2

JOHN C. WARNER was elected as a director of the Company in April 2003. Mr. Warner was chief executive officer of O'Neill Clothing, a manufacturer and marketer of apparel and accessories, from 1996 until his retirement in May 2005.

DANIEL S. WOOD has been a director of the Company since July 2001. Mr. Wood was president of, a manufacturer of custom injection moldings, until his retirement in April 2006. He now serves as a consultant to that company. Previously, from 1988 to September 2000, he was the chief operating officer and co-owner of Carrera Corporation, the predecessor to the business of Carclo Technical Plastics.

The Board of Directors has established an Audit Committee, a Compensation and Stock Option Committee, and a Nominating Committee. Each of these three committees operates under a written charter, adopted by the Board of Directors of the Company. The Board of Directors has concluded that each member of these three committees (every director other than Mr. Bradley, the Company's chief executive officer) is independent in accordance with the director independence standards prescribed by Nasdaq, and has determined that none of them have a material relationship with the Company that would impair the independence from management or otherwise compromise the ability to act as an independent director.

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form 10-K/A

The members of the Audit Committee are E. Bruce Fredrikson (chairman), John C. Warner and John G. Poole. The Audit Committee is empowered by the Board of Directors to review the financial books and records of the Company in consultation with the Company's accounting and auditing staff and its independent auditors and to review with the accounting staff and independent auditors any questions that may arise with respect to accounting and auditing policy and procedure.

The Board of Directors has further determined that Mr. Fredrikson has the qualifications and experience necessary to serve as an "audit committee financial expert" as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC. Such qualifications and experience are described above in this section.

The members of the Compensation and Stock Option Committee are Daniel S. Wood (chairman), John E. McConaughy, Jr. and William B. Roberts. This Committee makes determinations as to general levels of compensation for all employees of the Company and the annual salary of each of the executive officers of the Company, and administers the Company's compensation plans. Those plans include the Company's 1997 Long-Term Stock Incentive Plan, the Executive Management Bonus Plan, and the CPS 2007 Long-Term Equity Incentive Plan.

The members of the Nominating Committee are Brian J. Rayhill (chairman), Mr. Fredrikson, and Mr. Wood. Nominations for board positions are made on behalf of the Board of Directors by the nominating committee. Because neither the Board of Directors nor its Nominating Committee has received recommendations from shareholders as to nominees, the Board of Directors and the Nominating Committee believe that it is and remains appropriate to operate without a formal policy with regard to any director candidates who may in the future be recommended by shareholders. The nominating committee would consider such recommendations.

When considering a potential nominee, the nominating committee considers the benefits to the Company of such nomination, based on the nominee's skills and experience related to managing a significant business, the willingness and ability of the nominee to serve, and the nominee's character and reputation.

Shareholders who wish to suggest individuals for possible future consideration for board positions, or to otherwise communicate with the Board of Directors, should direct written correspondence to the corporate secretary at the Company's principal executive offices, indicating whether the shareholder wishes to communicate with the nominating committee or with the Board of Directors as a whole. The present policy of the Company is to forward all such correspondence to the designated members of the Board of Directors. There have been two changes in the procedures regarding shareholder recommendations in the past year: first, the Board of Directors established a nominating committee for the first time in October 2006, and second, shareholders are now requested to address their communications to "corporate secretary" rather than to "the Board of Directors," in order to ensure appropriate handling of any such communications.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Directors, executive officers and holders of in excess of 10% of the Company's common stock are required to file reports concerning their transactions in and holdings of equity securities of the Company. Based on a review of reports filed by each such person, and inquiry of each regarding holdings and transactions, the Company believes that all reports required with respect to the year 2006 were timely filed, except that Mr. Rayhill filed two reports late, one report

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form 10-K/A

relating to his initial holdings, and the other (one day late) relating to one transaction.

CODE OF ETHICS

The Company has adopted a Code of Ethics for Senior Financial Officers, which applies to the Company's chief executive officer, chief financial officer, controller and others. A copy of the Code of Ethics may be obtained at no charge by written request to the Corporate Secretary at the Company's principal executive offices.

PENSION PLANS

The company's officers do not participate in any pension or retirement plan, other than a tax-qualified defined contribution plan (commonly known as a 401(k) plan).

DIRECTOR COMPENSATION

During the year ended December 31, 2006, the Company changed its policy of compensation of directors. Through September, the Company continued its prior policy of paying all directors, excluding Mr. Bradley, a retainer of \$2,500 per month and an additional fee of \$1,000 PER DIEM for attendance at meetings of the board. The two directors who chaired the Audit Committee and the Compensation Committee received an additional monthly retainer of \$500. Mr. Bradley received no additional compensation for his service as a director. Effective October 2006, the Company paid all non-employee directors a retainer of \$3,000 per month, with an additional fee of \$500 per month for service on a board committee (\$1,000 for a committee chairman), and made that policy applicable to the newly created Nominating Committee, as well as to the Audit and Compensation Committees. The policy on PER DIEM fees was not changed. Pursuant to the Company's policy that is applicable to all of its non-employee members, the Board on October 25, 2006, issued options with respect to 20,000 shares to each non-employee director. All such options are exercisable at \$6.85 per share, the exercise price being the closing price on the date of grant. Mr. Rayhill had previously, in connection with his joining the board, received options with respect to 50,000 shares, at an exercise price of \$6.50 per share, which was the closing price on the date of grant.

(2) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2006 fiscal year for the fair value of stock options granted to the directors in 2006. The fair value was estimated using the Black-Scholes option-pricing model in accordance with SFAS 123R. The weighted average fair value per option was \$1.54, based on assumptions of 2.0 years expected life, expected volatility of 33.7%, expected dividend yield of 0.0%, and a risk-free rate of 4.80%.

(3) Mr. Bradley's compensation as chief executive officer of the Company is described elsewhere in this report. He received no additional compensation for service on the Company's Board of Directors.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation and Stock Option Committee throughout the fiscal year ended December 31, 2006 were Daniel S. Wood (chairman), John E. McConnaughy, Jr. and William B. Roberts. This Committee makes determinations as to general levels of compensation for all employees of the Company and the annual salary of each of the executive officers of the Company, and administers the Company's compensation plans. Those plans include the Company's 1997 Long-Term Stock Incentive Plan, the Executive Management Bonus Plan, and the CPS 2006 Long-Term Equity Incentive Plan. None of the members of the committee is or has been an officer or employee of the Company or any of its subsidiaries. None of our executive officers has served as a member of the board of directors or compensation committee of any entity for which a member of our board of directors or Compensation and Stock Option Committee served as an executive officer.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's objectives with respect to compensation are several. The significant objectives are to cause compensation (i) to be sufficient in total amount to provide reasonable assurance of retaining key executives, (ii) to include a significant contingent component, so as to provide strong incentives to meet designated Company objectives, and (iii) to include a significant component tied to the price of the Common Stock, so as to align management's incentives with shareholder interests. The compensation committee ("Committee") of the Company's Board of Directors is charged with administering compensation plans to meet those objectives. To the extent that elements of compensation would not advance such objectives, or would do so less effectively than would other elements, the Committee seeks to avoid paying compensation in those forms.

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form 10-K/A

With respect to the retention objective, the Committee considers an executive's base salary to be the most critical component. Acting primarily on the basis of recommendations of the chief executive officer, the Committee adjusts other officers' base salaries annually, with the adjustment generally consisting of a 3% to 10% increase from the prior year's rate. Where exceptional circumstances apply, such as recruitment of a new executive officer, a promotion to executive officer status or a special need to retain an individual officer, the chief executive officer may recommend, and the Committee may approve, a larger increase.

To encourage executive officers and key management personnel to exercise their best efforts and management skills toward achieving designated specific objectives, the Company has implemented an annual payout bonus plan. Under the Company's bonus plan as applied to the year ended December 2006, executive officers of the Company other than its chief executive officer were eligible to receive a cash bonus of up to 100% of their base salaries. The chief executive officer in the first quarter of 2006 proposed designated specific objectives with respect to each named executive officer, and the Committee, after making certain modifications, set those objectives. In January and February of 2007, the Committee evaluated achievement of the objectives, and authorized payment of a specific bonus to each named executive officer. Factors used in determining the amount of bonus are whether the executive and his department have met individual objectives set by the chief executive officer, whether the Company as a whole has met or exceeded budget targets, whether certain objectives for the individual and for the management group as a whole have been met, and a subjective evaluation of the officer's performance. Numerical scores are assigned to each of these factors, and weighed pursuant to a formula that can result in a maximum bonus of 100% of base compensation.

Applying the above principles, the Committee in January 2007 approved bonus compensation to the named executive officers, other than the chief executive officer, of from 74% to 98% of their respective base salaries for the year ended December 31, 2006. The variation in the percentages awarded is generally reflective of the extent to which the named executive officers met their individual and department objectives.

8

The Committee also awards incentive and non-qualified stock options under the Company's stock option plans. Such awards are designed to assist in the retention of key executives and management personnel and to create an incentive to create shareholder value over a sustained period of time. The Company believes that stock options are a valuable tool in compensating and retaining employees. During the year ended December 31, 2006, the Committee granted stock options to the Company's executive officers. All such grants were awarded in October 2006, and all carry exercise prices equal to the market price for the Company's common stock at the date of grant. The terms of such options are described above, under the caption "Grants of Plan-Based Awards in Last Fiscal Year." The numbers of shares made subject to each of the option grants were based on various factors relating to the responsibilities of the individual officers and to the extent of previous grants to such individuals.

Because the exercise price of all options granted is equal to or above the fair market value of the Company's common stock on the date of grant, the option holders may realize value only if the stock price appreciates from the price on the date the options were granted. This design is intended to focus executives on the enhancement of shareholder value over the long term.

In exercising its discretion as to the level of executive compensation and its

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form 10-K/A

components, the Committee considers a number of factors. Members of the Committee conduct informal surveys of compensation paid to comparable executives within and without the consumer finance industry. The Committee finds these data useful primarily in evaluating the overall level of compensation paid or to be paid to the Company's executive officers. Financial factors considered with respect to the year ended December 31, 2006 included the Company's increases in earnings, revenue and originations, and its having increased its servicing portfolio. Most important, the Committee noted that the Company met and exceeded its budget objectives for the year. Operational factors considered included individual and group management goals; indicators of the performance and credit quality of the Company's servicing portfolio, including levels of delinquencies and charge-offs; and indicators of successful management of personnel, including employee stability. All of such factors are assessed with reference to the judgment of the Committee as to the degree of difficulty of achieving desired outcomes. With respect to payment of annual bonuses and grants of stock options, the Committee also takes note of factors relating to the degree of the Company's success over the most recent year.

The Company also maintains certain broad-based employee benefit plans, such as medical and dental insurance, and a qualified defined contribution retirement savings plan (401(k) plan), in which executive officers are permitted to participate. Such officers participate on the same terms as non-executive personnel who meet applicable eligibility criteria, and are subject to any legal limitations on the amounts that may be contributed or the benefits that may be payable under the plans. The Company does not maintain any form of defined benefit pension or retirement plan in which executive officers may participate, nor does it maintain any form of supplemental retirement savings or supplemental deferred compensation plan.

Except as otherwise specifically noted, the principles discussed in this section regarding compensation and its components apply to all of the Company's executive officers, including its chief executive officer and also to executive officers other than the named executive officers. The Company's general approach in setting the annual compensation of its chief executive officer is to set that officer's base compensation by reference to his base rate for the preceding year, to pay an annual bonus that is reflective of the quality of that officer's performance during the year, and to grant significant equity incentives, to date in the form of stock options, intended to align the officer's interests with those of the shareholders. During the year ended December 2006, the Company's chief executive officer, Charles E. Bradley, Jr., received \$780,000 in base salary. In setting that rate in January 2006, the Committee considered the base salary rate that the Company had paid in the prior year (\$735,000), the desirability of providing an annual increase (which in this case was approximately 6%), the desirability of ensuring retention of the services of the Company's incumbent chief executive officer, and the levels of chief executive officer compensation prevailing among other financial services companies.

The Company's policy regarding cash bonuses paid to its chief executive officer has been similar to its policy regarding cash bonuses for other executive officers, except that the Committee exercises a greater degree of discretion with respect to award of a bonus to the chief executive officer than it exercises with respect to bonuses paid to other executive officers.

The Committee in January 2007 reviewed the Company's and the chief executive officer's performance in 2006, compared the performance with the objectives set at the beginning of 2006, and approved bonus compensation for its chief executive officer in the amount of \$1,250,000, representing 160% of that executive's base salary for the year ended December 31, 2006. In determining the

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form 10-K/A

appropriate levels of cash and equity compensation, the Committee considered the Company's financial performance, the performance of CPS common stock as compared with broad equity indices, its success in the securitization market, and the levels of compensation paid to chief executives of other financial services companies. The Committee also considered the extent to which the chief executive had met his individual management goals, which included tiered targets for the Company's overall budget, increasing the Company's purchases of receivables, obtaining equity analyst coverage, decreasing operating expenses, meeting the Company's capital requirements, improving the terms of the Company's warehouse financing facilities, management of risks, and succession planning.

The Committee's award of stock options to the Company's officers in October 2006 included an option grant to the chief executive officer. In determining the appropriate level of such grant, the Committee considered the long-term performance of the chief executive officer and the desirability of providing significant incentive for future performance, as well as the desirability of ensuring that officer's continued retention by the Company, and the various factors noted above with respect to option grants generally.

The Committee has from time to time considered providing additional elements of executive compensation. It has considered elements such as restricted stock awards, compensation contingent on a change in control, defined benefit pension plans, deferred cash compensation, and supplemental retirement plans (supplemental in the sense that they exceed the limits for tax advantaged treatment). To date, the Committee has elected not to pay compensation in such forms, having determined that the Company's objectives are better met by one or more of the elements of compensation that it does pay. Regarding restricted stock units, the Committee has noted that any form of equity equivalent to or closely tied to common stock does serve to meet the objective of aligning officers' personal interest with that of the shareholders generally. The Committee believes, however, that the objective is better met by grants of stock options than by grants of share equivalents, because recipients of the grants will face the same degree of variance in results at a lesser cost to the Company, when option grants are compared to grants of restricted stock units. Regarding compensation that would be payable contingent on a change in control of the Company, the Committee believes that there are certain legitimate objectives to be met by such contingent compensation. As of the date of this report, however, no such contingent compensation plans are in place. Regarding defined benefit pension plans, deferred cash compensation and supplemental retirement plans, the Committee believes that the Company's retention objective is better met by straight cash payments, whether in the form of base salary or in the form of bonus compensation. The Committee may in the future revisit its conclusions as to any of the components discussed above, or may consider other forms of compensation.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

LEVINE LEICHTMAN. At December 31, 2005, the Company was indebted to Levine Leichtman Capital Partners II, L.P. ("LLCP") in the amount of \$40.0 million. Such debt comprised three parts, represented by the "Term D Note," "Term E Note" and "Term F Note," respectively. The basic terms of such indebtedness are set forth in the table below. LLCP is also the holder of in excess of 10% of the outstanding common shares of CPS.

On May 28, 2004 and June 25, 2004, the Company borrowed \$15 million and \$10 million, respectively, from LLCP. The indebtedness, represented by the "Term E Note," and the "Term F Note," respectively, bears interest at 11.75% per annum. Both the originally were to mature two years from their respective funding dates. In May 2006, the Company agreed with LLCP to extend the maturity dates of Term E Note and the Term F Note to May 31, 2007. The Company paid LLCP fees equal to \$500,000 for this amendment, which will be amortized over the remaining life of the two notes.

NOTE	PRINCIPAL AMOUNT	INTEREST RATE	DATE DUE PRIOR TO MAY 2006 AMENDMENTS	DATE DUE AFTER MAY 2006 AMENDMENTS
Term D Note	\$15,000,000	11.75%	December 18, 2006	December 18, 2006
Term E Note	\$15,000,000	11.75%	May 27, 2006	May 31, 2007
Term F Note	\$10,000,000	11.75%	June 24, 2006	May 31, 2007

The Term D Note, due December 18, 2006, was paid on that date.

All of the Company's indebtedness to LLCP is secured by a blanket security

interest in favor of LLCP. The terms of the transactions between the Company and LLCP were determined by negotiation.

CPS LEASING. The Company holds 80% of the outstanding shares of the capital stock of CPS Leasing, Inc. ("CPSL"). The remaining 20% of CPSL is held by Charles E. Bradley, Jr., who is the President and a director of the Company. CPSL engaged in the equipment leasing business, and is currently in the process of liquidation as its leases come to term. CPSL financed its purchases of the equipment that it leases to others through either of two lines of credit. Amounts borrowed by CPSL under one of those two lines of credit have been guaranteed by the Company. As of December 31, 2005, both lines of credit had been paid. The Company has also financed the operations of CPSL by making operating advances and by advancing to CPSL the fraction of the purchase prices of its leased equipment that CPSL did not borrow under its lines of credit. The aggregate amount of advances made by the Company to CPSL as of December 31, 2006, is approximately \$575,000. The advances related to operations bear interest at the rate of 8.5% per annum. The advances related to the fraction of the purchase price of leased equipment are not interest bearing.

EMPLOYEE INDEBTEDNESS. To assist certain officers in exercising stock options, the Company or a subsidiary lent to such officers the exercise price of options such officers exercised in May and July 2002. The loans bear interest at 5.50% per annum, which compounds annually. The entire principal and accrued interest is due in July 2007. The chief executive officer (Mr. Bradley), one executive officer (Mr. Terry), and four officers other than executive officers borrowed money on those terms and still have a balance outstanding. One of the other officers (Teri L. Clements) was promoted to an executive officer position in April 2007. The highest balances of the loans for the period January 1, 2006 through the date of this proxy statement were \$433,589 for Mr. Bradley, \$23,538 for Ms. Clements, and \$22,376 for Mr. Terry. Consistent with the terms of the loans, none of such officers has paid any interest on or principal of such loans, and the accrued interest has been added annually to the principal outstanding. Pursuant to the Sarbanes-Oxley Act of 2002, Company has ceased providing any loans to its executive officers.

The agreements and transactions described above (other than those between the Company and LLCP) were entered into by the Company with parties who personally benefited from such transactions and who had a control or fiduciary relationship with the Company. It is the Company's policy that any such transactions with persons having a control or fiduciary relationship with the Company may take place only if approved by the Audit Committee or by the members of the Company's Board of Directors who are disinterested with respect to the transaction, an independent in accordance with the standards for director independence prescribed by Nasdaq. Such policy is maintained in writing in the charter of the Audit Committee. In each case above such agreements and transactions have been reviewed and approved by the members of the Company's Board of Directors who are disinterested with respect to the transaction. The company has determined that each of its nonemployee directors (Messrs. Fredrikson, McConnaughy, Poole, Rayhill, Roberts, Warner and Wood) is independent in accordance with the Nasdaq standards.
