PROXY STATEMENT
March 14, 2001
Annual Meeting of Shareholders April 24, 2001

SOLICITATION OF PROXIES

This Statement is furnished in connection with the solicitation of proxies to be used at the Annual Meeting of Shareholders of AMPCO-PITTSBURGH CORPORATION (the "Corporation") to be held on April 24, 2001. The first mailing of the proxy material to the shareholders is expected to be made on March 14, 2001.

The accompanying proxy is solicited on behalf of the Board of Directors of the Corporation. In addition to the solicitation of proxies by use of the mails, proxies may be solicited by Directors and employees, in person or by telephone, and brokers and nominees may be requested to send proxy material to and obtain proxies from their principals. The Corporation will pay the costs incurred for those solicitations of proxies and will pay Georgeson Shareholder Communications, Inc., 17 State Street, 10th Floor, New York, New York, a fee of \$6,000, plus reimbursement of reasonable out-of-pocket expenses, for aid in the solicitation of proxies.

Any shareholder has the power to revoke the proxy at any time prior to the voting thereof. Revocation of the proxy will not be effective until notice thereof has been given to the Secretary of the Corporation or until a duly executed proxy bearing a later date is presented.

VOTING SECURITIES AND RECORD DATE

Only holders of record of Common Stock of the Corporation at the close of business on March 6, 2001, will be entitled to vote at the meeting. On that date, there were 9,602,621 shares of Common Stock outstanding. The holders of those shares are entitled to one vote per share. In the election of Directors,

Edgar Filing: AMPCO PITTSBURGH CORP - Form DEF 14A

the shares may be voted cumulatively. Cumulative voting means that the number of shares owned by each shareholder may be multiplied by the number of Directors to be elected and that total voted for the nominees in any proportion. Shares that are not voted cumulatively are voted on a one vote per share basis for each nominee, except for those nominees, if any, for whom the shareholder is withholding authority to vote.

REQUIRED VOTE

Under Pennsylvania law and the Corporation's by-laws, the presence of a quorum is required to transact business at the 2001 Annual Meeting of Shareholders. A quorum is defined as the presence, either in person or by proxy, of a majority of the votes that all shareholders are entitled to cast at the meeting. Abstentions, votes withheld from director nominees, and broker-dealer non-votes (shares held by a broker or nominee as to which the broker or nominee does not have the authority to vote on a particular matter) will be counted for purposes of determining a quorum, but will have no effect on matters to be voted on. Assuming the presence of a quorum, the three nominees for director receiving the highest number of votes will be elected directors and the affirmative vote of a majority of the votes cast at the meeting is necessary to approve any other proposal.

1

ELECTION OF DIRECTORS

A class of three Directors will be elected for a term of three years to fill the class of Directors whose term expires in 2001. All three nominees for election to the Board of Directors are currently Directors. The nominees were nominated by the Board of Directors at its February 27, 2001 meeting and are willing to serve as Directors if elected. If at the time of the Annual Meeting a nominee should be unable or unwilling to stand for election, the proxies will be voted for the election of such person, if any, as may be selected by the Board of Directors to replace him.

The Board of Directors has no nominating committee. Under the Corporation's By-laws, a shareholder may make nominations for Directors, but only in the period that is not less than sixty (60) or more than ninety (90) days in advance of the anniversary date of the previous year's annual meeting.

Proxies in the enclosed form will be voted, unless otherwise directed, for the following nominees:

Edgar Filing: AMPCO PITTSBURGH CORP - Form DEF 14A

The use of this model is not an endorsement of the model's accuracy in valuing options. The material assumptions and adjustments incorporated in the model include: an option life of 5 years, dividend yield of 3.7%, volatility of 33.93%, and a risk free rate of return of 6.4%. The ultimate value of the options in this table will depend on the actual performance of the Corporation's stock and the timing of exercises.

Pension Benefits

The Corporation has a tax qualified retirement plan (the "Plan") applicable to the Executive Officers, to which the Corporation makes annual contributions, as required, in amounts determined by the Plan's actuaries. The Plan does not have an offset for Social Security and is fully paid for by the Corporation. Under the Plan,

6

employees become fully vested after five years of participation and normal retirement age under the Plan is age 65 but actuarially reduced benefits may be available as early as age 55. The benefit formula is 1.1% of the highest consecutive five year average earnings in the final ten years, times years of service. Federal law requires that 5% owners start receiving a pension no later than April 1 following the calendar year in which the age 70 1/2 is reached. Louis Berkman is currently receiving \$5,867 a month pursuant to the Plan. As an active employee, Mr. Berkman continues to receive credit for additional service rendered after age 70 1/2.

The Corporation adopted a Supplemental Executive Retirement Plan (SERP) in 1988, amended and restated in 1996, for certain officers and key employees, covering retirement after completion of ten years of service and attainment of age 55. All officers listed in the Compensation table are Participants in the SERP, except Louis Berkman. The combined retirement benefit at age 65 or older provided by the Plan and the SERP is 50% of the highest consecutive five year average earnings in the final ten years of service. The participants are eligible for reduced benefits for early retirement at age 55. A benefit equal to 50% of the benefit otherwise payable at age 65 is paid to the surviving spouse of any participant, who has had at least five years of service, commencing on the later of the month following the participant's death or the month the participant would have reached age 55. In addition, there is an offset for pensions from other companies. Certain provisions, applicable if there is a change of control, are discussed below under Termination of Employment and Change of Control Arrangement.

The following shows the estimated annual pension under the Plan and SERP, if applicable, that would be payable, without offset, to the individuals named in the compensation table assuming continued employment to retirement at age 65 or older and assuming the compensation stated in the table is the final five year average.

Louis Berkman	(1)
Robert A. Paul	\$219,375
Ernest G. Siddons	\$196,560
Robert F. Schultz	\$ 82,500
Terrence W. Kenny	\$ 75,000

(1) Mr. Berkman is currently receiving a pension pursuant to the Plan as described above.

Edgar Filing: AMPCO PITTSBURGH CORP - Form DEF 14A

Termination of Employment and Change of Control Arrangements

Mr. Berkman, Mr. Paul and Mr. Siddons have two year contracts (which automatically renew for one year periods unless the Corporation chooses not to extend) providing for compensation equal to five times their annual compensation (with a provision to gross up to cover the cost of any federal excise tax on the benefits) in the event their employment is terminated (including a voluntary departure for good cause) and the right to equivalent office space and secretarial help for a period of one year after a change in control. Mr. Schultz and a certain key employee have two year contracts providing for three times their annual compensation in the event their employment is terminated after a change in control (including a voluntary departure for good cause). In addition, Mr. Kenny and the two remaining Vice Presidents have two year contracts providing for two times their annual compensation in the event their employment is terminated after a change in control (including a voluntary departure for good cause). All of the contracts provide for the continuation of employee benefits, for three years for the three senior executives and two years for the others, and the right to purchase the leased car used by the covered individual at the Corporation's then book value. The same provisions concerning change in control that apply to the contracts apply to the SERP and vest the right to that pension arrangement. A change of control triggers the right to a lump sum payment equal to the present value of the vested benefit under the SERP if applicable.

Salary Committee Interlocks and Insider Participation in Compensation Decisions

A Salary Committee is appointed each year by the Board of Directors. Committee members abstain from voting on matters which involve their own compensation arrangements. The Salary Committee for the year 2000 was comprised of four Directors: William D. Eberle (Chairman), Louis Berkman, Leonard M. Carroll and Carl H. Pforzheimer, III.

7

Louis Berkman is Chairman of the Board of Directors and Chairman of the Executive Committee. He is also the President and a director of The Louis Berkman Company. The Corporation's President and Chief Executive Officer, Robert A. Paul, is also an officer and director of The Louis Berkman Company.

The Louis Berkman Company had certain transactions with the Corporation, which are more fully described under "Certain Relationships and Related Transactions."

Salary Committee Report on Executive Compensation

The Salary Committee approves salaries for executive officers within a range from \$150,000 up to \$200,000 and increases in the salary of any executive officers which would result in such officer earning a salary within such range. Salaries of \$200,000 per year and above must be approved by the Board of Directors after a recommendation by the Salary Committee. Salaries for executive officers below the level of \$150,000 are set by the Chairman, President and Executive Vice President of the Corporation.

The compensation of the Chief Executive Officer of the Corporation, as well as the other applicable executive officers, is based on an analysis conducted by the Salary Committee. The Committee does not specifically link remuneration solely to quantitative measures of performance because of the cyclical nature of the industries and markets served by the Corporation. In setting compensation, the Committee also considers various qualitative factors, including competitive compensation arrangements of other companies within

Edgar Filing: AMPCO PITTSBURGH CORP - Form DEF 14A

relevant industries, individual contributions, leadership ability and an executive officer's overall performance. In this way, it is believed that the Corporation will attract and retain quality management, thereby benefiting the long-term interest of shareholders.

In 2000, the Salary Committee reviewed and approved salary increases and had previously approved an incentive program for 2000 covering Louis Berkman, Robert A. Paul and Ernest G. Siddons ("Participants"). Incentive payments were to be determined by formula, based exclusively on the Corporation's 2000 income from operations performance as compared to the Corporation's business plan. These payments were to be limited to 30% of base salary of Participants. In 2000, the Participants earned incentives of \$63,750, \$63,750 and \$57,120, respectively.

This report of the Salary Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Corporation specifically incorporates this report and the information contained herein by reference, and shall not otherwise be deemed filed under such Acts.

In the above graph, the Corporation has used Value Line's Steel (Integrated) Industry for its peer comparison. The diversity of products produced by subsidiaries of the Corporation made it difficult to match to any one product-based peer group. The Steel Industry was chosen because it is impacted by some of the same end markets that the Corporation ultimately serves, such as the automotive, appliance and construction industries.

Historical stock price performance shown on the above graph is not necessarily indicative of future price performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In 2000, the Corporation bought industrial supplies from The Louis Berkman Company in transactions in the ordinary course of business amounting to approximately \$1,600,000. Additionally, The Louis Berkman Company paid the

Edgar Filing: AMPCO PITTSBURGH CORP - Form DEF 14A

Corporation \$175,000 for certain administrative services. Louis Berkman and Robert A. Paul are officers and directors, and Louis Berkman is a shareholder, in that company. These transactions and services were at prices generally available from outside sources. Transactions between the parties will take place in 2001.

RELATIONSHIP WITH INDEPENDENT ACCOUNTANTS

On February 27, 2001, the Board of Directors, upon recommendation of the Audit Committee, selected Deloitte & Touche LLP ("D&T") as the independent accountants for the year 2001.

Representatives of D&T will be in attendance at the Annual Meeting, will have the opportunity to make a statement if they wish to do so and will respond to appropriate questions.

SHAREHOLDER PROPOSAL

THE FOLLOWING PROPOSAL HAS BEEN CAREFULLY CONSIDERED BY THE BOARD OF DIRECTORS, WHICH CONCLUDED THAT THE ADOPTION OF SAME WOULD NOT BE IN THE BEST INTEREST OF THE CORPORATION OR ITS SHAREHOLDERS. FOR THE REASONS STATED AFTER THE PROPOSAL AND ITS SUPPORTING STATEMENT, THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE AGAINST THIS PROPOSAL.

Mr. William Steiner, 4 Radcliff Drive, Great Neck, New York, claiming ownership for more than one year of Common Stock of the Company with a market value of at least \$2,000 and representing that he will continue to hold the same through the date of the Annual Meeting, has submitted the following resolution for inclusion in this Proxy Statement and presentation at the 2001 Annual Shareholders' meeting. The text of the proposal is as follows:

"Resolved that the shareholders of Ampco-Pittsburgh Corporation urge the Ampco-Pittsburgh Corporation Board of Directors to arrange for the prompt sale of Ampco-Pittsburgh Corporation to the highest bidder."

Shareholder's Supporting Statement

"The purpose of the Maximize Value Resolution is to give all Ampco-Pittsburgh Corporation shareholders the opportunity to send a message to the Ampco-Pittsburgh Corporation Board that they support the prompt sale of Ampco-Pittsburgh Corporation to the highest bidder. A strong and or majority vote by the shareholders would indicate to the board the displeasure felt by the shareholders of the shareholder returns over many years and the drastic action that should be taken. Even if it is approved by the majority of the Ampco-Pittsburgh Corporation shares represented and entitled to vote at the annual meeting, the Maximize Value Resolution will not be binding on the Ampco-Pittsburgh Corporation Board. The proponent however believes that if this resolution receives substantial support from the shareholders, the board may choose to carry out the request set forth in the resolution."

"The prompt auction of Ampco-Pittsburgh Corporation should be accomplished by any appropriate process the board chooses to adopt including a sale to the highest bidder whether in cash, stock, or a combination of both. It is expected that the board will uphold its fiduciary duties to the utmost during the process."

"The proponent further believes that if the resolution is adopted, the management and the board will interpret such adoption as a message

Edgar Filing: AMPCO PITTSBURGH CORP - Form DEF 14A

from the company's stockholders that it is no longer acceptable for the board to continue with its current management plan and strategies."

"I URGE YOUR SUPPORT, VOTE FOR THIS RESOLUTION."

Response of the Board of Directors

The Board unanimously believes that implementation of the proposal described above would not be in the best interest of the shareholders and, contrary to the title of the proposal, would not "maximize value to the shareholders".

The proponent believes that the maximum potential shareholder value would be realized through an auction sale. The Board believes there are other alternatives to achieve maximum shareholder value, including building

10

the Company both internally and through acquisitions. Additionally, an auction of the Company would not result in an acceptable price because of the low valuations currently placed by the financial markets on the steel industry, which is the largest sector served by the Company.

A decision as to whether, when, or how, to sell the Company involves a complex analysis and incorporates a wide range of options. This analysis includes consideration of the financial results of a potential sale, as well as consideration of the long-term value the Company may achieve through the growth of its business. The Board regularly reviews the Company's prospects and believes that the greatest value to the shareholders will result from the Company continuing with its current strategy. That strategy has included the strengthening of the Forged and Cast Rolls Segment through the expansion of its product line with the acquisition of a cast roll producer; and in the other segments an expansion of product offerings and pursuit of strategic acquisitions. As a result, there has been an increase in operating income of the non-steel related businesses, compensating for the lower earnings from the roll business.

Moreover, even though approval of this proposal is not binding on the Board of Directors, the Board believes that approval of the proposal would cause uncertainty regarding the future of the Company and adversely affect relationships with employees, customers and vendors. The potential adverse impact could lead to a reduction in sales and profits and, in turn, stockholder value.

The Board of Directors has a fiduciary duty to make decisions such as whether, when or how to sell the Company, in a manner that it believes in good faith, after proper investigation, to be in the best interest of the Company and its shareholders. The Board does not believe that an auction sale of the Company is the manner in which to achieve that long-term value for the shareholders.

The Board of Directors unanimously recommends that the shareholders vote AGAINST the adoption of this shareholder proposal.

SHAREHOLDER PROPOSALS FOR 2002

Any shareholder who wishes to place a proposal before the next Annual Meeting of Shareholders must submit the proposal to the Corporation's Secretary, at its executive offices, not less than 120 calendar days in advance of the anniversary date of the release of this proxy statement to have it considered for inclusion in the proxy statement for the Annual Meeting in 2002.

OTHER MATTERS

The Board of Directors does not know of any other business that will be presented for action at the Meeting. Should any other matter come before the Meeting, however, action may be taken thereon pursuant to proxies in the form enclosed unless discretionary authority is withheld.
