- ☐ Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- ☐ Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

## Item 1.01 Entry into a Material Definitive Agreement.

### Purchase and Sale Agreement

On July 6, 2005, Holly Corporation ( *Holly* ) and Holly Energy Partners, L.P., a subsidiary of Holly (the *Partnership*, and, together with Holly, the *Parties* ), entered into a definitive purchase agreement (the *Purchase Agreement* ) for the Partnership to acquire Holly's intermediate feedstock pipelines (the *Intermediate Pipelines* ) which connect Holly's Lovington, NM and Artesia, NM refining facilities (the *Acquisition* ). On July 8, 2005, the Parties closed the Acquisition for \$81.5 million, which consisted of approximately \$77.7 million in cash, 70,000 in common units of the Partnership and a capital account credit to maintain Holly's existing general partner interest in the Partnership. The Partnership financed the approximately \$77.7 million cash portion of the consideration for the Intermediate Pipelines with the proceeds raised from (i) the private sale of 1.1 million of its common units (the *Private Placement Common Units* ) for \$45.1 million to a limited number of institutional investors (the *Institutional Investors* ) which closed simultaneously with the Acquisition (the *Common Unit Private Placement* ) and (ii) the recently completed offering of an additional \$35.0 million in principal amount of its 6.25% senior notes due 2015. Pursuant to the terms of the Purchase Agreement, at the closing of the Acquisition the Parties entered into a 15-year pipelines agreement and a mortgage and deed of trust for the benefit of Holly to secure the Partnership's performance under the Pipelines Agreement. In connection with the Acquisition and the Common Unit Private Placement, the Partnership and certain of its wholly-owned subsidiaries entered into certain material definitive agreements that might be considered material to Holly as described below in this item.

The description of the Purchase Agreement herein is qualified by reference to the copy of the Purchase Agreement, including exhibits, filed as Exhibit 2.1 to this report, which is incorporated by reference into this report in its entirety.

### Pipelines Agreement

On July 8, 2005 in connection with the closing of the Acquisition, the Parties entered into a 15-year pipelines agreement (the *Pipelines Agreement* ). The Pipelines Agreement may be extended by the mutual agreement of the Parties, provided that the Party desiring to extend the Pipelines Agreement provides the other Party with at least 12 months written notice of its request to extend the Pipelines Agreement. In the event the Pipelines Agreement is terminated without renewal, Holly will have a limited right of first refusal for one year following such termination to enter into a new pipelines agreement with the Partnership on commercial terms that substantially match the terms offered to the Partnership by a third-party. Holly will also have a right of first refusal to purchase the Intermediate Pipelines should the Partnership decide to sell them in the future.

Under the Pipelines Agreement, Holly agrees to transport on the Intermediate Pipelines 72,000 barrels per day (bpd) of intermediate products that, at the agreed tariff rates, will result in minimum revenues to the Partnership of approximately \$3.0 million per calendar quarter. This minimum commitment will increase each year at a rate equal to the percentage change in the producer price index, but will not decrease as a result of a decrease in the producer price index. For all barrels shipped in excess of 72,000 bpd up to and including 95,000 bpd, the tariff Holly will pay per barrel will be reduced from the full base tariff of \$0.45 per barrel to \$0.25 per barrel, except that for any non-Holly owned barrels shipped on the Intermediate Pipelines the full base tariff will be due. The full base tariff will be adjusted each year at a rate equal to the percentage change in the producer price index. Holly's minimum revenue commitment will apply only to the Intermediate Pipelines, and Holly will not be able to spread its minimum revenue commitment among pipeline assets the Partnership already owns or subsequently acquires. If Holly fails to meet its minimum revenue commitment in any quarter, it will be required to pay

the Partnership in cash the amount of any shortfall by the last day of the month following the end of the quarter. A shortfall payment would be applied as a credit in the following four quarters after Holly's minimum obligations are met.

At Holly's request, the Partnership will be required to use its commercially reasonable efforts to transport on the Intermediate Pipelines each month during the term of the Pipelines Agreement up to 72,000 bpd, subject to the Partnership's common carrier duty to pro-rata capacity, where applicable.

If new laws or regulations are enacted that require the Partnership to make substantial and unanticipated capital expenditures with regard to the Intermediate Pipelines, the Partnership will have the right to amend the tariff rates to recover its costs of complying with these new laws or regulations (including a reasonable rate of return). The Parties will be required to negotiate in good faith to mitigate the economic costs associated with any such new laws and to determine the amount of the new tariff rate.

Either Party may temporarily suspend its obligations under the Pipelines Agreement during the occurrence of an event that is outside its control and renders its performance impossible for at least 30 days. An event with a duration of longer than one year will allow either of the Parties to terminate the Pipelines Agreement.

Pursuant to the Pipelines Agreement, Holly will not challenge, or cause others to challenge or assist others in challenging, the Partnership's tariff rates for the term of the agreement. At the termination of the Pipelines Agreement, Holly will be free to challenge, or to cause others to challenge or assist others in challenging, the Partnership's tariff rates.

During the term of the Pipelines Agreement, the Partnership will not reverse the direction of the Intermediate Pipelines or connect any other pipelines to the Intermediate Pipelines without Holly's consent. Holly has the right to reverse the direction of the Intermediate Pipelines, so long as it reimburses the Partnership for the additional costs and expenses the Partnership incurs as a result of changing the direction of the Intermediate Pipelines and pays a flow reversal rate of \$0.45 per barrel for any product shipped in a reversed direction on the Intermediate Pipelines. Such flow reversal rates will be adjusted each year at a rate equal to the percentage change in the producer price index.

Holly's obligations under the Pipelines Agreement will not terminate if Holly and its affiliates no longer own the Partnership's general partner. The Pipelines Agreement may be assigned to a third party with the prior written consent of the non-assigning Party, provided such consent will not be unreasonably withheld. The Parties may also assign the Pipelines Agreement to an affiliate or a third party lender or debt holder without the prior written consent of the non-assigning Party.

The description of the Pipelines Agreement herein is qualified by reference to the copy of the Pipelines Agreement, filed as Exhibit 10.1 to this report, which is incorporated by reference into this report in its entirety.

#### Amendment to Revolving Credit Agreement

On July 8, 2005 in connection with the closing of the Acquisition, the Partnership's wholly-owned subsidiary Holly Energy Partners Operating, L.P. ( *OLP* ), Union Bank of California, N.A., as administrative agent, and certain other lending institutions identified therein, entered into a Consent and Amendment No. 4 (the *Credit Agreement Amendment* ) to OLP's revolving credit agreement. Pursuant to the Credit Agreement Amendment, the lending institutions party to the revolving credit agreement expressly consented to the Acquisition. Additionally, the Credit Agreement Amendment amended the revolving credit agreement to, among other things, permit HEP Pipeline to enter into the Mortgage with

Holly, eliminate the tangible net worth covenant and provide that it is an event of default if the Pipelines Agreement is terminated. Promptly following the closing of the Acquisition, HEP Pipeline granted the lenders under the revolving credit agreement a lien on the Intermediate Pipelines to secure OLP's obligations under the revolving credit agreement.

The description of the Credit Agreement Amendment herein is qualified by reference to the copy of the Credit Agreement Amendment, filed as Exhibit 10.2 to this report, which is incorporated by reference into this report in its entirety.

#### Registration Rights Agreement

On July 8, 2005 simultaneously with the closing of the Acquisition, the Partnership closed the Common Unit Private Placement. In connection with the Common Unit Private Placement, the Partnership entered into a registration rights agreement (the *Registration Rights Agreement*) with the Institutional Investors pursuant to which the Partnership agreed to (i) file a shelf registration statement (the *Registration Statement*) for the Private Placement Common Units within 90 days after the closing of the Common Unit Private Placement and (ii) use its commercially reasonable efforts to cause such Registration Statement to become effective within 180 days after the closing of the Common Unit Private Placement. If the Partnership fails to comply with certain obligations under the Registration Rights Agreement, it will be required to pay liquidated damages in the form of cash payments to the holders of the Private Placement Common Units.

The description of the Registration Rights Agreement herein is qualified by reference to the copy of the Registration Rights Agreement, filed as Exhibit 4.1 to this report, which is incorporated by reference into this report in its entirety.

#### **Item 3.02 Unregistered Sale of Equity Securities.**

On July 8, 2005 in connection with the closing of the Acquisition and the Common Unit Private Placement, the Partnership issued, respectively, (i) the Private Placement Common Units to the Institutional Investors for \$45.1 million in cash and (ii) 70,000 of its common units to Holly as partial consideration for the Intermediate Pipelines acquired in the Acquisition. The Common Unit Private Placement and the Partnership's issuance of its 70,000 common units to Holly were exempt from the registration requirements of the Securities Act of 1933, as amended (the *Securities Act*) pursuant to Section 4(2) of the Securities Act.

#### **Item 7.01 Regulation FD Disclosure.**

The following information is furnished pursuant to Item 7.01, Regulation FD Disclosure.

Furnished as Exhibit 99.1 and incorporated herein by reference in its entirety is a copy of a press release issued by the Parties on July 8, 2005, announcing (1) that they have completed the Acquisition, and (2) that the Partnership has completed the Common Unit Private Placement.

In accordance with General Instruction B.2. of Form 8-K, the information furnished in this report on Form 8-K pursuant to Item 7.01, including Exhibit 99.1, shall not be deemed to be filed for the purposes of Section 18 of the Securities Exchange Act of 1934 ( *Exchange Act* ), or otherwise subject to the liabilities of that section, unless Holly specifically incorporates it by reference in a document filed under the Exchange Act or the Securities Act of 1933.

The information furnished in this report on Form 8-K pursuant to Item 7.01, including Exhibit 99.1, is summary information that is intended to be considered in the context of Holly's Securities and Exchange Commission's (SEC) filings and other public announcements that Holly may make, by press release or otherwise, from time to time. Holly disclaims any current intention to revise or update the information furnished in this report on Form 8-K pursuant to Item 7.01, including Exhibit 99.1, although Holly may do so from time to time as its management believes is warranted. Any such updating may be made through the furnishing or filing of other reports or documents with the SEC, through press releases or through other public disclosure.

**Item 9.01 Financial Statements and Exhibits.**

- 2.1 Purchase and Sale Agreement, dated July 6, 2005 by and among Holly Corporation, Navajo Pipeline Co., L.P., Navajo Refining Company, L.P., Holly Energy Partners, L.P., Holly Energy Partners Operating, L.P. and HEP Pipeline, L.L.C. (incorporated by reference to Exhibit 2.1 of Holly Energy Partners, L.P.'s Current Report on Form 8-K filed with the SEC on July 12, 2005).
- 4.1 Registration Rights Agreement, dated July 8, 2005, among Holly Energy Partners, L.P., Fiduciary/Claymore MLP Opportunity Fund, Perry Partners, L.P., Structured Finance Americas, LLC, Kayne Anderson MLP Investment Company and Kayne Anderson Energy Total Return Fund, Inc.
