Edgar Filing: ENVOY COMMUNICATIONS GROUP INC - Form 6-K

(the "Corporation") for the Annual and Special Meeting of Shareholders to be held at Toronto Stock Exchange Conference Centre, 130 King Street West, Street Level, Toronto, Ontario, on Tuesday, March 6, 2001 at 11:00 a.m. (Toronto time) or any adjournment thereof (the "Meeting"). It is expected that the solicitation will be primarily by mail, but proxies may also be solicited personally, by advertisement or by telephone, by regular employees of the Corporation without special compensation, or by the Corporation's transfer agent, Montreal Trust Company of Canada, at nominal cost. The cost of solicitation by management will be borne by the Corporation.

Appointment of Proxies

If a shareholder cannot attend the Meeting but wishes to vote on the resolutions, the shareholder should sign, date and deliver the enclosed form of proxy to Montreal Trust Company of Canada, 100 University Avenue, 11th Floor, Toronto, Ontario, M5J 2Y1 on or before 11:00 a.m. (Toronto time) on the second business day preceding the Meeting or 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting. THE PERSONS NAMED IN THE ENCLOSED FORM OF PROXY ARE DIRECTORS AND/OR OFFICERS OF THE CORPORATION. A SHAREHOLDER GIVING A PROXY CAN STRIKE OUT THE NAMES OF THE NOMINEES PRINTED IN THE ACCOMPANYING FORM OF PROXY AND INSERT THE NAME OF ANOTHER NOMINEE IN THE SPACE PROVIDED, OR THE SHAREHOLDER MAY COMPLETE ANOTHER FORM OF PROXY. A proxy nominee need not be a shareholder of the Corporation. A shareholder giving a proxy has the right to attend, or appoint someone else to attend as his or her proxy, at the Meeting and the proxy earlier submitted can be revoked in the manner described below under "Revocability of Proxies".

Voting of Proxies

The shares represented by a properly executed proxy will be voted or withheld from voting in accordance with the directions, if any, given in the proxy. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item must be left blank. IF NO CHOICE IS SPECIFIED IN THE PROXY, AND THE NOMINEE IS PROPOSED BY MANAGEMENT, THE NOMINEE WILL VOTE THE SHARES REPRESENTED BY THE PROXY IN FAVOUR OF EACH ITEM LEFT BLANK. The enclosed form of proxy confers discretionary authority upon the persons named in the proxy. The discretionary authority so granted may be exercised with respect to amendments or variations to matters which may properly come before the Meeting, unless the shareholder deletes the discretionary authority from the proxy. As at the date of this Management Information Circular, management of the Corporation is not aware of any such amendment or variation or any other matter to come before the Meeting other than those referred to in the accompanying Notice of Meeting. However, if any other matters that are not now known to management should properly come before the Meeting, the shares represented by proxies given in favour of management nominees will be voted on such matters in accordance with the best judgment of such nominees.

Revocability of Proxies

A shareholder who has given a proxy has the power to revoke it by an instrument in writing signed by the shareholder, or the shareholder's duly authorized attorney, delivered to the Registered Office of the Corporation at 26 Duncan Street, Toronto, Ontario, M5V 2B9 at any time up to and including the last business day preceding the day of the Meeting or to the Chair of the Meeting on the day of the Meeting at any time prior to its use, or by personal appearance at the Meeting prior to the hour of

Edgar Filing: ENVOY COMMUNICATIONS GROUP INC - Form 6-K

commencement of the Meeting. A shareholder may also revoke a proxy in any other manner permitted by law.

Interest of Certain Persons in Matters to be Acted Upon

No director or officer, past or present, nor any person on behalf of whom this solicitation is made or any of their respective affiliates has any interest, direct or indirect, in any matter to be acted upon at the Meeting, except that such persons may be indirectly involved in the normal business of the Meeting or the general affairs of the Corporation.

Voting Shares and Principal Shareholders

There are 21,219,950 common shares (the "Common Shares") of the Corporation outstanding and entitled to vote at the Meeting. Each Common Share carries one vote.

Any shareholder of record as at the close of business on January 26, 2001 is entitled to vote the Common Shares registered in his or her name at that date except to the extent that such shareholder has subsequently transferred any of such Common Shares and the transferee of those Common Shares establishes his or her ownership of such Common Shares and demands, not later than 10 days before the Meeting, that his or her name be included in the list of shareholders entitled to vote at the Meeting. In such case, the transferee is entitled to vote such Common Shares at the Meeting.

To the best of the knowledge of the directors and senior officers of the Corporation, no shareholder holds, directly or indirectly, more than 10% of the outstanding Common Shares of the Corporation except as follows:

SPECIAL BUSINESS

STOCK OPTION PLAN RESOLUTION - Amendment to the Corporation's Stock Option/Stock Appreciation Right Plan

The ability to award stock options is a critical component in the compensation philosophy of the Corporation to attract and retain the most qualified and motivated workforce possible within the highly competitive global environment in which the Corporation operates. The stock option program is designed to provide participants with an owner perspective and to provide an incentive to contribute to the growth of the Corporation. Management believes that the maintenance of an effective stock option program is a critical element in the success of the Corporation.

Listed company requirements of The Toronto Stock Exchange require shareholder approval for any proposed material amendments to a company's stock option plan. Accordingly, shareholders are being asked to consider an amendment to the Corporation's Stock Option/Stock Appreciation Right Plan (the "Stock Option Plan") whereby the maximum number of Common Shares to be reserved for issuance under the Stock Option Plan will be increased by 3,000,000 Common Shares to 4,000,000 Common Shares. Shareholders first approved the Stock Option Plan and the reservation of 2,000,000 Common Shares for issuance under the Stock Option Plan at the Annual and Special Meeting of Shareholders held on November 14, 1997. An increase in the maximum number of Common Shares reserved for issuance under the Stock Option Plan from 2,000,000 Common Shares to 3,000,000 was approved at the Annual and Special Meeting of Shareholders held on March 7, 2000.

After giving effect to the proposed amendment to the Stock Option Plan, the total number of Common Shares which would be issued if (i) all outstanding options were exercised under the Stock Option Plan (totalling 2,340,500 Common Shares) and (ii) all options available for grant under the Stock Option Plan were granted and exercised (totalling 1,514,500 Common Shares), would be equal to 18.46% of the Corporation's issued and outstanding share capital as at September 30, 2000, excluding Common Shares (totalling 214,000 Common Shares) issued pursuant to the Stock Option Plan and the Pre-Plan Options (as defined below under the heading Stock Option Plan) over the preceding one-year period.

Shareholders will be asked to consider and to approve, with or without

Edgar Filing: ENVOY COMMUNICATIONS GROUP INC - Form 6-K

variation, Stock Option Plan Resolution, the full text of which is attached to this Management Proxy Circular, which resolution relates to an amendment to the Stock Option Plan to increase the number of Common Shares reserved for issuance thereunder to 4,000,000 Common Shares. To be effective, Stock Option Plan Resolution requires approval by a majority of the votes cast by shareholders that vote in respect of Stock Option Plan Resolution. For purposes of calculating the majority required to pass Stock Option Plan Resolution, votes cast by insiders and associates of insiders of the Corporation who are eligible to receive options under the Stock Option Plan will not be counted. In the case of the Corporation, this means that votes cast by directors and officers and their respective associates will not be counted for the purpose of calculating the simple majority required to pass Stock Option Plan Resolution. To the Corporation's knowledge, there are currently 1,915,608 votes that will not be counted for the purpose of determining whether the required level of shareholder approval has been obtained.

As previously noted, the ability to award stock options is a critical component in the compensation philosophy of the Corporation to attract and retain the most qualified and motivated workforce possible within the highly competitive global environment in which the Corporation operates. Management believes that the maintenance of an effective stock option program is a critical element in the success of the Corporation. The Board of Directors has determined that the increase in the number of Common Shares reserved for issuance under the Stock Option Plan is in the best interests of the Corporation and the shareholders and unanimously recommends that the shareholders vote in favour of Stock Option Plan Resolution. Accordingly, in the absence of contrary instructions, the persons named in the enclosed form of proxy intend to vote for Stock Option Plan Resolution.

BY-LAW AMENDMENT RESOLUTION - Amendment to the Corporation's General By-Law No.1

In connection with its application for listing on NASDAQ, the Corporation was requested to increase the quorum at a meeting of shareholders from 1% to 5%. Shareholders will be asked to consider and to approve, with or without variation, By-Law Amendment Resolution, the full text of which is attached to this Management Proxy Circular, which resolution relates to an amendment to the Corporation's General By-Law No. 1 to increase the quorum at a meeting of shareholders from 1% to 5% of the outstanding voting shares of the Corporation. To be effective, By-Law Amendment Resolution requires approval by a majority of the votes cast by shareholders that vote in respect of By-Law Amendment Resolution.

Other Matters

Save for the matters referred to in this Management Information Circular, management of the Corporation knows of no other matters intended to be brought before the Meeting. If any matters which are not now known to management shall properly come before the Meeting, the proxy given pursuant to this solicitation by management will be voted on such matters in accordance with the best judgment of the person voting the proxy, in the event such discretionary authority is provided in the proxy.

CORPORATE GOVERNANCE

The following describes the Corporation's corporate governance practices with specific reference to the guidelines contained in the Report of the TSE Committee on Corporate Governance in Canada (the "TSE Report").

Edgar Filing: ENVOY COMMUNICATIONS GROUP INC - Form 6-K

Mandate of the Board

The Board of Directors (the "Board") holds meetings whenever appropriate to oversee the conduct of the Corporation's business and monitor and evaluate the day-to-day management of the Corporation. With respect to risk management activities, the Board is presented, at each meeting, reports on operations, financial status, material contracts and litigation.

In addition to the Board's statutory responsibilities under the Business Corporations Act of Ontario, the Board's "stewardship" responsibilities include the following:

- (a) assessing the principal risks arising from or incidental to the business activities of the Corporation;
- (b) appointing all senior executives of the Corporation and, through the Compensation Committee of the Board, developing and implementing the executive compensation policies and reviewing the performance of senior executives with reference to the Corporation's policies, stated budget and other objectives;
- (c) overseeing the Corporation's policies regarding public communications, investor relations and shareholder communications; and (d) monitoring and assessing, through the Audit Committee of the Board, the scope, implementation and integrity of the Corporation's internal information, audit and control systems.

The Corporation has delegated the responsibility for monitoring the effectiveness of the Corporation's international information systems to the Audit Committee of the Board. The Audit Committee is also responsible for reviewing and appraising the soundness, adequacy and application of financial and other operating controls, determining the extent of compliance with established policies, plans and procedures and ascertaining the reliability and timeliness of management data developed within the organization.

Composition of the Board

The articles of the Corporation provide that there shall be a Board of not less than 3 or more than 10 directors. There are currently six directors of the Corporation, two of whom are "inside" or "related" directors and four of whom are "outside" and "unrelated" directors (as such terms are defined in the TSE Report). The Board intends to periodically examine its size and constitution to ensure responsible corporate governance and effective corporate management.

Governing Committees

The directors have established the Audit Committee and the Compensation Committee to focus resources and expertise in certain areas of the Board's mandate.

The Board has delegated to the Audit Committee of the Board responsibility for ensuring management has designed and implemented an effective management system and for reviewing internal information, audit, control and management systems. The Audit Committee is comprised of three directors, all of whom are "outside" directors. The Audit Committee is responsible for reviewing the Corporation's annual consolidated financial statements and reporting to the Board in connection therewith. The Audit Committee is also responsible for monitoring the Corporation's internal controls and information gathering systems and dealing with the Corporation's external auditors. On February 22, 2000, the

Edgar Filing: ENVOY COMMUNICATIONS GROUP INC - Form 6-K

Audit Committee adopted a formal written audit committee charter which specifies the auditor's accountability to the Board and the authority and responsibilities of the Audit Committee.

The Compensation Committee is comprised of three directors, all of whom are "outside" directors. The Compensation Committee reviews, administers and monitors the Corporation's executive compensation plans, policies and programs, including the compensation of all executive officers and, if requested by the President, reviews the compensation of any other officer or senior employee.

The Board has not, as yet, established a Corporate Governance Committee as recommended in the TSE Report and believes that the matters ordinarily considered by such a committee are effectively administered by the Board's "outside" and "unrelated" directors. Although, at present, the Board has determined this to be the most practical approach to responsible corporate governance, the Board will continue to evaluate this determination as circumstances dictate.

Expectations of the Board

The Board expects management of the Corporation to report to the Board in a comprehensive, accurate and timely fashion on the business and affairs of the Corporation generally and on specific matters that it considers to have material consequences for the Corporation and its shareholders. Management is expected to continually develop and review the Corporation's strategic plan to make the decisions necessary to give effect to the plan; to adhere to the Corporation's operational policies; and to monitor the Corporation's financial performance in comparison to the annual budget, with the ultimate goal of enhancing shareholder value.

Shareholder Communication

The objective of the Corporation's shareholder communication policy is to ensure open and timely exchange of information relating to the Corporation's business, affairs and performance, subject to the requirements of applicable securities legislation and other statutory and contractual obligations limiting the disclosure of such information. Information material to the Corporation's business is released through news wire services, the general media, telephone conferences and shareholder mailings, thereby ensuring timely dissemination. Additionally, individual queries, comments or suggestions can be made at any time directly to the Corporation's secretarial department located at its head office.

The Corporation does not provide any pension, retirement plan or other remuneration for its directors or officers that constitutes an expense to the Corporation, nor are there any plans or arrangements in respect of compensation received or that may be received by executive officers in the Corporation's most recently completed or current fiscal year to compensate such officers in the event of the termination of employment or a change in control of the Corporation.

Stock Option Plan

The Corporation has established a Stock Option Plan pursuant to which options to purchase Common Shares and stock appreciation rights ("SARs") may be granted to directors, officers, employees or certain consultants to the Corporation or any of its subsidiaries, as determined by the Board, at prices to be fixed by the directors, subject to limitations imposed by any Canadian stock exchange on which the Common Shares are listed for trading and any other regulatory authority having jurisdiction in such matters. The Common Shares subject to each option shall become purchasable at such time or times as may be determined by the directors. SARs may only be granted in conjunction with an option and, when exercised, entitle the holder to receive an amount equal in value to the excess of the market value of the Common Shares over the price of the related option.

The excess amount is payable in Common Shares having a market value equal to such excess. Options are non-assignable and non-transferable by the option-holder and shall be exercisable during the option-holder's lifetime only by the option-holder. SARs are non-transferable and terminate when the related option terminates.

The maximum number of Common Shares currently reserved (prior to approval of Stock Option Plan Resolution attached to this Management Proxy Circular) for issuance upon exercise of options under the Stock Option Plan is 3,000,000 Common Shares. As at September 30, 2000, options to purchase 2,340,500 Common Shares have been granted and are outstanding under the Stock Option Plan, options to purchase 145,000 Common Shares have been exercised under the Stock Option Plan and options to purchase 606,000 Common Shares have been forfeited or cancelled under the Stock Option Plan. There are no SARs outstanding under the Stock Option Plan. The aggregate number of Common Shares reserved for issuance to any one individual under the Stock Option Plan may not exceed 5% of the issued and outstanding Common Shares.

Prior to the adoption of the Stock Option Plan, options to purchase Common Shares were issued to employees, directors and consultants to the Corporation and options to purchase 805,000 Common Shares (the "Pre-Plan Options") were outstanding at the date of the adoption of the Stock Option Plan. Pre-Plan Options have been exercised to purchase 639,000 Common Shares, options to purchase 166,000 Common Shares have been forfeited or cancelled under the Pre-Plan Options and no Pre-Plan Options to purchase Common Shares remain unexercised.

Composition of the Compensation Committee

The Corporation established a Compensation Committee in December, 1997. The Compensation Committee is comprised of its Chairman, Duncan Shirreff (an outside, unrelated director), David Hull (an outside, unrelated director) and John H. Bailey (an outside director and legal counsel to the Corporation). The Compensation Committee is responsible for the review, administration and monitoring of the Corporation's executive compensation plans, policies and programs, including the compensation of all executive officers and, if requested by the President, the review of the compensation of any other officer or senior employee.

Report on Executive Compensation

During the fiscal year ended September 30, 2000, the Corporation's executive compensation program was intended to be consistent with the Corporation's business plans, strategies and goals while taking into account various factors and criteria including competitive factors and the Corporation's performance.

The Corporation's executive compensation program was intended to provide an appropriate overall compensation package that would permit the Corporation to attract and retain highly qualified and experienced senior executives and to

encourage superior performance by the Corporation. The Corporation's compensation policies were intended to motivate individuals to achieve and then to award compensation based on corporate and individual results. Compensation ranges designed to recognize level of responsibility, experience and performance were based on survey data compiled by external consultants periodically examined to ensure that the compensation awarded by the Corporation was competitive and adequate.

The compensation of the executive officers consists of a base salary and participation in the Corporation's Stock Option Plan. Individual performance is recognized by measuring the achievement of specific objectives that are related to concrete, measurable elements in each executive officer's performance and/or functional area of responsibility. Base salary accounted for approximately 100% of cash compensation. Base salary levels were based on responsibility, experience, knowledge and on internal equity criteria and external pay practices. The Stock Option Plan is intended to provide long term rewards linked directly to the market value of the Common Shares of the Corporation. Options were granted under the Stock Option Plan based on the level of executive responsibility and compensation practices at competitive market rates.

Compensation for the Chief Executive Officer was intended to reflect a fair evaluation of overall performance and was intended to be competitive with levels of compensation of comparable corporations. The analysis of the CEO's performance was based on actual performance, performances relative to anticipated plans and the effectiveness and appropriateness of strategies designed to address those factors.

Aird, Shirreff and Hull received a fee of \$500.00 for each Board and Committee meeting attended. In addition, each of Messrs Aird and Shirreff received an annual retainer of \$10,000.00 in recognition of his additional duties as Chair of a Committee. No compensation was paid to the other directors for their services as directors.

This loan was payable, without interest, on March 28, 2008 and was secured by a mortgage on the residence.
