ITEM 9.01: FINANCIAL STATEMENTS AND EXHIBITS

(a) Financial Statements

Filed herewith are the audited financial statements of Vetco Hospitals, Inc., a California corporation, as of and for the two year period ended December 31, 2005 and the unaudited financial statements as of and for the period ended March 31, 2006. Those financial statements include the following:

1. Independent Auditors' Report
2. Balance Sheets as of December 31, 2005 and March 31, 2006 (unaudited)
3. Statements of Operations for the three months ended March 31, 2006 and 2005 (unaudited) and December 31, 2005 and 2004
4. Statements of Changes in Stockholders' Equity (Deficit) for the Year Ended January 1, 2004 through December 31, 2005 and January 1, 2006 through March 31, 2006 (unaudited)
5. Statements of Cash Flows for the three months ended March 31, 2006 and 2005 (unaudited) and December 31, 2005 and 2004
6. Notes to the Financial Statements

(b) Pro Forma Financial Information

The following unaudited pro forma condensed consolidated financial statements of SkyLynx Communications, Inc. (the "Company") are derived from the application of pro forma adjustments to our historical financial statements to give effect to the terms of our acquisition of Vetco Hospitals, Inc., Inc., a California corporation as of May 5, 2006, the effective date of the merger. The unaudited pro forma condensed consolidated statements of operations for the fiscal year ended December 31, 2005 have been prepared as if the acquisition had occurred as of January 1, 2005. The unaudited pro forma condensed consolidated statements of operations for the three months ended March 31, 2006 have been prepared as if the acquisition had occurred as of January 1, 2006. The unaudited pro forma consolidated balance sheets as of March 31, 2006 have been prepared as if the acquisition had occurred as of March 31, 2006.

The following unaudited pro forma condensed consolidated statements of operations do not purport to be indicative of what our operations would have been had the acquisition taken place on the dates indicated. The following unaudited pro forma condensed consolidated balance sheets do not purport to be representative of what our financial position would have been had the acquisition taken place on the dates indicated.

These unaudited pro forma condensed consolidated financial statements should be read in conjunction with our historical financial statements and the related notes thereto included in our Annual Report on form 10-KSB for the fiscal year ended June 30, 2005 and our historical financial statements and related notes thereto included in our Quarterly Report on Form 10-QSB for the quarter ended March 31, 2006.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of VETCO Hospital, Inc.:

We have audited the accompanying balance sheet of VETCO Hospital, Inc. (the Company) as of December 31, 2005, and the related statements of operations, shareholders' equity (deficit), and cash flows for each of the two years in the period ended December 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2005, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the financial statements, the Company is economically dependent on its contractual relationships with PETCO Animal Supplies, Inc., the parent company of the PETCO chain of stores.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company's ability to comply with the terms and conditions of an IRS settlement agreement; to return to profitability; to generate sufficient cash flow from operations and; to obtain financing sources to meet the Company's future obligations raise substantial doubt about its ability to continue as a going concern. Management's plans concerning these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies

Description of Business:

VETCO Hospitals, Inc., or VETCO, is a California corporation, formed in 1996, now based in Sarasota, Florida. We were formed in 1996. We are an animal healthcare services company operating animal hospitals and vaccine clinics.

Our animal hospitals offer a full range of general medical and surgical services for companion animals including the treatment of diseases and injuries, provide pharmaceutical products and perform a variety of pet wellness programs such as health examinations, diagnostic testing, vaccinations, spaying, neutering and dental care. At December 31, 2005, we operated 5 animal hospitals throughout five western states. Our hospitals, which are located adjacent to PETCO Stores, operate under agreements with PETCO Animal Supplies, Inc.

Our vaccine clinics offer basic preventive care, vaccinations and testing services. At December 31, 2005, we operated 135 vaccine clinics throughout five western states. Our vaccine clinics, which are set up, on a rotating basis, inside PETCO stores, operate under agreements with PETCO Animal Supplies, Inc.

We are economically dependent on these agreements with PETCO. Should the agreements with PETCO terminate for any reason, it would have a significant adverse affect on us.

Basis of Presentation:

Our financial statements have been prepared on a basis which assumes that the Company will continue as a going concern and which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business.

Our sources of cash as of December 31, 2005, include cash flows from operations and possible future equity and/or debt financings.

The IRS and the State of California Employment Development Department (CEDD) have assessed us back payroll taxes, fines and interest for failure to withhold and pay payroll taxes on payments we made to compensate our veterinarians for the years 1999 to 2003. At March 31, 2006 (unaudited) and December 31, 2005, we are indebted to the IRS and CEDD as follows:

		March 31,	December
		2006	31,
			2005
		(unaudited)	
IRS	\$	956,173	\$ 1,011,869
CEDD		47,016	60,124
	\$	1,003,189	\$ 1,071,993

We have entered into a settlement agreement with the IRS, under which we have agreed to pay the Department of Treasury a total of \$556,080 to settle the claim. However, IRS acceptance of this offer is contingent upon our making payment.

F-7

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

We are in negotiations with the CEDD for the return of monies paid, which in our opinion were assessed in error, but no agreement can be reached until we first payoff the entire obligation.

We have consummated the reverse acquisition of SkyLynx Communications, Inc., a publicly traded company that, we believe, can provide access to the capital necessary to achieve our business objectives. SkyLynx has a conditional commitment for funding that requires the filing with the SEC of a Registration Statement and having that Registration Statement declared effective by the SEC. While this conditional commitment would satisfy the outstanding obligations with the IRS, there can be no assurance that SkyLynx will be able to satisfy the conditions of the funding.

SkyLynx is also currently negotiating with numerous capital sources to fund the acquisition of other vaccination clinic businesses. If the acquisitions can be consummated, of which there can be no assurance, when combined with VETCO, we believe that the successful execution of this plan could provide; (a) the short term funds necessary to satisfy outstanding obligations, (b) provide the capital necessary to position Vetco with a revenue base capable of supporting a strong positive operational cash flow and (c) eliminate the need for outside sources of capital to maintain operations. Our ability to obtain funding and complete one or more acquisitions is subject to material risks and uncertainties; and there can be no assurance that we will be able to successfully implement this strategy.

Our projected uses of cash include cash to be used in operations, capital expenditures, debt service costs and continued development of potential strategic acquisitions. Subsequent to December 31, 2005, we have undertaken several steps to improve liquidity and reduce our projected uses of cash. Management believes that additional funding will be required to operate the Company through the end of the third quarter of 2006,

To reduce our cash utilization, we have negotiated a settlement regarding our IRS back taxes. In addition, we are working to find permanent veterinarian workers to staff certain of our animal hospitals. We will seek financing from public or private issuances which may include a combination of equity and convertible debt securities to fund these actions. We currently have no agreements, commitments or understandings for additional financing, and there can be no assurance that it can be obtained. If we are unable to obtain the additional funding, we may be required to reduce the scope of our planned acquisition program, which could have a negative impact on our financial condition and operating results.

Estimates Used in Preparing the Financial Statements

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates are based on information that is currently available and on various other assumptions that are believed to be reasonable under the circumstances. Actual results could vary from those estimates under different assumptions or conditions.

Cash and cash equivalents

We consider only highly liquid investments with original maturities of less than 90 days to be cash equivalents. We maintain balances in our bank accounts that are in excess of FDIC insured levels.

Inventory

Supplies are valued at the lower of cost using the first-in, first-out method or market. Shipping and handling costs are immaterial.

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

Property and equipment

Property and equipment is recorded at cost. Equipment held under capital leases is recorded at the lower of the present value of the minimum lease payments or the fair value of the equipment at the beginning of the lease term.

We have developed and implement new software to be used internally, or enhanced our existing internal software. We developed the software using our own employees and/or outside consultants. Costs associated with the development of new software were expensed as incurred. Costs related directly to the software design, coding, testing and installation are capitalized and amortized over the expected life of the software, generally three years. Costs related to upgrades or enhancements of existing systems are capitalized if the modifications result in additional functionality. There were no software development costs capitalized in 2005 and 2004, respectively.

Depreciation and amortization are provided for on the straight-line method over the following estimated useful lives:

Furniture and fixtures	5 to 7 years
Equipment	5 to 7 years
Automobiles	5 to 7 years
Leasehold improvements	5 to 10 years

Accounts receivable

Most of our accounts (trade) receivables are due from vendors. Accounts receivables are stated net of an allowance for doubtful accounts for estimated losses resulting from the inability to collect these receivables, which is determined by continually evaluating individual receivables, the vendor's financial condition and current economic conditions. The allowance for doubtful accounts was \$-0- as of March 31, 2006 (unaudited) and \$-0- as of December 31, 2005.

Sales Incentives

In accordance with EITF 03-10, *Application of EITF Issue No. 02-16, Accounting by a Customer (including a Reseller) for Cash Consideration Received from a Vendor, by Resellers to Sales Incentives Offered to Consumers by Manufacturer*, consideration received in the form of a reimbursement by a vendor for honoring a vendor's sales incentives offered directly to consumers is accounted for as a reduction of cost of sales unless certain criteria are met.

Asset Impairments

The Company assesses its other long-lived assets, primarily fixed assets, for impairment under SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, whenever events or changes in circumstances indicate that the carrying value may not be recoverable. An impairment loss is recognized when the undiscounted future cash flows expected to be generated by an asset (or group of assets) are less than its carrying value. Any required impairment losses are measured as the amount, by which the asset's carrying value exceeds its fair value, and are recorded as a reduction in the carrying value of the related asset and charged to results of operations. There were no impairment assessments of long-lived assets resulting in write-downs of fixed assets during 2005 and 2004, respectively.

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

Fair Value of Financial Instruments and Concentration of Credit Risk:

The carrying amount reported in our balance sheet for cash, cash equivalents, accounts receivable, accounts payable and accrued liabilities approximates fair value because of the immediate or short-term maturity of these financial instruments. Our policy is to place our cash and cash equivalents in highly-rated financial instruments and institutions, which we believe mitigates our credit risk. Concentration of credit risk with respect to accounts receivable is limited due to the diversity of our customer base. We routinely review the collection of our accounts receivable and maintain an allowance for potential credit losses, but historically have not experienced any significant losses related to an individual customer or groups of customers in a geographic area.

We currently depend, in some cases, on our ability to recruit qualified veterinarians to deliver services to our customers on a timely basis. Shortages in the availability of qualified veterinarians for an extended period of time will disrupt our ability to provide services in a timely manner and could have a material adverse effect on our results of operations.

Sales Revenue Recognition:

Revenue is recognized only after the following criteria are met: (i) there exists adequate evidence of the transactions; (ii) delivery of goods has occurred or services have been rendered; and (iii) the price is not contingent on future activity and collectibility is reasonably assured. Revenue is reported net of sales discounts.

We recognize sales revenue at our animal hospitals at the time the veterinarian services are rendered or products are sold. We recognize sales revenue at our vaccine clinics at the time the vaccinations are performed or products are sold.

We established a program to offer our customers a complete series of vaccine shots for puppies and kittens at a discounted price. The series of vaccine shots are provided during a three-month period. As of March 31, 2006 and December 31, 2005, we deferred \$21,653 (unaudited) and \$27,259 for vaccine shots to be provided in the future, respectively.

Cost of Sales:

Cost of sales includes the following types of expenses: direct costs associated with products sold, including inbound freight charges; shipping and handling costs; inventory shrink costs; payroll costs of veterinarians and their assistants and other direct costs of the services line of business; and site fees paid to PETCO based on a percentage of gross

vaccine fees. Also included in cost of sales is any consideration we received from vendors for rebates, allowances and discounts.

Selling, General and Administrative Expenses:

Selling, general and administrative expenses includes the following types of expenses: payroll costs of office employees and management; other costs associated with operations; animal hospital and vaccine clinic pre-opening and remodeling costs; advertising expenses; and other general and administrative costs.

Advertising Expenses:

We charge advertising costs to expense as incurred and classify advertising costs within selling, general and administrative expenses. Total advertising expenses were \$35,142 and \$43,884 for 2005 and 2004, respectively.

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

Operating Leases:

Rent expense under operating leases is recognized on a straight-line basis over the terms of the leases, which generally range from 5 to 10 years for animal hospitals and five years for equipment. Costs incurred in negotiating and signing an operating lease agreement are capitalized and recognized on a straight-line basis over the term of the lease. Reimbursements from lessors of tenant improvement costs are recorded as deferred rent and amortized on a straight-line basis over the term of the lease.

Income Taxes:

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date. Valuation allowances are recorded against net deferred tax assets when it is considered more likely than not that some portion or all of a deferred tax asset may not be recoverable.

Pre-opening Costs:

Costs incurred in connection with opening animal hospitals and vaccine clinics are expensed as incurred and are recorded in selling, general and administrative expenses. Such costs include advertising, payroll, initial veterinarian supplies.

Segment Reporting:

SFAS No. 131, *Disclosures about Segments of an Enterprise and Related Information*, requires annual and interim reporting for an enterprise's operating segments and related disclosures about its products, services, geographic areas and major customers. An operating segment is defined as a component of an enterprise that engages in business activities from which it may earn revenues and incur expenses, and about which separate financial information is regularly evaluated by the chief operating decision maker in deciding how to allocate resources. All of the Company's hospitals and vaccine clinics are considered operating segments and have been aggregated into one reportable segment given the similarities in economic characteristics among the operations represented by the hospitals and clinics and the common nature of the products, customers and methods of distribution.

Future Accounting Requirements:

In December 2004, the Financial Accounting Standards Board (FASB) issued SFAS No. 123(R). SFAS No. 123(R) supersedes APB No. 25 and SFAS No. 123, *Accounting for Stock-Based Compensation* (SFAS No. 123), and requires companies to expense the fair value of employee stock options and other forms of employee stock-based compensation. SFAS No. 123 allowed companies to disclose the pro forma effects of expensing the fair value of employee stock-based compensation in the footnotes to the financial statements. SFAS No. 123(R) applies to all stock-based compensation transactions with employees in which a company acquires services by issuing its stock or other equity instruments, except through arrangements resulting from employee stock ownership plans, or by incurring liabilities that are based on the company's stock price. In March 2005, the Securities and Exchange Commission (SEC) released SEC Staff Accounting Bulletin No. 107, *Share-Based Payment* (SAB No. 107). SAB No. 107 provides the SEC staff's position regarding the application of SFAS No. 123(R) and certain SEC rules and regulations, and also provides the staff's views regarding the valuation of share-based payment arrangements for public companies. In April 2005, the SEC approved an amendment to Rule 4-01(a) of Regulation S-X to amend the date for compliance with SFAS No. 123(R). In accordance with this amendment, the accounting provisions of SFAS No. 123(R) are

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

effective for annual periods beginning after June 15, 2005. The Company adopted SFAS No. 123(R) in the first quarter of fiscal 2006 using the modified-prospective approach. The Company is evaluating the effects of adopting SFAS No. 123(R) and SAB No. 107.

In March 2005, the FASB issued Interpretation No. 47, *Accounting for Conditional Asset Retirement Obligations* (FIN 47), which is an interpretation of SFAS No. 143, *Accounting for Asset Retirement Obligations* (SFAS No. 143). FIN 47 clarifies terminology within SFAS No. 143 and requires an entity to recognize a liability for the fair value of a conditional asset retirement obligation when incurred if the liability's fair value can be reasonably estimated. FIN 47 is effective for fiscal years ending after December 15, 2005. We adopted FIN 47 for the year ended December 31, 2005, which did not have a material impact on its results of operation, financial condition or cash flows.

In November 2004, the FASB issued SFAS No. 151, *Inventory Costs - an amendment of ARB No. 43, Chapter 4*, effective for fiscal years beginning after June 15, 2005, to clarify the accounting for abnormal amounts of idle facility expense, freight, handling costs, and wasted material or spoilage that may be incurred. We do not expect that the application of SFAS No. 151 will have a material impact on our financial statements or the way we conduct our operations.

In December 2004, the FASB issued SFAS No. 123R, *Share-Based Payment*, which replaces SFAS No. 123 and supersedes APB Opinion No. 25 and its related implementation guidance. SFAS No. 123R will require us to measure the cost of share-based payments to employees, including stock options, based on the grant date fair value and to recognize the cost over the requisite service period. We adopted SFAS No. 123R effective January 1, 2006. Depending on the number of options granted and the assumptions used to value those options, the adoption of SFAS No. 123R could have a material impact on our operating results.

In May 2005, the FASB issued SFAS No. 154, *Accounting Changes and Error Corrections*, defining and changing the way companies account for changes in accounting principles, accounting estimates and reporting entities, as well as corrections of errors. Among other things, SFAS No. 154 prohibits companies from changing accounting principles or the methodology of applying accounting principles unless directed to do so by new accounting principles or unless the new principle or application is acceptable and superior. Entities changing accounting principles outside of specific guidance are required to retroactively apply the change to all prior periods unless it is impracticable to do so, in which case, entities will be required to make an adjustment to retained earnings in the year of change.

We do not anticipate that SFAS No. 154 will have a material impact on our future operations; however, its application could result in a change in historically reported financial statements if in the future we either adopt a new accounting principle where no specific application guidance is provided, if we change current accounting principles or the method

of their application or if we correct an error in previously issued financial statements. SFAS No. 154 is effective for fiscal years beginning after December 15, 2005.

Note 2. Related Party Transactions

In January 2006, SkyLynx Communications, Inc. advanced us \$150,000 (unaudited) for working capital. We executed a promissory note pursuant to a loan agreement. The note matures in January 2007, and accordingly is classified as current liabilities in the accompanying financial statements. Interest is at 10 percent and the note is collateralized by substantially all of our assets. The note is reflected as note payable to related party in the accompanying financial statements. Interest on the note totaled \$3,125 during the quarter ended March 31, 2006.

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

The spouse of our CEO made interest bearing cash advances to us in 2005 and 2004 for working capital purposes. We have repaid all but \$250 of the advances as of December 31, 2005. The \$250 is reflected as due to related party in the accompanying financial statements. We made interest payments to Mrs. Shobe totaling \$-0- and \$3,920 for the three months ended March 31, 2006 and 2005 (unaudited) respectively and \$15,675 and \$18,900 for the years ended December 31, 2005 and 2004, respectively. Advances from Melissa Shobe and repayment activity are as follows:

	March 31, 2006 (unaudited)	December 31, 2005	December 31, 2004
Beginning balance	\$ 250	\$ 54,892	\$ 105,591
Cash advances	-	3,250	110,881
Repayments	-	(57,892)	(161,580)
Ending balance	\$ 250	\$ 250	\$ 54,892

In 1996, Mr. Steven Dunbar, a shareholder, loaned us \$25,000 pursuant to the terms of a promissory note. The note is uncollateralized, due on demand with interest at 10%. Advance and repayment activity are as follows:

	March 31, 2006 (unaudited)	December 31, 2005	December 31, 2004
Beginning balance	23,166	23,166	23,166
Cash advances	-	-	-
Repayments	-	-	-
Ending balance	\$ 23,166	\$ 23,166	\$ 23,166

In 1996, Mr. and Mrs. Murray Rudin, shareholders, loaned us \$1,500 pursuant to the terms of a promissory note. The note is uncollateralized, due on demand with interest at 10%. Advance and repayment activity are as follows:

March 31, 2006	December 31, 2005	December 31, 2004
---------------------------	------------------------------	------------------------------

(unaudited)

Beginning balance	\$	2,339	\$	2,339	\$	2,339
Cash advances		-		-		-
Repayments		-		-		-
	\$	2,339	\$	2,339	\$	2,339

In 1996, Mr. Murray Rudin, a shareholder, loaned us \$3,500 pursuant to the terms of a promissory note.

Subsequently, Mr. Rudin advanced additional amounts under the same terms. The note is uncollateralized, due on demand with interest at 10%. Advance and repayment activity are as follows:

Less: accumulated depreciation	(569,835)	(562,335)
	\$ 127,210	\$ 134,710

Depreciation expense was \$7,500 and \$10,000 (unaudited), respectively, for the three months ended March 31, 2006 and 2005. Depreciation expense was \$59,303 and \$69,852, respectively, for the years ended December 31, 2005 and 2004.

F-15

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

Short-term debt

At March 31, 2006 and December 31, 2005, short-term debt consisted of the following notes payable:

	March 31, 2006 (unaudited)	December 31, 2005
Note payable to Mr. Schulte, with interest at 10%, unsecured, due December 31, 2006	\$ 6,000	\$ 6,000
Note payable to Page Credit, with interest at 36%, collateralized by equipment, due on demand	128,467	128,467
	\$ 134,467	\$ 134,467

There was no unamortized discount or premium on the Page Credit promissory note. The face amount of the note is \$125,000. The effective interest rate is 38 percent and there are no debt issue costs.

Long-term debt

At March 31, 2006 and December 31, 2005, long-term debt consisted of the following notes payable:

March 31,	December 31,
------------------	---------------------

2006 **2005**
(unaudited)

Note payable to John
McKenzie

convertible into the common
stock of

SkyLynx Communications, Inc.

interest at 10%, unsecured, due

June 30, 2008	\$	100,000	\$	100,000
---------------	----	---------	----	---------

Mr. McKenzie has the right to convert his note into 448,189 shares of SkyLynx Communications, Inc. common stock at the rate of \$.22 per share. The conversion right expires upon repayment of the note. No beneficial conversion was recorded as the conversion was out of the money on the date of issuance.

At December 31, 2005, future maturities of long-term debt were as follows:

Due 2006	\$	-
Due 2007		-
Due 2008		100,000
	\$	100,000

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

Note 5. Lease Commitments and Other Obligations

We lease space for our animal hospitals from PETCO Animal Supplies, Inc. under operating leases. The PETCO leases generally have seven (7) to ten (10) year terms with options to renew for two or three additional 5 year terms. Certain leases include additional contingent rental payments of a percentage of revenues above defined levels. Rent expense under operating leases for the three months ended March 31, 2006 and 2005 was \$44,956 and \$36,980 (unaudited), respectively. Rent expense under operating leases for 2005 and 2004 was \$168,512 and \$187,909 respectively.

At December 31, 2005, future minimum lease payments under non-cancelable operating leases were as follows:

December 31,

2006	\$	121,560
2007		119,004
2008		77,098
2009		21,879
2010		-
	\$	339,541

Note 6. Shareholders Equity (Deficit)

Common Stock

The authorized number of shares of common stock at December 31, 2005 was 10,000 with no par value per share. At December 31, 2005, there were no limitations on the Company's ability to pay dividends or make other distributions in respect of its common stock.

Note 7. Income Taxes

Income taxes consisted of the following:

A reconciliation of income taxes at the federal statutory rate of 35% with the provision for income taxes follows:

	Years Ended	
	December 31,	
	2005	2004
U.S. federal statutory graduated rate	26.99%	28.20%
State income tax rate, net of federal benefit	6.45%	6.35%
Net operating loss for which no tax benefit is currently available	-33.44%	-34.55%
	0.00%	0.00%

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

At December 31, 2005, deferred tax assets consisted of a net tax asset of \$51,194, due to operating loss carry forwards of \$1,020,068, which was fully allowed for, in the valuation allowance of \$51,194. The valuation allowance offsets the net deferred tax asset for which there is no assurance of recovery. The change in the valuation allowance for the years ended December 31, 2005 and 2004 totaled \$51,194 and \$58,753, respectively. The current tax benefit also totaled \$51,194 and \$58,753 for the years ended December 31, 2005 and 2004, respectively. The net operating loss carry forward expires through the year 2025.

The valuation allowance will be evaluated at the end of each year, considering positive and negative evidence about whether the deferred tax asset will be realized. At that time, the allowance will either be increased or reduced; reduction could result in the complete elimination of the allowance if positive evidence indicates that the value of the deferred tax assets is no longer impaired and the allowance is no longer required.

Should the Company undergo an ownership change as defined in Section 382 of the Internal Revenue Code, the Company's tax net operating loss carry forwards generated prior to the ownership change will be subject to an annual limitation, which could reduce or defer the utilization of these losses.

Note 8. Discontinued Operations

In January 2005, we closed our Huntington Beach Animal Hospital because it was not providing the returns and operating cash flows required by management. There was no gain or loss reported, as we closed the Hospital down at the expiration of the lease term and all employees were offered positions in other hospitals. Accordingly, there were no termination costs to report. We abandoned the Hospital's assets, which were fully depreciated at the time.

Note 9. Contingencies

Dr. Yoo has filed a breach of contract claim against us for wrongful termination in Los Angeles County Court. The case is in the early stages. A trial is scheduled for April 2007. We are vigorously defending ourselves at this time. We have not recorded a contingent liability on our books because management believes that the claims are without merit, that a material loss is not probable and the amount of liability, if any, to Dr. Yoo cannot be reasonably estimated at this time.

In addition, a vendor has filed claims against us totaling \$10,000 for nonpayment.

Note 10. Subsequent Events-Merger

On November 29, 2005, VETCO executed a definitive Agreement and Plan of Merger ("the Merger Agreement") between and among us, SkyLynx Communications, Inc. and an acquisition subsidiary, SkyLynx Acquisition Company ("SAC").

The Merger Agreement provides for the Merger of SAC with and into VETCO, with VETCO to be the surviving corporation

Upon consummation of the Merger, all issued and outstanding shares of VETCO common stock were to be converted automatically into an aggregate of 1,000,000 SkyLynx Series A Convertible Preferred Stock having a Stated Value of \$3.00 per share (the "Series A Preferred"). The number of shares of Series A Preferred to be issued to the VETCO shareholders shall be adjusted at the time of Closing such that the total

VETCO HOSPITALS, INC.

NOTES TO FINANCIAL STATEMENTS

number of shares of SkyLynx Common Stock issuable upon conversion of the Series A Preferred (the "Conversion Stock") shall represent, at closing, 55% of the total issued and outstanding shares of SkyLynx Common Stock, on the Closing Date, on a fully diluted basis, excluding shares of Common Stock issued or reserved for issuance pursuant to Securities Purchase Agreements and related instruments entered into by SkyLynx with NIR Group investors.

At the Effective Time, all issued and outstanding options, warrants and other rights to acquire shares of VETCO common stock, if any, were to be converted into identical rights with respect to SkyLynx Common Stock. No new options were to be granted prior to closing.

The Merger closed in escrow on April 28, 2006 and was consummated effective May 5, 2006.

VETCO HOSPITALS, INC.

NOTES TO UNAUDITED PRO FORMA FINANCIAL INFORMATION

The unaudited Pro Forma Condensed, Combined Balance Sheet as of March 31, 2006 and the unaudited Pro Forma Combined Statements of Operations for the three months ended March 31, 2006 and the year ended December 31, 2005 (collectively the Pro Forma Combined Financial Statements) give effect to the merger of SkyLynx Communications, Inc. and VETCO Hospitals, Inc.

The transaction was valued at historical cost. The pro forma condensed, combined financial statements were taken from the financial statements of SkyLynx Communications, Inc. as of March 31, 2006 and June 30, 2005 and for the year ended June 30, 2005 and the three months ended March 31, 2006. The pro forma condensed, combined financial statements were taken from the financial statements of VETCO Hospitals, Inc. as of March 31, 2006 and for the three months ended March 31, 2006 and for the year ended December 31, 2005.

The Pro Forma Combined Statements of Operations were prepared assuming that the merger described above was consummated as of the beginning of each period presented. The Pro Forma Combined Balance Sheet was prepared assuming that the transaction was consummated as of March 31, 2006.

The unaudited Pro Forma Combined Financial Statements are based upon historical financial statements of the SkyLynx Communications and VETCO Hospitals, Inc.

The pro forma adjustments and the resulting pro forma combined financial statements have been prepared based upon available information and certain assumptions and estimates deemed appropriate by the Issuer.

The Pro Forma Condensed, Combined Balance Sheet and the Pro Forma Condensed, Combined Statements of Operations are not necessarily indicative of the results of operations that actually would have been achieved had the acquisition been consummated as of the dates indicated, or that may be achieved in the future. Furthermore, the Pro Forma Combined Financial Statements do not reflect changes that may occur as the result of post-combination activities and other matters.

The Pro Forma Combined Financial Statements and notes thereto should be read in conjunction with the audited financial statements and notes thereto of SkyLynx Communications, Inc., contained in its Annual Report on Form 10-KSB for the year ended June 30, 2005, the unaudited financial statements of SkyLynx Communications, Inc., contained in its Quarterly Report on Form 10-QSB as of and for the three months ended March 31, 2006 and the

accompanying historical financial statements and notes thereto of VETCO Hospitals, Inc. filed herewith.

The following unaudited pro forma condensed, combined balance sheet gives effect to the merger of SkyLynx Communications, Inc. and VETCO Hospitals, Inc.

The following footnotes should be read in understanding pro forma adjustments to the unaudited pro forma condensed, combined balance sheet:

Assumptions:

A)

Adjustment to eliminate intercompany debt;

B)

Adjustment to reflect the issuance of SCI preferred stock in exchange for VETCO common stock;

C)

Adjustment to eliminate the SCI deficit in the reverse acquisition.

VETCO HOSPITALS, INC.

NOTES TO UNAUDITED PRO FORMA FINANCIAL INFORMATION

The following unaudited pro forma condensed, combined statement of operations gives effect to the merger of SkyLynx Communications, Inc. and VETCO Hospitals, Inc..

This unaudited pro forma condensed, combined statement of operations is not necessarily indicative of results of operations had the acquisition occurred at January 1, 2005, nor the results to be expected in the future.

The following footnote should be read in understanding pro forma adjustments to the unaudited pro forma condensed, combined statement of operations.

Assumptions:

A)

Adjustment to eliminate the results of the discontinued Huntington Beach Animal Hospital;

B)

Adjustment to eliminate intercompany interest.
