ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS

On May 5, 2004, Littelfuse, Inc. ("Littelfuse") entered into a definitive agreement to acquire an 82% stake in Heinrich Industrie AG ("Heinrich") for euro 39.5 million (approximately \$47.7 million) in cash and also estimated acquisition costs of euro 2.0 million (approximately \$2.4 million). Closing of the transaction took place on May 6, 2004. Littelfuse purchased the controlling interest in Heinrich from the company's two largest shareholders and initiated a tender offer for the remaining shares of the publicly held company. Littelfuse funded the acquisition with \$18.1 million in cash and \$32.0 million of borrowings on an existing revolving line of credit. Heinrich is the holding company for the Wickmann Group of circuit protection products, which has three business units: electronic, automotive and electrical. Littelfuse intends to operate Heinrich in such business units subsequent to the acquisition.

#### BESTATIGUNGSVERMERK DES ABSCHLUSSPRUFERS

Wir haben den Jahresabschluss unter Einbeziehung der Buchführung und den Konzernabschluss der HEINRICH INDUSTRIE AG, Essen, mit einem zusammengefassten Anhang sowie den zusammengefassten Bericht über die Lage der Gesellschaft und des Konzerns für das Geschäftsjahr vom 1. Januar bis 31. Dezember 2003 geprüft. Die Buchführung und die Aufstellung dieser Unterlagen nach den deutschen handelsrechtlichen Vorschriften liegen in der Verantwortung des Vorstands der Gesellschaft. Unsere Aufgabe ist es, auf der Grundlage der von uns durchgeführten Prüfung eine Beurteilung über den Jahresabschluss unter Einbeziehung der Buchführung und über den Konzernabschluss sowie den zusammengefassten Lagebericht abzugeben.

Wir haben unsere Jahres- und Konzernabschlussprüfung nach Section 317 HGB unter Beachtung der vom Institut der Wirtschaftsprüfer (IDW) festgestellten deutschen Grundsätze ordnungsmäßiger Abschlussprüfung vorgenommen. Danach ist die Prüfung so zu planen und durchzuführen, dass Unrichtigkeiten und Verstöße, die sich auf die Darstellung des durch den Jahres- und Konzernabschluss unter Beachtung der Grundsätze ordnungsmäßiger Buchführung und durch den zusammengefassten Lagebericht vermittelten Bildes der Vermögens-, Finanz- und Ertragslage wesentlich auswirken, mit hinreichender Sicherheit erkannt werden. Bei der Festlegung der Prüfungshandlungen werden die Kenntnisse über die Geschäftstätigkeit und über das wirtschaftliche und rechtliche Umfeld der Gesellschaft und des Konzerns sowie die Erwartungen über mögliche Fehler berücksichtigt. Im Rahmen der Prüfung werden die Wirksamkeit des rechnungslegungsbezogenen internen Kontrollsystems sowie Nachweise für die Angaben in Buchführung, Jahres- und Konzernabschluss und im zusammengefassten Lagebericht überwiegend auf der Basis von Stichproben beurteilt. Die Prüfung umfasst für den Jahresabschluss die Beurteilung der angewandten Bilanzierungsgrundsätze und für den Konzernabschluss die Beurteilung der Jahresabschlüsse der in den Konzernabschluss einbezogenen Unternehmen, der Abgrenzung des Konsolidierungskreises und der angewandten Bilanzierungs- und Konsolidierungsgrundsätze sowie für beide Rechenwerke die Beurteilung der wesentlichen Einschätzungen des Vorstands der Gesellschaft und die Würdigung der Gesamtdarstellung des Jahres- und des Konzernabschlusses sowie des zusammengefassten Lageberichts. Wir sind der Auffassung, dass unsere Prüfung eine hinreichend sichere Grundlage für unsere Beurteilung bildet.

Unsere Prüfung hat zu keinen Einwendungen geführt.

AUDITOR'S REPORT

We have audited the annual financial statements, together with the bookkeeping system, and the consolidated financial statements of HEINRICH INDUSTRIE AG, Essen, with combined notes, as well as the combined management report of the Company and the Group for the business year from January 1 to December 31, 2003. The bookkeeping system and the preparation of these documents in accordance with German commercial law are the responsibility of the Company's Board of Managing Directors. Our responsibility is to express an opinion on the annual financial statements, together with the bookkeeping system, as well as on the consolidated financial statements and the combined management report of the Company and the Group based on our audit.

We conducted our audit of the annual and consolidated financial statements in accordance with Section 317 HGB and German generally accepted standards for the audit of financial statements promulgated by the Institut der Wirtschaftsprüfer in Deutschland (IDW). Those standards require that we plan and perform the audit such that misstatements materially affecting the presentation of the net assets, financial position and results of operations in the annual und consolidated financial statements in accordance with German principles of proper accounting and in the combined management report are detected with reasonable assurance. Knowledge of the business activities and the economic and legal environment of the Company and the Group and evaluations of possible misstatements are taken into account in the determination of audit procedures. The effectiveness of the accounting-related internal control system and the evidence supporting the disclosures in the books and records, the annual and consolidated financial

Edgar Filing: LITTELFUSE INC /DE - Form 8-K/A

statements and the combined management report are examined primarily on a test basis within the framework of the audit. The audit includes for the annual financial statements assessing the accounting principles used and for the consolidated financial statements assessing the annual financial statements of the companies included in consolidation, the determination of the companies to be included in consolidation, the accounting and consolidation principles used as well as for both statements the evaluation of significant estimates made by the Company's Board of Managing Directors, and evaluating the overall presentation of the annual and consolidated financial statements and the combined management report. We believe that our audit provides a reasonable basis for our opinion.

Our audit has not led to any reservations.

In our opinion, the annual financial statements and the consolidated financial statements give a true and fair view of the net assets, financial position and results of operations of HEINRICH INDUSTRIE AG, Essen, and the Group, respectively, in accordance with German principles of proper accounting. On the whole the combined management report provides a suitable understanding of the Company's and the Group's position and suitably presents the risks of future development.

NOTES TO FINANCIAL STATEMENTS OF HEINRICH INDUSTRIE GROUP AND HEINRICH INDUSTRIE AG FOR 2003

The annual financial statements of HEINRICH INDUSTRIE AG and the group financial statements are prepared in accordance with the requirements of the commercial code relating to capital companies.

1. CONSOLIDATED GROUP

In addition to the financial statements of HEINRICH INDUSTRIE, the group statements for 2003 contain the individual statements of 6 (previous year 6) domestic and 7 (previous year 8) foreign companies.

The EFEN-Vertriebs GmbH, Salzburg/Austria, was liquidated in the business year 2003. The deletion from the company register was made on July 4, 2003. The de-consolidation of the company took place at the start of the year.

The following companies

- Motherson PUDENZ WICKMANN Ltd., New Delhi, India

## Edgar Filing: LITTELFUSE INC /DE - Form 8-K/A

- Hinnenberg Beteiligungsgesellschaft mbH i.L., Essen
- Switchgear Systems Ltd., Rugby/ Warwickshire, Great Britain

have not been included in the group statement in accordance with Section 296 Para. 2 HGB and Section 311 Para. 2 HGB due to the minor importance of the companies to the asset, financial and revenue situation of the group.

The companies included in the group statements are listed under Point 7. The business year of all companies included is the calendar year.

10

### 2. CONSOLIDATION PRINCIPLES

The balance sheets of HEINRICH INDUSTRIE and the subsidiary companies included in the statements are summarised in the group statements. The asset and liability items have been used instead of the shareholding book values, at the values used in the balance sheets of the individual companies as at December 31, 2003.

The capital consolidation has been carried out using the book value method by reconciling the purchase price of the participating interests against the shareholders' equity of these companies liable for consolidation. Any resulting goodwill is recognized in the earning reserves at the time of initial consolidation, any liability difference allocated to the earning reserves.

Loans and other receivables, liabilities as well as expenses and revenue between the companies are reconciled against each other and interim results eliminated. For consolidation procedures affecting the result, latent taxes have been deferred.

### 3. CURRENCY CONVERSION

The balance sheets of the subsidiaries that are compiled in a foreign currency have been converted and included in the group statements as follows:

- The conversion of the shareholders' equity and the ASSET AND LIABILITY ITEMS of the balance sheets has been made uniformly at the exchange rate prevailing on the final day of accounting.
- Items of the INCOME STATEMENT have been converted at the average exchange rate over the business year.
- The balance of exchange rate differences has been recognized in the earning reserves of the group balance sheet, not affecting the result.

Currency conversion differences resulting in connection with expenditure and revenue consolidation are included in the profit and loss account.

### 4. ACCOUNTING AND VALUATION PRINCIPLES

The annual statements of the individual companies have been compiled in accordance with legal requirements and the applicable balance sheet and valuation methods of HEINRICH INDUSTRIE.

The INTANGIBLE ASSETS are shown at purchase price, less planned linear depreciation and extraordinary depreciation.

The FIXED ASSETS have been valued at purchase price or cost of production, less

## Edgar Filing: LITTELFUSE INC /DE - Form 8-K/A

planned depreciation according to use and extraordinary depreciation. The extraordinary depreciation consists of depreciation on the lower partial value and special tax depreciation.

Planned depreciation has been applied linearly or degressively at the maximum rates permitted by tax regulations. In the case of movable assets, depreciation is generally applied degressively at first, with a transition to linear depreciation as soon as this leads to higher depreciation amounts. The depreciation is based on a useful life of up to 50 years for buildings, and 3 to 13 years for technical equipment and machinery, other plant, operating and business equipment. Low-value goods are written off completely in the year of procurement.

The SHARES IN AFFILIATED COMPANIES of HEINRICH INDUSTRIE have been valued at purchase price, and where applicable less depreciation in accordance with Section 3 of the law governing tax measures for the closure of coal mines.

The PARTICIPATING INTERESTS are shown at their purchase price.

Interest-bearing LOANS are shown at the nominal value. Where allowed by tax regulations, loans granted interest-free up to 1954 have been fully adjusted in value. Other interest-free loans have been valued at the cash value, taking into account an interest rate of 5.5% p.a.

In the case of INVENTORIES, raw materials and operating materials and goods have been valued at their purchase price. Unfinished and finished goods have been valued at cost of production or the lower partial value. In addition to material and individual production costs, the manufacturing costs also include general material and production costs and depreciation. The lowest value principle has been used. Sufficient devaluation has been applied to account for risks resulting from the storage time or reduced saleability. In accordance with applicable tax regulations, the valuation of stocks has generally been made according to the "LIFO" method.

RECEIVABLES AND OTHER ASSETS have been valued at the nominal value, with individual adjustments made to take account of discernible risks. The general credit risk has been taken into account by means of a fixed adjustment. Receivables in foreign currency are shown at the exchange rate prevailing

11

at the time of the transaction or on the final day of accounting, whichever is the lower.

The PENSION ACCRUALS have been calculated according to the guideline tables of Dr. Klaus Heubeck of 1998 on the basis of an interest rate of 6%. The calculation has been made in accordance with Section 6a EStG.

The ACCRUAL FOR FORMER COAL-MINING have been calculated in accordance with the agreements made with the financial administration at the cash value of the costs to be anticipated for the future, or in the case of long-term damage at 20-times the average annual cost.

The TAX AND OTHER ACCRUALS take into account all discernible risks and uncertain liabilities.

The LIABILITIES are listed at their repayment amounts. Liabilities in foreign currency are shown at the exchange rate prevailing at the time of the transaction or on the final day of accounting, whichever is the higher.

The INCOME STATEMENT has been compiled in graduated form according to the

cost-categories-oriented format.

### 5. EXPLANATIONS ON THE BALANCE SHEET

#### FIXED ASSETS

The development of the fixed assets of HEINRICH INDUSTRIE and the group is shown in the statement of fixed assets.

The INTANGIBLE ASSETS consist of usage rights (EDP software) and in the group, the customer base obtained from EFEN-Polska on its foundation and from PUDENZ in connection with the acquisition of OSWALD, and the business value shown on the balance sheet of EFEN-Hungaria. EFEN includes a customer base with a book value of E1.0 Mio. due to the acquisition of the business operations of Peterreins Schalttechnik GmbH, Schwabach.

The depreciation to PROPERTY AND BUILDINGS contains in the reporting year for the AG KE 78 of transfers of book profits from the sale of plant in accordance with Section 6b EStG.

The cumulative depreciation shown under property and buildings contains special depreciation in accordance with Section 6b EStG. The difference between the normal linear depreciation and this special depreciation as at December 31, 2003 is E10.4 Mio for HEINRICH INDUSTRIE and E15.3 Mio within the group. In the business year, this produced a reduction in annual depreciation of E0.5 Mio for HEINRICH INDUSTRIE and E0.6 Mio within the group.

In the business year 2003, extraordinary depreciation to fixed assets in the amount of KE 195 (previous year KE 776) was applied in accordance with Section 253 Para. 2 P. 3 HGB, which refers mainly to operating plant in Witten.

The cumulative depreciation to shares in affiliated companies in the individual statements of HEINRICH INDUSTRIE is made up of depreciation applied in previous years in accordance with Section 3 of the law governing tax measures for the closure of coal mines.

In the case of the participating interests, the statement of fixed assets of the AG show a reduction resulting from the sale of the participating interests in Ruhrgas AG. HEINRICH INDUSTRIE sold its shareholding in Ruhrgas AG by means of the contract of July 2, 2002. The 158,200 shares were acquired by E.ON AG, Dusseldorf. The contract could not however be completed in the business year 2002, since the required consent of the general meeting of Ruhrgas AG was not given until February 17, 2003 due to the ongoing proceedings before the regional court of Dusseldorf against the ministerial permission for the Ruhrgas take-over. WICKMANN increased its participating interests in the POLYTRONICS Technology Corporation Ltd., Hsin-Chu, Taiwan, by the acquisition of 906,000 shares at a purchase price of KE 929. The POLYTRONICS Technology Corporation Ltd., is a strategic partner of WICKMANN. The participating interests is aimed at the long-term co-operation in the "Resettables" sector and provides the right of exclusive marketing of the relevant products in Europe and North America with ongoing distribution revenue. The long-term value of the participating interests valuation can be seen in the group statements, despite the weakness of the Taiwanese Dollar.

The PROPERTY OWNED BY THE GROUP is as follows:

No property was sold or acquired in the business year 2003.

In addition to adjustments for stocking risks, the INVENTORIES also take into account additional value adjustments amounting to E0.7 Mio, resulting from the sale of erwilo on February 29, 2004 .

The TRADE RECEIVABLES, RECEIVABLES FROM AFFILIATED COMPANIES, AND RECEIVABLES FROM COMPANIES IN WHICH THE COMPANY HAS A PARTICIPATING INTEREST have a remaining term of less than one year.

The OTHER ASSETS consist mainly of tax credits of KE 829. The company and the group also show receivables with a remaining term of more than one year of KE 153 and KE 398 respectively, which result mainly from outstanding claims from re-insurance.

The SUBSCRIBED CAPITAL is E10,400,000 and is fully paid in. There are 2,000,000 single bearer stocks. Each single stock grants one vote.

In the group statements, E0.5 Mio has been placed in OTHER EARNINGS RESERVES.

The difference between the earning reserves in the balance sheet of HEINRICH INDUSTRIE and the group balance sheet of E1.0 Mio is due to the following:

- Reallocation of the special account with a reserve characteristics from individual balance sheets in the amount of E1.3 Mio in accordance with the abolition of Section 308 Para. 3 HGB in conjunction with the transparency and publicity law of July 19, 2002
- Earning reserves of subsidiary companies after initial consolidation of E0.7 Mio
- Adjustment items from currency conversion shareholders' equity of consolidated companies of E- 0.5 Mio

## Edgar Filing: LITTELFUSE INC /DE - Form 8-K/A

- Adjustment items from consolidations affecting the results of E- 0.5 Mio.

The increase in the earning reserves of the group over the previous year by E 1.0 Mio results from the reallocation of special account of E1.3 Mio, an adjustment to the currency adjustment item of E - 0.8 Mio and a transfer to group reserves of E0.5 Mio.

The BALANCING ITEM FOR MINORITY INTERESTS comes to E 0.3 Mio. This refers to the foreign shares in the company capital of EFEN-Hungaria at E 0.2 Mio and EFEN-Polska at E0.1 Mio.

The SPECIAL ACCOUNT WITH RESERVE CHARACTERISTICS in the amount of E2.2 Mio has been transferred in the group statements on the final day of accounting into the profit reserves in the amount of E1.3 Mio in accordance with the abolition of Section 308 Para. 3 HGB after deduction of the latent taxes of E0.9 Mio.

The previously shown SPECIAL ACCOUNT FOR INVESTMENT SUBSIDIES TO FIXED ASSETS from WICKMANN has been transferred to other reserves, due to the risk of a repayment obligation.

The ACCRUALS FOR PENSIONS AND SIMILAR OBLIGATIONS include around KE 525 in mining commitments (pension and payment in kind commitments).

The ACCRUALS FOR FORMER COAL-MINING have been calculated in accordance with the agreements made with the financial administration at the cash value of the costs to be anticipated for the future, or in the case of long-term damage at 20-times the average annual cost.

The TAX ACCRUALS within the group have been formed largely for deferred taxes and withholding taxes.

The OTHER ACCRUALS within the group relate principally to commitments in connection with personnel costs, guarantee obligations, annual financial statements costs, and outstanding invoices.

The increase of the other accruals within the group over the previous year of E3.6 Mio is made up of E1.6 Mio from social security and compensation accruals for restructuring measures, accruals for potential repayment obligation of an investment subsidy of E1.0 Mio, and loss risks resulting from the sale of erwilo in the amount of E0.5 Mio. The accruals for general personnel costs have been increased by E0.3 Mio, and those for outstanding maintenance and process costs by E0.1 Mio each.

The change in the other accruals of the company results from the above mentioned loss risks in connection with erwilo.

### ITEM 7b. PRO FORMA FINANCIAL INFORMATION.

Below is the pro forma financial information required by Item 7(b) of this Form 8-K relating to the acquisition of Heinrich described above.

#### UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL DATA

Littelfuse historical consolidated financial data for the year ended January 3, 2004, and as of and for the three months ended April 3, 2004, are derived from its consolidated financial statements. The historical balance sheet and income statement data as of and for the three months ended April 3, 2004, have been derived from its unaudited consolidated financial statements and include all adjustments, consisting of normal recurring accruals, that management considered necessary for a fair presentation of our consolidated financial position and results of operations for such periods.

On May 5, 2004, Littelfuse entered into a definitive agreement to acquire an 82% stake in Heinrich Industrie AG. The Heinrich historical financial data for the year ended December 31, 2003, and as of and for the three months ended March 31, 2004, are derived from Heinrich's financial statements as adjusted into US GAAP. The year ended December 31, 2003, Heinrich financial statements are included in Item 7a and are presented in German GAAP. Littelfuse funded the acquisition with \$18.1 million in cash and \$32.0 million in borrowings on an existing revolving line of credit.

28

The pro forma adjustments for the Heinrich acquisition reflect the pro forma adjustments under the purchase method of accounting and adjustments to record additional borrowings by Littelfuse to complete the purchase.

The pro forma data assumes that the acquisition of Heinrich occurred on December 29, 2002, in the case of the Unaudited Pro Forma Consolidated Income Statements for the year ended January 3, 2004, and for the three months ended April 3, 2004. In the case of the Unaudited Pro Forma Consolidated Balance Sheet, the pro forma data assumes that the acquisition of Heinrich occurred as of April 3, 2004.

The pro forma financial information should be read in conjunction with the Littelfuse historical financial statements as of and for the year ended January 3, 2004, and the unaudited consolidated historical financial statements as of and for the three months ended April 3, 2004. The audited historical financial statements of Heinrich as of and for the year ended December 31, 2003, under German GAAP are included in Item 7a and should be read in conjunction with these historical financial statements. The pro forma information is not necessarily indicative of future earnings or earnings that would have been reported for the periods presented had these transactions been completed at the beginning of the earliest period presented.
