Item 1.01 Entry Into a Material Definitive Agreement

On July 11, 2005, we entered into a termination, settlement and release agreement with Kingsbridge Capital Limited. Under the terms of this agreement, we and Kingsbridge agreed that the common stock purchase agreement we entered into with Kingsbridge on December 14, 2004, and the related registration rights agreement and warrant we issued to Kingsbridge of the same date, would be terminated, and Kingsbridge would return the warrant, which has not been exercised, to us for cancellation. The termination agreement is effective upon our payment of the remaining fees of counsel due to Kingsbridge under the terms of the common stock purchase agreement, and our receipt of the original warrant from Kingsbridge. We incurred no early termination penalties in connection with this termination. The termination agreement contains a mutual release of claims.

The termination agreement resulted from our determination that the common stock purchase agreement is no longer consistent with our financing plans, due to various factors, including anticipated capital requirements and timing, market conditions, and SEC requirements for transaction structure. We requested withdrawal of the registration statement we filed with the SEC in connection with the common stock purchase agreement on July 1, 2005.

The common stock purchase agreement, registration rights agreement and warrant were entered into as part of a Committed Equity Financing Facility (CEFF) with Kingsbridge Capital Ltd., pursuant to which Kingsbridge committed to purchase up to \$25 million of our common stock. As part of the arrangement, we issued a warrant to Kingsbridge to purchase 275,000 shares of our common stock at a price of \$8.60 per share. The warrant was exercisable beginning six months after the date of grant and for a period of five years thereafter. Subject to certain conditions, including the effectiveness of a registration statement registering the shares issuable to Kingsbridge, we had the right to require Kingsbridge to purchase newly-issued shares of our common stock at a price between 88% and 92% of the volume weighted average price during a 15 day purchase period. No shares were sold to Kingsbridge under this arrangement prior to the termination.

Item 1.02 Termination of Material Definitive Agreement

See disclosure in Item 1.01 above.
