Notes to Condensed Consolidated Financial Statements (Unaudited)

1. Description of Business and Significant Accounting Policies

Description of business

EdgeWave, Inc., a Delaware corporation (“we,” “us,” “our,” “EdgeWave,” or the “Company”) develops and markets on demand, appliance, and hybrid Secure Content Management (“SCM”) solutions to the mid-market enterprise and service provider markets. Customers can purchase our solutions directly from us, through a Managed Service Provider, or via one of our Value-Added Resellers around the world. On-premises purchases typically consist of an initial hardware purchase (appliance) and maintenance subscription, whereas our on-demand purchases contain only a subscription. Our primary customers are enterprise IT executives, managers and administrators as well as Managed Service Providers and Internet Service Providers.

Basis of presentation and consolidation

The condensed consolidated financial statements included in this report are unaudited and have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the instructions to Form 10-Q and applicable sections of Regulation S-X. The interim financial statements reflect all adjustments which are, in the opinion of management, necessary to make the financial statements not misleading. The consolidated balance sheet as of December 31, 2011 was derived from the Company’s audited financial statements. Operating results for the interim periods presented are not necessarily indicative of results to be expected for the fiscal year ending December 31, 2012. These consolidated financial statements should be read in conjunction with the Company’s December 31, 2011 consolidated financial statements and notes thereto included in the Company’s Annual Report filed on Form 10-K with the Securities and Exchange Commission on March 30, 2012.

Use of estimates

The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates used in preparing the consolidated financial statements include those

assumed in computing revenue recognition, the allowance for doubtful accounts, warranty liability, the valuation allowance on deferred tax assets, testing goodwill for impairment, stock-based compensation and the estimated fair value of derivative financial instruments.

Basic and diluted loss per common share

Basic loss per common share is computed by dividing net loss available to common shareholders by the weighted average number of shares outstanding during the period. Diluted loss per common share gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible debt using the if-converted method. In computing diluted loss per common share, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted loss per common share excludes all dilutive potential shares if their effect is anti-dilutive. As of June 30, 2012 and 2011, the Company had 5,335,893 and 4,876,228, respectively, potentially dilutive securities outstanding, respectively, that were not included in the calculation of dilutive loss per share as their effect would have been anti-dilutive.

Adopted accounting pronouncements

In May 2011, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2011-04, “Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure in U.S. GAAP and IFRS” (“ASU 2011-04”), to provide consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements, particularly for level 3 fair value measurement. ASU 2011-04 is effective for periods beginning after December 15, 2011. The adoption of ASU 2011-04 during the first quarter of 2012 did not have a material effect on our fair value measures and disclosures.

Recent accounting pronouncements

Other accounting standards that have been issued by the FASB or other standards-setting bodies for which future adoption is pending are not expected to have a material impact on the Company’s consolidated financial statements.

Reclassifications

Certain prior year reclassifications have been made for consistent presentation. These reclassifications had no effect on previously reported results of operations or stockholders’ deficit.

Subsequent events

Management has evaluated events subsequent to June 30, 2012 through the date the accompanying condensed consolidated financial statements were filed with the Securities and Exchange Commission for transactions and other events that may require adjustment of and/or disclosure in such financial statements.

2. Liquidity

As of June 30, 2012, the Company had approximately \$1.9 million in cash and cash equivalents and a working capital deficit of \$9.3 million. Approximately \$11.0 million of our current liability balance at June 30, 2012 consisted of

deferred revenue, which represents amounts that are expected to be amortized into revenue as they are earned in future periods. For the three and six months ended June 30, 2012, the Company incurred a net loss of \$1.2 million and \$2.6 million, respectively, and as of June 30, 2012 has incurred a cumulative net loss of \$60.4 million. For the six months ended June 30, 2012 cash used by operating activities was \$2.1 million.

As described in Note 4, the Company has an existing credit facility with Silicon Valley Bank (“SVB”) under which there is borrowing availability of \$842,000 as of June 30, 2012. In addition, the Company entered into a Loan and Security Agreement with Partners for Growth III, L.P. (“PFG”), pursuant to which PFG provided EdgeWave with a loan in the amount of \$1.5 million in January 2012 (See Note 4). As of June 30, 2012, the principal balance on the Loan was approximately \$1.3 million.

In the opinion of management, its existing cash resources as of June 30, 2012, collections on future billings, and borrowing availability under existing credit facilities will provide sufficient liquidity for the Company to meet its continuing obligations for the next twelve months. However, there can be no assurances that projected collections will be realized or that the Company will improve operating results so that positive cash flow from operating activities will be achieved. The Company believes that if necessary, they will be able to raise additional needed capital through subsequent debt or equity financing transactions.

3. Stock-Based Compensation Expense

Share option plans

The Company has three share-based compensation plans (collectively, the “Plans”), which provide for the issuance of options, stock grants, and stock-based awards to employees and others as deemed appropriate by the Board of Directors. Terms of options issued under the Plans generally include an exercise price equal to the estimated fair value of the underlying common stock at the date of grant, vesting periods generally between three and five years, and expiration dates not to exceed ten years from the date of grant. As of June 30, 2012, the Company had 3,596,932 option shares outstanding, of which 700,000 shares of restricted stock are outstanding but unvested under the Plans, and 1,644,307 option shares available for issuance. Stock-based compensation expenses of approximately \$90,000 and \$100,000 for the six months ended June 30, 2012 and 2011, respectively, were charged to operating expenses. The effect on loss per share as a result of the stock based compensation expense was approximately \$0.01 for the six months ended June 30, 2012 and 2011. The tax effect was immaterial.

Calculating stock-based compensation expense requires the input of highly subjective assumptions, including the expected life of the stock options granted, the expected stock price volatility factor, and the pre-vesting option forfeiture rate. The fair value of options granted during the six months ended June 30, 2012 and 2011 was calculated using the Black-Scholes option pricing model (“Black-Scholes”) using the valuation assumptions in the table below. The Company estimates the expected life of stock options granted based upon management’s consideration of the historical life of the options and the vesting and contractual period of the options granted. The Company estimates the expected volatility factor based on the weighted average of the historical volatility of three publicly traded surrogates of the Company and the Company’s implied volatility from its common stock price. The Company applies its risk-free interest rate based on the U.S. Treasury yield in effect at the time of the grant. The Company has no history or expectation of paying any cash dividends on its common stock. Forfeitures are estimated based on historical experience.

	Six Months Ended June 30, 2012	Six Months Ended June 30, 2011
Average expected life (years)	6.5	6.5
Average expected volatility	59.5%	55.8%
Average risk-free interest rate	2.0%	3.3%
Average expected dividend yield	0	0

The aggregate intrinsic value of options outstanding and options exercisable at June 30, 2012 was approximately \$18,000 and \$15,000, respectively. The aggregate intrinsic value represents the total intrinsic value based upon the stock price of \$0.20 at June 30, 2012. The aggregate intrinsic value of options outstanding and options exercisable at June 30, 2011 was approximately \$68,000 and \$39,000, respectively.

Cash received from stock option exercises during the six months ended June 30, 2012 was \$1,000. As of June 30, 2012, there was approximately \$406,000 of total unrecognized compensation expense related to unvested share-based compensation arrangements granted under the option plans. This cost is expected to be recognized over a weighted average period of 2.87 years.

The following is a summary of restricted stock activity as of the three months ended June 30, 2012:

	Number of Shares Outstanding*	Weighted Average Fair Value

4. Credit Facility and Debt Agreements

Silicon Valley Bank (“SVB”)

In 2007, the Company entered into a Loan and Security Agreement with SVB (the “SVB Loan Agreement”). The Company borrows and makes repayments under the revolving credit facility depending on its liquidity position. Most recently, the SVB Loan Agreement was amended on September 8, 2011 and April 30, 2012. The primary revisions incorporated by the latest amendment include (i) modifying the availability amount on the revolving line balance to the lesser of the revolving line or the borrowing base, minus the aggregate outstanding principal amount of Term Loan A, Term Loan B, and Term Loan C, minus the outstanding principal balance of any advances and (ii) revising the SVB Loan Agreement’s financial covenant calculation, which replaces the tangible net worth calculation, to include that the Company maintain at all times, on a year to date basis for 2012, a modified cumulative net income of at least negative three million dollars (-\$3,000,000), on a trailing three (3) month basis from January 2013 through March 2013, an amount equal to at least eighty percent (80%) of the Company’s projected modified cumulative net income for the applicable period and on a trailing three (3) month basis at all times thereafter, one dollar (\$1.00).

At June 30, 2012, the total amount outstanding under the Revolving Line was \$1.7 million and the Company had a remaining borrowing availability of \$842,000. As of June 30, 2012, the applicable interest rate for the Revolving Line was 6.00% and for the three and six months ended June 30, 2012 interest expense relating to the revolving line was approximately \$12,000 and \$19,000, respectively. At June 30, 2012, the total amount outstanding under Term Loans A, B, and C was \$458,000, which represents the total amount available pursuant to these loans. As of June 30, 2012, the applicable interest rates for Term Loan A, Term Loan B, and Term Loan C were 6.00%, 7.50%, and 7.00%, respectively, and the total interest expense for these loans for the three and six months ended June 30, 2012 was approximately \$8,000 and \$16,000, respectively.

As of June 30, 2012, the Company was in compliance with the covenants under the SVB Loan and Security Agreement, as amended.

Convertible Notes Payable

On December 5, 2011, the Company entered into the 2011 Purchase Agreement pursuant to which the Company issued convertible notes payable in the amount of \$4.5 million ("2011 Convertible Notes") to certain holders of the convertible notes payable issued by the Company in 2010 ("2010 Convertible Notes"). Approximately \$3.0 million of the total gross proceeds from the 2011 Convertible Notes was used to retire the 2010 Convertible Notes. 2011 Convertible Notes in the principal amount of \$1.7 million were issued to a venture capital fund, which is controlled by a member of the Company's Board of Directors.

The 2011 Convertible Notes bear interest at the rate of 7.00% per annum with accrued interest and principal due and payable on the maturity date of December 4, 2015. The note holders may convert the 2011 Convertible Notes in whole or in part at any time prior to the maturity date into shares of Common Stock of the Company at a conversion price of \$0.70. Following the occurrence of any period of 60 consecutive trading days where the average closing price of the Common Stock of the Company is equal to or greater than \$1.00 per share, the entire unpaid principal amount of the 2011 Convertible Notes together with any unpaid interest shall be converted into Common Stock of the Company at the conversion price of \$0.70.

The 2011 Convertible Notes may be prepaid in whole or in part from time to time and at any time prior to maturity without penalty or premium subject to the Investors' right to convert the Notes upon receipt of notice of such prepayment. The obligations represented by the 2011 Convertible Notes are secured by a security interest in the assets of the Company, subordinated to the SVB and PFG loan agreements. Upon the occurrence of any event of default, the holders of the 2011 Convertible Notes may elect to call the principal amount, plus all accrued but unpaid interest on the 2011 Convertible Notes then outstanding immediately due and payable.

The terms of the 2011 Convertible Notes also provided that in the event that prior to December 5, 2012, the Company issued a new Note (or Notes) for an aggregate consideration in excess of \$25,000 with a conversion price less than the current conversion price of the 2011 Convertible Notes, then going forward the conversion price of the portion of the 2011 Convertible Notes that had not previously been converted into equity securities would automatically be reduced to the new Note conversion rate. In March 2012, the terms of the 2011 Convertible Notes were amended, effective as of the original issuance date of the 2011 Convertible Notes, to eliminate the above referenced conversion price adjustment provision and to include a provision that restricts that Company from issuing a new convertible note or series of new convertible notes with a conversion rate less than the then current conversion rate of the 2011 Convertible Notes prior to December 5, 2012.

As of June 30, 2012 principal and accrued interest on the 2011 Convertible Notes totaled \$5.0 million.

One of the 2010 Convertible Notes in the original principal amount of \$300,000 was not repaid in connection with the issuance of the 2011 Convertible Notes and remain outstanding at June 30, 2012. The interest on the outstanding principal balance on these 2010 Notes accrues at a rate of three percent (3.0%) per annum and accrued interest is added to the balance of the 2010 Note. All unpaid principal and interest is due and payable at maturity, which is July 30, 2014, and may be converted at any time into shares of the Company's Common Stock at a fixed conversion price of \$1.10. Following the occurrence of any period of 60 consecutive trading days where the average closing price of the Company's common stock is equal to or greater than \$1.25 per share, the entire unpaid principal amount together with any unpaid interest shall be converted into the Company's Common Stock at a conversion price of \$1.10.

As of June 30, 2012 and December 31, 2011 principal and accrued interest on the 2010 Note totaled \$322,000 and \$313,000, respectively. The combined interest expense recognized during the three months ended June 30, 2012 and 2011 on both of the 2010 and 2011 Convertible Notes totaled approximately \$92,000 and \$24,000, respectively. The combined interest expense recognized during the six months ended June 30, 2012 and 2011 on both of the 2010 and 2011 Convertible Notes totaled approximately \$176,000 and \$48,000, respectively.

On January 4, 2012 the Company entered into a Purchase Agreement with an investor pursuant to which the Company issued secured subordinated convertible notes in the aggregate original principal amount of \$100,000 on terms identical to the 2011 Convertible Notes, as amended. Also, on March 2, 2012 the Company received a principal amount of \$200,000 with an original investor of the 2010 Convertible Note for which the Company has yet to receive a Purchase Agreement with that investor. The Company has been accruing interest on \$200,000, which is being added to the principal amount, at a rate of seven percent (7.0%) which is consistent with interest rate terms on the 2011 Convertible Notes, as amended.

Partners for Growth III, L.P. (“PFG”)

Effective January 30, 2012, the Company entered into a Loan and Security Agreement (the “PFG Loan Agreement”) with Partners for Growth III, L.P., pursuant to which PFG provided EdgeWave with a loan in the amount of \$1.5 million (the “Loan”).

The Loan will be repaid in 36 monthly principal payments of approximately \$42,000 each, plus interest, commencing on March 1, 2012. The principal of the Loan may not be prepaid in whole or in part during the first year. During the second year, EdgeWave may prepay the Loan in whole or in part subject to payment of a prepayment fee equal to three percent (3%) of the amount prepaid. During the third year, EdgeWave may prepay the Loan in whole or in part subject to payment of a prepayment fee equal to two percent (2%) of the amount prepaid. The annual interest rate on the Loan is 9.75%, fixed. The obligations under the PFG Loan Agreement are secured by substantially all of EdgeWave’s assets, subordinated to the SVB Loan Agreements.

As of June 30, 2012, the principal balance on the Loan was approximately \$1.3 million. Interest expense recognized during the three and six months ended June 30, 2012 totaled \$35,000 and \$44,000, respectively.

The PFG Loan Agreement contains affirmative, negative and financial covenants customary for credit facilities of this type, including, among other things, limitations on indebtedness, liens, sales of assets, mergers, investments, and dividends. The PFG Loan Agreement also requires that EdgeWave maintain a Cumulative Modified Net Income / Loss (as defined in the PFG Loan Agreement) of not less than (\$3.0 million) during the calendar year 2012 (with dollar figures in parentheses denoting a negative number). The PFG Loan Agreement requires for each month during the first calendar quarter of 2013, on a rolling three-month basis, that EdgeWave maintain a Modified Net Income /

(Loss) of at least eighty percent (80%) of EdgeWave’s Board-approved forecast/financial plan for Modified Net Income / (Loss) for such period. In addition, the PFG Loan Agreement contains events of default provisions customary for credit facilities of this type (with grace or cure periods, as applicable).

In connection with the execution of the PFG Loan Agreement, EdgeWave issued warrants (the “Warrants”) to PFG and its designees which allow PFG and its designees to purchase up to 450,000 shares of EdgeWave common stock at an exercise of \$0.35 per share. The Warrants expire on January 30, 2017.

5. Other Assets

Other assets consisted of the following:

	June 30, 2012	December 31, 2011
Long term accounts receivable	\$350,000	\$ –
Security deposits	97,000	97,000
Total other assets	\$447,000	\$ 97,000

At June 30, 2012, other assets consisted of \$350,000 in long term accounts receivable for amounts in which payments are not due within one year and \$97,000 in security deposits mostly related to our operating lease for our corporate headquarters in San Diego.

6. Stockholders' Deficit

Warrants

As of June 30, 2012 and December 31, 2011, a total of 1,738,961 and 1,363,961 shares of common stock, respectively, were reserved for issuance for the exercise of warrants at exercise prices ranging from \$0.35 to \$1.25 per share. During the six months ended June 30, 2012, 475,000 warrants were issued and 100,000 warrants were cancelled. There were no warrants exercised during these six months.

The detail of the warrants outstanding and exercisable as of June 30, 2012 is as follows:

Exercise Price	Number Outstanding	Remaining Life (Years)	Weighted Average Exercise Price
\$ 0.35	450,000	4.59	\$ 0.35
\$ 0.46	450,000	1.05	\$ 0.46
\$ 0.57	603,850	2.57	\$ 0.57
\$ 1.10	210,111	2.08	\$ 1.10
\$ 1.25	25,000	3.09	\$ 1.25
	1,738,961		\$ 0.56

7. Warrant Derivative Liability

At June 30, 2012, there were 463,500 warrants classified as a derivative liability with an estimated fair value of \$36,000 due to an exercise price re-set provision included in the underlying warrant agreement. The estimated fair value was determined using the binomial lattice pricing model ("binomial lattice model"). Key assumptions of the binomial lattice model include the market price of our stock, the exercise price of the warrants, applicable volatility rates, risk-free interest rates, expected dividends, probability of future financing, and the instrument's remaining term. These assumptions require significant management judgment. In addition, changes in any of these variables during a period can result in material changes in the fair value (gains or losses) of these derivative instruments. The decrease in the estimated fair value of the warrant derivative liability for the six months ended June 30, 2012 of \$26,000 is

included in other expense in the accompanying statement of operations. (See Note 8).

8. Fair Value Measurements

Fair value hierarchy

Fair value is defined in ASC 820, “Fair Value Measurements and Disclosures” (“ASC 820”), as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are to be considered from the perspective of a market participant that holds the assets or owes the liability. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

ASC 820 describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical or similar assets and liabilities.

Level 2: Quoted prices for identical or similar assets and liabilities in markets that are not active or observable inputs other than quoted prices in active markets for identical or similar assets and liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Financial instruments measured at fair value on a recurring basis

ASC 820 requires disclosure of the level within the fair value hierarchy used by the Company to value financial assets and liabilities that are measured at fair value on a recurring basis. At June 30, 2012 and December 31, 2011, the Company had outstanding warrants to purchase common shares of our stock that are classified as warrant derivative liabilities with a fair value of \$36,000 and \$62,000, respectively. The warrants were valued using the binomial lattice pricing model, which utilizes significant unobservable inputs (Level 3), using the valuation assumptions in the table below.

	Three Months Ended June 30, 2012	Year Ended December 31, 2011
Average expected life (years)	2.6	3.0
Average expected volatility	70.0%	70.0%
Average risk-free interest rate	0.4%	0.4%
Expected dividend yield	0	0
Stock price	\$0.20	\$ 0.30

The following table reconciles the warrant derivative liability measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the six months ended June 30, 2012:

Balance at December 31, 2011	62,000
Gain on change in fair value included in other expense (income)	(26,000)
Balance at June 30, 2012	\$ 36,000

9. Commitment and Contingencies

Litigation

In the normal course of business, the Company is occasionally named as a defendant in various lawsuits. There are currently no material pending legal proceedings which the Company is a party of or which any of the Company's property is the subject of.

Operating leases

The Company leases approximately 37,000 square feet of office space in San Diego, CA pursuant to a lease agreement that expires in May 31, 2016. Pursuant to the terms of this lease agreement, the Company issued a Letter of Credit for the benefit of the lessor in the amount of \$250,000.

The Company also leases approximately 12,000 square feet of office space in Rohnert Park, CA which is used primarily for technical support and research and development relating to its ePrism product line. The Rohnert Park lease was renewed during March 2012 which extends the lease until May 31, 2014.

10. Related Party Transactions

A director of the Company is a managing member of a venture capital firm that as of June 30, 2012 has loaned approximately \$1.8 million, which includes accrued interest added to the \$1.7 million principal balance, to the Company pursuant to the 2011 Convertible Notes (See Note 4).

PART I

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our consolidated financial statements and related notes that appear elsewhere in this Quarterly Report on Form 10-Q. In addition to historical consolidated financial information, the following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this Quarterly Report on Form 10-Q. For additional information concerning these factors, see the information under the caption "Risk Factors" in our Annual Report on Form 10-K filed on March 30, 2012 for the year ended December 31, 2011.

Our Business

We develop and market on demand, appliance, and hybrid SCM solutions to the mid-market enterprise and service provider markets. The EdgeWave portfolio of web, messaging, and social media security technologies deliver SCM with ease of deployment. The Company's award-winning iPrism Web Security appliance and ePrism Messaging Security Suite and iPrism Social Media Security solutions can be delivered as hosted, on-premises, and hybrid services. With approximately 6,500 customers and over 200 partners worldwide, EdgeWave strives to deliver high performance, easy-to-use solutions that offer excellent value.

Customers can purchase EdgeWave solutions directly from us, or through our network of distributors, Value-Added Resellers and Managed Service Providers. On-premises purchases typically consist of an initial hardware purchase (appliance) and filtering subscription, whereas our hosted services only require a subscription. Our primary customers are enterprise IT executives, managers and administrators as well as Managed Service Providers and Internet Service Providers.

Overview of Our Financial Results and Financial Position

We reported revenues of \$4.3 million for the three months ended June 30, 2012, compared to \$4.8 million in the same period in 2011, a decrease of 10.4%; a net loss for the three months ended June 30, 2012 of \$1.2 million, compared to a net loss of \$1.3 million in the same period in 2011; and net basic and diluted loss per share for the three months ended June 30, 2012 of \$0.07, compared to a net basic and diluted loss per share of \$0.08 reported in the same period in 2011.

Cash used by operations was \$2.1 million and \$1.5 million for the six months ended June 30, 2012 and 2011, respectively. The net increase in the cash used by operating activities resulted primarily from changes in operating assets and liabilities during the first six months of 2012.

As of June 30, 2012, we had cash and cash equivalents of \$1.9 million and availability under an existing credit facility with SVB of \$842,000. In January 2012, we received proceeds of \$1.5 million in connection with a loan with PFG. In the opinion of management, our existing cash resources as of June 30, 2012, collections on future billings, and borrowing availability under existing credit facilities will provide sufficient liquidity for the Company to meet its continuing obligations for the next twelve months. However, there can be no assurances that projected collections will be realized or that the Company will improve operating results so that positive cash flow from operating activities will be achieved.

Critical Accounting Policies and Estimates

There are several accounting policies that are critical to understanding our historical and future performance because these policies affect the reported amounts of revenue and other significant areas in our reported financial statements and involve management's judgments and estimates. These critical accounting policies and estimates include:

- revenue recognition;
- allowance for doubtful accounts;
- impairment of goodwill and long-lived assets;
- accounting for income taxes;
- warranty obligation; and
- accounting for stock based compensation.

Please refer to the “Management’s Discussion and Analysis of Financial Condition and Results of Operation” located within our 10-K filed on March 30, 2012 for the year ended December 31, 2011 for further discussion of our “Summary of Significant Accounting Policies and Estimates”. There have been no material changes to these accounting policies during the six months ended June 30, 2012.

Results of Operations of EdgeWave, Inc.

Comparison of the Three Months Ended June 30, 2012 and 2011 (amounts in tables presented in thousands, except percentages)

Revenues	For the Three Months Ended June 30,		% Change
	2012	2011	
Total revenues	\$4,303	\$4,805	(10.4)%

Revenues decreased \$502,000 for the three months ended June 30, 2012, compared to the same period in 2011. See the discussion of changes in subscription and appliance revenues below.

Subscription Revenues	For the Three Months Ended June 30,		% Change
	2012	2011	
Subscription revenues	\$3,516	\$3,644	(3.5%)
As a percentage of revenues	81.7%	75.8%	

For the three months ended June 30, 2012 our subscription revenues decreased approximately \$128,000 compared to the same period in 2011 as a result of pricing pressures to discount our subscription products in order to remain competitive. The subscription renewal rates for our products range from 75% to 85%.

Appliance Revenues	For the Three Months Ended June 30,		% Change
	2012	2011	
Appliance revenues	\$787	\$1,159	(32.1%)

As a percentage of revenues 18.3% 24.1%

For the three months ended June 30, 2012, appliance revenues decreased approximately \$372,000 compared with the respective period in 2011 due mainly to the shipping of fewer appliances coupled with discounts applied to the appliance in order to stay competitive.

<i>Cost of Revenues</i>	For the Three Months Ended June 30,		% Change
	2012	2011	
Total cost of revenues	\$1,351	\$1,521	(11.2%)
Gross margin percent	68.6%	68.3%	

Cost of revenues consists primarily of the cost of contract manufactured hardware, technical support salaries, royalties paid to third parties under technology licensing agreements, packaging costs, fee-based technical support costs and freight. Total cost of revenues decreased \$170,000 for the three months ended June 30, 2012 compared to the same period in 2011. See the discussion of changes in the cost of subscription and appliance revenues below.

<i>Cost of Subscription Revenues</i>	For the Three Months Ended June 30,		
	2012	2011	% Change
Total cost of subscription revenues	\$750	\$719	4.3%
Gross margin percent	78.7%	80.3%	

The cost of subscription revenues primarily includes the cost of our technical support group and network colocation costs. The increase of \$31,000 for the three months ended June 30, 2012 compared to the same period in 2011 was mainly due to the increased costs of improving and maintaining our ePrism email filtering product line.

<i>Cost of Appliance Revenues</i>	For the Three Months Ended June 30,		
	2012	2011	% Change
Total cost of appliance revenues	\$601	\$802	(25.1%)
Gross margin percent	23.6%	30.8%	

The cost of appliance revenues, which includes contract manufactured equipment, warranty expense, and packaging and freight decreased approximately \$201,000 for the three months ended June 30, 2012 compared to the same period in 2011. This is the result of a decrease in the number of appliances sold during the current period as compared to the same period in 2011. Gross margin decreased 7.2% due to the discounting of our appliance products in order to remain competitive.

Sales and Marketing	For the Three Months Ended June 30,		
	2012	2011	% Change
Total sales and marketing	\$1,970	\$2,277	(13.5%)
As a percentage of revenues	45.8%	47.4%	

Sales and marketing expense consists primarily of salaries, related benefits, commissions, consultant fees, advertising, lead generation and other costs associated with our sales and marketing efforts. For the three months ended June 30, 2012 sales and marketing expense decreased 13.5%, or approximately \$307,000, over the same period in 2011 primarily due to increased efficiency and optimization of the lead to sales process.

<i>Research and Development</i>	For the Three Months Ended June 30,		
	2012	2011	% Change
Total research and development	\$1,167	\$1,267	(7.9%)
As a percentage of revenues	27.1%	26.4%	

Research and development expense consists primarily of salaries, related benefits, third-party consultant fees and other engineering related costs. The net decrease of \$100,000 for the three months ended June 30, 2012 compared to the same period in 2011 was primarily the result of a decrease in compensation costs for research and development engineers. Research and development is an important part of our business and we expect it to remain high as a percentage of revenues as we continue to invest in our development efforts.

We currently have research and development facilities in San Diego and Rohnert Park, CA. Management believes that a significant investment in research and development is required to remain competitive and we expect to continue to invest in research and development activities.

General and Administrative	For the Three Months Ended June 30,		% Change
	2012	2011	
Total general and administrative	\$831	\$1,029	(19.2%)
As a percentage of revenues	19.3%	21.4%	

General and administrative expenses, which consist primarily of salaries and related benefits, fees for professional services, such as legal and accounting services, stock-based compensation, and insurance decreased approximately \$198,000 for the three months ended June 30, 2012, compared to the same period in 2011. The most significant decreases during the three months ended June 30, 2012 were in compensation, accounting, legal, and stock-based compensation expenses.

We expect our general and administrative expenses to remain flat for the remaining two quarters of 2012 as compared to the comparable quarters in 2011.

<i>Interest and Other Income, Net</i>	For the Three Months Ended June 30,		% Change
	2012	2011	
Total interest and other income, net	\$145	\$(5)	3000.0%
As a percentage of revenues	3.4%	(0.1%)	

Interest and other income, net, includes interest expense, interest income, and other income. For the three months ended June 30, 2012, interest and other income, net included interest expense of \$156,000 due to outstanding borrowings (see Note 4), offset by a gain on the change in the fair value of the warrant derivative liability of approximately \$11,000. For the three months ended June 30, 2011, interest and other income, net included interest expense of \$61,000 due to outstanding borrowings, offset by gain on the change in the fair value of the warrant derivative liability of approximately \$66,000.

Comparison of the Six Months Ended June 30, 2012 and 2011 (amounts in tables presented in thousands, except percentages)

<i>Revenues</i>	For the Six Months Ended June 30,	
	2012	2011

			%
			Change
Total revenues	\$8,599	\$9,185	(6.4%)

Revenues decreased \$586,000 for the six months ended June 30, 2012, compared to the same period in 2011. See the discussion of changes in subscription and appliance revenues below.

<i>Subscription Revenues</i>	For the Six Months Ended June 30,		%
	2012	2011	
Subscription revenues	\$7,017	\$7,314	(4.1%)
As a percentage of revenues	81.6%	79.6%	

For the six months ended June 30, 2012 our subscription revenues decreased approximately \$297,000 compared to the same period in 2011 as a result of pricing pressures to discount our subscription products in order to remain competitive. The subscription renewal rates for our products range from 75% to 85%.

<i>Appliance Revenues</i>	For the Six Months Ended June 30,		
	2012	2011	% Change
Appliance revenues	\$1,582	\$1,867	(15.3%)
As a percentage of revenues	18.4%	20.3%	

For the six months ended June 30, 2012, appliance revenues decreased approximately \$285,000 compared with the respective period in 2011 due mainly to the shipping of fewer appliances coupled with discounts applied to the appliance sales in order to stay competitive.

<i>Cost of Revenues</i>	For the Six Months Ended June 30,		
	2012	2011	% Change
Total cost of revenues	\$2,516	\$2,766	(9.0%)
Gross margin percent	70.7%	69.9%	

Cost of revenues consists primarily of the cost of contract manufactured hardware, technical support salaries, royalties paid to third parties under technology licensing agreements, packaging costs, fee-based technical support costs and freight. Total cost of revenues decreased \$250,000 for the six months ended June 30, 2012 compared to the same period in 2011. See the discussion of changes in the cost of subscription and appliance revenues below.

<i>Cost of Subscription Revenues</i>	For the Six Months Ended June 30,		
	2012	2011	% Change
Total cost of subscription revenues	\$1,452	\$1,509	(3.8%)
Gross margin percent	79.3%	79.4%	

The cost of subscription revenues primarily includes the cost of our technical support group and network colocation costs. The decrease of \$57,000 for the six months ended June 30, 2012 compared to the same period in 2011 was mainly due to decreases to compensation expenses, offset by increased costs of improving and maintaining our ePrism email filtering product line.

<i>Cost of Appliance Revenues</i>	For the Six Months Ended
-----------------------------------	-----------------------------

Edgar Filing: EdgeWave, Inc. - Form 10-Q

	2012	2011	% Change
Total cost of appliance revenues	\$1,064	\$1,255	(15.2%)
Gross margin percent	32.7%	32.8%	

The cost of appliance revenues, which includes contract manufactured equipment, warranty expense, and packaging and freight decreased approximately \$191,000 for the six months ended June 30, 2012 compared to the same period in 2011. This is the result of a decrease in the number of appliances sold during the current period. Gross margin decreased 0.1% due the decrease in overall appliances sold during the period and the discounting of our appliance products in order to remain competitive, offset by the increased sales of our higher priced appliance units which are more profitable.

Total sales and marketing	\$4,179	\$4,720	(11.5%)
As a percentage of revenues	48.6%	51.4%	

Sales and marketing expense consists primarily of salaries, related benefits, commissions, consultant fees, advertising, lead generation and other costs associated with our sales and marketing efforts. For the six months ended June 30, 2012, sales and marketing expense decreased 11.5%, or approximately \$541,000, over the same period in 2011 primarily due to increased efficiency and optimization of the lead to sales process.

<i>Research and Development</i>	For the Six Months Ended June 30,		
	2012	2011	% Change
Total research and development	\$2,357	\$2,731	(13.7%)
As a percentage of revenues	27.4%	29.7%	

Research and development expense consists primarily of salaries, related benefits, third-party consultant fees and other engineering related costs. The net decrease of \$374,000 for the six months ended June 30, 2012 compared to the same period in 2011 was primarily the result of a decrease in compensation costs for research and development engineers. Research and development is an important part of our business and we expect it to remain high as a percentage of revenues as we continue to invest in our development efforts.

We currently have research and development facilities in San Diego and Rohnert Park, CA. Management believes that a significant investment in research and development is required to remain competitive and we expect to continue to invest in research and development activities.

General and Administrative	For the Six Months Ended June 30,		
	2012	2011	% Change
Total general and administrative	\$1,845	\$1,935	(4.6%)
As a percentage of revenues	21.5%	21.1%	

Edgar Filing: EdgeWave, Inc. - Form 10-Q

General and administrative expenses, which consist primarily of salaries and related benefits, fees for professional services, such as legal and accounting services, stock-based compensation, and insurance decreased approximately \$90,000 for the six months ended June 30, 2012, compared to the same period in 2011. The most significant decreases during the six months ended June 30, 2012 were in compensation and legal expenses.

<i>Interest and Other Income, Net</i>	For the Six		
	Months Ended		
	June 30,		
	2012	2011	% Change
Total interest and other income, net	\$253	\$19	1,231.6%
As a percentage of revenues	2.9%	0.2%	

Interest and other income, net, includes interest expense, interest income, and other income. For the six months ended June 30, 2012, interest and other income, net included interest expense of \$279,000 due to outstanding borrowings (see Note 4), offset by a gain on the change in the fair value of the warrant derivative liability of approximately \$26,000. For the six months ended June 30, 2011, interest and other income, net included interest expense of \$105,000 due to outstanding borrowings, offset by a gain on the change in the fair value of the warrant derivative liability of approximately \$86,000.

Liquidity and Capital Resources

Cash Flows

Our largest source of operating cash flows is cash receipts from our customers from purchases of products, subscription, maintenance and technical support. Our standard payment terms for both subscription and support invoices are net 30 days from the date of invoice but from time to time we enter into payment terms that are greater than 30 days. The recurring subscription portion of our business provides predictable cash flow but new sales fluctuate due to seasonal buying behavior and sales and marketing effectiveness. Our primary uses of cash for operating activities include cost associated with appliance sales and appliance warranty, costs to maintain our subscription services, personnel, facilities, sales and marketing, research and development, and general and administrative expenses.

Cash used by operations was \$2.1 million and \$1.5 million for the six months ended June 30, 2012 and 2011, respectively. The net increase in the cash used by operating activities resulted primarily from changes in operating assets and liabilities during the first six months of 2012.

For the six months ended June 30, 2012 and 2011, cash used by investing activities was \$142,000 and \$297,000, respectively. The net decrease in cash used by investing activities was attributed primarily to a decrease in fixed asset purchases during the first six months of 2012.

Cash flows provided by financing activities for the six months ended June 30, 2012 and 2011 was \$1.5 million and \$1.2 million, respectively. The net increase in cash provided by financing was primarily due to the increase on the proceeds of the PFG Loan (See Note 4) in the amount of \$1.5 million.

As a result of the foregoing, the net decrease in cash and cash equivalents was \$677,000 for the six months ended June 30, 2012; the net decrease in cash and cash equivalents for the six months ended June 30, 2011 was \$605,000.

Credit Facility and Debt Agreements

Silicon Valley Bank ("SVB")

In 2007, the Company entered into the SVB Loan Agreement. The Company borrows and makes repayments under the revolving credit facility depending on its liquidity position. Most recently, the SVB Loan Agreement was amended on September 8, 2011 and April 30, 2012. The primary revisions incorporated by the latest amendment include (i) modifying the availability amount on the revolving line balance to the lesser of the revolving line or the borrowing base, minus the aggregate outstanding principal amount of Term Loan A, Term Loan B, and Term Loan C, minus the outstanding principal balance of any advances and (ii) revising the SVB Loan Agreement's financial covenant calculation, which replaces the tangible net worth calculation, to include that the Company maintain at all times, on a year to date basis for 2012, a modified cumulative net income of at least negative three million dollars (-\$3,000,000), on a trailing three (3) month basis from January 2013 through March 2013, an amount equal to at least eighty percent (80%) of the Company's projected modified cumulative net income for the applicable period and on a trailing three (3) month basis at all times thereafter, one dollar (\$1.00).

At June 30, 2012, the total amount outstanding under the Revolving Line was \$1.7 million and the Company had a remaining borrowing availability of \$842,000. As of June 30, 2012, the applicable interest rate for the Revolving Line was 6.00% and for the three and six months ended June 30, 2012 interest expense relating to the revolving line was approximately \$12,000 and \$19,000, respectively. At June 30, 2012, the total amount outstanding under Term Loans A, B, and C was \$458,000, which represents the total amount available pursuant to these loans. As of June 30, 2012, the applicable interest rates for Term Loan A, Term Loan B, and Term Loan C were 6.00%, 7.50%, and 7.00%, respectively, and the total interest expense for these loans for the three and six months ended June 30, 2012 was approximately \$8,000 and \$16,000, respectively.

As of June 30, 2012, the Company was in compliance with the covenants under the SVB Loan and Security Agreement, as amended.

Convertible Notes Payable

On December 5, 2011, the Company entered into the 2011 Purchase Agreement pursuant to which the Company issued convertible notes payable in the amount of \$4.5 million ("2011 Convertible Notes") to certain holders of the convertible notes payable issued by the Company in 2010 ("2010 Convertible Notes"). Approximately \$3.0 million of the total gross proceeds from the 2011 Convertible Notes was used to retire the 2010 Convertible Notes. 2011 Convertible Notes in the principal amount of \$1.7 million were issued to a venture capital fund, which is controlled by a member of the Company's Board of Directors.

The 2011 Convertible Notes bear interest at the rate of 7.00% per annum with accrued interest and principal due and payable on the maturity date of December 4, 2015. The note holders may convert the 2011 Convertible Notes in whole or in part at any time prior to the maturity date into shares of Common Stock of the Company at a conversion price of \$0.70. Following the occurrence of any period of 60 consecutive trading days where the average closing price of the Common Stock of the Company is equal to or greater than \$1.00 per share, the entire unpaid principal amount of the 2011 Convertible Notes together with any unpaid interest shall be converted into Common Stock of the Company at the conversion price of \$0.70.

The 2011 Convertible Notes may be prepaid in whole or in part from time to time and at any time prior to maturity without penalty or premium subject to the Investors' right to convert the Notes upon receipt of notice of such prepayment. The obligations represented by the 2011 Convertible Notes are secured by a security interest in the assets of the Company, subordinated to the SVB and PFG loan agreements. Upon the occurrence of any event of default, the holders of the 2011 Convertible Notes may elect to call the principal amount, plus all accrued but unpaid interest on the 2011 Convertible Notes then outstanding immediately due and payable.

The terms of the 2011 Convertible Notes also provided that in the event that prior to December 5, 2012, the Company issued a new Note (or Notes) for an aggregate consideration in excess of \$25,000 with a conversion price less than the current conversion price of the 2011 Convertible Notes, then going forward the conversion price of the portion of the 2011 Convertible Notes that had not previously been converted into equity securities would automatically be reduced to the new Note conversion rate. In March 2012, the terms of the 2011 Convertible Notes were amended, effective as of the original issuance date of the 2011 Convertible Notes, to eliminate the above referenced conversion price adjustment provision and to include a provision that restricts that Company from issuing a new convertible note or series of new convertible notes with a conversion rate less than the then current conversion rate of the 2011 Convertible Notes prior to December 5, 2012.

As of June 30, 2012 principal and accrued interest on the 2011 Convertible Notes totaled \$5.0 million.

One of the 2010 Convertible Notes in the original principal amount of \$300,000 was not repaid in connection with the issuance of the 2011 Convertible Notes and remain outstanding at June 30, 2012. The interest on the outstanding

principal balance on these 2010 Notes accrues at a rate of three percent (3.0%) per annum and accrued interest is added to the balance of the 2010 Note. All unpaid principal and interest is due and payable at maturity, which is July 30, 2014, and may be converted at any time into shares of the Company's Common Stock at a fixed conversion price of \$1.10. Following the occurrence of any period of 60 consecutive trading days where the average closing price of the Company's common stock is equal to or greater than \$1.25 per share, the entire unpaid principal amount together with any unpaid interest shall be converted into the Company's Common Stock at a conversion price of \$1.10.

As of June 30, 2012 and December 31, 2011 principal and accrued interest on the 2010 Note totaled \$322,000 and \$313,000, respectively. The combined interest expense recognized during the three months ended June 30, 2012 and 2011 on both of the 2010 and 2011 Convertible Notes totaled approximately \$92,000 and \$24,000, respectively. The combined interest expense recognized during the six months ended June 30, 2012 and 2011 on both of the 2010 and 2011 Convertible Notes totaled approximately \$176,000 and \$48,000, respectively.

On January 4, 2012 the Company entered into a Purchase Agreement with an investor pursuant to which the Company issued secured subordinated convertible notes in the aggregate original principal amount of \$100,000 on terms identical to the 2011 Convertible Notes, as amended. Also, on March 2, 2012 the Company received a principal amount of \$200,000 with an original investor of the 2010 Convertible Note for which the Company has yet to receive a Purchase Agreement with that investor. The Company has been accruing interest on \$200,000, which is being added to the principal amount, at a rate of seven percent (7.0%) which is consistent with interest rate terms on the 2011 Convertible Notes, as amended.

Partners for Growth III, L.P. (“PFG”)

Effective January 30, 2012, the Company entered into PFG Loan Agreement, pursuant to which PFG provided EdgeWave with a loan in the amount of \$1.5 million (the “Loan”).

The Loan will be repaid in 36 monthly principal payments of approximately \$42,000 each, plus interest, commencing on March 1, 2012. The principal of the Loan may not be prepaid in whole or in part during the first year. During the second year, EdgeWave may prepay the Loan in whole or in part subject to payment of a prepayment fee equal to three percent (3%) of the amount prepaid. During the third year, EdgeWave may prepay the Loan in whole or in part subject to payment of a prepayment fee equal to two percent (2%) of the amount prepaid. The annual interest rate on the Loan is 9.75%, fixed. The obligations under the Loan Agreement are secured by substantially all of EdgeWave’s assets, subordinated to the SVB Loan Agreements.

As of June 30, 2012, the principal balance on the Loan was approximately \$1.3 million. Interest expense recognized during the three and six months ended June 30, 2012 totaled \$35,000 and \$44,000, respectively.

The PFG Loan Agreement contains affirmative, negative and financial covenants customary for credit facilities of this type, including, among other things, limitations on indebtedness, liens, sales of assets, mergers, investments, and dividends. The PFG Loan Agreement also requires that EdgeWave maintain a Cumulative Modified Net Income / Loss (as defined in the PFG Loan Agreement) of not less than (\$3.0 million) during the calendar year 2012 (with dollar figures in parentheses denoting a negative number). The PFG Loan Agreement requires for each month during the first calendar quarter of 2013, on a rolling three-month basis, that EdgeWave maintain a Modified Net Income / (Loss) of at least eighty percent (80%) of EdgeWave’s Board-approved forecast/financial plan for Modified Net Income / (Loss) for such period. In addition, the PFG Loan Agreement contains events of default provisions customary for credit facilities of this type (with grace or cure periods, as applicable).

In connection with the execution of the PFG Loan Agreement, EdgeWave issued warrants (the “Warrants”) to PFG and its designees which allow PFG and its designees to purchase up to 450,000 shares of EdgeWave common stock at an exercise of \$0.35 per share. The Warrants expire on January 30, 2017.

Liquidity

As of June 30, 2012, the Company had approximately \$1.9 million in cash and cash equivalents and a working capital deficit of \$9.3 million. Approximately \$11.0 million of our current liability balance at June 30, 2012 consisted of deferred revenue, which represents amounts that are expected to be amortized into revenue as they are earned in future periods. For the three and six months ended June 30, 2012, the Company incurred a net loss of \$1.2 million and \$2.6

million, respectively, and as of June 30, 2012 has incurred a cumulative net loss of \$60.4 million. For the six months ended June 30, 2012 cash used by operating activities was \$1.2 million.

As described in Note 4, the Company has an existing credit facility with Silicon Valley Bank (“SVB”) under which there is borrowing availability of \$842,000 as of June 30, 2012. In addition, the Company entered into a Loan and Security Agreement with Partners for Growth III, L.P. (“PFG”), pursuant to which PFG provided EdgeWave with a loan in the amount of \$1.5 million in January 2012 (See Note 4). As of June 30, 2012, the principal balance on the Loan was approximately \$1.3 million.

In the opinion of management, its existing cash resources as of June 30, 2012, collections on future billings, and borrowing availability under existing credit facilities will provide sufficient liquidity for the Company to meet its continuing obligations for the next twelve months. However, there can be no assurances that projected collections will be realized or that the Company will improve operating results so that positive cash flow from operating activities will be achieved. The Company believes that if necessary, they will be able to raise additional needed capital through subsequent debt or equity financing transactions.

Adopted Accounting Pronouncements

In May 2011, the FASB issued ASU No. 2011-04, “Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure in U.S. GAAP and IFRS” (“ASU 2011-04”), to provide consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements, particularly for level 3 fair value measurement. ASU 2011-04 is effective for periods beginning after December 15, 2011. The adoption of ASU 2011-04 during the first quarter of 2012 did not have a material effect on our fair value measures and disclosures.

Recent Accounting Pronouncements

Other accounting standards that have been issued by the FASB or other standards-setting bodies for which future adoption is pending are not expected to have a material impact on the Company’s consolidated financial statements.

Off-Balance Sheet Arrangements

We have not entered into any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that would be considered material to investors.

Forward-Looking Statements

This Quarterly Report on Form 10-Q and the information incorporated herein by reference contain forward-looking statements that involve a number of risks and uncertainties. Although our forward-looking statements reflect the good faith judgment of our management, these statements can only be based on facts and factors currently known by us. Consequently, these forward-looking statements are inherently subject to risks and uncertainties, and actual results and outcomes may differ materially from results and outcomes discussed in the forward-looking statements. For a summary of such risks and uncertainties, please see Risk Factors located in our Annual Report on Form 10-K for the year ended December 31, 2011 filed with the Securities and Exchange Commission on March 30, 2012.

Forward-looking statements can be identified by the use of forward-looking words such as “believes,” “expects,” “hopes,” “may,” “will,” “plan,” “intends,” “estimates,” “could,” “should,” “would,” “continue,” “seeks,” “pro forma,” or “anticipates,” or words (including their use in the negative), or by discussions of future matters such as the development of new

These statements include but are not limited to statements under the captions “Risk Factors,” “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Business” as well as other sections in this report.

The cautionary statements made in this report are intended to be applicable to all related forward-looking statements wherever they may appear in this report. We urge you not to place undue reliance on these forward-looking statements, which speak only as of the date of this report. Except as required by law, we assume no obligation to update our forward-looking statements, even if new information becomes available in the future.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

As a Smaller Reporting Company as defined by Rule 12b-2 of the Exchange Act and in item 10(f)(1) of Regulation S-K, we are electing scaled disclosure reporting obligations and therefore are not required to provide the information requested by this Item.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls

We maintain "disclosure controls and procedures," as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that are designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, management recognizes that disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Additionally, in designing disclosure controls and procedures, our management was required to apply its judgment in evaluating the cost-benefit relationship of possible disclosure controls and procedures. The design of any disclosure controls and procedures is also based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

During the course of our evaluation, our Chief Executive Officer and VP of Finance have concluded that our disclosure controls and procedures were effective at the reasonable assurance level as of June 30, 2012.

Changes in Internal Control over Financial Reporting

During the period covered by this report, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
