ONLINE RESOURCES CORPORATION NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Online Resources Corporation (the Company) is a leading outsourcer of Internet banking, payment and consumer contact services to financial institution clients nationwide. The Company offers services, branded in the clients name, that integrate seamlessly into a single-vendor, end-to-end solution, supported by 24x7 customer care, targeted consumer marketing, training and other network and technical professional products and services.

INTERIM FINANCIAL INFORMATION

The accompanying unaudited financial statements have been prepared in conformity with generally accepted accounting principles for interim financial information and with the instructions for Form 10-Q and Article 10 of Regulation S-X. Accordingly, certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed, or omitted, pursuant to the rules and regulations of the Securities and Exchange Commission. In the opinion of management, the statements include all adjustments necessary (which are of a normal and recurring nature) for the fair presentation of the results of the interim periods presented. These financial statements should be read in conjunction with our audited financial statements for the year ended December 31, 2002, included in the Annual Report on Form 10-K filed by the Company with the Securities and Exchange Commission on March 31, 2003 and the amended Form 10-K filed as part of an 8-K on June 27, 2003. The results of operations for any interim period are not necessarily indicative of the results of operations for any other interim period or for a full fiscal year.

2. REVENUE RECOGNITION

The Company generates revenues from service fees, professional services, and other revenues. Revenues from service fees are reported in the statements of operations based on three business lines, banking services, payment services and consumer contact services. In prior years, revenues from these business lines were reported as service fees. Revenue amounts reported in prior periods have been reclassified to conform to the 2003 presentation. Service fee revenue from these three business lines includes account access fees, transaction fees, customer service, new user setup, communications and other services. Revenue from banking services, payment services and consumer contact services are recognized over the term of the contract as the services are provided. Professional services and other revenues are generated from the linking of the Company s financial institution clients to the Company s Quotien e-financial suite through various networks and the Company s gateways and the sale of software used to access the e-financial suite. Other revenue also includes termination fees, which are recognized at the date of termination of a contract. Implementation revenue and direct implementation costs are recognized on a straight-line basis over the contract term. In prior years, professional services and other fees were included as implementation and other revenues. Although the Company separately reports its revenues from its three business lines, it does not track costs and expenses at the business line level.

3. MAJOR CUSTOMER

For the quarter ended June 30, 2002, one of the Company s financial institution clients, California Federal Bank (Cal Fed), accounted for approximately \$1.2 million, or 15% of the Company s revenue, but no revenue was generated from Cal Fed for the quarter ended June 30, 2003. For the six months ended June 30, 2003 and 2002, Cal Fed accounted for approximately \$3.3 million and \$2.3 million, or 17% and 14% of the Company s revenue, respectively. In 2002 Citigroup acquired Cal Fed and during the first quarter of 2003 converted the Cal Fed customers to the Citigroup banking and bill payment platform, thereby causing a cessation of the Company s relationship with Cal Fed. Of the \$3.3 million in revenue earned from Cal Fed during the first six months of 2003, \$2.2 million represented a one-time fee resulting from the conversion of Cal Fed customers to the Citigroup platform.

4. NET INCOME (LOSS) PER SHARE

Basic and diluted net (loss) income per share is calculated by dividing the net income (loss) by the weighted average number of common shares outstanding. The Convertible Notes are antidilutive for all periods presented.

| | THREE MONTHS ENDED JUNE 30, | | | SIX MONTHS ENDED JUNE 30, | | | | | |

(1) Stock options are antidilutive due to the Company s net loss position.

5. NOTES PAYABLE

On September 28, 2000, the Company completed the private placement of \$20 million in Convertible Notes to a group of accredited investors and received proceeds of \$18.7 million net of expenses. The Convertible Notes carry an 8% coupon and interest payment dates are April 1 and October 1 of each year. The Convertible Notes were initially convertible at a price of \$4.75 per share but are subject to an annual reset under certain circumstances. In no event can the conversion price under the terms of the Convertible Notes be reset to a price of less than \$4.00 per share. Subject to certain conditions, the Company may redeem all or part of the Convertible Notes prior to maturity.

During 2001, the Company paid \$2.2 million to repurchase \$3.5 million of the Convertible Notes in privately negotiated transactions and converted \$3.5 million of the Convertible Notes, under separately negotiated agreements with several holders of the Convertible Notes. On March 27, 2002, \$1.0 million of the Convertible Notes were converted at \$3.39 per common share, instead of the \$4.00 conversion price that otherwise existed under the Convertible Notes. The induced conversion which occurred on March 27, 2002 resulted in the issuance of 295,031 shares, or 45,031 additional shares had the Convertible Notes been converted at the \$4.00 per common share conversion price. For the quarter ending March 31, 2002, the Company recognized a \$141,848 non-cash debt conversion expense and wrote off \$49,959 of related debt issuance costs in connection with the transaction.

On May 30, 2003 and June 9, 2003, the Company repurchased \$1.9 million and \$2.0 million, respectively, of the Convertible Notes at par. This removed 975,000 shares from possible future issuance in conjunction with conversion of the repurchased Convertible Notes. For the quarter ended June 30, 2003, the Company wrote off \$181,179 of related debt issuance costs in connection with the transaction. Accordingly, as of June 30, 2003, \$8.1 million of the Convertible Notes remains outstanding and matures on September 30, 2005. Based on the established \$4.00 conversion price, the outstanding Convertible Notes are convertible into 2,025,000 shares of the Company s common stock at June 30, 2003. The remaining \$8.1 million in Convertible Notes are callable by the Company after October 1, 2003 at a 2 percent premium over par.

Interest expense and amortization of the debt issuance costs related to the Convertible Notes for the three months ended June 30, 2003 and 2002 were \$268,045 and \$302,799. Interest expense and amortization of the debt issuance costs related to the Convertible Notes for the six months ended June 30, 2003 and 2002 were \$571,733 and \$625,690, respectively. As of June 30, 2003 and 2002, accrued interest on the Convertible Notes totaled \$161,556 and \$240,000, respectively.

6. EQUITY

During the six months ended June 30, 2003, employees purchased 12,365 shares of common stock under the Company s employee stock purchase plan and exercised 238,756 shares of common stock under the Company s stock option plan with net proceeds to the Company of

approximately \$563,293. On June 9, 2003, the Company increased its stockholders—equity by \$4.4 million through a private placement of 1,336,000 newly issued common shares to a group of institutional investors. This transaction was priced at a discount to the Online Resources volume weighted average closing share price for the 10 trading days prior to the seventh trading day before closing.

7. COMPONENTS OF COMPREHENSIVE INCOME
