Item 1.01 Entry into a Material Definitive Agreement.

On December 14, 2005, Cole PT Auburn Hills MI, LLC, a Delaware limited liability company (PT Auburn Hills), a wholly-owned subsidiary of Cole Operating Partnership II, LP (COP II), the operating partnership of Cole Credit Property Trust II, Inc. (the Company), entered into an agreement of purchase and sale (the PT Auburn Hills Agreement) with Metro Acquisitions Two, LLC (Metro), which is not affiliated with the Company, its advisor or affiliates. Series C, LLC, which is an affiliate of the Company and the Company s advisor, was the original purchaser under the PT Auburn Hills Agreement and assigned its rights and obligations under the PT Auburn Hills Agreement to PT Auburn Hills prior to acquiring the property. Pursuant to the PT Auburn Hills Agreement, PT Auburn Hills agreed to purchase all of Metro s interests in an approximately 111,881 square foot single-tenant office building and , research and development facility on an approximately 14.61 acre site located in Auburn Hills, Michigan (the PT Auburn Hills Property) for a gross purchase price of \$23.6 million, exclusive of closing costs. The PT Auburn Hills Property was constructed in 1995.

In connection with the PT Auburn Hills Agreement, PT Auburn Hills paid approximately \$1.1 million as an earnest money deposit (the PT Auburn Hills Deposit). On December 15, 2005, PT Auburn Hills acquired the PT Auburn Hills Property from Metro and the PT Auburn Hills Deposit was applied to the purchase price. The PT Auburn Hills Agreement contains customary representations and warranties and customary indemnification provisions. The information set forth under Item 2.01 of this current report on Form 8-K is hereby incorporated by reference into this Item 1.01.

On December 15, 2005, in connection with the acquisition of the PT Auburn Hills Property, PT Auburn Hills obtained a \$17.7 million loan from Wachovia Financial Services, Inc. (the Lender) by executing a promissory note (the PT Auburn Hills Loan). The PT Auburn Hills Loan, which is secured by the PT Auburn Hills Property, has a variable interest rate based on the one-month LIBOR rate plus 200 basis points with monthly interest-only payments (the PT Auburn Hills Interest Rate) and approximately \$4.7 million of the outstanding principal due on April 14, 2006, with the remaining approximately \$13.0 million outstanding principal and due and payable interest payable in full on December 14, 2006 (the PT Auburn Hills Maturity Date). The PT Auburn Hills Loan is guaranteed by COP II. The PT Auburn Hills Loan may be prepaid at any time without penalty or premium.

In the event the PT Auburn Hills Loan is not paid off on the PT Auburn Hills Maturity Date, the PT Auburn Hills Loan includes default provisions. The default interest rate shall be the PT Auburn Hills Interest Rate plus 4% on all outstanding principal due.

On December 15, 2005, COP II obtained an approximately \$2.5 million loan from Series C by executing a promissory note (the COP II Loan I). The COP II Loan I, which is secured by the membership interest held by COP II in Cole WG St. Louis MO, LLC, has a variable interest rate based on the one-month LIBOR rate plus 200 basis points with monthly interest-only payments, and the outstanding principal and due and payable interest payable in full on June 30, 2006. The COP II Loan I generally is non recourse to COP II. The COP II Loan I may be prepaid at any time without penalty or premium. The terms of the COP II Loan I are no less favorable to the Company than loans between unaffiliated third parties under the same circumstances.

On December 15, 2005, COP II obtained an approximately \$2.0 million loan from Series C by executing a promissory note (the COP II Loan II). The COP II Loan II, which is secured by the membership interest held by COP II in Cole RA Alliance OH, LLC, has a variable interest rate based on the one-month LIBOR rate plus 200 basis points with monthly interest-only payments, and the outstanding principal and due and payable interest payable in full on June 30, 2006. The COP II Loan II generally is non recourse to COP II. The COP II Loan II may be prepaid at any time without penalty or premium. The terms of the COP II Loan II are no less favorable to the Company than loans between unaffiliated third parties under the same circumstances.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On December 15, 2005, PT Auburn Hills acquired the PT Auburn Hills Property from Metro. The purchase price of the PT Auburn Hills Property was \$23.6 million, exclusive of closing costs. The acquisition was funded by net proceeds from the Company's ongoing public offering, an approximately \$2.5 million from the COP II Loan I, an approximately \$2.0 million from the COP II Loan II, and a \$17.7 million loan secured by the PT Auburn Hills Property. In connection with the acquisition, the Company paid an affiliate of its advisor an acquisition fee of approximately \$472,000. The area surrounding the PT Auburn Hills Property within a three-mile radius is shared by single-family residential subdivisions with industrial and commercial development. The information set forth under Item 1.01 of this current report on Form 8-K is hereby incorporated by reference into this Item 2.01.

The PT Auburn Hills Property is 100% leased to LDM Technologies, Inc. (LDM), which is a wholly-owned subsidiary of Plastech Engineered Products, Inc. (Plastech), which guarantees the Lease. The PT Auburn Hills Property is subject to a net lease, which commenced on December 15, 2005. Pursuant to which the tenant is required to pay substantially all operating expenses and capital expenditures in addition to base rent. The annual base rent of \$149,175, or \$16.00 per square foot, is fixed through the first 13 months of the initial lease term, with a 2.5% rental escalation beginning 14 months after the start of the initial lease term, and every 12 months thereafter for the remaining term of the lease, which expires January 31, 2021. LDM has two options to renew the lease, each for an additional five-year term beginning on February 1, 2021, with rental escalations of 2.5% beginning 14 months after the first and second renewal option, and every 12 months thereafter for the remaining term of each renewal option. In evaluating the PT Auburn Hills Property as a potential acquisition and determining the appropriate amount of consideration to be paid for our interest in the PT Auburn Hills Property, a variety of factors were considered, including our consideration of a property condition report; property location, visibility and access; age of the property, physical condition and curb appeal; neighboring property uses; local market conditions, including vacancy rates; area demographics, including trade area population and average household income; neighborhood growth patterns and economic conditions; and the presence of demand generators. After reasonable inquiry, the Company is not aware of any material factors relating to the PT Auburn Hills Property, other than those discussed above, that would cause the reported financial information not to be necessarily indicative of future operating results.

Plastech operates over 34 production facilities in the United States and Canada and manufactures blow-molded and injection-molded plastic parts, primarily for the auto industry. Plastech has a Standard & Poor's credit rating of B+ . An affiliate of the Company has the sole and exclusive right to manage, operate, lease and supervise the overall maintenance of the PT Auburn Hills Property and will receive a property management fee of 2.0% of the monthly gross revenue from the PT Auburn Hills Property. The Company currently has no plans for any renovations, improvements or development of the PT Auburn Hills Property. The Company believes the PT Auburn Hills Property is adequately insured.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth under Item 1.01 and Item 2.01 of this current report on Form 8-K is hereby incorporated by reference into this Item 2.03.
