Item 1. Financial Statements.

VULCAN INTERNATIONAL CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
For the nine months ended September 30, 2003 and 2002
UNAUDITED

The accompanying condensed consolidated financial statements reflect all adjustments that are, in the opinion of management, necessary to reflect a fair presentation of financial position, results of operations and cash flows for the interim periods. All such adjustments are of a normal recurring nature.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

LEGAL MATTERS

On September 2, 2003 the claims of the United States against the Company for past and future clean-up cost and expenses with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts have been resolved by the

Edgar Filing: VULCAN INTERNATIONAL CORP - Form 10-Q

docketing of a settlement agreement in the Federal District Court of Massachusetts approved by Senior Federal Judge Robert Keeton. The settlement provided that the Company pay to the U.S. Department of Justice the amount of \$3,800,000 plus interest from November 1, 2002. The total settlement of \$3,846,831 was paid on September 2, 2003. The approved settlement agreement resolves all matters involved in this case.

The Company had accrued an estimated liability of \$3,522,000, net of \$1,814,000 tax, for the judgment, accrued interest for the past costs and a discounted present value for estimated future costs in connection with the site. The Company recognized income related to the settlement of \$955,000, net of \$493,000 tax, for the nine months and three month ended September 30, 2003 as compared to expense of \$77,000 and \$26,000, after tax for the nine months and three months ended September 30, 2002, for accrued interest and amortization of estimated future costs related to this matter.

For the nine months ended September 30, 2003 and 2002
UNAUDITED
(Continued)

There may be other potential clean-up liabilities at other sites of which the Company has no specific knowledge.

The Company has an interest in a partnership, CCBA, that owns certain real estate. On August 13, 1999 a Complaint for money damages in excess of \$25,000, based upon breach of fiduciary duty was filed by the other partner in the Court of Common Pleas in Hamilton County, Ohio. The plaintiff had claimed that it was entitled to 45.24% of \$827,000 and additional damages. On October 24, 2003 the case was dismissed in the Court of Common Pleas in Hamilton County, Ohio.

CCBA appealed a real estate tax assessment from 1999 that had increased the annual real estate tax by approximately \$96,000. The local school board has appealed the revision and reduced its initial appraised value of the property. During 2001, the partnership received a \$96,000 refund of the additional tax paid in 1999. CCBA has recorded a liability of approximately \$123,000 related to this issue based on the revised value asserted by the local school board. If CCBA is successful, this liability will be recognized as income.

The Company is involved in other litigation matters and claims which are normal in the course of operations. Management believes that the resolution of these matters will not have a material effect on the Company's business or financial condition.

COMPREHENSIVE INCOME

During the nine months ended September 30, 2003 and 2002 total other comprehensive income (loss) was as follows:

STOCK OPTIONS

Options to purchase not more than 50,000 shares of treasury stock at \$33.20 per share, that were granted to the President of the Company in 2001 will expire in 2008. The options were changed to decrease the option exercise price to \$33.20 per share. The closing price of the stock at September 30, 2003 was \$38.90. As a result, the Company accrued an additional compensation expense liability of \$285,000 related to the stock options.

INDEPENDENT ACCOUNTANTS' REPORT

To the Board of Directors
Vulcan International Corporation
Wilmington, Delaware

We have reviewed the accompanying condensed consolidated balance sheet of Vulcan International Corporation and subsidiaries as of September 30, 2003, and the related condensed consolidated statements of income and cash flows for the nine month and three month periods ended September 30, 2003 and 2002. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with U.S. generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying condensed consolidated financial statements for them to be in conformity with U.S. generally accepted accounting principles.

We have audited, in accordance with U.S. generally accepted auditing standards, the consolidated balance sheet of Vulcan International Corporation and subsidiaries as of December 31, 2002, and the related consolidated statements of income, shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated February 11, 2003, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2002, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Edgar Filing: VULCAN INTERNATIONAL CORP - Form 10-Q

Net sales revenue for the nine months ended September 30, 2003, increased \$791,621 or 11.5% over the corresponding period in 2002. The increase in sales was due mainly to the increase in the Rubber and Foam Products segment. Cost of sales increased \$944,104 or 15.0% during the nine months ended September 30, 2003 compared to the corresponding nine month period in 2002. The increased cost of sales is due mainly to the increased cost of raw materials in the Rubber and Foam Products and Bowling Pins segments. Net sales revenue for the third quarter of 2003 increased \$636,785 or 27.8% and cost of sales increased \$590,965 or 27.5% compared to the corresponding quarter in 2002. These changes are due to increased sales and costs in the Company's Rubber and Foam Products segment.

General and administrative expenses increased \$89,782 or 6.3% in the nine months ended September 30, 2003, as compared to the corresponding nine month period in 2002. General and administrative expenses for the third quarter of 2003 increased \$90,907 or 19.0% compared to the corresponding quarter in 2002. The increase in general and administrative expenses in the nine months and three months of 2003 over the corresponding period of 2002 was the result of recognizing the increased liability for the stock options that were issued to the President and Chairman of the Board.

Interest expense for the nine months ended September 30, 2003 decreased \$96,170. Interest expense for the three months ended September 30, 2003 decreased \$67,937. The decreases are primarily due to decreased interest rates and the settlement of the EPA liability that resulted in a decrease in the interest accrued during the year.

Gains on the sale of property, equipment and securities were \$849,456 for the nine months ended September 30, 2003, as compared to \$786,402 for the corresponding period in 2002. Gains in 2003 and 2002 were primarily the result of the sale of marketable securities and timber.

The Company has a 50% interest in a joint venture, Vulcan Brunswick Bowling Pin Company (VBBPC) which manufactures bowling pins in Antigo, Wisconsin for Brunswick and the Company. The Company's investment in VBBPC is included in other assets at September 30, 2003.

Summarized income statement information for VBBPC consists of the following:

- Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations. (Continued)

LIQUIDITY AND CAPITAL RESOURCES

The Company's cash requirements during the third quarter of 2003 were funded in part through earnings, short-term borrowings and noncash charges such as depreciation and amortization and from the sale of timber, equipment and marketable securities. The cash from these transactions was primarily used in operations. The Company expects to continue, when necessary, to use short-term borrowings to meet cash requirements not fully provided by earnings, depreciation and amortization. The Company funded the settlement regarding the Re-Solve, Inc. Superfund Site by accessing its existing line of credit. There were approximately \$26,400 of commitments for capital expenditures as of September 30, 2003.

During the nine months ended September 30, 2003, 2,000 shares of treasury stock valued at \$68,600 were issued to the President as bonus compensation.

- Item 3. Quantitative and Qualitative Disclosures about Market Risks.

MARKETABLE SECURITIES

The fair value of marketable securities has increased \$11,967,723 from December 31, 2002 to October 31, 2003. At October 31, 2003 the fair value of marketable securities was \$69,821,517 as compared to \$63,266,641 at September 30, 2003.

The net unrealized holding gain at October 31, 2003 was approximately \$42,000,000 net of deferred taxes of approximately \$21,600,000. The Company is subject to the risk that fair value securities could decline.

- Item 4. Controls and Procedures

a) Disclosure controls and procedures. The Chief Executive Officer and the Principal Financial Officer have carried out an evaluation of the effectiveness of the Company's disclosure controls and procedures that are designed to ensure that information relating to the Company required to be disclosed by the Company in the reports that it files or submits under the Securities and Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. Based upon this evaluation, these officers have concluded, that as of September 30, 2003, the Company's disclosure controls and procedures were adequate.

b) Changes in internal control over financial reporting. During the period covered by this report, there were no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Item 1. Legal Proceedings.

On March 1, 1990 the United States of America filed a Complaint against the Company and others in the United States District Court for the District of Massachusetts claiming that the Company was a potentially responsible party with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts seeking to recover response costs incurred and to be incurred in the future in connection with this Site.

Although the Company had engaged counsel to represent it in that action, the Company was first informed on March 28, 2001 that the Court had entered, pursuant to prior rulings, an unopposed "Final Judgment" against the Company on September 22, 1999. The "Final Judgment" awarded damages against the Company in favor of the United States in the amount of \$3,465,438, plus interest, for unreimbursed response costs, plus any additional past unreimbursed response costs, interest and certain future costs the United States incurs at the site. The United States filed a notice of lien in certain jurisdictions on real property of the Registrant and its subsidiary Vulcan Corporation in the dollar amount of the judgment, plus interest.

On September 2, 2003 the claims of the United States against the Company for past and future clean-up cost and expenses with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts have been resolved by the docketing of a settlement agreement in the Federal District Court of Massachusetts approved by Senior Federal Judge Robert Keeton. The settlement provided that the Company pay to the U.S. Department of Justice the amount of \$3,800,000 plus interest from November 1, 2002. The total settlement of \$3,846,831 was paid on September 2, 2003. The approved settlement agreement resolves all matters involved in this case.

The Company had accrued an estimated liability of \$3,522,000, net of \$1,814,000 tax, for the judgment, accrued interest for the past costs and a discounted present value for estimated future costs in connection with the site. The Company recognized income related to the settlement of \$955,000, net of \$493,000 tax, for the nine months and three month ended September 30, 2003 as compared to expense of \$77,000 and \$26,000, after tax for the nine months and three months ended September 30, 2002, for accrued interest and amortization of estimated future costs related to this matter.

There may be other potential clean-up liabilities at other sites of which the Company has no specific knowledge.

The Company has an interest in a partnership, CCBA, that owns certain real estate. On August 13, 1999 a Complaint for money damages in excess of \$25,000, based upon breach of fiduciary duty was filed by the other partner in the Court of Common Pleas in Hamilton County, Ohio. The plaintiff had claimed that it was entitled to 45.24% of \$827,000 and additional damages. On October 24, 2003 the case was dismissed in the Court of Common Pleas in Hamilton County, Ohio.

CCBA appealed a real estate tax assessment from 1999 that had increased the annual real estate tax by approximately \$96,000. The local school board has appealed the revision and reduced its initial appraised value of the property. During 2001, the partnership received a \$96,000 refund of the additional tax paid in 1999. CCBA has recorded a liability of approximately \$123,000 related to this issue based on the revised value asserted by the local school board. If CCBA is successful, this liability will be

recognized as income.
