PROXY STATEMENT

GENERAL INFORMATION

This proxy statement is solicited on behalf of the Board of Directors of Performance Technologies, Incorporated ("PT" , the Company , we , us , our) to be used at our Annual Meeting of Stockholders, which will be held at our principal executive office, 205 Indigo Creek Drive, Rochester, New York 14626, at 10:00 a.m., New York time, on Thursday, June 9, 2011 (the Meeting), and at any adjournments thereof. This proxy statement, the accompanying form of proxy, and our 2010 annual report to stockholders are first being mailed to our stockholders on or about May 6, 2011.

The proxy, when properly executed and received by our Secretary prior to the Meeting, will be voted as therein specified unless revoked by filing a written revocation or a duly executed proxy bearing a later date with our Secretary prior to the Meeting. A stockholder of record may also revoke a proxy in person at the Meeting. Unless authority to vote for the director nominee is specifically withheld, a signed proxy will be voted FOR the election of the director nominee named herein and, unless otherwise indicated, FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

The full cost of soliciting proxies will be borne by the Company. In addition to solicitation by use of the mails, directors, officers or our regular employees, without extra compensation, may solicit proxies personally, by telephone, email or facsimile transmission. We requested persons holding stock for others in their names or in the names of nominees to forward soliciting material to the beneficial owners of such shares and will, if requested, reimburse such persons for their reasonable expenses in so doing.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on June 9, 2011

As required by rules adopted by the Securities and Exchange Commission, we are making this proxy statement, form of proxy and 2010 annual report to stockholders available to you on the internet at www.pt.com.

VOTES REQUIRED

Stockholders may vote by mail, telephone or the Internet. For some stockholders, information regarding telephone and Internet voting is included in the proxy card instructions. Our total outstanding shares of capital stock as of April 14, 2011, the record date for the Meeting (the Record Date), consisted of 11,116,397 shares of Common Stock, par value \$.01 per share (the Common Stock). Only holders of record of Common Stock on the books of the Company at the close of business on the Record Date are entitled to notice of and to vote at the Meeting and at any adjournments thereof. Each holder of Common Stock is entitled to one vote for each share of Common Stock registered in the holder's name. A majority of the outstanding shares of Common Stock, represented in person or by proxy at the Meeting, will constitute a quorum for the transaction of all business, as provided in the Company's by-laws.

Pursuant to the provisions of the Delaware General Corporation Law, directors shall be elected by a plurality of the votes cast by the holders of shares of our Common Stock present in person or represented by proxy at the Meeting and entitled to vote at the Meeting. Because directors are elected by a plurality of the votes cast, withholding authority to vote with respect to the nominee will have no effect on the outcome of the election, although such shares would be counted as present for purposes of determining the existence of a quorum. Provided each nominee receives at least one vote in favor of his election, abstentions will have no effect on the election of directors.

The affirmative vote of a majority of the shares present or represented by proxy at the Meeting and entitled to vote at the Meeting is required to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011. Abstentions are treated as shares present and voting, so abstaining has the same effect as a negative vote.

With respect to routine matters, such as the ratification of the selection of the independent registered public accounting firm, a brokerage firm, bank or other nominee has authority (but is not required), under the rules governing self-regulatory organizations (the SRO rules), to vote its clients' shares if the clients do not provide instructions. When a brokerage firm, bank or other nominee votes its clients' securities on routine matters without receiving voting instructions, these shares are counted both for establishing a quorum to conduct business at the meeting and in determining the number of shares voted **FOR** or **AGAINST** such routine matters.

With respect to non-routine matters, including the election of directors, a brokerage firm, bank or other nominee is not permitted under the SRO rules to vote its clients' shares if the clients do not specifically instruct their brokerage firm, bank or other nominee on how to vote their shares. The brokerage firm, bank or other nominee will so note on the vote card, and this constitutes a broker non-vote. Broker non-votes will be counted for purposes of establishing a quorum to conduct business at the meeting but not for determining the number of shares voted **FOR**, **AGAINST** or **ABSTAINING** from any non-routine matters. At the 2011 Annual Meeting of Shareholders, one non-routine matter, the election of one Class I director of the Company with term expiring in 2014, will be presented for a vote.

Accordingly, if you do not vote your proxy, your brokerage firm, bank or other nominee may either: (i) vote your shares on routine matters and cast a broker non-vote on non-routine matters, or (ii) leave your shares un-voted altogether. Therefore, we encourage you to provide instructions to your brokerage firm, bank or other nominee by voting your proxy. This action ensures that your shares and voting preferences will be fully represented at the meeting.

CORPORATE GOVERNANCE

Overview

The Company has a history of good corporate governance practices, which have aided our long-term success. The Board of Directors (the Board) and management have recognized for many years the need for sound corporate governance practices in fulfilling their respective duties and responsibilities to our stockholders.

The Board provides oversight with respect to our overall performance, strategic direction and key corporate policies. It approves major initiatives, advises on key financial and business objectives, and monitors progress with respect to these matters. Members of the Board are kept informed of our business by various reports and documents provided to them on a regular basis, including operating and financial reports made at Board and committee meetings by the chairman and other officers. The Board has three standing committees: Audit Committee, Compensation Committee and Nomination Committee.

On an annual basis, each director and executive officer is obligated to complete a director and officer questionnaire. The questionnaire requires disclosure of any transactions with the Company in which the director or executive officer, or any member of his or her immediate family, has a direct or indirect material interest. The Board is charged with addressing any conflict of interest involving the chairman, the chief executive officer, the chief financial officer, or any elected officer of the Company.

Director Independence

There were no transactions with related persons, as defined by the rules of the Securities and Exchange Commission, during 2010.

Each year, the Board affirmatively determines the independence of each director and nominee for election as a director as required by the NASDAQ Listing Standards.

Based on these standards, the Board affirmatively determined that each of the following non-employee directors is independent and has no relationship with the Company, except as a director and, if applicable, stockholder of the Company:

(1) Dennis C. Connors
(2) Charles E. Maginness
(3) Stuart B. Meisenzahl

(4) E. Mark Rajkowski
(5) Robert L. Tillman

In addition, based on such standards, the Board affirmatively determined that John M. Slusser is not independent because he is the chairman, president and chief executive officer of the Company.

Board Leadership and Risk Management

Current Leadership Structure

John M. Slusser holds the position of Chairman, Chief Executive Officer and President. The Board currently believes that the Company and its stockholders are best served by having Mr. Slusser serve in both positions. As PT's founder, Mr. Slusser is most familiar with our business and the unique challenges we face in the current environment. The Board believes Mr. Slusser is best positioned to set the agenda items and lead discussions on the important matters affecting us. Mr. Slusser's wealth of knowledge regarding Company operations and the markets in which we compete qualifies him to best identify matters for Board review and deliberation. Additionally, the combined role of Chairman and CEO facilitates centralized Board leadership in one person so there is no ambiguity about accountability. This structure also eliminates conflict between two leaders and minimizes the likelihood of two spokespersons sending different messages. Other than Mr. Slusser, all members of the Board are independent and our key committees are comprised solely of independent Board members. In addition, at each regularly scheduled Board meeting, independent directors are provided an opportunity to meet in an executive session without Mr. Slusser present to review Company performance, management effectiveness, proposed programs and transactions and items for subsequent Board meeting agendas.

The Board's Role in Risk Oversight

Our Board is responsible for oversight of PT's risk assessment and risk management process. The Audit Committee is responsible for financial and accounting risk oversight, including risk associated with financial statements and internal controls. The Compensation Committee is responsible for compensation risk oversight, including the design of compensation programs. Our Board is responsible for enterprise-wide risk management oversight, including risks associated with our operations and strategic direction. Our Board performs this function in a number of ways, including:

at its regularly scheduled meetings, the Board receives management updates on our business operations, financial results, and strategy, and discusses risks related to the business; and
at its regularly scheduled meetings, the Board receives committee reports and management updates on risks overseen by the Board committees, and discusses such risks.

Management is responsible for day-to-day risk management. This risk management responsibility includes identifying, evaluating and addressing potential risks that may exist at the enterprise, operational, strategic, financial, regulatory and/or reporting levels and reporting material and significant risks to the Board. In addition, our Chief Financial Officer reports to our Audit Committee on financial statement and internal controls risk.

Nominations of Directors

Identifying Candidates

The Nominating Committee has a written charter available in the Investors section of our website at www.pt.com, which specifically sets forth the duties of the Nominating Committee. The Nominating Committee is responsible for identifying and screening potential director candidates and recommending qualified candidates to the Board for nomination. The Committee uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. In addition, the Nominating Committee considers recommendations of potential candidates from current directors, management and stockholders. The Committee intends to evaluate candidates, whether the candidate was recommended by a stockholder or by the Nominating Committee, in the same manner. Stockholders who wish to recommend individuals for consideration by the Nominating Committee to become nominees for election to the Board may do so by delivering a written recommendation to the attention of the Nominating Committee at the address set forth on the cover of this proxy statement. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of our Common Stock. In addition, any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

Qualifications and Diversity

The Nominating Committee selects individuals as director nominees based on their business and professional accomplishments, integrity, demonstrated ability to make independent analytical inquiries, ability to understand our business, absence of conflicts of interest, and willingness to devote the necessary time to Board duties. Neither the Board nor the Nominating Committee has set minimum requirements with respect to age, education or years of business experience or set specific required skill sets for directors, but the Committee requires that each director has a proven record of success and leadership. The Nominating Committee seeks to structure the Board such that it consists of a diverse group of individuals, each with a unique combination of skills, experience, and background. The Committee has no set diversity policy or targets, but will place appropriate emphasis on certain skills, experience, or background that it determines add or would add value to our Board. Knowledge of our industry and strategic perspective, as well as financial and accounting expertise and experience on other boards are examples of attributes that our Board and the Nominating Committee consider to be key. The Nominating Committee also considers effective interaction among Board members and between the Board and management to be crucial factors in considering individuals for nomination.

Candidate Selection Process

New candidates for director nominees are reviewed in the context of the current composition of the Board, our operating requirements and the long-term interests of our stockholders. In conducting this assessment, the Nominating Committee considers diversity, maturity, skills and such other factors as it deems appropriate given our current needs and the needs of our Board to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating Committee reviews such directors' overall service to us during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Nominating Committee also determines whether the nominee is independent, which determination is based upon applicable NASDAQ Listing Standards, applicable rules and regulations of the United States Securities and Exchange Commission (the "SEC"), and the advice of counsel, if necessary. The Nominating Committee conducts inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board.

Regardless of how a candidate is brought to the Nominating Committee's attention, qualified candidates are asked to conduct one or more personal interviews with members of the Board. Chosen candidates are extended invitations to join the Board. If a candidate accepts, he or she is formally nominated.

Code of Business Conduct and Ethics

The Company's Code of Business Conduct and Ethics (the Code) applies to all directors, officers and employees or associates of the Company and its subsidiary companies. It is intended to promote the highest standards of honesty and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships, full and understandable disclosure in reports and documents filed with the SEC, compliance with applicable governmental rules and regulations, the prompt reporting of violations of the Code to an appropriate person or persons identified in the Code, and accountability for adherence to the Code. MEETINGS AND COMMITTEES OF THE BOARD

The Board

Each director is expected to devote sufficient time, energy and attention to ensure diligent performance of his duties and to attend all Board, committee and stockholders meetings. Our Board held eight meetings during 2010, of which four were regularly scheduled meetings and four were held to address particular matters. All of the directors attended at least 75 percent of the Board and committee meetings that required their attendance. As required by the NASDAQ Listing Standards, it is the policy of the Board that the independent members of the Board meet regularly in executive (private) sessions at which only independent directors are present. All of our directors attended the 2010 Annual Meeting of Stockholders.

Committees of the Board

The Board has three standing committees to facilitate and assist the Board in the execution of its responsibilities. The committees are currently the Audit Committee, the Nominating Committee and the Compensation Committee. In accordance with the NASDAQ Listing Standards, all the committees are comprised solely of non-employee, independent directors. The table below shows current membership for each of the Board committees:

Audit Committee	Nominating Committee	Compensation Committee
Dennis C. Connors	Dennis C. Connors	Charles E. Maginness*
Stuart B. Meisenzahl	Charles E. Maginness	Stuart B. Meisenzahl
E. Mark Rajkowski*	Robert L. Tillman*	Robert L. Tillman

* Denotes Committee Chairperson

In addition to the three standing committees mentioned above, on occasion the Board convenes a special Strategic Planning Committee to provide input and advice to senior management with respect to certain initiatives and other matters related to the strategic direction of the Company. This committee is comprised of Dennis C. Connors, Charles E. Maginness, John M. Slusser and Robert L. Tillman, all of whom (with the exception of Mr. Slusser) are independent directors. This special committee met twice during 2010.

Audit Committee

The Audit Committee has three members and met six times during 2010. The Audit Committee is responsible for reviewing our financial reporting procedures and attending to related matters, as discussed in the Audit Committee's charter. The written charter for the Audit Committee, which was adopted by the Board, more specifically sets forth the duties of the Audit Committee and is available in the Investors section of our website at www.pt.com. All of the members of the Audit Committee are financially literate and qualify as being independent under the NASDAQ Listing Standards and applicable SEC rules. In addition, the Board has determined that Mr. Rajkowski qualifies as an audit committee financial expert under applicable SEC rules. On June 7, 2010, the Company announced that Mr. Rajkowski had informed the Board of Directors of his intent to not seek re-election when his current Board term expires at the 2011 Annual Meeting. Accordingly, Mr. Rajkowski will no longer serve as a member of the Board of Directors, Chairperson of the Audit Committee or as audit committee financial expert under applicable SEC rules after the 2011 Annual Meeting. The Company is currently engaged in efforts to identify an appropriate replacement to serve as an audit committee financial expert in Mr. Rajkowski's absence. Until these efforts are successful, the Company will at least temporarily not have an Audit Committee member who qualifies as an audit committee financial expert.

The Audit Committee's responsibilities, which are set forth in detail in its charter, include the following:

- Establish policies and procedures for, and review and approve the appointment, compensation and termination of, the independent registered public accounting firm;
- Review with the independent registered public accounting firm and financial management of the Company and approve the scope of the audit;
- Pre-approve all audit and permissible non-audit fees;
- Hold meetings periodically with the independent registered public accounting firm, the Board and management to review and monitor the adequacy and effectiveness of reporting, internal controls and compliance with Company policies;
- Review consolidated financial statements and disclosures;

- Review with management and the registered independent public accounting firm and approve disclosure controls and procedures and accounting principles and practices; and
- Perform other functions or duties deemed appropriate by the Board.

Nominating Committee

The Nominating Committee has three members and did not meet during 2010. The director nominee was nominated for re-election by the full Board. The Committee is comprised solely of non-employee directors, all of whom the Board has determined are independent pursuant to the NASDAQ Listing Standards. The Board has adopted a charter for the Nominating Committee, which is available in the Investors section of our website at www.pt.com.

The Nominating Committee's responsibilities, which are set forth in detail in its charter, include the following:

- Develop qualifications/criteria for selecting and evaluating director nominees and evaluating current directors;
- Consider and propose director nominees for election at the Annual Meeting of Stockholders;
- Select candidates to fill Board vacancies as they may occur;
- Make recommendations to the Board regarding Board committee memberships;
- Consider the independence of each director and nominee for director; and
- Perform other functions or duties deemed appropriate by the Board.

Compensation Committee

The Compensation Committee has three members and met once during 2010. The Compensation Committee is comprised solely of non-employee directors, all of whom the Board has determined are independent pursuant to the NASDAQ Listing Standards. The Board has adopted a charter for the Compensation Committee, which is available in the Investors section of our website at www.pt.com.

The Compensation Committee's responsibilities, which are set forth in detail in its charter, include the following:

- Establish the base salary, incentive compensation and any other compensation for the Company's president and chief executive officer, review the chief executive officer's recommendations for the compensation of certain executive officers reporting to him, and set and approve such compensation;
- Monitor the Company's management incentive and stock-based compensation plans and discharge the duties imposed on the Committee by the terms of those plans; and
- Perform other functions or duties deemed appropriate by the Board.

Compensation decisions for the executive officers of the Company and the Company's directors are made by the Compensation Committee. Periodically, the Compensation Committee has engaged outside executive compensation consultants to assist in evaluating the components of the executive compensation program, although no such firm was engaged during 2010. The competitive analysis developed by these firms has been helpful in constructing the compensation package for the chief executive officer and the other executive officers.

The Compensation Committee's chairman reports the Committee's recommendations on executive compensation to the Board. The Compensation Committee has authority under its charter to retain, approve fees for and terminate advisors and consultants as it deems necessary to assist in the fulfillment of its responsibilities.

PROPOSAL 1

ELECTION OF DIRECTOR

Our Board currently consists of six members: John M. Slusser, Dennis C. Connors, Charles E. Maginness, Stuart B. Meisenzahl, E. Mark Rajkowski* and Robert L. Tillman. The Board is divided into three classes with staggered terms. At this year's Annual Meeting, proxies will be solicited to re-elect Charles E. Maginness as a Class I director to serve until the 2014 annual meeting or until his successor is elected and qualified. Mr. Maginness has agreed to serve as a director if elected. Proxies may not be voted for more than one Class I director. After the election at the Annual Meeting, we will have directors in each of our three classes, a majority of whom will be independent under the NASDAQ Listing Standards. The terms of our directors are staggered so that only one class is elected at each Annual Meeting of Stockholders.

Our Board recommends the election of one nominee named below, who is currently a director. Our Board does not contemplate that the nominee will be unable to serve as a director, but if this should occur prior to the voting of the proxies, the persons named in the enclosed proxy reserve the right to vote for such substitute nominee or nominees as they, in their discretion, shall determine.

* On June 7, 2010, the Company announced that Mr. Rajkowski had informed the Board of Directors of his intent to not seek re-election when his current Board term expires at the 2011 Annual Meeting.

COMPENSATION RISK OVERSIGHT

The Board maintains active oversight of the material risks that face the Company. As part of that process, the compensation committee is charged with the ongoing management of risks arising from our compensation policies and programs. As part of its oversight role, the Compensation Committee determines whether the risks related to the design and operation of the Company's compensation plans and programs, if present, are reasonably likely to have a material adverse effect on the Company.

We believe that our compensation policies and practices do not encourage excessive risk-taking and are not reasonably likely to have a material adverse effect on the Company. The various mitigating factors which support this conclusion include:

- Oversight of the annual and long-term contingent compensation programs by our Compensation Committee;
- Management oversight of key plans and programs, including setting financial and operating goals;
- Multi-year vesting requirements which encourage long-term perspectives among participants; and
- The lack of having a Short-Term Incentive Program during the past three years because the Company's financial performance did not meet the Committee's minimum expectations.

EXECUTIVE COMPENSATION

Overview of Compensation Program

The Compensation Committee (the Committee) of the Board has responsibility for establishing, implementing and continually monitoring executive compensation. The Committee's focus is to establish compensation at levels necessary to attract, retain and motivate the best possible executive talent. Historically, the Committee has developed our executive compensation programs based on input from our Chief Executive Officer, third-party compensation surveys, the officers' current compensation, our financial condition, our operating results, and individual performance.

Throughout this section, the individual who served as the Company's Chief Executive Officer during 2010, as well as the other individuals included in the 2010 Summary Compensation Table included below, are referred to as the Named Executive Officers.

For the year ended December 31, 2010, the principal components of compensation for our Named Executive Officers consisted of base salary and long-term incentive award compensation. Historically, the Committee has established a short term incentive program to recognize exceptional performance and to assist in catching up with the targeted compensation goal. However, during the past two years, the Company's financial performance has not met the Committee's minimum expectations for such a program.

2010 SUMMARY COMPENSATION TABLE

The table below summarizes the total compensation paid or earned by each of the Named Executive Officers for the years ended December 31, 2010 and 2009:

A discussion of the assumptions used in calculating the amount is set forth in Note J, *Stock-based Compensation Expense*, to the Consolidated Financial Statements included in the Company's current Annual Report on Form 10-K filed March 31, 2011.

PT grants awards of equity compensation under our 2003 Omnibus Incentive Plan. On January 18, 2010, we granted the following number of stock options to each of our Named Executive Officers: Mr. Slusser - 75,000; Mr. Lamb 35,000; and Mr. Rice 40,000. The exercise price of these options was \$2.97, which was the closing price of our Common Stock on the date of grant. PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Committee views severance protection for executive officers as a necessary part of compensation to remain competitive in the market. The Named Executive Officers and certain other key executives are eligible for certain benefits in the event their employment is terminated without cause. These benefits are:

- Subject to our regular payroll policies and practices, the continuation of salary, automobile, and health insurance benefits for six months after the date the executive employee's employment ends;
- Accelerated vesting of all outstanding stock options that would have vested within one year from the date of termination; and
- The payment of any earned but unpaid bonus for the prior year.

The Board has determined that "cause" means (i) continually and willfully failing to perform the lawful responsibilities assigned to the executive employee; (ii) engaging in conduct that is demonstrably and materially harmful to the Company, including, but not limited to, engaging in inappropriate conduct toward other personnel or customers of the Company, being under the influence of alcohol or non-prescription drugs while at work, failing to comply with the provisions of a confidentiality agreement; (iii) misappropriating the Company's property; (iv) being convicted of a felony or other crimes of moral turpitude; or (v) mishandling material, nonpublic information.

The following table sets forth the estimated payments that would be made in the event of a termination without cause or change in control for the Named Executive Officers who are currently employed by the Company as of December 31, 2010:

	Mr. Slusser	Mr. Lamb	Mr. Rice
Cash severance payment	\$165,000	\$118,801	\$100,002
Accelerated stock options ⁽¹⁾	-	-	-
Continued health care benefits	-	1,717	4,362
Continued auto allowance	3,000	1,200	3,000
Total	\$168,000	\$121,718	\$107,364

(1) This amount would be based on the difference between the closing price of our Common Stock on December 31, 2010 and the exercise prices for each option for which vesting would accelerate.

ESTIMATED VALUE ON CHANGE IN CONTROL

Certain stock options granted to the Named Executive Officers will vest immediately in the event of a change in control. The exercise price of these options was greater than the closing price of the Company's Common Stock on December 31, 2010.

DIRECTOR COMPENSATION

2010 Director Compensation

The Company uses a combination of cash and stock option-based compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Company considers the significant amount of time that directors expend in fulfilling their duties to the Company as well as the skill level required by the Company of members of the Board. Board compensation is determined by the Compensation Committee of the Board.

Cash Compensation Paid to Board Members

For the year ended December 31, 2010, members of the Board who are not employees of the Company are entitled to receive \$15,000 if they attend at least 75 percent of the scheduled Board meetings and an additional \$1,000 for each meeting attended, including meetings attended telephonically. The Chairman of the Board, if a non-employee, would receive an annual retainer of \$10,000. The Board Secretary, if a non-employee, receives an annual retainer of \$1,000, and an additional \$500 for each meeting attended. Directors who serve as a committee chair, or committee member, receive an annual retainer of \$5,000 and \$2,500, respectively, for the Audit Committee; \$2,500 and \$1,250, respectively for the Compensation Committee; and \$1,500 and \$750, respectively for the Nominating Committee. In addition, each committee member receives \$500 for each committee meeting attended. In addition to compensation paid to Board members, each member also receives reimbursement for reasonable company-related travel expenses.

Stock Option Program

Each non-employee director receives a stock option grant for 10,000 shares of Common Stock on the day of our Annual Meeting of Stockholders. The exercise price for these options is the fair market value of our Common Stock as of market close on the date of the option grant. Options vest on the first anniversary of the grant date and expire five years from the date of grant.

Such officers, directors and 10% stockholders are also required by SEC rules to furnish us with copies of all Section 16(a) reports that they file.

Based solely on our review of such reports furnished to us and written representations from certain reporting persons, we believe that our executive officers, directors and more than 10% stockholders timely filed all Section 16(a) reports required to be filed by them during the most recent fiscal year.
