dividend equivalents on the stock award prior to the time the shares become non-forfeitable or transferable. A participant recognizes ordinary income on the first day that the shares subject to the restricted stock award are either transferable or not subject to a substantial risk of forfeiture. The amount of income recognized equals the fair market value of the shares on that date. The participant's employer is entitled to a Federal income tax deduction equal to the ordinary income recognized by the participant.

Performance Share Awards: Performance share awards entitle the participant to receive a specified number of shares of DTE common stock or a cash payment equal to the fair market value of a specified number of shares or any combination of cash and common stock. Participants may also receive dividend equivalent payments, on terms provided in the award agreement. Dividend equivalents are additional compensation and not actual dividend payments for tax purposes. The plan administrator may prescribe that performance shares will be earned only on satisfaction of performance objectives during a performance measurement period of at least one year or upon satisfaction of other requirements. The plan administrator may also specify the consequences of termination of employment. Rights in performance shares may not become non-forfeitable earlier than one year after the date of the award. To the extent that performance shares are earned, the obligation may be settled in cash, DTE common stock, or a combination of the two. Settlement will occur at the time specified by the plan administrator. A participant recognizes ordinary income on the settlement of a performance share award equal to any cash that is paid and the fair market value of common stock (on the date the shares are first transferable or not subject to a substantial risk of forfeiture) that is received in settlement of the award. The participant's employer is entitled to a Federal income tax deduction equal to the amount of ordinary income recognized by the participant.

Performance Unit Awards: A performance unit award entitles the participant to receive a payment equal to \$1.00 per performance unit if certain standards are met. The plan administrator will prescribe the performance objectives and other requirements that must be satisfied before a performance unit is earned and specify the consequences of termination of employment. Performance units may not become non-forfeitable earlier than one year after the date of the award. The period in which performance is measured will be at least one year. To the extent that performance units are earned, the obligation may

Table of Contents

be settled in cash, DTE common stock, or a combination of the two. A participant recognizes ordinary income on the settlement of a performance unit award equal to any cash that is paid and the fair market value of common stock (on the date the shares are first transferable or not subject to a substantial risk of forfeiture) that is received in settlement of the award. The participant's employer is entitled to a Federal income tax deduction equal to the amount of ordinary income recognized by the participant.

Performance Objectives: Vesting, settlement or exercise of an award made under the LTIP may be conditioned upon the achievement of specified performance objectives by DTE, a Subsidiary, or a division of DTE or a Subsidiary. The performance objectives may be stated with respect to (i) shareholder value growth based on stock price and dividends, (ii) customer price, (iii) customer satisfaction, (iv) growth based on increasing sales or profitability of one or more business units, (v) performance against the companies in the Dow Jones Electric Utility Industry Group (DJEUIG) index, the companies in the S&P 500 Electric Utility Industry index, a peer group or similar benchmark selected by the Organization and Compensation Committee, (vi) earnings per share growth, (vii) employee satisfaction, (viii) nuclear plant performance achievement, (ix) return on equity, (x) economic value added, (xi) cash flow, (xii) earnings growth, (xiii) diversity, (xiv) safety, (xv) production cost, or (xvi) such other measures as may be selected by the plan administrator. Each of the performance objectives described in the preceding sentence may be stated with respect to the performance of DTE, a Subsidiary or a division of DTE or a Subsidiary. The performance objectives listed above are intended to qualify as performance goals so that grants qualify as deductible performance-based compensation for purposes of IRC Section 162(m).

Amendments: The Board may amend or terminate the LTIP at any time; however, no material amendment may become effective until shareholder approval is obtained. Material amendments include, but are not limited to, amendments that increase the aggregate number of shares of common stock that may be issued or delivered under the LTIP or permit the exercise of an option at a price less than the fair market value of the underlying stock on the date of grant of the option. Shareholder approval is also required in order for the plan administrator to reduce the option price of any outstanding option or replace an outstanding option with new awards having a lower option price or initial value. No amendment or termination may adversely affect an outstanding award without a participant's consent.

Termination: No awards may be granted under the LTIP more than ten years after the LTIP was adopted by the Board. Awards granted before that date will remain valid in accordance with their terms.

Change in Control: In the event of a change in control (i) all options become fully exercisable, (ii) all stock awards become non-forfeitable and transferable, and (iii) all performance shares and performance units are earned, with the amount earned being the amount payable assuming attainment of the greater of target or actual performance levels through the date of the change in control. The accelerated exercisability, vesting or payment described in the preceding sentence may constitute a parachute payment, which may subject the affected participant to an excise tax imposed by IRC Section 4999. Consequently, the accelerated exercisability, vesting or payment is limited if, and to the extent that, the limitation will permit an affected participant to receive a greater net after-tax amount than he or she would receive absent the limitation. The limitation shall not apply to participants who are entitled to an indemnification of excise taxes by DTE under change in control severance agreements or otherwise. Generally, a change in control occurs for purposes of the LTIP if DTE or its assets are acquired by another company or DTE merges with another company and less than 55% of the new or acquiring company's combined voting stock is held by holders of voting stock of DTE immediately prior to the transaction. Shareholder approval of a liquidation or dissolution is also considered a change in control.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit**Services of Independent Registered Public Accounting Firm**

Consistent with SEC policies regarding the independence of the registered public accounting firm, the Audit Committee is responsible for appointing, approving professional service fees of, and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm.

Edgar Filing: DTE ENERGY CO - Form DEF 14A

Prior to engagement, the Audit Committee pre-approves these services by category of service. The Audit Committee may delegate to the Chair of the Audit Committee, or to one or more other designated members of the Audit Committee, the authority to grant pre-approvals of all permitted services or classes of these permitted services to be provided by the independent registered public accounting firm up to but not exceeding a pre-defined limit. The decisions of the designated member to pre-approve a permitted

service will be reported to the Audit Committee at each scheduled meeting. At least quarterly, the Audit Committee reviews:

A report summarizing the services, or groupings of related services, including fees, provided by the independent registered public accounting firm.

A listing of new services requiring pre-approval, if any.

As appropriate, an updated projection for the current fiscal year, presented in a manner consistent with the proxy disclosure requirements, of the estimated annual fees to be paid to the independent registered public accounting firm.

For the year 2005, all audit, audit-related, tax and other services performed by Deloitte were pre-approved by the Audit Committee in accordance with the regulations of the SEC. The Audit Committee considered and determined that the provision of the non-audit services by Deloitte during 2005 were compatible with maintaining independence of the registered public accounting firm.

Report of the Audit Committee

The purpose of the Audit Committee is to assist the Board's oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the Company's independent registered public accounting firm's qualifications and independence and the performance of the Company's internal audit function. All members of the Audit Committee meet the criteria for independence as defined in our categorical standards and the audit committee independence requirements under the SEC rules. The Audit Committee Charter also complies with requirements of the NYSE.

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP). Management is also responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. The independent registered public accounting firm is responsible for auditing these financial statements and expressing an opinion as to their conformity to GAAP. The independent registered public accounting firm is also responsible for expressing an opinion on management's assessment and an opinion on the effectiveness of the Company's internal control over financial reporting. The Audit Committee's responsibility is to monitor and review these processes, acting in an oversight capacity, and the Audit Committee does not certify the financial statements, internal control over financial reporting or guarantee the independent registered public accounting firm's reports. The Audit Committee relies, without independent verification, on the information provided to it including representations made by management and the report of the independent registered public accounting firm.

The Audit Committee discussed with Deloitte the matters required to be discussed by audit standards, SEC regulations and NYSE requirements. Disclosures were received from Deloitte regarding its independence as required by Independence Standards Board Statement No. 1 and discussed with them. The Audit Committee has considered whether the services provided by Deloitte other than those services relating to audit services are compatible with maintaining Deloitte's independence. The Audit Committee has concluded that such services have not impaired Deloitte's independence. The Audit Committee reviewed and discussed the audited financial statements for the year ended December 31, 2005 with management and Deloitte. Based on the review and discussions noted above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K filed with the SEC for the fiscal year ended December 31, 2005. The Audit Committee reviewed and discussed Management's Report on Internal Control over Financial Reporting as of December 31, 2005 with management and Deloitte. EXECUTIVE COMPENSATION

Report of the Organization and Compensation Committee

The Organization and Compensation Committee of the Board determines and approves the compensation of the CEO and approves the compensation of those executives who are at the level of corporate vice president and above (or equivalent), the General Auditor and certain other executives, including the individuals whose compensation is detailed in this Proxy Statement. In order to carry out these responsibilities, the Organization and Compensation Committee uses multiple sources of information and data, including tally sheets detailing the total compensation for executives from all of DTE Energy's executive compensation and benefit programs. In addition, the Organization and Compensation Committee retains a consultant independent of management to continually review the Company's executive compensation program to assure consistency with the Company's executive compensation philosophy and framework. This report discusses the executive compensation philosophy and framework, along with the details of the program elements.

Executive Compensation Philosophy and Framework

Focus: The focus of our executive compensation philosophy and framework is to link a significant portion of compensation to the achievement of corporate goals through emphasis on short- and long-term incentive plans that reward value-added contributions. This approach ties executive interests to shareholder interests and, through a mix of annual and multi-year incentive structures, encourages both near-term results and successful long-term strategic planning and achievements.

Competitive position: The Organization and Compensation Committee's goals include maintaining a total compensation program that is competitive within the Company's comparative market. A competitive position enhances our recruiting and retention efforts and serves as a basis for setting appropriate salary and incentive pay benchmarks. The Organization and Compensation Committee believes the Company's comparative market consists primarily of utilities (including utility holding companies), broad-based energy companies, and significant non-energy companies selected on the basis of revenues generated, financial strength, geographic area and availability of compensation information. The Company hires an external consulting firm to conduct a custom market analysis on a biennial basis. The comparative group consisted of 24 companies (14 energy-related and 10 non-energy companies) for the 2004 study. The results from the 2004 study were increased by a market competitive factor to establish market data for 2005.

Table of Contents

Compensation opportunity: In addition to incentive-specific performance measures, which are tied to corporate goals such as total shareholder return, earnings per share, cash flow, and customer satisfaction, among other measures, the Organization and Compensation Committee considers several factors when setting base salary and establishing other elements of an executive's compensation opportunity. Those factors include (i) the responsibilities of the executive's position, (ii) the experience and performance of the individual, (iii) competition for executive talent and retention issues, and (iv) comparisons to comparable positions at other energy and non-energy companies in the Company's comparative market. In the case of the CEO, in determining long-term incentive grants, the Organization and Compensation Committee also takes into account grants that were made to the CEO in the last two years.

Elements of the Executive Compensation Program

The key elements of the compensation program include base salary, the DTE Energy Company Annual Incentive Plan (the Annual Incentive Plan) and the Stock Incentive Plan (which, if approved by the shareholders, will be the LTIP). In addition, executives are also eligible for certain benefits and limited perquisites generally not available to other employees. Over the past several years, by increasing the weight given to long-term incentives, the Stock Incentive Plan has served to drive Company performance by rewarding participants for actions and behaviors that closely align their interests with long-term growth in shareholder value. In addition, the interplay between the Annual Incentive Plan and the Stock Incentive Plan has provided an appropriate balance of short- and long-term incentives aligned with our business strategy of controlled growth in earnings coupled with stable shareholder returns. In 2005, grants under the Stock Incentive Plan consisted of performance shares, time-based restricted stock and stock options. Policies concerning each of these elements, including the basis for the compensation awarded to Mr. Earley, are discussed below.

Base Salary

Ranges are used for base salary that target the median within the comparative market adjusted to take into account differences in company size and scope. The ranges established are designed to allow adequate differentiation for (i) individual potential, (ii) contributions made, and (iii) the executive's experience in his or her position. Salary ranges are assessed periodically to remain consistent with the market. As noted above, in setting individual salary levels, several factors are used.

Annual Incentive Plan

Executives may receive cash awards under the Annual Incentive Plan. For 2005, the Annual Incentive Plan used five annual measures weighted as follows to determine the total annual incentive award: earnings per share (35%), cash flow (35%), customer satisfaction (10%), safety (10%), and diversity (10%). The Company had to attain threshold minimum levels for a given performance measure before any compensation became payable based on the measure. Based on market comparisons, each officer position was assigned a target award expressed as a percentage of base salary. These targets ranged from 35% to 70% for officers other than the CEO. Awards to each officer were determined as follows: (i) performance for each measure was combined for an overall corporate performance factor; (ii) this factor was multiplied by each officer's target award to arrive at an initial calculation; and (iii) the initial calculation was then adjusted from 0% to 125% based on individual performance. The corporate performance factors were 25% and 50% in 2003 and 2004, respectively. For 2005, the overall corporate performance factor was 140.2%. The Company exceeded its performance target with respect to earnings per share, cash flow, safety and diversity, but did not achieve its desired performance target with regard to customer satisfaction. For the Named Executive Officers, any amounts above 100% based on individual performance do not qualify as performance-based compensation under IRC Section 162(m) and are not paid from this plan. See Internal Revenue Code Limits on Deductibility of Compensation below.

Table of Contents**Stock Incentive Plan**

Background and structure: The Stock Incentive Plan, which was approved by our shareholders, rewards long-term growth and profitability by providing a vehicle through which officers, employees and outside directors may receive stock-based compensation. Participants may receive stock options, stock awards, performance shares, performance units, or a combination of these awards. The Stock Incentive Plan affords the Board the ability to design compensatory awards that are responsive to the Company's needs and to advance the interests and the long-term success of the Company by encouraging stock ownership by the directors, officers and employees.

Stock-based compensation directly links individual performance with shareholder interests. Performance-based vesting and similar requirements for earning certain final awards further emphasize achievement of corporate goals. The sizes of grants made during 2005, ranging from 50% to 150% of base salary for officers other than Mr. Earley, were determined by reference to executive level, responsibility, retention issues, market competitiveness and contributions to the overall success of the Company. The size of grants made during 2004 and 2003, based on the same criteria, were 50%-125% and 40%-100%, respectively. The three types of long-term grants made in 2005 are described below.

Performance shares: Performance shares represented 40% of the overall grant value. Performance shares entitle the executive to receive a specified number of shares, or a cash payment equal to the fair market value of the shares, or a combination thereof, depending on the level of achievement of performance measures. The performance measurement period for the 2005 awards is January 1, 2005 through December 31, 2007. Payments earned under the 2005 awards, including Mr. Earley's award, will be based on three performance measures weighted as follows: (i) total shareholder return vs. shareholder return of the companies in the Standard & Poor's Electric Utility Index as of the date of grant (70%), (ii) employee engagement (15%) and (iii) balance sheet health (15%). The performance payout factor of 27.6% for 2005 was for a measurement period beginning in 2002 and the performance payout factor of 56.85% for 2004 was for a measurement period beginning in 2001. The performance shares granted in 2003 were paid out in early 2006. The payout of 12.75% was based on the final results as certified by the Organization and Compensation Committee and was primarily limited because of not meeting the total shareholder return target and the earnings per share growth target.

Time-based restricted stock: In 2005, time-based restricted stock grants represented 40% of the overall grant value and were made with the restriction period ending on February 15, 2008. The three year vesting period requires continued employment throughout the restriction period. These time-based restricted stock grants do not qualify as performance-based compensation under IRC Section 162(m). As such, the full values of these shares are included in the IRC Section 162(m) computation in the year of vesting. For further information, see Internal Revenue Code Limits on Deductibility of Compensation below.

Stock options: In 2005, non-qualified stock options were granted as part of the continuing program to link executive compensation to overall performance. Stock options granted represented 20% of the overall grant value.

Executive Benefits and Perquisites

The Company provides executives with certain benefits and perquisites generally not available to other employees at DTE Energy. The Pension Plan Table section of this report describes the defined benefit type programs for which certain executives are eligible. Other benefit programs include the executive deferred compensation plan, which allows executives to voluntarily defer receipt of payments they may be eligible to receive from the Annual Incentive Plan or Performance Shares paid in cash and the Supplemental Savings Plan, which mirrors the 401(k) plan and allows the executive to continue to defer base salary after certain IRS limits have been reached. Company matching contributions are the same as the 401(k) plan. The Company also provides a modest level of perquisites, including financial planning and tax preparation, home security systems, Company-leased vehicles and luncheon club memberships. Pursuant to the Company's security program, during 2005, Mr. Earley was assigned a Company car and driver while

Table of Contents

on Company business. In addition, the Company leases an aircraft for limited business travel use by certain executives. Personal use of the aircraft is not allowed except in unusual circumstances and requires the approval of the CEO in advance.

Mr. Earley's Compensation

Effective June 27, 2005, Mr. Earley's base salary was increased to \$1,100,000 (4.3% increase). In addition to the market value as determined by the comparative market, we set his new salary considering his responsibilities, experience, and performance as well as competition for executive talent and retention objectives.

Mr. Earley's Annual Incentive Plan target award was set at 100% of his base salary. The target award was adjusted by 140.2%, based on corporate performance in 2005 to arrive at the initial calculation. This initial calculation was modified by 120%, based on Mr. Earley's personal performance. After adjusting for both corporate performance and personal performance, Mr. Earley's final award for 2005 was \$1,850,000 or 168% of his base salary.

In 2005, Mr. Earley received grants under the Stock Incentive Plan (based on a target of 250% of base salary) consisting of 100,000 stock options, 33,000 performance shares, and 33,000 shares of restricted stock. The Organization and Compensation Committee determined these grant amounts based on market information, Mr. Earley's personal performance, grants to other executives, and grants in previous years. The terms and conditions of these three different types of grants are consistent with the grants given to other DTE executives and are more fully described in the following tables and footnotes. The shares granted under the Stock Incentive Plan in 2003 were paid out at 12.75% based on the final results as certified by the Organization and Compensation Committee and the payout was primarily limited because of not meeting the total shareholder return target and the earnings per share growth target.

Internal Revenue Code Limits on Deductibility of Compensation

Under IRC Section 162(m), the Company cannot deduct compensation paid to a covered employee in excess of \$1 million on our federal income tax return unless it is (i) based on performance and (ii) paid under a program that meets IRC requirements. In general, covered employees for this purpose are our CEO and the four other highest paid executive officers named in the Summary Compensation Table below. The Annual Incentive Plan and the Stock Incentive Plan, previously approved by the shareholders, are designed to provide the maximum opportunity for use of the performance-based compensation exception. The Stock Incentive Plan permits various types of awards, some of which qualify for exemption under IRC Section 162(m) and some of which do not. We expect to continue to emphasize performance-based compensation programs designed to fulfill future corporate business objectives at all levels. Although, generally, these programs are designed to satisfy the requirements of IRC Section 162(m), we believe it is important to preserve flexibility in designing compensation programs and it may be appropriate in certain circumstances to use performance-based plans that may not meet all of the IRC requirements or for the Organization and Compensation Committee to consider deferral programs for compensation in excess of \$1 million.

- (1) The amounts in this column are the dividend equivalents paid on the outstanding Performance Shares. As permitted by rules established by the SEC, no amounts are shown with respect to executive perquisites, as previously described, because such amounts did not exceed, in the aggregate, the lesser of 10% of salary plus bonus or \$50,000 for any Named Executive Officer for any of the years shown in the table.
- (2) The restricted stock grants made during 2005 were non-performance based and are valued as of February 15, 2005, the date the awards were made. Mr. Anderson's 2004 amount also includes the value of a special grant of restricted stock valued as of June 23, 2004, the date the grant was made. The aggregate number of shares of non-performance based restricted stock held on December 31, 2005, by the Named Executive Officers and their value based on the market value on that day were:

- (5) Represents the value at February 9, 2004 (the date that performance was certified), of the performance shares granted in early 2000 under the Stock Incentive Plan (4 year vesting) which became unrestricted as the result of meeting the performance criteria related to total shareholder return, earnings per share growth, employee satisfaction, and Institute of Nuclear Power Operations.

- (7) The amounts shown in this column for 2005 include Company matching contributions to the DTE Energy Company Savings and Stock Ownership 401(k) Plan and the DTE Energy Company Supplemental Savings Plan (Supplemental Savings Plan) as follows:

|------------------------|--------------------------------------|--|
| Anthony F. Earley, Jr. | \$ 8,400 | \$ 56,250 |
| Gerard M. Anderson | \$ 8,400 | \$ 28,062 |

| Stephen E. Ewing | \$ 10,500 | \$ 20,880 |
| David E. Meador | \$ 10,500 | \$ 16,950 |

* These matching contributions are predicated on the participant making contributions from base salary and cannot exceed 6% of a participant's eligible compensation.

** The Supplemental Savings Plan provides for deferring compensation in excess of various IRC limits imposed on tax qualified plans, including the maximum employee pretax contribution limit (\$14,000 for 2005) and the compensation limit (\$210,000 for 2005). Supplemental Savings Plan account balances are paid only in cash to participants upon termination of employment.

The performance share grants shown in the table above were made in 2005 pursuant to the Stock Incentive Plan and will be paid out in 2008 based on Company performance. Each performance share earned will be settled with one share of our common stock or for an amount of cash equal to the fair market value of a share of our common stock on the date the performance shares are earned. Thus, performance shares are not currently outstanding shares of our common stock. As described in the Report of the Organization and Compensation Committee, at the end of the performance period, some or all of the performance shares may be earned based on the level of attainment of the performance criteria. The performance period for each of the Named Executive Officers is three years. If minimum performance levels are not met, no performance shares will be earned, and the payout will be zero. The three criteria for the 2005 grants are: (i) total shareholder return vs. shareholder return of the companies in the Standard & Poor's Electric Utility Index as of the date of grant (70%), (ii) employee engagement (15%) and (iii) balance sheet health (15%).

During the three-year performance period, dividend equivalents are paid to the participants based on the target number of performance shares. All performance shares will be earned in the event of a change in control of the Company, with the amount payable under the awards being based on the greater of target or actual levels of performance through the date of the change in control.

The following table provides information about stock option grants in 2005 for the Named Executive Officers.

- (1) 33 1/3% of the options become exercisable one year from the date of grant, with an additional 33 1/3% becoming exercisable on the succeeding anniversary date of the grant and the final 33 1/3% becoming exercisable on the third anniversary date of the grant. All options will expire if not exercised before the expiration date shown above and may expire sooner in the event of termination of employment in certain circumstances. All stock options become immediately exercisable in the event of a change in control of the Company.

- (2) The exercise price of the stock options is the average of the high and low stock prices on the NYSE Composite Index on the date of grant, which was \$44.72. Stock appreciation rights were not granted in 2005.

Table of Contents

- (3) The fair value for these options was estimated at the date of grant, stated in Note 2 above, using a modified Black/ Scholes option-pricing model. The assumptions used to estimate the fair value are a risk-free interest rate of 3.92%, a dividend yield of 4.606%, an expected volatility of 19.569% and an expected life of six years. The fair value of the options granted on February 15, 2005 was \$5.87 per option. As of February 16, 2006, the options had no value. The final value of the option, if any, will depend on the future value of the common stock and the optionee's decisions with respect to such options. The methodology of valuing these options is consistent with the methodology used for the Company's financial statements contained in the 2005 Annual Report on Form 10-K. However, the fair value per option, as reported in Note 15 of the 2005 Annual Report on Form 10-K, is based on the weighted average of all options granted throughout 2005 to all DTE employees.

Table of Contents

The benefits reflected in the Pension Plan Table include benefits payable under the Retirement Plan, a tax-qualified defined benefit pension plan, as well as payable directly by the Company pursuant to several non-qualified supplemental benefit plans. The supplemental benefit plans provide benefits in excess of IRC limits that apply to compensation and benefits under tax-qualified plans and additional nonqualified benefits to certain executives. Under the IRC, the maximum amount of compensation permitted to be used in calculating a benefit, and the maximum annual benefit permitted to be paid under the Retirement Plan, is \$220,000 and \$175,000, respectively in 2006.

The Pension Plan Table is applicable to each of the executives listed in the Summary Compensation Table, except Mr. Ewing. Those executives participate in the Traditional Retirement Plan, SRP, the MSBP and the DC ESRP, the latter of which is not included in the Pension Plan Table.

Traditional Retirement Plan. The benefits provided under the Traditional Retirement Plan are based on an employee's years of benefit service, final average annual earnings and age at retirement. Compensation used to calculate the benefits under the Traditional Retirement Plan consists of base salary plus lump sums in lieu of base salary increases.

MCN Retirement Plan. Mr. Ewing participates in the MCN Retirement Plan. The benefits provided under the MCN Retirement Plan are based on an employee's years of benefit service, final average annual earnings and age at retirement. Compensation used to calculate the benefits under the MCN Retirement Plan consists of base salary. The 2005 amount of compensation for Mr. Ewing was \$523,000. Based upon assumed years of service of 30 to 40 years, Mr. Ewing's estimated annual MCN Retirement Plan and SRP benefit would range from \$280,000 to \$360,000. This estimated benefit is computed on a straight-life annuity basis and is not subject to reduction for Social Security benefits.

MSBP. The benefits provided under the MSBP set a maximum target retirement benefit and are basically equal to 60% of average final compensation. This amount is then adjusted based on age at termination, years of service (actual service and awarded service) and payment option selected and is offset by the amount that is allowed to be paid under the Traditional Retirement Plan, SRP and any benefit from the noncontributory portion of a prior employer's retirement plan (if awarded service has been granted), if applicable. Compensation used to calculate the benefits under the MSBP include base salary, lump sums in lieu of base salary increases and, for years prior to 2001, the annual incentive bonus paid under the Shareholder Value Improvement Plan (SVIP). Subsequent to 2000, when the SVIP was eliminated, lump sums awarded under the Annual Incentive Plan, which replaced the SVIP, are not included in the MSBP calculation. However, as provided by the terms of the ESRP, for years beginning in 2001, compensation for purposes of the MSBP will include a deemed bonus amount equal to 10% of an executive's base salary. The 2005 amounts of covered compensation for Messrs. Earley, Anderson, Buckler, and Meador were \$1,183,000, \$665,192, \$577,423, and \$501,500, respectively.

DC ESRP. Effective January 1, 2001, DTE implemented a defined-contribution approach to non-qualified supplemental retirement benefits under the DC ESRP. The DC ESRP provides that a benefit equal to 9% of base salary and annual incentive will be credited to a hypothetical account on behalf of eligible executives. The hypothetical account will grow based on the performance of the hypothetical investment elections under the plan, as directed by the participants. Vesting of the benefit under the DC ESRP occurs at a rate of 20% per year. Messrs. Earley, Anderson, Buckler, and Meador are 100% vested in the DC ESRP. If Messrs. Earley, Anderson, Buckler, and Meador meet the MSBP eligibility requirements at the time of retirement, they will have the option to choose to receive benefits under the MSBP or the DC ESRP.

Prior to the merger between DTE and MCN, Mr. Ewing participated in the MCN Energy Group Supplemental Death Benefit and Retirement Income Plan (SDBRIP). Under the terms of the merger agreement, Mr. Ewing was 100% vested in this benefit as of June 1, 2001. As of such date, the SDBRIP was terminated and the present value of Mr. Ewing's benefit under that plan was transferred to the DC ESRP as a hypothetical opening account balance. Mr. Ewing is only eligible to participate in the DC ESRP component of the ESRP and not the MSBP component.

SRP. The benefits provided under the SRP are those benefits that would otherwise have been paid under the Retirement Plan but for the limitations imposed on qualified plans by the Internal Revenue Code.

Table of Contents

Years of Service. The plans require certain years of service before benefits under the plans vest with the individual. The Traditional Retirement Plan and SRP require 5 years of service. The MSBP requires an executive to be at least age 55 with 10 years of service. Under all plans, Messrs. Earley, Anderson, Buckler, and Meador have 12, 12, 32, and 9 actual years of service, respectively, and are, therefore, 100% vested in the Traditional Retirement Plan and the SRP. For purposes of calculating the benefit under the MSBP only, Messrs. Earley and Meador have 15 and 10 years, respectively, of additional awarded service. Messrs. Earley and Meador's eligibility for the additional awarded service is subject to their meeting the eligibility requirements of that plan. The form of benefit shown in the table is the annual benefit under a straight-life annuity with 15 years' payments guaranteed. Other actuarially equivalent forms of benefit are available under the Retirement Plan, SRP, MSBP and DC ESRP. Such benefits are not subject to any reductions for Social Security benefits.

The MCN Retirement Plan requires 5 years of service before benefits under the plan vest. Mr. Ewing has 34 years of service and is, therefore, 100% vested under both the MCN Retirement Plan and the SRP.

Miscellaneous Employment Matters

We have entered into Change-in-Control Severance Agreements with certain officers including Messrs. Earley, Anderson, Buckler, Ewing, and Meador. Generally, a change in control occurs, for purposes of these agreements, if we or our assets are acquired by another company or if we merge, consolidate or reorganize with another company and less than 55% of the new or acquiring company's combined voting stock is held by holders of the voting stock of the Company immediately prior to the change in control transaction. Certain other events, including significant acquisitions of our stock or changes in the Board, also constitute a change in control for purposes of these agreements.

The Change-in-Control Severance Agreements provide for severance compensation in the event that the officer's employment is terminated (actually or constructively) within two years of a change in control of the Company. The severance amounts equal 300% of base salary plus annual bonus, assuming target performance goals for such year would be met. In addition, Messrs. Earley, Anderson, Buckler, and Meador would receive an additional two years of age and service credits for purposes of the MSBP or any successor plan, continued welfare benefits for two years or an equivalent cash payment and indemnification for any excise taxes. Those participants in the MSBP who meet certain age and service requirements would be eligible for an immediate benefit under the MSBP.

In addition, the Stock Incentive Plan and the LTIP provide that all options, restricted stock awards, performance shares and performance units will become exercisable or vested or will be earned (as applicable) upon a change in control. Although this acceleration provision appears in the Stock Incentive Plan and the LTIP, the excise tax indemnification provisions of the Change-in-Control Severance Agreements (for officers covered by such agreements) will apply to any excise taxes incurred as a result of the acceleration.

SEC rules require proxy statements to contain a performance graph comparing, over a five-year period, the performance of companies' common stock against the Standard & Poor's 500 Stock Index (S&P 500 Index) and against either a published industry or line-of-business index or a group of peer issuers. The rules also require that if an index is selected that is different from the index used in the immediately preceding fiscal year, the total return must be compared with both the newly selected index and the index used in the prior year. In the past, DTE has chosen the S&P 500 Electric Utilities Index (S&P 500 EUI) for this comparison. However, effective April 29, 2005, Standard and Poor's moved the Company into the Standard & Poor's 500 Multi-Utilities Index (S&P Multi-Utilities). We believe that this index is an appropriate index to compare us with our competitors and have included both the S&P 500 EUI and the S&P Multi-Utilities in the graph. The graph assumes an initial investment of \$100 on December 31, 2000 in our common stock, the S&P 500 Index, the S&P 500 EUI and the S&P Multi-Utilities.

2007 ANNUAL MEETING OF SHAREHOLDERS

Our Bylaws provide that the annual meeting of shareholders will be held on such date and at such time and place as may be fixed by the Board of Directors. When the Board fixes the date for an annual meeting, it will be announced as soon as practicable after the date is fixed.

Shareholder Proposals and Nominations of Directors

For Inclusion In Proxy Statement. Shareholder proposals to be considered for inclusion in the Proxy Statement for the 2007 Annual Meeting must be received by the Corporate Secretary at our principal business address no later than 5 p.m. Detroit time on November 27, 2006.

For Matters to be Brought at the Meeting. If a shareholder intends to submit a matter other than by timely submitting the proposal to be included in the Proxy Statement, the shareholder must give timely notice in accordance with our Bylaws. To be timely, a shareholder's notice nominating a person for election to the Board or proposing other business must be received no earlier than February 2, 2007 and no later than March 5, 2007.

Procedures for Submitting Proposals and Nominations. Any shareholder who wishes to (i) nominate a person for election to the Board, or (ii) propose other items of business at an annual meeting must be a shareholder of record at the time of giving the notice and entitled to vote at the meeting. All notices must be received by the Corporate Secretary, 2000 Second Avenue, Room 2057 WCB, Detroit, Michigan 48226-1279. Any such notice must include:

the name and address, as they appear on our books, of the shareholder making the proposal or nomination and of the beneficial owner, if any, on whose behalf the proposal or nomination is made;

a representation that the person giving the notice is a shareholder of record entitled to vote at the annual meeting and intends to appear at the meeting in person or by proxy to make the nomination or propose the business specified in the notice.

In addition, our Bylaws require the following:

If a shareholder notice is nominating a person for election to the Board, the notice must also include:

a description of all arrangements or understandings pursuant to which the nomination is made;

such other information regarding the nominee as would be required to be included in a proxy statement filed pursuant to the SEC's proxy rules if the nominee had been nominated by the Board; and

the signed consent of the nominee to serve as a director if elected.

If a shareholder notice is proposing any other items of business, the notice must also include as to each matter the shareholder proposes to bring before the annual meeting:

a description in reasonable detail of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting; and

any material interest the shareholder has in the matter or the beneficial owner, if any, on whose behalf the proposal is made.

Table of Contents

A shareholder must also comply with all the applicable requirements of the Exchange Act for shareholder proposals, including matters covered by SEC Rule 14a-8. Nothing in our Bylaws affects any rights of shareholders to request inclusion of proposals in the proxy statement pursuant to SEC Rule 14a-8.

Proxies solicited by the Company for the 2007 annual meeting may confer discretionary authority to vote on an untimely proposal without express direction from the shareholders giving proxies.

SOLICITATION OF PROXIES

We will pay the cost to solicit proxies. Directors and officers of DTE and employees of its affiliates may solicit proxies either personally or by telephone, facsimile transmission or via the Internet, but no additional remuneration will be paid by the Company for the solicitation of those proxies. We paid \$12,500 plus out-of-pocket expenses to Morrow & Co., Inc. to help distribute proxy materials and solicit votes in that same manner.

IMPORTANT

The interest and cooperation of all shareholders in our affairs are considered to be of the greatest importance by your management. Even if you expect to attend the annual meeting, it is urgently requested that, whether your share holdings are large or small, you promptly fill in, date, sign and return the enclosed proxy card in the envelope provided or vote by telephone or on the Internet. If you do so now, we will be saved the expense of follow-up notices.

Common Stock to be delivered by the Company under a Stock Award, in settlement of an award of Performance Shares or Performance Units, or by exercise of an Option to a Participant (or the Participant's successor in interest or personal representative or, if the Participant so directs, broker) will be:

cannot exceed 50% of the total number of shares of Common Stock authorized for issuance or delivery under this Plan under Section 5.02(a). If a portion of a Stock Award, award of Performance Shares, or award of Performance Units is forfeited, the number of shares of Common Stock subject to the forfeited portion of the Stock Award or Performance Shares, and the number of shares equal in value (as of the date of grant) to the value of the forfeited portion of the Performance Units will again be available for purposes of the limit described in this Section 5.02(b).

5.03. Reallocation of Shares

If a Stock Award is forfeited, in whole or in part, for any reason, the number of shares of Common Stock allocated to the terminated Stock Award or terminated portion may be reallocated to other Options, Performance Shares, Performance Units and Stock Awards to be granted under this Plan, subject to the limits in Section 5.02.

shares allocated to the terminated Performance Share award or termination portion may be reallocated to other Options, Performance Shares, Performance Units, and Stock Awards to be granted under this Plan, subject to the limits in Section 5.02.

If an award of Performance Units is terminated, in whole or in part, for any reason other than its settlement with shares of Common Stock, the number of shares allocated to the Performance Unit award or portion thereof may be reallocated to other Options, Performance Shares, Performance Units, and Stock Awards to be granted under this Plan, subject to the limits in Section 5.02.

ARTICLE VI

OPTIONS

6.01. *Terms of Award*

The Administrator will designate each individual to whom an Option is to be granted. The Agreement for the Option will specify:

- (a) the number of shares of Common Stock covered by the award, subject to Section 6.02;
- (b) the exercise price of the Option, subject to Section 6.03;
- (c) the earliest date when the Option can be exercised, subject to Section 6.04;
- (d) the maximum exercise period of the Option, subject to Section 6.05;
- (e) whether the Option is transferable as permitted under Section 6.07;
- (f) any specific terms regarding exercise of the Option permitted under Section 6.09; and
- (g) any specific terms regarding payment permitted under Section 6.10.

6.02. *Maximum Number of Shares*

No Participant may be granted Options in any calendar year covering more than 500,000 shares of Common Stock.

6.03. *Option Price*

The price per share for shares of Common Stock purchased on the exercise of an Option will be determined by the Administrator on the date of grant and cannot be less than the Fair Market Value on the date the Option is granted.

6.04. *Earliest Exercise Date*

The earliest date on which the Participant may exercise an Option will be determined by the Administrator on the date of grant. However, the Administrator may not permit a Participant to exercise any Options covered by the Agreement earlier than as follows:

- (a) before one year after the date the Options were granted, no Options may be exercised;

Table of Contents

(b) at least one year after and before two years after the date the Options were granted, Options for 1/3 of the shares covered by the Agreement may be exercised;

(c) at least two years after and before three years after the date the Options were granted, Options for 2/3 of the shares covered by the Agreement may be exercised; and

(d) at least three years after the date the Options were granted, Options for all of the shares covered by the Agreement may be exercised.

6.05. *Maximum Option Period*

The maximum period in which an Option may be exercised will be determined by the Administrator on the date of grant. However, no Option is exercisable more than 10 years after the date the Option was granted.

6.06. *Non-transferability*

Except as provided in Section 6.07, each Option granted under this Plan is non-transferable except by will or by the laws of descent and distribution. Except as provided in Section 6.07, during the lifetime of the Participant to whom the Option is granted, the Option may be exercised only by the Participant. No right or interest of a Participant in any Option is liable for, or subject to, any lien, obligation, or liability of the Participant.

6.07. *Transferable Options*

If the Agreement provides, an Option that is not an Incentive Stock Option may be transferred by a Participant to persons or entities permitted under Rule 16b-3 on terms and conditions permitted under Rule 16b-3. The holder of an Option transferred under this Section is bound by the same terms and conditions that governed the Option during the period that it was held by the Participant, except this Section 6.07. The transferee may not transfer the Option except by will or the laws of descent and distribution.

6.08. *Status as Employee or Director*

For purposes of determining the applicability of Code Section 422 (relating to Incentive Stock Options), or if the terms of any Option provide that it may be exercised only during employment or within a specified period of time after termination of employment or Board service, the Administrator may decide to what extent leaves of absence for governmental or military service, illness, temporary disability, or other reasons will not be deemed interruptions of continuous employment or Board service.

6.09. *Exercise*

Subject to the provisions of this Plan and the applicable Agreement, an Option may be exercised in whole at any time or in part from time to time at times and in compliance with requirements as the Administrator determines. However, Incentive Stock Options (granted under the Plan and all plans of the Company and its subsidiary corporations, as those terms are defined in Code Section 424) may not be first exercisable in a calendar year for shares of Common Stock having a Fair Market Value (determined as of the date an Option is granted) exceeding \$100,000. An Option granted under this Plan may be exercised with respect to any number of whole shares less than the full number for which the Option could be exercised. A partial exercise of an Option does not affect the right to exercise the Option from time to time in accordance with this Plan and the applicable Agreement with respect to the remaining shares subject to the Option.

Table of Contents

6.10. *Payment of Option Price*

Subject to rules established by the Administrator and unless otherwise provided in an Agreement, payment of all or part of the Option price may be made in:

(a) cash or a cash equivalent acceptable to the Administrator; or

(b) unrestricted shares of Common Stock previously acquired by the Participant and, if those shares were acquired from the Company, that have been held by the Participant for at least six months.

If shares of Common Stock are used to pay all or part of the Option price, the sum of the cash and cash equivalents and the Fair Market Value (determined as of the date of exercise) of the shares surrendered must not be less than the Option price of the shares for which the Option is being exercised. Payment in cash or cash equivalents includes delivery of cash or cash equivalents by a broker under a cashless exercise arrangement at the time of exercise or following the sale of shares to which the exercise relates. Any shares of Common Stock used to pay any part of the Option price will not be reallocated to other Options, Performance Shares, Performance Units, and Stock Awards to be granted under this Plan and will not otherwise be made available to be issued under this Plan.

6.11. *Shareholder Rights*

No Participant has any rights as a shareholder with respect to shares subject to the Participant's Option until the date the Option is exercised.

6.12. *Disposition of Shares*

A Participant will notify the Company of any sale or other disposition of shares acquired under an Option that was an Incentive Stock Option if the sale or disposition occurs:

(a) within two years of the grant of the Option; or

(b) within one year of the issuance of shares to the Participant.

The notice must be in writing and directed to the Corporate Secretary of the Company.

6.13. *Restriction on Repricing Options*

Without prior shareholder approval:

(a) the Administrator may not authorize the amendment of any outstanding Option to reduce the Option price; or

(b) an Option cannot be cancelled and replaced with new awards having a lower Option price, where the economic effect would be the same as reducing the Option price of the Option.

6.14. *Incentive Stock Options*

No Option that is intended to be an Incentive Stock Option is invalid for failure to qualify as an Incentive Stock Option.

ARTICLE VII

STOCK AWARDS

7.01. Award

The Administrator will designate each individual to whom a Stock Award is to be made. The Agreement for the Stock Award will specify:

- (a) the number of shares of Common Stock covered by the award, subject to Section 7.02;
- (b) when the Stock Award vests, subject to Section 7.03; and
- (c) any Performance Objectives to which the Stock Award is subject, as described in Section 7.04.

7.02. Maximum Number of Shares

No Participant may receive Stock Awards in any calendar year for more than 150,000 shares of Common Stock.

7.03. Vesting

The Administrator, on the date of the award, may prescribe that a Participant's rights in a Stock Award will be forfeitable or otherwise restricted for a period of time. The Administrator generally may not provide that the Participant's right to a Stock Award becomes non-forfeitable or unrestricted earlier than three years after the date of the award. However, in special situations, such as awards to newly hired Participants or Participants reasonably expected to retire in less than three years, the Administrator may provide that the Participant's right to a Stock Award becomes non-forfeitable or unrestricted as early as one year after the date of the award.

7.04. Performance Objectives

In addition to any vesting of a Stock Award imposed under Section 7.03, the Administrator may prescribe that Stock Awards will become vested or transferable or both based on Performance Objectives. In cases where a Stock Award will become non-forfeitable and transferable only upon the attainment of Performance Objectives and satisfaction of the performance based compensation exception to the limit on executive compensation imposed by Code Section 162(m) is intended, then the shares subject to the Stock Award will become non-forfeitable and transferable only to the extent that the Committee certifies that the Performance Objectives have been attained.

7.05. Status as Employee or Director

If the terms of any Stock Award provide that shares become transferable and non-forfeitable only after completion of a specified period of employment or Board service, the Administrator may decide in each case to what extent leaves of absence for governmental or military service, illness, temporary disability, or other reasons will not be deemed interruptions of continuous employment or Board service.

7.06. Shareholder Rights

Prior to their forfeiture (in accordance with the applicable Agreement and while the shares of Common Stock granted under the Stock Award may be forfeited or are non-transferable), a Participant will have all rights of a shareholder with respect to a Stock Award, including the right to receive dividends and vote the shares. However, during that period:

- (a) a Participant may not sell, transfer, pledge, exchange or otherwise dispose of shares granted under a Stock Award;
- (b) the Company will retain custody of the certificates evidencing shares granted under a Stock Award; and

Table of Contents

(c) the Participant will deliver to the Company a stock power, endorsed in blank, with respect to each Stock Award. After the shares granted under the Stock Award are transferable and no longer forfeitable, the above limitations will not apply. The Company will deliver to the Participant certificates evidencing shares of Common Stock subject to the award as soon thereafter as possible.

PERFORMANCE SHARE AWARDS

8.01. Award

The Administrator will designate each individual to whom an award of Performance Shares is to be made. The Agreement for the award of Performance Shares will specify:

- (a) the number of shares of Common Stock covered by the award, subject to Section 8.02;
- (b) when the Performance Shares vest, subject to Section 8.03;
- (c) any Performance Objectives to which the Performance Shares are subject, as described in Section 8.04;
- (d) any shareholder rights granted to the Participant under Section 8.06; and
- (e) whether the Performance Shares are transferable under Section 8.08.

8.02. Maximum Number of Shares

No Participant may receive awards of Performance Shares in any calendar year for more than 300,000 shares of Common Stock (based on the maximum possible payout under the awards).

8.03. Vesting

The Administrator, on the date of the grant, may prescribe that a Participant's rights in Performance Shares will be forfeitable for a period of time. However, the Administrator may not provide that the Participant's rights in Performance Shares become non-forfeitable earlier than one year after the date of the award.

8.04. Performance Objectives

The Administrator, on the date of the grant of an award, may prescribe that all or a portion of the Performance Shares will be earned, and the Participant will be entitled to receive a payment under the award of Performance Shares, only upon the satisfaction of Performance Objectives during a performance measurement period of at least one year, or other criteria prescribed by the Administrator. With respect to Performance Shares that will be earned only upon satisfaction of Performance Objectives, and as to which satisfaction of the performance based compensation exception to the limit on executive compensation imposed by Code Section 162(m) is intended, a payment will be made under the Performance Shares only if, and to the extent that, the Committee certifies that the Performance Objectives have been attained.

8.05. Payment

In the discretion of the Administrator, the amount payable when an award of Performance Shares is earned may be settled in cash, by the issuance of shares of Common Stock, or any combination of cash and Common Stock. A fractional share of Common Stock is not deliverable when an award of Performance Shares is earned; a cash payment will be made in lieu of the fractional share. The Administrator will also determine when an award of Performance Shares that has been earned will be settled.

Table of Contents

8.06. Shareholder Rights

No Participant, as a result of receiving an award of Performance Shares, has any rights as a shareholder until and to the extent that the award of Performance Shares is earned and settled in shares of Common Stock. After an award of Performance Shares is earned and settled in shares, a Participant will have all the rights of a shareholder as described in Section 7.06. However, the Administrator may provide in an Agreement that the recipient of a Performance Share award is entitled to dividend equivalents with respect in the award, payable at the time or times, and on the terms, specified in the Agreement.

8.07. Non-Transferability

Except as provided in Section 8.08, Performance Shares granted under this Plan are non-transferable except by will or by the laws of descent and distribution. No right or interest of a Participant in any Performance Shares is liable for, or subject to, any lien, obligation, or liability of such Participant.

8.08. Transferable Performance Shares

If the Agreement provides, an award of Performance Shares may be transferred by a Participant to persons or entities permitted under Rule 16b-3 on terms and conditions permitted under Rule 16b-3. The holder of Performance Shares transferred pursuant to this Section is bound by the same terms and conditions that governed the Performance Shares during the period that they were held by the Participant, except this Section 8.08. The transferee may not transfer Performance Shares except by will or the laws of descent and distribution.

8.09. Status as Employee or Director

If the terms of any Performance Share award provide that no payment will be made unless the Participant completes a stated period of employment or Board service, the Administrator may decide to what extent leaves of absence for government or military service, illness, temporary disability, or other reasons will not be deemed interruptions of continuous employment or Board service.

ARTICLE IX

PERFORMANCE UNITS

9.01. Award

The Administrator will designate each individual to whom an award of Performance Units is to be made. The Agreement for the award of Performance Units will specify:

- (a) the number of Performance Units covered by the award, subject to Section 9.02;
- (b) when the Performance Units vest, subject to Section 9.03;
- (c) the Performance Objectives to which the Performance Units are subject, as described in Section 9.04; and
- (d) whether the Performance Shares are transferable under Section 9.07.

9.02. Maximum Number of Units

No Participant may receive an award of more than 1,000,000 Performance Units in any calendar year.

9.03. Vesting

The Administrator, on the date of the award, may prescribe that a Participant's rights in Performance Units will be forfeitable for a period of time. However, the Administrator may not provide that the

Table of Contents

Participant's rights in Performance Units become non-forfeitable earlier than one year after the date of the award.

9.04. *Performance Objectives*

The Administrator, on the date of grant of an award, will prescribe that all or a portion of the Performance Units will be earned and the Participant will be entitled to receive a payment under the award of Performance Units, only upon the satisfaction of Performance Objectives and other criteria prescribed by the Administrator during a performance measurement period of at least one year. With respect to Performance Units as to which satisfaction of the performance based compensation exception to the limit on executive compensation imposed by Code Section 162(m) is intended, a payment will be made under the Performance Units only if, and to the extent that, the Committee certifies that the Performance Objectives have been attained.

9.05. *Payment*

In the discretion of the Administrator, the amount payable when an award of Performance Units is earned may be settled in cash, by the issuance of shares of Common Stock, or any combination of cash and Common Stock. A fractional share of Common Stock is not deliverable when an award of Performance Units is earned; a cash payment will be made in lieu of the fractional share. The Administrator will also determine when an award of Performance Units that has been earned will be settled.

9.06. *Non-Transferability*

Except as provided in Section 9.07, Performance Units granted under this Plan are non-transferable except by will or by the laws of descent and distribution. No right or interest of a Participant in an award of Performance Units is liable for, or subject to, any lien, obligation, or liability of such Participant.

9.07. *Transferable Performance Units*

If provided in an Agreement, an award of Performance Units may be transferred by a Participant to persons or entities permitted under Rule 16b-3 on terms and conditions as may be permitted under Rule 16b-3. The holder of Performance Units transferred under this Section is bound by the same terms and conditions that governed the Performance Units during the period that it was held by the Participant, except this Section 9.07. The transferee may not transfer the Performance Units except by will or the laws of descent and distribution.

9.08. *Status as Employee or Director*

If the terms of an award of Performance Units provide that a payment will be made only if the Participant completes a stated period of employment or Board service, the Administrator may decide to what extent leaves of absence for governmental or military service, illness, temporary disability or other reasons will not be deemed interruptions of continuous employment or Board service.

9.09. *Shareholder Rights*

No Participant, as a result of receiving an award of Performance Units, has any rights as a shareholder of the Company or any Subsidiary on account of the award.

- (ii) the Company engages in any transaction to which Section 424 of the Code applies; or
- (iii) there occurs any other event that, in the judgment of the Committee, necessitates adjustments.

(b) Adjustments

- (i) the maximum number and kind of shares as to which Options, Stock Awards, Performance Shares, and Performance Units may be granted;
- (ii) the terms of outstanding Stock Awards, Options, Performance Shares, Performance Units; and
- (iii) the per individual limitations on the number of shares of Common Stock for which Options, Performance Shares, Performance Units and Stock Awards may be granted.

(c) Limitation on Adjustments

The Committee in its sole discretion may elect not to adjust Performance Objectives under any award if it determines that the adjustment would cause the award to cease to qualify as performance-based compensation under Code Section 162(m).

(d) Replacement of Awards

The Committee may provide for the replacement of any outstanding awards under the Plan (or any portion of any award) with alternative consideration (including, without limitation, cash) as the Committee in good faith determines to be equitable under the circumstances. The Committee may require, in connection with any replacement, the surrender of all awards so replaced.

(e) Authority of Committee

Any determination, adjustment, or replacement made by the Committee under this Section 10.01 is final and conclusive.

10.02. *Affect of Issuance of Stock*

No adjustments described in Section 10.01(b) will be made as a result of the issuance by the Company of stock of any class or securities convertible into stock of any class, for cash or property, or for labor or services, either upon direct sale or upon the exercise of rights or warrants to subscribe for the stock or securities, or upon conversion of stock or obligations of the Company convertible into stock or other securities.

10.03. *Substitution of Awards*

The Committee may make Stock Awards and may grant Options, Performance Shares, and Performance Units in substitution for performance shares, phantom shares, stock awards, stock options, or similar awards held by an individual who becomes an employee or director of the Company or a Subsidiary in connection with a transaction described in Section 10.01(a). ARTICLE XII

CHANGE IN CONTROL PROVISIONS

12.01. *Effect on Awards*

Subject to Section 13.09, the following provisions govern the treatment of outstanding awards under this Plan upon a Change in Control:

(a) Options

Each outstanding Option is fully exercisable (in whole or in part at the discretion of the holder) on and after a Control Change Date.

(b) Stock Awards

Each outstanding Stock Award is transferable and non-forfeitable on and after a Control Change Date without regard to whether any Performance Objectives or other conditions to which the award is subject have been met.

(c) Performance Shares

Each outstanding Performance Share award is earned as of a Control Change Date and will be settled as soon thereafter as practicable. If an award is based only on criteria other than Performance Objectives (such as continued service), the award is earned in full. If an award is earned on the basis of Performance Objectives, the amount earned is the greater of the amount that would have been payable on attainment of:

(i) target levels of performance; or

(ii) actual levels of performance,

using performance through the Control Change Date for purposes of determining actual levels of performance.

(d) Performance Units

All outstanding Performance Units are earned as of a Control Change Date and will be settled as soon thereafter as possible. The amount earned with respect to each award of Performance Units is the greater of the amount that would have been payable on attainment of:

(i) target levels of performance; or

(ii) actual levels of performance,

using performance through the Control Change Date for purposes of determining actual levels of performance.

12.02. *Conversion of Options and Stock Awards*

(a) Continuation of Plan

If the Change in Control is described in Section 2.06(a) or (b) and the Surviving Entity or Acquiring Entity is a corporation with common stock publicly traded on an established U.S. stock exchange, the Board may enter into an agreement with the Surviving Entity or Acquiring Entity for the Surviving Entity or Acquiring Entity to adopt and maintain the Plan and to adopt and maintain all outstanding Option and Stock Award Agreements under the existing terms of the Agreement. Equitable adjustments will be made to all outstanding Option and Stock Award Agreements to reflect the Fair Market Value of the Common Stock as of the day before the Control Change Date and to substitute Common Stock subject to Agreements with comparable common stock of the Surviving Entity or Acquiring Entity.

(b) Substitution of Plan

If the Change in Control is described in Section 2.06(a) or (b) and the Surviving Entity or Acquiring Entity is a corporation with common stock publicly traded on an established U.S. stock

Table of Contents

exchange, the Board may enter into an agreement with the Surviving Entity or Acquiring Entity for the Surviving Entity or Acquiring Entity to adopt a comparable equity compensation plan and grant new Options and Stock Awards under that plan in substitution for outstanding Options and Stock Awards under this Plan. The fair market value of the common stock of the Surviving Entity or Acquiring Entity subject to the substituted Options and Stock Awards will not be less than the Fair Market Value of the Common Stock subject to outstanding Options and Stock Awards under this Plan as of the day before the Control Change Date.

12.03. *Settlement of Awards*

(a) Options

If the Change in Control is described in Section 2.06(a) or (b) and outstanding Options under this Plan are not converted under Section 12.02, each Participant with an outstanding Option will be paid, for each share of Common Stock for which the Participant holds an outstanding Option, the excess, if any, of the Fair Market Value of the Common Stock as of the day before the Control Change Date over the exercise price of the Option.

(b) Stock Awards

If the Change in Control is described in Section 2.06(a) or (b) and outstanding Stock Awards under this Plan are not converted under Section 12.02, each Participant with a Stock Award will be paid, for each share of Common Stock subject to an outstanding Stock Award, the Fair Market Value of the Common Stock as of the day before the Control Change Date.

(c) Performance Shares

For purposes of Section 12.01(c), Performance Shares will be settled in cash based on the Fair Market Value of the Common Stock as of the day before the Control Change Date.

(d) Performance Units

For purposes of Section 12.01(d), Performance Units will be settled in cash based on the Fair Market Value of the Common Stock as of the day before the Control Change Date.

12.04. *Qualified Termination Before Qualified Change-in-Control*

(a) Status as of Change in Control

If an Eligible Executive experiences a Qualified Termination, the Eligible Executive will be treated as if a Change in Control occurred the day before the date of the Eligible Executive's Qualified Termination.

(b) Eligible Executive

For purposes of this Section 12.04, an Eligible Executive is a Participant who has an effective Change in Control Severance Agreement with the Company at the time of the Participant's Qualified Termination.

(c) Qualified Termination

For purposes of this Section 12.04, a Qualified Termination is the Eligible Executive's involuntary termination that entitles the Eligible Executive to benefits under the Eligible Executive's Change in Control Severance Agreement, but only if:

(i) the Executive's involuntary termination occurs during a Severance Period (as defined in the Eligible Executive's Change in Control Severance Agreement) resulting from a change in control event under the Change in Control Severance Agreement that precedes and is anticipatory of a second change in control event under the Change in Control Severance Agreement (the Qualified Severance Period); and

(ii) the Executive's involuntary termination occurs before a Qualified Change-in-Control occurs under this Plan.

Table of Contents

(d) Qualified Change-in-Control

For purposes of this Section 12.04, a Qualified Change-in-Control under this Plan is a Change in Control that:

- (i) occurs after the Eligible Executive's Qualified Termination; and
- (ii) occurs before the end of the Qualified Severance Period; and
- (iii) is the consummation of the anticipatory event that resulted in the Eligible Executive's Qualified Severance Period.

(e) Computation

The outstanding Options held by the Eligible Executive as of the day before the date of the Eligible Executive's Qualified Termination, reduced by Options exercised by the Eligible Executive after the Eligible Executive's Qualified Termination, will be converted under Section 12.02 or settled under Section 12.03, as applicable.

The outstanding Stock Awards held by the Eligible Executive as of the day before the date of the Eligible Executive's Qualified Termination, reduced by Stock Awards that became transferable and non-forfeitable because of the Eligible Executive's Qualified Termination, will be converted under Section 12.02 or settled under Section 12.03, as applicable.

The outstanding Performance Shares held by the Eligible Executive as of the day before the date of the Eligible Executive's Qualified Termination will be settled under Section 12.03. The settlement amount paid to the Eligible Executive will be reduced by any amount paid to the Eligible Executive after the Eligible Executive's Qualified Termination with respect to the same Performance Shares.

The outstanding Performance Units held by the Eligible Executive as of the day before the date of the Eligible Executive's Qualified Termination will be settled under Section 12.03. The settlement amount paid to the Eligible Executive will be reduced by any amount paid to the Eligible Executive after the Eligible Executive's Qualified Termination with respect to the same Performance Units.

ARTICLE XIII

GENERAL PROVISIONS

13.01. *Effect on Employment and Service*

The adoption of this Plan, the operation of this Plan, or any document describing or referring to this Plan (or any part of this Plan) does not:

- (a) confer on any individual the right to continue in the employ or service of the Company or a Subsidiary; or
- (b) in any way affect any right and power of the Company or a Subsidiary to terminate the employment or service of any individual at any time with or without a reason.

13.02. *Unfunded Plan*

The Plan is unfunded. The Company is not required to segregate any assets that may at any time be represented by grants under this Plan. Any liability of the Company to any person with respect to any grant under this Plan is based solely on contractual obligations created under this Plan. No obligation of the Company under this Plan is secured by any pledge of, or other encumbrance on, any property of the Company.

13.03. *Rules of Construction*

Headings are given to the articles and sections of this Plan solely as a convenience. The reference to any statute, regulation, or other provision of law refers to any amendment to or successor of the provision.

Table of Contents

13.04. *Restrictions on Transfer of Shares Issued or Delivered*

(a) Company's Right of First Refusal

An Agreement may provide that the Company has reserved a right of first refusal to purchase the Common Stock acquired on exercise of Options or under a Stock Award or award of Performance Shares or Performance Units at a price equal to the Fair Market Value per share repurchased determined as of the day preceding the day the Company notifies the Participant of its intention to repurchase the shares. If the Company reserves this right, the Participant must comply with the terms of the Agreement and any procedures established by the Administrator prior to any disposition of Common Stock acquired under the Agreement. The Company will have a maximum of five days following the date on which Participant is required to notify the Company of the Participant's intent to dispose of the Common Stock to advise the Participant whether the Company will purchase the Common Stock.

(b) Additional Restrictions

An Agreement may provide that the shares of Common Stock to be issued or delivered on exercise of an Option or in settlement of an award of Performance Shares or Performance Units or the shares of Common Stock subject to a Stock Award that are no longer subject to the substantial risk of forfeiture and restrictions on transfer referred to in Article VII are subject to additional restrictions on transfer.

13.05. *Effect of Acceptance of Award*

By accepting an award under the Plan, a Participant and the Participant's successor in interest or personal representative is conclusively deemed to have indicated acceptance or ratification of, and consent to, any action taken under the Plan by the Company or the Administrator.

13.06. *Governing Law*

The provisions of this Plan will be interpreted and construed in accordance with the laws of the State of Michigan, other than its choice-of-law provisions.

13.07. *Coordination with Other Plans*

Participation in the Plan does not affect an employee's eligibility to participate in any other benefit or incentive plan of the Company or any Subsidiary. Treatment of any income realized as a result of the exercise, vesting, or settlement of awards under the Plan for purposes of any Company-sponsored or Subsidiary-sponsored employee pension benefit plan, insurance or other employee benefit programs will be governed by the terms of the other plans or programs.

13.08. *Tax Withholding*

If required by law, the Company will withhold or cause to be withheld Federal, state and/or local income and employment taxes in connection with the exercise, vesting or settlement of an award under the Plan. Unless otherwise provided in the applicable Agreement, each Participant may satisfy any required tax withholding by any of the following means in any combination:

(a) a cash payment;

(b) delivery to the Company of a number of shares of Common Stock previously acquired by the Participant having a Fair Market Value, on the date the tax liability first arises, equal to the tax liability being paid and, if the shares were acquired from the Company, that have been held by the Participant for at least six months; or

(c) by authorizing the Company to withhold from the shares of Common Stock otherwise issuable to the Participant under the exercise, vesting or settlement of an award, the number of shares of

Table of Contents

Common Stock having a Fair Market Value, on the date the tax liability first arises, equal to the minimum statutory withholding required for the Participant based on applicable law.

Any Common Stock delivered to the Company by the Participant or withheld from Common Stock otherwise issuable to the Participant to satisfy any required tax withholding will not be reallocated to other Options, Performance Shares, Performance Units, and Stock Awards to be granted under this Plan and will not otherwise be made available to be issued under this Plan.

If the amount required is not paid, the Company may refuse to issue or deliver shares or cash under the award.

13.09. *Limitation on Benefits*

(a) Purpose of Benefit Limitation

Benefits, payments, accelerated vesting and other rights under this Plan may constitute Parachute Payments subject to the golden parachute rules of Code Section 280G and the excise tax under Code Section 4999. It is the Company's intention to reduce any Parachute Payments if, and only to the extent that, a reduction will allow the affected Participant to receive a greater Net After Tax Amount than the Participant would receive absent a reduction. This Section 13.09 describes how the Company's intent will be effected.

(b) Determination of Parachute Payment Amount

The Accounting Firm will first determine the amount of any Parachute Payments payable to a Participant. The Accounting Firm will also determine the Net After Tax Amount attributable to the Participant's total Parachute Payments. The Accounting Firm will next determine the amount of the Participant's Capped Parachute Payments. Finally, the Accounting Firm will determine the Net After Tax Amount attributable to the Participant's Capped Parachute Payments.

(c) Amount Paid to Participant

That Participant will receive the total Parachute Payments unless the Accounting Firm determines that the Capped Parachute Payments will yield a higher Net After Tax Amount. In that case that Participant will receive the Capped Parachute Payments. If a Participant receives Capped Parachute Payments, the Participant's benefits, payments, accelerated vesting or other rights under this Plan will be adjusted, if at all, as determined in the sole discretion of the Committee. The Accounting Firm will notify the Participant and the Company if it determines that the Parachute Payments must be reduced to the Capped Parachute Payments and will send the Participant and the Company a copy of its detailed calculations supporting that determination.

(d) Adjustment of Amount Paid

As a result of any uncertainty in the application of Code Sections 280G and 4999 at the time that the Accounting Firm makes its determination under this Section 13.09, it is possible that amounts will have been paid, vested, earned or distributed that should not have been paid, vested, earned or distributed under this Section 13.09 (Overpayments), or that additional amounts should be paid, vested, earned, or distributed under this Section 13.09 (Underpayments).

(i) Overpayment

If the Accounting Firm determines, based on either controlling precedent, substantial authority, or the assertion of a deficiency by the Internal Revenue Service against a Participant or the Company which the Accounting Firm believes has a high probability of success, that an Overpayment has been made, then the Participant is required to:

(A) pay the Company upon demand the sum of the Overpayment plus interest on the Overpayment at the prime rate provided in Code Section 7872(f)(2) from the date of the Participant's receipt of the Overpayment until the date of repayment; or

(B) agree to other arrangements that the Committee determines to be equitable in the circumstances.

Table of Contents

The Participant will be required to make the repayment or agree to other arrangements, if, and only to the extent, that the repayment or other arrangement would either reduce the amount on which the Participant is subject to tax under Code Section 4999 or generate a refund of tax imposed under Code Section 4999.

(ii) Underpayment

If the Accounting Firm determines, based upon controlling precedent or substantial authority, that an Underpayment has occurred, the Accounting Firm will notify the Participant and the Company of that determination. The Company will:

(A) pay the Participant the sum of the Underpayment plus interest on the Underpayment at the prime rate provided in Code Section 7872(f)(2) from the date the Underpayment should have been paid until actual payment; or

(B) take other action the Committee determines to be equitable in the circumstances.

(e) Determinations by Accounting Firm

All determinations made by the Accounting Firm under this Section 13.09 are binding on the Participant and the Company. The determinations must be made as soon as practicable but no later than 30 days after a Control Change Date.

(f) Exclusion from Benefit Limitation

This Section 13.09 does not apply to any Participant entitled to an indemnification of excise taxes incurred under Code Section 4999, by a Change in Control Severance Agreement or other arrangement or agreement with the Company, with respect to Parachute Payments otherwise subject to limitation under this Section 13.09.

ARTICLE XIV

AMENDMENT

14.01. Authority to Amend

The Board may amend this Plan from time to time or terminate it at any time. However, no material amendment to the Plan may become effective until shareholder approval is obtained. Material amendments to the Plan include, but are not limited to, amendments that (a) increase the aggregate number of shares of Common Stock that may be issued or delivered under the Plan (other than an increase solely to reflect a reorganization, stock split, merger, spinoff or similar transaction), or (b) permit the exercise of an Option at an Option price less than the Fair Market Value on the date of grant of the Option.

14.02. Participants Rights

No amendment or termination may, without a Participant's consent, adversely affect the rights of the Participant under any Option, any Stock Award, or any award of Performance Shares or Performance Units outstanding at the time the amendment is made or the termination occurs.

ARTICLE XV

DURATION OF PLAN

No Option, Stock Award, Performance Shares, or Performance Units may be granted under this Plan more than 10 years after the earlier of the adoption of the Plan by the Board or the Plan's approval by the Company's shareholders. Options, Stock Awards, Performance Shares, and Performance Units granted before that date remain valid in accordance with the terms of their Agreements.

ARTICLE XVI

EFFECTIVE DATE OF PLAN
