You should rely only on the information that is contained in this prospectus or is incorporated by reference in this prospectus. We have not authorized anyone to provide you with information different from that contained in or incorporated by reference in this prospectus. The selling shareholders are offering shares of our common stock and seeking offers to buy such securities only in jurisdictions where such offers and sales are permitted. The information contained in this prospectus is accurate only as of the date of this prospectus, regardless of the time of delivery of this prospectus or of any sale of our common stock.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement we filed with the SEC. It is a type of registration statement that is commonly called a "shelf registration" because it permits securities to be offered on a delayed or continuing basis. The selling shareholders can resell the common stock covered by this prospectus at various times determined by each of them. We call these transactions by the selling shareholders resales, because the common stock they may sell under this prospectus was or will be first sold by us to them. We will not receive any proceeds from any of these resales. You should read both this prospectus and the additional information described under the headings "Where You Can Find More Information" and "Incorporation By Reference."

Risk Factors..... Before investing in our common stock by purchasing shares from a selling shareholder, you should carefully read and consider the information in "Risk Factors" and all other information appearing elsewhere and incorporated by reference in this prospectus and any accompanying prospectus supplement.

1

RISK FACTORS

You should carefully consider the risks described below before buying any of our securities. The risks described below are not the only ones facing our company. Additional risks that are now unknown to us or that we now consider immaterial may also harm our business. You should also carefully consider the other information included elsewhere in this prospectus and incorporated into it by reference.

RISKS RELATED TO ARTHUR ANDERSEN LLP

YOU MAY NOT BE ABLE TO RECOVER AGAINST ARTHUR ANDERSEN LLP IN CONNECTION WITH A MATERIAL MISSTATEMENT OR OMISSION IN OUR FINANCIAL STATEMENTS INCORPORATED BY REFERENCE IN THIS PROSPECTUS.

Our financial statements incorporated by reference herein were audited by Arthur Andersen LLP, our former independent accountants. On June 15, 2002, a jury convicted Andersen on obstruction of justice charges, and Andersen has announced that unless the jury verdict is set aside, a judgment of conviction could be entered as early as August 31, 2002, which will effectively end the firm's audit practice. These events may materially and adversely affect the ability of Andersen to satisfy any claims you may have arising out of its audit of our financial statements.

Edgar Filing: AMEDISYS INC - Form S-3/A

Under SEC rules, we were required to obtain Andersen's written consent in order to incorporate by reference its report covering the audited financial statements that are incorporated by reference herein. By granting such a consent, accounting firms become subject to liability under Section 11 of the Securities Act of 1933 for material misstatements and omissions of material facts from a registration statement. Investors who bring a successful claim of this type are entitled to damages. Andersen consented to the inclusion of its report in the registration statement containing this prospectus as originally filed with the SEC on May 23, 2002. However, we have been unable to obtain Andersen's consent in connection with our amended registration statement, and Andersen did not participate in the preparation of our amended registration statement or revisions to our prospectus after that date. As a result, we have filed our amended registration statement without Andersen's consent in reliance on Rule 437a under the Securities Act, which relieves us of the obligation to obtain Andersen's consent under certain circumstances. However, because Andersen has not provided a consent in connection with our amended registration statement, you may not be able to recover against Andersen under Section 11 of the Securities Act.

OUR INABILITY TO INCLUDE IN FUTURE REGISTRATION STATEMENTS FINANCIAL STATEMENTS AUDITED BY ANDERSEN OR TO OBTAIN ANDERSEN'S CONSENT TO THE INCLUSION OF THEIR REPORT ON OUR FINANCIAL STATEMENTS MAY IMPEDE OUR ACCESS TO THE CAPITAL MARKETS.

Should we seek to access the public capital markets in the future, SEC rules will require us to include or incorporate by reference in any prospectus three years of audited financial statements. Until our audited financial statements for the fiscal year ending December 31, 2004 become available in the first quarter of 2005, the SEC's current rules would require us to present audited financial statements for one or more fiscal years audited by Andersen. Prior to that time, the SEC may cease accepting financial statements audited by Andersen, in which case we would be unable to access the public capital markets unless KPMG LLP, our current independent accounting firm, or another independent accounting firm, is able to audit the financial statements originally audited by Andersen. Following the conviction of Andersen, the SEC issued a release stating that Andersen has informed the SEC that it will cease practicing before the SEC by August 31, 2002, unless the SEC determines another date is appropriate. Although the SEC has indicated that in the interim it will continue to accept financial statements audited by Andersen, there is no assurance that the SEC will continue to do so in the future.

Additionally, Andersen is no longer in a position to consent to the inclusion or incorporation by reference in any prospectus of its report on our audited financial statements, and investors in any subsequent offerings for which we use its audit report will not be entitled to recovery against Andersen under Section 11 of the Securities Act for any material misstatements or omissions in those financial statements. We may not be able to bring to the market successfully an offering of our securities in the absence of Andersen's participation in the transaction, including its consent. Consequently, our financing costs may increase or we may miss attractive market opportunities if our annual financial statements audited by Andersen should cease to satisfy

Edgar Filing: AMEDISYS INC - Form S-3/A

the SEC's requirements, or those statements are used in a prospectus but investors are not entitled to recovery against our auditors for material misstatements or omissions in them.

RISKS RELATED TO OUR SUBSTANTIAL CAPITAL REQUIREMENTS

We require substantial capital to pursue our operating strategy, and at December 31, 2001 we had cash and cash equivalents of \$3,515,000. Based on our current plan of operations, we anticipate that our current cash balance, combined with continued profitable operations and the proceeds of the private placement we completed on April 26, 2002, will provide sufficient working capital through December 31, 2002.

We maintain an asset-based line of credit with availability, depending on collateral, of up to \$25 million with National Century Financial Enterprises, or "NCFE", and borrowings under a revolving bank line of credit of up to \$2,500,000. The NCFE \$25 million asset-based line of credit, which expires December, 2003, is collateralized by eligible accounts receivable of the home health care nursing division. Eligible receivables are defined as receivables, exclusive of workers' compensation and self-pay, that are aged less than 181 days. The effective interest rate on this line of credit, which had outstanding balances at December 31, 2001 and 2000 of \$8,593,000 and \$2,952,000, respectively, was 11.00% and 15.29% for the years ended December 31, 2001 and 2000, respectively. The revolving bank line of credit of \$2,500,000 bears interest at the Bank One Prime Floating Rate, which was 4.75% and 9.5% at December 31, 2001 and 2000, respectively. The bank line of credit expires September 21, 2002 and is collateralized by \$2.5 million in cash. At December 31, 2001 and 2000, there was a balance outstanding of \$712,000 and \$0, respectively.

RISKS RELATED TO OUR WORKING CAPITAL DEFICIENCY

At December 31, 2001, we had a working capital deficit of \$18,360,000. \$7,400,000 of the deficit is related to payments received by us from Medicare related to the Benefit Improvement Protection Act, or "BIPA", which provided a one-time payment to healthcare providers. Although not guaranteed, Medicare has traditionally granted similar, and we expect to receive, extended repayment terms related to the \$7,400,000 advance, and to begin making payments in the third quarter of 2002. Additionally, \$3,100,000 of the deficit is related to Medicare payables of a bankrupt subsidiary. Although the outcome of the bankruptcy is not guaranteed, we do not expect that we will be responsible for repaying the debt of our subsidiary. For more information regarding this and other risk factors, please refer to our Annual Report on Form 10-K for the year ended December 31, 2001.

RISKS RELATED TO CHANGE IN MEDICARE PAYMENT RATES

With the introduction of the Medicare Prospective Payment System, or "PPS", the method of reimbursement under the Medicare program was changed from a cost-based reimbursement system to a prospective payment system based on "episodes of care." An episode of care is defined as a length of care up to sixty days with multiple continuous episodes allowed. At the beginning of PPS on October 1, 2000, the standard episode payment was established at \$2,115 per episode, to be adjusted by certain factors and intervening events. BIPA provided for the following: (i) a one-year delay in applying the budgeted 15% reduction on payment limits, (ii) the restoration of a full home health market basket update for episodes ending on or after April 1, 2001 and before October 1, 2001 resulting in an increase to revenues of 2.2%, (iii) a 10% increase, beginning April 1, 2001 and extending for a period of twenty four months, for home health services provided in a rural area, and (iv) a one-time payment equal to two

Edgar Filing: AMEDISYS INC - Form S-3/A

months of periodic interim payments.

Effective October 1, 2001 with the beginning of federal fiscal year 2002, the standard episode payment was increased to \$2,274. Currently, the delay in the budgeted 15% reduction in payment limits resulting from BIPA will expire September 30, 2002. There is ongoing debate and discussion in Congress concerning the scheduled payment reduction, which was further intensified with the recommendation by the Medicare Payment Advisory Committee to eliminate the budgeted 15% payment reduction. In addition to the 15% scheduled reduction, the provision in BIPA under which home health care providers received a 10% increase

3

in reimbursement for service provided in a rural area is scheduled to expire March 31, 2003. For more information regarding this and other risk factors, please refer to our Annual Report on Form 10-K for the year ended December 31, 2001.

RISKS RELATED TO OUR ACQUISITION STRATEGY

We intend to grow significantly through the acquisition of additional home health care and complementary businesses. We expect to face competition for acquisition candidates, which may limit the number of acquisition opportunities and may lead to higher acquisition prices. There can be no assurance that we will be able to identify, acquire or manage profitably additional businesses or to integrate any acquired businesses into our existing operations without substantial costs, delays or other operational or financial problems. Further, acquisitions involve a number of risks, including possible adverse effects on our operating results, diversion of management's attention, failure to retain key personnel of the acquired business and risks associated with unanticipated events or liabilities, some or all of which could have a material adverse effect on our business, financial condition and results of operations. While we continually identify acquisition targets, we have not targeted a specific acquisition for the proceeds of our April 26, 2002 private offering and we have not developed specific criteria for use in connection with further acquisitions.

RISKS RELATED TO ACQUISITION FINANCING

We cannot readily predict the timing, size and success of our acquisition efforts and the associated capital commitments. If we do not have sufficient cash resources, our growth could be limited unless we are able to obtain additional equity or debt financing.

RISKS RELATED TO OUR DEPENDENCE ON MANAGEMENT

Our success depends upon our management, including our Chief Executive Officer, William F. Borne. We maintain key employee life insurance in the amount of \$4.5 million on the life of Mr. Borne and entered into an employment agreement with Mr. Borne. The loss of Mr. Borne's services could materially adversely affect our operations.

RISKS RELATED TO OUR EXPOSURE TO PROFESSIONAL LIABILITIES

Due to the nature of our business, we and certain nurses who provide services on our behalf may be the subject of medical malpractice claims, with the attendant risk of substantial damage awards. We could be exposed to liability based on the negligence of nurses caring for our home health patients. To the extent these nurses are regarded as our agents in the practice of nursing, we could be held liable for any medical negligence of them. There can be no assurance that a future claim or claims will not exceed the limits of available insurance coverage or that such coverage will continue to be

Edgar Filing: AMEDISYS INC - Form S-3/A

available.

RISKS RELATED TO THE POSSIBLE INSUFFICIENCY OF OUR LIABILITY COVERAGE

We maintain professional liability insurance covering us and our subsidiaries. However, there can be no assurance that any such claims will not be made in the future in excess of the limits of such insurance, if any, or that any such claims, if successful and in excess of such limits, will not have a material adverse effect on our assets and our ability to conduct our business. There can be no assurance that we will continue to maintain such insurance or that such insurance can be maintained at acceptable costs. Our insurance coverage currently includes fire, property damage and general liability with a \$1,000,000 limit on each wrongful act and a \$3,000,000 limit in aggregate. There can be no assurance that any claim will be within the scope of our coverage or that such claims will not exceed our coverage.

RISKS RELATED TO CHANGES IN HEALTH CARE REGULATIONS AND TECHNOLOGY

There can be no assurance that we will not be adversely affected by future possible changes in medical and health regulations, the use, cost and availability of hospitals and other health care services, and medical technological developments.

4

RISKS RELATED TO COMPETITION

The business in which we operate is highly competitive. We compete with hospitals, nursing homes, and other businesses that provide home health care services, many of which are large and established companies with significantly greater resources than ours.

RISKS RELATED TO OUR NEED FOR RELATIONSHIPS WITH OTHER ORGANIZATIONS

The development and growth of our business depends to a significant extent on our ability to establish close working relationships with health maintenance organizations, preferred provider organizations, hospitals, clinics, nursing homes, physician groups, and other health care providers. Although we have established such relationships, there is no assurance that we will successfully maintain existing relationships and that we can successfully develop and maintain additional relationships in existing and future markets.

RISKS RELATED TO FEDERAL AND STATE REGULATION

The healthcare industry is subject to numerous laws and regulations of the federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Violations of these laws and regulations could result in a provider's expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

Our management believes that we are in compliance with all state and federal legal provisions concerning fraud and abuse as well as other applicable government laws and regulations. While no material regulatory inquiries have been made, compliance with these laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time.

Edgar Filing: AMEDISYS INC - Form S-3/A

The Health Insurance Portability and Accountability Act, or HIPAA, was enacted on August 21, 1996 to assure health insurance portability, reduce healthcare fraud and abuse, guarantee security and privacy of health information and enforce standards for health information. Organizations are required to be in compliance with certain HIPAA provisions beginning in October 2002. Provisions not yet finalized are required to be implemented two years after the effective date of the regulation. Organizations are subject to significant fines and penalties if found not to be compliant with the provisions outlined in the regulations. Our management is in the process of evaluating the impact of this legislation on our operations, including future financial and operational enhancements that will be required to comply with the legislation.

RISKS RELATED TO FUTURE SALES OF OUR COMMON STOCK

Sales of our common stock in the public market may have a depressive effect on prevailing market prices for our common stock. There is no assurance that the public market for the common stock will not be volatile, sporadic or limited. Accordingly, you may not be able to resell shares of common stock at or above your respective purchase price, and you may not be able to liquidate your investment even at a loss without considerable delay.

RISKS RELATED TO THE POSSIBLE ADVERSE EFFECT OF FUTURE ISSUANCES OF OUR PREFERRED STOCK

Our certificate of incorporation authorizes us to issue 5,000,000 shares, par value \$.001 per share, of "blank check" preferred stock with such designations, rights and preferences as our board of directors may determine from time to time. Accordingly, our board of directors is empowered, without stockholder approval, to issue preferred stock with dividend, liquidation, conversion, voting, or other rights that could adversely affect the voting power or other rights of the holders of the common stock. In the event of an additional issuance, the preferred stock could be utilized, under certain circumstances, as a method of discouraging, delaying or preventing a change in control of our company. We have no present intention to issue any

5

additional shares of our preferred stock. However, there can be no assurance that we will not issue additional preferred stock at some time in the future.

RISKS RELATED TO DILUTION

On July 8, 2002, there were 9,031,033 shares of our common stock outstanding and no shares of our preferred stock outstanding. In connection with our private offering to some of the selling shareholders of 1,460,000 of the shares covered by this prospectus, we issued warrants to purchase 69,000 shares of our common stock to the placement agents for the offering and the designees of one placement agent. In addition, as of July 8, 2002, we had outstanding additional warrants to purchase 114,720 shares of our common stock, warrants to purchase 52,500 shares of our preferred stock which are convertible into 175,000 shares of our common stock, and options to purchase 947,193 shares of our common stock. If any warrants or options are exercised, you may experience dilution of your shares.

6

SPECIAL NOTE CONCERNING FORWARD-LOOKING STATEMENTS

Edgar Filing: AMEDISYS INC - Form S-3/A

This prospectus contains forward-looking statements. Forward-looking statements include, among other things, the discussions of our operations, margins, profitability, liquidity and capital resources. Although we believe that the expectations reflected in forward-looking statements are reasonable, we can give no assurance that such expectations will prove to have been correct. Generally, these statements relate to business plans or strategies, projected or anticipated benefits or other consequences of such plans or strategies, or projections involving anticipated revenues, expenses, earnings, levels of capital expenditures, liquidity or indebtedness or other aspects of operating results or financial position.

All phases of our operations are subject to a number of uncertainties, risks and other influences, many of which are outside our control and any one of which, or a combination of which, could materially affect our results of operations and whether the forward-looking statements we have made ultimately prove to be accurate. Important factors that could cause actual results to differ materially from our expectations are disclosed in "Risk Factors."

7

OUR COMPANY

We are a leading multi-regional provider of home health care nursing services. We operate 57 home care nursing offices and two corporate offices in the southern and southeastern United States.

During 1999, we changed our strategy from providing a variety of alternate site provider health care services to becoming a leader in home health care nursing services. Our change of focus was largely due to our significant investment in this segment of the industry through our acquisition of 83 home care offices from Columbia/HCA Healthcare Corporation in late 1998. A second major factor was the implementation in October 2000 of the Prospective Payment System, or "PPS," under Medicare that now allows home care providers the opportunity to be more profitable. A third significant factor was our belief that we had established a reputation and have expertise in the field.

Pursuant to this strategy, we launched a restructuring plan to divest our non-home health care nursing divisions. From September 1999 through September 2001, we sold and/or closed our surgery centers and infusion divisions. We plan to achieve a major market presence in home health care nursing services in the southern and southeastern United States by expanding our referral base through the use of a highly trained sales force, offering specialized programs such as wound care, and completing selective acquisitions. We cannot guarantee that we will be able to achieve this goal.

We are continuing to systematically reduce operating costs by converting our method of nurse pay to a variable or per-visit rate rather than a fixed or salary system, using economies of scale, and reducing corporate overhead. We have outsourced business functions that we do not consider to be part of our core business and have streamlined our management layers.

We have developed our business model to promote success under PPS. We have implemented disease state management programs and clinical protocols as well as supporting technology to monitor and report outcome data, to standardize care,

Edgar Filing: AMEDISYS INC - Form S-3/A

and to ensure quality outcomes. Using clinical managers to assess and track patient progress and skilled nurses to deliver care are also important components of our overall plan.

We were incorporated in Louisiana in 1982. In 1993, we became a publicly traded company through a merger into a New York corporation. In 1994, we changed our state of incorporation from New York to Delaware. Our common stock trades on The Nasdaq SmallCap Market under the symbol "AMED."

8

SELLING SHAREHOLDERS

Of the total number of shares of our common stock covered by this prospectus, 1,460,000 shares were acquired by some of the selling shareholders in a private offering that we completed on April 26, 2002. An additional 69,000 shares are issuable upon the exercise of warrants to purchase our common stock which will become exercisable on October 26, 2002. We issued the warrants to the placement agents that conducted the private offering and the designees of one placement agent. Also in connection with that offering, we agreed to file, on behalf of the selling shareholders, a registration statement with the SEC covering the shares. Each of the selling shareholders has elected to exercise his, her or its registration rights. This prospectus is a part of the registration statement that we filed with the SEC covering the shares. The selling shareholders may use this prospectus to resell the shares from time to time under Rule 415 under the Securities Act of 1933. See "Plan of Distribution."

We have agreed to file such amendments and supplements to the registration statement and the prospectus as may be necessary to keep the registration statement effective until the earlier of:

- the date that all of the shares covered by this prospectus have been sold under the registration statement of which this prospectus is a part; and
- the date that the selling shareholders receive an opinion of our counsel that they may sell the shares covered by this prospectus, without limitation or restriction as to quantity or timing and without registration under the Securities Act, pursuant to Rule 144(k) under the Securities Act or otherwise.

The following table gives information about the selling shareholders and the number of shares of our common stock that are beneficially owned by each of them prior to the offering, as well as any shares subject to warrants. The table also gives the number of shares offered hereby for each selling shareholder's account. The table is based on information available to us as of June 24, 2002. We cannot estimate the number or percentage of the shares of common stock that will be held by each selling shareholder upon completion of this offering because the selling shareholders may sell all or some portion of the shares offered by this prospectus. We do not know whether or to what extent the selling shareholders who hold warrants will exercise their warrants. Likewise, we do not know when or in what amounts the selling shareholders may offer shares for resale, and cannot be certain that the selling shareholders will sell any or all of the shares offered by this prospectus.

- (1) Includes 26,000 shares subject to warrants to purchase our common stock, and 68,400 shares that Belle Haven is deemed to beneficially own by virtue of its exercise of discretionary authority over customer accounts.

None of the selling shareholders named above has held or had any position, office, or other material relationship with us or any of our predecessors or our affiliates within the last three years, except that Belle Haven Investments, L.P. and Sanders Morris Harris served as placement agents for our private placement that we completed on April 26, 2002. Gary Glaser and Joanne Kennedy are principals of Belle Haven Investments. In connection with that offering, we issued to Belle Haven Investments, Sanders Morris Harris, Mr. Glaser and Ms. Kennedy warrants to purchase a total of 69,000 shares of our common stock. Those 69,000 shares are the shares offered by Belle Haven Investments, Sanders Morris Harris, Mr. Glaser and Ms. Kennedy under this prospectus.

Only selling shareholders identified in the table above who beneficially own the shares set forth opposite such selling shareholder's name in the table on the effective date of the registration statement of which this prospectus forms a part may sell those securities under the registration statement.

12

PLAN OF DISTRIBUTION

The selling shareholders may sell shares of our common stock directly, through broker-dealers acting as principal or agent or pursuant to a distribution by one or more underwriters on a firm commitment or best efforts basis. The selling shareholders may sell all or part of their shares in one or more transactions at prices at or related to the then-current market price or at negotiated prices. The selling shareholders will determine the specific offering price of the shares from time to time that, at that time, may be higher or lower than the market price of our common stock on The Nasdaq SmallCap Market or other securities market.

In connection with any underwritten offering, underwriters and their agents may receive compensation in the form of discounts, commissions or concessions from the selling shareholders or from purchasers of shares for whom they act as agents. Underwriters may sell shares to or through dealers, and those dealers

Edgar Filing: AMEDISYS INC - Form S-3/A

may receive compensation in the form of discounts, commissions or concessions from the underwriters or commissions from the purchasers for whom they may act as agents. The selling shareholders and any underwriters, dealers or agents participating in the distribution of the shares of our common stock may be deemed to be "underwriters" within the meaning of the Securities Act, and any profit from the sale of these shares by the selling shareholders and any compensation received by any underwriter, broker-dealer or agent may be deemed to be underwriting discounts under the Securities Act.

The method by which the selling shareholders may offer and sell their shares may include, but are not limited to, the following:

- sales on any securities exchange on which our common stock is listed at the time of sale, or through quotation systems in which our common stock is included, at prices and terms then prevailing or at prices related to the then-current market price;
- sales in privately negotiated transactions;
- sales for their own account pursuant to this prospectus;
- cross or block trades in which broker-dealers will attempt to sell the shares as agent, but may position and resell a portion of the block as a principal to facilitate the transaction;
- purchases by broker-dealers who then resell the shares for their own account; and
- brokerage transactions in which a broker solicits purchasers.

To the extent required by a particular offering, we will set forth in a prospectus supplement or, if appropriate, a post-effective amendment, the terms of the offering, including among other things, the number of shares of our common stock to be sold, the public offering price, the names of any underwriters, dealers or agents and any applicable commissions or discounts.

In order to comply with the securities laws of particular states, if applicable, the shares of our common stock offered under this prospectus will be sold in the jurisdictions only through registered or licensed brokers or dealers. In addition, in particular states, the shares of our common stock may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirements is available and is complied with.

Each selling shareholder will be subject to applicable provisions of the Securities Exchange Act of 1934 and the rules and regulations thereunder, which provisions may limit the timing of purchases and sales of shares of common stock by the selling shareholders.

We have agreed to indemnify the selling shareholders, and the selling shareholders have agreed to indemnify us, against certain liabilities, including liabilities under the Securities Act.

Each selling shareholder will pay all fees, discounts and brokerage commissions allocable to his, her or its shares, as well as the fees and expenses of his, her or its counsel. We will pay all expenses of this registration, including without limitation, the costs and expenses of preparing and reproducing this prospectus and complying with state securities laws, as well as filing fees with the SEC.

LEGAL MATTERS

Michael Lutgring, our counsel and former Executive Vice President, has given us an opinion that the shares have been duly authorized, and that they are, or in the case of the shares issuable upon exercise of warrants will be, validly issued, fully paid and non-assessable.

OTHER MATTERS

Our financial statements incorporated by reference herein were audited by Arthur Andersen LLP. Under SEC rules, we were required to obtain Andersen's written consent in order to incorporate by reference its report covering those audited financial statements, which is also incorporated by reference herein. By granting such a consent, accounting firms become subject to liability under Section 11 of the Securities Act of 1933 for material misstatements and omissions of material facts from a registration statement. Investors who bring a successful claim of this type are entitled to damages. Andersen consented to the inclusion of its report in the registration statement containing the prospectus as originally filed with the SEC on May 23, 2002. However, we have been unable to obtain Andersen's consent in connection with our amended registration statement, and Andersen did not participate in the preparation of our amended registration statement or revisions to our prospectus after that date. As a result, we have filed our amended registration statement without Andersen's consent in reliance on Rule 437a under the Securities Act, which relieves us of the obligation to obtain Andersen's consent under certain circumstances. However, because Andersen has not provided a consent in connection with our amended registration statement, you may not be able to recover against Andersen under Section 11 of the Securities Act. For more information about Andersen, please see the information under the heading "Risk Related to Arthur Andersen LLP" in the section entitled "Risk Factors."

Legal fees and expenses.....	17,000.00
Accounting fees and expenses.....	5,000.00
Miscellaneous.....	1,000.00

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

The Delaware General Corporation Law (the "statute"), Section 145, gives Delaware corporations broad powers to indemnify their present and former directors, officers, agents and employees and those of affiliated corporations against expenses incurred in the defense of any lawsuit to which they are, or might be, made parties by reason of being, or having been, such directors, officers, agents or employees; subject to specific conditions and exclusions gives a director, officer, agent or employee who successfully defends an action the right to be so indemnified, and in some cases permits even those who unsuccessfully defend actions to be so indemnified; and authorizes Delaware corporations to buy liability insurance on behalf of any current or former director, officer, agent or employee. Such indemnification is not exclusive of any other rights to which those indemnified may be entitled under any by-law,

Edgar Filing: AMEDISYS INC - Form S-3/A

agreement, authorization of shareholders or otherwise.

Article XI of the Certificate of Incorporation of the registrant provides for indemnification of officers, directors, agents and employees of the registrant as follows:

(a) The Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Corporation) by reason of the fact that he is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner in which he reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

(b) The Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in

II-1

or not opposed to the best interests of the Corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the Corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

(c) To the extent that a director, officer, employee or agent of the Corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of this Article, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

(d) Any indemnification under subsections (a) and (b) of this Article (unless ordered by a court) shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances

Edgar Filing: AMEDISYS INC - Form S-3/A

because he has met the applicable standard of conduct set forth in subsections (a) and (b) of this Article. Such determination shall be made (1) by the Board of Directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or (2) if such quorum is not obtainable, or, even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (3) by the stockholders.

(e) Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the Corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the Corporation as authorized by this Article. Such expenses (including attorneys' fees) incurred by other employees and agents may be so paid upon such terms and conditions, if any, as the Board of Directors deems appropriate.

(f) The indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of this Article shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office.

(g) The Corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the Corporation would have the power to indemnify him against such liability under this Article.

(h) For purposes of this Article references to "the Corporation" shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had the power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this Article with respect to the resulting or surviving corporation as he would have with respect to such constituent corporation if its separate existence had continued.

(i) The indemnification and advancement of expenses provided by, or granted pursuant to, this Article shall, unless otherwise provided when authorized and ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

The foregoing discussion of the Company's Certificate of Incorporation and of the statute is not intended to be exhaustive and is qualified in its entirety

by such Certificate of Incorporation and the statute, respectively.

ITEM 17. UNDERTAKINGS.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any

II-3

action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
