Note 1: The Company and Significant Accounting Policies

Organization and Nature of Business

Genius Brands International, Inc. (“we”, “us”, “our” or the “Company”), formerly known as Pacific Entertainment Corporation, provides music-based products which we believe are entertaining, educational and beneficial to the well-being of infants and young children under our brands, including Baby Genius. We create, market and sell children’s DVDs, CD music and book products in the United States by distribution at wholesale to retail stores and outlets and direct to consumers through various “deal for a day” sites. We also license the use of our brands, both domestically and internationally, to others to manufacture, market and sell products based on our characters and brand, whereby we receive advances and royalties.

Pacific Entertainment Corporation commenced operations in January 2006, assuming all of the rights and obligations of its Chief Executive Officer, Klaus Moeller, under an Asset Purchase Agreement between the Company and Genius Products, Inc., in which we obtained all rights, copyrights, and trademarks to the brands “Baby Genius,” “Little Genius,” “Kid Genius,” “123 Favorite Music” and “Wee Worship,” and all then existing productions under those titles. On October 17, 2011 and October 18, 2011, Genius Brands International, Inc., f/k/a Pacific Entertainment Corporation (the “Company”), filed Articles of Merger with the Secretary of State of the State of Nevada and with the Secretary of State of the State of California, respectively. As previously described on the Company’s Schedule 14C Information Statement, filed with the Securities and Exchange Commission on September 21, 2011, by filing the Articles of Merger, the Company (i) changed its domicile to Nevada from California, and (ii) changed its name to Genius Brands International, Inc. from Pacific Entertainment Corporation (the “Reincorporation”). Pursuant to the Articles of Merger, Pacific Entertainment Corporation, a California corporation, merged into Genius Brands International, Inc., a Nevada corporation that, prior to the Reincorporation, was the wholly owned subsidiary of Pacific Entertainment Corporation. Genius Brands International, the Nevada corporation, is the surviving corporation. In connection with the Reincorporation, on October 12, 2011, the Company filed an Issuer Company-Related Action Notification Form with the Financial Industry Regulatory Authority (“FINRA”). Upon approval of the Reincorporation, FINRA will issue us a new ticker symbol for trading purposes.

In August 2009, the Company launched a line of Baby Genius pre-school toys. The line of 24 Baby Genius toys, manufactured by toy manufacturer Battat Incorporated, included musical, activity, and role-play toys that incorporate the Baby Genius principle of music as a core learning tool to engage and encourage children to communicate, connect, discover, and use their imagination. The Company granted an exclusive license to Battat for the marketing and distribution of a line of toys based on the Baby Genius brand and characters in the United States and Canada, and non-exclusive rights of distribution in other parts of the world. This license was terminated according to the terms of the contract in December 2010 although we granted Battat the right to continue to distribute the existing line of toys through late Spring 2011. We received no royalty reporting from Battat subsequent to the three month period ended March 31, 2011 and anticipate no further royalty revenue from this license agreement.

On January 11, 2011, the Company signed an agreement with Jakks Pacific’s Tollytots® division for a new toy line. As a result of the five-year agreement, Tollytots® immediately began development on a comprehensive line of musical and early learning toys, incorporating the music, characters and themes from the Baby Genius series of videos and music CDs. The new toy line will cover a broad range of exclusive categories, including learning and

developmental toys, most plush toys and musical toys, as well as several other non-exclusive categories. As part of the development of the new products, the Company has engaged in the creation of several new characters.

The Company also obtains licenses for other select brands we feel we can market and sell through our distribution channels and are distributing content obtained from independent studios and producers.

The Company's Financial Statements are prepared in accordance with accounting principles generally accepted in the United States of America. These require the use of estimates and assumptions that affect the assets, liabilities, revenues and expenses reported in the financial statements, as well as amounts included in the notes thereto, including discussion and disclosure of contingent liabilities. Although the Company uses its best estimates and judgments, actual results could differ from these estimates as future confirming events occur.

Interim Consolidated Financial Statements

The accompanying condensed consolidated financial statements of the Company have been prepared without audit. Certain information and disclosures required by accounting principles generally accepted in the United States have been condensed or omitted. These condensed consolidated financial statements reflect all adjustments that, in the opinion of management, are necessary to present fairly the results of operations of the Company for the periods presented. The results of operations for the three and nine month periods ended September 30, 2011, are not necessarily indicative of the results that may be expected for any future period or the fiscal year ending December 31, 2011.

These consolidated financial statements should be read in conjunction with the consolidated financial statements included in the Company's 2010 Annual Report filed with the OTC Markets Group Inc. on March 11, 2011 and in the Company's registration statement on Form 10, as amended, filed on July 26, 2011.

Significant Accounting Policies

Revenue Recognition – The Company recognizes revenue related to product sales when (i) the seller's price is substantially fixed, (ii) shipment has occurred causing the buyer to be obligated to pay for product, (iii) the buyer has economic substance apart from the seller, and (iv) there is no significant obligation for future performance to directly bring about the resale of the product by the buyer as required by Revenue Recognition Topic 605 of the FASB Accounting Standards Codification.

Revenues associated with the sale of branded CDs, DVDs and other products, are recorded when shipped to customers pursuant to approved customer purchase orders resulting in the transfer of title and risk of loss. Cost of sales, rebates and discounts are recorded at the time of revenue recognition or at each financial reporting date.

The Company's licensing and royalty revenue represent variable payments based on net sales from brand licensees for content distribution rights. Revenue from licensed products is recognized when realized or realizable based on royalty reporting received from licensees.

Principles of Consolidation - The consolidated financial statements include the financial statements of the Company, and its 75% owned subsidiary: Circle of Education LLC. All inter-company balances and transactions have been eliminated in consolidation.

Other Estimates – The Company estimates reserves for future returns of product based on an analysis that considers historical returns, changes in customer demand and current economic trends. The Company regularly reviews the outstanding Accounts Receivable balances for each account and monitors delinquent accounts for collectability. The Company reviews all intangible assets periodically to determine if the value has been impaired by recent financial transactions using the discounted cash flow analysis of revenue stream for the estimated life of the assets.

Liquidity - Historically, the Company has incurred net losses. As of September 30, 2011, the Company had a consolidated accumulated deficit of \$8,018,787 and total stockholders' deficit of \$1,093,953. At September 30, 2011, the Company had consolidated current assets of \$1,591,653, including cash of \$238,879, and consolidated current liabilities of \$1,290,961, resulting in working capital of \$300,692. For the nine month period ending September 30, 2011, the Company reported a consolidated net loss of \$1,255,794, including stock option expense of \$385,137 which has no cash expenditure requirement. The Company had net cash used by operating activities of \$537,334. Management believes that its increasing revenue each year over the prior year and cash generated by operations, together with funds available from short-term related party advances, will be sufficient to fund planned operations for the next twelve months. However, there can be no assurance that operations and operating cash flows will continue at the current levels or improve in the near future. If the Company is unable to obtain profitable operations and positive operating cash flows sufficient to meet scheduled debt obligations, it may need to seek additional funding or be forced to scale back its development plans or to significantly reduce or terminate operations.

Reclassifications – Certain amounts in the condensed consolidated financial statements as of December 31, 2010 have been reclassified to conform to the presentation as of September 30, 2011.

Note 2: Plant, Property, and Equipment and Intangible Assets

The Company has plant, property and equipment and other intangible assets used in the creation of revenue of the following as of:

	9/30/2011	12/31/2010
Furniture and Equipment	\$ 84,705	\$ 76,986
Less Accumulated Depreciation	(51,418)	(41,818)
Net Fixed Assets	\$ 33,287	\$ 35,168
Trademarks	\$ 129,831	\$ 129,831
Product Masters	3,202,712	3,202,712
Other Intangible Assets	224,605	223,282
Less Accumulated Amortization	(3,161,699)	(3,008,214)
Net Intangible Assets	\$ 395,449	\$ 547,611

Pursuant to FASB Accounting Standards Codification regarding Topic 350, Intangible Assets, intangible asset(s) acquired, either individually or with a group of other assets shall be initially recognized and measured based on fair value. In the acquisition of the assets from Genius Products, fair value was calculated using a discounted cash flow analysis of the revenue streams for the estimated life of the assets. As this resulted in a fair market value in excess of the purchase price, the assets were recorded at \$2,489,082, the total purchase price discounted with the imputed interest rate of 10%.

The Company reviews all intangible assets periodically to determine if the value has been impaired by recent financial transactions using the discounted cash flow analysis of revenue stream for the estimated life of the assets. At the nine months ending September 30, 2011 and twelve months ending December 31, 2010 it was determined that no impairment exists.

The Company continues to develop new CDs and DVDs, in addition to adding content, improved animation and bonus songs/features to their existing CD and DVD collection. In accordance with FASB Accounting Standards Codification regarding the topics of Intangible Assets (350) and Research and Development (730), the costs of new

product development and significant improvement to existing products are capitalized while routine and periodic alterations to existing products are expensed as incurred. As of September 30, 2011, the Company has \$289,378 in Capitalized Product Development in Process representing DVD, CD, and toy development projects not yet completed.

Note 3: Accrued Liabilities

Accrued Salaries and Wages as of September 30, 2011 total \$191,264 and \$62,551 as of December 31, 2010. Debenture Interest accrued and unpaid for the original \$2.5 million principal balance is \$19,049 as of September 30, 2011 and December 31, 2010. Interest on the debentures was terminated effective July 24, 2009 in accordance with the conversion agreement upon establishment of a secondary trading market for our common stock. Other Accrued Liabilities totaling \$325,466 as of September 30, 2011 and \$221,739 as of December 31, 2010, include a reserve for product returns, music royalty payments, financed insurance costs, commissions to outside representatives on net sales and royalty income, and amounts accrued but not yet due to studios for distributed products. The reserve for returned product represents an estimate of potential product returns in future periods and is evaluated for reasonableness each reporting period.

On February 1, 2008, Isabel Moeller, sister of our Chief Executive Officer, Klaus Moeller, loaned \$310,000 to the Company at an interest rate equal to 8% per annum as a short term note payable. The funds were borrowed from Ms. Moeller in order to reduce outstanding obligations due to Genius Products at that time. In August 2008, the note was amended to require payment of all principal and accrued interest on September 30, 2009. Subsequent agreements extended the maturity date to December 31, 2010 and reduced the stated interest rate to six (6%) percent per annum. On September 30, 2010, Ms. Moeller agreed to accept a new note with a maturity date of December 31, 2012 resulting in the reclassification of the total amount outstanding, including principal and accrued interest, as long term debt. Payments were made on the outstanding principal in the amount of \$14,000 and \$10,000 on February 9, 2011 and April 27, 2011, respectively. On April 1, 2011, Ms. Moeller converted \$200,000 of the outstanding principle to 1,000,000 shares of the Company's common stock. The amount due to Ms. Moeller as of September 30, 2011 and December 31, 2010 includes \$31,785 and \$22,142 in accrued but unpaid interest, respectively.

The term of the notes issued in 2009 and 2008 called for payment on December 31, 2009 and had a stated interest rate of 1.63%. The notes issued in 2007 were payable upon demand and had a stated interest rate of 6% per annum until paid in full. On February 13, 2009, the Officers agreed to an extension of the maturity date of all outstanding notes to December 31, 2009 at the stated interest rate of the original note. On December 31, 2009, the Officers agreed to issue new note agreements for the outstanding balances, including accrued but unpaid interest, with a maturity date of December 31, 2010 and a stated interest rate of 6% per annum. Repayments in the aggregate amount of \$60,654 were made on August 11, 2010. On September 30, 2010, the Officers agreed to extend the

maturity date of the loans to December 31, 2012 resulting in the outstanding balances, including principle and accrued interest, to be reclassified as long term debt. On October 12, 2010 repayments were made in the aggregate amount of \$40,707. Additional repayments were made on February 2, 2011 and April 27, 2011 in the aggregate amounts of \$66,000 and \$30,000, respectively. Circle of Education, LLC was formed on September 24, 2010.

The Company has consolidated the results for the nine month period ended September 30, 2011 with the results of COE. COE is currently developing products which have an estimated introduction for sale in the third quarter of 2012, resulting in no sales or cost of sales in the nine month period ended September 30, 2011. COE had general and administrative costs of \$18,040, including legal costs related to the creation of the agreements and registration of the entity in the aggregate of \$14,761, sales and marketing costs of \$1,181 and product development costs of \$1,430 for a total loss of \$20,651. Overview

The MD&A is based on our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires us to make certain estimates and judgments that affect the reported amounts of assets, liabilities and expenses and related disclosure of contingent assets and liabilities. Management bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions and conditions.

Our Business

Pacific Entertainment Corporation (“we”, “us”, “our” or the “Company”) commenced operations in January 2006, assuming all of the rights and obligations of its Chief Executive Officer, Klaus Moeller, under an Asset Purchase Agreement between the Company and Genius Products, Inc., in which we obtained all rights, copyrights, and trademarks to the brands “Baby Genius”, “Little Genius”, “Kid Genius”, “Child Genius”, “123 Favorites” and “Wee Worship”, and all then existing productions under those titles. We create and provide family entertainment and music-based products that we believe will be entertaining, educational and beneficial to the well-being of infants and young children. We create, market and sell children’s DVDs, CD music, toy, and book products in the United States by distribution at wholesale to retail stores and outlets. We also license the use of our brands domestically and internationally to others to manufacture, market and sell products based on our characters and brand, whereby we receive advances and royalties.

On October 17, 2011 and October 18, 2011, Genius Brands International, Inc., f/k/a Pacific Entertainment Corporation (the “Company”), filed Articles of Merger with the Secretary of State of the State of Nevada and with the Secretary of State of the State of California, respectively. As previously described on the Company’s Schedule 14C Information Statement, filed with the Securities and Exchange Commission on September 21, 2011, by filing the Articles of Merger, the Company (i) changed its domicile to Nevada from California, and (ii) changed its name to Genius Brands International, Inc. from Pacific Entertainment Corporation (the “Reincorporation”). Pursuant to the Articles of Merger, Pacific Entertainment Corporation, a California corporation, merged into Genius Brands International, Inc., a Nevada corporation that, prior to the Reincorporation, was the wholly owned subsidiary of Pacific Entertainment Corporation. Genius Brands International, the Nevada corporation, is the surviving corporation. In connection with the Reincorporation, on October 12, 2011, the Company filed an Issuer Company-Related Action Notification Form with the Financial Industry Regulatory Authority (“FINRA”). Upon approval of the Reincorporation, FINRA will issue us a new ticker symbol for trading purposes.

In August 2009, the Company launched a line of Baby Genius pre-school toys. The line of 24 Baby Genius toys, manufactured by toy manufacturer Battat Incorporated, included musical, activity, and role-play toys that incorporate the Baby Genius principle of music as a core learning tool to engage and encourage children to communicate, connect, discover, and use their imagination. The Company cancelled the agreement in December 2010 according to the terms of the contract, permitting Battat to continue selling the current line of toys until late spring 2011. The Company received no royalty revenue from Battat subsequent to the three month period ended March 31, 2011 and anticipates no further royalty income from this license.

On January 11, 2011, the Company signed a world-wide license agreement with Jakks Pacific's Tollytots® division for a new toy line. As a result of the five-year agreement, Tollytots® will immediately begin development on a comprehensive line of musical and early learning toys, incorporating the music, characters and themes from the Baby Genius series of videos and music CDs. The new toy line will cover a broad range of exclusive categories, including learning and developmental toys, most plush toys, and musical toys, as well as several other non-exclusive categories. As part of the development of the new products, the Company has engaged in the creation of several new characters as well as updating the existing characters.

Due to a gap between the termination of the Battat license and subsequent end of the extended sell off period and the introduction of the Jakks Pacific toy line 2012, we anticipate a reduction in royalty revenue during the remainder of 2011 and first half of 2012. As we cannot state with any certainty what the revenue would have been from the Battat toy line nor predict the sales for the new line of Jakks Pacific toys, we are unable to state the amount of the overall reduction for our licensed revenue category.

The Company, in partnership with Dr. Shulamit Ritblatt, has developed "Circle of Education," an early childhood education curriculum using music as the basis for skills required to prepare pre-school children for Kindergarten. Circle of Education, LLC ("COE") was formed on September 24, 2010, pursuant to a joint venture agreement between the Company and Dr. Ritblatt. The Company obtained an initial voting and economic interest of seventy-five percent of the outstanding units of the newly formed company in exchange for the contribution of all intellectual property rights the Company had in the Circle of Education program. The results for COE are consolidated within our financial statements.

The Company also obtains licenses for other select brands we feel we can market and sell through our distribution channels.

During 2010, the Company launched a line of DVDs including classic movies and television programs under the brand "Pacific Entertainment Presents". Initially consisting of seven titles, each focusing on a specific genre such as Horror, Western, SciFi, Action, Mystery, War, and Gangster, an additional six titles were added in late 2010 expanding the line with the Super Hero's collection as well as Family Favorites. In 2011, we obtained the rights to distribute other studios' films on DVD, Blu-Ray, digital and broadcast formats under our brand which will be included in our product catalog starting in the third quarter of 2011. The agreements vary in length from three to five years.

Revenues. Revenues by product segment and for the Company as a whole were as follows:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2011	2010	2011	2010
Genius Brands Product Sales	\$462,338	\$301,077	\$1,538,815	\$1,126,280

Total Revenue	\$1,682,005	\$814,877	\$3,824,917	\$2,502,193

Genius Brands product sales represent items in which the Company holds the copyrights and/or trademarks to the characters and content which are manufactured and sold by the Company directly, either at wholesale to retail stores and outlets or direct to consumers through daily deal sites and our website. The increase of \$161,261 (53.6%) for the three months ended September 30, 2011 compared to the three months ended September 30, 2010, was due to an increase in DVD sales. The increase of \$412,535 (36.6%) for the nine month period ended September 30, 2011 compared to the nine month period ended September 30, 2010 is due to sales through direct to consumer offering with daily deal sites. Management believes that the Company is on target to increase direct product sales volumes over 2010, although economic and retail conditions in the market could impact our future sales in a negative manner and we are unable to guarantee increased sales. We continue to explore additional sales opportunities with retail and distribution customers; however, there is no guarantee that our products will be accepted by these new customers.

The licensed and distributed product sales category includes items for which we license rights from other companies to copyrights and trademarks of select brands we feel will do well within our distribution channels, product acquired from other studios through distribution agreements, and overstock inventory from other studios which we sell and from which we receive income. For the three months ended September 30, 2011, the category increased by \$1,026,039 (838.3%) over the same period in 2010 as a result of an increase in outside overstock studio product acquired and sold in the amount of \$771,457 and an increase in licensed and distributed product sold of \$384,473. The increase of \$1,152,240 (190.6%) for the nine months ended September 30, 2011 compared to the nine months ended September 30, 2010 is due to increases in licensed and distributed DVD products and an increase in outside overstock studio product acquired and sold. The timing of the sales of overstock product is intermittent and unpredictable as it is determined by the availability of excess inventory from outside studios.

Royalty revenue is income for our characters and brands licensed to others to manufacture and/or market, both internationally and domestically. For the three months ended September 30, 2011 compared to the same period in 2010, the decrease of \$320,172 (81.8%) was caused by the termination of the toy license with Battat. For the nine months ended September 30, 2011 compared to the nine months ended September 30, 2010 the category decreased \$242,051 (31.4%) primarily due to the toy line which was launched in August 2009. There may be fluctuation in licensing revenue due to economic conditions in the sales territory. We believe this revenue source will decrease during the remainder of 2011 through the first two quarters of 2012 due to the cancellation of the Battat toy license agreement, then show increases in late 2012 and in the subsequent years with the introduction of the new toy line currently in development with Jakks Pacific's Tollytots® division. We cannot guarantee that the new toy line will be accepted nor that the royalty revenue will increase.

Our products compete in the pre-school music, books, DVDs, and toy categories. We believe we compare favorably in the quality of our products, as well as competitive price point. In spite of the global economic decline we have exhibited revenue growth in 2011. We continue to market direct to retailers and are exploring new domestic and international licensing opportunities. We are investigating additional relevant external brands to license, adding to the diversity of our product line, while maintaining the integrity of our core mission of educating and entertaining children.

The Company's business is subject to the effects of seasonality, causing revenues to fluctuate with consumer purchasing behavior, competition, and the timing of holiday periods.

The 2011 economic outlook remains challenging, however, we anticipate continued sales growth through our actions to improve our existing products, maintaining highly competitive price points, and adding content to our product catalog.

Costs. Costs and expenses, excluding depreciation and amortization, consisting of cost of sales, marketing and sales expenses, and general and administrative costs, increased \$939,868 (96.5%) for the three months ended September 30, 2011, compared to the three months ended September 30, 2010 and \$1,827,514 (60.5%) for the nine months ended September 30, 2011 compared to the nine months ended September 30, 2010.

Selling, General and Administrative ("SG&A") expenses predominately consists of salaries, employee benefits and stock based compensation as well as other expenses associated with executive management, finance, legal, facilities, marketing, rent, and other professional services. Costs associated with these categories are detailed as follows:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2011	2010	2011	2010
General and Administrative	\$570,259	\$410,561	\$1,859,161	\$1,285,967
Marketing and Sales	114,108	262,473	620,780	607,151

Total Selling, General, and Administrative	\$688,341	\$676,773	\$2,491,334	\$1,897,435

General and administrative costs increased \$159,698 (38.9%) for the three months ended September 30, 2011 compared to the three months ended September 30, 2010. This is the result of increases in salaries and related expenses of \$110,656, partially offset by a decrease in accounting services expense of \$26,097 due to the hiring of accounting staff previously outsourced, increased stock compensation expense of \$78,770, and increased legal fees of \$16,538 primarily expended for the filing of the registration statement with the U.S. Securities & Exchange Commission. For the nine months ended September 30, 2011 compared to the nine months ended September 30, 2010, general and administrative expenses increased \$573,194 (44.6%). This increase is due in part to increased salaries of \$261,383 a decrease in outside accounting services of \$74,056, increased legal costs in the amount of \$65,538, and increases in investor relations of \$36,458, less a reduction for rental expense of \$38,020. Increases in the stock compensation expenses in the amount of \$321,244 were the result of options to purchase shares of the Company's common stock granted to officers as part of the employment agreements and to a consultant for services (see Note 8 to financial statements for more detail).

Marketing and sales expenses include trade shows, public relations firms, sales and royalty commissions and personal contact. Marketing expenses exhibit some fluctuation due to timing of trade shows attended. For the three months ended September 30, 2011 compared to the same period in the prior year the total expense decreased \$148,365 (56.5%), due to reductions in the common marketing fund which was discontinued in January 2011 and commission expense. During the nine month period ended September 30, 2011 compared to the nine month period ended September 30, 2010, marketing and sales expenses increased \$13,629 (2.2%). This increase was a result of increases in commission expense on royalty income of \$141,751 and trade show costs of \$23,848, with reductions in the common marketing fund of \$112,717 and public relations expenditures of \$15,000.

Product development expenses are for routine and periodic alterations to existing products. For the three months ended September 30, 2011 compared to the three months ended September 30, 2010, these expenses increased \$235 (6.3%) and for the nine months ended September 30, 2011 compared to the nine months ended September 30, 2010 the expenses increased \$7,076 (163.9%). All costs for new product development and significant improvements to existing products are capitalized in accordance with FASB Accounting Standards Codification Topic 350, Intangible Assets and Topic 730, Research and Development.

Expenditures for SG&A are not generally seasonal and require consistent cash outflows.

Interest Expense. Interest expense resulted from related party loans and debentures.

The Company borrowed funds from four of the Officers of the Company during the years 2007 to 2009 and issued promissory notes in favor of the Officers. The proceeds from the notes were used to pay operating obligations of the Company. Interest expense was recorded in the three months ended September 30, 2011 and 2010 in the amounts of \$2,992 and \$5,497, respectively. For the nine month period ended September 30, 2011 and 2010, interest expense was recorded in the amounts of \$10,096 and \$17,253, respectively. The decreases were due to partial repayments made in February 2011, April 2011 and the last half of 2010.

On February 1, 2008, Isabel Moeller, sister of our Chief Executive Officer, Klaus Moeller, loaned \$310,000 to the Company at an interest rate equal to 8% per annum. The funds were borrowed from Ms. Moeller in order to reduce outstanding obligations due to Genius Products, Inc. at that time. Subsequent agreements extended the maturity date to December 31, 2010 and reduced the stated interest rate to six (6%) percent per annum. Repayments on the principle balance were made in the aggregate of \$24,000 during February and April 2011. On April 1, 2011, Ms. Moeller agreed to convert \$200,000 of the outstanding balance to shares of common stock of the Company. The interest expense for the three months ended September 30, 2011 and September 30, 2010 was \$2,165 and \$5,576, respectively. For the nine months ended September 30, 2011 and 2010, the interest expense recorded was \$9,643 and \$16,483, respectively.

On September 30, 2010, four of the Officers agreed to convert accrued but unpaid salaries through September 30, 2010 to subordinated long term notes payable. In February 2011, as a result of an agreement by each of the four Officers to retroactively decrease the amount of the annual salary for 2010 from \$125,000 per annum per Officer to \$80,000, the amount of the notes were reduced to an aggregate of \$1,620,137. The notes have a maturity of December 31, 2012 and a stated interest rate of six percent (6%) per annum, said interest accruing from October 1, 2010. For the three months ended September 30, 2011 and September 30, 2010, interest expense was recorded in the amount of \$24,812 and \$0. Interest expense was recorded for the nine months ended September 30, 2011 and 2010 in the amounts of \$73,823 and \$0, respectively.

Liquidity and Capital Resources

Three and Nine Months Ended September 30, 2011 Compared to September 30, 2010

To date, we have relied on a combination of revenue, loans from officers and private offerings of stock to meet our cash requirements. Currently, our principal source of liquidity is cash in the bank. Management believes that its increasing revenues and cash generated by operations, together with funds available from short-term related party advances, will be sufficient to fund planned operations for the next twelve months. However, there can be no assurance that operations and operating cash flows will continue at the current levels or improve in the near future. If the Company is unable to obtain profitable operations and positive operating cash flows sufficient to meet scheduled debt obligations, it may need to seek additional funding through equity and related party loans or be forced to scale back its development plans or to significantly reduce or terminate operations.

Cash totaled \$238,879 and \$77,261 at September 30, 2011 and 2010, respectively. The change in cash is as follows:

	Nine Months Ended		Change
	2011	2010	
Cash provided (used) by operations	\$(537,334)	\$854	\$(538,188)
Cash provided (used) in investing activities	(169,897)	(217,506)	47,609
Cash provided (used) in financing activities	738,230	46,048	692,182
Increase (decrease) in cash and cash equivalents	\$30,999	\$(170,604)	\$201,603

Our cash flow is very seasonal and a vast majority of our sales historically occur in the last two quarters of the year as retailers expand inventories for the holiday selling season. Cash used by operations in the nine months ended September 30, 2011, compared to 2010, increased by \$538,188 due to an increase in prepaid expenses and a decrease in the accounts payable balance mitigated by a decrease in accounts receivable and an increase in the other accrued expenses. Cash used in the same periods for investing activities relates to investment in additional music, DVD and toy products. The cash provided by financing activities for the nine months ended September 30, 2011 of \$738,230, is a result of sales of common stock pursuant to a private placement offering of \$858,230 after related expenses offset by the partial repayment of related party notes in the aggregate of \$120,000.

On April 6, 2010, the Company commenced a private placement offering to certain accredited investors pursuant to Rule 506 for up to 12,500,000 shares of common stock at a purchase price of \$.40 per share. On July 13, 2010, the Board of Directors amended the offering to include the issuance of a warrant to purchase one additional share of common stock for each share of common stock sold through the offering. Each warrant expires three years from the date of purchase and has a stated exercise price of \$0.40 per share. As of December 31, 2010, a total subscription of \$188,443 had been received and 471,108 shares have been issued and warrants have been issued to purchase an additional 471,108 shares. Costs of the offering in the amount of \$17,396 were offset against the additional paid in capital account through December 31, 2010. The offering has expired.

During March and April 2011, we conducted a private placement to certain accredited investors only under Rule 506. As a result of the offering, the Company received subscriptions in the total amount of \$860,000 during the nine months ended September 30, 2011, reduced by offering costs of \$1,770, and 5,300,000 shares were issued at a purchase price of \$0.20 per share.

Notes were issued in favor of four of the Officers for loans to the Company at various times during the years 2007 through 2009. Partial repayments were made during the nine months ended September 30, 2011 in the aggregate amount of \$96,000. Interest expense was recorded in the nine months ended September 30, 2011 and 2010 in the amounts of \$10,096 and \$17,253 for these officer notes, respectively.

On September 30, 2010, four of the Officers agreed to convert the amounts outstanding as unpaid salaries through September 30, 2010 to notes payable. The notes, in the aggregate amount of \$1,870,337, have a maturity of December 31, 2012 and a stated interest rate of six percent (6%) per annum, said interest accruing from October 1, 2010 on the unpaid balance of principal and interest. There is no prepayment penalty. These loans are classified as long term liabilities and are subordinated debt. For the nine months ended September 30, 2011 and September 30, 2010, interest expense was recorded in the amount of \$73,823 and \$0, respectively.

On March 31, 2011, an additional 32,300 shares were issued in exchange for services valued at \$9,690, or \$0.30 per share.

Critical Accounting Policies

The Company's accounting policies are described in Note 1: The Company and Significant Accounting Policies of the notes to the Company's financial statements in Item 1 above. Below is a summary of the critical accounting policies, among others, that management believes involve significant judgments and estimates used in the preparation of its financial statements.

Revenue Recognition – The Company recognizes revenue related to product sales when (i) the seller's price is substantially fixed, (ii) shipment has occurred causing the buyer to be obligated to pay for product, (iii) the buyer has economic substance apart from the seller, and (iv) there is no significant obligation for future performance to directly

bring about the resale of the product by the buyer as required by Revenue Recognition Topic 605 of the FASB Accounting Standards Codification.

Revenues associated with the sale of branded CDs, DVDs and other products, are recorded when shipped to customers pursuant to approved customer purchase orders resulting in the transfer of title and risk of loss. Cost of sales, rebates and discounts are recorded at the time of revenue recognition or at each financial reporting date.

The Company's licensing and royalty revenue represent variable payments based on net sales from brand licensees for exclusive content distribution rights. Revenue from licensed products is recognized when realized or realizable based on royalty reporting received from licensees.

Principles of Consolidation - The consolidated financial statements include the financial statements of the Company, and its 75% owned subsidiary: Circle of Education LLC. All inter-company balances and transactions have been eliminated in consolidation.

Other Estimates – The Company estimates reserves for future returns of product based on an analysis that considers historical returns, changes in customer demand and current economic trends. The Company regularly reviews the outstanding accounts receivable balances for each account and monitors delinquent accounts for collectability. The Company reviews all intangible assets periodically to determine if the value has been impaired by recent financial transactions using the discounted cash flow analysis of revenue stream for the estimated life of the assets.

Reclassifications – Certain amounts in the condensed consolidated financial statements as of December 31, 2010 have been reclassified to conform to the presentation as of September 30, 2011.
