## PROXY STATEMENT

### ANNUAL MEETING OF SHAREOWNERS

---

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of SBC Communications Inc. ("SBC") for use at the 2002 Annual Meeting of Shareowners of SBC. The meeting will be held at 9:00 a.m. on Friday, April 26, 2002, at the Alzafar Shrine Temple, 901 North Loop 1604 West, San Antonio, Texas. The purposes of the meeting are set forth in the Notice of Annual Meeting of Shareowners. This Proxy Statement and the accompanying proxy card are being mailed beginning March 11, 2002, to shareowners of record of SBC's common stock, \$1.00 par value per share, at the close of business on February 28, 2002. Each share entitles the registered holder to one vote. As of January 31, 2002, there were 3,352,019,685 shares of SBC common stock outstanding.

All shares represented by proxies will be voted by one or more of the persons designated on the enclosed proxy card in accordance with the shareowners' directions. If the proxy card is signed and returned without specific directions with respect to the matters to be acted upon, the shares will be voted in accordance with the recommendations of the Board of Directors. Any shareowner giving a proxy may revoke it at any time before such proxy is voted at the meeting by giving written notice of revocation to the Vice President and Secretary of SBC, by submitting a later-dated proxy, or by attending the meeting and voting in person. The Chairman of the Board and Chief Executive Officer will announce the closing of the polls during the Annual Meeting. Proxies must be received prior to the closing of the polls in order to be counted.

Instead of submitting a signed proxy card, shareowners may submit their proxies by telephone or through the Internet using the control number and instructions accompanying the proxy card. Telephone and Internet proxies must be used in conjunction with, and will be subject to, the information and terms contained on the proxy card. These procedures may also be available to shareowners who hold their shares through a broker, nominee, fiduciary or other custodian.

The proxy card, or a proxy submitted by telephone or through the Internet, will also serve as voting instructions to the plan administrator or trustee for any shares held on behalf of a participant under any of the following employee benefit plans: the SBC Savings Plan, the SBC Savings and Security Plan, the Ameritech Savings and Security Plan for

## Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

Non-Salaried Employees, the DonTech Profit Participation Plan, the Old Heritage Advertising & Publishers, Inc. Profit Sharing Plan, the SBC PAYSOP, the Pacific Telesis Group Employee Stock Ownership Plan, the Tax Reduction Act Stock Ownership Plan (the "TRASOP") sponsored by The Southern New England Telephone Company, the Cingular Wireless 401(k) Savings Plan, and the Cingular Wireless 401(k) Savings Plan for Bargained Employees. Shares in each of the foregoing employee benefit plans (except the TRASOP and the Old Heritage plan) for which voting instructions are not received, as well as shares which have not yet been allocated to participants' accounts in the SBC Savings Plan, subject to the trustees' fiduciary obligations, will be voted by the trustees in the same proportion as the shares for which voting instructions are received from other participants in each such plan. Similarly, the proxy card or a proxy submitted by telephone or through the Internet will constitute voting instructions to the plan administrator pursuant to the DirectSERVICE Investment Program offered by Equiserve Trust Company, N.A. (SBC's transfer agent) for shares held on behalf of plan participants.

If a shareowner participates in these plans and/or maintains shareowner accounts under more than one name (including minor differences in registration, such as with or without a middle initial), the shareowner may receive more than one set of proxy materials. To ensure that all shares are voted, please sign and return every proxy card received or submit a proxy by telephone or through the Internet for each proxy card (the control numbers will differ on each card).

A shareowner may designate a person or persons other than those persons designated on the proxy card to act as the shareowner's proxy. The shareowner may use the proxy card to give another person authority by striking out the names appearing on the enclosed proxy card, inserting the name(s) of another person(s) and delivering the signed card to such person(s). The person(s) designated by the shareowner must present the signed proxy card at the meeting in order for the shares to be voted.

Where the shareowner is not the record holder, such as where the shares are held through a broker, nominee, fiduciary or other custodian, the shareowner must provide voting instructions to the record holder of the shares in accordance with the record holder's requirements in order to ensure the shares are properly voted.

The cost of soliciting proxies will be borne by SBC. Officers, agents and employees of SBC and its subsidiaries and other solicitors retained

2

by SBC may, by letter, by telephone or in person, make additional requests for the return of proxies and may receive proxies on behalf of SBC. Brokers, nominees, fiduciaries and other custodians will be requested to forward soliciting material to the beneficial owners of shares and will be reimbursed for their expenses. SBC has retained D. F. King & Company, Inc. to aid in the solicitation of proxies at a fee of \$17,000, plus expenses.

Shareowners who represent 40% of the common stock outstanding and are entitled to vote must be present or represented by proxy in order to constitute a quorum to conduct business at the meeting. A list of eligible voters will be available at the Annual Meeting.

If you plan to attend the meeting in person, please bring the admission ticket (which is attached to the proxy card) to the Annual Meeting. If you do

## Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

not have an admission ticket, you will be admitted upon presentation of identification at the door.

SBC's executive offices are located at 175 E. Houston, San Antonio, Texas 78205.

YOUR VOTE IS IMPORTANT. PLEASE SIGN, DATE AND RETURN YOUR PROXY CARD OR SUBMIT YOUR PROXY BY TELEPHONE OR THROUGH THE INTERNET PROMPTLY SO THAT A QUORUM MAY BE REPRESENTED AT THE MEETING.

### BOARD OF DIRECTORS

---

The Board of Directors is responsible for the management and direction of SBC and for establishing broad corporate policies. The Board of Directors and various committees of the Board regularly meet to receive and discuss operating and financial reports presented by the Chairman of the Board and Chief Executive Officer as well as reports by experts and other advisors. The Board held nine meetings in 2001.

Under SBC's Bylaws, the Board of Directors has the authority to determine the size of the Board, not to exceed 25 Directors, and to fill vacancies. The Board of Directors currently consists of 21 members, one of whom is an executive officer of SBC. There are no vacancies on the Board.

SBC's Bylaws provide for a classified Board of Directors with three classes of Directors. Each class is to consist of an equal number of Directors or, where an equal number in each class is not possible, be as nearly equal as possible. The class to which each Director has been assigned is designated as Group A, Group B or Group C. The term of office of Group C Directors will expire at the 2002 Annual Meeting, Group A at the 2003 Annual Meeting, and Group B at the 2004 Annual Meeting.

The Board of Directors has nominated the seven persons listed as nominees for Group C, all of whom are incumbent Directors, for election at the 2002 Annual Meeting to three-year terms of office expiring at the 2005 Annual Meeting.

Biographical information about the Directors is provided on pages 7-12. Except as otherwise noted, Directors who are shown as officers or partners of other corporations, institutions or firms have held the positions indicated, or have been officers of the organizations indicated, for more than five years. During 2001, each Director attended at least 85% of all Board and Committee meetings, except for Dr. Tyson, who attended 71% of the meetings.

Holdings of SBC common stock by SBC Directors are shown on the table on page 15.

4

### BOARD COMMITTEES

From time to time the Board establishes permanent standing committees and temporary special committees to assist the Board in carrying out its responsibilities. The Board has established six standing committees of Directors, the principal responsibilities of which are described below. The biographical information included later in this Proxy Statement identifies committee memberships held by each Director.

The Executive Committee assists the Board of Directors by acting upon matters when the Board is not in session. The Committee has the full power and authority of the Board to the extent permitted by law, including the power and authority to declare a dividend or to authorize the issuance of common stock.

5

FINANCE/PENSION COMMITTEE--The Committee met four times in 2001. It consists of nine non-employee Directors and one employee Director. The Finance/Pension Committee makes recommendations to the Board of Directors with respect to investment policy, dividends, methods of financing the operations of SBC and its subsidiaries, and oversees the investments of SBC's employee benefit plans.

The Human Resources Committee oversees the management of human resources activities of SBC, including officer compensation, and the design of employee benefit plans. The Committee reviews and makes recommendations to the Board with respect to compensation of Directors. The Committee also advises the Board with respect to the nomination of members to the Board of Directors to be elected at the Annual Meeting or to be appointed by the Board to fill vacancies that may occur during the period between Annual Meetings.

In recommending Board candidates, the Committee seeks individuals of proven judgment and competence who are outstanding in their chosen fields, and it considers factors such as anticipated participation in Board activities, education, geographic location and special talents or personal attributes. Shareowners who wish to suggest qualified candidates should write to the Vice President and Secretary, SBC Communications Inc., 175 E. ### COMPENSATION OF DIRECTORS

Directors who are also employees of SBC or its subsidiaries receive no separate compensation for serving as Directors or as members of Board committees. Directors who are not employees of SBC or its subsidiaries receive a \$60,000 annual retainer, \$2,000 for each Board meeting attended and \$1,200 for each committee meeting attended. Excluding employee Directors, the chairman of each committee receives an additional annual retainer of \$5,000.

Directors may elect to take their retainer in the form of SBC common stock or cash. Directors may also elect to defer the receipt of their fees and all or part of their retainers into either Stock Units or into a Cash Deferral Account. Each Stock Unit is equivalent to a share of common stock and earns dividend equivalents in the form of additional Stock Units. Stock Units are converted to common stock and paid out as elected by the Director in up to 15 installments after the Director ceases service with the Board. In addition to any deferrals into Stock Units, on the date of each Annual Meeting of Shareowners each continuing Director also receives an award of Stock Units equal in value to one and one-half times the annual retainer. In addition, on the day of each Annual Meeting each continuing non-employee Director who joined the Board after

## Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

November 21, 1997, receives a grant of Stock Units equal to \$13,000, limited to 10 annual grants. Deferrals into the Cash Deferral Account earn interest during the calendar year at a rate equal to the Moody's Corporate Bond Yield Averages-Monthly Average Corporates for September of the preceding year ("Moody's"). Annually, Directors may elect to convert their Cash Deferral Accounts into Stock Units at the fair market value of SBC stock at the time of the conversion.

SBC provides each non-employee Director with travel accident insurance while the Director is on SBC business, along with \$100,000 of group life insurance. The total premiums during 2001 for these policies were \$990 for travel accident insurance and \$9,408 for group life insurance. Directors also receive certain telecommunications services and equipment from subsidiaries of SBC and are reimbursed for such services and equipment provided by other companies. The value of telecommunications services and equipment received, or for which reimbursement was provided, together with amounts necessary to offset the Directors' applicable tax liabilities resulting from such services and benefits, computed at maximum marginal rates, including tax surcharges, averaged \$9,293 per non-employee Director in 2001. Employee Directors receive similar services and equipment in connection with their service as officers of SBC.

Non-employee Directors who joined the Board prior to 1997 may receive pension payments for life following their retirement from the Board. Eligible non-employee Directors who serve for at least five years will receive, in quarterly installments, annual amounts equal to 10% of the annual retainer in effect at the time of termination of Board service, multiplied by the number of years of service, not to exceed 10 years. If the Director dies prior to the

13

expiration of 10 years from his or her date of retirement, his or her beneficiary will be entitled to receive the payments for the remainder of the 10-year period. If an eligible non-employee Director dies while still serving on the Board, a pre-retirement death benefit will be paid as though the individual had retired on the date of death. (Of the Directors eligible to receive a pension, only three continue to accrue service credits.)

Directors who formerly served on the Board of Pacific Telesis Group ("PTG") (which was acquired by SBC on April 1, 1997) do not receive pension benefits from SBC. As part of their service with PTG, these Directors previously received PTG Deferred Stock Units, each unit now representing the cash value of a share of SBC common stock. The PTG Deferred Stock Units were issued in exchange for the waiver by the Directors of certain retirement benefits. PTG Deferred Stock Units earn dividend equivalents and are paid out in the form of cash after the retirement of the Director. The units will vest pro rata each year until the Director has completed seven years of service. For purposes of vesting and payout of the PTG Deferred Stock Units and the period during which certain options originally granted by PTG (which were converted into options to acquire SBC common stock) may be exercised, service on the SBC Board of Directors will be deemed to constitute service on the PTG Board. In addition, PTG Directors were allowed to elect during 1997 to have their prior deferrals of PTG retainers and fees continued until they leave the SBC Board. These deferrals earn a rate of interest equal to Moody's plus 4% for deferrals from 1985 through 1992; Moody's plus 2% for deferrals from 1993 through 1995; and for deferrals after 1995, the 10-year Treasury Note average for the month of September for the prior year plus 2%.

One member of the immediate family of Mr. Gallegos was employed by certain subsidiaries of SBC in 2001 and was paid a total of approximately \$62,300. Amounts paid to this employee were comparable to compensation paid to other employees performing similar job functions.

### VOTING

---

Each share of SBC common stock represented at the Annual Meeting is entitled to one vote on each matter properly brought before the meeting. Directors are elected by a plurality of the votes cast. All other matters will be determined by a majority of the votes cast. Shares represented by proxies marked to withhold authority to vote with respect to the election of one or more nominees as Directors, by proxies marked "abstain" on other proposals, and by proxies marked to deny discretionary authority on other matters will not be counted in determining the vote obtained on such matters. If no directions are given and the signed card is returned, the person or persons designated on the proxy card will vote the shares for the election of the Board of Directors' nominees and in accordance with the recommendations of the Board of Directors on the other subjects listed on the proxy card, and at their discretion on any other matter that may properly come before the meeting.

Under the rules of the New York Stock Exchange, on certain routine matters,

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

brokers may, at their discretion, vote shares they hold in "street name" on behalf of beneficial owners who have not returned voting instructions to the brokers. Routine matters include the election of directors and the ratification of the appointment of the independent auditors. In instances where brokers are prohibited from exercising discretionary authority (so-called "broker non-votes"), the shares they hold are not included in the vote totals and, therefore, have no effect on the vote. Brokers will not be prohibited from exercising discretionary authority on the matters to be voted upon at the 2002 Annual Meeting.

16

MATTERS TO BE VOTED UPON

ITEM 1 ON PROXY CARD--ELECTION OF DIRECTORS

-----

The following Group C Directors have been nominated by the Board of Directors on the recommendation of the Human Resources Committee for election to three-year terms of office that will expire at the 2005 Annual Meeting:

James E. Barnes	Mary S. Metz
August A. Busch III	Laura D'Andrea Tyson
William P. Clark	Edward E. Whitacre, Jr.
Lynn M. Martin	

Shares represented by the accompanying form of proxy will be voted for the election of the nominees unless other instructions are shown on the proxy card or provided through the telephone or Internet proxy. If one or more of the nominees should at the time of the meeting be unavailable or unable to serve as a Director, the shares represented by the proxies will be voted to elect the remaining nominees and any substitute nominee or nominees designated by the Board. The Board knows of no reason why any of the nominees would be unavailable or unable to serve.

YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR"  
ITS NOMINEES LISTED AS GROUP C DIRECTORS.

ITEM 2 ON PROXY CARD--RATIFICATION OF APPOINTMENT OF

-----  
INDEPENDENT AUDITORS  
-----

Subject to shareowner ratification, the Board of Directors, upon recommendation of the Audit Committee, has appointed the firm of Ernst & Young LLP to serve as independent auditors of SBC for the fiscal year ending December 31, 2002. This firm has audited the accounts of SBC since 1983. If shareowners do not ratify this appointment, the Board will consider other independent auditors. One or more members of Ernst & Young LLP are expected to be present at the Annual Meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

### COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

---

The Human Resources Committee, composed entirely of independent, outside Directors, is responsible for establishing and administering SBC's policies involving the compensation of executive officers. No employee of SBC serves on this committee. During the 2001 fiscal year, the members of the Human Resources Committee were (and are currently): Jess T. Hay (Chairman), August A. Busch III, Admiral Bobby R. Inman, John B. McCoy and S. Donley Ritchey. Mr. Busch is Chairman of the Board and President of Anheuser-Busch Companies, Inc., where Mr. Whitacre also serves as a member of the Board of Directors. In addition, Mr. Whitacre serves as a Director and is on the Compensation and Human Resources Committee of Emerson Electric Co., where Charles F. Knight, an SBC Director, is Chairman of the Board.

### EXECUTIVE COMPENSATION

---

#### REPORT OF THE HUMAN RESOURCES COMMITTEE ON EXECUTIVE COMPENSATION

Responsibilities of the Human Resources Committee (the "Committee") of the Board of Directors include establishing policies governing the compensation of officers of SBC and certain key executives of its subsidiaries. The Committee is composed of five non-employee Directors.

The Committee's principal objective in establishing compensation policies is to develop and administer a comprehensive program designed to attract and retain outstanding managers who will enhance the profitability of SBC and create value for our shareowners. The policies are designed to attract and retain high-quality executives, to encourage them to make career commitments to SBC and to accomplish SBC's short and long term objectives. To achieve these results, the Committee, in consultation with a nationally recognized compensation and benefits consulting firm, has developed a compensation program that combines annual base salaries with annual and long term incentives principally tied to the performance of SBC and SBC's common stock. The principles used by the Committee in developing the program include the following:

- To align the financial interests of SBC's executives with those of SBC and its shareowners, a significant portion of executive compensation should be "at risk" and tied to the achievement of certain short and long term performance objectives of SBC.
- Ownership of SBC's common stock by executives should be encouraged through SBC's compensation program.
- Sustained superior performance by individual officers that enhances the profitability of SBC should be recognized and appropriately rewarded. As measured by the Committee, such performance may include increasing revenues, reducing expenses, efficiently deploying capital, developing management, and improving service and product quality, while always complying with the high ethical standards established by SBC for the conduct of its officers and employees.

## Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

The Committee is responsible for approving the compensation of officers of SBC, including the Named Officers (defined on page 24), and certain officers of subsidiaries. The following is a summary of the policies underlying compensation reported for 2001.

**ANNUAL BASE SALARY**--The Committee has established a policy that annual base salaries for officers will be market-based. The Committee determined in 2001 that salaries should relate reasonably to salaries for similar positions in the 50th to 75th percentile of companies similar in size and complexity. In making this

20

comparison, the Committee used a group of companies in the telecommunications business, as well as a group of successful companies in diverse businesses (each a "Comparator Group"). In each case, the Comparator Group was developed in consultation with the Committee's outside compensation consultant.

**INCENTIVES**--To create incentives for superior efforts on behalf of SBC and to allow employees to share in the very success for which they are responsible, the Committee has determined that a significant portion of each officer's total compensation shall be dependent upon the annual and long term performance of SBC.

**ANNUAL INCENTIVES.** During 2001, officers and other key executives of SBC and certain subsidiaries received annual incentives under either the Short Term Incentive Plan or the 1996 Stock and Incentive Plan. The latter plan allows certain compensation paid to Named Officers to be deductible under Section 162(m) of the Internal Revenue Code (discussed below). Under each plan, the Committee awards an annual bonus contingent upon the yearly performance of the SBC business to which the officer is assigned.

Under each plan, a target award for each officer and the specific performance objectives applicable to the officer are established at the beginning of the year. If performance objectives are achieved and the target awards paid, the resulting awards typically would place the total of the respective officer's annual salary and short term award between the 50th and 75th percentile of the Comparator Groups. If less than the financial objectives are achieved, the target awards may be forfeited or, at a minimum, reduced in increasing proportions. In each case, the payment of any part of the award is at the discretion of the Committee. The 2001 financial targets for the Chief Executive Officer and certain other executive officers were based on the net income of SBC; targets for other executive officers were based on earnings before interest, taxes, depreciation and amortization of a division or business or earnings on international investments. The Committee reviewed the performance objectives and corresponding results for 2001 and determined that as a result of general economic conditions, the internal targets set at the beginning of the year by the Committee for the executive officers, including all of the Named Officers, had not been attained (except for one non-Named Officer). The Committee notes, however, that notwithstanding the unfavorable economic and regulatory environment, SBC nonetheless achieved commendable financial results in 2001. In recognition of this performance, the Committee paid discretionary awards with respect to the year 2001 to most participants in the 1996 Stock and Incentive Plan, including all of the Named Officers. These discretionary awards were significantly below the targets for the respective participants.

21

## Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

LONG TERM INCENTIVES. Since its inception, SBC has provided stock-based long term incentives to officers and other key executives of SBC and certain subsidiaries in the form of performance shares and stock options.

Performance shares are designed to tie the executive's financial interests to those of our shareowners through the establishment of long term performance awards and the payment of awards in common stock and/or in cash based upon the price of common stock. Performance shares are granted under the 1996 Stock and Incentive Plan or its successor, the 2001 Incentive Plan, which was approved by shareowners last year. Performance shares are designed to provide rewards for the achievement of SBC's financial goals. The financial objectives are designed to encourage employees to focus on exceeding a specified level of return. Each officer, including each of the Named Officers, is granted a specific number of performance shares, each equivalent in value to a share of common stock. At the end of the performance period, a percentage of the performance shares, not to exceed 100% of the performance shares granted (up to 200% for awards granted in 2001 and later), is paid out (i.e., converted into common stock and/or cash), based on the annual achievement of SBC's financial goals averaged over a three-year period. (Occasionally one- or two-year periods are used.) The Committee used value-added goals (after-tax cash operating profit less depreciation and less capital charge) in 1998, and began using net income goals in 1999. (If SBC fails to achieve certain minimum financial targets, no award may be paid). The Committee also recognizes the importance of stock options as a means to further tie the executive's financial interests directly to those of our shareowners. During 2001, the Committee granted stock options to managers at all levels, including all of the Named Officers. The target value of the regular long term grants (combined value of the target performance shares and stock options) made in 2001 was designed to relate reasonably to the value of all long term type awards made to the 50th to 75th percentile of employees holding similar positions with companies in the relevant Comparator Groups. The Chief Executive Officer was targeted to the 75th percentile of the Comparator Groups. As a result of a reduction in the workforce, SBC was calling on its managers to exert additional efforts towards SBC's success. To send a positive message to SBC's managers, the Committee decided to make an additional grant of options in November generally similar in size to the January grant. Because of the option grant made to Mr. Whitacre in conjunction with his employment agreement (described under "Contracts with Management," page 29), Mr. Whitacre did not participate in this additional grant.

In 2001, SBC's officers received the payout of their performance share awards for the 1998-2000 and, if applicable, 1999-2000 performance periods. The Committee determined that during these performance cycles, SBC exceeded the performance goals set by the Committee. In accordance

22

with a predetermined formula, 100% of the target performance shares granted to the officers were distributed.

SBC also provides several alternatives for its managers to invest a portion of their salaries and annual incentive awards in SBC common stock, thereby giving these managers an even greater stake in the performance of SBC. One such opportunity is the Stock Savings Plan, under which a middle level or above manager may receive stock options based upon the number of shares purchased by the manager under the program through payroll deductions.

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

COMPENSATION FOR THE CHIEF EXECUTIVE OFFICER--The foregoing principles and policies were applied by the Committee in determining the compensation for the Chairman of the Board and Chief Executive Officer, Mr. Whitacre, for the last fiscal year. The Committee targeted Mr. Whitacre's 2001 annual salary and target bonus to the 75th percentile paid by companies in the Comparator Groups. Mr. Whitacre's total cash compensation in 2001 reflects the Committee's view of Mr. Whitacre as one of the leading Chief Executive Officers in the United States. Again in 2001, he and his skilled employee team produced solid financial results under extraordinarily challenging economic and regulatory conditions. As a result of Mr. Whitacre's leadership, SBC ended 2001 with the strongest balance sheet, cash flows and credit ratings in the telecommunications industry. Mr. Whitacre, along with other Named Officers, received stock options and performance shares, as described above under "Long Term Incentives."

LIMIT ON DEDUCTIBILITY OF CERTAIN COMPENSATION--Federal income tax law prohibits publicly held companies, such as SBC, from deducting certain compensation paid to a Named Officer that exceeds one million dollars during the tax year. To the extent that compensation is based upon the attainment of performance goals set by the Committee pursuant to plans approved by the shareowners, the compensation is not included in the computation of the limit. Although the Committee intends, to the extent feasible and where it believes it is in the best interests of SBC and its shareowners, to attempt to qualify executive compensation as tax deductible, it does not intend to permit this arbitrary tax provision to distort the Committee's development and execution of effective compensation plans. Thus, the Committee will continue to exercise discretion in those instances where the mechanistic approaches necessary under tax law considerations could compromise the interests of shareholders.

August A. Busch III  
Admiral Bobby R. Inman

(1) Each performance share is equivalent in value to one share of SBC common stock. At the end of a performance cycle, a percentage of the performance shares is converted into cash and/or SBC common stock, based upon the achievement of certain objectives. The performance objectives are set on a

yearly basis, and the extent to which a performance objective is met or exceeded is expressed as a percentage. The annual percentages are then averaged over the term of each performance period to determine the percentage of performance shares that may be converted and paid out. The maximum number of performance shares that may be converted at the end of a performance cycle may not exceed 200% of the target number of performance shares.

### OPTION GRANTS IN LAST FISCAL YEAR

The table below contains the estimated present value of stock options granted in 2001, as of their issue date. Option grants B and C were issued under a stock purchase plan where middle level and above managers received options based on the number of SBC shares they purchased.

(1) Percentages are based on 76,224,511 options granted to employees in 2001 (including non-management employees).

(2) One-third of these options vest on each anniversary of the grant. These options also vest at retirement. As of December 31, 2001, none of these options had vested.

(3) Three-fifths of these options vest on the third anniversary of the grant.

## Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

The remaining two-fifths of these options vest on the fifth anniversary of the grant. As of December 31, 2001, none of these options had vested.

The option values in the table represent the estimated present value of the options as of their issue date. These values were determined by a nationally recognized compensation and benefits consulting firm in accordance with a modified Black-Scholes option valuation model. The significant assumptions incorporated in the Black-Scholes model in estimating the value of the options include the following:

- Options were issued with an exercise price equal to the fair market value of stock on the date of issuance. The term of each option is 10 years (unless otherwise shortened or forfeited due to termination of employment).

26

- The model assumed an interest rate of 5.16% in calculating the value of the options in grant A, 5.10% for grant B, 5.28% for grant C, 4.65% for grant D, 4.65% for grant E, and 5.14% for grant F. These interest rates represent the interest rates on U.S. Treasury securities on the date of grant with a maturity date corresponding to that of the option term. Volatility was calculated using daily stock prices for the three-year period prior to the grant date, resulting in volatility of 38.65% for grant A, 38.75% for grant B, 39.44% for grant C, and 38.89% for grants D and E, and 39.80% for grant F. The model reflected an annual dividend yield of 2.18% for grant A, 2.01% for grant B, 2.44% for grant C, 2.57% for grant D, 2.62% for grant E, and 2.44% for grant F.
- The present value of grant E was reduced 28.60% to reflect the probability of forfeiture due to termination prior to vesting. To reflect the probability of a shortened option term due to termination of employment prior to the option expiration date, present values of the grants were reduced as follows: 12.83% for grant A, 10.32% for grant B, 10.08% for grant C, 12.83% for grant D, 8.69% for grant E, and 12.47% for grant F.

The ultimate value of the options will depend on the future market price of SBC's common stock, which cannot be forecast with reasonable accuracy. The actual value, if any, that an optionee will realize upon exercise of an option will depend on the excess of the market value of SBC's common stock over the exercise price on the date the option is exercised.

### PENSION PLANS

SBC has a noncontributory pension plan for employees known as the SBC Pension Benefit Plan. Beginning June 1, 1997, management participants, including executive officers, are entitled to receive the greater of two pension benefits, the Cash Balance Benefit or the CAM Benefit, each of which is subject to Internal Revenue Code limitations on pay used to calculate pensions. A participant's Cash Balance Benefit is equal to the balance in the participant's cash balance account, which is made up of (a) an opening account balance as of June 1, 1997, which reflects the lump sum present value of the participant's approximate age 65 accrued benefit under the old plan design, (b) subsequent monthly basic benefit credits equal to 5% of the participant's compensation (generally, base pay, commissions, and group incentive awards but not individual awards), and (c) monthly interest credits on the participant's cash balance account. The interest rate is equal to the published average annual yield for the 30-year Treasury Bond, reset quarterly as of the middle of the preceding quarter. In addition, over the period June 30, 1997, through May 31, 2002, the

## Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

participant's account receives a monthly pro rata share of the participant's transition benefit, which is based on an estimate of what the participant's account balance would have been if the cash balance design had been applied throughout the participant's employment with SBC, plus additional credits for those participants whose age plus service exceeded 25 on May 1, 1997. The CAM Benefit is equal to the sum of 1.6% of a participant's average compensation (generally, base pay, commissions, and other nondiscretionary bonuses such as group incentive awards) for the five years ended December 31, 1999 (or any prior five year averaging period if it would result in a higher benefit), multiplied by the number of years of service through the end of the participant's averaging period, plus 1.6% of the participant's pension compensation subsequent to the averaging period.

Pension amounts are not subject to reduction for Social Security benefits or any other offset amounts. The Internal Revenue Code places certain limitations on pensions that may be paid under Federal income tax qualified plans. Benefits that are so limited are restored for officers and certain senior managers from the general funds of SBC either under the Supplemental Retirement Income Plan (see paragraph below) or another SBC nonqualified plan. If they continue in their current positions at their current levels of compensation and retire at the mandatory retirement age of 65, the total estimated annual pension amounts from the Pension Benefit Plan and the estimated credited years of service at retirement under the Plan for Messrs. Whitacre, Sigman, Ellis, Mueller, and Wilkins would be \$122,392 (44 years), \$160,751 (47 years), \$97,203 (36 years), \$137,242 (43 years), and \$147,539 (42 years), respectively.

The Supplemental Retirement Income Plan (which is not funded by, nor is it a part of, the Pension Benefit Plan) establishes a target annual retirement benefit for all officers and certain senior managers, stated as a percentage of

28

their annual salaries and annual incentive bonuses averaged over a specified averaging period described below ("Average Annual Compensation"). The percentage is increased by .71% for each year of actual service in excess of, or decreased by 1.43% (.715% for mid-career hires) for each year of actual service below, 30 years of service for executive officers and certain other officers and 35 years of service for certain other senior managers. Average Annual Compensation is determined by averaging salaries and actual annual incentive bonus (or such other portion of the target annual bonus amount as the Human Resources Committee may determine) earned during the 36-consecutive-month period out of the last 120 months preceding retirement that generates the highest average earnings. The target percentages of Average Annual Compensation are: Chairman of the Board and Chief Executive Officer, 75%; executive officers, 60% to 70%; other officers, 55% to 60%; and certain other senior managers, 50%. This plan pays the difference, if any, between the target amount and what would be payable under the Pension Benefit Plan if the benefits under the Pension Benefit Plan were paid in the form of an immediate annuity for life. In the event the participant retires before reaching his or her 60th birthday, a discount of .5% for each month remaining until the participant's 60th birthday is applied reducing the amount payable under this plan, except for officers who have 30 years or more of service at the time of retirement. If they continue in their current positions at their current levels of salary and most recent bonuses, and if they retire at the mandatory retirement age of 65, the estimated annual amounts that will be paid in accordance with the Supplemental Retirement Income Plan for Messrs. Whitacre, Sigman, Ellis, Mueller, and Wilkins would be \$5,022,438, \$1,084,067, \$891,125, \$767,170 and \$747,622, respectively.

### CONTRACTS WITH MANAGEMENT

On November 21, 1997, the Board of Directors approved revised Change of

## Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

Control Severance Agreements (the "Agreements") for each of the Named Officers in the "Summary Compensation Table" as well as certain other officers. The purpose of the Agreements is to reinforce and encourage the officers to maintain objectivity and a high level of attention to their duties without distraction from the possibility of a change in control of SBC. These Agreements provide that in the event of a change in control of SBC, as that term is defined in the Agreements and summarized below, each officer is entitled to certain benefits (the "Severance Benefits") upon the subsequent termination or constructive termination of his or her employment, unless such termination is due to death or disability, or the termination is by SBC for cause (as defined in the Agreements); or is by the officer for other than good reason (as defined in the Agreements).

The Severance Benefits include the payment of the officer's full base salary through the date of termination plus all other amounts to which the officer is entitled under any compensation plan of SBC in effect immediately prior to the change in control. Also, each officer is entitled to a lump sum payment equal to

29

three (in the case of Messrs. Whitacre and Ellis) or two (in the case of Messrs. Sigman, Mueller, and Wilkins) times the sum of (a) the officer's annual base salary in effect immediately prior to termination, (b) the most recently paid amount under the Short Term Incentive Plan or as a Key Executive Officer Short Term Award under the 1996 Stock and Incentive Plan, and (c) the cash value of the target award of performance shares granted under the 2001 Incentive Plan applicable to each officer for the most current performance cycle. Additionally, each officer will be provided with life and health benefits, including supplemental medical, vision and dental benefits, for three years from the date of termination, if the officer is not otherwise entitled to the same.

In the event any payment or benefit received or to be received by an officer in connection with a change in control or the termination of his or her employment, whether pursuant to his or her Agreement and/or under a benefit plan (the "Total Payments"), is determined to be an excess parachute payment as defined in the Internal Revenue Code and thus subject to the 20% Federal excise tax, SBC will pay the officer an amount equal to the excise tax and all Federal and applicable state taxes resulting from the payment of the excise tax or from payment of such Federal and state taxes.

Under the Agreements, in general, change in control is deemed to occur if: (a) anyone (other than an employee benefit plan of SBC) acquires more than 20% of SBC's common stock, (b) within a two-year period, the Directors at the beginning of such period (together with any new Directors elected or nominated for election by a two-thirds majority of Directors then in office who were Directors at the beginning of such period or whose election or nomination for election was previously so approved) cease to constitute a majority of the Board, or (c) SBC's shareowners either approve a merger or consolidation that results in someone other than the shareowners immediately prior thereto holding more than 35% of the voting power of the surviving entity or approve the complete liquidation of SBC or the disposition of substantially all of SBC's assets.

SBC has entered into an employment agreement with William M. Daley to act as President of SBC, beginning December 1, 2001. Under the agreement, he will receive an annual salary of not less than \$600,000, a bonus of \$60,000 for 2001, and a bonus of not less than \$600,000 for 2002. Thereafter, a target annual bonus will be set annually, and the target will not be less than his annual salary; however, the bonus will be reduced or eliminated if performance objectives set by the Human Resources Committee are not met. He also received a

## Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

one-time signing bonus of \$1,100,000 to recognize the loss of benefits from his prior employer. Each year, he will receive long term Performance Shares and stock options that in the aggregate have a value of not less than 350% of Mr. Daley's base salary. He received 7,009 Performance Shares for the 2002 performance cycle and 14,018 Performance Shares for the 2002-2003 performance cycle. In each case, the payout of the Performance Shares is subject to the attainment of performance objectives set by the Human Resources Committee. The payouts are reduced or eliminated if the objectives are not met, and, for the 2002-

30

2003 Performance Shares, may be increased by up to 200% if the objectives are exceeded. Pursuant to the agreement, Mr. Daley was granted options on December 1, 2001, to acquire 90,000 shares of SBC stock at \$37.38 per share, which expire in 2011. Mr. Daley will be permitted to participate in the Supplemental Retirement Income Plan ("SRIP") (described under "Pension Plans") with a target percentage of 60%. In computing Mr. Daley's SRIP payments, his "Average Annual Compensation" shall not be less than \$1,200,000. The employment agreement terminates when he reaches age 65. If SBC terminates Mr. Daley's employment before expiration of the agreement without cause, he will receive a payment equal to his base salary and the greater of his target bonus or his bonus for the prior year (which shall not be less than \$600,000).

SBC entered into an employment agreement with Mr. Whitacre to act as Chairman of the Board and Chief Executive Officer for a five-year term ending November 15, 2006. The agreement may be terminated by either party at the end of the third year of the contract. During the term of the contract, his base salary, the target for his bonus, and long term (Performance Shares) target award shall not be less than that in effect for calendar year 2001. The bonus and long term award are not guaranteed, but are subject to attainment of performance objectives. Pursuant to the agreement, SBC granted Mr. Whitacre options that expire in 2011 to acquire 2,500,000 shares of SBC at \$39.13 per share. Three-fifths of the options vest on the third anniversary of the agreement and the remaining options vest on the fifth anniversary; the options also vest if his employment is terminated without cause. SBC will provide Mr. Whitacre with limited access to SBC's aircraft, office facilities and support staff, automobile benefits, and health care for the rest of his life. If the company terminates his employment without cause before the end of the term or if he is unable to perform his duties because of disability or accident, he shall be entitled to continue to receive his salary and other benefits through the end of the term.

Upon retirement, provided that he has completed three years of the employment term, Mr. Whitacre has agreed to provide consulting services and advice to SBC for three years after his termination of employment in exchange for an annual fee equal to 50% of his annual salary at retirement. In the event Mr. Whitacre receives a change in control payment under the Change of Control Severance Agreements (described above), his employment term shall immediately expire, and the consulting term shall be extended by the remaining portion of the employment term.

In connection with the retirement of Donald E. Kiernan, former Senior Executive Vice President and Chief Financial Officer, in July 2001, the Human Resources Committee vested 93,055 options with an expiration date of July 31, 2006, and a weighted average exercise price of \$44.00. In accordance with the terms of a restricted stock grant, he was vested in 33,333 shares of SBC common stock. SBC also provided certain incidental benefits at a cost of \$12,500. Mr. Kiernan has agreed to provide consulting services to SBC and its

31

## Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

subsidiaries from August 1, 2001, to March 31, 2002, for \$1,000,000. Because he left in midyear his SRIP payments will be based on his target bonus, but his SRIP payments will be reduced to reflect only the period of time he actually worked. In connection with the retirement of Charles E. Foster, former Group President, in June 2001, the Human Resources Committee vested 83,555 options with an expiration date of June 29, 2006, and a weighted average exercise price of \$41.20. In accordance with the terms of a restricted stock grant, Mr. Foster was vested in 33,333 shares of SBC common stock.

One member of the immediate family of James W. Callaway, Group President, as well as two members of the immediate family of each of Mr. Whitacre, Mr. Mueller, and Randall L. Stephenson, Senior Executive Vice President and Chief Financial Officer, were employed by subsidiaries of SBC and were paid a total of approximately \$466,000 in 2001. Amounts paid to these employees include salary, bonus, option exercises, and relocation costs, and are comparable to compensation paid to other employees performing similar job functions.
