**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
To Be Held on June 10, 2003**

INFORMATION CONCERNING SOLICITATION AND VOTING

Stockholders Meeting

This proxy statement and the enclosed proxy card are furnished on behalf of the Board of Directors of Daleen Technologies, Inc., a Delaware corporation (the Company, we, our or us), for use at the Annual Meeting of Stockholders to be held on June 10, 2003, at 10:00 a.m., Eastern time (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company's headquarters, 902 Clint Moore Road, Suite 230, Boca Raton, Florida 33487. We intend to mail this proxy statement and the accompanying proxy card on or about April 29, 2003, to all stockholders entitled to vote at the Annual Meeting.

Proposal

At the Annual Meeting, we will request that the stockholders consider and vote upon the following proposal:

Election of Directors (Proposal 1). Proposal 1 is to elect three directors to our Board of Directors to serve a term expiring at the 2006 annual meeting of stockholders.

Stockholders Entitled to Vote and Quorum

Only holders of record of our common stock, par value \$0.01 per share (common stock) and Series F convertible preferred stock, par value \$0.01 per share (Series F preferred stock) at the close of business on April 18, 2003 (the Record Date), will be entitled to notice of and to vote at the Annual Meeting. Pursuant to our Certificate of Incorporation, the holders of our outstanding common stock and Series F preferred stock are entitled to vote together as a single class on each matter to be voted on at the Annual Meeting. At the close of business on the Record Date, we had outstanding and entitled to vote 45,828,912 shares of common stock and 458,224 shares of Series F preferred stock. Each holder of record of common stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting. Each holder of record of Series F preferred stock on such date will be entitled to 100 votes for each share held on all matters to be voted upon at the Annual Meeting and will vote with the holders of common stock as a single class. As a result, an aggregate of 91,651,312 votes are entitled to be cast on the proposal at the Annual Meeting. The holders of a majority of the total shares of common stock and Series F preferred stock (determined on a 100 for 1 basis) outstanding on the Record Date, whether present at the Annual Meeting in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. The shares held by each stockholder who signs and returns the enclosed proxy card will be counted for the purposes of determining the presence of a quorum at the meeting, whether or not the stockholder abstains on all or any matter to be acted on at the meeting. Abstentions and broker non-votes both will be counted toward fulfillment of quorum requirements. Broker-

Table of Contents

dealers who hold their customers' shares in street name may, under the applicable rules of the exchanges and other self-regulatory organizations of which the broker-dealers are members, vote the shares of their customers on routine proposals, which under such rules typically includes the election of directors, when they have not received instructions from the customer. Under these rules, brokers may not vote shares of their customers on non-routine matters without instructions from their customers. A broker non-vote occurs with respect to any proposal when a broker holds shares of a customer in its name and is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction is given.

Counting of Votes

The purpose of the Annual Meeting is to consider and act upon the matters that are listed in the accompanying Notice of Annual Meeting of Stockholders and set forth in this Proxy Statement. The shares represented by each proxy card will be voted in accordance with the stockholder's directions. A quorum must be present at the Annual Meeting, including representation by proxy.

Election of Directors (Proposal 1). The enclosed proxy card provides a means for a stockholder to vote for all of the nominees for director listed thereon or to withhold authority to vote for one or more of such nominees. Our bylaws provide that directors are elected by a plurality of the votes cast. Accordingly, the withholding of authority by a stockholder (including broker non-votes) will not be counted in computing a plurality and thus will have no effect on the results of the election of such nominees.

Other Matters. Approval of any other matters as may properly come before the meeting also will require the affirmative vote of a majority of the shares of common stock and Series F preferred stock (voting on a 100 for 1 basis and with the common stock as a single class) present in person or represented by a proxy and entitled to vote at the meeting.

Proxies

Proxies for use at the Annual Meeting are being solicited by our Board of Directors from our stockholders. The cost of this solicitation will be borne by the Company. We expect to make arrangements with brokerage firms, banks, custodians, nominees and other fiduciaries to forward proxy solicitation material for shares held of record by them to the beneficial owners of the shares. We will reimburse such persons for their reasonable out-of-pocket expenses in forwarding the material.

There is a proxy card for common stockholders and a separate proxy card for Series F preferred stockholders. We have enclosed a proxy card that represents your shares. When the enclosed proxy card is properly signed and returned, the shares that it represents will be voted at the Annual Meeting in accordance with the instructions noted on the proxy card. In the absence of such instructions, the shares represented by a signed proxy card will be voted in favor of the nominees for election to the Board of Directors as set forth in Proposal 1. The proxy confers discretionary authority on the persons named therein to vote with respect to the election of any person as a director where the nominee is unable to serve, or will not serve, and matters incident to the conduct of the Annual Meeting. The proxy also confers on the designated proxy holders discretionary authority to vote the shares represented by the proxy on other business, if any, that may properly come before the Annual Meeting or at any adjournment or postponement thereof.

Stockholders who hold their shares through an intermediary must provide instructions on voting as requested by their bank or broker. A stockholder who signs and returns a proxy card may revoke it at any time before it is voted by taking one of the following three actions: (i) giving written notice of the revocation to the Secretary of the Company; (ii) executing and delivering a proxy card with a later date; or (iii) voting in person at the Annual Meeting.

If you have any questions, please call our corporate secretary, Jeanne Prayther, at (561) 999-8000.

Our executive offices are located at 902 Clint Moore Road, Suite 230, Boca Raton, Florida 33487, and our telephone number is (561) 999-8000.

PROPOSAL 1

ELECTION OF DIRECTORS

Introduction

Our Board of Directors is divided into three classes, each of whose members serve for a staggered three-year term. At each annual meeting of stockholders, a class of directors is elected for a three-year term to succeed the directors of the same class whose terms are then expiring. The Board is currently comprised of three Class I directors (Dennis G. Sisco, John S. McCarthy and Ofer Nemirovsky), two Class II directors (Daniel J. Foreman and Stephen J. Getsy), and two Class III directors (James Daleen and Gordon Quick). The terms of the Class I directors expire at the Annual Meeting. The terms of the Class II directors and Class III directors will expire upon the election and qualification of successor directors at the 2004 and 2005 annual meeting of stockholders, respectively. Pursuant to the terms of the Investment Agreement between the Company and the Behrman Funds and the other signatories thereto, the Company agreed to cause the nomination of two directors designated by the Behrman Funds and one director designated by HarbourVest Partners V Direct Fund L.P. and HarbourVest Partner VI Direct Fund L.P. (collectively HarbourVest) with respect to the Company's 2003 Annual Meeting. The Behrman Funds designees for director are Messrs. Dennis G. Sisco and John S. McCarthy and the HarbourVest designee is Mr. Ofer Nemirovsky. Mr. Sisco and Mr. Nemirovsky, each a nominee director of the Company, are affiliates of the Behrman Funds and HarbourVest, respectively. In order to effectuate nominations, Mr. Nemirovsky, the director designated by HarbourVest, was reclassified from a Class III director to a Class I director by action of the Board at a meeting on February 19, 2003.

Additionally, Abiliti, HarbourVest and Behrman entered into a supplemental voting agreement for each party to vote their shares of our common stock and Series F preferred stock at our 2003 Annual Meeting for the election of two directors designated by the Behrman Funds and one director designated by the HarbourVest. Abiliti, HarbourVest and the Behrman Funds will control a sufficient amount of our voting power to elect directors as contemplated by the supplemental voting agreement. The supplemental voting agreement expires by its terms upon the final adjournment of the Annual Meeting.

Based on the recommendation of the Nominating Committee, the Board of Directors has nominated Dennis G. Sisco, John S. McCarthy and Ofer Nemirovsky as Class I directors.

Our bylaws provide that each class of directors will be elected by a plurality of all votes cast at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of each nominee. In the event that a nominee should be unavailable for election, such shares will be voted for the election of such substitute nominee as the Nominating Committee and the Board of Directors may select. Alternatively, the Board of Directors may choose to leave such vacancy open or fill the vacancy subsequent to the Annual Meeting. Each of the nominees currently is a member of our Board of Directors and has consented to serve as a director if elected. There are no family relationships among any of the directors or director nominees of the Company. Management has no reason to believe that any of the nominees will be unable to serve.

The Nominating Committee has evaluated each nominee and recommended that the Board of Directors nominate each of the nominees for election to the Company's Board of Directors. The Board of Directors recommends a vote **FOR** each named nominee.

Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. The members of the Audit Committee are not employees of the Company. Therefore, the Audit Committee has relied on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements.

In conducting its oversight function, the Audit Committee discusses with the Company's independent auditor's, with and without management present, the overall scope and plan for their audit. The Audit Committee meets with the independent auditors with or without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

The following report of the Audit Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this report by reference therein.

As set forth in more detail in the Audit Committee Charter, which was attached as Appendix F to the Company's proxy statement for the 2001 annual meeting of stockholders, the Audit Committee's primary responsibilities include:

monitoring the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and legal compliance;

monitoring the independence and performance of the Company's independent auditors; and

providing an avenue of communication among the independent auditors, management and the Board of Directors.

The Audit Committee recommends the selection of the Company's independent auditors to the Board of Directors and meets with the Company's independent auditors to discuss the scope of the annual audit and to review the results of the annual audit as well as the results of the independent auditor's quarterly reviews.

The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Committee's charter. To carry out its responsibilities, the Audit Committee met four times during 2002.

The Audit Committee has reviewed the Company's audited consolidated financial statements and met with both management and KPMG LLP, the Company's independent auditors, to discuss those audited consolidated financial statements, including the independent auditor's delivery of a going concern paragraph in its report of our audited consolidated financial statements as of and for the year ended December 31, 2002. Management has represented to the Audit Committee that the consolidated financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee has received from and discussed with KPMG LLP, the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to that firm's independence from the Company. The Audit Committee has also discussed with KPMG LLP any matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Compensation of Directors

On October 25, 2002, our board of directors adopted a new policy with respect to the compensation of each of our directors who is not an officer, employee or consultant (a qualified director). Each qualified director receives for his services an annual retainer of \$25,000, plus \$1,500 for each committee for which he serves as chairman. We pay the annual retainer on a quarterly basis. Each qualified director receives \$1,200 for attendance at each regular meeting of the board of directors and \$1,000 for attendance at each special meeting of the board of directors (if the special meeting lasts one hour or more). Additionally, each qualified director receives \$500 for each committee meeting attended, or \$750 for the chairman of the committee; provided, however that we do not pay fees for attendance at committee meetings that occur on the same day as a meeting of the board of directors. We reimburse each director for reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors and any of its committees. In addition, our qualified directors will each receive an initial one-time grant of options in 2003 to purchase 250,000 shares of our common stock and thereafter an annual grant of options will be made to purchase an additional 25,000 shares of our common stock. We will not grant options or provide cash compensation as a director to Mr. Daleen during the period that he is serving as a consultant to us. From time to time directors may receive special option grants that are offered to all the Company's employees. During 2002, no directors were issued options and there was no cash compensation paid to directors.

Subject to the vesting provisions described below, Mr. Quick's participation percentage has been established at 38% of the total payout pool under the LTIP. His participation percentage in the LTIP vested 25% at grant and the balance will vest ratably on the last day of each of the first 36 months ending after the effective date of his employment agreement.

In the event of the termination of Mr. Quick's employment without cause or if he terminates for good reason, he will be entitled to (i) payment of 1/12th of his annual base salary then in effect on a monthly basis for a period of 24 months, (ii) payment of his pro rata bonus, if earned and payable when bonuses are paid to our other officers, and (iii) his participation percentage in the LTIP will continue to vest for one year following termination. If his termination is related to a change in control he will be entitled to (i) a lump sum payment of two times his then-annual base salary plus his pro rata average bonus, and (ii) his participation percentage in the LTIP will fully vest. In either case, (i) Mr. Quick's welfare benefits will continue for 18 months following the month of termination, subject to discontinuation of such welfare benefits to the extent Mr. Quick receives substantially similar benefits from a subsequent employer, (ii) Mr. Quick's stock options will remain exercisable for one year after termination, and (iii) at the Company's option, we may cash out Mr. Quick's vested interest in the LTIP based upon the value of the Company as of the date of termination as determined by independent appraisal, or we may elect to have Mr. Quick retain his interest in the LTIP and pay out amounts, if any, pursuant to the LTIP on the same basis as it would have been paid had Mr. Quick's employment with the Company not terminated.

We entered into an employment agreement with Jeanne Prayther on June 9, 2000, which was amended on August 22, 2001 when Ms. Prayther became our chief financial officer and secretary. The agreement was further amended effective December 20, 2002. Ms. Prayther's base salary for 2001 was \$149,500, was increased to \$175,500 on November 19, 2001, was \$175,500 in 2002, and is \$175,500 in 2003. Ms. Prayther may also receive an annual bonus targeted at up to 35% of her base salary. The employment agreement also provides for option grants under our stock option plans as determined by our Compensation Committee. In the event of termination of her employment by the Company without cause or as a result of breach by us, unless other employment with the Company or a subsidiary is offered or she voluntarily resigns, Ms. Prayther is entitled to a severance payment equal to twelve months salary and may include a pro rata bonus. She is also eligible to receive certain severance benefits in the event of disability including six months base salary and in some circumstances a pro rata bonus. We also entered into a retention bonus agreement with Ms. Prayther dated August 22, 2001. Ms. Prayther received a retention bonus of \$37,500 on each of two retention dates (February 22, 2002 and August 22, 2002). There is no retention bonus agreement currently in effect. \$175,000 in 2001, was \$175,000 in 2002, and is \$175,000 in 2003. Mr. McTarnaghan, as the senior vice president of global sales, is also eligible for sales commissions based on his individual performance and the performance of the Company as a whole. The objectives and commissions are determined from time to time by the chief executive officer and commissions are approved by a committee appointed to administer sales commissions. The employment agreement also provides for option grants under our stock option plans as determined by our Compensation Committee. In the event of termination of his employment by the Company without cause or as a result of breach by us, unless other employment with the Company or a subsidiary is offered or he voluntarily resigns, Mr. McTarnaghan is entitled to a severance payment equal to twelve months salary and may include a pro rata bonus. He is also eligible to receive certain severance benefits in the event of disability including six months base salary and in some circumstances a pro rata bonus. We also entered into a retention bonus agreement with Mr. McTarnaghan dated September 4, 2001. Mr. McTarnaghan received a retention bonus of \$25,000 on each of two retention dates (March 4, 2002 and September 4, 2002). There is no retention bonus agreement currently in effect. Mr. McTarnaghan is eligible to participate in the LTIP, subject to the discretion of the Compensation Committee.

The employment agreements of our executive officers and some of our other employees contain invention assignment and confidentiality provisions as well as non-compete provisions. Under the invention assignment and confidentiality provisions, these individuals have assigned to us all of their copyrights, trade secrets and patent rights that relate to our business. Under the non-compete provisions, each of these individuals has agreed not to compete, directly or indirectly, with us in the telecommunications billing industry during the term of their employment and for six months after termination of employment or for eighteen months in the case of Mr. Quick. Each also has agreed not to solicit our customers or employees, directly or indirectly, during the period of employment and for one year following termination of employment or for eighteen months in the case of Mr. Quick.

Effective May 31, 2002, Steven Kim resigned as an employee of the Company and we entered into a severance and release agreement with Mr. Kim effective on such date. Under the terms of the severance and release agreement, Mr. Kim was paid severance in the amount of \$50,000.

Effective December 20, 2002, James Daleen resigned as president and chief executive officer effective December 31, 2002. We entered into a severance and release agreement with Mr. Daleen effective on December 31, 2002. Under the terms of the severance and release agreement, Mr. Daleen was paid severance on December 31, 2002, in an amount equal to twelve months of his then-current annual base salary. Mr. Daleen is also entitled to an additional payment amount equal to twelve months of his base salary on the separation date to be paid in equal monthly installments over a period of 24 months with payments beginning January 1, 2004. In addition, Mr. Daleen will be entitled to an additional lump sum payment of \$328,900 as set forth in the agreement, including generally upon: (i) the liquidation, dissolution or winding up of the Company, (ii) a sale of all or substantially all of the assets and liabilities of the Company, or (iii) a merger or consolidation involving the Company, if such event occurs on or before December 31, 2007 and results in a distribution of assets on the shares of the Company's capital stock or consideration to the holders of the Company's capital stock valued at a minimum of \$10 million. During the severance period, Mr. Daleen will not directly or indirectly engage in any conduct in direct competition with the business of the Company. Mr. Daleen is currently providing consulting services to the Company pursuant to a six month consulting agreement for which he is compensated \$13,500 per month. Mr. Daleen's participation percentage in the LTIP has also been established at 15% of the payout pool under the LTIP.

Stock Option and Other Compensation Plans

Long Term Incentive Compensation Plan (LTIP). We established the LTIP in December 2002. Under the terms of the LTIP, a payout pool, equal to 15% of our enterprise value in excess of \$20 million, up to \$100 million, plus 10% of the enterprise value that exceeds \$100 million, shall be created for distribution to participants in the LTIP upon a payout event. The LTIP participants include Gordon Quick, our President and Chief Executive Officer, whose participation percentage has been established at

Table of Contents

38% of the payout pool, James Daleen, our Chairman and former president and chief executive officer, whose participation percentage has been established at 15% of the payout pool, and certain management team members, including Jeanne Prayther and David McTarnaghan, and other employees and consultants as may be designated prior to any payout event by our Board of Directors or the Compensation Committee. The payout pool will be distributed to the participants upon the occurrence of certain payout events, which shall include: (i) the sale of all or substantially all of our assets to a third party; (ii) our merger or consolidation with another company, whereby our stockholders receive cash or other securities for our capital stock and our stockholders immediately prior to the merger or consolidation own less than 50% of the combined voting power of the surviving company; (iii) the sale of 60% or more of the capital stock of our company to a single person or group; or (iv) our liquidation, dissolution or winding up. Payments may be in cash or the same consideration received by our stockholders in the payout event, provided, however, if all or part of the payout is other than in cash or immediately tradable securities, we must use reasonable efforts to make appropriate arrangements to ensure that the participants have sufficient cash as part of the payout under the LTIP to pay taxes incurred with respect to such payments or, if sufficient cash is not available for distribution as part of the payout, we must use reasonable efforts to distribute as part of the payout publicly traded stock that has been registered under the Securities Act sufficient to pay such taxes. Any cash payments under the Plan will be made from the general assets of the Company, and no portion of the assets of the Company will be segregated or separately identifiable as a source of payment under the LTIP.

Payments will be reduced by the value of certain options to purchase our common stock held by the participant, provided, however, that options granted after the effective date of the LTIP will be considered for this valuation only if our Board of Directors designates them for such treatment at the time they are granted. The value will be based on the fair market value of our common stock, less the exercise price of the vested options held by the participant.

Our board of directors may, in its sole and complete discretion, amend or terminate the LTIP at any time and for any reason that it deems necessary or appropriate. However, the termination or amendment of the LTIP shall not adversely affect any participant's rights previously granted under the LTIP unless approved by participants holding in the aggregate more than one-half of the total participation percentages then outstanding. Our board of directors may elect to replace the LTIP in its entirety with a new equity-based compensation plan, *provided, however*, that any such new plan shall be substantially equivalent to or more favorable than this plan for the participants from a financial and tax standpoint.

2001 Broad-Based Stock Incentive Plan. We established the 2001 Broad-Based Stock Incentive Plan (2001 Broad-Based Plan) to promote our interests by providing employees and key persons the opportunity to purchase shares of common stock and to receive compensation based upon appreciation in the value of those shares. Under the 2001 Broad-Based Plan, the Company may grant incentive stock options, non-qualified stock options, restricted stock and stock appreciation rights. The 2001 Broad-Based Plan, as approved by the Board of Directors, must issue more than a majority of the eligible options under the 2001 Broad-Based Plan to employees other than the Company's directors and officers. We have reserved 2,000,000 shares of common stock for issuance under the 2001 Broad-Based Plan. As of December 31, 2002, options to purchase an aggregate of 1,153,125 shares of common stock were outstanding under the 2001 Broad-Based Plan and no shares of common stock have been issued upon exercise of options under the 2001 Broad-Based Plan. The vesting period for the options granted under the 2001 Broad-Based Plan is at the discretion of the Board of Directors; provided, however, that unless otherwise specified in a stock incentive agreement, each option shall vest ratably over a four-year period on each of the anniversary dates following the grant. If we sell 80% or more of our capital stock or assets, or if we agree to convert 80% or more of the outstanding shares of our capital stock into another security or the right to receive securities or property, and, within 12 months following such change of control, a participant is terminated for any reason other than for cause or if a participant is terminated as a result of constructive discharge, then the vesting schedule of each option grant for such participant will accelerate by two years. The vesting period for the options issued under the 2001 Broad-Based Plan as of December 31, 2002 range from two to four years. An employee's rights, if any, upon termination of

employment are as set forth in the applicable stock incentive agreement; provided, however, in no event may an incentive stock option provide for exercise of the option later than 90 days following a termination of employment or later than one year following a termination of employment due to disability. The 2001 Broad-Based Plan may be terminated at any time by the Board, and may be amended from time to time by the Board; provided, however, shareholder approval is required for certain amendments including to increase the shares reserved under the Plan to an amount greater than 2,000,000 shares (subject to certain adjustments to reflect certain changes in the Company's capital structure) and to decrease the minimum exercise price of stock incentives awarded under the 2001 Broad-Based Plan.

Amended & Restated 1999 Stock Incentive Plan. We established the Amended & Restated 1999 Stock Incentive Plan (1999 Plan) to promote our interests by providing employees and key persons the opportunity to purchase shares of our common stock and receive compensation based upon appreciation in the value of those shares. Under the 1999 Plan, the Company may grant incentive stock options, non-qualified stock options, restricted stock awards and stock appreciation rights. As of December 31, 2002, there were 8,790,145 shares reserved for issuance, options to purchase an aggregate of 1,631,358 shares of common stock were outstanding, and 181,937 shares of common stock had been issued upon the exercise of options granted under the 1999 Plan. The 1999 Plan provides for an automatic annual increase in the number of shares reserved under the Plan by an additional 5,000,000 shares on each January 1; provided, however, in no event shall the number of shares reserved under the 1999 Plan exceed 20% of the fully-diluted shares of the Company's common stock, as determined on the immediately preceding December 31. Options granted under the 1999 Plan shall be exercisable in whole or in part at such time or times as the Board may determine as set forth in the related agreement, subject to the terms and conditions of the 1999 Plan. An employee's rights, if any, upon termination of employment are as set forth in the applicable stock incentive agreement; provided, however, in no event may an option which is an incentive stock option provide for the exercise of the option later than 90 days following the termination of employment or later than one year following a termination of employment on account of disability. If we sell 80% or more of our capital stock or assets, or if we agree to convert 80% or more of the outstanding shares of our capital stock into another security or the right to receive securities or property, and within 12 months following such change in control, a participant is terminated for any reason other than for cause or if a participant is terminated as a result of constructive discharge, then the vesting schedule of each option grant for such participant will accelerate by two years. The 1999 Plan may be terminated at any time by the Board, and may be amended from time to time by the Board; provided, however, shareholder approval is required for certain amendments including the increase in the number of shares reserved under the 1999 Plan (subject to certain adjustments to reflect certain changes in the Company's capital structure) and to decrease the minimum exercise price of stock incentives awarded under the 1999 Plan.

Prior Stock Option Plans. We adopted six other stock option plans between 1994 and 1998. Some of these plans provided for incentive stock options within the meaning of Subsection 422 of the Internal Revenue Code while others provided for non-qualified stock options.

Our eight stock option plans are as follows: the 1994 Employee Non-Qualified Stock Option Plan (the 1994 Plan), the 1995 Qualified Employee Incentive Stock Option Plan (the 1995 Plan), the 1996 Employee Non-Qualified Stock Option Plan (the 1996 Plan), the 1997 Employee Incentive Stock Option Plan (the 1997 Plan), the 1998 Non-Qualified Employee Stock Option Plan (the 1998 Plan), the 1998 Qualified Employee Incentive Stock Option Plan (the 1998 ISO Plan), the 1999 Plan, and the 2001 Broad-Based Plan. Each plan provides that the exercise price of the options granted will be issued at

As of December 31, 2002, options to purchase an aggregate of 3,092,743 shares of common stock were outstanding under all the plans at a weighted average exercise price of \$4.82 per share and 1,148,116 shares of common stock have been issued upon exercise of options granted under these plans.

Limitation of Liability and Indemnification of Officers and Directors

Our certificate of incorporation provides that the liability of our directors for monetary damages shall be eliminated to the fullest extent permissible under Delaware law and that we shall indemnify our directors, officers, employees and agents to the fullest extent permitted under Delaware law. Our certificate of incorporation provides that our directors will not be personally liable to the Company or any stockholder for monetary damages for breach of fiduciary duty as a director, except if the director:

is liable under Section 174 of the Delaware General Corporation Law;

has breached the director's duty of loyalty to the Company or our stockholders;

has acted in a manner involving intentional misconduct or a knowing violation of law or, in failing to act, has acted in a manner involving intentional misconduct or a knowing violation of law; or

has derived an improper personal benefit.

If Delaware law is amended to provide for further limitations on the personal liability of directors of corporations for breach of duty of care or other duty as a director, then the personal liability of the directors will be so further limited to the greatest extent permitted by Delaware law.

We entered into indemnification agreements with each of our executive officers and directors containing provisions that require us to indemnify these individuals to the fullest extent authorized or permitted by our certificate of incorporation and bylaws and the Delaware General Corporation Law against liabilities that may arise by reason of their status or service as officers and directors, other than liabilities arising from willful misconduct of a culpable nature, and to advance expenses incurred as a result of any proceedings against them for which they could be indemnified.

We maintain a directors' and officers' liability insurance policy.

Mr. Foreman replaced Mr. Getsy as chairman of the Compensation Committee in December 2002. Mr. Sisco was appointed as a member of the Compensation Committee in December 2002. None of the members of the Compensation Committee is an executive officer of the Company. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

General

The Compensation Committee of our Board of Directors has furnished the following report on executive compensation in accordance with the rules and regulations of the Commission. This report outlines the duties of the Compensation Committee with respect to executive compensation, the various components of the Company's compensation program for executive officers and other key employees, and the basis on which the 2002 compensation was determined for the executive officers of the Company.

The Compensation Committee of the Board of Directors is responsible for establishing compensation levels for the executive officers of the Company, including the annual bonus plan for executive officers and for administering the Company's stock option plans. The Compensation Committee's overall objective is to establish a compensation policy that will (i) attract, retain and reward executives who contribute to achieving the Company's business objectives; (ii) motivate executives to obtain these objectives; and (iii) align the interests of executives with those of the Company's long-term investors. The Company compensates executive officers with a combination of salary and incentives designed to focus their efforts on maximizing both the near-term and long-term financial performance of the Company. In addition, the Company's compensation program rewards individual performance that furthers Company goals. The executive compensation program includes the following: (i) base salary; (ii) incentive bonuses; (iii) retention agreements; and (iv) long-term equity incentive awards in the form of stock option grants and participation percentages in the LTIP; and (v) other benefits. Each executive officer's compensation package is designed to provide an appropriately-weighted mix of these elements which cumulatively provide a level of compensation roughly equivalent to that paid by companies of similar size and complexity.

This report on Executive Compensation shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this report, and this report shall not otherwise be deemed filed under such Acts.

Compensation of Executive Officers Generally

Base Salary. Base salary levels for each of the Company's executive officers, including the chief executive officer, are generally set within a range of base salaries that the Compensation Committee believes are paid to similar executive officers at companies deemed comparable based on the similarity in revenue level, industry segment and competitive employment market to the Company. In addition, the Compensation Committee generally takes into account the Company's past financial performance and future expectations, as well as the performance of the executives and changes in the executives' responsibilities.

Table of Contents

In 2003, the Compensation Committee determined that no annual salary increases would be provided to the executive officers.

Incentive Bonuses. The Compensation Committee recommends the payment of bonuses to provide an incentive to executive officers to be productive over the course of each fiscal year. These bonuses are awarded only if the Company and the executives achieve or exceed certain pre-established performance objectives. In 2002, there were no incentive bonuses paid to executives. In 2003, incentive bonuses will be based on the Company's financial performance.

Retention Bonuses. Retention bonus agreements are used to provide additional financial incentive to retain key executives whose contributions are critical to the Company. The agreements generally provide for a bonus to be paid on each of two retention dates six months and one year from the date of the agreement. In the event of termination resulting in severance benefits, the executive is entitled to a prorated portion of the retention bonus. In 2001, three agreements were executed with executive officers and all bonus payments were made in 2002. No retention bonus agreements for executive officers are currently in place.

Equity Incentives. Stock options are used by the Company for payment of long-term compensation to provide a stock-based incentive to improve the Company's financial performance and to assist in the recruitment, retention and motivation of professional, managerial and other personnel. Generally, stock options are granted to executive officers from time to time based primarily upon the individual's actual and/or potential contributions to the Company and the Company's financial performance. Stock options are designed to align the interests of the Company's executive officers with those of its stockholders by encouraging executive officers to enhance the value of the Company, the price of the common stock, and hence, the stockholders' return. In addition, the vesting of stock options over a period of time is designed to create an incentive for the individual to remain with the Company. Generally, ongoing option grants occur at year-end and in connection with promotions or an executive's acceptance of significant new and additional responsibilities. During the fiscal year ended December 31, 2002, the Company granted no options to purchase shares of common stock to its current executive officers.

LTIP. The LTIP was established in 2002 to provide an incentive to executive officers to improve the Company's financial performance and to encourage them to enhance the value of the Company. Payments made, if any, will be based upon the respective participation of participants in the plan, which include our executive officers and other employees as may be designated by our Board of Directors. The payments will be distributed upon certain payout events which include a sale of our assets or a merger and / or an acquisition. No payments under the LTIP occurred in 2002 to any executive officers.

Other Benefits. Benefits offered to the Company's executive officers are provided to serve as a safety net of protection against the financial catastrophes that can result from illness, disability, or death. Benefits offered to the Company's executive officers are substantially the same as those offered to all of the Company's regular employees. In January 1994, the Company established a tax-qualified deferred compensation 401(k) Savings Plan (the "401(k) Plan") covering all of the Company's eligible full-time employees. Under the 401(k) Plan, participants may elect to contribute, through salary reductions, up to 25% of their annual compensation subject to a statutory maximum. In 2000, the Company's matching contribution was changed to 35% up to the first 8% contributed under the 401(k) Plan. The matching contributions were discontinued effective July 1, 2002. The 401(k) Plan is designed to qualify under Section 401 of the Internal Revenue Code so that the contributions by employees or by the Company to the 401(k) Plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the 401(k) Plan, and so that contributions by the Company will be deductible by the Company when made.

Compensation of the Chief Executive Officer

The Compensation Committee annually reviews the performance and compensation of the chief executive officer based on the assessment of his past performance and its expectation of his future contributions to the Company's performance. James Daleen served as the Company's chief executive

Table of Contents

officer since our founding in 1989 until December 20, 2002. In 2002, Mr. Daleen's base annual salary was \$328,900. Mr. Quick has served as the Company's chief executive officer since December 20, 2002. In 2002, Mr. Quick's base annual salary was set at \$350,000. The Compensation Committee believes the compensation paid to Messrs. Daleen and Quick was reasonable.

Policy with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Internal Revenue Code imposes a limit on tax deductions for annual compensation (other than performance-based compensation) in excess of one million dollars paid by a corporation to its chief executive officer and the other four most highly compensated executive officers of a corporation. The Company has not established a policy with regard to Section 162(m) of the Code, since the Company has not and does not currently anticipate paying cash compensation in excess of one million dollars per annum to any employee. None of the compensation paid by the Company in 2002 was subject to the limitations on deductibility. The Board of Directors will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and the rules and regulations of the Commission thereunder requires our directors, executive officers and persons who beneficially own (as that term is defined in the Exchange Act) more than 10% of our common stock to file reports of ownership and changes in ownership of such stock with the Commission. Based solely upon a review of such reports, we believe that all our directors, executive officers and 10% stockholders complied with all applicable Section 16(a) filing requirements during the last fiscal year, with the exception that (1) Abiliti Solutions, Inc. filed a Form 3 after the required deadline for filing, and (2) John McCarthy filed an amended Form 3 after the required deadline for filing, although the original Form 3 was filed before the deadline.

Loans to Executives

In January 2001, we loaned Mr. Daleen \$1,237,823, our then chairman and chief executive officer, and his wholly-owned limited partnership (the Makers). The loan bore interest at a rate of 8.75% per annum. The principal was payable in full January 31, 2006 with interest payable annually on January 31st. On January 31, 2002, an interest payment of \$119,871 was due and payable. The interest payment was not made and as a result the loan was in default. Pursuant to the terms of the loan, the Company gave notice of default. On September 11, 2002, the Makers surrendered the Company s common stock held as collateral for the loan to the Company and the loan was deemed satisfied.
