HARRIS PREFERRED CAPITAL CORPORATION

NOTES TO FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION

Harris Preferred Capital Corporation (the "Company") is a Maryland corporation whose principal business objective is to acquire, hold, finance and manage qualifying real estate investment trust ("REIT") assets (the "Mortgage Assets"), consisting of a limited recourse note or notes (the "Notes") issued by Harris Trust and Savings Bank (the "Bank") secured by real estate mortgage assets (the "Securing Mortgage Loans") and other obligations secured by real property, as well as certain other qualifying REIT assets. The Company holds its assets through a Maryland real estate investment trust subsidiary, Harris Preferred Capital Trust. Harris Capital Holdings, Inc., a wholly-owned

Edgar Filing: HARRIS PREFERRED CAPITAL CORP - Form 10-Q

subsidiary of the Bank, owns 100% of the Company's common stock.

The accompanying financial statements have been prepared by management from the books and records of the Company, without audit by independent certified public accountants. These statements reflect all adjustments and disclosures which are, in the opinion of management, necessary for a fair statement of the results for the interim periods presented and should be read in conjunction with the notes to financial statements included in the Company's 2002 Form 10-K. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission.

2. COMMITMENTS AND CONTINGENCIES

Legal proceedings in which the Company is a defendant may arise in the normal course of business. There is no pending litigation against the Company.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-looking statements include the Company's statements regarding tax treatment as a real estate investment trust, liquidity, provision for loan losses, capital resources and investment activities. In addition, in those and other portions of this document, the words "anticipate," "believe," "estimate," "expect," "intend" and other similar expressions, as they relate to the Company or the Company's management, are intended to identify forward-looking statements. It is important to note that the Company's actual results could differ materially from those described herein as anticipated, believed, estimated or expected. Among the factors that could cause the results to differ materially are the risks discussed in the "Risk Factors" section included in the Company's Registration Statement on Form S-11 (File No. 333-40257), with respect to the Preferred Shares declared effective by the Securities and Exchange Commission on February 5, 1998. The Company assumes no obligation to update any such forward-looking statement.

HARRIS PREFERRED CAPITAL CORPORATION

RESULTS OF OPERATIONS

SECOND QUARTER 2003 COMPARED WITH SECOND QUARTER 2002

The Company's net income for the second quarter of 2003 was \$4.7 million. This represented a \$2.6 million or 36% decrease from second quarter 2002 earnings of \$7.3 million. Earnings decreased primarily because of a \$2.7 million gain on sale of securities in second quarter 2002 compared to no gains in the second quarter of 2003.

Second quarter 2003 interest income on the Notes totaled \$413 thousand and yielded 6.4% on \$25.8 million of average principal outstanding for the quarter compared to \$740 thousand and a 6.4% yield on \$46.3 million average principal outstanding for second quarter 2002. The decrease in income was attributable to

Edgar Filing: HARRIS PREFERRED CAPITAL CORP - Form 10-Q

a reduction in the Notes balance because of principal paydowns by customers in the underlying Securing Mortgage Loans. The average outstanding balance of the Securing Mortgage Loans for second quarter 2003 and 2002 was \$32 million and \$57 million, respectively. Interest income on securities available-for-sale for the current quarter was \$4.1 million resulting in a yield of 4.6% on an average balance of \$354 million, compared to \$3.3 million with a yield of 5.4% on an average balance of \$245 million for the same period a year ago. The increase in interest income from available for sale securities is primarily attributable to the increase in the investment portfolio and partially offset by the reduction in yield. As securities mature or are sold, proceeds have been invested in lower yielding securities because market interest rates have generally been declining.

There were no Company borrowings during second quarter 2003 or 2002.

Second quarter 2003 operating expenses totaled \$99 thousand, a decrease of \$2 thousand or 2% from the second quarter of 2002. Loan servicing expenses totaled \$19 thousand, a decrease of \$15 thousand or 44% from a year ago. This decrease is attributable to the reduction in the principal balance of the Notes, thereby reducing servicing fees payable to the Bank. Advisory fees for the second quarter 2003 were \$10 thousand compared to \$19 thousand a year earlier partially due to increased securities processing costs in the second quarter of 2002. General and administrative expenses totaled \$70 thousand, an increase of \$22 thousand or 46% over the same period in 2002, as a result of additional corporate governance costs.

At June 30, 2003 and 2002, there were no Securing Mortgage Loans on nonaccrual status.

The Company does not currently maintain an allowance for loan losses due to the over-collateralization of the Notes represented by the Securing Mortgage Loans.

SIX MONTHS ENDED JUNE 30, 2003 COMPARED WITH JUNE 30, 2002

The Company's net income for the six months ended June 30, 2003 was \$12.3 million. This represented a \$793 thousand or 6% decrease from 2002 earnings of \$13.1 million. Earnings declined primarily because of reduced interest income on earning assets. As assets mature or are sold, proceeds have been invested in lower yielding securities because market interest rates have been declining in the past twelve months.

Interest income on securities purchased under agreement to resell for the six months ended June 30, 2003 was \$543 thousand, a decrease of \$416 thousand from the same period in 2002. Interest income on the Notes for the six months ended June 30, 2003 totaled \$885 thousand and yielded 6.4% on \$28 million of average principal outstanding compared to \$1.6 million of income yielding 6.4% on \$50 million of average principal outstanding for the same period in 2002. The decrease in income was attributable to a reduction in the Note balance because of customer payoffs on the Securing Mortgage Loans. There were no Company borrowings during either period. Interest income on securities available-for-sale for the six months ended June 30, 2003 was \$8.6 million resulting in a yield of 4.8% on an average balance of \$361 million, compared to \$8.1 million of income with a yield of 5.6% on an average balance of \$290 million a year ago. The increase in interest income from available for sale securities is primarily attributable to the increase in the investment portfolio and partially offset by the reduction in yield. As securities mature or are sold, proceeds have been invested in lower yielding securities as a result of market interest rates declining in recent months. Gains from investment

Edgar Filing: HARRIS PREFERRED CAPITAL CORP - Form 10-Q

securities sales for the six months ended June 30, 2003 were \$2.5 million compared to \$2.7 million a year ago. The average outstanding balance of the Securing Mortgage Loans was \$34 million for the six months ended June 30, 2003 and \$61 million for the same period in 2002. There were no Company borrowings during either period.

Operating expenses for the six months ended June 30, 2003 totaled \$229 thousand, an increase of \$2 thousand from a year ago. Loan servicing expenses for the six months ended June 30, 2003 totaled \$41 thousand, a decrease of \$34 thousand or 45% from 2002. This decrease is attributable to the reduction in the principal balance of the Notes because servicing costs vary directly with these balances. Advisory fees for the six months ended June 30, 2003 were \$20 thousand compared to \$27 thousand a year ago; primarily attributable to increased securities processing costs in 2002. General and administrative expenses totaled \$168 thousand, an increase of \$43 thousand or 34% over the same period in 2002, as a result of additional corporate governance costs.

On June 30, 2003, the Company paid a cash dividend of \$0.46094 per share on outstanding preferred shares to the stockholders of record on June 15, 2003, as declared on June 3, 2003. On June 28, 2002, the Company paid a cash dividend of \$0.46094 per share on outstanding preferred shares to the stockholders of record on June 15, 2002, as declared on June 4, 2002. On a year-to-date basis, the Company declared and paid \$9.2 million of dividends to holders of preferred shares for each of the six-month periods ended June 30, 2003 and 2002.

LIQUIDITY RISK MANAGEMENT

The objective of liquidity management is to ensure the availability of sufficient cash flows to meet all of the Company's financial commitments. In managing liquidity, the Company takes into account various legal limitations placed on a REIT.

The Company's principal asset management requirements are to maintain the current earning asset portfolio size through the acquisition of additional Notes or other qualifying assets in order to pay dividends to its stockholders after satisfying obligations to creditors. The acquisition of additional Notes or other qualifying assets is funded with the proceeds obtained as a result of repayment of principal balances of individual Securing Mortgage Loans or maturities or sales of securities. The payment of dividends on the Preferred Shares is made from legally available funds, arising from operating activities of the Company. The Company's cash flows from operating activities principally consist of the collection of interest on the Notes, mortgage-backed securities and other earning assets. The Company does not have and does not anticipate having any material capital expenditures.

In order to remain qualified as a REIT, the Company must distribute annually at least 90% of its adjusted REIT ordinary taxable income, as provided for under the Internal Revenue Code, to its common and preferred stockholders. The Company currently expects to distribute dividends annually equal to 90% or more of its adjusted REIT ordinary taxable income.

The Company anticipates that cash and cash equivalents on hand and the cash flow from the Notes and mortgage-backed securities will provide adequate liquidity for its operating, investing and financing needs.

As presented in the accompanying Statements of Cash Flows, the primary sources of funds in addition to \$9.9 million provided from operations during the six months ended June 30, 2003 were \$8.1 million provided by principal repayments on the Notes and \$327.3 million from the maturities and sales of securities available-for-sale. In the prior period ended June 30, 2002, the primary sources of funds other than \$11.1 million from operations were \$14.6

Edgar Filing: HARRIS PREFERRED CAPITAL CORP - Form 10-Q

million provided by principal repayments on the Notes and \$345.9 million from the maturities and sales of securities available-for-sale. The primary uses of funds for the six months ended June 30, 2003 were \$340.5 million for purchases of securities available-for-sale and \$9.2 million in preferred stock dividends paid. For the prior year's quarter ended June 30, 2002, the primary uses of funds were \$371.6 million for purchases of securities available-for-sale and \$9.2 million in preferred stock dividends paid.

8

HARRIS PREFERRED CAPITAL CORPORATION

MARKET RISK MANAGEMENT

The Company's market risk is composed primarily of interest rate risk. There have been no material changes in market risk or the manner in which the Company manages market risk since December 31, 2002.

OTHER MATTERS

As of June 30, 2003, the Company believes that it is in full compliance with the REIT tax rules, and expects to qualify as a REIT under the provisions of the Code. The Company expects to meet all REIT requirements regarding the ownership of its stock and anticipates meeting the annual distribution requirements.

HARRIS TRUST AND SAVINGS BANK AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION

Harris Trust and Savings Bank (the "Bank") is a wholly-owned subsidiary of Harris Bankcorp, Inc. ("Bankcorp"), a wholly-owned subsidiary of Bankmont Financial Corp. (a wholly-owned subsidiary of Bank of Montreal). The consolidated financial statements of the Bank include the accounts of the Bank and its wholly-owned subsidiaries. Significant intercompany accounts and transactions have been eliminated. Certain reclassifications were made to conform prior year's financial statements to the current year's presentation.

The consolidated financial statements have been prepared by management from the books and records of the Bank, without audit by independent certified public accountants. However, these statements reflect all adjustments and disclosures which are, in the opinion of management, necessary for a fair presentation of the results for the interim periods presented.

Because the results of operations are so closely related to and responsive to changes in economic conditions, the results for any interim period are not necessarily indicative of the results that can be expected for the entire year.

2. LEGAL PROCEEDINGS

The Bank and certain of its subsidiaries are defendants in various legal proceedings arising in the normal course of business. In the opinion of management, based on the advice of legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the Bank's consolidated financial position.

3. CASH FLOWS

For purposes of the Bank's Consolidated Statements of Cash Flows, cash and

Edgar Filing: HARRIS PREFERRED CAPITAL CORP - Form 10-Q

cash equivalents is defined to include cash and demand balances due from banks. Cash interest payments for the six months ended June 30 totaled \$101.9 million and \$148.1 million in 2003 and 2002, respectively. Cash income tax payments over the same periods totaled \$0.6 million and \$24.4 million, respectively.

4. GOODWILL AND OTHER INTANGIBLE ASSETS

The Bank adopted Statement of Financial Accounting Standards ("SFAS") No. 142, "Goodwill and Other Intangible Assets," on January 1, 2002. Under this standard, goodwill and other intangible assets that have indefinite useful lives are not subject to amortization while intangible assets with finite lives are amortized. Goodwill is periodically assessed for impairment, at least annually. Upon adoption of SFAS No. 142, the Bank had no goodwill.

The Bank adopted SFAS No. 147, "Acquisitions of Certain Financial Institutions--an amendment of FASB Statements No. 72 and 144 and FASB Interpretation No. 9," on October 1, 2002. Under this standard, most acquisitions of financial institutions are removed from the scope of SFAS No. 72 and Interpretation No. 9 and are accounted for in accordance with SFAS No. 141, "Business Combinations," and SFAS No. 142. As such, unidentifiable intangible assets recognized and amortized in accordance with SFAS No. 72, "Accounting for Certain Acquisitions of Banking or Thrift Institutions," represent goodwill that will be accounted for under SFAS No. 142. At adoption date, the Bank had an unidentifiable intangible asset that, in accordance with SFAS No. 72, was excluded from the scope of SFAS No. 142 and continued to be amortized through third quarter 2002. Upon adoption of the Statement, the unidentifiable intangible asset was reclassified to goodwill and no longer amortized starting in fourth quarter 2002. Under the transitional requirements of the Statement, the first three quarters of 2002 were restated to reflect the reversal of previously amortized goodwill in those quarters. The earnings impact for each of these three quarters was \$2.35 million pretax (\$1.4 million after tax).

HARRIS TRUST AND SAVINGS BANK AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS -- (CONTINUED)

The Bank's goodwill was subject to the annual impairment test in the fourth quarter of 2002. The fair value of the reporting unit was estimated using a valuation technique based on multiples of book value. The test did not identify potential impairment and no impairment loss was recognized in 2002.

The carrying value of the Bank's goodwill as of June 30, 2003 was \$89.3 million.

As of June 30, 2003, the gross carrying amount and accumulated amortization of the Bank's amortizable intangible assets were \$208.3 million and \$116.2 million, respectively.

Total amortization expense for the Bank's intangible assets was \$4.4 million for the quarter ended June 30, 2003.

Estimated intangible asset amortization expense for the years ending December 31, 2004, 2005, 2006, 2007 and 2008 is \$17.2 million, \$17.4 million, \$17.7 million, \$17.9 million and \$18.1 million, respectively.

FINANCIAL REVIEW

SECOND QUARTER 2003 COMPARED WITH SECOND QUARTER 2002

SUMMARY

The Bank had second quarter 2003 net income of \$30.5 million, a decrease of \$17.2 million or 36 percent from second quarter 2002.

Cash ROE was 9.36 in the current quarter and 14.87 in the second quarter 2002. Excluding the impact of unrealized gains and losses in the securities portfolio recorded directly to equity, cash ROE was 9.87 percent in the current quarter, compared to 15.02 percent a year ago.

Second quarter net interest income on a fully taxable equivalent basis was \$117.4 million, up \$2.8 million or 2 percent from \$114.6 million in 2002's second quarter. Average earning assets increased 11 percent to \$16.86 billion from \$15.18 billion in 2002, primarily due to an increase of \$1.64 billion in average securities available for sale. Net interest margin decreased to 2.79 percent in the current quarter from 3.03 percent in the year-ago quarter, reflecting the impact of declining spreads, particularly in the securities portfolio.

The second quarter provision for loan losses of \$30.3 million was up \$8.5 million from \$21.8 million in the second quarter of 2002. Net charge-offs decreased slightly to \$22.7 million from \$22.8 million in the prior year.

Second quarter noninterest income of \$93.7 million decreased \$14.9 million from the same quarter last year. The decrease was primarily due to a \$17.5 million decrease in net gains from sales of investment securities.

Second quarter 2003 noninterest expenses of \$136.6 million increased \$6.0 million or 5 percent from the year ago quarter.

Nonperforming assets at June 30, 2003 were \$202 million or 2.06 percent of total loans, up from \$175 million or 1.79 percent at March 31, 2003, and \$181 million or 1.91 percent a year ago. At June 30, 2003, the allowance for possible loan losses was \$216 million, equal to 2.20 percent of loans outstanding, compared to \$219 million or 2.31 percent at the end of second quarter 2002. As a result, the ratio of the allowance for possible loan losses to nonperforming assets decreased from 121 percent at June 30, 2002 to 107 percent at June 30, 2003.

At June 30, 2003, Tier 1 capital of the Bank amounted to \$1.61 billion, down from \$1.58 billion one year earlier. The regulatory leverage capital ratio was 8.35 percent for the second quarter of 2003 compared to 8.99 percent in the same quarter of 2002. The Bank's capital ratio exceeds the prescribed regulatory minimum for banks. The Bank's June 30, 2003 Tier 1 and total risk-based capital ratios were 9.65 percent and 11.80 percent compared to respective ratios of 10.12 percent and 12.55 percent at June 30, 2002.

SIX MONTHS ENDED JUNE 30, 2003 COMPARED WITH JUNE 30, 2002

SUMMARY

The Bank had net income for the six months ended June 30, 2003 of \$63.9 million, a decrease of \$27.2 million or 30 percent from the same period a year ago.

Excluding the impact of unrealized gains and losses in the securities portfolio, cash ROE was 10.44 percent, down from 14.30 percent last year.

Edgar Filing: HARRIS PREFERRED CAPITAL CORP - Form 10-Q

Net interest income on a fully taxable equivalent basis was \$231.0 million, down \$4.5 million or 2 percent from \$235.5 million in 2002's year-to-date period. Average earning assets increased 5 percent to \$16.36 billion from \$15.57 billion in 2002, primarily attributable to a \$963 million increase in average securities available for sale. Net interest margin decreased to 2.84 percent from 3.04 percent in 2002, reflecting the impact of declining spreads, particularly in the securities portfolio.

17

HARRIS TRUST AND SAVINGS BANK AND SUBSIDIARIES

FINANCIAL REVIEW -- (CONTINUED)

The year-to-date 2003 provision for loan losses of \$47.9 million was down \$2.4 million from \$50.3 million in 2002. Net charge-offs were \$39.1 million, a decrease of \$19.9 million from last year, resulting from lower commercial loan write-offs.

Noninterest income of \$180.9 million decreased \$30.0 million from the same period last year. This decrease is attributable to lower net gains from securities sales of \$30.4 million.

Noninterest expenses of \$270.7 million increased \$8.0 million or 3 percent from the year ago period. Income tax expense decreased \$14.0 million, reflecting lower pretax income.
