GENERAL INFORMATION

This Information Statement has been filed with the Securities and Exchange Commission and is being furnished, pursuant to Section 14C of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), to the holders of the common stock (the "Stockholders"), par value \$0.001 per share (the "Common Stock"), of China Pharma Holdings, Inc., a Delaware Corporation (the "Company"), to notify such Stockholders of the following:

On September 2, 2009, the Board of Directors (the "Board") unanimously adopted resolutions approving the Restated Certificate as set forth in Appendix A and the adoption of 2009 Stock Option Plan as set forth in Appendix B. The Board recommended that the Stockholders approve the Restated Certificate and the 2009 Stock Option Plan. In order to eliminate the costs and management time involved in holding a special meeting, and in order to accomplish the purposes of the Company as early as possible, the Board decided to utilize the written consent of the Stockholders of the majority outstanding shares of the Company.

On September 3, 2009, the Company received written consents in lieu of a meeting of Stockholders from Stockholders of 23,093,966 shares representing approximately 54.62% of the 42,278,938 total issued and outstanding shares of voting stock of the Company (the "Majority Stockholders"): 1) to approve an amendment and restatement of our Certificate of Amendment of Certificate of Incorporation (the "Restated Certificate"), which will effect a reverse split of the Company's issued and outstanding Common Stock, par value \$0.001 per share (the "Common Stock"), at a ratio to be designated by the Board within a range of one-for-two (1:2) to one-for-three (1:3) ("Reverse Stock Split"); and 2) to adopt the Company's 2009 Stock Option Plan.

Pursuant to Delaware General Corporation Law ("DGCL") and subject to the Shareholders' approval, the Board of Directors of the Company took the above actions on September 2, 2009. According to DGCL, any action that may be taken at any annual or special meeting of the Stockholders may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, is signed by the stockholders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted. The Majority

Stockholders approved the actions by written consent in lieu of a meeting on September 3, 2009, in accordance with the DGCL. Accordingly, your consent is not required and is not being solicited in connection with the approval of the actions.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND A PROXY.

The entire cost of furnishing this Information Statement will be borne by the Company. The Company will request brokerage houses, nominees, custodians, fiduciaries and other like parties to forward this Information Statement to the beneficial owners of the Common Stock held of record by them and will reimburse such persons for their reasonable charges and expenses in connection therewith. The Board has fixed the close of business on September 3, 2009, as the record date (the "Record Date") for the determination of Stockholders who are entitled to receive this Information Statement.

Each share of our Common Stock entitles its Stockholder to one vote on each matter submitted to the Stockholders. However, because the Stockholders holding at least a majority of the voting rights of all outstanding shares of Common Stock as of the Record Date have voted in favor of the foregoing actions by resolution; and having sufficient voting power to approve such proposals through their ownership of the capital stock, no other consents will be solicited in connection with this Information Statement.

You are being provided with this Information Statement pursuant to Section 14C of the Exchange Act and Regulation 14C and Schedule 14C thereunder, and, in accordance therewith, the forgoing actions will not become ratified until at least 20 calendar days after the mailing of this Information Statement.

This Information Statement is being mailed on or about September 25, 2009 to all Stockholders of record as of September 3, 2009. As of September 3, 2009, there were 42,278,938 shares of Common Stock outstanding.

OUTSTANDING VOTING SECURITIES

As of the date of the consent by the Majority Stockholders, September 3, 2009, the Company had 42,278,938 shares of Common Stock issued and outstanding. Each share of outstanding Common Stock is entitled to one vote on matters submitted for Stockholder approval.

On September 3, 2009, the holders of 23,093,966 shares representing approximately 54.62% of the 42,278,938 shares of Common Stock then outstanding executed and delivered to the Company a written consent approving the actions set forth herein. Since the actions have been approved by the Majority Stockholders, no proxies are being solicited with this Information Statement.

The DGCL provides in substance that unless the Company's Certificate of incorporation provides otherwise, stockholders may take action without a meeting of Stockholders and without prior notice if a consent or consents in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to take such action at a meeting at which all shares entitled to vote thereon were present.

**AMENDMENT AND RESTATEMENT OF
OUR CERTIFICATE OF INCORPORATION**

GENERAL

On September 2, 2009, our Board approved, subject to receiving the approval of the Stockholders of a majority of the Company's outstanding shares, an amendment and restatement of our Certificate of Amendment of Certificate of Incorporation, which integrates into a single instrument our current Restated Certificate of Incorporation and to effect the Reverse Stock Split, and our Board also approved the adoption of our 2009 Stock Option Plan. The Majority Stockholders approved the Restated Certificate, the Reverse Stock Split and the 2009 Stock Option Plan pursuant to a Written Consent dated as of September 3, 2009. The proposed Restated Certificate is attached hereto as Appendix A.

APPROVAL OF REVERSE STOCK SPLIT

Upon receiving Stockholder approval, the Board will have the sole discretion to decide the precise ratio of the Reverse Stock Split within a range of 1:2 to 1:3 prior to December 31, 2009. If the Board decides to implement the Reverse Stock Split, it will become effective upon the filing of the Restated Certificate, with the Secretary of State of the State of Delaware. If the Reverse Stock Split is implemented, the number of issued and outstanding shares of Common Stock would be reduced in accordance with an exchange ratio determined by the Board prior to December 31, 2009. Except for adjustments, that may result from the treatment of fractional shares as described below, each Stockholder will hold the same percentage of our outstanding Common Stock immediately following the Reverse Stock Split as such Stockholder held immediately prior to the Reverse Stock Split.

The Board believes that Stockholder approval granting the Board this discretion, rather than approval of a specified exchange ratio, provides the Board with maximum flexibility to react to then-current market conditions and to achieve the desired results of the Reverse Stock Split, therefore, is in the best interests of Company and our Stockholders. If the Board were to effect the Reverse Stock Split, the Board would set the timing for such a split and select the specific ratio within the range of 1:2 to 1:3. No further action on the part of Stockholders would be required to either implement or abandon the Reverse Stock Split. If the Board determines to effect the Reverse Stock Split, we would communicate to the public, prior to the effective date, additional details regarding the Reverse Stock Split, including the specific ratio selected by the Board of Directors. If the Board does not implement the Reverse Stock Split prior to December 31, 2009, the authority granted in this proposal to implement the Reverse Stock Split will terminate. The Board of Directors reserves its right to elect not to proceed with the Reverse Stock Split if it determines, in its sole discretion, that this proposal is no longer in the best interests of the Company.

PURPOSE OF THE REVERSE STOCK SPLIT

In the past three fiscal years of 2008, 2007, and 2006 respectively, our business operations have experienced continuous development. In light of our business performance and growth potential, the Board believes that it is in the best interest of our Stockholders and the Company to move the Company from the OTC Bulletin Board up to a senior national stock exchange, including NASDAQ or NYSE AMEX, which has higher initial listing criteria, including a minimum bid price threshold. The Reverse Stock Split may increase the price level of our Common Stock to meet the minimum bid price standard. To be listed on a senior national stock exchange will create a more liquid public market for our Common Stock, and therefore may increase our Stockholders' return on their investment.

The Board further believes that an increased stock price may encourage investor interest and improve the marketability of our Common Stock to a broader range of investors, thus enhancing its liquidity.

The Board believes that having authority to implement the Reverse Stock Split, if and when it determines such to be appropriate, is in the best interests of Stockholders.

DETERMINATION OF THE RATIO FOR THE REVERSE STOCK SPLIT

The ratio of the Reverse Stock Split will be determined by the Board, in its sole discretion. However, the ratio will not exceed a ratio of one-for-three (1:3) or be less than a ratio of one-for-two (1:2). The purpose of selecting a range is to give the Board the flexibility to meet business needs as they arise, to take advantage of favorable opportunities and to respond to a changing corporate environment.

In determining the range of Reverse Stock Split ratios listed herein, the Board considered numerous factors, including:

- the historical and projected performance of the Common Stock and volume level before and after the Reverse Stock Split;
- prevailing market conditions and general economic and other related conditions prevailing in our industry and in the marketplace generally;
- the projected impact of the Reverse Stock Split ratio on trading liquidity in the Common Stock;
- the prevailing trading price for the Common Stock and the volume level thereof; and
- potential devaluation of our market capitalization as a result of the Reverse Stock Split.

The Board of Directors will further consider these issues when it determines the precise reverse stock split ratio.

POTENTIAL EFFECTS OF THE REVERSE STOCK SPLIT

The Reverse Stock Split, if implemented, would reduce the number of shares of Common Stock outstanding and potentially increase the trading price of our Common Stock. However, the effect of the Reverse Stock Split upon the market price of our Common Stock cannot be predicted, and the history of similar stock split combinations for companies in like circumstances is varied. There can be no assurance that the market price per share of our Common Stock after the Reverse Stock Split will rise in proportion to the reduction in the number of shares of Common Stock outstanding resulting from the Reverse Stock Split. The market price of our Common Stock may also be based on our performance and other factors, some of which may be unrelated to the number of shares outstanding.

The Reverse Stock Split will affect all of our Stockholders uniformly and will not affect any Stockholder's percentage ownership interests in the Company or proportionate voting power, except to the extent that the Reverse Stock Split results in any of our Stockholders owning a fractional share. All Stockholders holding a fractional share shall be issued an additional share. The approximate number of shares of Common Stock that would be outstanding as a result of the proposed Reverse Stock Split, based on 42,278,938 shares of Common Stock outstanding as of September 3, 2009 would be as low as 14,092,980 if a 1:3 split were effected.

The following table shows, based on our outstanding shares as of September 3, 2009, the number of shares of our Common Stock that will be (1) issued and outstanding, (2) authorized and reserved for issuance and (3) authorized and unreserved after the adoption of a Reverse Stock Split, showing various ratios between 1:2 and 1:3.

Number of Shares after a Reverse Stock Split**as of September 3, 2009**

	Current	Reverse Split 1 for	
		2	3
Shares issued and outstanding	42,278,938	21,139,469	14,092,980
Warrants	2,961,274	1,480,637	987,092
Total	45,240,212	22,620,106	15,080,072
Total Authorized		60,000,000	

Edgar Filing: CHINA PHARMA HOLDINGS, INC. - Form PRE 14C

Total Unissued and Unreserved	14,759,788	37,379,894	44,919,928
----------------------------------	------------	------------	------------

The Reverse Stock Split will not affect the par value of our Common Stock. As a result, on the effective date of the Reverse Stock Split, the stated capital on our balance sheet attributable to our Common Stock will be reduced to less than the present amount, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. The per-share net income or loss and net book value of our Common Stock will be increased because there will be fewer shares of our Common Stock outstanding.

The Reverse Stock Split will not change the proportionate equity interest of our Stockholders, nor will the respective voting rights and other rights of Stockholders be altered, except for possible immaterial changes. The Common Stock issued pursuant to the Reverse Stock Split will remain fully paid and non-assessable. The Reverse Stock Split is not intended as, and will not have the effect of, a "going private transaction" covered by Rule 13e-3 under the Securities Exchange Act of 1934. We will continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934.

Stockholders should recognize that they will own a fewer number of shares than they presently own. While we expect that the Reverse Stock Split will result in an increase in the potential market price of our Common Stock, there can be no assurance that the Reverse Stock Split will increase the potential market price of our Common Stock by a multiple equal to the exchange number or result in the permanent increase in any potential market price (which is dependent upon many factors, including our performance and prospects). Also, should the market price of our Common Stock decline, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would pertain in the absence of a reverse split. Furthermore, the possibility exists that potential liquidity in the market price of our Common Stock could be adversely affected by the reduced number of shares that would be outstanding after the Reverse Stock Split. In addition, the Reverse Stock Split will increase the number of Stockholders of the Company who own odd lots (less than 100 shares). Stockholders who hold odd lots typically will experience an increase in the cost of selling their shares, as well as possible greater difficulty in effecting such sales. Consequently, there can be no assurance that the Reverse Stock Split will achieve the desired results that have been outlined above.

The Reverse Stock Split would not change the number of authorized shares of the Common Stock as designated by our Certificate of Incorporation. Therefore, because the number of issued and outstanding shares of Common Stock would decrease, upon effectiveness of the Reverse Stock Split, the number of shares remaining available for issuance under our authorized pool of Common Stock would increase. These additional shares of Common Stock would be available for issuance for corporate purposes such as raising additional capital, and acquisitions of companies or assets. If we issue additional shares for any of these purposes, the ownership interest of our current Stockholders would be diluted. There are no current plans or arrangements to issue any additional shares of our Common Stock, and the Reverse Stock Split is not in relation to any above potential financing activities.

POSSIBLE DISADVANTAGES OF REVERSE STOCK SPLIT

Even though the Board believes that the potential advantages of the Reverse Stock Split outweigh any disadvantages that might result, the following are some of the possible disadvantages of the Reverse Stock Split:

- The reduced number of outstanding shares of our Common Stock resulting from the Reverse Stock Split could adversely affect the liquidity of our Common Stock.
- The Reverse Stock Split could result in a significant devaluation of the Company's market capitalization and the trading price of our Common Stock, on an actual or an as-adjusted basis, based on the experience of other companies that have accomplished reverse stock splits.
- The Reverse Stock Split may leave certain Stockholders with one or more "odd lots," which are stock holdings in amounts of fewer than 100 shares of our Common Stock. These odd lots may be more difficult to sell than shares of Common Stock in even multiples of 100. Additionally, any reduction in brokerage commissions resulting from the Reverse Stock Split, as discussed above, may be offset, in whole or in part, by increased brokerage commissions required to be paid by Stockholders selling odd lots created by the Reverse Stock Split.

Edgar Filing: CHINA PHARMA HOLDINGS, INC. - Form PRE 14C

- There can be no assurance that the market price per new share of our Common Stock after the Reverse Stock Split will remain unchanged or increase in proportion to the reduction in the number of old shares of our Common Stock outstanding before the Reverse Stock Split.
 - The total market capitalization of our Common Stock after the Reverse Stock Split may be lower than the total market capitalization before the Reverse Stock Split and, in the future, the market price of our Common Stock following the Reverse Stock Split may not exceed or remain higher than the market price prior to the Reverse Stock Split.
-

PRINCIPAL EFFECTS OF THE REVERSE STOCK SPLIT

Upon implementation of the Reverse Stock Split, the Company will amend and restate the Company's Certificate of Amendment of Certificate of Incorporation, as amended relating to the Company's authorized capital, in its entirety to read as follows:

"4. The total number of shares of stock which the Corporation shall have the authority to issue is Sixty Million (60,000,000) shares, all of which shares shall consist of common stock, par value \$0.001 per share.

Upon this Amended and Restated Certificate of Incorporation becoming effective pursuant to the General Corporation Law of the State of Delaware (the "Effective Date"), each share of common stock, par value \$0.001 per share (the "Old Common Stock"), issued and outstanding immediately prior to the Effective Date will automatically be reclassified as and changed into one- (1/) of a share of common stock, par value \$0.001 per share of the Corporation (the "New Common Stock"). Each outstanding stock certificate which immediately before the Effective Date represented one or more shares of Old Common Stock shall thereafter, automatically and without the necessity of surrendering the same for exchange, represent the number of whole shares of New Common Stock determined by multiplying the number of shares of Old Common Stock represented by such certificate immediately prior to the Effective Date by one- (1/), and shares of Old Common Stock held in uncertificated form shall be treated in the same manner. Stockholders who would otherwise be entitled to receive fractional share interests of Common Stock shall instead receive a cash payment equal to the fraction multiplied by the closing sales price of our Common Stock on the effective date."

The Restated Certificate filed with the Secretary of State of the State of Delaware will include only those numbers determined by the Board of Directors to be in the best interests of the Company and its Stockholders. The Board of Directors will not implement any subsequent amendments providing additional splits without first obtaining the approval of the Stockholders.

EFFECT ON OPTIONS AND WARRANTS

All the terms of options, warrants, and other securities of Company entitling their Stockholders to purchase would be adjusted as a result of the Reverse Stock Split, as required by the terms of these securities. The Reverse Stock Split, when implemented, will affect the outstanding options to purchase our Common Stock. Our 2009 Stock Option Plan includes provisions for appropriate adjustments to the number of shares of common stock covered by stock options and other grants of stock-based awards under the plan, as well as the per share exercise prices. If the Reverse Stock Split is implemented, an outstanding stock option to purchase one share of our Common Stock would thereafter evidence the right to purchase a fraction of a share of our Common Stock consistent with the Reverse Stock Split ratio designated by the Board (rounding any fractional shares up to the nearest whole share), and the exercise price per share would be a corresponding multiple of the previous exercise price (rounded down to the nearest cent). For example, if we effect a 1-for-2 reverse stock split, a pre-split option for 1,000,000 shares of Common Stock with an exercise price of \$1.00 per share would be converted post-split into an option to purchase 500,000 shares of Common Stock with the an exercise price of \$2.00 per share. Further, the number of shares of our Common Stock reserved for issuance under the plan will be reduced by the same ratio.

PROCEDURE FOR EFFECTING THE REVERSE STOCK SPLIT AND EXCHANGE OF STOCK CERTIFICATES

The Company will file the Restated Certificate with the Secretary of State of Delaware at such time as the Board has determined the appropriate effective time for the Reverse Stock Split ("Effective Date"). The form of the Restated Certificate would be tailored to the specific Reverse Stock Split ratio to be effected. The Reverse Stock Split will become effective on the Effective Date. Beginning on the Effective Date, each certificate representing old shares will be deemed for all corporate purposes to evidence ownership of new shares.

As soon as practicable after the Effective Date, Stockholders will be notified that the Reverse Stock Split has been effected. The Reverse Stock Split will take place on the Effective Date without any action on the part of the Stockholders of the Common Stock and without regard to current certificates representing shares of Common Stock being physically surrendered for certificates representing the number of shares of Common Stock each Stockholder is entitled to receive as a result of the Reverse Stock Split.

ACCOUNTING CONSEQUENCES

The Reverse Stock Split will not affect the par value of our Common Stock. As a result, on the Effective Date of the Reverse Stock Split, we will reduce the Common Stock account on our balance sheet to correspond to the ratio of the Reverse Stock Split, and credit the capital in excess of par value account by the same amount. We will increase the per share net income or loss and net book value of our Common Stock because there will be fewer shares of our Common Stock outstanding.

FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of certain material federal income tax consequences of the Reverse Stock Split and does not purport to be a complete discussion of all of the possible federal income tax consequences of the Reverse Stock Split and is included for general information only. Further, it does not address any state, local or foreign income or other tax consequences. For example, the state and local tax consequences of the Reverse Stock Split may vary significantly as to each stockholder, depending upon the state in which such stockholder resides. Also, it does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. The discussion is based on the provisions of the United States federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the old shares were, and the new shares will be, held as a "capital asset," as defined in the Internal Revenue Code of 1986, as amended (the "Code") (generally, property held for investment). The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. Each stockholder is urged to consult with such stockholder's own tax advisor with respect to the tax consequences of the Reverse Stock Split.

No gain or loss should be recognized by a Stockholder upon such Stockholder's exchange of old shares for new shares pursuant to the Reverse Stock Split. The aggregate tax basis of the new shares received in the Reverse Stock Split (including any fraction of a new share deemed to have been received) will be the same as the Stockholder's aggregate tax basis in the old shares exchanged therefor. The Stockholder's holding period for the new shares will include the period during which the Stockholder held the old shares surrendered in the Reverse Stock Split.

The Company's view regarding the tax consequence of the Reverse Stock Split is not binding on the Internal Revenue Service or the courts. Accordingly, each Stockholder should consult with such Stockholder's own tax advisor with respect to all of the potential tax consequences to such Stockholder of the Reverse Stock Split.

DISSENTER'S RIGHTS

Under the Delaware General Corporation Law, the Company's Stockholders are not entitled to dissenter's rights with respect to the Restated Certificate, and the Company will not independently provide Stockholders with any such right.

The Board may authorize one or more Officers to grant such Options and may limit such authority as the Board determines from time to time.

(iii) Administration Errors. In the event an Option is granted in a manner inconsistent with the provisions of this subsection (a), such Option shall be presumptively valid as of its grant date to the extent permitted by the Applicable Laws.

(b) Powers of the Administrator. Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Administrator hereunder), and except as otherwise provided by the Board, the Administrator shall have the authority, in its discretion:

In addition to such other rights of indemnification as they may have as members of the Board or as Officers or Employees of the Company or a Related Entity, members of the Board and any Officers or Employees of the Company or a Related Entity to whom authority to act for the Board, the Administrator or the Company is delegated shall be defended and indemnified by the Company to the extent permitted by law on an after-tax basis against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any claim, investigation, action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any Option granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by the Company) or paid by them in satisfaction of a judgment in any such claim, investigation, action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such claim, investigation, action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct; provided, however, that within thirty (30) days after the institution of such claim, investigation, action,

suit or proceeding, such person shall offer to the Company, in writing, the opportunity at the Company's expense to defend the same.

5. Eligibility. The Optionees shall be such persons as the Administrator may select from among the Employee and Consultants, provided that Consultants are not eligible to receive Incentive Shares Options.

6. Terms and Conditions of Options.

(a) Designation of Option. Each Option shall be designated in the Option Agreement. The Option shall be designated as either an Incentive Share Option or a Non-Qualified Share Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of Shares subject to Options designated as Incentive Share Options which become exercisable for the first time by an Optionee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company) exceeds \$100,000, such excess Options, to the extent of the Shares covered thereby in excess of the foregoing limitation, shall be treated as Non-Qualified Share Options. For this purpose, Incentive Share Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option.

(b) Conditions of Option. Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Option including, but not limited to, the Option vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Option, payment contingencies.

(c) Deferral of Option Payment. The Administrator may establish one or more programs under the Plan to permit selected Optionees the opportunity to elect to defer receipt of consideration upon exercise of an Option, or other event that absent the election would entitle the Optionee to payment or receipt of Shares or other consideration under an Option. The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.

(d) Early Exercise. The Option Agreement may, but need not, include a provision whereby the Optionee may elect at any time while an Employee, Director or Consultant to exercise any part or all of the Option prior to full vesting of the Option. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.

(e) Term of Option. The term of each Option shall be the term stated in the Option Agreement, provided, however, that the term of an Incentive Share Option shall be no more than three (3) years from the date of grant thereof.

(f) Transferability of Options. Incentive Share Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee. Other Options shall be transferable (i) by will and by the laws of descent and distribution and (ii) during the lifetime of the Optionee, to the extent and in the manner authorized by the Administrator. Notwithstanding the foregoing, the Optionee may designate one or more beneficiaries of the Optionee's Option in the event of the Optionee's death on a beneficiary designation form provided by the Administrator.

(g) Termination of Employment Other than by Death or Disability.

(i) If an Optionee ceases to be an Employee for any reason other than his or her death or disability, the Optionee shall have the right, subject to the provisions of this Section 6, to exercise any option held by the Optionee at any time within ninety (90) days after his or her termination of employment, but not beyond the otherwise applicable term of the Option and only to the extent that on such date of termination of employment the Optionee's right to exercise such Option had vested.

(ii) For purposes of this Section 6(g), the employment relationship shall be treated as continuing intact while the Optionee is an active employee of the Company or any Affiliate, or is on military leave, sick leave, or other bona fide leave of absence to be determined in the sole discretion of the Administrator. The preceding sentence notwithstanding, in the case of an Incentive Shares option, employment shall be deemed to terminate on the date the optionee ceases active employment with the Company or any Affiliate, unless the Optionee's reemployment rights are guaranteed by statute or contract.

(h) Death of Optionee.

If an Optionee dies while an Employee, or after ceasing to be an Employee but during the period while he or she could have exercised an Option under Section 6(h), any Option granted to the Optionee may be exercised, to the extent it had vested at the time of death and subject to the Plan, at any time within twelve (12) months after the Optionee's death, by the executors or administrators of his or her estate or by any person or persons who acquire the option by will or the laws of descent and distribution, but not beyond the otherwise applicable term of the Option.

(i) Disability of Optionee.

If an Optionee ceases to be an Employee due to becoming totally and permanently disabled within the meaning of Section 22(e)(3) of the Code, any Option granted to the Optionee may be exercised to the extent it had vested at the time of cessation and, subject to the Plan, at any time within twelve (12) months after the Optionee's termination of employment, but not beyond the otherwise applicable term of the option.

(j) Time of Granting Options. The date of grant of an Option shall for all purposes be the date on which the Administrator makes the determination to grant such Option, or such other date as is determined by the Administrator.

7. Option Exercise or Purchase Price, Consideration and Taxes.

(a) Exercise or Purchase Price. The exercise or purchase price shall be determined by the Administrator, but if any, for an Option shall be as follows:

(i) in the case of an Incentive Share Option: the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant;

(ii) in the case of a Non-Qualified Share Option, the per Share exercise price shall be not less than eighty-five percent (85%) of the Fair Market Value per Share on the date of grant .

(b) Consideration. Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Option including the method of payment, shall be determined by the Administrator (and, in the case of an Incentive Share Option, shall be determined at the time of grant). In addition to any other types of consideration the Administrator may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following:

(i) cash;

(ii) check;

(iv) any combination of the foregoing methods of payment.

(c) Taxes. Upon exercise of an Option the Company shall withhold or collect from Optionee an amount sufficient to satisfy such tax obligations.

8. Exercise of Option.

(a) Procedure for Exercise; Rights as a Shareholder.

(i) Any Option granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Option Agreement.

9. Conditions Upon Issuance of Shares.

(a) Shares shall not be issued pursuant to the exercise of an Option unless the exercise of such Option and the issuance and delivery of such Shares pursuant thereto shall comply with all Applicable Laws, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) As a condition to the exercise of an Option, the Company may require the person exercising such Option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

10. Adjustments Upon Changes in Capitalization.

Subject to any required action by the shareholders of the Company, the number of Shares covered by each outstanding Option, and the number of Shares which have been authorized for issuance under the Plan but as to which no Options have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Option, the maximum number of Shares with respect to which Options may be granted to any Optionee in any fiscal year of the Company, as well as any other terms that the Administrator determines require adjustment shall be proportionately adjusted for (i) any increase or decrease in the number of issued Shares resulting from a share split, reverse share split, share dividend, combination or reclassification of the Shares, or similar transaction affecting the Shares, (ii) any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company, or (iii) as the Administrator may determine in its discretion, any other transaction with respect to Common shares including a corporate merger, consolidation, acquisition of property or equity, separation (including a spin-off or other distribution of shares or property), reorganization, liquidation (whether partial or complete) or any similar transaction; provided, however that conversion of any convertible securities of the Company shall not be deemed to have been “effected without receipt of consideration.” Such adjustment shall be made by the Administrator and its determination shall be final, binding and conclusive. Except as the Administrator determines, no issuance by the Company of shares of any class, or securities convertible into shares of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Option. In the event of a Spin-off Transaction, the Administrator may in its discretion make such adjustments and take such other action as it deems appropriate with respect to outstanding Options under the Plan, including but not limited to: (i) adjustments to the number and kind of shares, the exercise or purchase price per share and the vesting periods of outstanding Options, (ii) prohibit the exercise of Options during certain periods of time prior to the consummation of the Spin-off Transaction, or (iii) the substitution, exchange or grant of Options to purchase securities of the Subsidiary; provided that the Administrator shall not be obligated to make any such adjustments or take any such action hereunder.

11. Corporate Transactions and Changes in Control.

(a) Termination of Option to Extent Not Assumed in Corporate Transaction. Effective upon the consummation of a Corporate Transaction, all outstanding Options under the Plan shall terminate. However, all such Options shall not terminate to the extent they are Assumed in connection with the Corporate Transaction.

(b) Acceleration of Option Upon Corporate Transaction or Change in Control.

(i) Corporate Transaction. The Administrator may determine, in the event of a Corporate Transaction, for the portion of each Option that is neither Assumed nor Replaced, such portion of the Option shall automatically become fully vested and exercisable and be released from any repurchase or forfeiture rights (other than repurchase rights exercisable at Fair Market Value) for all of the Shares (or other consideration) at the time represented by such portion of the Option, immediately prior to the specified effective date of such Corporate Transaction, provided that the Optionee's Continuous Service has not terminated prior to such date.

(ii) Change in Control. The Administrator may determine, in the event of a Change in Control (other than a Change in Control which also is a Corporate Transaction), each Option which is at the time outstanding under the Plan automatically shall become fully vested and exercisable and be released from any repurchase or forfeiture rights (other than repurchase rights exercisable at Fair Market Value), immediately prior to the specified effective date of such Change in Control, for all of the Shares (or other consideration) at the time represented by such Option, provided that the Optionee's Continuous Service has not terminated prior to such date.

(c) Effect of Acceleration on Incentive Stock Options. Any Incentive Stock Option accelerated under this Section 11 in connection with a Corporate Transaction or Change in Control shall remain exercisable as an Incentive Stock Option under the Code only to the extent the \$100,000 dollar limitation of Section 422(d) of the Code is not exceeded.

12. Effective Date and Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the shareholders of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated. Subject to Section 17, below, and Applicable Laws, Options may be granted under the Plan upon its becoming effective.

13. Amendment, Suspension or Termination of the Plan.

(a) The Board may at any time amend, suspend or terminate the Plan; provided, however, that no such amendment shall be made without the approval of the Company's shareholders to the extent such approval is required by Applicable Laws, or if such amendment would change any of the provisions of Section 3(a), Section 4(b)(vi) or this Section 13(a).

(b) No Option may be granted during any suspension of the Plan or after termination of the Plan.

(c) No suspension or termination of the Plan (including termination of the Plan under Section 12, above) shall adversely affect any rights under Options already granted to an Optionee.

14. Reservation of Shares.

(a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

(b) The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

15. No Effect on Terms of Employment/Consulting Relationship. The Plan shall not confer upon any Optionee any right with respect to the Optionee's Continuous Service, nor shall it interfere in any way with his or her right or the right of the Company or any Related Entity to terminate the Optionee's Continuous Service at any time, with or without Cause, and with or without notice. The ability of the Company or any Related Entity to terminate the employment of an Optionee who is employed at will is in no way affected by its determination that the Optionee's Continuous Service has been terminated for Cause for the purposes of this Plan.

16. No Effect on Retirement and Other Benefit Plans. Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Options shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Retirement Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.

17. Shareholder Approval. The grant of Incentive Share Options under the Plan shall be subject to approval by the shareholders of the Company within twelve (12) months after the date the Plan is adopted. Such shareholder approval shall be obtained in the degree and manner required under Applicable Laws. The Administrator may grant Incentive Share Options under the Plan prior to approval by the shareholders, but until such approval is obtained, no such Incentive Share Option shall be exercisable. In the event that shareholder approval is not obtained within the twelve (12) month period provided above, all Incentive Share Options previously granted under the Plan shall be exercisable as Non-Qualified Share Options.

18. Unfunded Obligation. Optionees shall have the status of general unsecured creditors of the Company. Any amounts payable to Optionees pursuant to the Plan shall be unfunded and unsecured obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974, as amended. Neither the Company nor any Related Entity shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Optionee account shall not create or constitute a trust or fiduciary relationship between the Administrator, the Company or any Related Entity and an Optionee, or otherwise create any vested or beneficial interest in any Optionee or the Optionee's creditors in any assets of the Company or a Related Entity. The Optionees shall have no claim against the Company or any Related Entity for any changes in the value of any assets that may be invested or reinvested by the Company with respect to the Plan.

19. Construction. Captions and titles contained herein are for convenience only and shall not affect the meaning or interpretation of any provision of the Plan. Except when otherwise indicated by the context, the singular shall include the plural and the plural shall include the singular. Use of the term “or” is not intended to be exclusive, unless the context clearly requires otherwise.

20. Information to Optionees. Each Optionee shall be provided with such information regarding the Company as the Board or the Committee from time to time deems necessary or appropriate; provided, however, that each Optionee shall at all times be provided with such information as is required to be provided from time to time pursuant to applicable regulatory requirements, including, but not limited to, any applicable requirements of the Securities and Exchange Commission, the Delaware Department of Corporations and other state securities agencies.
