NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (AUDITED)

1. Summary of
Significant
Accounting Policies

a. The Company

Accutone, Inc. and its wholly-owned subsidiary (the "Company") distribute hearing aids.

b. Principles of Consolidation

The consolidated financial statements include the accounts of Accutone, Inc. and its wholly-owned subsidiary. All significant intercompany balances and transactions have been eliminated.

c. Revenue Recognition

Revenue is recognized when the merchandise is shipped.

d. Inventories

Inventories are stated at the lower of cost (first-in, first-out method) or market.

e. Property and Equipment

Property and equipment are stated at cost. Depreciation is computed for financial statement purposes, using the straight-line method over the estimated useful life. For income tax purposes, depreciation is computed using statutory rates.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

f. Income Taxes

Company and its wholly owned subsidiaries file a consolidated federal income tax return. Deferred income taxes arise as a result of differences between financial statement and income tax reporting.

g. Estimates

Edgar Filing: NANTUCKET INDUSTRIES INC - Form 10-Q

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions, that affect the reported amounts of the assets and liabilities at the date of the financial statements, the revenues and expenses during the period as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

h. Long - Lived Assets

The company reviews the carrying values of its long-lived and identifiable intangible assets for possible impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. Any long-lived assets held for disposal are reported at the lower of their carrying amounts or fair value less cost to sell.

NANTUCKET INDUSTRIES, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS THIRTEEN WEEKS ENDED November 30, 2002 (unaudited)

The following notes to the consolidated financial statements should be read in light of the following: As a result of the following, all information which appears in the financial statements included in this report, is purely historical and will have no impact on future operations and results, if any. For an explanation of our historical accounting policies and data, reference is made to the notes to the Financial Statements included in our annual report on Form 10-K for the fiscal year ended February 28, 2002.

On January 25, 2002, we effected a "reverse acquisition" pursuant to which we acquired all of the issued and outstanding capital stock of Accutone, Inc., a Pennsylvania corporation. The acquisition was made on a stock-for-stock basis pursuant to the terms of our Chapter 11 Plan of Reorganization. The assets of Accutone, which were acquired by us through our acquisition of the Accutone stock, include all facilities, contracts, service agreements, accounts receivable, patent rights, customer lists, and the like.

As a result of the above-described acquisition, Accutone Inc. (together with Accutone's wholly-owned subsidiary, Interstate Hearing Aid Service Inc.) is now our wholly owned subsidiary. We have no business or assets other than those which we acquired through our acquisition of Accutone. With respect to our current business, history, and prospects, Accutone is the predecessor of Nantucket.

We are directly, and indirectly through our subsidiaries, Accutone Inc. and Interstate Hearing Aid Service Inc., in the business of distributing and dispensing custom hearing aids. Our predecessor, Accutone Inc. was formed under the laws of the State of Pennsylvania in October 1996 for the purpose of engaging in the manufacture, dispensing, and distribution of hearing aids. In 1998, Accutone acquired 100% ownership of Interstate, a Pennsylvania corporation and an FDA licensed hearing aid manufacturer which has been in the hearing aid business for approximately 35 years. In the Fall of 2000, Accutone discontinued all manufacturing operations and changed the focus of its marketing to include, not only the individual, self-pay patient, but health care entities and organizations which could serve as patient referral sources for us.

SUBSEQUENT EVENTS

None.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS

Overview

Net sales refer to fees earned by the provision of audiological testing in our offices as well as those provided on site in Nursing Homes, Assisted Living Facilities, Senior Care Facilities and Adult Day Care Centers as well as the sales and distribution of hearing aids generated in each of these venues. A majority of our sales represent reimbursement from Medicare, Medicaid and third party payors. Generally, reimbursement from these parties can take as long as 120 to 180 days. We have recently implemented the billing of Medicare on-line which should cut reimbursement time to approximately 60 days. Medicaid reimbursements can only be billed with various submissions which are mailed on a weekly basis. While we are attempting to find a method of expediting this paper submission process it seems unlikely that we will be able to accomplish this in our near future. As a result, Medicaid payments, which constitute approximately 60% of our reimbursement will continue to take 120 to 180 days to be realized.

The anticipated growth in revenues resulting from the prior acquisition of the audiology practice of Park Avenue has not yet come to fruition. This was caused in part by our inability to attract additional audiologists on a timely basis. We believe that this will not be long lived since we are developing new compensation packages that will include incentives of cash and common stock.

Edgar Filing: NANTUCKET INDUSTRIES INC - Form 10-Q

THREE MONTHS ENDED NOVEMBER 30, 2002 COMPARED TO THREE MONTHS ENDED NOVEMBER 30, 2001

Sales for the third quarter of fiscal year ended 2002 and 2001 were \$94,321 and \$0 respectively. Management attributes the growth to the acquisition of Accutone, Inc. as of January 25, 2002 and the inactive status of our company in that prior quarter. The revenue decrease from the first quarter was due for the most part to summer vacation scheduling both in our company as well as in most nursing homes and long term care facilities. In addition, management has been actively involved in pursuing potential merger and/or acquisition candidates in related fields, which diminished marketing efforts by the company to attempt to increase the number of facilities being serviced and therefore adding to our revenue base.

Cost of sales was \$76,067 and \$0 revenues, respectively. The increase is due to the acquisition of Accutone, Inc. and the inactive status of our company in that prior quarter.

General and Administrative costs were \$73,036 and \$0, respectively. The difference is attributable to the acquisition of Accutone, Inc. and our inactive status in that prior quarter.

Liquidity and Capital Resources

Cash Flows from operating activities were (\$103,896) and \$0 respectively. Cash Flows from financing activities were (\$106,900) and \$0 respectively. These changes were due primarily to the cancellation of a consulting agreement, as previously reported on Form 8-K filed on June 21, 2002, and the issuance of additional shares of common stock and loans to the company.

Outlook

We intend to continue to devote ongoing efforts to increase our professional staff so as to enable us to increase the number of additional nursing homes and assisted living facilities we service. During the next twelve to eighteen months we intend to add a new advertising program to increase the number of resale sales which carry higher sales prices and related gross profit percentages.

We are currently exploring several potential acquisitions. All of these businesses are in medically related fields which we believe can add favorably to our revenue base and overall profitability. Along with this we are aggressively seeking additional sources of new capital to allow us to expand our operations.

We intend to continue to strive to develop a sales and marketing force to assist in the addition of those senior care facilities, hospitals, day care and senior care centers who can add to our referral base of patient and customers.

By increasing revenues generated by these increases in sales and services we expect to enjoy increased sales over the same previous periods in the foreseeable future. By increasing these revenue streams, we feel confident that our gross profit margins will also increase. The anticipated acceleration of collection time of our accounts receivable will enhance our cash flows. In combination these advances and improvements in these three areas will be the driving force in order that to assist us in providing to all our shareholders a fair revenue.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market risk represents the risk of loss that may impact our financial position, results of operations or cash flows due to adverse changes in market prices and rates. Our short-term debt bears interest at fixed rates; therefore our results of operations would not be affected by interest rate changes.

Item 4. Controls and Procedures

- (a) Evaluation of disclosure controls and procedures.

Our Chief Executive Officer and Chief Financial Officer (collectively the "Certifying Officers") maintain a system of disclosure controls and procedures that is designed to provide reasonable assurance that information, which is required to be disclosed, is accumulated and communicated to management timely. Under the supervision and with the participation of management, the Certifying Officers evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule [13a-14(c)/15d-14(c)] under the Exchange Act) within 90 days prior to the filing date of this report. Based upon that evaluation, the Certifying Officers concluded that our disclosure controls and procedures are effective in timely alerting them to material information relative to our company required to be disclosed in our periodic filings with the SEC.

- (b) Changes in internal controls.

Edgar Filing: NANTUCKET INDUSTRIES INC - Form 10-Q

Our Certifying Officers have indicated that there were no significant changes in our internal controls or other factors that could significantly affect such controls subsequent to the date of their evaluation, and there were no such control actions with regard to significant deficiencies and material weaknesses.
